|--|---|--|
| Annual PHA Plan (Standard PHAs and Troubled PHAs) | U.S. Department of Housing and Urban Development Office of Public and Indian Housing | OMB No. 2577-0226 Expires: 03/31/2024 |
|--|---|--|

Purpose. The 5-Year and Annual PHA Plans provide a ready source for interested parties to locate basic PHA policies, rules, and requirements concerning the PHA’s operations, programs, and services, including changes to these policies, and informs HUD, families served by the PHA, and members of the public of the PHA’s mission, goals and objectives for serving the needs of low- income, very low- income, and extremely low- income families.

Applicability. The Form HUD-50075-ST is to be completed annually by **STANDARD PHAs or TROUBLED PHAs**. PHAs that meet the definition of a High Performer PHA, Small PHA, HCV-Only PHA or Qualified PHA do not need to submit this form.

Definitions.

- (1) **High-Performer PHA** – A PHA that owns or manages more than 550 combined public housing units and housing choice vouchers, and was designated as a high performer on both the most recent Public Housing Assessment System (PHAS) and Section Eight Management Assessment Program (SEMAP) assessments if administering both programs, or PHAS if only administering public housing.
- (2) **Small PHA** - A PHA that is not designated as PHAS or SEMAP troubled, that owns or manages less than 250 public housing units and any number of vouchers where the total combined units exceed 550.
- (3) **Housing Choice Voucher (HCV) Only PHA** - A PHA that administers more than 550 HCVs, was not designated as troubled in its most recent SEMAP assessment and does not own or manage public housing.
- (4) **Standard PHA** - A PHA that owns or manages 250 or more public housing units and any number of vouchers where the total combined units exceed 550, and that was designated as a standard performer in the most recent PHAS or SEMAP assessments.
- (5) **Troubled PHA** - A PHA that achieves an overall PHAS or SEMAP score of less than 60 percent.
- (6) **Qualified PHA** - A PHA with 550 or fewer public housing dwelling units and/or housing choice vouchers combined, and is not PHAS or SEMAP troubled.

***NEW DATE & LOCATION FOR NYCHA'S ANNUAL PLAN PUBLIC HEARING**

NYCHA's Draft Significant Amendment to the Fiscal Year (FY) 2022 Annual Plan and the FY 2023 Draft Annual Plan

The Draft Significant Amendment to the FY 2022 Annual Plan and the FY 2023 Draft Annual Plan will be available for public inspection starting June 15, 2022, on NYCHA's website: on.nyc.gov/nycha-annual-plan. They will also be available at the management office of every NYCHA public housing development during regular business hours.

The public is invited to comment on these plans at a public hearing on **Wednesday, August 31, 2022**, from 5:30 p.m. to 8 p.m. at the Pace Schimmel Theater (3 Spruce Street in Manhattan). Please check in with Security (on the sidewalk) upon arrival. Attendees must provide proof of vaccination against COVID-19 (or, in the case of medical or religious exemptions, the results of a COVID-19 PCR test administered within 72 hours of arrival). The COVID-19 protocols are subject to change, so please visit on.nyc.gov/nycha-annual-plan for the latest updates.

Due to the ongoing COVID-19 health crisis, the public hearing will be held as a hybrid meeting, so attendees can participate in person or virtually.

If you would like to attend the hearing virtually (Zoom or phone), please register at on.nyc.gov/aug-public-hearing-registration. To attend the meeting by phone, dial 888-788-0099 at the time of the hearing and enter 869 9096 9748 as the meeting code.

Interpretation services will be available on Zoom in Spanish, Mandarin, Cantonese, Russian, and American Sign Language. Those attending by phone who require foreign language interpretation may dial 646-558-8656 and the following ID numbers at the time of the hearing for live interpretation: Spanish: 331 425 8640#, Mandarin: 461 857 9342#, Cantonese: 831 000 3543#, Russian: 804 869 1448#

If you would like to speak on the items related to the public hearing, please sign up at on.nyc.gov/public-hearing-survey or by calling 212-306-3335. Full details are here: on.nyc.gov/nycha-annual-plan.

Requests for reasonable accommodations or language interpretation should be made by August 25, 2022, by emailing annualplancomments@nycha.nyc.gov or calling 212-306-3335.

***NUEVA FECHA Y LUGAR PARA LA AUDIENCIA PÚBLICA DEL PLAN ANUAL DE NYCHA**

Borrador de la Enmienda Significativa al Plan Anual para el Año Fiscal (FY) 2022 y el Borrador del Plan Anual para el Año Fiscal (FY) 2023

El Borrador de la Enmienda Significativa al Plan Anual para el Año Fiscal (FY) 2022 y el Borrador del Plan Anual para el Año Fiscal (FY) 2023 estarán disponibles para su consulta pública a partir del 15 de junio de 2022, en el sitio web de NYCHA, en: on.nyc.gov/nycha-annual-plan. También estarán disponibles en la oficina de administración de cada residencial de vivienda pública de NYCHA, durante el horario de atención al público.

Se invita al público a comentar sobre estos planes en una audiencia pública el **miércoles 31 de agosto de 2022**, de 5:30 p.m. a 8 p.m. en el Teatro Pace Schimmel (3 Spruce Street en Manhattan). Por favor, regístrese con el personal de seguridad (en la acera) a su llegada. Los asistentes deben proporcionar prueba de vacunación contra COVID-19 (o, en el caso de exenciones médicas o religiosas, los resultados de una prueba PCR COVID-19 administrada dentro de las 72 horas posteriores a la llegada). Los protocolos COVID-19 están sujetos a cambios, así que visite on.nyc.gov/nycha-annual-plan para las últimas actualizaciones.

Debido a la actual crisis sanitaria de COVID-19, la audiencia pública se llevará a cabo de manera híbrida, de modo que los asistentes puedan participar en persona o virtualmente.

Si desea participar en la audiencia de manera virtual (Zoom o teléfono), por favor, regístrese en: on.nyc.gov/aug-public-hearing-registration. Para participar en la reunión por teléfono, marque el número 888-788-0099, a la hora de la audiencia pública, e introduzca el número 869 9096 9748 como código de la reunión.

Habrán servicios de interpretación en Zoom, en español, mandarín, cantonés, ruso y lengua de signos americana. Aquellas personas que participen por teléfono y necesiten interpretación de una lengua extranjera podrán marcar el número 646-558-8656, seguido de los números de identificación o ID que aparecen, a continuación, en el momento de la audiencia pública. Para obtener interpretación en directo marque: español 331 425 8640#, mandarín: 461 857 9342#, cantonés: 831 000 3543# y ruso: 804 869 1448#

Si desea hablar sobre los puntos relacionados con la audiencia pública, por favor, inscríbese en: on.nyc.gov/public-hearing-survey, o llame al 212-306-3335.

Los detalles completos están aquí: on.nyc.gov/nycha-annual-plan.

Las solicitudes de adaptaciones especiales razonables deben hacerse antes del 25 de agosto de 2022 enviando un correo electrónico a: annualplancomments@nycha.nyc.gov, o llamando al 212-306-3335.

Executive Summary

NYCHA’s Draft Agency Plan for FY 2023

Federal law requires the New York City Housing Authority (NYCHA) to develop – with input from public housing residents, Section 8 participants, elected officials, and the public – a plan outlining its major initiatives for the coming year.

The Draft Agency Plan for Fiscal Year 2023 is available for public review on NYCHA’s website: <http://www1.nyc.gov/site/nycha/about/annual-plan-financial-information.page>. NYCHA will also provide a copy of the Final Agency Plan to each development’s Resident Association President. The Draft Plan will also be made available at the management office of every NYCHA public housing development during regular business hours.

NYCHA will hold a hybrid in person and virtual public hearing on August 31, 2022 and accept written comments on the Draft Agency Plan through September 2, 2022. Please see the Notice on page 8. NYCHA met with the Resident Advisory Board members for their comments in five meetings from March to June 2022.

NYCHA’s Final Agency Plan will be submitted to the U.S. Department of Housing and Urban Development (HUD) by October 18, 2022. Following NYCHA’s submission, HUD has 75 days to review and approve the plan.

NYCHA’s priorities for the coming year are outlined on pages 19 through 30. Through its *Blueprint for Change* proposals, NYCHA aims to strengthen its business model (*Blueprint’s* Transformation Plan) and raise much-needed capital funding for its developments (*Blueprint’s* Stabilization Plan). In January 2019, NYCHA and the City of New York signed an Agreement with the U.S. Department of Housing and Urban Development (HUD), which outlined specific deadlines and objective compliance standards for making significant improvements in several high-priority areas, including lead-based paint, mold, heat, elevators, annual inspections, pests, and waste management. NYCHA is committed to achieving these deadlines, and updates for each of these high-priority areas are highlighted below. With NYCHA’s capital projects work, the Authority is investing in projects outlined in its recently approved City Capital Action Plan, initiatives that are already underway, and projects focused on environmental resiliency and sustainability. Finally, NYCHA continues to pursue initiatives that fund vital building and apartment upgrades.

A Blueprint for Change

A Blueprint for Change charts how NYCHA will strengthen as an organization and improve the quality of life for its residents by comprehensively renovating their buildings and protecting their full rights and protections permanently. *Blueprint* includes a **Transformation Plan**: a top-to-bottom reorganization of NYCHA, with proposed strategies for restructuring NYCHA’s business model and operations to improve the delivery of services to residents. *Blueprint* also includes a **Stabilization Plan**: ideas for raising much-needed capital funding using a Public Housing Preservation Trust that can completely rehabilitate the Authority’s developments while keeping them fully and permanently public and affordable – investments that will also generate job and job training opportunities for residents.

Transformation Plan and NYCHA's Monitoring Agreement

On January 31, 2019, NYCHA and the City of New York signed an Agreement with HUD. The Agreement's overarching goal is to remedy the deficient physical conditions in NYCHA properties to benefit residents across the city. It establishes a foundation to continue strengthening the Authority and improving residents' quality of life. The Agreement sets objectives to significantly improve in seven high-priority areas: lead-based paint, mold, heat, elevators, inspections, pests, and waste management.

The work undertaken as part of the Agreement is overseen by a third-party federal Monitor. The efforts include, for instance, conducting visual assessments and completing interim controls for lead-based paint each calendar year, improving the response times for heat and elevator outages, completing capital improvements to replace aging boilers and elevators, remediating mold conditions and preventing mold recurrence, and utilizing Integrated Pest Management practices. To achieve these objectives, NYCHA is making a variety of operational improvements and capital investments, as described below.

The Transformation Plan was conceived as part of the 2019 HUD Agreement and includes a set of strategies that will improve the resident experience and set the agency on a path to a stronger future.

On March 8, 2021, HUD and the United States Attorney's Office for the Southern District of New York (SDNY) concurred to NYCHA's Transformation Plan, a vision for significant yet sustainable change to NYCHA's governance and leadership structure, property management systems, and central support functions. The release of the Transformation Plan marks the beginning of a multi-year implementation process. In partnership with residents and stakeholders, NYCHA now will turn to the challenging task of reviewing, testing, and implementing these structural and process changes in a resource-constrained environment.

These efforts include evaluating the costs and benefits of each possible change and beginning to make difficult choices that are necessary to better serve residents. These results, based on modelling and analysis, will be submitted in an Implementation Plan as a supplement to the Transformation Plan. The first part of the Implementation Plan was released in February 2022. The second part is expected to be released in the Fall of 2022. Together, the Transformation Plan and the Implementation Plan will result in the Organizational Plan required under the HUD Agreement.

As of spring 2022, NYCHA has begun implementing key changes to NYCHA's operating model, as well as numerous business process improvements that focus on service delivery pain points identified by residents and employees.

Resident-facing business process changes include: a full revamping of our repair and work order management process, changes to our approach to janitorial work and cleanliness, and a new approach to lease enforcement issues at developments. In addition, NYCHA is also pursuing a set of central office reforms, including a comprehensive asset management strategy and a focus on human

resources to ensure staffing at all sites and prevent vacancies that disrupt service delivery to residents.

Stabilization Strategy

As of June 2, 2022, the state legislature passed a bill establishing the New York City Public Housing Preservation Trust (the Trust). With the establishment of the Trust, a public entity, certain NYCHA properties will be leased to the Trust on a long-term basis and will move from the public housing program to the Section 8 program. NYCHA will continue to be the fee owner of the properties, and rents will be within U.S. Department of Housing and Urban Development guidelines for low-income families. The Trust will leverage the Section 8 funding stream to raise funds to repair and modernize the transferred properties.

The bill will not become effective until 60 days after Governor Hochul signs it into law. As of this writing, the Governor has not yet signed the bill. Once it is signed, the Trust must meet certain obligations, such as filing a certificate of incorporation and appointing a board to conduct the Trust's business. Transfers to the Trust will not happen without extensive resident engagement, including a vote by residents at properties proposed for transfer on whether they want the transfer to occur.

Future Annual Plans and Significant Amendments will include more detailed information on the Trust and on proposed leasehold transfers to the Trust.

A Culture of Compliance

As required under the Agreement with HUD, NYCHA established new departments and units – a Compliance Department, an Environmental Health and Safety Department, and a Quality Assurance Unit – which have established programs for monitoring NYCHA's work at its developments, making recommendations for improvements and then providing technical assistance to development staff to improve performance. In the coming year, NYCHA will continue to scale up these departments and units while using data-centered risk assessments, sampling, and field monitoring to ensure Operations complies with all local, state, and federal regulations and internal policies and procedures.

Compliance Pillar Areas

The Agreement requires NYCHA to remediate living conditions at its properties by specific deadlines and to meet strict, objective compliance standards regarding the aforementioned high-priority areas of lead-based paint, mold, heat, elevators, inspections, pests, and waste management. NYCHA is setting up systems and has established a dedicated unit, Strategy & Innovation, to track its progress on all the deadlines outlined in the Agreement. NYCHA is also building dashboards and other analytical reporting tools for each pillar area to show progress towards meeting these metrics. If any managing jurisdiction is not meeting the clearly defined data-driven benchmarks, they will need to design a plan – in partnership with their colleagues in other departments – to solve the problem.

As part of the Agreement, the City is providing \$1 billion for capital improvements over the first four years and \$200 million per year in capital funding for at least the six years following – for a total of at least \$2.2 billion in capital funding. These funds, described in detail in the City Capital Action Plan approved by the Federal Monitor, will be invested in lead abatement, comprehensive lead- and mold-related capital projects, elevator and heat system replacements, and improvements to NYCHA’s waste management equipment across the portfolio.

The Agreement goals, as well as other priority areas, are outlined in the Goals Section of the Draft Agency Plan (pages 173 to 194). The following text includes examples of progress in Compliance Pillar Areas to date, as well as anticipated future progress.

Lead-Based Paint:

In April 2019, NYCHA kicked off an unprecedented effort to test approximately 135,000 apartments for the presence of lead-based paint using x-ray fluorescence (XRF) analyzer. The XRF testing initiative was based on the standard of 1.0 mg/cm², on December 1, 2021, the New York City Department of Housing Preservation and Development (HPD) issued a regulation changing the definition of lead-based paint from paint with lead content measured at 1.0 mg/cm² to paint with lead content measured at 0.5 mg/cm² for purposes of New York City’s Local Law 1. The XRF testing initiative to test 134,084 units was based on the 1.0 mg/cm² testing initiative. NYCHA attempted to test 118,634 units and completed tests in 107,783 units. When the City changed its standard, NYCHA suspended its program to test units at 1.0 mg/cm² and pivoted to retest the child under 6 units at the new, lowered threshold of 0.5 mg/cm². As of April 14, 2022, LHCD has attempted 8,057 units and complete an inspection in 7,843 child under 6 units. NYCHA will also continue its door-knocking campaign to identify units where a child under 6 years old either resides or regularly visits the unit for more than 10 hours a week.

In 2021, NYCHA completed its lead-based paint biennial risk assessment and is beginning re-evaluation activities. NYCHA has also been scaling up efforts to abate or rapidly remediate lead in units with a positive or presumed positive lead-based component where a child under 6 either resides or regularly visits the unit for more than 10 hours a week. Per its Lead Action Plan, NYCHA developed a Team for Enhanced Management, Planning, and Outreach (TEMPO) for apartments with a child younger than 6 years old with known or presumed lead-based paint.

NYCHA commenced abatement in TEMPO apartments and has been deploying the team to conduct repair work orders while utilizing enhanced assessment, clearance, interim controls and oversight protocols in TEMPO apartments with three or more positive components. NYCHA is also now scaling up its abatement effort to comply with the City’s change in standard. To ensure there are no lead-based paint hazards, NYCHA is retesting the child under 6 units at the new, lowered threshold. Following re-testing, NYCHA creates abatement work orders for positive units and offers to abate units in an expedited fashion if a resident relocates temporarily. NYCHA began performing abatement of CU6 units at Bronx River in March 2022 and is continuing the effort at additional developments throughout 2022. In addition, NYCHA is conducting two rounds of visual assessments in TEMPO units.

Mold:

In September 2019, NYCHA completed the roll out of the *Mold/ Mildew Control in NYCHA Residential Buildings Standard Procedure* (“Mold SP” or “Mold Busters SP”) and by the end of that year trained all required staff Authority-wide. In July 2021, NYCHA published the *Roof Fan*

Inspections at NYCHA Residential Buildings Standard Procedure (“Roof Fan SP”). Towards the end of 2022, NYCHA intends to begin designing the roll out of the *Leak and Moisture Control in NYCHA Residential Buildings Standard Procedure* (“Leak SP”). Also, in 2022, NYCHA continued to install new roof fans to prevent mold conditions, added staff and/or vendor capacity to address mold and leak work orders, and continued to train existing and new staff on the Mold Busters SP. As of May 2022, NYCHA reached its target to replace or retain 8,443 roof fans and cleaned the lateral ventilation systems in more than 62,000 apartments. By the end of this year, NYCHA expects to complete the in-unit ventilation cleaning projects. NYCHA will follow up on this success by working to replace damaged or missing fire dampers across the Authority’s portfolio. NYCHA is also introducing a new scorecard and related dashboards to identify and assist NYCHA consolidations that require additional support to improve compliance with court-ordered mold and leak performance parameters.

Despite these efforts, NYCHA recognizes that fully addressing the root causes of mold will require significant, comprehensive capital investments. It is important to note, though, that addressing mold and leaks in NYCHA’s developments in the long-term requires sustained investments of capital and comprehensive upgrades in addition to the more immediate operational and maintenance work currently undertaken. Many of NYCHA’s buildings are in a general state of disrepair with years, if not decades, of deferred maintenance needs. Many persistent mold and moisture issues within NYCHA buildings are capital issues that are symptomatic of buildings that have not received the regular reinvestment that all buildings require. The majority of NYCHA’s buildings are more than a half century old and have not received needed capital improvements vital to their infrastructure. NYCHA’s decades-old buildings are in such a deteriorated condition that they require \$40 billion to bring them to a state of good repair – a figure that increases by approximately \$1 billion with each passing year. To address each of the factors that have led to mold growth, leaks, and moisture complaints, NYCHA needs to invest in the comprehensive modernization of all its properties with chronic mold and leak problems across its entire portfolio.

In addition, over the next year, NYCHA will work on the following goals:

- Decreasing mold incidence and recurrence
- Improving compliance related to key performance parameters: initial inspection, mold removal and remediation, simple and complex repairs Continuing to train staff on the Mold Busters process (including *Refresher* training)
- Rolling out the Leak Standard Procedure and beginning to train staff on the enhanced leak inspection process

Heat:

In the 2021-2022 heat season, NYCHA resolved its heat outages on average in 8.4 hours. 97.8% of outages were resolved within 24 hours. One outage lasted over 48 hours. NYCHA continues to utilize a heating team dedicated to resolving service interruptions 24/7, the activation of a “Situation Room” during periods of extreme cold to coordinate the response to interruptions and mobilization of resources in real time, and the constant monitoring of outage data through the use of dashboards and reports to identify issues proactively. NYCHA also reviews the causes of outages to identify system components that may require extensive repair and or replacement. We then use this data to develop an operational investment strategy where we use operating dollars to make the identified repairs.

Prior to and throughout each heating season, NYCHA's Heating Management Services Department (HMSD) develops a list of operational improvements that consist of heat-and-hot-water-generating and ancillary equipment needing replacement or extensive repair. As part of this ongoing operational investment strategy, NYCHA has identified 138 projects totaling \$23,650,599.40. To date, NYCHA has completed \$3,192,327.09 in 34 equipment improvements, and has 49 active purchase orders for \$9,717,942.73 that NYCHA seeks to complete before the end of 2022.

Additionally, prior to the start of the 2021-2022 heating season, NYCHA:

- Added one trade Supervisor to focus and streamline plumbing and other trade-related repairs.
- On January 4, 2021, transferred 16 additional plumbing teams and 2 Plumbing Supervisors from the Maintenance, Repairs, and Skilled Trades Department (MRST) to HMSD. This strategy gave HMSD full control of its plumbing workforce, enabling NYCHA to add additional evening plumbing teams and overnight teams when a cold spell is expected.
- Procured two skilled labor and material contracts, which provided additional skilled labor resources during emergencies or as needed. These consisted of:
 - a \$5M Plumbing Labor and Material requirement contract, and
 - a \$5M Electrical Labor and Material requirement contract.
- Procured 11 new mobile boilers, receiving four of these during this most recent heating season. These include:
 - one 100 HP mobile boiler, and
 - ten 600 HP mobile boilers.

NYCHA completed its installation of heat sensors at 44 developments and is now expanding its installation of Building Management Systems to other sites. NYCHA will work to make additional year-over-year improvements to its heat outage response times in the coming heat season.

Since the HUD Agreement was signed in 2019, NYCHA has turned over 77 new boilers at 21 developments. NYCHA projects 17 additional boiler replacements for completion in 2022 and 31 boiler replacements in 2023, with a total of at least 297 boilers replaced through capital projects by 2026. In addition, NYCHA has addressed 200 boilers through the Permanent Affordability Commitment Together (PACT) housing preservation initiative, and an additional 159 other boilers at 26 developments are now being addressed through the initiative. These investments will make heat more reliable for hundreds of thousands of residents.

Elevators:

NYCHA continues to strive to make improvements to its elevator operations. NYCHA is continuing to hire and train additional elevator mechanic teams while also investing in air conditioners in motor rooms, door lock monitors, and other equipment that will help improve elevator service. By 2024, NYCHA will replace or address 425 elevators. Through 2021, two elevators were replaced and put back into service through capital projects, and 139 were addressed through PACT. As of 2022, there are 331 elevators in active replacement status through capital projects, and 16 elevators are scheduled for replacement later in 2022. An additional 123 elevators are scheduled to be replaced in 2023. Additional updates include:

- The implementation of NYCHA's Elevator Motor Room Air Conditioner Installation Initiative.
- As of 4/4/22, 99% completed with 9 pending. NYCHA's elevator in-house staff and vendors continue to perform this DLM installation work.

- ESRD has also successfully submitted and awarded a contract to install Remote Elevator Management Systems (REMS) at 200 elevators. The REMS contract was approved at the May 26, 2021 Board Meeting.
- Work began in fall 2021, and, as April 4, 2022, 68 elevators out of 200 have been completed.

Pests and Waste Management:

In January 2021, NYCHA launched a new Integrated Pest Management (IPM) standard procedure across its portfolio that sets new standards for pest management. NYCHA will continue training its workforce on proper pest control methods for exterminators. Training will also be provided to non-pest control staff since IPM requires that grounds staff and skilled trades fix issues causing pests such as a lack of exclusion and good waste management practices.

In connection with its goal to reduce the rat population, in February 2022, NYCHA met its goal of installing 8,000 door sweeps on basement doors with gaps. NYCHA also hired 26 exterminators to focus on rats on grounds and basements in the Rat Mitigation Zone, which is a group of developments identified through a partnership with DOHMH as having the highest rat population within NYCHA's portfolio. Additionally, NYCHA continues to make progress reducing the backlog of pest-related work orders using IPM. As the backlog reduces, NYCHA will also continue to make progress in complying with the response times set forth in the HUD Agreement. Those response times are: (a) respond to 75% of all rat complaints within 2 business days and to all rat complaints within 5 days and (b) respond to 75% of all other pest complaints within 7 days and to all other pest complaints within 10 days.

To advance NYCHA's Waste Management Plan, Design Build Requests for Proposals (RFP) were released in 2021 for seven waste yard redesigns and a new pneumatic waste collection system for Polo Grounds Towers. The contracts have been awarded, with construction expected to start in 2022. By 2028, waste yards will be completely overhauled at 194 developments.

Public Housing Assessment System (PHAS) and Annual Inspections:

As of August 2021, NYCHA has made progress in the following key areas:

- Completion of the first phase of PHAS/Uniform Physical Condition Standards (UPCS) standards training (three-day class) for Maintenance Workers and supervisors) with a training that reached 1,672 as of the end of December 2020; Launch of a two-day version of the training for Caretakers with a training that reached 2,766 staff as of the end of December 2021; Launch of the online refresher course in 2022; and Launch of the three-day class for new staff or recently promoted staff in 2022.
- Completion of the pilot program for supervisory inspections of buildings and grounds; and launch to all applicable users in 2021.
- Completion and roll-out of a new standard procedure for Annual Apartment Inspections; and building a comprehensive dashboard to track progress.

In FY 2021 – FY 2022, NYCHA will focus on the following initiatives:

- Completing PHAS/UPCS standards training for Caretakers and completing a three-hour refresher course for existing staff, as well as an ongoing bi-annual course for new employees;

- Monitoring completion of the supervisory inspection for buildings and grounds to proactively identify potential deficiencies and prevent against deceptive practices; and
- Completing the second phase of the PHAS dashboard and monitoring the completed Annual Apartment Inspection dashboard to identify anomalies and track progress.

Other Capital Projects

In addition to the capital funding outlined in the City Capital Action Plan, NYCHA also continues to invest additional federal and City capital funds in other high-priority initiatives.

Community Partnership: Basketball Courts:

As part of an initiative to build trust and community relationships, the NYPD is investing in NYCHA neighborhoods by building and/or upgrading basketball courts at 14 locations. With \$4.4M in funding made possible through the District Attorney of New York asset forfeiture process, NYCHA has designed and completed all the basketball courts in 2021. This placemaking approach builds on NYCHA's Connected Communities program, which uses participatory design to activate and improve open space connections at NYCHA developments.

Recovery & Resilience:

As of the end of Q4 2021, NYCHA had invested over \$2.54 billion in funding from FEMA, CDBG-DR, and insurance proceeds at the 35 developments most severely impacted by Superstorm Sandy. Completed work includes 8 new heat and hot water systems serving almost 3,415 units in 43 buildings, 185 roofs replaced, 89 full-power backup generators operational serving approximately 9,211 apartments in 100 buildings, and storm surge protection installation at 12 developments protecting 101 buildings, ready for the 2022 hurricane season.

In October 2021, NYCHA released its Climate Adaptation Plan focused on preparing NYCHA facilities for the changed climate conditions New York City will experience in the coming decades. The plan focuses on the three major hazards identified by the New York City Panel on Climate Change (NPCC) as being the greatest threats to New York City residents: extreme heat, coastal flooding, and rainwater-driven flooding. NYCHA's plan focuses on identifying risks and building resilience into the large pipeline of capital work that the authority will be completing in coming years, as well as on developing stand-alone resiliency projects to address particularly vulnerable developments.

