We are a 501c3 organization structured to help our members expand their capacity, so that they can ultimately become more viable businesses. We’re comprised of a number of M/WBE certified companies looking to broaden their reach, become more operationally sophisticated, and to network with prospective clients. Our mission at MWCDA is to facilitate an environment where there is more entrenched diversity within the ranks of owners as trade contractors, whether they be sub or prime, and real estate developers.”*

The committee and presentors had a very productive and comprehensive conversation on minority & woman owned business issues & concerns.
