§3. Chapter 2 of Title 34 of the Rules of the City of New York is amended by adding a new section 2-18 to read as follows:

Section 2-18
Street Light and Power

(a) **General requirements.**

Any person installing, repairing, removing, using or working within three (3) feet of any type of electrical device, including communication circuits, owned by the City or attached to City property shall comply with the following requirements:

(1) Except as otherwise provided by law or rule, no person shall attach any item to any electrical City-owned property, including but not limited to, street light poles and poles containing electrical traffic control devices, such as traffic signal poles, including pedestrian and bicycle signal poles, without permission from the Department.

(2) Only public utilities, public benefit corporations, City agencies or licensed and insured contractors, approved by the Department, shall be permitted to install, repair, use or work within three (3) feet of any type of electrical device, including communication circuits, owned by the City or attached to City property.

(3) All electrical installations, connections, supports, devices, equipment, including but not limited to, communication circuits shall be designed and installed in compliance with the general requirements of the National Electrical Code (NEC) and/or National Electrical Safety Code (NESC), unless prohibited by applicable rule or law.

(4) All public infrastructure work, including work in streets, bridges, parks and public places, shall be designed and installed in compliance with current electrical engineering practice, the National Electric Code (NEC) and/or National Electrical Safety Code (NESC), the latest version of these rules, and the latest versions of the Department's Standard Details of Construction, Standard Specifications, Instructions for Filing Plans & Guidelines for the Design of Sidewalks, Curbs, Roadways and other Infrastructure Components, the Department's Bureau of Traffic, Division of Street Lighting Standard Drawings, and all other applicable laws and rules.

(5) All required applications and/or forms, plans and certifications, relating to the work to be performed, shall be submitted to the Department's Street Lighting and/or Traffic Signals Units for approval prior to applying for permits or commencing work. Requests for adjustments to the work performed shall be approved by the Department prior to commencing work. Changes in the work may be mandated by the Department.

(6) The Department's Electrical Inspections Unit shall be notified of all proposed work at least seventy-two (72) hours prior to commencement.

(7) No person shall break, deface, remove, or interfere with any lamp, gas, communication or electrical apparatus, or any part thereof, which shall be hung or fixed in any street or public place, or extinguish the light therein except as authorized by the Department. All instances of damaged gas, communication or electrical equipment shall be reported to the 311 Government Services & Information for New York City telephone number and/or the contact telephone number on any applicable permits. The New York City Police Department shall also be notified, as appropriate.

(8) Any person installing a connection to any type of electrical device owned by the City or attached to City property shall make arrangements with the appropriate electric utility company to pay for the electricity that will be used to operate said equipment.

(9) An inspector from the Department's Electrical Inspections Unit may visit a work site upon receiving a complaint, or as a matter of routine inspection, to ensure compliance with these rules. In the event that the inspector deems a condition at the work site to be imminently dangerous, the party determined to be responsible for creating such condition shall immediately remove or correct the condition upon notification by the Department. For conditions not deemed imminently dangerous, the party determined to be responsible for creating such condition shall be provided with an Electrical Remove or Repair (EROR) report identifying the condition needing correction. The EROR report would require a cure period of forty-eight (48) hours to correct the condition. If the condition is not corrected within forty-eight (48) hours, then a Notice of Violation shall be issued against the party determined to be responsible for creating such condition. Said violations may be issued on-site or by mail. Notwithstanding the preceding sentences in this paragraph there shall be no cure period afforded with respect to compliance with emergency conditions, such as, but not necessarily limited to, those listed in Sections 2-18 (a)(4), (a)(7), (b)(5), (b)(10), (e)(11), (m)(1), (n)(5), (t)(5), where an imminent dangerous condition results due to improper installation, maintenance and/or removal.

(b) **Shunts: Overhead, Street and Wrap-around Shunts.**

(1) This subdivision shall apply to overhead, street and wrap-around shunts attached to a City-owned street light or traffic control device pole or running over/along a roadway or sidewalk.

(2) In order for the Department to maintain accurate identification and location records for overhead, street and wrap-around shunts, no person shall install any shunt without first obtaining a permit from the Department.

(3) No person shall install an overhead shunt or a street shunt unless an emergency condition exists and an emergency permit has been obtained. In the event that the emergency condition is not repaired within forty-eight (48) hours of receiving an emergency permit, a regular permit shall be obtained.

(4) Shunts shall not be permanent installations. A permanent repair shall be made by the conclusion of the ninety (90) day regular permit period.

(5) No shunt shall bypass any electrical safety device.

(6) No person shall install a wrap-around shunt, unless approved by the Department prior to installation.

(7) The areas surrounding a street shunt shall be properly barricaded and lighted so that the shunt does not become a trip hazard or accumulate debris. All barricades must bear a sign displaying the contractor's name and telephone number and the start and end dates of all work. All wires shall be protected and ramped with a reflective covering.

(8) Utility covers shall be flush with the surrounding area while a street shunt is in place.

(9) Overhead shunts shall be installed into the top of a street light or traffic signal pole by removing the pole cap, installing an approved mounting bracket, running the electric cord or cable into and through the interior of the pole and making the electrical connection, which shall be independently fused for the intended use of the shunt, in the base of the pole from the inside. The pole cap shall then be placed in the base of the pole for reinstallation when the shunt is removed.

(10) Approved supports for overhead shunts shall be installed to maintain the minimum clearance height. Overhead shunts and their supports shall be maintained at the following minimum clearances. (For additional minimum clearances, see Table B of this section.)

attachments, provided such attachments are approved by the Department prior to installation and the conductors are securely attached to substantial supports.

(6) Conductors operating at potentials in excess of 300 volts to ground shall be capable of being disconnected so that, in case of fire, current may be cut off from the particular circuits or section so as not to interfere with the work of fire fighters. Such disconnections shall be made only by authorized employees of the company operating the conductors.

STATEMENT OF BASIS AND PURPOSE OF PROPOSED RULES

The Commissioner of Transportation is authorized to promulgate rules regarding streets and highways in the City pursuant to Section 2903 of the New York City Charter and Title 19 of the New York City Administrative Code.

There is danger to life and property inherent in the use of electrical energy. Therefore, the Highway Rules are being amended to allow for permits to be issued for temporary cables or conduits that are often used to restore power until a permanent repair can be made. These cables are currently unregulated.

Section 2-01 is being amended to add definitions of overhead shunts, shunts, street shunts and wrap-around shunts since they have never been defined.

Section 2-03 is being amended to add a permit fee for the installation of an overhead, street or wrap-around shunt.

In addition, the procedures for working on or within a specific distance of electrical devices, such as communication, lighting and signal poles, have not been previously promulgated under the NYCDOT Highway Rules. An enormous amount of responsibility, expertise and labor is needed to safely construct, test, and maintain this potentially dangerous equipment. Therefore, a new section 2-18 is being added to address the procedures and processes involved in working within a specific distance of or on NYC electrical equipment. The new procedures and processes cover NYCDOT's requirements for constructing, testing and maintaining electrical devices, including communication circuits, in the public right-of-way.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above $100,000 for information technology and for construction and construction related services, above $50,000 for other services, and above $25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council,** 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately $7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists--free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:
Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application.
If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the *CR*.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

The Rules may also be accessed on the City Website, http://NYC.GOV.Selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.