In October 2021, NYCHA also released "NYCHA's Urban Forest: A Vital Resource for New York City" presenting analysis of the value of NYCHA's trees and what the Authority must do to preserve the benefits trees bring to residents. This report was produced in collaboration with several partner organizations: Green City Force (GCF), the US Forest Service's New York City Urban Field Station, and The Nature Conservancy (TNC), with support from the Mayor's Office of Climate and Environmental Justice (MOCEJ) and the New York City Department of Health and Mental Hygiene (NYCDOHMH). NYCHA/GCF is currently conducting an inventory of all trees, with funding and support from TNC, and pursuing funding to expand the in-house expertise on tree preservation and replacement. In 2021, NYCHA surveyed 13,776 trees in total, with 155 diverse species. Between 2019-2021, 34% of NYCHA's total acreage has been inventoried. In 2022, NYCHA is planning to inventory over 165 acres at 34 developments.

In February 2022, NYCHA partnered with the Urban Land Institute (ULI) to conduct a workshop focusing on protection against future extreme rainfall events with opportunities for co-benefits for residents. The workshop will result in a reference guide that will be used to guide future projects at NYCHA developments.

NYCHA is also pursuing funding for the damage related to the Remnants of Hurricane Ida, which took place in September 2021. NYCHA has identified major and minor damage at a number of developments. NYCHA is working with FEMA to identify the cost of repairs and potential mitigation opportunities to protect NYCHA developments against future storms.

NYCHA is pursuing all available funding sources for resiliency, including via the newly expanded FEMA Building Resilient Infrastructure and Communities funding program and the Hazard Mitigation Grant Program, by developing compelling resiliency plans that maximize co-benefits to residents. In 2021/2022, NYCHA submitted two applications for the initial scoping of resilience hubs at developments and another for conceptual design studies for flood damage mitigation measures at four developments. A third application was submitted for Breukelen Houses to fund a stormwater management system to mitigate against extreme rain and flooding. The fourth application was submitted for St. Nicholas Houses to fund a heat mitigating retrofit. NYCHA anticipates the results of these funding applications in Q4 2022/ Q1 2023. Lastly, with MOCEJ, NYCHA is pursuing FEMA funding of approximately \$129K for signage and communication with residents about resiliency measures. Funding notification is anticipated in Q42022.

Energy & Sustainability:

NYCHA is released a new Sustainability Agenda in 2021 which outlines its commitment to healthy and comfortable homes that showcase environmental stewardship and sustainable design. NYCHA is committing to host 30 megawatts of renewable energy on public housing by 2026 and the Authority's first two solar roof leases for 3 MW of rooftop solar have been completed. In 2021, NYCHA also kicked off construction of the next batch of green infrastructure projects totaling \$70M that are in design or under construction in partnership with the NYC Department of Environmental Protection. Design has been completed for infrastructure that will manage extreme rains at South Jamaica Houses, and design is underway for similar work at Clinton Houses in East Harlem. NYCHA received \$74 million of mayoral funding to expand such installations to 7 additional sites; engineering analysis is underway for these projects and design will begin in 2022. There are currently \$310M active Energy Performance Contracts, and \$17M in weatherization upgrades are completed or in construction. NYCHA's RetrofitNY project construction RFP has been released, which involves panelized cladding and heat pumps at one building in Ravenswood Houses. NYCHA has also begun a demonstration project to fully electrify 1471 Watson Avenue with heat pumps, induction stoves, and point-of-use water heaters in each apartment.

NYCHA is in the late stages of awarding 2 Design-Build contracts for the design and construction of a pneumatic waste collection system at Polo Grounds Towers and the redesign of 7 waste yards. These 7 sites kick off \$463M in City Capital Action Plan upgrades of waste yards across the portfolio. The City Capital Action Plan also outlines \$116M for replacement of interior compactors. The first \$25M of this work is in procurement for contractors. NYCHA is exploring pilots for organics, recycling stations, and mechanically-collected containers. These containers would provide sealed storage solutions for waste and recyclables at sites where material is currently collected in loose bags on the curb, and could provide more convenient disposal access for residents.

Comprehensive Modernization

As highlighted in the earlier sections, NYCHA initiated significant capital repairs in many developments that will be completed over the next few years. These and previous capital projects have been predominantly component-level replacements and upgrades. Moving forward, NYCHA aims to transition to more integrated and comprehensive renovations spanning multiple building systems, interiors and exteriors, and grounds improvements, wherever feasible. This will allow developments to be comprehensively renovated more quickly, at a higher quality, and with better value for money. A comprehensive modernization approach will also holistically address the HUD Agreement pillar areas and the broader needs of residents and reduce NYCHA's comparatively high operations and maintenance costs. NYCHA intends to pursue this approach for any new influxes of funding, whether through the *Blueprint for Change*, additional federal capital funding, or sources of capital funds from other levels of government. As outlined in the Transformation Plan, all capital investment will fall under the purview of one department and position: the Chief Asset and Capital Management Officer (CACMO).

Leveraging new sources of revenue to preserve homes and renovate buildings

Considering the multibillion-dollar decline in federal Section 9 funding and massive repair needs across its portfolio, NYCHA must pursue innovative ways to fund the building and apartment upgrades that residents deserve. This includes the following programs:

PACT to Preserve

As part of its Permanent Affordability Commitment Together (PACT) initiative, NYCHA is addressing \$12.8 billion in overdue repairs in 62,000 apartments – a third of its units and home to approximately 140,000 New Yorkers. PACT relies on partnerships with private and non-profit development partners and converts developments to a more stable, federally funded program called Project-Based Section 8.

All 62,000 apartments converted to Section 8 funding will remain permanently affordable. The Project-Based Section 8 program provides a more stable flow of federal subsidy and allows NYCHA and its development partners to raise external financing to address a development's capital repair needs. Once developments are converted, quality private managers, including non-profit partners, will maintain and operate the buildings. The PACT program provides residents with important rights and protections. Residents will only pay 30 percent of their household income towards rent, will not have their applications re-screened, and will have the right to remain in their homes during the renovations.

Renovations will provide residents with new kitchens, bathrooms, windows, and common areas while addressing critical repairs to elevators, boilers, roofs, and facades. The PACT program also enhances on-site social services by funding valuable community programming that will be provided by a growing list of non-profit partners. PACT renovations will be completed on a rolling basis – between 7,500 and 10,000 apartments per year – by the year 2028.

Approximately \$579 million in renovations have been completed at more than 3,200 apartments in Queens and the Bronx. An additional 12,200 apartments, home to approximately 33,000 New Yorkers, are under construction in the Bronx and Brooklyn, totaling \$2.8 billion in major upgrades. An additional 19,700 units are part of active development projects in the process of resident engagement or pre-development. In sum, NYCHA has approximately 35,000 units completed, in-construction, or in a stage of resident engagement or pre-development.

Build to Preserve

With the "Build to Preserve" program, NYCHA will use a mixed-income model to build on its underused land, dedicating 100 percent of the proceeds to make repairs first at the surrounding development (any remaining funds will be invested in repairs at other NYCHA developments in the neighborhood). Build to Preserve is expected to fund approximately \$2 billion in capital repairs. New buildings will be subject to Mandatory Inclusionary Housing levels of affordability and will increase the city's permanently affordable housing supply.

NYCHA released an RFP in April 2021 to implement a community-driven preservation and investment strategy at Fulton, Chelsea, Chelsea Addition, and Elliott Houses in the Chelsea neighborhood of Manhattan. The four developments, which include 2,073 apartments across 24 buildings, have an estimated total of \$366 million in extensive capital need and repair costs ranging from heating infrastructure to building security improvements. In late 2021, NYCHA, together with resident leaders, selected a development team comprised of Essence Development (co-developer), The Related Companies (co-developer and property manager), and Related Construction (general contractor). The development team will work with residents to select a social services provider.

In developing the RFP to select the PACT partners, NYCHA and resident leaders worked to incorporate the recommendations of the Chelsea Working Group – a cohort of residents, elected officials, community representatives, and housing and legal organizations – which convened regularly since late 2019 to evaluate the different options available for modernizing the properties. In February 2021, the Working Group published a set of recommendations to fund comprehensive repairs, while ensuring resident rights are protected and that residents remain deeply engaged in the planning process going forward. Among other strategies to raise revenue for repairs, the Working Group recommended that the Fulton and Elliott-Chelsea developments be included in PACT and identified appropriate locations and design guidelines for mixed-use redevelopment. As part of the RFP process, resident leaders will review proposals, interview respondent teams, and work with NYCHA to ultimately select the partners who will rehabilitate and manage the properties over the long term.

Transfer to Preserve

NYCHA continues to tap into its extensive unused development rights, known as "air rights," to raise revenue for the Authority. By transferring only a portion of the Authority's approximately 80 million square feet of air rights, NYCHA expects to generate \$1 billion in capital repairs for adjacent apartments. In 2020, NYCHA completed two air rights transfers, one at Ingersoll Houses in Brooklyn and another at Hobbs Court in Manhattan, generating approximately \$27 million in proceeds for capital repairs.

Commitments to Build New 100% Affordable Housing

New York City is confronting an affordable housing crisis, and New Yorkers have called for more affordable housing. In support of the City's plan to build or preserve 300,000 affordable apartments by 2026, NYCHA has pledged to provide underused land (such as parking lots and storage spaces) for the creation of 11,000 new, affordable apartments for both families and seniors – more than 3,000 of which are already in the pipeline.

Since 2015, NYCHA has closed on 15 transactions located in the Bronx, Brooklyn, Manhattan, and Queens. To date, 2,120 affordable apartments have been built or are under construction. An additional 72 co-op homeownership units began construction at the end of 2020. NYCHA also has numerous other affordable housing developments in the planning and pre-development phases.

Many of these buildings will include community facilities and neighborhood retail that will serve new and current residents. For instance, the new affordable housing at Ingersoll Houses features a new ground-floor senior center operated by Services and Advocacy for LGBT Elders (SAGE) that provides supportive services for seniors. The development at Mill Brook Houses includes a new senior center with a commercial kitchen, large dining room, community space, and activity rooms for programming for seniors. Other planned features across the 100% affordable housing portfolio include green roofs, upgraded basketball courts, and new community gardens and seating areas.

<https://www1.nyc.gov/site/nycha/about/annual-plan-financial-information.page>
- At the Management Office of *each* NYCHA public housing development during regular business hours.

C) Plan Elements (24 CFR 903.7)

1. Eligibility, Selection and Admissions Policies, including Deconcentration and Wait List Procedures

A. Public Housing

(1) Eligibility

a. When does the PHA verify eligibility for admission to public housing? (select all that apply)

- When families are within a certain number of being offered a unit: (state number)
 When families are within a certain time of being offered a unit: (state time)

Preliminarily, within six to nine months before being offered a unit, and finally, when the family reaches the top of the waiting list.

Other: (describe)

b. Which non-income (screening) factors does the PHA use to establish eligibility for admission to public housing (select all that apply)?

- Criminal or Drug-related activity
 Rental history
 Housekeeping
 Other (describe)

NYCHA takes appropriate action before admission to verify each family's actual composition and to verify the citizenship/immigration status of each household member as required under Federal law.

c. Does the PHA request criminal records from local law enforcement agencies for screening purposes?

Yes No

d. Does the PHA request criminal records from State law enforcement agencies for screening purposes?

Yes No

e. Does the PHA access FBI criminal records from the FBI for screening purposes? (either directly or through an NCIC-authorized source)

Yes No

NYCHA performs criminal background checks by examining the public conviction records of The New York State Office of Court Administration and the Dru Sjodin National Sex Offender Website.

(2) Waiting List Organization

a. Which methods does the PHA plan to use to organize its public housing waiting list (select all that apply)

- Community-wide list
- Sub-jurisdictional lists (*By NYC Borough*)
- Site-based waiting lists **See Attachment I**
- Other (describe)

b. Where may interested persons apply for admission to public housing?

- PHA main administrative office
- PHA development site management office
- Other (list below)

NYCHA maintains two Walk-in Customer Contact Centers serving the five boroughs of New York City.

Applicants may also apply online at NYCHA's website. The centers are taking appointments.

Elderly and the disabled can come in without an appointment.

<http://www1.nyc.gov/site/nycha/about/contact.page>

c. If the PHA plans to operate one or more site-based waiting lists in the coming year, answer each of the following questions; if not, skip to subsection (3) Assignment

1. How many site-based waiting lists will the PHA operate in the coming year? **1**

2. Are any or all of the PHA's site-based waiting lists new for the upcoming year (that is, they are not part of a previously-HUD-approved site-based waiting list plan)? If yes, how many lists?

- Yes No

3. May families be on more than one list simultaneously? If yes, how many lists?

- Yes No

4. Where can interested persons obtain more information about and sign up to be on the site-based waiting lists (select all that apply)?

- PHA main administrative office
- All PHA development management offices
- Management offices at developments with site-based waiting lists
- At the development to which they would like to apply
- Other (list below)

NYCHA maintains two walk-in Customer Contact Centers serving the five boroughs of New York City. The centers are taking appointments. Elderly and the disabled can come in without an appointment.

d. Additional Information

NYCHA assists the management companies of the following developments with their waiting lists for the public housing units located in their developments. This assistance may include sending

the management companies lists of public housing applicants that may qualify for their developments or by sending canvas letters to applicants on NYCHA's public housing waiting list to advise them of the opportunity to submit an application for these properties.

Please note that NYCHA does not own or manage the developments below and does not maintain the waiting lists for these developments itself.

- *1070 Washington Avenue (La Preciosa) (NY005024000)*
- *Prospect Plaza Phase I (NY005025000)*
- *Prospect Plaza Phase II (NY005025001)*
- *PSS Grandparent Family Apartments (NY005005600)*
- *Randolph South (NY005026000)*

(3) Assignment

a. How many vacant unit choices are applicants ordinarily given before they fall to the bottom of or are removed from the waiting list? (Select one)

- One
 Two
 Three or More

b. Is this policy consistent across all waiting list types?

- Yes No:

c. If answer to b is no, list variations for any other than the primary public housing waiting list/s for the PHA:

Applicants and transferees with borough choice and applicants and transfers for accessible apartments are given two apartment offers before they are removed from the waiting list.

(4) Admissions Preferences

a. Income targeting:

Does the PHA plan to exceed the federal targeting requirements by targeting more than 40 percent of all new admissions to public housing to families at or below 30 percent of median area income?

- Yes No:

While NYCHA does not plan to exceed the federal targeting requirements, slightly over 80% of the families admitted to public housing during calendar year 2021 were households with incomes at or below 30% of area median income.

b. Transfer policies:

In what circumstances will transfers take precedence over new admissions? (list below)

- Emergencies (*fire related or uninhabitable only*)

- Overhoused
- Underhoused
- Medical justification
- Administrative reasons determined by the PHA (e.g., to permit modernization work)
- Resident choice: (state circumstances below)
- Other: (list below)

Tenant transfers for reasonable accommodation.

Families displaced for development renovation.

1. *Families displaced for development renovation (either into a public housing apartment or a Section 8-assisted apartment with a voucher) and wishing to return to the development after renovation is completed.*

Accessible Apartments.

Under occupied families required to move to smaller apartment as a result of Termination of Tenancy proceeding.

Currently, three out of five vacant apartments are offered to transfers and the other two apartments to new admissions. However, within equal priority transfers, residents residing within the same development as the apartment vacancy shall have preference over residents who reside at a different development.

Preferences

1. Has the PHA established preferences for admission to public housing (other than date and time of application)? (If "no" is selected, skip to subsection (5) Occupancy)

Yes No:

2. Which of the following admission preferences does the PHA plan to employ in the coming year? (select all that apply from either former Federal preferences or other preferences)

Former Federal preferences:

- Involuntary Displacement (Disaster, Government Action, Action of Housing Owner, Inaccessibility, Property Disposition)
- Victims of domestic violence
- Substandard housing
- Homelessness
- High rent burden (rent is > 50 percent of income)

Other preferences: (select below)

- Working families and those unable to work because of age or disability
- Veterans and veterans' families
- Residents who live and/or work in the jurisdiction
- Those enrolled currently in educational, training, or upward mobility programs
- Households that contribute to meeting income goals (broad range of incomes)

- Households that contribute to meeting income requirements (targeting)
- Those previously enrolled in educational, training, or upward mobility programs
- Victims of reprisals or hate crimes
- Other preference(s) (list below)

Intimidated Witnesses.

Legally doubled up and overcrowded in apartment subsidized by NYCHA (either public housing or Section 8)

Doubled up or overcrowded in apartment not subsidized by NYCHA.

Families headed by persons with acute immunological disorders of a degenerative nature or other disabilities or medical conditions requiring a high level of physical and supportive service accommodations, including NYCHA residents and homeless persons (Stanton Street).

Referrals from the New York City Department of Homeless Services.

Referrals from the New York City HIV/AIDS Services Administration, the Administration for Children’s Services, the New York City Department of Housing Preservation and Development, or the New York City Health and Hospitals Corporation.

For single-person families: Elderly persons and persons with disabilities will be given preference over other applicants, except for emergency applicants, who will be taken in order of priority regardless of age or disability.

3. If the PHA will employ admissions preferences, please prioritize by placing a “1” in the space that represents your first priority, a “2” in the box representing your second priority, and so on. If you give equal weight to one or more of these choices (either through an absolute hierarchy or through a point system), place the same number next to each. That means you can use “1” more than once, “2” more than once, etc.

Former Federal preferences:

- 1, 3** Homelessness
- 1, 3** Involuntary Displacement (Disaster, Government Action, Inaccessibility, Property Disposition)
- 2** Victims of Domestic Violence
- 3** Action of Housing Owner
- 3** Substandard Housing
- 3** High Rent Burden

Other preferences (select all that apply)

Working family priorities are assigned by income tier with the first number representing Tier III (households with incomes between 51% and 80% AMI), followed by Tier II (households with incomes between 31% and 50% AMI), and then Tier I (households with incomes less than 30% AMI).

- 1,2,3** Working families and those unable to work because of age or disability referred by the NYC Department of Homeless Services
- 1,2,3** Working families and those unable to work because of age or disability
- Veterans and veterans' families
- 1,2,3** Residents who live and/or work in the jurisdiction
- Those enrolled currently in educational, training, or upward mobility programs
- 1,2,3** Households that contribute to meeting income goals (broad range of incomes)
- Households that contribute to meeting income requirements (targeting)
- Those previously enrolled in educational, training, or upward mobility programs
- 3** Victims of reprisals or hate crimes
- Other preference(s) (list below)

1 – Referrals from the New York City Department of Homeless Services.

1 – Referrals from the New York City HIV/AIDS Services Administration, the Administration for Children's Services, the New York City Department of Housing Preservation and Development or the New York City Health and Hospitals Corporation.

2 - Intimidated witnesses.

3 – Legally doubled up and overcrowded in apartment subsidized by NYCHA (either public housing or Section 8).

3 – Doubled up in apartment not subsidized by NYCHA.

3 – Overcrowded in apartment not subsidized by NYCHA.

3 – For single-person families: Elderly persons and persons with disabilities will be given preference over other applicants, except for emergency applicants, who will be taken in order of priority regardless of age or disability

3 – Families headed by persons with acute immunological disorders of a degenerative nature or other disabilities or medical conditions requiring a high level of physical and supportive service accommodations, including NYCHA residents and homeless persons, who are referred by designated public and private social service agencies (Stanton Street).

4 – Families headed by persons with acute immunological disorders of a degenerative nature or other disabilities or medical conditions requiring a high level of physical and supportive service accommodations, including NYCHA residents and homeless persons (Stanton Street).

Admission income limits apply at certain developments, as follows: At tax credit developments family income must not exceed 60% of area median income. At all other developments, family income must not exceed 80% of area median income.

4. Relationship of preferences to income targeting requirements:

- The PHA applies preferences within income tiers
- Not applicable: the pool of applicant families ensures that the PHA will meet income targeting requirements

(5) Occupancy

a. What reference materials can applicants and residents use to obtain information about the rules of occupancy of public housing (select all that apply)

- The PHA-resident lease
- The PHA's Admissions and (Continued) Occupancy policy
- PHA briefing seminars or written materials
- Other source (list)

b. How often must residents notify the PHA of changes in family composition? (select all that apply)

- At an annual reexamination and lease renewal
- Any time family composition changes
- At family request for revision
- Other (list)

(6) Deconcentration and Income Mixing

a. Did the PHA's analysis of its family (general occupancy) developments to determine concentrations of poverty indicate the need for measures to promote deconcentration of poverty or income mixing?

- Yes No

b. Did the PHA adopt any changes to its **admissions policies** based on the results of the required analysis of the need to promote deconcentration of poverty or to assure income mixing?

- Yes No

c. If the answer to b was yes, what changes were adopted? (select all that apply)

- Adoption of site-based waiting lists. If selected, list targeted developments below:
- Employing waiting list "skipping" to achieve deconcentration of poverty or income mixing goals at targeted developments. If selected, list targeted developments below:

All lower income developments.

- Employing new admission preferences at targeted developments. If selected, list targeted developments below:
- Other (list policies and developments targeted below)

d. Did the PHA adopt any changes to **other** policies based on the results of the required analysis of the need for deconcentration of poverty and income mixing?

- Yes No:

e. If the answer to d was yes, how would you describe these changes? (select all that apply)

- Additional affirmative marketing

- Actions to improve the marketability of certain developments
- Adoption or adjustment of ceiling rents for certain developments
- Adoption of rent incentives to encourage deconcentration of poverty and income-mixing
- Other (list below)

f. Based on the results of the required analysis, in which developments will the PHA make special efforts to attract or retain higher-income families? (select all that apply)

- Not applicable: results of analysis did not indicate a need for such efforts
- List (any applicable) developments below:

All lower income developments.

g. Based on the results of the required analysis, in which developments will the PHA make special efforts to assure access for lower-income families? (select all that apply)

- Not applicable: results of analysis did not indicate a need for such efforts
- List (any applicable) developments below:

7) Resident Police Officers (RPO)

Pursuant to a Memorandum of Understanding between NYCHA and the New York City Police Department (NYPD), the Authority provides apartments to Police Officers and their families at rents comparable to NYCHA resident employee rents. The presence of a Police Officer who resides in a NYCHA development enhances security, fosters a greater understanding between NYCHA residents and the Police, and provides role models for the youth residing in that development. A Resident Police Officer (RPO) is required to perform a minimum of eight hours of Community Service per month. This Community Service may not include police work, law enforcement, Tenant Patrol or other security-related work.

NYCHA currently has 6 RPOs living in the following NYCHA developments: Amsterdam, Latimer Gardens, Mott Haven, Throggs Neck, Two Bridges, and Vladeck.

B. Section 8

(1) Eligibility

a. What is the extent of screening conducted by the PHA? (select all that apply)

- Criminal or drug-related activity only to the extent required by law or regulation
- Criminal and drug-related activity, more extensively than required by law or regulation
- More general screening than criminal and drug-related activity (list factors below)
- Other (list below)

b. Does the PHA request criminal records from local law enforcement agencies for screening purposes?

- Yes No

c. Does the PHA request criminal records from State law enforcement agencies for screening purposes?

- Yes No

- d. Does the PHA access FBI criminal records from the FBI for screening purposes? (either directly or through an NCIC-authorized source)
- Yes No

NYCHA performs criminal background checks by examining the public conviction records of the New York State Office of Court Administration and the Dru Sjodin National Sex Offender Public Website.

- e. Indicate what kinds of information you share with prospective landlords? (select all that apply)
- Criminal or drug-related activity
- Other (describe below)

If requested, NYCHA will provide the property owner with the voucher holder's last address.

(2) Waiting List Organization

- a. With which of the following program waiting lists is the section 8 tenant-based assistance waiting list merged? (select all that apply)
- None
- Federal public housing
- Federal moderate rehabilitation
- Federal project-based certificate program
- Other federal or local program (list below)

- b. Where may interested persons apply for admission to section 8 tenant-based assistance? (select all that apply)
- PHA main administrative office
- Other (list below)

NYCHA's waitlist is currently closed to the general public. However, as of June 2020, the waitlist was opened in part for three categories of referrals: (1) referrals from the New York City Administration for Children's Services for youth in the Family Unification Program (FUP) whose assistance is expiring as a result of the 36-month time limit on their voucher without subsequent adequate housing; (2) referrals by a prosecutorial or law enforcement agency for victims of domestic violence and intimidated witnesses; and (3) referrals from NYCHA's Public Housing Operations Department for public housing residents because their unit is not habitable, they are at risk of displacement, or they are extremely under occupied or extremely over crowded. Persons from the general public can apply online.

(3) Search Time

- a. Does the PHA give extensions on standard 60-day period to search for a unit?
- Yes No

If yes, state circumstances below:

NYCHA's initial voucher term is 120 days, which exceeds HUD's standard 60-day period. Voucher holders may request an extension to this term.

(4) Admissions Preferences

a. Income targeting

Does the PHA plan to exceed the federal targeting requirements by targeting more than 75 percent of all new admissions to the section 8 program to families at or below 30 percent of median area income?

Yes No

b. Preferences

1. Has the PHA established preferences for admission to section 8 tenant-based assistance? (other than date and time of application) (if no, skip to subcomponent (5) Special purpose Section 8 assistance programs)

Yes No

2. Which of the following admission preferences does the PHA plan to employ in the coming year? (select all that apply from either former Federal preferences or other preferences)

Former Federal preferences

- Involuntary Displacement (Disaster, Government Action, Action of Housing Owner, Inaccessibility, Property Disposition)

| 4 | Mobility impaired and residing in inaccessible housing |
| 5 | Elderly persons and persons with disabilities |
| 6 | All other applicants |

3. If the PHA will employ admissions preferences, please prioritize by placing a “1” in the space that represents your first priority, a “2” in the box representing your second priority, and so on. If you give equal weight to one or more of these choices (either through an absolute hierarchy or through a point system), place the same number next to each. That means you can use “1” more than once, “2” more than once, etc.

Former Federal preferences

- 1 Homelessness
- 2 Victims of Domestic Violence
 Involuntary Displacement (Disaster, Government Action, Action of Housing Owner, Inaccessibility, Property Disposition)
 Substandard Housing
 High Rent Burden

Other preferences (select all that apply)

- Working families and those unable to work because of age or disability
- Veterans and veterans’ families
- Residents who live and/or work in your jurisdiction
- Those enrolled currently in educational, training, or upward mobility programs
- Households that contribute to meeting income goals (broad range of incomes)
- Households that contribute to meeting income requirements (targeting)
- Those previously enrolled in educational, training, or upward mobility programs
- Victims of reprisals or hate crimes
- Other preference(s) (list below)

| 4 | Mobility impaired and residing in inaccessible housing |
| 5 | Elderly persons and persons with disabilities |
| 6 | All other applicants |

4. Among applicants on the waiting list with equal preference status, how are applicants selected? (select one)

- Date and time of application
- Drawing (lottery) or other random choice technique

5. If the PHA plans to employ preferences for “residents who live and/or work in the jurisdiction” (select one)

- This preference has previously been reviewed and approved by HUD
- The PHA requests approval for this preference through this PHA Plan

6. Relationship of preferences to income targeting requirements: (select one)

- The PHA applies preferences within income tiers
- Not applicable: the pool of applicant families ensures that the PHA will meet income targeting requirements

(5) Special Purpose Section 8 Assistance Programs

a. In which documents or other reference materials are the policies governing eligibility, selection, and admissions to any special-purpose section 8 program administered by the PHA contained? (select all that apply)

- The Section 8 Administrative Plan
- Briefing sessions and written materials
- Other (list below)

b. How does the PHA announce the availability of any special-purpose section 8 programs to the public?

