

District Service Cabinet Summary

January 16, 2024 - 1:00 PM

Description: The City Charter establishes a District Service Cabinet (DSC) in each community district, to be composed of agency officials responsible for local service delivery. The District Manager of the Community Board chairs the District Service Cabinet, whose members include representatives of the agencies that deliver local services to the Community District. The District Service Cabinet is the primary mechanism through which local service delivery issues can be raised, discussed and resolved. If used effectively, the Cabinet can provide the basis for a comprehensive approach to service delivery within the community district.

I. Service Requests

1. MTA

- A.** Recap on feasibility of bus turn before Clason Pt Park (Potential Swing Gate Closure)- CB9 heard back from MTA regarding this unfortunately closing the gate would significantly impact bus operations. There may be a way to close the gate at 11pm and open at 6am. The commissioner will have to discuss with her team and get back to us.
- B.** Alternative ADA complaint access to Parkchester platform during escalator replacement work- Waiting to hear back from MTA.

II. Agency Reports / Announcements

- A.** DSNY, 70 percent of sanitation workers will be working on snow operations and hope to be back to normal tomorrow
- B.** Mayor's Office, Alina stated that the mayor's office is sending out upcoming weather alerts and information on asylum seekers
- C.** NYCEM, Fellowship applications open January 29th and close March 17th
<https://www.nyc.gov/site/em/about/news.page>
- D.** DFTA, Josue stated that the older adult centers are a great way to get services for seniors
- E.** DSS, <https://hoperegistration.cityofnewyork.us/>
- F.** Public Advocate, Gina Williams stated that there will be a black history month celebration in February. Ms. Williams also stated that if there's anyone with heating issues to please report to 311 and contact her office after reaching out to 311 as well.
- G.** NYPD, Sgt. Soriano discussed issues in the district with DM Rivera, DOT, and Sanitation
- H.** Unionport Bridge
Unionport Bridge work activities:
 - Continue installation of barrier gate at the east approach (between Westchester Creek & Brush Ave).

- Continue formwork installation at the north deck of the bridge (north deck over counterweight).
- Continue installation of bridge operating machinery for the north bascule span.
- Continue installation of bridge railing.
- Continue steel installation at the north bascule span.
- Continue testing/bridge opening of the south bascule span.
- Continue installation of machinery at the bascule pier and control house.
