Statement of Basis and Purpose of Proposed Rule

The proposed rule amendment will lower the civil penalty amount for failure to file a certification of inspection of a building’s gas piping system for 3-family buildings. The civil penalty amount applicable to such buildings will be lowered from \$5,000 to \$1,500. The lower amount will be less of a hardship for owners of these smaller buildings (the smallest buildings that are subject to this requirement) yet still serve as a penalty for noncompliance. For larger buildings, the civil penalty amount for failure to file a certification of inspection will stay the same.

The Department of Buildings’ authority for this rule is found in sections 643 and 1043 of the New York City Charter and Article 318 of Chapter 3 of Title 28 of the New York City Administrative Code.

Subdivision (f) of section 103-10 of subchapter C of chapter 100 of Title 1 of the Rules of the City of New York is amended to read as follows:

(f) Civil penalties for failure to file certification. A building owner who fails to submit a certification required to be submitted pursuant to this section on or before the filing due date specified in [such] paragraph (4) of subdivision (a) of this section will be liable for a civil penalty of:

- (1) One thousand five hundred dollars (\$1,500.00) for a 3-family building; or
- (2) five thousand dollars (\$5,000.00)[, payable to the Department] for all other buildings.