- Through published notices
- Other (list below)

NYCHA receives direct referrals for special programs. NYCHA partners with agencies such as the Department of Veterans Affairs (“VA”), New York City Department of Veterans’ Services (“DVS”), and Administration for Children Services (“ACS”) as required for the special program type.

Veterans Affairs Supportive Housing (“VASH”)

The Authority has a total allocation of 3,385 vouchers. NYCHA is administering VASH vouchers in partnership with the Department of Veterans Affairs (“VA”) and the New York City Department of Veterans’ Services (“DVS”). Applicants are identified, screened, and referred by the VA and DVS to NYCHA for eligibility certification and voucher issuance.

3. Rent Determination

[24 CFR Part 903.7 (d)]

Public Housing

(1) Income Based Rent Policies

a. Use of discretionary policies: (select one)

- The PHA will not employ any discretionary rent-setting policies for income-based rent in public housing. Income-based rents are set at the higher of 30 percent of adjusted monthly income, 10 percent of unadjusted monthly income, the welfare rent, or minimum rent (less HUD mandatory deductions and exclusions). (If selected, skip to sub-component (2))

---or---

- The PHA employs discretionary policies for determining income-based rent (If selected, continue to question b.)

b. Minimum Rent

1. What amount best reflects the PHA's minimum rent? (select one)

- \$0
 \$1-\$25
 \$26-\$50

2. Has the PHA adopted any discretionary minimum rent hardship exemption policies?

- Yes No

c. Rents set at less than 30 percent than adjusted income

1. Does the PHA plan to charge rents at a fixed amount or percentage less than 30 percent of adjusted income?

- Yes No

d. Which of the discretionary (optional) deductions and/or exclusions policies does the PHA plan to employ? (select all that apply)

For the earned income of a previously unemployed household member *NYCHA has implemented the earned income disallowance set forth in 42 U.S.C. §1437a(d).*

For increases in earned income

Fixed amount (other than general rent-setting policy) If yes, state amount/s and circumstances below:

Fixed percentage (other than general rent-setting policy) If yes, state percentage/s and circumstances below:

For household heads

For other family members

For transportation expenses

For the non-reimbursed medical expenses of non-disabled or non-elderly families

Other (describe below)

e. Ceiling rents

1. Do you have ceiling rents? (rents set at a level lower than 30 percent of adjusted income)
(select one)

- Yes for all developments
- Yes, but only for some developments
- No

f. Rent re-determinations:

1. Between income reexaminations, how often must tenants report changes in income or family composition to the PHA such that the changes result in an adjustment to rent? (select all that apply)

- Never
- At family option
- Any time the family experiences an income increase

Due to addition of a family member or when there is an interim rent reduction with income subsequently restored.

- Any time a family experiences an income increase above a threshold amount or percentage: (if selected, specify threshold) _____
- Other (list below)

Decreases in family income must be reported as well as any change in family composition.

g. Does the PHA plan to implement individual savings accounts for residents (ISAs) as an alternative to the required 12-month disallowance of earned income and phasing in of rent increases in the next year?

- Yes No

(2) Flat Rents

1. In setting the market-based flat rents, what sources of information did the PHA use to establish comparability? (select all that apply.)

- The section 8 rent reasonableness study of comparable housing
- Survey of rents listed in local newspaper
- Survey of similar unassisted units in the neighborhood
- Other (list/describe below)

NYCHA sets flat rents based on the allowable rent structure under 42 U.S.C. § 1437a(a)(2)(B)(i)(I)(aa) which requires flat rents to be set no lower than 80% of the applicable fair market rent established under 42 U.S.C. § 1437f(c).

All current public housing residents, newly-admitted public housing residents or transferring public housing residents have the option of paying either the flat rent amount shown in the table on the next page or an income-based rent (calculated at the higher of: 30% of adjusted

household income, 10% of gross household income, or the welfare rent), whichever is lower. NYCHA automatically charges residents the lower rent.

Effective January 1, 2022: Newly-admitted public housing residents or transferring public housing residents who will pay flat rent rather than income-based rent will pay the new flat rent amounts listed in the table below.

Effective 1st Quarter 2022 Annual Reviews (with a new rent effective date of May 1, 2022): Current public housing residents whose family's annual income is reviewed in this quarter who will pay flat rent rather than income-based rent will pay the new flat rent amounts listed in the table below.

| Apartment Size | FY 2022 Fair Market Rent | NYCHA's FY 2022 Flat Rent |

| 4 Bedroom | \$3,173 | \$2,539 |
| 5 Bedroom | \$3,649 | \$2,920 |
| 6 Bedroom | \$4,125 | \$3,300 |

Section 8 Tenant-Based Assistance

(1) Payment Standards

Describe the voucher payment standards and policies.

a. What is the PHA's payment standard? (select the category that best describes your standard)

- At or above 90 percent but below 100 percent of FMR
- 100 percent of FMR
- Above 100 percent but at or below 110 percent of FMR
- Above 110 percent of FMR (if HUD approved; describe circumstances below)

b. If the payment standard is lower than FMR, why has the PHA selected this standard? (select all that apply)

- FMRs are adequate to ensure success among assisted families in the PHA's segment of the FMR area
- The PHA has chosen to serve additional families by lowering the payment standard
- Reflects market or submarket
- Other (list below)

c. If the payment standard is higher than FMR, why has the PHA chosen this level? (select all that apply)

- FMRs are not adequate to ensure success among assisted families in the PHA's segment of the FMR area
- Reflects market or submarket

- To increase housing options for families
- Other (list below)

d. How often are payment standards reevaluated for adequacy? (select one)

- Annually
- Other (list below)

e. What factors will the PHA consider in its assessment of the adequacy of its payment standard? (select all that apply)

- Success rates of assisted families
- Rent burdens of assisted families
- Other (list below)

Federal budget appropriation and standards adopted by local Section 8 administrators.

(2) Minimum Rent

a. What amount best reflects the PHA's minimum rent? (select one)

- \$0
- \$1-\$25
- \$26-\$50

b. Has the PHA adopted any discretionary minimum rent hardship exemption policies? (if yes, list below)

4. Operation and Management

[24 CFR Part 903.7 (e)]

A. PHA Management Structure

- An organization chart showing the PHA’s management structure and organization is attached. **(Attachment H)**

B. HUD Programs Under PHA Management

List Federal programs administered by the PHA, number of families served at the beginning of the upcoming fiscal year and expected turnover in each. (Use “NA” to indicate that the PHA does not operate any of the programs listed below.)

| Program Name | Units or Families Served at Year Beginning 2022 | Expected Turnover |
|--|--|--------------------------|
| Public Housing | 162,143 | 3,895 |
| Section 8 Vouchers | 91,872 | 2.05% |
| ROSS Service Coordinator Grant 2019: To enhance self-sufficiency by accessing employment and other economic-related resources and opportunities to NYCHA residents through geographically-based service coordination in 11 NYCHA communities. This grant began on 08/23/20. | 488 services provided to ROSS residents from reporting period of 01/01/2021 to 12/31/21 | N/A |
| Other Federal Programs (list individually) | | |
| City Harvest Mobile Market Program: New York first and largest food rescue organization, that helps to feed millions of New Yorkers who struggle to put meals on their tables. | 3,648,873 lbs. of produce to 96,900 families in NYC during calendar year 2021, of which 3,214,847 lbs. were given to 85,668 NYCHA families | N/A |
| Elderly Safe at Home The Elderly Safe at Home program provides services geared towards enhancing the general quality of life of elderly and nonelderly disabled residents who reside in 17 NYCHA developments. This program provides on-site social services to help improve their safety & security and enhance their health & well-being and allows residents to continue to live independently in their homes and prevent premature institutionalization. Program Services includes: support and crime prevention, crisis intervention, and crime victim assistance to address and prevent crimes perpetrated against this vulnerable population. The program also assists residents with maintaining activities of daily living, accessing public entitlements, and coordinating services with outside providers. Residents can meet with the assigned worker in the social service office or in their homes. Workers are also expected to conduct regular home visits and telephone reassurance. | An average of 1,244 residents served monthly during calendar year 2021 | N/A |

| | | |
|---|---------------------------------------|------------|
| <p>This program also recruits and trains resident volunteers who are organized into a floor captain/buddy system and maintain daily contact with residents in their respective developments. The floor captains are the eyes and ears of the program. They are often the first to detect if something is wrong or identify an incident requiring immediate attention and are obligated to report back to program staff. This program also offers workshops on crime prevention, safety and security, and crime victims' rights and the criminal justice process. Information on these and other topics is disseminated through pamphlets and regularly scheduled meetings at program sites. Residents who need more comprehensive crime victim services are referred to community-based organizations and/or City agencies that specialize in this field.</p> | | |
| <p>Family Self Sufficiency Program: A HUD initiative that promotes economic self-sufficiency among participating families by referring them to educational, career counseling, money management, job training as well as job placement services. Participants receive a savings account which grows as the family's earned income increases. Upon completion of the five-year FSS Contract of Participation, the family receives the money accumulated in the account, provided that the participant is employed, and no family member has received cash public assistance in the preceding twelve months.</p> | <p>959 enrollments as of 12/31/21</p> | <p>N/A</p> |

B. Services and programs offered to residents and participants

(1) General

a. Self-Sufficiency Policies

Which, if any of the following discretionary policies will the PHA employ to enhance the economic and social self-sufficiency of assisted families in the following areas? (Select all that apply)

Public housing rent determination policies:

For the earned income of a previously unemployed household member, NYCHA has implemented the Earned Income Disallowance set forth in 42 U.S.C. §1437a(d).

Public housing admissions policies:

Working family priorities are assigned by income tier with the first number representing Tier III (households with incomes between 51% and 80% AMI), followed by Tier II (households with incomes between 31% to 50% AMI), and then Tier I (households with incomes at 30% AMI or less).

- Section 8 admissions policies
- Preference in admission to section 8 for certain public housing families
- Preferences for families working or engaging in training or education programs for non- housing programs operated or coordinated by the PHA
- Preference/eligibility for public housing homeownership option participation
- Preference/eligibility for section 8 homeownership option participation
- Other policies (list below)

b. Economic and Social self-sufficiency programs

2) Family Self Sufficiency Program

a. Participation Description

| Program | Actual Number of Enrolled Participants (As of: 12/31/21) |
|----------------|---|
| Public Housing | 0 |
| Section 8 | 959 |

b. If the PHA is not maintaining the minimum program size required by HUD, does the most recent FSS Action Plan address the steps the PHA plans to take to achieve at least the minimum program size? If no, list steps the PHA will take below:

Yes No

Since the fall of 2010, REES has operated the Housing Choice Voucher (“HCV”) (Section 8) Family Self Sufficiency (“FSS”) program. As of December 31, 2021, the program has 959 participants enrolled, of which 451 or 47% percent have escrow accounts averaging over \$7,049 for each participant. In 2021 the program enrolled 51 participants and graduated 58 residents disbursing a total of \$643,955. NYCHA was awarded a 2021 Family Self Sufficiency grant for three (3) Coordinators.

In 2021, due to the ongoing pandemic, NYCHA’s offices were not open to the public and we offered virtual FSS Information Sessions twice monthly with a morning session and an evening session. In mid-2021, the FSS staff began meeting residents in the NYCHA REES building lobby to accept completed enrollment forms and distribute blank enrollment forms to support residents who did not have the technology, or digital literacy, needed to submit forms or complete forms

electronically. In May 2021, two (2) of the FSS staff completed the Nan McKay Self Sufficiency Service Coordination training workshop series.

C. Welfare Benefit Reductions

1. The PHA is complying with the statutory requirements of section 12(d) of the U.S. Housing Act of 1937 (relating to the treatment of income changes resulting from welfare program requirements) by: (select all that apply)

- Adopting appropriate changes to the PHA's public housing rent determination policies and train staff to carry out those policies
- Informing residents of new policy on admission and reexamination
- Actively notifying residents of new policy at times in addition to admission and reexamination.
- Establishing or pursuing a cooperative agreement with all appropriate TANF agencies regarding the exchange of information and coordination of services
- Establishing a protocol for exchange of information with all appropriate TANF agencies
- Other: (list below)

8. Safety and Crime Prevention (VAWA)

[24 CFR Part 903.7 (m)]

A. Need for measures to ensure the safety of public housing residents

1. Describe the need for measures to ensure the safety of public housing residents (select all that apply)

- High incidence of violent and/or drug-related crime in some or all of the PHA's developments
- High incidence of violent and/or drug-related crime in the areas surrounding or adjacent to the PHA's developments
- Residents fearful for their safety and/or the safety of their children
- Observed lower-level crime, vandalism and/or graffiti
- People on waiting list unwilling to move into one or more developments due to perceived and/or actual levels of violent and/or drug-related crime
- Other (describe below)

NYCHA recognizes the need to ensure the safety of public housing residents and works closely with the New York City Police Department's Housing Bureau. It is the mission of the New York City Police Department to enhance the quality of life in our City by working in partnership with the community and in accordance with constitutional rights to enforce the laws, preserve the peace, reduce fear, and provide for a safe environment. The Housing Bureau has developed a one-year plan designed to increase the safety and security of residents of public housing. The Strategic Plan for the New York City Police Department's Housing Bureau is included in the Supporting Documents of the Annual Plan.

2. What information or data did the PHA use to determine the need for PHA actions to improve safety of residents. (select all that apply)

- Safety and security survey of residents
- Analysis of crime statistics over time for crimes committed “in and around” public housing authority
- Analysis of cost trends over time for repair of vandalism and removal of graffiti
- Resident reports
- PHA employee reports
- Police reports
- Demonstrable, quantifiable success with previous or ongoing anticrime/anti-drug programs
- Other (describe below)

3. Which developments are most affected? (list below)

The Strategic Plan for the New York City Police Department’s Housing Bureau is included in the Supporting Documents of the Annual Plan.

B. Crime and Drug Prevention activities the PHA has undertaken or plans to undertake in the next PHA fiscal year

1. Describe the coordination between the PHA and the appropriate police precincts for carrying out crime prevention measures and activities: (select all that apply)

- Police involvement in development, implementation, and/or ongoing evaluation of drug-elimination plan
- Police provide crime data to housing authority staff for analysis and action
- Police have established a physical presence on housing authority property (e.g., community policing office, officer in residence)
- Police regularly testify in and otherwise support eviction cases
- Police regularly meet with the PHA management and residents
- Agreement between PHA and local law enforcement agency for provision of above-

baseline law enforcement services

Other activities (list below)

2. Which developments are most affected? (list below)

The Strategic Plan for the New York City Police Department's Housing Bureau is included in the Supporting Documents of the Annual Plan.

D. Any activities, services, or programs provided or offered by an agency, either directly or in partnership with other service providers, to child or adult victims of domestic violence, dating violence, sexual assault, or stalking;

NYCHA makes referrals to the following organizations:

- **Sanctuary for Families** is a New York City-based non-profit organization dedicated to aiding victims of domestic violence and their children. Its services include crisis intervention, emergency and transitional shelter, legal assistance and representation, adult and child counseling, and long-term follow-up. Its Legal Center is one of the largest providers of free legal services exclusively for victims of domestic violence, sex trafficking, and other forms of gender-based violence in the United States.
- **Safe Horizon** is a victim assistance organization designed to provide support, prevent violence, and promote justice for victims of crime and abuse. Its programs help survivors of domestic violence rebuild their lives through counseling, short term housing, legal and other support.
- **Queens District Attorney's Office** has a Domestic Violence Bureau, which prosecutes misdemeanor and felony cases involving domestic partners. The Bureau, in collaboration with Safe Horizon, offers a domestic violence education component to police, hospital staff and community organizations.
- **Project SAFE** offers services for those who have experienced a crime in which the security of their home has been compromised. Project SAFE will send a professional locksmith to change the lock or cylinder for free, provided the victim has the requisite police reports and qualifies for a free lock change.
- **Brooklyn Defender Services:** Their staff of 300 comprises of 180 attorneys and 120 support staff, including social workers, investigators, paralegals, re-entry specialists, jail liaisons, education, community organizers and policy specialists as well as dedicated advocates for youth, veterans and parents. They serve their clients in the courtroom and in the community, defending their rights and helping them to amplify their voices to call for the changes that they see are necessary for the health and success of their neighborhoods.
- **Prevention Assistance and Temporary Housing (PATH):** People who leave unsafe environments and need temporary shelter can get help through PATH.
- **CAMBA – Bedford-Stuyvesant Multi-Service Center:** Family Violence Prevention and Intervention: CAMBA offers a 24/7 victims' hotline, escort services, crisis counseling, individual and group support and education, advocacy, emergency cash assistance and referrals to other services for victims of violence within the home.
- **East New York Family Center Brooklyn Community Services:** Organization providing children and families with counseling, foster care placement prevention. Services include – Local health/social services, Domestic abuse/victims' services, Home-based family services program, and child abuse and neglect preventive services.
- **Good Shepherd Services - Safe Homes Project:** The Safe Homes Project (SHP) is a community-based domestic violence advocacy and service program which provides a hotline, counseling,

safety-planning and advocacy for survivors of domestic violence and runs a 20-bed shelter. Provides targeted services for special populations, including Spanish-speakers, youth, and LGBTQ survivors of partner violence.

- **Domestic Violence Aftercare Program:** This program is no longer supported. NYCHA is in contact with the Mayor's Office to Combat Domestic Violence (OCDV) which was established in 2001 and provides a variety of services. In addition to offering services directly to residents, the agency develops policy and works with diverse communities to increase awareness of domestic violence.

E. Any activities, services, or programs provided or offered by a PHA that helps child and adult victims of domestic violence, dating violence, sexual assault, or stalking, to obtain or maintain housing

NYCHA makes referrals to the following organizations:

- **New York City Family Justice Centers** are the outgrowth of the Mayor's Office to Combat Domestic Violence and the District Attorneys' offices. There are one stop shops in every borough that provides free and confidential assistance to survivors of intimate partner violence, sex trafficking and elder abuse. They welcome people of all ages, sexual orientations and gender identities, regardless of what language or immigration status or income. All centers are open Monday through Friday 9:00am – 5:00pm. Bronx and Brooklyn center recently extended their hours to include evening hours. Walk-ins encouraged, no appointment necessary, spoken translation at every center. Services include: case management, counseling, therapy, psychiatry, financial and budgeting assistance, lawyers, DVP officers, prosecutors and NYC sheriff's office, and child care.
- The **Department for The Aging (DFTA)** offers funded elder abuse organizations.
- **Adult Protective Services (APS)** – Vulnerable adults who are being abuse, neglected and/or financially exploited are referred to APS for more intensive on going supports.

F. Any activities, services, or programs provided or offered by a public housing agency to prevent domestic violence, dating violence, sexual assault, and stalking, or to enhance victim safety in assisted families

NYCHA Departments:

- NYCHA's Family Partnerships department offers assistance, guidance, information and referrals to NYCHA resident survivors of intimate partner violence, sex trafficking and elder abuse.
- NYCHA's Applications and Tenancy Administration Department prioritizes all emergency transfer request for those NYCHA resident survivors of intimate partner violence, sex trafficking and elder abuse.

Events:

- Annual intimate partner abuse and/or elder abuse conferences.
- DV/EA agencies are routinely invited to table at NYCHA resource fairs/ outreach events / family days, etc.
- NYCHA participates in the Mayor's Office to Combat Domestic Violence Task Force

G. Violence Against Women Act (“VAWA”)

NYCHA adheres to the federal Violence Against Women Act (“VAWA”) by providing protections to victims of domestic violence, dating violence, sexual assault, and stalking (VAWA victims). In accordance with VAWA, NYCHA (i) notifies public housing tenants and Section 8 participants of their rights under VAWA; (ii) protects eligible tenants and authorized household members from eviction or termination of Section 8 assistance based on their status as a VAWA victim; (iii) may terminate public housing tenancy or occupancy rights or Section 8 assistance to an abuser while protecting the rights of the VAWA victim and other authorized household members; (iv) protects eligible applicants from being denied admission based on their status as VAWA victims; (v) affords eligible VAWA victims a transfer under its Public Housing and Section 8 emergency transfer plans; and (vi) links tenants to resources and alternative housing options. Additionally, NYCHA provides a transfer priority for intimidated victims, intimidated witnesses and victims of a traumatic incident as well as an admission preference for eligible victims of domestic violence and intimidated witnesses.

9. Pet Policy

1. Dog/Cat:

A household may own either one dog or one cat. Such dog or cat must be registered in accordance with NYCHA's pet registration requirements.

2. Weight Limits:

As of February 1, 2010, tenants who wish to maintain a dog in their NYCHA apartment will be permitted to register such dog, provided the adult weight of the dog does not exceed 25 pounds. Specifically, prohibited dogs (either full breed or mixed breed) include: Doberman Pinscher, Pit Bull, and Rottweiler. Assistance Animals are exempt from weight and breed restrictions.

3. Registration:

Every household that owns a dog, a cat, or an Assistance Animal **MUST** submit to NYCHA a registration form (available at the management office) within **30** days after such dog, cat, or an Assistance Animal was acquired. If a tenant is adding a new pet after a pet has been removed from the household, (*e.g., the pet has passed away*), the tenant must provide proof the animal was removed from the household or complete NYCHA Form *040.299B, Animal Removal Agreement*, if documentation cannot be provided. A dog, cat or Assistance Animal that is not registered is prohibited from living in a NYCHA apartment.

4. Dog Tag:

When in public or common areas, all dogs (including dogs that are Assistance Animals) must wear its NYCHA issued tag on a collar around its neck. *Please note that this does not eliminate or replace New York City's dog license requirement (Health Code §161.04).*

5. Assistance Animals:

There are two types of Assistance Animals: (1) service animal, which is defined as any dog that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability; and (2) other (trained or untrained) animals that do work, perform tasks, provide assistance, and/or provide therapeutic emotional support for individuals (e.g. support animals). A service animal may only be a dog. An example of a service animal is a guide dog for a visually impaired individual. Service animals must be registered.

Tenants seeking a reasonable accommodation for an Assistance Animal must complete NYCHA Form *040.505, Dog, and Cat, and Assistance Animal Registration Form*. Assistance Animals must be registered.

6. Other Pets:

Reasonable quantities of other pets such as small caged birds (parakeets, canaries), fish and small caged animals (hamsters, gerbils, guinea pigs), maintained in accordance with the NYC Health Code, are permitted. These animals do not need registration. This paragraph does not apply to dogs, cats or Assistance Animals.

7. Dangerous Pets:

Animals that are vicious, threatening, bite people, or that are otherwise prohibited by law are not permitted in NYCHA apartments or on NYCHA property. Tenants are not permitted to keep dangerous dogs, including fighting dogs or attack dogs, on NYCHA property. This rule applies to Assistance Animals as well.

8. Pet Conduct:

Pets must be kept in a manner that will not create a nuisance, excessive noise or an unsafe or unsanitary condition. A pet must not injure, cause harm to, or threaten other people. A pet must not cause damage to personal property or to other animals. A pet must not damage NYCHA property or premises, including buildings (inside or outside an apartment), elevators, common grounds, trees, shrubs or ground cover. These rules apply to Assistance Animals.

9. Pet Waste:

Pet owners must clean up after their pets, in their apartment and in public areas. Tenants must dispose of pet waste, including cat litter box filler, in the compactor with the regular garbage, **not** in the toilet. Dogs must be curbed. Solid dog waste must be picked up. These rules apply to Assistance Animals as well.

10. Dog Leash:

A dog must always be kept on a leash, six feet long or shorter, while in a public area both inside and outside of NYCHA buildings.

11. Pet-Free Zone:

Pets are not allowed to enter a designated “no-pet” area, such as Management Offices, playgrounds, Community Facilities, laundry rooms, basement areas, barbecue areas, roofs or roof landings. Assistance Animals may enter pet-free zones, as necessary.

12. Spay/Neuter:

Dogs and cats must be spayed or neutered. This rule applies to Assistance Animals as well.

13. Vaccination:

Dogs and cats must have a current rabies vaccination. This rule applies to Assistance Animals as well.

14. Fee Exemptions:

No fees required.

10. Civil Rights Certification

[24 CFR Part 903.7 (o)]

Civil rights certifications are included in the PHA Plan Certifications of Compliance with the PHA Plans and Related Regulations.

11. Fiscal Year Audit

[24 CFR Part 903.7 (p)]

1. Is the PHA required to have an audit conducted under section 5(h)(2) of the U.S. Housing Act of 1937 (42 U.S.C. 1437c(h))? (If no, skip to component 17.)

Yes No

2. Was the most recent fiscal audit submitted to HUD?

Yes No:

Yes. The most recent fiscal audit for year 2020 has been completed and the final audit report was electronically submitted to the Federal Audit Clearinghouse on March 7, 2022 as well as to HUD REAC on March 9, 2022. The fiscal audit for year 2021 will be completed and submitted by the deadline set, which is currently September 30, 2022.

3. Were there any findings as the result of that audit?

Yes No

4. If there were any findings, do any remain unresolved? If yes, how many unresolved findings remain?

Yes No

5. Have responses to any unresolved findings been submitted to HUD? If not, when are they due (state below)?

Yes No

12. Asset Management

[24 CFR Part 903.7 (q)]

1. Is the PHA engaging in any activities that will contribute to the long-term asset management of its public housing stock, including how the Agency will plan for long-term operating, capital investment, rehabilitation, modernization, disposition, and other needs that have not been addressed elsewhere in this PHA Plan?

Yes No

Please see Attachment B on pages 89 to 165 for information on NYCHA's activities related demolition and disposition, conversion of public housing, homeownership, project-based vouchers and RAD/PACT. Please see page 166 for the information on NYCHA's Capital Fund Grant.

Build to Preserve Housing Developments

Holmes Towers, Manhattan – NYCHA intends to lease a parcel of approximately 20,660 square feet on Block 1573, Lot 20 with approximately 330,368 square feet of development rights for market rate and affordable housing development. NYCHA in collaboration with HPD issued an RFP in Spring 2016 and a developer was designated in Spring 2017. A Section 18 Application was submitted in 2019 but was subsequently withdrawn. No engagement or activities are currently taking place.

Wyckoff Gardens, Brooklyn – NYCHA intends to lease two (2) parcels of approximately 31,000 and 25,000 square feet respectively, both on Block 394, Lot 1, with approximately 500,000 square feet of total development rights for market rate and affordable housing development. NYCHA in collaboration with HPD issued an RFP in Spring 2016 and a developer was designated in late 2017. No engagement or activities are currently taking place.

La Guardia, Manhattan – NYCHA intends to lease a parcel of approximately 18,000 square feet on Block 256, Lot 1 with approximately 350,000 square feet of residential development rights for market rate and affordable housing development. NYCHA in collaboration with HPD issued an RFP in 2018. No engagement or activities are currently taking place.

