Disease Prev & Treat- Bio Terrorism

Funding for the Office of Emergency Preparedness and Response. The Office is working with other agencies to prepare for the detection and establish a response plan in case of a bioterrorist event (the intentional use of infectious biological agents, or germs, to cause illness) in New York City. The Office has established a comprehensive surveillance system to improve its ability to detect and respond to the release of a biological agent, and is continuously looking for any indication of bioterrorism in the City by regularly working with all healthcare providers to monitor any unusual disease clusters. Additionally, several surveillance systems are in place to quickly detect an increase in unusual illnesses, including monitoring of 911-ambulance calls and emergency department visits. The response plan includes coordinating with OEM and other City, State, and federal agencies; alerting hospitals and the medical care community; communicating with the public; and ensuring that appropriate medical care and prevention services are provided.

Disease Prev & Treat- HIV/AIDS

Funding for the Bureau of HIV/AIDS Prevention and Control, which works to eliminate new HIV transmissions and to reduce the morbidity and mortality among NYC residents living with HIV. Key strategies include increasing routine HIV testing, linking and keeping HIV-infected New Yorkers in HIV primary care, promoting early antiretroviral treatment to persons living with HIV, conducting surveillance and program planning, and promoting and normalizing consistent safer sex product use, including male and female condoms. The Bureau focuses on populations with disproportionate rates of HIV infection through a wide range of education, outreach, and prevention strategies.

Disease Prev & Treat- Sexually Trans Dis

Funding for the Bureau of Sexually Transmitted Diseases Prevention & Control, which works to promote healthy sexual behavior and reduce the impact of STDs. The Bureau provides direct clinical services and partner services; monitors disease trends; partners with community groups, private providers and other agencies; performs outreach; provides education; and conducts research and develops policy to improve sexual health and wellness. Trends in existing and emerging STDs are monitored and new knowledge about STDs, risk behaviors, treatment and prevention is gathered through research, and future-looking policy plans are developed. The program also promotes behavior that prevents the spread of STDs, while diagnosis, counseling, and partner notification and referral are provided to those suffering from STDs.

Emergency Preparedness and Response

Funding for the Office of Emergency Preparedness and Response. The Office is working with other agencies to prepare for the detection and establish a response plan in case of a bioterrorist event (the intentional use of infectious biological agents, or germs, to cause illness) in New York City. The Office has established a comprehensive surveillance system to improve its ability to detect and respond to the release of a biological agent, and is continuously looking for any indication of bioterrorism in the City by regularly working with all healthcare providers to monitor any unusual disease clusters. Additionally, several surveillance systems are in place to quickly detect an increase in unusual illnesses, including monitoring of 911-ambulance calls and emergency department visits. The response plan includes coordinating with OEM and other City, State, and federal agencies; alerting hospitals and the medical care community; communicating with the public; and ensuring that appropriate medical care and prevention services are provided.

Department Of Environmental Protect.

Engineering Design and Construction

The primary responsibility of the Bureau of Engineering Design and Construction is the planning, design and construction of major water quality related capital projects. These projects focus on two important issues for the City - the continued delivery of high quality drinking water to the City and the continued improvement of water quality within the New York Harbor and estuaries.
