Dear

We are writing to inform you that you have outstanding judgment violations adjudicated by the Office of Administrative Hearings, Environmental Control Board (ECB) that total

We have notified the New York City Department of Transportation (DOT) of these judgments. As a result, your DOT permit or permit application is at risk of being denied, revoked, or suspended. To prevent these actions, you must pay your judgment debt or enter into a payment agreement immediately.

Please note that in addition to any action that DOT may take on your permit or permit application, interest will continue to accrue on all outstanding judgment balances. Also, if you do not respond within 10 days of the date of this notice, the Department of Finance may use all legally available means to enforce these judgments, without further notice. This may include, but is not limited to, seizure or levy of your property, garnishment of your wages, and assignment of your judgment debt to a collection agency. Please see the reverse side of this letter for additional information about your legal rights.

To arrange for payment of your judgments, please visit [www.nyc.gov/citypay](http://www.nyc.gov/citypay) and use the OATH ID listed above. To enter into a payment plan, or if you believe any of the charges are incorrect, please call the Department of Finance at (212) 440-5300 and select option 2 for OATH/ECB violations.

Thank you in advance for your timely response.

Sincerely,

The Treasury & Payment Services Division

# QUESTIONS FROM THE INDUSTRY

## Revision to permit stips to deal with parking

- I would like to discuss the contractors need to reserve parking to perform work and the possibility of including a new stip, or revising stip 078. The requested revision would allow the contractor to maintain material/barricades in the parking lane only when used to reserve parking to perform work.
- The current issue is that we are getting denied Stip 20 which would allow us to store material. I have included a recent summons as an example