New 100% Affordable Housing Developments

Astoria, Queens – Multi-phase project for the development of two affordable housing buildings, an additional building with a program to be determined, an option for the NYC School Construction Authority to acquire a parcel to build a new school, and facilitation of the reopening of Astoria Boulevard as a private street for public access through a street easement in conjunction with a mixed-use development on the waterfront at Halletts Point. The first building for affordable housing was sold and construction began in 2019. Additionally, the School Construction Authority has been given notice that the option to acquire a school site from NYCHA is active and will remain valid until December 31, 2022.

Soundview, Bronx – In 2008, NYCHA and HPD conditionally designated a developer to build affordable housing on an under-utilized parking area at Rosedale Avenue and Lacombe Avenue along Soundview Park. The plan included two eight-story buildings with 206 low income rental units for families and seniors and 16 two-family townhouses for homeownership in a multi-phased affordable housing development project. On June 27, 2013, NYCHA disposed of a 68,500 square foot lot for construction of 120 rental units for low-income households (“Phase I”). Phase I was completed in November 2015. On December 19, 2013, NYCHA disposed of a 48,452 square foot lot for construction of 86 units for low-income seniors: eighty-five Section 8 Housing Choice Vouchers

were reserved for the new senior residents (“Phase II”). Phase II was completed in June 2016. Phase III consists of construction of 72 for sale cooperative units and closed in October 2020.

Betances VI, Bronx – NYCHA intends to lease a parcel of approximately 10,000 square feet on Block 2291, Lot 1, for construction of a 101-unit family housing development. NYCHA in collaboration with HPD issued an RFP in 2016 and a developer was designated in 2017. A Section 18 Application was submitted and approved in 2019. Demolition of the existing one-story commercial structure and construction of the new affordable housing development is scheduled to begin in 2021.

Morrisania Air Rights, Bronx – NYCHA leased a parcel of approximately 21,200 square feet on Block 2409, Lot 98, for construction of a 171-unit family housing development. NYCHA in collaboration with HPD issued an RFP in 2017. A developer was designated in 2018. A Section 18 Application was submitted and approved in 2020 and construction is underway.

Sumner, Brooklyn – NYCHA leased a parcel of approximately 24,200 square feet on Block 1580, Lot 1, for construction of a senior housing development with approximately 190 units. NYCHA in collaboration with HPD issued an RFP in 2017. A developer was designated in 2018 and a Section 18 Application was approved in 2021. Construction began in 2021.

Twin Parks West, Bronx – NYCHA leased a parcel of approximately 16,500 square feet on Block 3143, Lots 234, 236 and 240, for construction of a 182-unit family housing development. NYCHA in collaboration with HPD issued an RFP in 2017. A developer was designated in 2018. A Section 18 Application was submitted and approved in 2020 and construction is underway.

Harborview Terrace, Manhattan – NYCHA intends to lease a parcel of approximately 29,000 square feet on Block 1084, Lot 9, for construction of a new housing development. NYCHA in collaboration with HPD issued an RFP in 2017.

Bushwick II CDA (Group E), Brooklyn – NYCHA intends to lease a parcel of approximately 12,300 square feet on Block 3325, Lot 1 for construction of a senior housing development. A developer was designated in 2019. Construction is scheduled to begin in 2022 contingent upon Section 18 approval.

Justice Sonya Sotomayor Houses, Bronx – NYCHA leased a parcel of approximately 13,000 square feet on Block 3730, Lot 1 for construction of a senior housing development with approximately 201 units. A developer was designated in 2019. Construction is scheduled to begin in 2021.

Dyckman Houses, Manhattan – NYCHA intends to lease a parcel of approximately 15,000 square feet on Block 2216, Lot 1 for construction of an affordable housing development with approximately 180-250 units.

Morris II Houses, Bronx – NYCHA intends to lease a parcel of approximately 13,000 square feet on Block 2902, Lot 36 for construction of a senior affordable housing development with approximately 150-200 units. NYCHA issued an RFP in collaboration with HPD in 2019.

Kingsborough Houses and Kingsborough Houses Extension, Brooklyn – NYCHA intends to lease a parcel of approximately 18,000 square feet on Block 1344, Lots 1 and 175 for construction of an

affordable senior housing development with approximately 150-200 units. NYCHA issued an RFP in collaboration with HPD in 2019.

West Brighton II, Staten Island – NYCHA intends to lease a parcel on Block 196, Lot 1 for construction of a housing development. In late 2021, in collaboration with HPD, NYCHA included West Brighton in the PACT Round 12 RFEI. Development teams submitting proposals to rehabilitate the West Brighton development are also required to include a proposal for constructing a new affordable, mixed-use development. Proposals are due in mid-2022.

East 173rd Street-Vyse Avenue, Bronx – NYCHA obtained HUD’s approval to dispose of land along Hoe Avenue that includes a parking lot, basketball court, and grounds to accommodate a proposal from a sponsor for a three-phase, low-income housing project. The proposal will build a total of 224 dwelling units, including 56 senior resident apartments. The project also requires the transfer of up to 60,000 sq. ft. of development rights. Conveyance of each of the three phases’ building sites is pending funding approval by the sponsor. The first parcel of land was conveyed December 21, 2009 to construct an 84-unit apartment building. Conveyance of a second parcel for another 84-unit apartment building took place in 2013. Construction and tenancing are completed for the first and second phases. The conveyance of the parcel for the final phase of the project is delayed pending demolition of an existing church and finalization of a plan to provide ground floor space within the Phase III development for the church.

Ocean Bay Apartments (Oceanside), Queens – NYCHA intends to dispose of parcels of land and an existing, vacant, one-story commercial building to facilitate construction of a mixed-use building. The parcels are located on Beach Channel Drive between Beach 53rd and Beach 54th Streets south of Oceanside Apartments and east of Bayside Apartments. NYCHA acquired the property, a blighted and underused shopping strip, opposite Ocean Bay Apartments consisting of seven contiguous parcels of approximately 37,111 square feet total, as part of the Ocean Bay HOPE VI Plan through eminent domain. Section 18 application submission dates, as well as construction start dates, have not yet been finalized.

Other Development Activities

Easements and Transfers of Land for Improved Resiliency – To enhance coastal resiliency capabilities along vulnerable, low-lying shoreline communities, the New York City Mayor’s Office of Climate Resiliency (MOCR) has proposed the installation and implementation of various countermeasures. Many of these communities are abutted by NYCHA housing development sites, thereby necessitating easement agreements between NYCHA and ORR. These transactions will be facilitated by the Section 18 Demolition/Disposition process and will ultimately allow for ORR to build preventative measures on NYCHA land to guard against potentially widespread flood damage. Section 18 application submission dates, as well as construction start dates, have not yet been finalized.

Transfer to Preserve

Robert Fulton, Manhattan – NYCHA intends to dispose of approximately 30,000 square feet of surplus development rights for commercial office development on 10th Avenue through a zoning lot merger. The proposed transfer of development rights (“TDR”) will generate revenue for NYCHA.

NYCHA intends to submit a Section 18 application upon receipt of zoning lot merger consent from the intervening owners.

College Avenue – East 165 Street, Bronx – NYCHA intends to dispose of approximately 12,000 square feet of surplus development rights through a zoning lot merger. The proposed TDR will facilitate a new residential housing development and generate funding to make repairs at the College Avenue-East 165th Street development.

Howard Houses, Brooklyn – NYCHA intends to dispose of a parcel of land of approximately 4,560 square feet, and approximately 23,360 square feet of additional surplus development rights through a zoning lot merger. The proposed land sale and TDR will facilitate an affordable housing development and generate revenue for NYCHA.

Manhattanville, Manhattan – In consultation with residents and community stakeholders, NYCHA is planning to dispose of two small parcels of land and surplus development rights through a zoning lot merger. The proposed transaction would generate funding to make repairs at the Manhattanville development.

Campos Plaza II, Manhattan – NYCHA intends to dispose of up to approximately 100,000 square feet of surplus development rights through a zoning lot merger. The proposed transaction will generate funding to make repairs at the Campos Plaza II development.

B) Conversion of Public Housing under the Voluntary or Mandatory Conversion programs

[24 CFR Part 903.7 (j)]

1. Assessments of Reasonable Revitalization Pursuant to section 202 of the HUD FY 1996 HUD Appropriations Act

1. Have any of the PHA’s developments or portions of developments been identified by HUD or the PHA as covered under section 202 of the HUD FY 1996 HUD Appropriations Act?

Yes No

2. Conversions pursuant to Section 22 of the U.S. Housing Act of 1937

On September 11, 2008, HUD approved NYCHA’s voluntary conversion plan (“VCP”) to transition up to 8,400 public housing units to Section 8 assistance at the 21 developments that were previously developed with funding from the City or the State of New York but did not receive the benefit of federal public housing subsidies from HUD (the “City and State Developments”) to close a significant gap between the cost of operating the buildings and rent collected. NYCHA has also received permission from HUD to project-base converted Section 8 units after the initial Section 8 tenant vacates.

As of April 1, 2022, there are 2,694 Section 8 conversions in the remaining City and State-built developments (see table below) in NYCHA’s portfolio. Subject to voucher and funding availability, NYCHA will continue to designate units and implement the VCP at the City and State Developments in the LLC I portfolio.

3. PACT for Unfunded Units

In July 2017, NYCHA announced that it was expanding PACT to protect the Authority's unfunded units portfolio. This portfolio consisted of eight (8) mixed-finance public housing developments known as the "LLC II developments," which are ineligible to be included in the federal public housing operating fund and capital fund program subsidy formulas. Previously, NYCHA's PACT initiative was synonymous with RAD. To make significant repairs, more effectively manage the developments, and strategically deploy NYCHA's limited financial resources, NYCHA expanded PACT to create additional public-private partnerships and actively bring the unfunded units into the Authority's Housing Choice Voucher (Section 8) project-based program.

The LLC II developments were originally built and funded by New York City and New York State subsidies but were never funded directly by HUD. These developments currently "share" in the federal funds provided for NYCHA's public housing. This has cost NYCHA upwards of \$23 million per year in operating funds. Additionally, per the 2017 Physical Needs Assessment, the eight developments require more than \$1 billion in capital repairs, but while they remain unfunded, the buildings continue to deteriorate.

On September 11, 2008, HUD approved NYCHA's plan to transition the unfunded public housing units to Section 8 assistance. Currently, when a resident vacates their apartment in an LLC II development, the Authority converts the unit to Section 8 project-based funding. This PACT strategy is an unprecedented financing model to support these apartments, prevent them from falling into complete disrepair, and protect their affordability and residents' rights.

Converting all of the units to Section 8 funding will bring new, stable revenue to these LLC II developments and allow for substantial improvements to be made to the apartments, buildings, and grounds. Additionally, funding previously diverted to these developments from the rest of NYCHA's portfolio will now go towards the operation and maintenance of NYCHA's traditional public housing developments.

On December 3, 2017, HUD approved NYCHA for a retention action pursuant to 2 CFR Part 200 for one non-dwelling building and 13 buildings with 722 apartments at Baychester Houses and Murphy Houses in the Bronx. HUD had previously approved NYCHA's Significant Amendment to the FY 2017 Annual Plan for the retention action at Baychester and Murphy on November 22, 2017. On December 28, 2018, NYCHA closed on this PACT/Unfunded Units conversion by entering into a public-private partnership with MBD Community Housing Corporation (developer and social services provider), Camber Property Group (developer), and L&M Development Partners (developer and property manager). Social services are also being provided by BronxWorks. The project was financed with conventional debt with a permanent takeout loan by the New York City Housing Development Corporation. Repairs were completed in 2021 and repair costs for the project totaled more than \$116 million.

As part of an Amendment to the FY 2018 Annual Plan, NYCHA requested HUD approval for a retention action pursuant to 2 CFR Part 200 for Independence Towers and Williams Plaza in Brooklyn. NYCHA began community engagement and resident conversion activities at these developments in March 2018. HUD approved NYCHA's Significant Amendment to the FY 2018 Annual Plan for the retention action at Independence Towers and Williams Plaza on September 14,

2018. In the second quarter of 2019, NYCHA selected a development to complete this project consisting of The Arker Companies, Omni New York LLC, Dabar Development Partners and Bedford Stuyvesant Restoration Corporation. The project closed in February 2020.

NYCHA submitted an Amendment to the FY 2019 Annual Plan on March 21, 2019 to request HUD approval for a retention action pursuant to 2 CFR Part 200 for the remaining four developments in the LLC II portfolio, namely 344 East 28th Street, Wise Towers, Linden, and Boulevard. Through this action, all units in the developments will be operated outside of the federal public housing program under project-based Section 8. Families will be transitioned to Section 8 assistance. Families ineligible for Section 8 assistance will be allowed to remain in place and pay no more than 30% of their income for rent.

HUD approved NYCHA's Significant Amendment to the FY 2019 Annual Plan for the retention action for these developments on June 19, 2019. NYCHA selected a development team comprised of The Community Preservation Corporation (CPC), the Community Development Trust (CDT), Monadnock Development, Kalel Holdings, Lemor Development Group, Community League of the Heights (CLOTH) and Cornell Pace Inc. (CPI) to finance, rehabilitate, and manage the Manhattan developments of 344 East 28th Street and Wise Towers, and converted the properties in November 2020. NYCHA also selected development teams in February 2020 for the remaining Brooklyn developments at Linden and Boulevard. These properties, which represented the remaining unfunded developments in NYCHA's portfolio, were converted in 2021.

C) Homeownership

(If “No”, skip to component 11B; if “yes”, complete one activity description for each applicable program/plan, unless eligible to complete a streamlined submission due to **small PHA** or **high performing PHA** status. D) Project-Based Vouchers (“PBV’s”)

Consistent with Section 232 of the *FY 2001 VA-HUD Appropriations Act* (PL 106-377), the *Notice* published in 66 Fed. Reg. 3605 (January 16, 2001) and *HUD Notice PIH 2001-4 (HA)* dated January 19, 2001, the New York City Housing Authority (hereafter “NYCHA” or “the Authority”) makes the following statement:

1. As of January 1, 2022, NYCHA has executed 172 HAP contracts for 19,165 project-based units receiving subsidy across the five boroughs in New York City. This includes project-based apartments at NYCHA’s LLC mixed finance developments and RAD conversions.
2. In 2022, NYCHA expects to utilize no more than 5% of the Consolidated Annual Contributions Contract (ACC) for Project Based contracts.¹
3. NYCHA understands that all new project-based assistance agreements must be for units within census tracts with poverty rates of less than 20%, unless HUD specifically approves an exception. 66 Fed. Reg. 3608.
4. NYCHA will carry out this program in accordance with 42 USC §1437f(o)(13), as amended by §232 of the *FY 2001 VA-HUD Appropriations Act and HUD Notice PIH 2017-21 (HA)*, and in conformity with the non-discrimination requirements specified in 24 CFR §903.7(o). In carrying out this program, the Authority will act affirmatively to further fair housing.
5. The Section 8 Project-Based Program will be consistent with NYCHA’s FY 2022 Annual Plan because:
 - a. Project-basing in certain locations is needed to assure the availability of affordable housing units for an initial period of 20 years with a renewal option of up to 20 years (maximum 40 years combined).
 - b. Project-basing broadens the scope of NYCHA’s program for applicants and landlords. It allows NYCHA to assist families who would not otherwise be eligible for assistance.
 - c. Consistent with the goals of NYCHA’s Five-Year plan, the Section 8 Project-Based Initiative:
 - i. expands the supply of assisted housing;
 - ii. increases assisted housing choice;
 - iii. ensures equal opportunity, and
 - iv. deconcentrates poverty and expands economic opportunities.
6. NYCHA will create site-based waiting lists for developments selected to receive project-based assistance. Applicants on NYCHA’s housing choice voucher waiting list will have the opportunity to apply for placement on site-based waiting lists. Placement on a site-based waiting list will not affect the applicant’s standing on the tenant-based waiting list.

¹ This figure excludes units that are exempt from the PBV program cap as a result of being converted to PBV assistance under Rental Assistance Demonstration, Section 18 Disposition, or other public housing preservation programs.

E) Conversion of Public Housing under the Rental Assistance Demonstration (RAD) Program

1. Developments Converted under RAD

The Rental Assistance Demonstration (“RAD”) is a voluntary program administered by the United States Department of Housing and Urban Development (“HUD”). The goals of RAD are to safeguard long-term housing assistance, improve and modernize properties, and stabilize developments by placing them on more solid financial footing by converting the federal subsidy stream for such developments from Section 9 to Section 8. On June 19, 2019, HUD approved NYCHA’s Significant Amendment to the FY 2019 Annual Plan which included a request to use the Section 18 disposition process for some or all units within the developments currently approved or being considered for RAD conversion, in order to improve the financial stability of the conversions.

Through NYCHA’s Permanent Affordability Commitment Together (“PACT”) initiative, NYCHA uses RAD, Section 18 and Part 200 programs to unlock funding to complete comprehensive repairs, while also ensuring homes remain permanently affordable and residents have the same basic rights as they possess in the public housing program. Residents continue to pay no more than 30% of adjusted gross income towards rent and developments remain under public control.

Extensive capital improvements are complete or under construction at all the sites that have converted under PACT, including upgrades to roofs, elevators, boilers, security systems, and grounds, as well as apartment interiors.

PACT/RAD at Ocean Bay (Bayside)

In December 2016, NYCHA closed its first PACT/RAD transaction at Ocean Bay (Bayside) in the Rockaways neighborhood of Queens, converting 1,395 apartments in 24 elevator buildings from public housing to project-based Section 8 funding. NYCHA entered into a public-private partnership with MDG Construction + Design (developer and general contractor), The Wavecrest Management Team (property management company), Catholic Charities of Brooklyn and Queens (social services provider), and Ocean Bay Community Development Corporation (resident outreach and engagement team). The project was financed with Superstorm Sandy recovery funds from FEMA, along with New York State Housing Finance Agency tax-exempt bonds and equity generated from federal 4% Low Income Housing Tax Credits. The project’s total development cost was \$560 million, including the FEMA-funded resiliency work. Funds were directed to extensive capital improvements, including the installation of upgraded heating and security systems, new boilers and roofs, and updated apartment interiors that include new windows, kitchens, and bathrooms. All rehab work occurred with tenants-in-place; no residents are being relocated or displaced as a result of the conversion. RAD repairs were completed in 2018 and the remaining FEMA work concluded in 2019.

PACT/RAD at Betances

This conversion provided \$145 million for comprehensive repairs to 1,088 apartments across 40 buildings in the Mott Haven neighborhood of the Bronx. NYCHA entered into a public-private partnership with MDG Design + Construction (developer), The Wavecrest Management Team (property manager), and Catholic Charities Community Services, Archdiocese of New York (social

services provider). The project was financed with conventional debt and developer equity. Repairs were substantially completed at the end of 2020.

PACT/RAD at Twin Parks West

This conversion is providing \$46 million for comprehensive repairs to 312 apartments in the Fordham Heights neighborhood of the Bronx. NYCHA entered into a public-private partnership with Gilbane Development Company (developer), Dantes Partners (developer), Apex Building Group (general contractor), and Kraus Management, Inc. (property manager). Social services are being provided by BronxWorks. The project is being financed with conventional debt. Phase I repairs are now complete and Phase II repairs will be completed in 2022.

PACT/RAD at Highbridge-Franklin

This conversion is providing \$38 million for comprehensive repairs to 336 apartments across 14 buildings in the Highbridge and Claremont neighborhoods of the Bronx. NYCHA entered into a public-private partnership with Gilbane Development Company (developer), Dantes Partners (developer), Apex Building Group (general contractor), and Kraus Management, Inc. (property manager). Social services are being provided by BronxWorks. The project is being financed with conventional debt and a subsidy loan from the New York City Department of Housing Preservation and Development. Phase I repairs are now complete and Phase II repairs will be completed in 2023.

PACT/RAD at Hope Gardens

This conversion will provide \$280 million for comprehensive repairs to 1,321 apartments across 60 buildings in the Bushwick neighborhood of Brooklyn. NYCHA entered into a public-private partnership with Pennrose Properties (developer), Procida Construction (general contractor), Pinnacle City Living (property manager), and Acacia Network (social services provider). Repairs are now substantially completed.

PACT/RAD at Brooklyn Sites

This conversion will provide \$434 million for comprehensive repairs to 2,625 apartments across 38 buildings in Brooklyn. NYCHA entered into a public-private partnership with The Arker Companies, Omni New York LLC, Dabar Development Partners, and Bedford Stuyvesant Restoration Corporation (developer joint venture), Renewal Chateau LLC (general contractor), Reliant Realty Services LLC and Progressive Management of NY V LLC (property managers), and Bedford Stuyvesant Restoration Corporation (social services provider). Repairs began in 2020 and are expected to be completed in 2022.

PACT/RAD at Manhattan Sites

This conversion will provide \$383 million for comprehensive repairs to 1,718 units across 16 developments in Manhattan. The development team is a joint venture between Monadnock Development LLC (developer & general contractor), Cornell Pace Inc. (property manager), and Community League of the Heights, Inc. (social services provider). Repairs began in 2020 and will be completed in late 2022 or 2023.

PACT/RAD at Boulevard-BSA-FP

This conversion will provide \$483 million for comprehensive repairs to 1,673 units across 29 buildings in Brooklyn. The selected development team comprises The Hudson Companies, Inc., Property Resources Corporation and Duvernay + Brooks LLC (developers), Broadway Builders LLC and Melcara Corp (general contractors), Property Resources Corporation and Lisa Management, Inc. (property managers), and CAMBA (social services providers). Repairs are expected to be completed in late 2023 or 2024.

PACT/RAD at Linden-Penn

This conversion will provide \$430 million for comprehensive repairs to 1,922 units across 25 buildings in Brooklyn. NYCHA entered into a public-private partnership with Douglaston Development, L+M Development Partners, Dantes Partners, and SMJ Development Corp (developers), L+M Builders Group and Levine Builders (general contractors), Clinton Management and C&C Apartment Management LLC (property managers), and University Settlement (social service providers). Repairs are expected to be completed in late 2023 or 2024.

PACT/RAD at Williamsburg

This conversion will provide \$493 million for comprehensive repairs to 1,621 units across 21 buildings in Brooklyn. The development team consists of RDC Development (developer), MDG Design + Construction LLC (general contractor), Wavecrest Management Group LLC (property manager), and St Nicks Alliance Corp and Grand Street Settlement (social services provider). Repairs are expected to be completed in late 2023 or 2024.

PACT/RAD at Harlem River

This conversion will provide \$236 million for comprehensive repairs to 693 units across 8 buildings in Manhattan. The development team comprises Settlement Housing Fund Inc and West Harlem Group Assistance (developers), L+M Builders Group (general contractor), C&C Apartment Management LLC (property manager), and Presbyterian Senior Services (social services provider). Repairs are expected to be completed in 2024.

RAD Resident Rights, Participation, Waiting List and Grievance Procedures

Please note the resident rights listed below are from HUD Notice H-2019-09 PIH-2019-23 (HA), (September 5, 2019) Rental Assistance Demonstration REV-4 – Final Implementation (the “Notice”), Section 1.6 C and Section 1.6 D):

1.6.C. PBV Resident Rights and Participation.

- 1. No Rescreening of Tenants upon Conversion.** Pursuant to the RAD Statute², at conversion, current households cannot be excluded from occupancy at the Covered Project³ based on any rescreening, income eligibility, or income targeting. With respect to occupancy in the Covered Project, current households in the Converting Project⁴ will be grandfathered for application of any eligibility criteria to conditions that occurred prior to conversion but will be subject to any ongoing eligibility requirements for actions that occur after conversion.⁵ Post-conversion, the tenure of all residents of the Covered Project is protected pursuant to PBV requirements regarding continued occupancy unless explicitly modified in this Notice (e.g., rent phase-in provisions). For example, a unit with a household that was over-income at time of conversion would continue to be treated as an assisted unit. Thus, Section 8(o)(4) of the Act⁶ and 24 CFR § 982.201, concerning eligibility and targeting of tenants for initial occupancy, will not apply for current households. Once the grandfathered household moves out, the unit must be leased to an eligible family. MTW agencies may not alter this requirement. Further, so as to facilitate the right to return to the assisted property, HUD waives Section 8(o)(4) and 24 CFR § 982.201 to the extent necessary for this provision to apply to current public housing residents of the Converting Project that will reside in non-RAD PBV units or non-RAD PBRA units placed in a project that contain RAD PBV units or RAD PBRA units. Such families and such contract units will otherwise be subject to all requirements of the applicable program, specifically 24 CFR Part 983 for non-RAD PBV units and the PBRA requirements governing the applicable contract for non-RAD PBRA units.
- 2. Right to Return.** See Section 1.4.A.5(b) of the Notice referenced below and the RAD Fair Housing, Civil Rights, and Relocation Notice (as defined below) regarding a resident’s right to

² RAD is authorized by the Consolidated and Further Continuing Appropriations Act of 2012 (Pub. L. No. 112-55, approved November 18, 2011), as amended by the Consolidated Appropriations Act, 2014 (Pub. L. No. 113-235, approved December 16, 2014), the Consolidated Appropriations Act, 2016 (Pub. L. No. 114-113, approved December 18, 2015), the Consolidated Appropriations Act, 2017 (Pub. L. No. 115-31, approved May 5, 2017), and section 237 of Title II, Division L, Transportation, Housing and Urban Development, and Related Agencies, of the Consolidated Appropriations Act, 2018 (Pub. ³ *Covered Project* - The post-conversion property with assistance converted from one form of rental assistance to another under the Demonstration.

⁴ *Converting Project* - The pre-conversion property whose assistance is converting from one form of rental assistance to another under the Demonstration.

⁵ These protections (as well as all protections in this Notice for current households) also apply when a household is relocated to facilitate new construction or repairs following conversion and subsequently returns to the Covered Project.

return. To facilitate the uniform treatment of residents and units at a Covered Project, any non-RAD PBV units located in the same Covered Project shall be subject to the terms of this provision.

- i. **RAD Fair Housing, Civil Rights, and Relocation Notice.** Relocation requirements related to public housing conversions under RAD are described in the RAD Fair Housing, Civil Rights, and Relocation Notice.⁷ The RAD Fair Housing, Civil Rights, and Relocation Notice provides PHAs and their development partners with information and resources on RAD program requirements, Uniform Relocation Act (URA) requirements, and other requirements which may be applicable such as Section 104(d) of the Housing and Community Development Act of 1974, as amended (Section 104(d)) when planning for or implementing resident moves in connection with a RAD conversion under the First Component of RAD. Specifically, the RAD Fair Housing, Civil Rights, and Relocation Notice provides guidance on relocation planning, resident right to return, relocation assistance, resident notification, initiation of relocation, and the fair housing and civil rights requirements applicable to these activities.

The appendices to the RAD Fair Housing, Civil Rights, and Relocation Notice include recommended relocation plan contents. Sample relocation notices for issuance to residents depending on RAD project characteristics are available on the RAD website at www.hud.gov/rad. The primary source for First Component relocation requirements and guidance is the RAD Fair Housing, Civil Rights, and Relocation Notice and not this Notice. In the event of a conflict between this Notice and the RAD Fair Housing, Civil Rights, and Relocation Notice, with regard to relocation requirements, the RAD Fair Housing, Civil Rights, and Relocation Notice controls.

