II) Presentation(s):

- A) Dilletta Pina made a presentation about Residential Parking. Making us aware that City Assembly is looking to expand the proposed Residential Parking Permit program beyond the 60th Street and North in Manhattan to all 5 Boroughs. She plans to keep us updated with any developments and information.
- B) Jacqueline Carter Assistant Director from the MTA, presented information about the upcoming elevator install at the Bedford Park D and B Train Station. They have named a contractor and look to kick off construction this summer. They plan off peak work hours to lessen the impact on transit. Street work should be daytime and station work at night.
- C) Mathew Orencio presented about a preliminary test of a Dockless Bike share program being tested in our area, may be rolled out as soon as July, 2018. They are still working on the specifics and who the vendor will be. One of the test areas includes Fordham Rd.
- D) Edgar Ramos presented about the DOT Car Share Program presently being tested in the Parkchester Area. A program making cars available to those that do not need vehicles daily. Basically it provides for Parking Spaces curbside dedicated for Car Share Vehicles. Any non Car Share vehicles will be towed.
