### Article VII - Administration

Chapter 4  
Special Permits by the City Planning Commission  
~~12/7/80~~  
74-682  
Development over streets

In R9 or R10 Districts when the air space above a #street# or portion thereof is closed, demapped and conveyed by the City to the owner of an adjoining #zoning lot# owned by a non-profit institution pursuant to State enabling legislation enacted in 1971, the City Planning Commission may, by special permit, allow in such demapped air-space, ~~considered as part of the adjoining #zoning lot#~~, the #development# or #enlargement# of #buildings# which are an expansion of an existing hospital, college, university or functionally-related facility. In connection therewith, the Commission may also permit modification of off-street loading and #bulk# regulations, except #floor area ratio# regulations, under the applicable district regulation, ~~provided that~~. ~~In addition to the requirements set forth in the 1973 Agreement among the City of New York, the Society of the New York Hospital, and the New York Society for the Relief of the Ruptured and Crippled, maintaining the Hospital for Special Surgery, and the Rockefeller University are met; and that such demapped air space shall be considered as part of the adjoining #zoning lot#~~, except that any #building# located in demapped air space shall utilize only unused #floor area# from the portion of the adjoining #zoning lot# not within the demapped air space.

In order to grant such special permit the Commission shall find ~~that~~:

- for #development# or #enlargements# in such demapped air space and for modification of #bulk# regulations, that the location and distribution of new #bulk# shall result in a good site plan in relation to the existing #buildings# on site and in the area, ~~the location and distribution of new #bulk# result in a good site plan; and~~
- ~~any #building# located in demapped air space utilizes only unused #floor area# from the portion of the adjoining #zoning lot# not within the demapped air space; and~~
- ~~any #building# located in the demapped air space shall comply with the #accessory# off street parking and loading requirements of the applicable district.~~
- for modification of off-street loading requirements, when such non-profit institution includes more than one #building# on two or more #zoning lots#, the City Planning Commission may determine the required number of loading berths as if such non-profit institution were located on a single #zoning lot#, and may permit such loading berths to be located anywhere within such institution without regard for #zoning lot lines#, provided that such loading berths will be:
  - adequate to serve the requirements of the institution;
  - accessible to all the #uses# in such

institution without the need to cross any #street# at grade; and

- (3) located so as not to adversely affect the movement of pedestrians or vehicles on the #streets# within or surrounding such institution.

The Commission may impose additional conditions and safeguards, consistent with the requirements set forth in the 1973 Agreement, to improve the quality of the #development# and minimize adverse effects on the character of the surrounding area.

The #curb level# of a #zoning lot# of which the demapped air space is a part shall not be affected by the closing and demapping of air space above such #street#. However, the Commission may establish an appropriate level or levels instead of #curb level# as the reference plane for the applicable regulations relating to #open space#, #yards#, level of #yards#, equivalent #rear yards#, #rear yard# setback, minimum distance between #buildings#, and the front height and setback.

**74-92  
Use Groups 3A and 4A Community Facilities and Certain Large Retail Establishments in Manufacturing Districts**

**74-921  
Use Groups 3A and 4A community facilities**

**(a) Use modifications for Use Groups 3A and 4A in M1 Districts**

In M1 Districts, except for houses of worship, the City Planning Commission may permit #uses# listed in Use Group 4A - Community Facilities and, in M1-5 Districts, except in M1-5A, M1-5B and M1-5M Districts, the Commission may permit museums and non-commercial art galleries as listed in Use Group 3A, provided that such community facility is located not more than 400 feet from the boundary of a district where such facility

is permitted as-of-right and the Commission finds that:

(a-1) an adequate separation from noise, traffic and other adverse effects of the surrounding non-residential districts# is achieved through the use of sound-attenuating exterior wall and window construction or by the provision of adequate open areas along #lot lines# of the #zoning lot#;

(b-2) such facility is so located as to draw a minimum of vehicular traffic to and through local #streets# and that such #use# will not produce traffic congestion or other adverse effects that interfere with the appropriate #use# of land in the district or in any adjacent district;

(c-3) where applicable, adequate reservoir space at the vehicular entrance and sufficient vehicular entrances and exits are provided to prevent congestion;

(d-4) in selecting the site, due consideration has been given to the proximity and adequacy of bus and rapid transit facilities;

(e-5) for a Use Group 4A #use#, within the neighborhood primarily to be served by the community facility, there is no practical possibility of obtaining a site of adequate size located in a district where it is permitted as-of-right because appropriate sites in such districts are occupied by substantial improvements; and

(f-6) such facility will not impair the essential character of the surrounding area.

The provisions of this special permit relating to Use Group 3A museums and non-commercial art galleries shall be inapplicable to the #Special Tribeca Mixed Use District#.

**(b) Bulk modifications for museums in M1-5 Districts**

For a #building# containing a museum #use# listed in Use Group 3A, in an M1-5 District, on a #zoning lot# over which the High Line (as defined in Section 98-01) passes, the Commission may modify height and setback regulations, provided that such modifications:

(1) provide a better distribution of #bulk# on the #zoning lot#;

(2) result in a better relationship of the #building# to open areas including the High Line, adjacent #streets# and surrounding #developments#;

(3) provide adequate light and air for #buildings# on the #zoning lot# and do not adversely affect adjacent #zoning lots# by unduly restricting access to light and air to surrounding #streets# and properties; and

(4) result in a #development# that facilitates the public's use and enjoyment of the High Line.

The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

In addition, the contract will require that a defibrillator shall be located in each program facility and that all staff requiring CPR training shall be certified in use of said defibrillator.

Each program facility will provide at least 10 and no more than 12 beds in accordance with the applicable regulations promulgated by the New York State Office of Children and Family Services (NYS OCFS), 9 N.Y.C.R.R. The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above \$100,000 for information technology and for construction and construction related services, above \$50,000 for other services, and above \$25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

## NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at [www.comptroller.nyc.gov](http://www.comptroller.nyc.gov), click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

## CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

## VENDOR ENROLLMENT APPLICATION

New York City procures approximately \$7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists-free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at [NYC.gov/selltonyc](http://NYC.gov/selltonyc)
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

## Attention Existing Suppliers:

Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application. If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

## SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

## PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the CR.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

## NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

## PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

## ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

## PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

## HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.