- ii. **Section 1.4.A.5(b) of the Notice.** Section 1.4.A.5(b) of the Notice states:

Right to Return. Any resident that may need to be temporarily relocated to facilitate rehabilitation or construction has a right to return to an assisted unit at the Covered Project once rehabilitation or construction is completed. Permanent involuntary displacement of residents may not occur as a result of a project's conversion of assistance, including, but not limited to, as a result of a change in bedroom distribution, a de minimis reduction of units, the reconfiguration of efficiency apartments, or the repurposing of dwelling units in order to facilitate social service delivery. Where the transfer of assistance to a new site is warranted and approved (see Section 1.4.A.12 of the Notice), residents of the Converting Project will have the right to reside in an assisted unit at the new site once rehabilitation or construction is complete. For more information on how to

implement these provisions see the RAD Fair Housing, Civil Rights, and Relocation Notice.

- 3. Phase-in of Tenant Rent Increases.** If, purely as a result of conversion, the amount a tenant would pay for rent and utilities under the PBV program (the tenant's TTP) would increase the tenant's TTP by more than the greater of 10 percent or \$25, the rent increase will be phased in over 3 or 5 years. To implement this provision, HUD is specifying alternative requirements for section 3(a)(1) of the Act, as well as 24 CFR § 983.3 (definition of "total tenant payment" (TTP)) to the extent necessary to allow for the phase-in of tenant rent increases. A PHA must create a policy setting the length of the phase-in period at three years, five years or a combination depending on circumstances and must communicate such policy in writing to affected residents. For example, a PHA may create a policy that uses a three year phase-in for smaller increases in rent and a five year phase-in for larger increases in rent. This policy must be in place at conversion and may not be modified after conversion.

The method described below explains the set percentage-based phase-in a Project Owner⁸ must follow according to the phase-in period established. For purposes of this section "Calculated PBV TTP" refers to the TTP calculated in accordance with regulations at 24 CFR §5.628 and the "most recently paid TTP" refers to the TTP recorded on line 9j of the family's most recent HUD Form 50058. If a family in a project converting from Public Housing to PBV was paying a flat rent immediately prior to conversion, the PHA should use the flat rent amount to calculate the phase-in amount for Year 1 (the first recertification following conversion), as illustrated below.

Three Year Phase-in:

- Year 1: Any recertification (interim or annual) performed prior to the second annual recertification after conversion – 33% of difference between most recently paid TTP or flat rent and the Calculated PBV TTP
- Year 2: Year 2 Annual Recertification (AR) and any Interim Recertification (IR) prior to Year 3 AR – 50% of difference between most recently paid TTP and the Calculated PBV TTP
- Year 3: Year 3 AR and all subsequent recertifications – Full Calculated PBV TTP⁹

Five Year Phase in:

⁸ The term Project Owner refers to the owner of the Covered Project, including but not limited to any owner pursuant to a HAP Contract. For purposes of HAP Contracts, an Owner is a private person, partnership, or entity (including a cooperative), a non-profit entity, a PHA, or other public entity, having the legal right to lease or sublease the dwelling units subject to the HAP Contract

⁹ For example, where a resident's most recently paid TTP is \$100, but the Calculated PBV TTP is \$200 and remains \$200 for the period of the resident's occupancy, (i.e. no changes in income) the resident would continue to pay the same rent and utilities for which it was responsible prior to conversion. At the first recertification following conversion, the resident's contribution would increase by 33% of \$100 to \$133. At the second AR, the resident's contribution would increase by 50% of the \$66 differential to the standard TPP, increasing to \$166. At the third AR, the resident's contribution would increase to \$200 and the resident would continue to pay the Calculated PBV TTP for the duration of their tenancy.

- Year 1: Any recertification (interim or annual) performed prior to the second annual recertification after conversion – 20% of difference between most recently paid TTP or flat rent and the Calculated PBV TTP
- Year 2: Year 2 AR and any IR prior to Year 3 AR – 25% of difference between most recently paid TTP and the Calculated PBV TTP
- Year 3: Year 3 AR and any IR prior to Year 4 AR – 33% of difference between most recently paid TTP and the Calculated PBV TTP
- Year 4: Year 4 AR and any IR prior to Year 5 AR – 50% of difference between most recently paid TTP and the Calculated PBV TTP
- Year 5 AR and all subsequent recertifications – Full Calculated PBV TTP

Please Note: In either the three year phase-in or the five-year phase-in, once the Calculated PBV TTP is equal to or less than the previous TTP, the phase-in ends and tenants will pay full TTP from that point forward. MTW agencies must also implement a three or five-year phase-in for impacted residents, but may alter the terms above as long as it establishes a written policy setting forth the alternative terms. To facilitate the uniform treatment of residents and units at a Covered Project, any non-RAD PBV units located in the same Covered Project shall be subject to the terms of this provision.

4. Family Self Sufficiency (FSS) and Resident Opportunities and Self Sufficiency Service Coordinator (ROSS-SC) programs. Public Housing residents that are currently FSS participants will continue to participate in the PHA’s FSS program. The PHA may continue to use any FSS funds already awarded to serve those FSS participants who live in units converted by RAD. At the completion of the FSS grant, PHAs should follow the normal closeout procedures outlined in the grant agreement. If the PHA continues to run an FSS program that serves PH and/or HCV participants, the PHA will continue to be eligible (subject to NOFA requirements) to apply for FSS funding. Due to the program merger between PH FSS and HCV FSS that took place pursuant to the FY14 Appropriations Act (and was continued in the subsequent Appropriation Acts), no special provisions are required to continue serving FSS participants that live in public housing units converting to PBV under RAD.

However, PHAs should note that until provisions of the Economic Growth, Regulatory Relief, and Consumer Protection Act are implemented, there are certain FSS requirements (e.g., escrow calculation and escrow forfeitures) that apply differently depending on whether the FSS participant is a participant under the HCV program or a public housing resident, and PHAs must follow such requirements accordingly. All PHAs will be required to administer the FSS program in accordance with FSS regulations at 24 CFR part 984 (current, or as amended), the participants’ contracts of participation, and the alternative requirements established in the “Waivers and Alternative Requirements for the FSS Program” Federal Register notice, published on December 29, 2014, at 79 FR 78100.¹⁰ Further, upon conversion

¹⁰ The funding streams for the PH FSS Program and the HCV FSS Program were first merged pursuant to the FY 2014 appropriations act. As a result, PHAs can serve both PH residents and HCV participants, including PBV participants, with FSS funding awarded under the FY 2014 FSS Notice of Funding Availability (FSS NOFA) and any other NOFA under which the combination of funds remains in the applicable appropriations act. For PHAs that had managed both programs separately and now have a merged program, a conversion to PBV should not impact their FSS participants.

to PBV, if the PHA no longer has a public housing program, funds already escrowed for FSS participants shall be transferred into the HCV escrow account and be considered TBRA funds, thus reverting to the HAP account if forfeited by the FSS participant.¹¹

For information on FSS PIC reporting requirements for RAD conversions, see Notice PIH 2016-08 at <http://portal.hud.gov/hudportal/documents/huddoc?id=pih2016-08.pdf>.

Current ROSS-SC grantees will be able to finish out their current ROSS-SC grants once their housing is converted under RAD. However, once the property is converted, it will no longer be eligible to be counted towards the unit count for future ROSS-SC grants, nor will its residents be eligible to be served by future ROSS-SC grants, which, by statute, can only serve public housing residents. At the completion of the ROSS-SC grant, PHAs should follow the normal closeout procedures outlined in the grant agreement. Please note that ROSS-SC grantees may be a non-profit or local Resident Association and this consequence of a RAD conversion may impact those entities. To facilitate the uniform treatment of residents and units at a Covered Project, any non-RAD PBV units located in the same Covered Project shall be subject to the terms of this provision.

5. **Resident Participation and Funding.** In accordance with Attachment 1B of the Notice, residents of Covered Projects with assistance converted to PBV will have the right to establish and operate a resident organization for the purpose of addressing issues related to their living environment and be eligible for resident participation funding. To facilitate the uniform treatment of residents and units at a Covered Project, any non- RAD PBV units located in the same Covered Project shall be subject to the terms of this provision.
6. **Resident Procedural Rights.** The following items must be incorporated into both the Section 8 Administrative Plan and the Project Owner's lease, which includes the required tenancy addendum (HUD Form 52530-c), as appropriate. Evidence of such incorporation may be requested by HUD for purposes of monitoring the program.
 - i. **Termination Notification.** HUD is incorporating additional termination notification requirements to comply with section 6 of the Act for public housing projects that convert assistance under RAD and to non-RAD PBV units at the Covered Project. In addition to the regulations at 24 CFR § 983.257 related to Project Owner termination of tenancy and eviction (which MTW agencies may not alter) the termination procedure for RAD conversions to PBV will require that PHAs provide adequate written notice of termination of the lease which shall be :
 - a. A reasonable period of time, but not to exceed 30 days:
 - i. If the health or safety of other tenants, Project Owner employees, or persons residing in the immediate vicinity of the premises is threatened;
 - or

¹¹ Where the PHA maintains a public housing program, any forfeited funds that had been escrowed prior to conversion would revert to the PHA's Operating Reserves.

- ii. In the event of any drug-related or violent criminal activity or any felony conviction;
 - b. Not less than 14 days in the case of nonpayment of rent; and
 - c. Not less than 30 days in any other case, except that if a State or local law provides for a shorter period of time, such shorter period shall apply.
- ii. **Grievance Process.** Pursuant to requirements in the RAD Statute, HUD is establishing additional resident procedural rights to comply with section 6 of the Act.

For the termination of assistance and several other PHA determinations, PBV program rules require the PHA to provide an opportunity for an informal hearing, as outlined in 24 CFR § 982.555. RAD will specify alternative requirements for 24 CFR § 982.555(b) in part, which outlines when informal hearings are not required, to require that:

- a. In addition to reasons that require an opportunity for an informal hearing given in 24 CFR § 982.555(a)(1)(i)-(v), an opportunity for an informal hearing must be given to residents for any dispute that a resident may have with respect to a Project Owner action in accordance with the individual's lease or the contract administrator in accordance with RAD PBV requirements that adversely affect the resident's rights, obligations, welfare, or status.
 - i. For any hearing required under 24 CFR § 982.555(a)(1)(i)-(v), the contract administrator will perform the hearing, as is the current standard in the program. The hearing officer must be selected in accordance with 24 CFR § 982.555(e)(4)(i).
 - ii. For any additional hearings required under RAD, the Project Owner will perform the hearing.
- b. There is no right to an informal hearing for class grievances or to disputes between residents not involving the Project Owner or Contract Administrator.
- c. The Project Owner gives residents notice of their ability to request an informal hearing as outlined in 24 CFR § 982.555(c)(1) for informal hearings that will address circumstances that fall outside of the scope of 24 CFR § 982.555(a)(1)(i)-(v).
- d. The Project Owner provides opportunity for an informal hearing before an eviction.

Current PBV program rules require that hearing procedures must be outlined in the PHA's Section 8 Administrative Plan.

To facilitate the uniform treatment of residents and units at a Covered Project, any non-RAD PBV units located in the same Covered Project shall be subject to the terms of this provision.

- 7. Earned Income Disregard (EID).** Tenants who are employed and are currently receiving the EID exclusion at the time of conversion will continue to receive the EID after conversion, in accordance with regulations at 24 CFR § 5.617. Upon the expiration of the EID for such families, the rent adjustment shall not be subject to rent phase-in, as described in Section 1.6.C.4 of the Notice; instead, the rent will automatically rise to the appropriate rent level based upon tenant income at that time.

Under the Housing Choice Voucher program, the EID exclusion is limited only to persons with disabilities (24 CFR § 5.617(b)). In order to allow all tenants (including non-disabled persons) who are employed and currently receiving the EID at the time of conversion to continue to benefit from this exclusion in the PBV project, the provision in 24 CFR § 5.617(b) limiting EID to disabled persons is waived. The waiver, and resulting alternative requirement, apply only to tenants receiving the EID at the time of conversion. No other tenant (e.g., tenants that move into the property following conversion or tenants who at one time received the EID but are not receiving the EID exclusion at the time of conversion due to loss of employment) is covered by this waiver. To facilitate the uniform treatment of residents and units at a Covered Project, any non-RAD PBV units located in the same Covered Project shall be subject to the terms of this provision.

- 8. Jobs Plus.** Jobs Plus grantees awarded FY14 and future funds that convert the Jobs Plus target projects(s) under RAD will be able to finish out their Jobs Plus period of performance unless significant relocation and/or change in building occupancy is planned. If either is planned at the Jobs Plus target project(s), HUD may allow for a modification of the Jobs Plus work plan or may, at the Secretary's discretion, choose to end the Jobs Plus program at that project. If the program is continued, the Project Owner must agree to continue to implement the program according to HUD's program requirements. Jobs Plus target public housing projects must enroll public housing residents into the Jobs Plus rent incentive, JPEID, prior to conversion. Any resident of the Covered Project that had not enrolled prior to conversion is not eligible to enroll in JPEID but may utilize Jobs Plus services that predominantly benefit the former public housing residents who resided at the target project at the time of RAD conversion. To facilitate the uniform treatment of residents and units at a Covered Project, any non-RAD PBV units located in the Covered Project may voluntarily utilize Jobs Plus services that predominantly benefit the former public housing residents who resided at the target project at the time of RAD conversion.
- 9. When Total Tenant Payment Exceeds Gross Rent.** Under normal PBV rules, the PHA may select an occupied unit to be included under the PBV HAP Contract only if the unit's occupants are eligible for housing assistance payments (24 CFR § 983.53(c)). Also, a PHA must remove a unit from the contract when no assistance has been paid for 180 days because the family's TTP has risen to a level that is equal to or greater than the contract rent, plus any utility allowance, for the unit (i.e., the Gross Rent)) (24 CFR § 983.258). Since the rent limitation under this Section of the Notice may result in a family's TTP equaling or exceeding the gross rent for the unit, for residents living in the Converting Project prior to conversion and who will return to the Covered Project after conversion, HUD is waiving both of these provisions and requiring that the unit for such families be placed on and/or remain under the HAP Contract when TTP equals or exceeds the Gross Rent. Further, HUD is establishing the alternative requirement that until such time that the family's TTP falls below the gross rent, the rent to the owner for the unit will equal the lesser of (a) the family's TTP, less the Utility Allowance, or (b) any applicable maximum rent under LIHTC regulations. During any period when the family's TTP falls below the gross rent, normal PBV rules shall apply. As necessary to implement this alternative provision, HUD is waiving the provisions of Section 8(o)(13)(H) of the Act and the implementing regulations at 24 CFR § 983.301 as

modified by Section 1.6.B.5 of this Notice.¹² In such cases, the resident is considered a participant under the program and all of the family obligations and protections under RAD and PBV apply to the resident. Likewise, all requirements with respect to the unit, such as compliance with the HQS requirements, apply as long as the unit is under HAP Contract. The PHA is required to process these individuals through the Form 50058 submodule in PIC. To facilitate the uniform treatment of residents and units at a Covered Project, any non-RAD PBV units located in the same Covered Project shall be subject to the terms of this provision.

Unless a waiver is requested and approved as described below, any new admission to the Covered Project must meet the eligibility requirements at 982.201 and require a subsidy payment at admission to the program, which means their TTP may not equal or exceed the gross rent for the unit at that time. Further, a PHA must remove a unit from the contract when no assistance has been paid for 180 days. If units are removed from the HAP contract because a new admission's TTP comes to equal or exceed the gross rent for the unit and if the project is fully assisted, HUD is imposing an alternative requirement that the PHA must reinstate the unit after the family has left the property. If the project is partially assisted, the PHA may substitute a different unit for the unit on the HAP contract in accordance with 24 CFR §983.207 or, where "floating units" have been permitted, Section 1.6.B.11 of the Notice.

A PHA may request a waiver from HUD for the Covered Project in order to admit otherwise eligible families whose TTP exceeds gross rent and to allow the units those families occupy to remain under the HAP contract even if the PHA has not made a housing assistance payment for a family in 180 days.

For a Covered Project that consists of 100 percent RAD PBV units, the PHA must demonstrate that a waiver is necessary in order to avoid an undue concentration of poverty at the Covered Project. A PHA may evidence this by providing data showing, for example:

- how eligible income-certified applicants on the waiting list must be passed over because their incomes result in zero HAP at admission causing a higher concentration of poverty at the covered project; or
- how the income of newly admitted families is causing a markedly higher concentration of poverty than the PHA's non-RAD PBV projects.

The resulting impact on the property must be compared with the concentration of poverty at non-RAD PBV projects in the PHA's jurisdiction. If there are no non-RAD PBV projects in the PHA's jurisdiction, the PHA may alternatively demonstrate that the median income of families that could be admitted to the Covered Project is significantly lower than the median income of new admissions from the waiting list to the PHA's HCV program since the time of the RAD conversion.

¹² For example, a public housing family residing in a property converting under RAD has a TTP of \$600. The property has an initial Contract Rent of \$500, with a \$50 Utility Allowance. Following conversion, the residents is still responsible for paying \$600 in tenant rent and utilities.

For any other Covered Project, the PHA must demonstrate that the property contains specific units (e.g., units suitable for large families or accessible units) for which there are insufficient alternative housing opportunities.

If the waiver is approved, the new admission[s] families covered under the waiver are participants under the program and all of the family obligations and protections under RAD and PBV apply to the family, and the unit is subject to all program requirements. Such waiver requests should be submitted to the PIH Field Office in accordance with Notice PIH 2018-16.

10. Under-Occupied Unit. If a family is in an under-occupied unit under 24 CFR § 983.260 at the time of conversion, the family may remain in this unit until an appropriate-sized unit becomes available in the Covered Project. When an appropriate sized unit becomes available in the Covered Project, the family living in the under-occupied unit must move to the appropriate-sized unit within a reasonable period of time, as determined by the administering Voucher Agency. In order to allow the family to remain in the under-occupied unit until an appropriate-sized unit becomes available in the Covered Project, 24 CFR § 983.260 is waived for current residents remaining or returning to the Covered Project. MTW agencies may not modify this requirement. To facilitate the uniform treatment of residents and units at a Covered Project, any non-RAD PBV units located in the same Covered Project shall be subject to the terms of this provision.

1.6.D. PBV: Other Miscellaneous Provisions

1. Establishment of Waiting List. 24 CFR § 983.251 sets out PBV program requirements related to establishing and maintaining a voucher-wide, PBV program-wide, or site-based waiting list from which residents for the Covered Project will be admitted. These provisions will apply unless the project is covered by a remedial order or agreement that specifies the type of waiting list and other waiting list policies. The PHA shall consider the best means to transition applicants from the current public housing waiting list, including:

- i.** Transferring an existing site-based waiting list to a new site-based waiting list.
- ii.** Transferring an existing site-based waiting list to a PBV program-wide or HCV program-wide waiting list.
- iii.** Transferring an existing community-wide public housing waiting list to a PBV program-wide or HCV program-wide waiting list, an option particularly relevant for PHAs converting their entire portfolio under RAD.
- iv.** Informing applicants on a community-wide public housing waiting list how to transfer their application to one or more newly created site-based waiting lists.

For any applicants on the public housing waiting list that are likely to be ineligible for admission to a Covered Project converting to PBV because the household's TTP is likely to exceed the RAD gross rent, the PHA shall consider transferring such household, consistent with program requirements for administration of waiting lists, to the PHA's remaining public housing waiting list(s) or to another voucher waiting list, in addition to transferring such household to the waiting list for the Covered Project.

To the extent any wait list relies on the date and time of application, the applicants shall have priority on the wait list(s) to which their application was transferred in accordance with the date and time of their application to the original waiting list.

If the PHA is transferring assistance to another neighborhood and, as a result of the transfer of the waiting list, the applicant would only be eligible for a unit in a location which is materially different from the location to which the applicant applied, the PHA must notify applicants on the wait-list of the transfer of assistance, and on how they can apply for residency at other sites.

If using a site-based waiting list, PHAs shall establish a waiting list in accordance with 24 CFR § 903.7(b)(2)(ii)-(iv) to ensure that applicants on the PHA's public housing community-wide waiting list have been offered placement on the Covered Project's initial waiting list. In all cases, PHAs have the discretion to determine the most appropriate means of informing applicants on the public housing community-wide waiting list given the number of applicants, PHA resources, and admissions requirements of the projects being converted under RAD. A PHA may consider contacting every applicant on the public housing waiting list via direct mailing; advertising the availability of housing to the population that is less likely to apply, both minority and non-minority groups, through various forms of media (e.g., radio stations, posters, newspapers) within the marketing area; informing local non-profit entities and advocacy groups (e.g., disability rights groups); and conducting other outreach as appropriate. Any activities to contact applicants on the public housing waiting list must be conducted in accordance with the requirements for effective communication with persons with disabilities at 24 CFR § 8.6 and with the obligation to provide meaningful access for persons with limited English proficiency (LEP).¹³

When using a site-based waiting list, PHAs should consider waiting list and transfer policies that expand opportunities for tenants seeking an emergency transfer under, or consistent with, the PHA's emergency transfer plan. This includes allowing for easier moves between assisted properties.

To implement this provision, HUD is specifying alternative requirements for 24 CFR § 983.251(c)(2). However, after the initial waiting list has been established, the PHA shall administer its waiting list for the Covered Project in accordance with 24 CFR § 983.251(c). To facilitate the uniform treatment of residents and units at a Covered Project, any non-RAD PBV units located in the same Covered Project shall be subject to the terms of this provision.

A PHA must maintain any site-based waiting list in accordance with all applicable civil rights and fair housing laws and regulations.

- 2. Choice-Mobility.** One of the key features of the PBV program is the mobility component, which provides that if the family has elected to terminate the assisted lease at any time after the first year of occupancy in accordance with program requirements, the PHA must offer

¹³ For more information on serving persons with LEP, please see HUD's Final guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons (72 FR 2732), published on January 22, 2007.

the family the opportunity for continued tenant-based rental assistance, in the form of either assistance under the voucher program or other comparable tenant-based rental assistance.

If as a result of participation in RAD a significant percentage of the PHA's HCV program becomes PBV assistance, it is possible for most or all of a PHA's turnover vouchers to be used to assist those RAD PBV families who wish to exercise mobility. While HUD is committed to ensuring mobility remains a cornerstone of RAD policy, HUD recognizes that it remains important for the PHA to still be able to use tenant-based vouchers to address the specific housing needs and priorities of the community. Therefore, HUD is establishing an alternative requirement for PHAs where, as a result of RAD, the total number of PBV units (including RAD PBV units) under HAP Contract administered by the PHA exceeds 20 percent of the PHA's authorized units under its HCV ACC with HUD.

The alternative mobility policy provides that an eligible voucher agency would not be required to provide more than three-quarters of its turnover vouchers in any single year to the residents of Covered Projects. While a voucher agency is not required to establish a voucher inventory turnover cap, if such a cap is implemented, the voucher agency must create and maintain a waiting list in the order in which the requests from eligible households were received. In order to adopt this provision, this alternative mobility policy must be included in an eligible PHA's administrative plan.

To effectuate this provision, HUD is providing an alternative requirement to Section 8(o)(13)(E) of the Act and 24 CFR § 983.261(c). Please note that this alternative requirement does not apply to PBVs entered into outside of the context of RAD. MTW agencies may not alter this requirement.

I –Temporary Move Plans

If a resident must be temporarily moved due to personal medical reasons, health and safety reasons (for example, due to necessary environmental abatement), and/or reasonable accommodation, the temporary move will be performed at no expense to the resident and the resident will have the right to return after the rehabilitation to their original unit. The resident will be offered a temporary unit at a development within the same PACT project. Specific temporary move plans will be finalized after a PACT partner is selected for each affected development. NYCHA will submit the RAD Fair Housing, Civil Rights, and Relocation Checklist to HUD as required by *HUD Notice H-2019-09 PIH-2019-23 (HA), Rental Assistance Demonstration REV-4 – Final Implementation* and will comply with the fair housing, civil rights and relocation requirements under the RAD program as stated in Notice H 2016-17, PIH Notice 2016-17 (HA)-Rental Assistance Demonstration (RAD) Notice Regarding Fair Housing and Civil Rights Requirements and Relocation Requirements Applicable to RAD First Component – Public Housing Conversions. Please see Attachment O beginning on page 217 for the full text of this RAD Fair Housing, Civil Rights, and Relocation Notice.

II – Site Selection and Neighborhood Standards

NYCHA's RAD conversions comply with all applicable site selection and neighborhood review standards as required by the Notice.

III – Voluntary Compliance Agreement, Consent Order or Consent Decree

NYCHA certifies that it is currently compliant with all fair housing and civil rights requirements and is under a Voluntary Compliance Agreement and consent decrees. RAD conversion at the NYCHA developments listed on pages 110-153 will not have a negative impact on NYCHA's compliance with existing voluntary compliance agreements or consent decrees.

HOUSING NEEDS

[24 CFR Part 903.7(a)]

1. Housing Needs of Families in the Jurisdiction/s Served by the PHA

Based upon the information contained in the Consolidated Plan/s applicable to the jurisdiction, and/or other data available to the PHA, provide a statement of the housing needs in the jurisdiction by completing the following table. In the “Overall” Needs column, provide the estimated number of renter families that have housing needs. For the remaining characteristics, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being “no impact” and 5 being “severe impact.” Use N/A to indicate that no information is available upon which the PHA can make this assessment.

Housing Needs of Families on the PHA's Waiting Lists – Section 8 (As of 5/3/2022)

Is the waiting list closed (select one)?

No Yes

NYCHA's Section 8 Waiting List was reopened on February 12, 2007 to applicants for a ninety-day period. It closed on May 14, 2007. The waiting list was partially opened in 2020 to accept referrals for participating FUP Youth whose assistance is expiring and Victim of Domestic Violence Intimidated Witness - referred by prosecutorial or law enforcement agency

If yes, how long has it been closed (# of months)? 178 Months as of March 15, 2022

Does the PHA expect to reopen the list in the PHA Plan year?

No Yes

Does the PHA permit specific categories of families onto the waiting list, even if generally closed?

No Yes

3. Strategy for Addressing Needs

Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list in the upcoming year, and the Agency's reasons for choosing this strategy.

(1) Strategies

Need: Shortage of affordable housing for all eligible populations.

Strategy 1. Maximize the number of affordable units available to the PHA within its current resources by: (Select all that apply)

- Employ effective maintenance and management policies to minimize the number of public housing units off-line
- Reduce turnover time for vacated public housing units
- Reduce time to renovate public housing units
- Seek replacement of public housing units lost to the inventory through mixed finance development
- Seek replacement of public housing units lost to the inventory through section 8 replacement housing resources
- Maintain or increase section 8 lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction
- Undertake measures to ensure access to affordable housing among families assisted by the PHA, regardless of unit size required
- Maintain or increase section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration
- Maintain or increase section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance of program
- Participate in the Consolidated Plan development process to ensure coordination with broader community strategies

Other (list below)

Strategy 2. Increase the number of affordable housing units by: (Select all that apply)

- Apply for additional section 8 units should they become available
- Leverage affordable housing resources in the community through the creation of mixed finance housing
- Pursue housing resources other than public housing or Section 8 tenant-based assistance.
- Other: (list below)

Need: Specific Family Types: Families at or below 30% of median.

