RESOLVED That the Design Commission, having considered designs for the construction of Hudson Park and Boulevard, Phase I, including a café and a light tower, 10<sup>th</sup> Avenue and 11<sup>th</sup> Avenue from 33<sup>rd</sup> Street to 36<sup>th</sup> Street, Manhattan, submitted by the Department of Parks & Recreation, the Economic Development Corporation and the Department of Transportation, represented by exhibits 7008-R, S & T of record in this matter, hereby gives to the same final approval. Commissioner Nordenson opposed. The Commission notes that the design of the park and boulevard as a successful urban space was severely limited by its awkward geometry, which was determined prior to the Commission's review and consequently without its involvement. The Commission therefore recommends that, moving forward, it is included earlier in the process, so design considerations can be incorporated into the overall planning of major public spaces.

Final approval is conditioned upon commencement of work before January 9, 2014 and submission of comprehensive photographic documentation consisting of 8" x 10" archival-quality color photographs.
