District Manager's Report

Executive Officer 40th Police Precinct, New York City Police Department said thanks for having me, I'm the Executive Officer for the 40th Precinct.

So, if anyone is interested in specific numbers on CompStat the information is available at nypd.org, and you can get the concept sheet from the precinct. We've had a pretty good year compared to a lot of other commands, but crimes are down for the 28-day period and slightly up in robberies that's always a big concern. Our two main concerns so far for the year and for our 28-day period which is a month are assaults and GOA's.

I also want to mention the positive thing which is always our main priority in the 40 Precinct and in the Bronx in general our shootings are down. We're addressing quality of life targeting the gang members responsible for violence and we've seen some positive changes. It's a slow process but we're starting to get more cooperation from the Bronx DA when we do make arrests. The part that we are not seeing that with is felony assaults.

Mr. Freddie Perez, Jr. Acting Chairperson said thank you for your presentation. At this time, we're opening up the forum for questions from the Boardmembers. Please can any Boardmember raise their hand if they have a question. Now we will take any community member who has a question?

FULL BOARD

Mr. Freddie Perez Jr., Acting Chairperson, said I want to thank you for coming and giving us a comprehensive report tonight and as always, you're always welcome.

The next item on the agenda is the Housing Bureau Police.

Executive Office PSA7 Housing Bureau Police, New York City Police Department said good evening how is everybody I've been assigned here for about a year, and I started my career in the 40th Precinct so it's kind of nice to be back where I started.

Basically, everything we're seeing in PSA7 along with what Deputy Inspector Tompkins just said you know one shooting is obviously too many, but we are down 3 less shootings this year over last year. The latest one over at 152 was a gang thing we hope to make an arrest on that in the future. For these 28 days we have 7 vehicles 2 were scooters and the other 5 were Kia's, like the Inspector said if you have a Kia there's updates for that to fix the keys so that not easily stolen.

Then the only other thing I have is along with him we received 10 new officers straight out of the academy, so you'll see them out at the developments starting on Sunday.

Mr. Freddie Perez, Acting Chairperson said at this time any Boardmember that has a question raise their hand.

Now we will take any community member who has a question?