Strategy 1. Target available assistance to families at or below 30% of AMI: (Select all that apply)

Exceed HUD federal targeting requirements for families at or below 30% of AMI in public housing

While NYCHA does not plan to exceed the federal targeting requirements, slightly over 80% of the families admitted to public housing during calendar year 2021 were households with incomes at or below 30% of area median income.

- Exceed HUD federal targeting requirements for families at or below 30 percent of AMI in tenant-based section 8 assistance
- Employ admissions preferences aimed at families with economic hardships
- Adopt rent policies to support and encourage work
- Other: (list below)

Need: Specific Family Types: Families at or below 50% of median.

Strategy 1. Target available assistance to families at or below 50% of AMI: (Select all that apply)

- Employ admissions preferences aimed at families who are working
- Adopt rent policies to support and encourage work
- Other: (list below)

Need: Specific Family Types: The Elderly

Strategy 1. Target available assistance to the elderly: (Select all that apply)

Seek designation of public housing for the elderly

On July 30, 2021, HUD approved NYCHA's request to continue to extend the designation of the elderly-only developments and buildings for an additional two years.

- Apply for special-purpose vouchers targeted to the elderly, should they become available
- Other: (list below)

Need: Specific Family Types: Families with Disabilities.

Strategy 1. Target available assistance to Families with Disabilities: (Select all that apply)

- Seek designation of public housing for families with disabilities
- Carry out the modifications needed in public housing based on the section 504 Needs Assessment for Public Housing
- Apply for special-purpose vouchers targeted to families with disabilities, should they become available
- Affirmatively market to local non-profit agencies that assist families with disabilities
- Other: (list below)

Need: Specific Family Types: Races or ethnicities with disproportionate housing needs.

Strategy 1. Increase awareness of PHA resources among families of races and ethnicities with disproportionate needs: (Select if applicable)

- Affirmatively market to races/ethnicities shown to have disproportionate housing needs
- Other: (list below)

Strategy 2. Conduct activities to affirmatively further fair housing: (Select all that apply)

- Counsel section 8 tenants as to location of units outside of areas of poverty or minority concentration and assist them to locate those units
- Market the section 8 program to owners outside of areas of poverty /minority concentrations
- Other: (list below)

(2) Reasons for Selecting Strategies

Of the factors listed below, select all that influenced the PHA's selection of the strategies it will pursue:

- Funding constraints
 - Staffing constraints
 - Limited availability of sites for assisted housing
 - Extent to which particular housing needs are met by other organizations in the community
 - Evidence of housing needs as demonstrated in the Consolidated Plan and other information available to the PHA
 - Influence of the housing market on PHA programs
 - Community priorities regarding housing assistance
 - Results of consultation with local or state government
 - Results of consultation with residents and the Resident Advisory Board
 - Results of consultation with advocacy groups
 - Other: (list below)

ADDITIONAL INFORMATION

1. STATEMENT OF PROGRESS IN MEETING MISSION AND GOALS – FY2020 to FY2024

Section A: Goals Related to NYCHA’s Monitoring Agreement

On January 31, 2019, NYCHA and the City of New York signed an Agreement with HUD, which outlines specific deadlines and objective compliance standards for making significant improvements in several high-priority areas, including heat and elevator service, pests, lead-based paint, inspections, and mold. This section sets forth a summary of specific goals and deadlines enumerated in the Agreement, as well as related strategies and goals not specifically required by the Agreement but developed to improve resident quality of life. Where provided, the “progress” sections provide information about NYCHA’s compliance with or efforts towards meeting the relevant goals and deadlines. NYCHA has also established new departments and units – including a Compliance Department, an Environmental Health and Safety Department, and a Quality Assurance Unit – as part of the Agreement. The Agreement provides an opportunity for NYCHA to work with a Monitor appointed under the Agreement (referred to as “the Monitor” below) to make significant improvements that will benefit residents.

Many of these goals will be met through the Action Plans that were developed and have been approved by the Monitor, as required by the Agreement.

Lead-Based Paint

Goal: Management of Lead-Based Paint Risks

Objective: By September 30, 2019, NYCHA will train all 900 maintenance staff to conduct visual assessments to identify lead-based paint hazards.

- **Progress:** *As of March 31, 2022, 765 maintenance workers (78% of all maintenance workers) have been trained to conduct visual assessments to identify lead-based paint hazards. It should be noted that all visual assessments are performed by Healthy Homes Lead Hazard Control through vendors or trained in-house staff, not NYCHA maintenance workers. Pursuant to the Initial Lead Action Plan, NYCHA now conducts two visual assessments per year in child under 6 apartments and one visual assessment per year in non-child under 6 apartments with known or presumed lead-based paint.*

Objective: By 2020, NYCHA will use XRF technology to test over 134,000 apartments built before 1978. By the middle of 2019, as lead paint tests are completed, NYCHA will publish statistics on the progress of the testing initiative and its results.

<https://my.nycha.info/PublicSite/Transparency/XrfReport>

- **Progress:** *In April 2019, NYCHA kicked off an unprecedented effort to test approximately 134,000 apartments for the presence of lead-based paint using high-tech XRF analyzers. Testing began at Harlem River Houses on April 15, 2019.*

NYCHA published a dashboard online that reports the progress of the XRF testing, which is available at: <https://my.nycha.info/PublicSite/Transparency/XrfReport>.

As of April 14, 2022, 107,783 apartments were tested using XRF technology at the 1.0 mg/cm² standard. Due to a change in the City's standard, NYCHA is now retesting units at the new, lowered threshold of 0.5 mg/cm² and is prioritizing the testing of child under 6 units. NYCHA also suspended its testing of units at the old standard. As of April 14, 2022, LHCD has attempted 8,057 units and complete testing in 7,843 units.

Objective: By January 31, 2024, NYCHA will abate all lead-based paint at the Harlem River Houses and the Williamsburg Houses.

- **Progress:** Both Williamsburg Houses and Harlem River Houses are part of NYCHA's PACT Program, and the abatement requirements are being achieved through that program. Williamsburg Houses converted in December 2021 and abatement has been ongoing since January 2022. Harlem River Houses converted in February 2022 and abatement began in May 2022.

Objective: By January 31, 2039, NYCHA will abate all lead-based paint in apartment units that contain lead-based paint, and interior common areas that contain lead-based paint in the same building as those units. NYCHA must also develop an action plan to abate exterior common areas that contain lead-based paint.

- **Progress:** NYCHA continues to develop strategies to meet this objective. Part of the strategy is the NYCHA XRF Initiative, which will test components in each apartment that requires abatement, allowing NYCHA to define the scope of work and produce reliable cost estimates associated with abating each of its properties. The Action Plan for the \$2.2 billion in City capital funds provided pursuant to the Agreement, which was approved by the Monitor in May 2021, allocates \$771.8 million to a lead abatement pipeline that, combined with other funding sources, will be utilized to advance abatement across the portfolio. The Action Plan also allocated more than \$450 million to comprehensively renovate two sites with pervasive mold conditions and units with several positive lead-based paint components. Finally, since December 2021 NYCHA also won two competitive grants from HUD – (i) a grant to abate lead-based paint at Red Hook Houses in the amount of \$5 million, and (ii) a grant to abate lead-based paint in units with a child under six years old in the amount of \$7.25 million. Abatement is also performed in vacant units upon move-out and is included in the scope of work for all PACT projects.

In the last year, NYCHA has procured a program management firm that will run point on abating units using the two HUD grants and the \$771.8 million in City Capital funds. The first phase of the program includes the expedited abatement of Child Under 6 units that test positive at the City's new standard of 0.5 mg/cm². NYCHA began abating these units in 2022 at Bronx River Houses.

Heat

Goal: Improving the Provision of Heat

Objective: NYCHA will comply with N.Y.C. Admin. Code § 27-209(a), which requires NYCHA to maintain the following temperatures in apartments during the heating season (October 1 through May 31):

- a) between the hours of 6:00 a.m. and 10:00 p.m., a temperature of at least 68 degrees Fahrenheit whenever the outside temperature falls below 55 degrees; and
 - b) between the hours of 10:00 p.m. and 6:00 a.m., a temperature of at least 62 degrees Fahrenheit.
- **Progress:** *As required, NYCHA continues to work towards compliance with N.Y.C Admin. Code § 27-209(a).*

Objective: By and after October 1, 2024, NYCHA will ensure that, during any given heating season:

- a) no more than 15% of occupied apartments, as measured according to procedures established in an Action Plan which may include a reliable sampling method, will have an occasion in which the temperatures fall below the legal limits, and
 - b) the temperature will not fall below the legal limits on more than three separate occasions in a given unit.
- **Progress:** *NYCHA continues to work with the Monitor to analyze existing work order and electronic monitoring data to develop a reliable sampling method. NYCHA will continue to work on reports that will show (i) which units have recurring complaints of “no heat” and (ii) which units have temperature readings below the legal limit, which have been taken either via sensors or when employees are in a unit responding to a complaint.*

Objective: By December 31, 2020, NYCHA will install electronic temperature monitoring to provide the Authority with a comprehensive understanding of heating conditions in 44 developments, which will include electronic temperature monitoring in no fewer than 30% of NYCHA apartments in these developments. A schedule will be established in an Action Plan with deadlines for NYCHA to install such monitoring systems in the remainder of its developments.

- **Progress:** *Despite COVID-19 delays, 39 locations were online prior to December 31, 2020, and 48 developments are online as of April, 2022. NYCHA has an additional 17 developments in construction. NYCHA has procured 4 Energy Service Companies (ESCO) for the next set of EPCs to install temperature sensors and task orders have been issued for 29 developments. NYCHA anticipates 3 submissions to HUD in 2022 for the next set of EPCs. The first will be submitted April 2022.*

Goal: Improved Response to Heating Failure

Objective: By October 1, 2019, NYCHA will establish an Action Plan that identifies, for each development, how NYCHA will respond to heating outages, taking into account resident populations, historical data about prior outages, the availability of on-site and remote maintenance personnel, and response times. The plan will include provisions for alternative heated community spaces for heating outages that are expected to last for a substantial duration. The plan will also address NYCHA’s policies for closing out work orders when the resident is not available at home or otherwise does not provide

access to his or her apartment to resolve a heating outage. The plan will be made available to the residents and posted online.

- **Progress:** *Individual Development Action Plans were completed and are fully accessible to all stakeholders via the following link: <https://my.nycha.info/DevPortal/>. The Monitor also transmitted an Action Plan for heat, which is fully accessible to all stakeholders via the following link: <https://www1.nyc.gov/assets/nycha/downloads/pdf/Heating-Action-Plan-12.4.19.pdf>. NYCHA will be updating the plans in the future to reflect changes in assets.*

Objective: Starting with the heating season beginning October 1, 2019, NYCHA will:

- a) Restore heat to units affected by a heating shortage within an average of 12 hours.
 - b) During the heating season, for 85% of heating shortfalls, NYCHA will restore heat to affected units within 24 hours, and in no event more than 48 hours. NYCHA may restore heat through the use of temporary replacement heating systems that comply with the N.Y.C. Admin. Code.
 - c) In any event in which heat is unable to be restored to a particular unit within 12 hours, appropriate NYCHA personnel distinct from the NYCHA personnel responsible for the heat restoration, as identified in an Action Plan, will undertake an investigation to determine the root cause(s) of such initial failure of the heating system and the failure to achieve the restoration of service within the timeframe, identify corrections to prevent or lessen the recurrence of such failures, and track the implementation of such corrective actions. Such information will be retained in a central repository to which all applicable maintenance staff and management have access.
- **Progress:** *In the 2021-2022 heat season, NYCHA resolved its heat outages in 8.4 hours. 97.8% of outages were resolved within 24 hours. One outage lasted over 48 hours. NYCHA continues to utilize the Heating Management Services Department (HMSD) 24x7 heat desk operation, where HMSD staff track work orders and use technology to identify triggers for potential service disruptions and quickly deploy staff. In addition, as of January 2nd, 2021, NYCHA assigned 16 additional Plumbing Teams dedicated to heating plumbing related repairs. Moreover, during extreme cold days, NYCHA activates a “Situation Room” to coordinate the response for interruptions and mobilization of resources in real time, and the constant monitoring of outage data to identify issues proactively. NYCHA also reviews the causes of outages to identify system components that may require extensive repair and or replacement. We then use this data to develop an operational investment strategy where we use operating dollars to make the identified repairs.*

Goal: Other Heating Obligations

Objective: In addition to meeting the goals above, NYCHA will perform the following tasks:

- By March 31, 2019, NYCHA will create a 24/7 Heat Desk that will monitor heating metrics and dispatch staff to correct deficiencies during the heating season.
- **Progress:** *NYCHA established a 24/7 Heat Desk on January 14, 2019.*

Objective: In addition to meeting the goals above, NYCHA will perform the following tasks:

- NYCHA will replace or address approximately 500 boilers by 2026
 - 297 boilers will be replaced by December 31, 2026 through NYCHA’s Capital Plan.

- **Progress:** *Since the HUD Agreement was signed in 2019, NYCHA has turned over 77 new boilers at 21 developments. At another 59 developments, NYCHA has ongoing, active projects to replace another 253 boilers by the end of 2026, totaling 330 boilers. These projects are funded through a range of sources including City capital dollars (including funds allocated pursuant to the City Capital Action Plan), State capital dollars, Sandy Recovery and Resilience funding, and federal capital funds, among others.*

Mold

Goal: Decreasing Mold Incidence and Recurrence

Objective: By January 31, 2024:

- a) For 85% of verified mold complaints, there will not be a second verified mold complaint in the same unit or the same common area room or hallway within a 12-month period.
 - **Progress:** *As of April 2022, 87.5% of units and 96% of common area complaints did not have a second verified complaint.*
- b) No more than 15% of verified mold complaints will be for mold covering 10 or more square feet in a unit or common area that is visible from within such unit or common area, unless NYCHA can document to the satisfaction of the Monitor that after having been advised by NYCHA to report incidences of mold, the resident did not report the incidence of mold until after the mold had reached this extent.
 - **Progress:** *As of April 2022, 87.7% of verified mold complaints in units and 77.9% of mold complaints in common areas covered more than 10 square feet.*
- c) Mold will not appear more than three times in a year in any single unit.
 - **Progress:** *As of April 2022, there were 63 units where mold appeared more than three times.*

Goal: Remediation of Mold and Moisture

Objective: By January 31, 2021:

- a) For 95% of instances in which a resident reports a mold complaint that is subsequently verified or NYCHA identifies mold in a unit, consistent with the NYCHA Standard Procedure SP 040:14:1, *Mold/Mildew Control in NYCHA Residential Buildings*, December 19, 2018 (revised February 26, 2020), within five business days of the resident reporting or NYCHA identifying mold in the unit, NYCHA will prepare and provide a written plan for addressing the root cause to the resident. NYCHA may meet this standard by mailing a copy of the written plan to the resident via U.S. or electronic mail within the five-day period.
 - **Progress.** *As of April 2022, (cumulative), NYCHA printed the written plan within five business days for 53.63 % of verified mold complaints*
- b) For 95% of instances in which a resident reports a mold complaint that is subsequently verified or NYCHA identifies mold in a unit, consistent with the NYCHA Standard Procedure SP 040:14:1, *Mold/Mildew Control in NYCHA Residential Buildings*, December 19, 2018 (revised February 26, 2020), within four calendar days of the resident reporting or NYCHA identifying

mold in the unit, NYCHA will schedule the initial mold inspection. In addition, NYCHA must remediate mold and its underlying root cause (i) within 7 days, for repairs that can be performed by a Maintenance Worker or Caretaker, or (ii) within 15 days, for repairs that must be performed by skilled trades workers or other specialized staff in one or more visits.

- **Progress:** *As of April 2022 (cumulative), 59% of mold inspections were completed in less than 5 days.*
- *As part of the Mold Busters process, Property Maintenance Supervisors (PMS) and Assistant Property Maintenance Supervisors (APMS) are responsible for conducting the mold inspection. In August 2020, the responsibility was extended to Property Managers to serve as back-ups to increase staff capacity to perform mold inspections. However, when looking at quarterly trends and the metrics outlined, NYCHA sees that it still must work to decrease the number of days between a complaint and a Mold Busters inspection. To improve operational response to inspect mold conditions and provide relief to the PMS and APMS titles, from September to May 2022, NYCHA's Office of Mold Assessment and Remediation is spearheading a pilot project to expand the inspection responsibility to Maintenance Workers. OMAR believes that Maintenance Workers can assist in expanding property management's capacity to conduct mold inspections because of the number of Maintenance staff NYCHA-wide and their experience conducting annual apartment inspections. The pilot is taking place at Castle Hill, Edenwald, Marble Hill, Melrose and Mitchel Houses. As part of this project, each development selected two Maintenance Workers, who completed the required Mold Busters Training - Mold: Inspection and Mold: Building Science – Inspector classes. The Maintenance Workers also shadowed their development's PMS and APMS staff during the inspections as part of the field training before independently performing mold inspections. The Office of Mold Assessment and Remediation is planning to roll out the Maintenance Worker Pilot initiative NYCHA-wide towards the end of 2022.*
- **Progress:** *As of April 2022 (cumulative), 15.9% of simple mold repairs were completed within 7 days and 3.88 % of complex repairs were completed within 15 days.*

*From February 2021, NYCHA's Office of Mold Assessment and Remediation, Operations, Strategy and Innovation, and Office of Management and Planning partnered to launch **Mold and Leak Prioritization Initiative (MLP) – Interdepartmental Effort** with the goal to strategically reduce the mold work order backlog on an expedited schedule through a unified effort across the Authority. By January 31, 2022, NYCHA closed 23,985 (69%) of the initial 34,713 work orders identified as part of the MLP - Interdepartmental Effort. In addition, NYCHA continues to address the backlog of aging mold and leak work orders through its Long-Term Pending Work Order Initiative (LTP). As of April 14, 2022, NYCHA has closed 18,770 work orders (96%) of the 19,608 work orders identified as part of the Long-Term Pending Work Order Initiative.*

- **Progress:** *In May 2022, NYCHA will introduce a dynamic scorecard which will rank all developments based on key Baez performance metrics. Developed in partnership with the Baez Independent Data Analyst (Stout), the scorecard model will allow NYCHA to better strategically deploy its operational response to improve adherence with court-*

ordered performance requirements. Those developments identified as needing support through the scorecard will be eligible to participate in the Office of Mold Assessment and Remediation's Enhanced Oversight Program (EOP). As part of EOP, OMAR will provide additional guidance and, when necessary, additional resources to those sites struggling in meeting their compliance requirements

- c) For 95% of reports to NYCHA of floods, leaks from above, and other conditions that cause sustained or recurrent moisture to flow into a resident's unit or the walls of the unit, NYCHA will abate the condition within 24 hours of a report of the condition to NYCHA, and NYCHA will remove any standing water that resulted from such condition within 48 hours of the report.

- **Progress:** *As of April 2022 (cumulative), 65.53 % of leaks and flooding conditions were abated within 24 hours.*

As part of the Leak Standard Procedure Pilot 2.0 ("Leak SP Pilot 2.0"), NYCHA has introduced two mandatory inspection questions to assist inspector to better evaluate and report conditions in the unit: (1) "Is there flooding condition?" and (2) "Is there standing water?". In 2022, NYCHA will work with the Baez Independent Data Analyst to introduce metrics to measure compliance with 24- and 48- hour requirements based on the documented response and subsequent work orders.

The Leak SP Pilot 2.0 was launched in December 2021 and is currently taking place at Brevoort Houses, Low Houses, Roosevelt I and Roosevelt II Houses. The pilot will further inform the implementation and rollout of the Leak Standard Procedure NYCHA-wide.

Objective: By the end of 2019, train 2,900 staff to improve mold inspections and to investigate building-level systems that contribute to mold.

- **Progress:** *Mold Busters includes customized hands-on training to ensure NYCHA staff have the tools for the effective and efficient identification and remediation of mold's root causes. Continuous training of existing and future staff in the Mold Busters process ensures knowledge continuity so that NYCHA continues to address mold's root causes during remediation efforts.*

NYCHA closed the initial Mold Busters training program in December 2019 after training 2,870 (99%) of the 2,900 staff. Mold Busters training was put on hold due to COVID-19, until the vendor, Environmental Education Associates (EAA) could implement partially virtual training. Due to attrition rates and other hiring at the Authority, the Mold Busters training was restarted in 2020 for newly hired staff. The training resumed in September 2020 and as of February 1, 2022, 1,416 additional employees received one or more of the following trainings:

- *Mold: Inspection course.*
- *Mold: Building Science - Inspector course.*
- *Mold: Building Science - Maintenance Workers course.*
- *Mold: Remediation Methods course.*

The traditional Mold Busters training is given to all new eligible NYCHA staff. The training represents a mix of online and in-person learning. This training is given to all newly hired staff as well as anyone that is flagged by the Compliance Department to be retrained. As of April 11, 2022, there were 276 employees pending the Mold Busters training as indicated in the chart below.

Mold Busters Training Update

| Mold Courses | Employees Trained 9/21/2020 to 4/1/2022 | Employees Pending Training 4/1/2022 |
|----------------------------|--|--|
| Remediation Methods | 740 | 220 |
| Inspection | 181 | 8 |
| BS for Inspector | 188 | 16 |
| BS for Maintenance Workers | 307 | 49 |
| Total: | 1,416 | 276 |

In addition, NYCHA offers Mold Busters Refresher training. This training is for staff who took the original Mold Busters training and is due for a Refresher training in two years. Refresher training consists of 4-hour virtual Inspection course and 4-hour in-person Remediation course.

Objective: Improve communication and notification to tenants regarding mold starting in 2019.

- Progress:** NYCHA’s Resident Engagement Department (RED) continued to proactively engage with residents. The Resident Engagement Department conducted outreach during the months of October-December 2021 to various developments that were engaged in the Tenant Associations election process. During that time, they engaged a total of 21 residents with the mold booklet and collected information for follow up with development staff. The Mold Busters website (<https://on.nyc.gov/mold-busters>) is being promoted through social networks weekly to ensure residents are continuously aware of NYCHA’s efforts to tackle mold and leaks. All the mold collateral is made available on the website for residents to review. As part of the Enhanced Oversight Program, OMAR’s Mold Response Unit (MRU), Operations and Compliance departments collaborated with OCC to assist NYCHA developments with an outdoor blitz’s event at Wagner houses on December 13, 2021. A total of 17 residents were engaged and the educational booklet was given to all residents who expressed concerns with mold and leaks.

In 2022, NYCHA increased the budget for Resident Communication Associates (RCA) from 30 to 34 lines. As of April 2022, NYCHA has hired 21 of 34 RCA, five of whom are NYCHA residents. Interviews are in progress to replace staff that left the Agency. The role of the RCAs is to coordinate with development staff and NYCHA residents to ensure completion of all mold remediation work.

NYCHA’s MRU has supported the independent court-appointed Ombudsperson Call Center (OCC) by using various engagement platforms to raise awareness of the OCC to NYCHA residents. The MRU team continues to engage resident leaders and conduct targeted outreach to NYCHA developments which historically have a higher rate of mold complaints. MRU has supported the independent court-appointed

Ombudsperson Call Center (OCC) by using various engagement platforms to raise awareness of the OCC to NYCHA residents.

The MRU team continues to engage resident leaders and conduct targeted outreach to NYCHA developments which historically have a higher rate of mold complaints. MRU continues to work with internal departments to disseminate OCC information and messaging. As of February 2022, collectively with OCC, OMAR's MRU has served nearly 9,000 NYCHA residents. This represents nearly 10,000 complaints and monitoring over 42,000 work orders. To date, 7,891 OCC cases were completed, and 2,013 OCC cases remain open.

Objective: Continue and accelerate roof repairs:

- a) By 2019, replace 96 additional roofs, benefitting 24,000 residents.
- **Progress:** *As of April 2022, 222 roofs have been replaced, benefiting approximately 49,000 residents. Eighty-one (81) additional roof replacements will be completed by December 31, 2022.*

Elevators

Goal: Improving Elevator Service

Objective: By January 31, 2022:

- a) 70% of buildings containing more than one elevator will have no more than one instance per year where all elevators are out of service (whether planned or unplanned) at the same time, and no such building will have more than three instances in a year.
 - b) 70% of elevators in all buildings will have an unplanned outage no more than eight times per year, and no elevator will have unplanned outages more than 15 times a year.
- **Progress:** *NYCHA has substantially completed a metrics dashboard which is under review for additional enhancements. ESRD continues to invest in air conditioners, as well as upgrade to water resistant door operators and currently utilizing dashboard data in reassigning staff to focus on preventive maintenance to reduce outages.*

Goal: Improved Response to Disruptions in Service

Objective: For the first year after January 31, 2019, NYCHA will reduce the duration of service outages by 10%, and 75% of no-service conditions will be resolved within 18 hours of the time NYCHA learns of them. The response rate will improve each year thereafter as determined by the Monitor and HUD based on the data NYCHA provides to the Monitor and HUD and the steps NYCHA has taken in executing its Action Plans.

Progress: *As mentioned above, NYCHA is in process of reviewing its Elevator Dashboard. From January 1 to May 23, 2022, there were 5,827 no service conditions with an average duration time of 7.4 hours. Only 68 no-service conditions exceeded 18 hours, meaning 98.8% of no-service conditions were resolved within 18 hours.*

In addition to hiring additional staff to reduce the duration of service outages, ESRD is exploring Electric Voltage Regulators (EVR) to increase voltage during summer months. This equipment will help prevent no service conditions in senior buildings as when the local utility company lowers voltage. ESRD is also exploring shift changes as we fill all the vacancies to increase response times and allow more preventive maintenance after normal business hours.

Goal: Improved Outage Identification and Notice

Objective: By July 31, 2019, NYCHA will institute and maintain a system that identifies every elevator outage and the start and end times of such outages identified by remote monitoring systems, work-order records, or any additional sources of outage information, and make that system accessible and available to all NYCHA personnel responsible for elevators and to other relevant personnel, including all development managers and the General Manager.

- **Progress:** *NYCHA met this obligation on a timely basis using its Maximo asset management software and a set of data reporting tools that have been built over time.*

Objective: By July 31, 2019, NYCHA will establish a system to provide residents of buildings affected by a planned outage 24-hours advance notice, and to provide residents of buildings affected by an unplanned outage notice within two hours of NYCHA learning of the outage. Such notice will include instructions regarding what assistance NYCHA has available for individuals with mobility impairments during the outage. Notice will occur by robocall and via postings within the affected building and on NYCHA's website.

- **Progress:** *NYCHA has enhanced its communications with residents regarding elevator outages. Residents affected by an unplanned outage are notified within two hours of the time NYCHA learns of the outage. Simultaneously, starting in November 2020, residents who may be affected by a planned outage are given at least 24 hours' notice of that outage through building flyers and notification of resident leaders.*

Goal: Other Obligations to Improve Elevator Service

Objective: NYCHA will replace or address at least 425 elevators by 2024:

1. 275 elevators will be replaced by December 31, 2024, through NYCHA's capital plan.
2. NYCHA will transfer 150 additional elevators to third-party management through the PACT Section 8 conversion program by December 31, 2024. The developer selected through PACT will replace elevators as needed in buildings under its purview.

