

Columbus Avenue Parking-Protected Bicycle Path – Phase I (West 96th to West 86th Streets)

Implementation – Week 1 (Aug. 16 – Aug. 20, 2010)

- Contractor installed temporary markings for lane lines, “floating parking lane”, channelization, mixing zones, and left-hand turn lanes between West 97th – West 86th Streets

Columbus Ave, facing south from West 97th Street

- Contractor installed thermoplastic markings over temporary markings for “floating parking lane” and striped buffer

Columbus Ave facing south towards West 88^h Street

Columbus Ave, between West 97th and West 96th Streets

- Contractor installed green paint on bike path from West 96th Street to mid-block between West 87th and West 86th Street (relocated towed vehicle blocked completion of green paint installation)

Columbus Ave, facing north from West 90th Street

Columbus Ave, facing north towards West 87th Street

- Majority of vehicles parked in “floating parking lane” without being told, including delivery trucks; cyclists began using the facility almost as soon as yellow tape was removed

Columbus Ave, facing north between West 95th and West 94th Streets

- DOT installed MUNI Meters and No Stopping Anytime regulations for left-turn treatments; some segments being assessed to allow loading windows for deliveries and access-a-ride

Columbus Ave, facing south between West 91st and West 90th Streets

Week 1 Summary:

- Channelization and left-turn only lane completed on Columbus Ave from West 97th – West 96th Streets
- Floating parking lanes and buffers completed on Columbus Ave from West 96th – West 86th Streets
- Mixing zones mostly completed on Columbus Ave from West 96th – West 88th Street (yield teeth installation to commence Week 2)
- Left-turn only lane mostly completed on Columbus Ave at West 86th Street (installation of “ONLY” and left-turn arrow markings to be continued Week 2)
- Lane lines completed on Columbus Ave between West 97th and West 94th Streets (installation of lane lines and road wording “FIRE LANE” and “SCHOOL X-ING” to be continued Week 2)
