¹Total admissions include all youth admitted to detention during the fiscal year; youth may be admitted multiple times during a fiscal year on the same case or on new allegations of delinquency.

²A youth's race and/or ethnicity is self-reported at the time of admission. If a youth reports any Hispanic heritage, they are classified as Hispanic in this report.

³Charge information is manually entered into the CJIS database by juvenile counselors based on received police or court paperwork, and reflects the most severe charge listed on the admission paperwork at the time of admission.

⁴Youth are admitted to detention by the New York City courts, police department, and other justice agents. This information describes youth who initially enter detention following a judicial order or a police arrest. A small number of youth are admitted by other authorities and are not included in this charge-level analysis.

⁵Charge categories reflect groupings of specific penal code charges; except for attempted murder, all attempt-level charges are included in their actual charge category. Pre-petition refers to youth initially admitted to detention prior to the filing of the petition.