- **Progress:** *As of April 2022, construction work for two elevators at Boston Road Plaza have been completed and both cars are in service. Two hundred and twenty-two (222) elevators at sixteen (16) developments are currently in design or procurement, the construction of which is slated to start in 2022. Construction has started at ten (10) elevators at one development in February 2022. Construction is planned to start in 2023 at an additional one development to replace 30 elevators. Through NYCHA's capital plan, three hundred and twenty-five (325) elevators are scheduled to be replaced by the end of 2024.*

Pests

Goal: Pest Population Reduction

Objective: By January 31, 2022, NYCHA will achieve a 50% reduction of its rat population across its portfolio, a 40% reduction in its mice population across its portfolio, and a 40% reduction in its roach population across its portfolio. By that time, NYCHA will also achieve a percentage reduction in its bedbug population across its portfolio, to be determined by the Monitor.

Progress: In early 2020, NYCHA began surveying randomly selected apartments for their level of pest infestation. This program is called the NYCHA Pest Infestation Index. Inspections were suspended due to COVID-19 and the Monitor, NYCHA, and HUD worked to confirm how work order data, combined with inspection results, could be utilized to set an accurate pest baseline. Another set of 2,000 inspections were re-started as part of the NPII Program in February 2022 and were completed in April 2022, four days ahead of the scheduled completion date. The results of these inspections will now be integrated with the prior effort to set an accurate baseline and begin reporting progress. Once that baseline is determined, NYCHA will track reductions in its pest population using that baseline.

Goal: Improved Response to Resident Complaints

Objective: By January 31, 2021, NYCHA will:

- a) Respond to 75% of all rat complaints within two business days, and to all rat complaints within five days;
 - **Progress:** As of March 2022, 51% of rat complaints were responded to within two business days and 57% within 5 calendar days.
- b) Respond to 75% of all other pest complaints within seven days, and to all other pest complaints within 10 days;
 - **Progress:** As of March 2022, 38% of other pest complaints were responded to within seven days and 43% were responded to within 10 calendar days.
- c) Apply effective pest control methods (in compliance with applicable law, including the Federal Insecticide, Fungicide, and Rodenticide Act, 7 U.S.C. § 136 *et seq.*), to address any verified complaints within seven days; and
 - **Progress:** NYCHA developed a dashboard to track progress toward the above metrics. This dashboard was substantially completed in April 2021. As of March 2022, from the time an exterminator confirms the infestation to treatment, is done in less than 7 days 98% of the time. NYCHA exterminators also have begun plugging holes, using HEPA vacuums to vacuum up roach residuals, sealing cracks and educating residents with fliers about how to keep their homes pest free. By adding these additional duties, exterminators will get to the root cause of an infestation and fix that, which will reduce repeat infestations in the future.
- d) Provide expedited response and application of pest control methods in cases where NYCHA is aware that a resident of the unit has asthma or another condition generally recognized as being caused or exacerbated by exposure to pest infestations (for example, other respiratory illness, immune deficiency/suppression, and/or effects of certain medical treatments). In an Action Plan, NYCHA and the Monitor will establish a procedure for informing residents of a process through which residents may notify NYCHA if anyone residing in a unit has such a health condition.
 - **Progress:** In August 2020, NYCHA launched an enhancement to expedite pest appointments for households that are “pest sensitive” as evidenced by a member of

that household having asthma, or another health condition generally recognized as being caused or exacerbated by exposure to pest infestations. If a household has had a DOHMH asthma violation since 2013, reports using a life sustaining device on their annual review, they have a reasonable accommodation because of a respiratory issue, or they mention an issue to the Customer Contact Center (CCC) representative when creating a pest work order, their pest complaint will be scheduled one priority point quicker on the priority matrix mentioned previously than if they did not have these conditions.

Goal: Targeted Relief for Infestations

Objective: By July 31, 2019, NYCHA will, for any unit that has more than one pest infestation complaint verified by NYCHA staff within 12 months, (a) cause a professional using integrated pest management (IPM) techniques to evaluate the unit and its immediately adjacent units and common areas within 30 days to identify any circumstances specific to that unit that may have contributed to such recurrence (including, but not limited to, unaddressed leaks, proximately located trash, or holes in walls), and (b) address, consistent with IPM principles, any such circumstances within the following 30 days.

- **Progress:** *This program was completed in December 2020. NYCHA identified 7,408 primary impacted units (PIU) subject to the targeted pest relief requirement above. NYCHA determined that separating the PIUs into two categories to prioritize the work was the most effective way to treat units with a recurring pest issue. NYCHA split the PIUs as follows: 2,645 units with open work orders for pest relief (the “First Priority PIUs”); and 4,763 units with closed pest relief work orders (the “Second Priority PIUs”). NYCHA completed inspections and treatments of the First Priority PIUs in January 2020. Inspections and treatments of the Second Priority PIUs were suspended due to COVID-19, but the program re-started in September 2020. NYCHA also completed inspections and treatments of units adjacent to these primary units, if necessary, based on the level of infestation in a primary unit, by the end of 2020. In 2021, NYCHA implemented a protocol that if an exterminator treated a high roach infestation, a medium or high mouse infestation or any level of rat or bedbug infestation work orders would be created for apartments above, below, and side to side, to schedule, inspect and treat if needed.*

Goal: Implementation of IPM Practices

Objective: By January 31, 2020, NYCHA will incorporate industry-standard IPM practices, including Northeastern IPM Center (NortheastIPM.org and StopPests.org), Integrated Pest Management – A Guide for Affordable Housing, using the current edition at the time of the pest complaint, as developed under an interagency agreement between HUD and the U.S. Department of Agriculture for their Delivery of IPM Training to PHAs project; and current editions of other professional IPM resources as the Monitor may approve, into building operations in all NYCHA properties.

- **Progress:** *At the end of 2020, 77% of property level staff have taken a webinar on IPM practices and scored above 80% on the test. In addition, new hire IPM training was rolled out based on employee title and will be given four times a year. In 2020, NYCHA also completed in-person IPM training for all exterminators. To assist with the IPM rollout, NYCHA has also added supplies to developments and created a digital toolkit that management can refer to for IPM*

tips. NYCHA has also added several digital tracking mechanisms to work orders so NYCHA is able to see when exterminators use caulking, remove frass, use the HEPA vacuum, and give IPM educational materials to residents. All of these elements are part of an IPM plan that aims to find the root cause of a pest infestation, such as a hole or food source and fix the root cause, instead of relying solely on pesticides. In January 2021, NYCHA launched a new Integrated Pest Management standard procedure across the portfolio that sets new standards for pest management. As of February 2022, exterminators caulk in cabinets 14.38% of the apartments they work in, plug holes with metal mesh 10.3% of the apartments they work in, wipe up roach shells and eggs in 18% of apartments that they treat for roaches, and use a HEPA vacuum to vacuum up roaches in 17.4% of apartment that they treat for roaches.

Objective: By January 31, 2020, NYCHA will send staff appropriately trained on IPM to respond to any pest complaint.

- **Progress:** *NYCHA trained 189 staff members (all extermination staff, selected maintenance staff and supervisory staff) in IPM on September 16, 17, 23, and 24, 2019. There was also a 3-day DOHMH training about rat reduction on September 17, 18 and 19, 2019 for 30 NYCHA exterminators and staff managing the rat reduction program. As of September 2020, NYCHA completed in-person IPM training for all exterminators in 2020 and in 2021 there was handheld training to reiterate how to report their new IPM duties. This is all supplemented by on site shadowing by supervisors and pest control technical advisors that continue to train.*

Goal: Daily Inspections and Trash Collection

Objective: By July 31, 2019, NYCHA will, no less than once every 24 hours, inspect the grounds and common areas of each building for cleaning and maintenance needs, including pests and trash, and correct such conditions. In particular, NYCHA will ensure that trash on the grounds or common areas of each NYCHA building is collected and either removed from the premises or stored in a manner that prevents access by pests at least once every 24 hours.

- **Progress:** *NYCHA policy mandates that waste, including trash and litter found through inspection, be collected by Caretakers at least once per day or every 24-hours. NYCHA has begun a Garbage Truck Pilot in Brooklyn. As part of the pilot, NYCHA purchased two 6-yard rear-loading garbage trucks to supplement DSNY collections with Waste Department collections for use at six developments (listed below) on non-DSNY collection days resulting in these developments having the benefit of curbside garbage collection either 5 days or six days a week.*
 - *Unity Plaza*
 - *Park Rock Consolidated*
 - *Reid Apartments*
 - *Garvey*
 - *Ocean Hill*
 - *Low Houses*

The program has been highly successful, resulting in much cleaner conditions on the grounds, sidewalks and streets at these developments. The Waste Management Department hopes to expand this program by purchase or lease of additional dump trucks of varying sizes, with a

view towards dramatically reducing the amount of unsecured garbage sitting curbside for an unreasonable period of time as well as having these trucks for special cleanups throughout the Housing Authority.

Additionally, NYCHA is using City Capital Action Plan funds to replace all interior and exterior compactors that have passed their useful life. These funds provide for the replacement and room restoration of 1,600 interior compactors and the redesign of up to 194 waste yards. These changes will provide significant improvements in equipment and working conditions for NYCHA staff to handle waste and recyclables. Changes to Alternative Work Schedule schedules have also improved NYCHA staff's ability to handle waste and recyclables. The schedule changes ensure the development will have a sufficient level of staff at the property to complete necessary work daily and evenly throughout the week. In 2022 NYCHA is looking forward to kicking off two Design-Build contracts for re-envisioned waste infrastructure, expanding access to on-site composting, and launching a demonstration project on containerizing curbside refuse and recyclables.

Goal: Other Pest Obligations

Objective: In addition to meeting the above, and except where otherwise provided in an approved Action Plan, NYCHA will perform the following tasks:

- a) NYCHA will install 8,000 door sweeps on basement doors with gaps by March 31, 2020.
 - **Progress:** *In February 2022, NYCHA reached its goal of 8,000 door sweeps.*
- b) NYCHA will install 50 rat slabs by December 31, 2020.
 - **Progress:** *17 rat slabs have been installed to date. The contractor has resumed work after COVID-19-related pauses, and work is expected to be done for all 50 slabs by the end of December 2022.*
- c) NYCHA will dedicate at least 20 full-time exterminator staff to conduct ongoing, comprehensive, preventative maintenance treatments in public spaces for developments within the Rat Mitigation Zone (RMZ).
 - **Progress:** *As of May 2022, Pest Control has hired 26 exterminators to focus on rats on grounds and basements in the RMZ. The RMZ are 101 developments identified through a partnership with DOHMH as having the highest rat population within NYCHA's portfolio. Nine of the 26 exterminators are from the Resident Economic Empowerment & Sustainability (REES) program for exterminators.*
- d) NYCHA will install exterior bulk crushers or retrofit exterior compactors with auger bulk crushers at 10 developments by December 31, 2022.
 - **Progress:** *NYCHA has completed the installation of bulk crushers at ten developments. The list of developments includes: Baruch, Bushwick, Butler, Coney Island (Sites 4 & 5), Linden, Smith, Wald, Washington, Williams Plaza, and Woodson. A bulk crusher will be*

installed at seven additional developments as part of a comprehensive waste yard redesign project, all to be completed March 31, 2024.

Annual Inspections

Goal: Conduct Annual Inspections

Objective: NYCHA will conduct annual inspections of developments. To complete its annual inspections, NYCHA will either: (a) inspect each occupied unit each year; or (b) inspect its units pursuant to such other program of annual inspection that is consistent with I-HUD Public Housing Management E-Newsletter, Vol. 3, Issue 1 (January 2012).

- **Progress:** *Beginning in 2017, NYCHA established an annual inspection program pursuant to which Maintenance Workers inspect approximately fifty percent (50%) of all units at each development, each year. Since 2018, NYCHA has alternated each year between inspecting units on (i) even numbered floors, and (ii) odd numbered floors at each development to ensure that each unit is inspected at least once during a two-year cycle. As of June 3, 2022, NYCHA has completed 50% of its annual inspections.*

Objective: By May 1, 2019, and thereafter, annual inspections will include having the person conducting the inspection perform any minor repairs during the inspection.

- **Progress:** *NYCHA's Maintenance Workers closed thousands of repair work orders during the course of annual inspections, as shown by records in Maximo, NYCHA's asset management software. NYCHA also codified this practice, including a list of minor repairs required to be conducted during an annual inspection, in its Standard Procedure for Periodic Apartment Inspections. During calendar year 2021, NYCHA has trained Maintenance Workers on the new Standard Procedure. As of June 3, 2022, a total of 9,638 apartment inspections had minor repairs performed.*

Objective: By June 28, 2019, NYCHA will submit an Action Plan to the Monitor for complying with the requirement to conduct annual inspections and perform minor repairs during such inspections. The Action Plan will include procedures for (i) on-site completion of minor repairs during inspections, and (ii) the scheduling of other inspection-identified maintenance deficiencies for subsequent repair.

- **Progress:** *The Monitor transmitted an Action Plan for annual inspections, which is fully accessible to all stakeholders via the following link:*
https://www1.nyc.gov/assets/nycha/downloads/pdf/Annual_Inspection_Action_Plan_Final_12.9.2020.pdf.

Organizational and Operational Initiatives

Goal: Organizational Changes and Improvements

Objective: Establish three new departments to improve compliance, accountability, and environmental health and safety:

- a) Compliance Department
- b) Environmental Health & Safety
- c) Quality Assurance

- **Progress:** NYCHA appointed a Chief Compliance Officer, an Environmental Health and Safety Officer, and a Quality Assurance Officer in 2019 and 2020. The leadership has developed procedures, hired personnel, and set priorities to carry out the responsibilities required by the Agreement. Incremental progress updates on the development and activities of the three Departments is set forth in the Federal Monitor’s Quarterly Reports, available at <https://nychamonitor.com/>.

Objective: The Compliance Department will develop a framework to ensure that all workers will have the necessary certifications to perform their duties.

- **Progress:** In coordination with NYCHA’s Learning & Development Department, the Compliance Department continues to monitor and advise Departments on certification requirements, particularly for lead, HUD inspections, and gas qualifications. With respect to lead, which is a requirement of NYCHA’s agreement with HUD, as of December 2021, 3,518 employees had completed the Initial Renovator RRP Training (8 hours) and 2,332 completed the RRP onsite training. NYCHA plans to roll-out a 3-hour RRP refresher training in May 2022.

As mandated by the HUD Agreement, the Compliance Department helps manage the three-day PHAS UPCS Deceptive Practices training which commenced in October 2019. The training includes scheduling, attendance, test scores, and distribution of plaques and is continuously being tracked by the Compliance Department. Phase 1 Training was focused on Maintenance Workers and Senior Operations staff. 98% of the staff requiring Phase 1 Training had received this training by December 31, 2020. Any staff member who was not trained in this cohort will be folded into the next 3-day training, which started in 2022. Phase 2 Training for approximately 3,000 other employees (primarily Caretakers) started in February 2021. As of August 1, 2021, a total number of 3,383 Caretakers are required to take the training. As of December 31, 2021, 2,766 or 81.8% of all Caretakers have completed the training.

The Compliance Department has also helped coordinate efforts to ensure (1) NYCHA’s exterminators receive the requisite certifications from the Department of Environmental Conservation; (2) NYCHA’s plumbers are certified as “gas qualified” under Local Law 150 of 2016; and (3) NYCHA’s elevator personnel meet the new licensing requirements issued by the Department of Buildings in 2021.

Section B: NYCHA 2.0 Real Estate Development Activities

Goal: PACT to Preserve

Objective: Establish a 62,000-unit program that will address roughly \$12.8 billion of capital needs over 10 years using HUD Section 8 conversion programs, including RAD.

- **Progress:** Approximately 15,000 units have converted to Section 8 and more than \$3.40 billion in renovations have already been completed or are under construction across New York City. That includes:
 - Completion of \$579 million in major upgrades at more than 3,200 apartments in Queens and the Bronx; and

- *Approximately \$2.8 billion in major upgrades under construction at approximately 12,200 apartments that are home to more than 33,000 New Yorkers.*

PACT Partners have been designated for another transaction that is expected to close in 2022, comprising approximately 550 units. An additional 19,000 households are currently in the planning and engagement stage.

Goal: Build to Preserve

Objective: Fund approximately \$2 billion in capital repairs across approximately 10,000 NYCHA apartments using revenue generated from mixed-income developments

- **Progress:** *NYCHA selected developers for two “Build to Preserve” sites: Holmes Towers and Wyckoff Gardens. Additionally, NYCHA released an RFP in April 2021 to implement a community-driven preservation and investment strategy at Fulton, Chelsea, Chelsea Addition, and Elliott Houses in the Chelsea neighborhood. The four developments, which include 2,073 apartments across 24 buildings in the Chelsea section of Manhattan, have an estimated total of \$366 million in extensive capital need and repair costs ranging from heating infrastructure to building security improvements. NYCHA and resident leaders selected partners at the end of 2021.*

Goal: Transfer to Preserve

Objective: Generate \$1 billion for capital repairs through the transfer of unused development rights (“air rights”) to adjacent, privately owned sites.

- **Progress:** *NYCHA completed two air rights transfers, one at Ingersoll Houses in Brooklyn and another at Hobbs Court in Manhattan, generating approximately \$27 million in proceeds for capital repairs.*

Section C: HireNYCHA

Goal: HireNYCHA

Objective: Train an additional 250 NYCHA residents per year, a 70% increase over current efforts at the NYCHA Resident Training Academy (NRTA). Due to COVID-19, the HireNYCHA launch has been delayed and its budget goals have been modified.

- **Progress:** *In 2021, NYCHA conducted resident outreach and assessment resulting in fifty-five (55) residents passing the first application steps for HireNYCHA training. NYCHA collaborated with CUNY and SCSC Group to offer OSHA 30 and Site Safety Training 10-hour course to residents interested in a career in construction. Forty (40) slots were offered to residents and thirty residents (30) completed the 40-hour training and received their NYC Site Safety Training certification. This certification is required to work at most NYC construction sites. Additionally, via the HireNYCHA program, Building Skills New York was contracted to provide construction related certification training and employment assistance to a minimum of fifteen (15) NYCHA residents.*

Objective: Improve Section 3 compliance tracking for the new HUD Section 3 rule.

- **Progress:** NYCHA has begun implementation of a new, industry standard software to improve Section 3 compliance tracking. The new software is being rolled out to NYCHA vendors in a phased approach beginning April 2022 for select contractors. In addition, an interim memo will be issued to staff by the end of April 2022 detailing how NYCHA staff and contractors should use existing forms to report out on Section 3 benchmarks. The revised Section 3 Standard Procedure is expected to be finalized in 2022.

Objective: Partner with the NYC Department of Small Business Services.

- **Progress:** NYCHA has a long-standing partnership with NYC Small Business Services (SBS). NYCHA and SBS have partnered together on large scale recruitment events, such as supporting test and trace and vaccination site employment initiatives. NYCHA and SBS routinely work together to host other local job recruitment events at targeted developments. In 2015, NYCHA, SBS and other partners launched the NYCHA Food Business Pathways program – a 10-week business development program customized for NYCHA residents and Section 8 voucher holders who want to start or grow their own food businesses. As of September 2020, Food Business Pathways has graduated 271 residents and registered 189 businesses. In 2016, NYCHA and SBS launched Childcare Business Pathways – for NYCHA residents who are interested in operating a licensed homebased childcare business from their NYCHA apartment. As of September 2020, Childcare Business Pathways has graduated 99 residents resulting in 39 licensed business across 6 cohorts.
- In 2020, NYCHA in partnership with SBS launched Catering Business Pathways as many of the participants were only offering catering services versus wanting to open a brick and mortar restaurant. The first cohort had 24 resident graduates and completed in March 2020 right before the pandemic shutdown. Due to lack of funding, there were no new training cohorts for the Food, Catering and Childcare Business Pathways in 2021. In 2021, NYCHA partnered with SBS to provide business development workshops for Business Pathways alumni. This consisted of workshops for Childcare businesses on financial management, increasing customers; and for Food/Catering businesses on building a brand, securing capital. Additionally, an 8 session Business Pathways Refresher Bootcamp was held during November and December 2021 to provided alumni with a refresher on basic entrepreneurial skills.

In Fall 2021, NYCHA launched Construction Business Pathways for NYCHA public housing and Section 8 residents interested in starting or growing a business in one of the construction trades. This initiative is funded by Chase through the Fund for Public Housing. The classroom portion of the program ended in December 2021. As part of this initiative, NYCHA will work with SBS to coordinate no-cost OSHA 30 and Site Safety Training for Construction Business Pathways program participants to complete these trainings in 2022.

Additionally, NYCHA and SBS have partnered to recruit residents into primer training programs offered by SBS's Industry Partnerships and in 2016 launched a 70-hour academic preparation program to support NYCHA residents who have graduated pre-apprenticeship programs but need further instruction to prepare for the competitive International Brotherhood of Electrical Workers (IBEW) Local 3 aptitude exam. As of December 2021, there have been 5 cohorts (one

of which one was funded by a NYCHA contractor) and shorter test prep classes, led by NYCHA, resulting in 38 NYCHA residents passing the Local 3 exam.

Goal: NYCHA-STAT

Objective: Continue holding NYCHA-STAT meetings, a centralized review of key performance indicators and development/department-level management.

- **Progress:** *NYCHA Statistics, Trends, and Tracking (STAT) meetings are a priority as part of NYCHA's Transformation Plan. Since January 2021, NYCHA has been hosting monthly virtual NYCHA-STAT meetings in compliance with current COVID-19 guidelines. Eleven meetings were held in 2021 and eleven are scheduled for 2022 (with five held as of May 2022). Over 100 NYCHA staff attend the monthly meetings.*

Section D: Additional Goals

Goal: Promote Equal Opportunity in Housing

- **Progress:** *NYCHA reaffirms its commitment to affirmatively further fair housing through its sustained relationships with residents, applicants, advocates, and organizations that assist people with disabilities and promote fair housing. NYCHA's Department of Equal Opportunity (DEO) Services for People with Disabilities Unit (SPD), assists applicants and residents with disabilities in obtaining decent, affordable, and accessible housing in NYCHA developments. SPD serves as a liaison between the disabled community and NYCHA. In 2021 SPD responded to, or assisted with, 366 reasonable accommodation matters from residents, applicants, Section 8 voucher holders, and/or their respective advocates. In 2021, SPD handled approximately 3,135 matters involving a range of services, including assistance with documentation, transfer requests, modifications of priority status, and reasonable accommodation requests for remediation of mold conditions in connection with asthma. There were no visits due to COVID and SPD provided information to a variety of organizations, including New York Legal Services, ADAPT, Mayor's Office for People with Disabilities, and many others. Applicants, residents, and others in need of assistance with disability issues may call SPD's hotline at (212) 306-4652 or TTY at (212) 306-4845. Due to COVID-19 office safety restrictions, SPD operated remotely with video and teleconferencing beginning in March 2020 and continued through 2021.*

NYCHA affirmatively furthers fair housing by providing equal housing opportunities to residents, applicants, and Section 8 voucher holders. Residents, applicants, and Section 8 voucher holders may file housing discrimination complaints with NYCHA. They are investigated internally to determine if the individual has been the subject of unlawful discrimination and whether corrective or conciliatory action is necessary. In addition, applicants who have been found ineligible for public housing and assert the denial was based on their disability can have their cases reviewed by SPD.

The DEO conducts internal investigations of complaints of fair housing discrimination by public housing residents and applicants for public housing. In 2021, DEO reviewed 41 new fair housing matters and 22 had basis for investigation. DEO closed 39 fair housing complaints with 20 having basis for investigation in 2021. Due to COVID-19 office restrictions, DEO's Office of

Employment & Fair Housing Investigations (“OEFHI”) team conducted intakes and interviews remotely with video and teleconferencing.

| Complaint Basis | 2021 |
|---------------------------|-------------|
| Sexual Harassment | 8 |
| Race | 4 |
| Multi-Basis | 2 |
| National Origin | 2 |
| Religion | 2 |
| Disability | 1 |
| Gender | 1 |
| Gender Identity | 0 |
| Other | 0 |
| Sexual Orientation | 0 |
| Total | 20 |

In 2021, the SPD conducted zero disability-related right reviews of applications in which disabled applicants challenged their ineligibility for housing and asserted disability discrimination.

The NYCHA Fair Housing Non-Discrimination Policy Statement is available on NYCHA’s website at <https://www1.nyc.gov/site/nycha/about/policies-procedures.page> and in audio format at 212-306-4600. DEO provides annual updates to NYCHA’s non-discrimination policies, including the NYCHA Fair Housing Policy; Reasonable Accommodation Policy for Tenants, Housing Applicants and Section 8 Voucher Holders; Equal Employment Non-Discrimination Policy; and Sexual Harassment Prevention Policy. These NYCHA policies were last revised in January 6, 2021 and include the provision of reasonable accommodations for applicable protected classifications, including disability and victims of domestic violence, under relevant federal, state, and local laws.

NYCHA’s policy is to take reasonable steps to ensure Limited English Proficient (LEP) persons may effectively participate in, and benefit from, NYCHA programs and services. The policy is in accordance with the U.S. Department of Housing and Urban Development notice entitled “Final Guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient (‘LEP’) Persons.” This final notice was published in the Federal Register at 72 FR 2732 (January 22, 2007).

NYCHA’s Language Assistance Services Standard Procedure, updated most-recently on February 7, 2019, provides procedures and staff responsibilities to ensure NYCHA’s language access policy is achieved. Specifically, the standard procedure addresses, among other things: procedures for identifying LEP individuals with the assistance of language identification cards; staff procedures and supervisor responsibilities for obtaining translation or interpretation services for LEP individuals; the posting of notices in public areas within Development Management Offices, Borough Offices and waiting rooms informing LEP individuals of no-cost language access services; training requirements to ensure awareness of and compliance with NYCHA’s language access procedures; language access reporting and

oversight responsibilities; and a requirement that NYCHA's language access policies be reviewed every three years.

Access Resources

NYCHA's Language Access Coordinator and the Language Services Unit oversees NYCHA's language access policies. The LSU team is currently staffed by five full-time interpreters (one Spanish language interpreter, two Chinese language interpreters fluent in both Mandarin and Cantonese, and two Russian language interpreters), as well as one temporary Spanish and Chinese language interpreters. In addition to providing translation and interpretation services, the LSU serves as a resource for staff in understanding and applying NYCHA's language access procedures, coordinates requests from NYCHA departments for written translation and interpretation services, manages vendors providing language services and tracks language access metrics.

