

Local Law 12 information and DEP Website Accessibility Statement

The Department of Environmental Protection is committed to ensuring its digital content is accessible to and usable by people with disabilities. We are continually improving the user experience for everyone and applying the relevant accessibility standards. The Office of the Commissioner is responsible for ensuring that the agency's five-year Local Law 12 accessibility plan is completed by the date set forth therein.

Conformance Status

The Web Content Accessibility Guidelines (WCAG) defines requirements for designers and developers to improve accessibility for people with disabilities. It defines three levels of conformance: Level A, Level AA, and Level AAA. Our digital content is partially conformant with WCAG 2.1 level AA. Partially conformant means that some parts of the content do not fully conform to this accessibility standard.
