

District Service Cabinet Summary

October 17, 2023 - 1:00 PM

Description: *The City Charter establishes a District Service Cabinet (DSC) in each community district, to be composed of agency officials responsible for local service delivery. The District Manager of the Community Board chairs the District Service Cabinet, whose members include representatives of the agencies that deliver local services to the Community District. The District Service Cabinet is the primary mechanism through which local service delivery issues can be raised, discussed and resolved. If used effectively, the Cabinet can provide the basis for a comprehensive approach to service delivery within the community district.*

I. Service Requests

1. MTA/Parks

Clason Pt Swing Gate Potential Closure - Follow-up email to be sent from CB9

2. Parks
