

CHECK LIST

Generations+/Northern Manhattan Health Network September 17, 2010-----

Dear Readers:

As you know, Jose R. Sanchez, LMSW, LCSW, has an extensive and successful trajectory in the public health field. Presently, he is Senior Vice President of the Generations+/Northern Manhattan Health Network. Mr. Sanchez first joined the New York City Health and Hospitals Corporation as Executive Director of North Central Bronx Hospital in early 1996. By the end of 1996 he was named to the position of Executive Director of Metropolitan Hospital, and in May 1997, Senior Vice President of the Generations+/Northern Manhattan Health Network. In 1998 Mr. Sanchez was appointed Executive Director of Lincoln Medical and Mental Health Center.

Under his leadership, the Network's acute care facilities have successfully achieved Joint Commission accreditation, each with scores excelling the national trends. Among his achievements, Mr. Sanchez has expanded primary care services, invested substantial resources in infrastructure improvements, and implemented state-of-the-art technologies to create greater efficiencies and improved patient care. He now moves on as President and CEO of a private hospital in Chicago. This special edition of the CHECK LIST features our favorite pictures of Mr. Sanchez and captures "Moments in Time" from 2005 to 2010.

The Generations+/Northern Manhattan Health Network thanks Mr. **José R. Sánchez, LCSW, LMSW**, for his unwavering dedication to the facilities of Northern Manhattan and the South Bronx, and the communities we serve.

His legacy from 1999 to 2010 includes the creation of a cohesive team of creative, committed professionals (providers, administrators and support staff) to tackle the unique health issues of our communities. Our Network is nationally recognized, our employees strive to show the dignity and compassion demanded by the example of our leaders. **THANK YOU.**