NYCHA relies on staff and vendors to provide language services including telephonic, remote meeting and in-person interpretation as well as paper, webpage or other electronic document translations. In providing these services, NYCHA staff serve in one of three primary functions. First, bilingual staff may directly serve LEP individuals they or their departmental colleagues encounter. Second, staff may participate in NYCHA's Language Bank of volunteer interpreters and translators. Finally, departments that frequently encounter LEP individuals, including the Customer Contact Center, Department of Equal Opportunity, Office of Impartial Hearings, Operations, Public Housing Property Management, Leased Housing's Section 8 program, and Resident Economic Empowerment & Sustainability and Resident Engagement, assign a staff member to serve as the department language liaison. Liaisons serve as language access ambassadors for their department as well as identify vital documents requiring translation.

To supplement staff resources, NYCHA's language access vendors provide interpretation services as well as primary document translation and secondary quality assurance review. Through NYCHA staff and vendors, language services are available in well over 100 languages.

During normal operations and since the onset of the COVID-19 pandemic, resident communications have been provided in Spanish, Russian, Chinese Simplified, and Chinese Traditional, which are the most frequently requested languages for translation and interpretation services at NYCHA. In addition, contracted services were executed with an external language vendor to translate essential communications in the following eight other languages: Arabic, Bengali, French, Haitian Creole, Korean, Polish, Urdu, and Yiddish.

Key documents are also translated and posted on NYCHA's website in Spanish, Russian, Chinese Simplified, and Chinese Traditional.

In 2021, LSU handled 412 interpretation requests and 2,745 translations requests comprising of 7,439 pages. This year (as of March 2022), LSU has handled 71 interpretation requests and 729 translations requests comprising of 1,563 pages. For telephonic interpretation services, LSU can provide the services directly or transfer the call to the new Language Assistance Hotline for assistance through an external language vendor that provides on demand over-the-phone interpretation services in more than 100 languages.

NYCHA property management staff also utilize the Language Assistance Hotline which continues to improve customer service for LEP residents; reduces wait times for over-the-phone interpretations; improves tracking and reporting for language services; and enhances efficiency in the delivery of language assistance.

MyNYCHA

As of December 2021, MyNYCHA app has 106,134 registered users in English and 4,409 registered users in Spanish. In 2022, MyNYCHA app is being enhanced to include Russian and Chinese language options. NYCHA residents have used the MyNYCHA mobile app and website to file more than \$2.2 million tickets since its inception in 2015.

NYCHA Self-Service Portal

In 2021, the Self-Service portal received 6763 requests for Spanish, 2531 for Chinese Simplified, 756 for Russian and 524 for Chinese Traditional. Since the launch of the Self-Service Portal in 2016, 400,271 public housing residents and Section 8 voucher holders have used the portal for important tenancy related processes.

“Where We Live NYC”

“Where We Live NYC” is a collaborative, City-led process to promote fair housing, confront segregation, and take action to advance opportunity for all. Through this initiative, the City of New York and NYCHA are working with community leaders, residents, and government partners to analyze fair housing issues more thoughtfully and develop innovative goals and strategies to empower more residents to live in thriving neighborhoods. The Where We Live NYC Draft Plan was published in January 2020.

Goal: Violence Against Women Act (VAWA)

Objective: Assist residents who are victims of domestic violence, dating violence, sexual assault, and stalking to obtain an expedited confidential transfer and to enhance their safety.

- **Progress:** From January 1, 2021, through December 31, 2021, the following cases were approved for transfer:

| | |
|---|-------------|
| VAWA Victim of Domestic Violence | 1069 |
| VAWA Dating Violence | 211 |
| VAWA Sexual Assault (includes Child Sexual Victims) | 48 |
| VAWA Stalking | 206 |
| Intimidated Victim | 408 |
| Intimidated Witness | 20 |
| Victim of Traumatic Incident | 12 |
| Total: | 1974 |

2. SIGNIFICANT AMENDMENT AND SUBSTANTIAL DEVIATION OR MODIFICATION OF THE AGENCY PLAN

Criteria for Significant Amendment or Modification of the Agency Plan and/or Capital Fund Program Five-Year Action Plan:

NYCHA will amend or modify its agency plan and/or Capital Fund Program Five-Year Action Plan upon the occurrence of any of the following events during the term of an approved plan(s):

1. A change in federal law takes effect and, in the opinion of NYCHA, it creates substantial obligations or administrative burdens beyond the programs then under administration, excluding changes made necessary due to insufficient revenue, funding or appropriations, funding reallocations resulting from modifications made to the annual or five-year capital plan or due to the terms of a judicial decree.
2. Any proposed demolition, disposition, homeownership, Capital Fund financing, development or mixed-finance proposals.
3. Any Capital Fund project not already in the Five-Year Action Plan for an amount greater than \$500 million excluding projects arising out of federally declared major disasters.
4. Any other event that the Authority determines to be a significant amendment or modification of an approved annual plan and/or Capital Fund Program Five-Year Action Plan.
5. For purposes of any Rental Assistance Demonstration (“RAD”) project, a proposed conversion of public housing units to Project Based Rental Assistance or Project Based Voucher Assistance that has not been included in an Annual Plan shall be considered a substantial deviation.

D. Additional Information

Second Replacement Housing Factor (“RHF”) Funding Groups

1) Second RHF Funding Group – First Increment RHF Plan

- NYCHA will accumulate five years of Second Funding Group, First Increment Replacement RHF grants totaling \$7,110,861 for use in up-coming mixed-finance development activities. Since annual awards are small, NYCHA accumulates these grants over several years to have sufficient funding to complete a transaction.
- NYCHA has obligated all of grant NY36R005501-08 (\$853,997), NY36R005501-09 (\$790,086), NY36R005501-10 (\$776,218) and NY36R005501-11 (\$395,955) for construction of public housing units in the Randolph South Mixed-Finance transaction.
- NYCHA has obligated all of grant NY36R005501-12 (\$1,538,254) and a portion of NY36R005501-13 (\$651,630) for Phase I of the Prospect Plaza HOPE VI Revitalization Project.
- NYCHA has obligated a portion of the NY36R005501-13 (\$628,726) and all of grant NY36R005501-14 (\$1,475,995) for Phase II of the Prospect Plaza HOPE VI Revitalization Project.
- NYCHA has transferred the entire NY36R005501-16 (\$692,021) grant for RAD rent boost.
- NYCHA is planning to use the NY36R005501-15 (\$987,856) grant toward a future RAD deal covering the Reid and Park Rock Consolidated PACT/RAD project, which received a CHAP from the Office of Recapitalization on January 11, 2022.

2) Second RHF Funding Group – Second Increment RHF Plan

- NYCHA will accumulate five years of Second Funding Group, Second Increment RHF grants totaling \$2,578,340 for use in up-coming mixed-finance development activities.
- NYCHA has obligated all grants NY36R005502-10 (\$258,796), NY36R005502-11 (\$333,158), NY36R005502-12 (\$496,383), NY36R005502-13 (\$646,103) and NY36R005502-14 (\$743,900) for construction of public housing units in Phase II of the Prospect Plaza HOPE VI Revitalization Project.
- NYCHA is planning to use the NY36R005502-15 (\$759,649) grant toward a future RAD deal covering the Reid and Park Rock Consolidated PACT/RAD project, which received a CHAP from the Office of Recapitalization on January 11, 2022.

At this time, NYCHA is evaluating plans for the NY36R005502-17 (\$234,795) and the remaining portion of the NY36R005502-16 grant (\$131,670).

ATTACHMENT F

Admissions Policy for Deconcentration

HUD regulations (24 CFR Part 903) require a discussion of HUD's Deconcentration Requirement in NYCHA's FY 2023 Annual Plan. It was determined from the following Deconcentration Analysis that NYCHA does not need to develop an additional Deconcentration Plan for its Fiscal Year 2023 Annual Plan to comply with HUD's requirement.

Although 16 of NYCHA's qualifying 124 consolidated developments fall outside of an Established Income Range ("EIR"), NYCHA is exempt from developing an additional Deconcentration Plan to bring the 16 developments within the EIR primarily because all of NYCHA's developments are part of an explicit strategy to promote income mixing in each of its developments. This strategy is detailed in the Income Mixing Plan of NYCHA's Tenant Selection and Assignment Plan, and therefore, NYCHA already has a deconcentration plan built into its rental scheme.

Deconcentration Analysis

The Rule to Deconcentrate Poverty and Promote Integration in Public Housing applies to all Public Housing Authorities ("PHA") funded by HUD, but specifically excludes from its applications the following types of developments within a PHA:

- developments with fewer than 100 public housing units;
- developments that are designated for elderly and/or disabled persons only;
- developments that are part of a homeownership program; and
- developments that are operated in accordance with a HUD approved mixed-finance plan using HOPE VI or public housing funds.

The developments' characteristics and tenant income data are from the Tenant Data System database as of March 1, 2022. This database contains household-level data for every occupied unit within NYCHA developments.

Of the 157,334 occupied units¹⁸, there are 131,328 units within 124 consolidated developments¹⁹ that do not meet the exemption criteria and therefore, were used in this analysis.

Gross mean incomes from the excluded types of developments and units were not used in the calculation of the overall NYCHA mean. In total, 26,006 occupied units were excluded from the analysis. See the Appendix for a list of the individual excluded developments.

¹⁸ There are 157,334 public housing households as of March 1, 2022.

¹⁹ For the purposes of this analysis, there are 124 consolidated developments that have units that are not exempt from the application of the Deconcentration Rule. However, there may be units within these 124 consolidated developments that have been excluded.

As per Step 3 of the Final Rule, a development will be considered below the EIR if its mean gross household income²⁰ is less than 85% of the NYCHA mean; and a development will be considered above the EIR if its mean gross household income is above 115% of the NYCHA mean. The 2022 NYCHA mean gross household income is \$24,906, resulting in a lower EIR limit of \$21,170 and an upper EIR limit of \$28,642. In a recent amendment to the Deconcentration Rule, the definition of the EIR has changed to:

“include within the EIR those developments in which the average income level is at or below 30% of the area median income, and therefore ensure that such developments cannot be categorized as having average income ‘above’ the Established Income Range.”

30% of the 2022 HUD Area Median Income for the New York City HUD FMR Area (HMFA – includes the five boroughs and Putnam County) is \$28,350. However, this is less than 115% of the NYCHA mean gross household income, and therefore, NYCHA’s 2022 upper EIR limit remains at \$28,642.

Table I shows that out of the 124 consolidated NYCHA developments that are not exempt from the application of the Deconcentration Rule, there are 3 developments with 3,196 occupied units with gross mean household incomes below the EIR and 13 developments with 9,866 occupied units with gross mean household incomes above the EIR.

**TABLE I
Summary Table**

| Development Category | LOWER INCOME DEVELOPMENTS MEAN INCOMES <\$21,170 | | HIGHER INCOME DEVELOPMENTS MEAN INCOMES >\$28,642 | | TOTAL | |

| Sedgwick | 045 | Bronx | \$20,994 | 762 |
| Total | | | \$20,446 | 3,196 |

²⁰ Mean gross household income is defined as total household income before deductions.

The table above only includes units within the consolidated developments that qualify for inclusion in the Deconcentration Analysis, i.e., it excludes units that are elderly-only, mixed-finance, FHA, Hope VI, or MHOP.

**TABLE III
HIGHER INCOME DEVELOPMENTS**

Table III lists the 13 consolidated developments with a mean gross household income greater than 115 percent (\$28,642) of the NYCHA mean of \$24,906.

The table above only includes units within the consolidated developments that qualify for inclusion in the Deconcentration Analysis, i.e., it excludes units that are elderly-only, mixed-finance, FHA, Hope VI, or MHOP.

Step 4 of the Deconcentration Requirement is an “option to provide reasons developments are outside of the Established Income Range.” In other words, it provides the opportunity to exclude entire developments or selected units from the application of the requirement to deconcentrate poverty and mix incomes if the income profile for these units or developments is consistent with furthering both the goals of deconcentration and the local goals and strategies contained in NYCHA’s Annual Plan. Developments and unit types that fall into this category are not limited to, but include those developments that:

- are subject to a consent decree agreement or a judicial decree covering the resident selection;
- are part of a PHA program/strategy that is specifically authorized by statute such as mixed income or mixed finance developments, a homeownership program, a strategy designed

to promote income-mixing in public housing or one designed to raise the income of public housing residents;

- are designed via size, location or other configuration to promote income deconcentration; or
- have income characteristics that can be explained by other circumstances.

All 16 NYCHA developments that have mean gross incomes outside of the EIR from the Deconcentration Requirement should be excluded, because all NYCHA developments are part of NYCHA's explicit strategy to promote income-mixing in each of its developments. That strategy is spelled out in NYCHA's Tenant Selection and Assignment Plan ("TSAP"). Under the TSAP, each development must adhere to income-mix requirements each year, renting no less than 40% of its vacancies to Very Low-Income Families (making 30% or less of area median income), but balancing that with the Working Family Preference, which gives priorities to higher-income and working families.²¹ This plan has been in place since 1998. Over time, it should produce a generally uniform and healthy income mix in all NYCHA developments. Since NYCHA already has this deconcentration plan built into its rental scheme, it need not do anything more to comply with the Deconcentration Requirement.

NYCHA has chosen, however, to be more aggressive in addressing the income mix at the Lower Income Developments. It has therefore targeted its Economic Integration Plan to those developments.

Step 5 of the Deconcentration Requirement outlines the policy for deconcentrating poverty and income mixing in developments where the developments' income profiles outside the EIR cannot be explained or justified. Step 5 also specifies that a PHA will be found in compliance with the Deconcentration Requirement if:

- all of the PHA's developments are within the Established Income Range;
- the PHA provides sufficient explanation in its Annual Plan to support the income mix of developments above or below the EIR as consistent with and furthering the goal of deconcentrating poverty, income mixing and the goals of the PHA's Annual and Five-Year Plans; or
- the agency's deconcentration policy provides specific strategies to promote deconcentration of poverty and income mixing at developments that are outside the EIR.

As explained above for Step 4, NYCHA can justify all the developments outside the EIR, because they are all part of the TSAP income-mix rental scheme. Even if this could not satisfy Step 4, however, NYCHA's TSAP rental scheme would satisfy Step 5, since it already constitutes a sufficient

²¹ Federal law requires PHAs to rent no less than 40 percent of their vacancies to Very Low Income families, but it does not require them to apply this requirement to each development. NYCHA has chosen to apply the requirement to each development, with the explicit goal of producing a more uniform income mix. Likewise, NYCHA has designed its Working Family Preference to bring more working families into *each* development, to achieve a healthy and uniform income mix.

deconcentration plan explicitly designed to achieve a uniform and healthy income mix in each development. However, as noted above in Step 4, NYCHA has chosen to be more aggressive in addressing the income mix at the Lower Income Developments and has targeted its Economic Integration Plan to those developments. The Economic Integration Plan includes the following element:

- Applications Outreach to Tier III and Tier II applicants with incomes exceeding the “non-elderly average,” informing them that they may be selected sooner for an eligibility interview if they are willing to accept one of the Working Family Priority Consolidations.

Community Service Description of Implementation

NEW YORK CITY HOUSING AUTHORITY
Community Service Policy Overview

According to requirements of Federal Law, all public housing residents who are not exempt must perform Community Service or Economic Self-Sufficiency activities for 8 hours each month as a condition of tenancy. This Community Service Policy Overview explains the exemptions and describes the Community Service requirement. During the Annual Review process the Authority will advise families of their Community Service status.

NYCHA will be increasing efforts to enforce this requirement and will be engaging with residents and resident leaders toward this end. NYCHA has developed strategies to provide additional assistance to help residents comply with this mandate including:

1. Trying to increase the opportunities available through resident association driven activities to fulfill this requirement;
2. Providing additional information to residents using letters, posters, and Journal articles as well as the NYCHA website (including NYCHA activities that can be used for Community Service and links to other websites where eligible activities can be found); and
3. Making it easier to document service by working with resident associations to provide receipts for Community Service hours at suitable events/activities.
4. Updating the community service procedure; community service forms are now requested, reviewed, generated and digitally stored in NYCHA database system. This allows increased transparency and improved reporting metrics for NYCHA due to the ability to monitor the specific community service hours completed, owed, as well as the different exemptions and credits for residents.
5. Reports have been created that allow NYCHA to monitor resident compliance with community service requirement
6. NYCHA residents now have the option of mailing completed community service forms and applicable supporting documents directly to NYCHA central imaging unit or submitting it to their property management office. Staff will mail to the central imaging unit on their behalf.
7. Property management staff was trained on the updated community service procedure and community service forms. This will enable staff to inform and assist residents with the community service updates.
8. NYCHA will also complete systems enhancements that will allow NYCHA residents the ability to request and submit community service forms via NYCHA self-service portal. This will allow residents to submit and request community service forms at any time.

For those required to perform Community Service, successful documentation of the needed hours is a condition of tenancy and failure to perform this service can result in termination of tenancy.

I. EXEMPTIONS FROM COMMUNITY SERVICE

There are many exemptions which allow residents not to perform Community Service. An exemption will excuse the resident from the performance of Community Service during the tenant's one-year Lease term, unless the exemption is permanent. Some exemptions can be

identified by NYCHA using information in the Annual Review or Resident file. Others may be granted only after residents submit documentation. Forms and information are available from property management staff. When documentation is required for an exemption all forms must be filled-out and signed and returned to the development property management office.

A. Exemptions NYCHA identifies - No Additional Documents Needed

1. **Age** - Below Age 18.
2. **Age** - Age 60 and older (permanent exemption).
3. **Employed** - An adult with no child below age 13 in the household and earning at least \$21,060 per year or working a minimum of 30 hours per week.
4. **Employed** - A single adult family with at least one child below age 13 in the household and earning at least \$14,040 per year or working a minimum of 20 hours per week.
5. **Employed** - A two adult family with at least one child below age 13 in the household: either or both adults must work and must earn at least \$24,570 per year, or either or both together must work a minimum of 35 hours per week, on the average.
6. **Disability Income** - Receiving Supplemental Security Income ("SSI").
7. **Public Assistance** - All authorized family members living in the same apartment will be exempt from performing community service for one year if at least one family member receives welfare assistance or participates in a program that receives welfare monies and is in compliance with the rules of the program (*This exemption may require signed documentation*).

B. Other exemptions - granted only with supporting documentation

8. **Blind / Disabled** (Certification by a doctor is required).
9. **Receiving Social Security Disability ("SSD") Income.**
10. **Primary caretaker for the blind or disabled.**
11. **Vocational educational training** (available only **one** time per resident).
12. **Job skills training** directly related to employment, including attendance in a trade school. (The resident might not be currently employed, but employment may be dependent on successful completion of job training).
13. **Education directly related to employment**, in the case of an individual who has not received a high school diploma or a certificate of high school equivalency, if employment is dependent on successful completion of job training.
14. **Satisfactory attendance at secondary school** or higher.
15. **Satisfactory attendance in a course of study** leading to a certificate of general equivalence, if the resident has not completed secondary school or received such a certificate.
16. **Work experience** (including work associated with the refurbishment of publicly assisted housing) if sufficient private sector employment is not available, e.g., Youthbuild.
17. **On-the-job** training.
18. **Childcare provider** to a NYCHA child resident age 5 or younger (including your own child), if the child's parent - also a NYCHA resident:
 - Is performing Community Service, OR
 - Is exempt by NYCHA from performing Community Service because the parent is employed;
 - Childcare provider to a child age 6 through 12 may qualify if the child does not attend school due to Home Schooling, Home Instruction or is exempted by a school from attending for that year.

II. COMMUNITY SERVICE CREDITS

The following are CREDITS that reduce or eliminate the number of community service hours that a resident must perform in one year. These credits apply to the following special circumstances or activity. Note that the maximum number of hours that any resident must perform in one year is 96 hours (8 hours per month). One credit is equal to one hour of community service performed.

1. **Resident Association (“RA”) Officer:** A RA President, RA executive board members or Citywide Council of Presidents receive a credit of 8 hours of community service during any month in which they serve in office.
2. **Foster Parent:** A foster parent whose foster child(ren) lives in the same NYCHA apartment receives a credit of 8 hours of community service for every 30 days that the foster care relationship continues. Even if there is more than one foster child in the apartment, the credit remains at 8 hours per 30 days.
3. **Job Search and Job Readiness Assistance:** The resident is credited with **16** hours of community service (and not more than 16) for any job search activities during any lease year. This is **not** an Exemption although verified on the *Community Service Exemption Verification – Education Job Training* form.

Job readiness assistance includes any of the following criteria:

- Training in job-seeking skills;
 - Training in the preparation of resumes or job applications;
 - Training in interviewing skills;
 - Participating in a job club;
 - Other related activities that may assist an individual to secure employment;
 - Receipt of Unemployment Insurance Benefits qualifies as job search.
4. **Military Service:** Any resident performing military service who is either on Active Duty (in the: Army, Air Force, Navy, Marine Corps or Coast Guard) or in a Reserve Component (in the: Army National Guard, Air National Guard, Army Reserve, Air Force Reserve, Navy Reserve, Marine Corps Reserve or Coast Guard Reserve) receives a credit of 96 hours of Community Service.
 5. **Temporary illness:** A resident who is ill and unable to work shall receive a credit of 8 hours for every 30 days of illness.
 6. **Victims of Domestic Violence, Intimidated Victims, and Intimidated Witnesses (VDV/IV/IW):** A resident whose request to transfer to another development as a VDV/IV/IW has been approved, receives a credit of 8 hours of community service for every 30 days that the transfer request is pending, or until the resident moves out of the apartment.
 7. **Incarceration:** A resident shall be credited for 8 hours of community service for every 30 days during his/her incarceration. Upon release from jail, the resident is required to perform community service, unless otherwise exempt.

III. COMMUNITY SERVICE REQUIREMENT

Residents who are not exempt must perform Community Service or Economic Self Sufficiency activities at the rate of 8 hours per month. These hours may be performed flexibly. It is acceptable to perform less than 8 hours during any month if those hours are made up during another month. The resident **must**, however, be in compliance with the full number of hours at the annual review period, as reported on the Status Notice.

1. **Service Status Notice:** If the Service Status on the Status Notice for any household member is “Community Service Required”, the resident has to submit Community Service Performance

Log or Community Service Requirement Exemption Request form within 30 days of the date of the Status Notice. If NYCHA does not receive Community Service Performance Log or Community Service Requirement Exemption Request within 60 days from the date the forms are sent, the resident will be mailed the Determination of Non-Compliance /Workout Agreement. If the Determination of Non-Compliance /Workout Agreement is not received within 30 days from it being sent, NYCHA will initiate termination proceedings against the tenant.

2. **Performance of Community Service:** Residents may perform Community Service either at a facility located within a NYCHA development or a non-NYCHA facility. There are a wide range of providers that residents may choose from who offer many different types of Community Service eligible activities. A resident may, but does not have to, perform all Community Service activities with one provider. The resident may perform a variety of Community Service or Economic Self-Sufficiency activities.

| | |
|---------------|--|
| NOTICE | NYCHA does not endorse any particular organization or assume any liability in connection with a resident's Community Service. Each resident is solely responsible for seeking an appropriate organization to fulfill this federal law requirement. |
|---------------|--|

Residents must provide verification of the services performed by submitting the *Community Service Performance Verification* form. They can do this by submitting the completed forms to staff at their property management office to be mailed to NYCHA’s central imaging center or the resident can mail the forms directly to NYCHA’s central imaging center. Once the forms have been received by the NYCHA central imaging center, the community service forms will be uploaded to the residents’ account for NYCHA staff to review and process. The resident can submit these forms at any time during the year. The resident must complete the owed hours by the date of their next annual recertification.

Development Demographic Changes

Stanton Street (NY005013590)

Stanton Street is a 13-unit public housing development located at 189-191 Stanton Street, in lower Manhattan. The development is designated to serve a special needs population involving persons with acute immunological disorders of a degenerative nature or other disabilities or medical conditions requiring a high level of physical and supportive service accommodations, including homeless persons. NYCHA administers a site-based waiting list for this development. As approved by HUD, the first priority for these apartments is given to applicant referrals from designated public and private social service agencies for Stanton Street who are homeless. The second priority is given to NYCHA residents who were originally referred by designated public and private social service agencies for Stanton Street.

Based on the data available on March 1, 2022, Stanton Street housed 13 families having the following racial/ethnic characteristics. There were no changes found in the race/ethnic characteristics for these families. There were 3 heads of households reporting having a disability.

Smoke Free Housing Statement

The U.S. Department of Housing and Urban Development (HUD) required all public housing authorities to have a smoke-free policy in place by July 30, 2018. The HUD regulations are intended to improve indoor air quality, benefit the health of public housing residents and staff, reduce the risk of fires, and lower overall maintenance costs. Secondhand smoke increases the risk of asthma attacks, respiratory illness, stroke, heart disease, and lung cancer in nonsmoking adults and children. Children and seniors, nearly half of NYCHA residents, are often the most impacted by secondhand smoke. Eliminating smoking indoors and close to buildings is the best way to protect people from exposure to secondhand smoke.

NYCHA's smoke-free initiative, Smoke-Free NYCHA, is designed to create healthier homes for residents and healthier working environments for employees by reducing exposure to secondhand smoke and providing support to residents and employees who smoke and want to quit. The policy took effect on July 30, 2018 and was amended in 2022 in response to New York State's Marijuana Regulation and Taxation Act of 2021.

NYCHA's Smoke-Free Policy

NYCHA prohibits the smoking of tobacco and marijuana products in restricted areas. Smoking means inhaling, exhaling, burning or carrying any lighted or heated cigar, cigarette, little cigar, pipe, water pipe (hookah), or any similar form of lighted object or device containing tobacco or marijuana. Restricted areas include public housing apartments, all interior areas, and areas within 25 feet of public housing buildings or to the property boundary if less than 25 feet from a NYCHA building. Smoking in these areas is a violation of the public housing lease.

In addition, using electronic cigarettes (also called e-cigarettes or e-cigs) in indoor common areas is prohibited under local law. Local law also prohibits smoking in playgrounds. Local law does not prohibit the use of electronic cigarettes outdoors or inside apartments.

It is the responsibility of residents to inform their guests and visitors of the smoke-free policy and to ensure guests and visitors do not violate the policy. Residents are accountable for their own violations of the policy, as well as violations of their guests and visitors. The policy is about the smoke, not the person who smokes. NYCHA shall not deny housing to an eligible family because a household member is a smoker.

NYCHA's adoption of its smoke-free policy does not make it a guarantor of the smoke-free condition of restricted areas. NYCHA will take reasonable steps to enforce its policy. Property Management staff enforces the Smoke-Free policy using an informal resolution process and a graduated enforcement approach with educational efforts.

Partnering with Residents, the NYC Health Department and Other Leaders

In August 2020, NYCHA launched the Smoke-Free NYCHA Liaison program. Smoke-Free NYCHA Liaisons serve as community health workers that can answer questions about the policy, coach residents who want to quit or reduce tobacco use and provide relevant resources to help residents adhere to the policy. NYCHA is also working to assist resident leaders across the City who are interested in working to build support for Smoke-Free NYCHA at their development.

Since the release of the HUD Rule, NYCHA has engaged residents, staff, city agencies, experts in smoking cessation, and others in dialogue about smoking and health. Smoke-free housing policy is fundamentally about promoting healthy living and working environments, and NYCHA will continue to work collaboratively to develop strategies and resources to educate residents about the health risks of exposure to secondhand smoke and to connect residents to cessation services for those who want to quit.
