93-30 SPECIAL FLOOR AREA REGULATIONS 93-31 District Improvement Fund Bonus

In the #Special Hudson Yards District# and Area P-2 of the #Special Garment Center District#, the Chairperson of the City Planning Commission shall allow, by certification, the applicable basic maximum #floor area ratio# to be increased up to the maximum amount specified in Sections 93-21, 93-22 or 121-31, as applicable, provided that instruments in a form acceptable to the City are executed and recorded ensuring and that, thereafter, a contribution has been deposited in the #Hudson Yards District Improvement Fund#. The

execution and recording of such instruments and the payment of such non-refundable contribution shall be a precondition to the filing for or issuing of any building permit allowing more than the basic maximum floor area for such development or enlargement.

The Commissioner of Buildings shall not authorize the construction of any development or enlargement utilizing floor area bonused pursuant to this Section, including foundations with respect thereto, nor shall the construction of any bonused portion thereof be authorized, until the Chairperson has certified that the requirements of this Section have been met. Nothing herein shall limit the ability of the Commissioner of Buildings to issue a permit for the construction of a development or enlargement which does not utilize such bonused floor area.

Such The contribution amount shall be \$100 per square foot of floor area as of January 19, 2005, and shall be adjusted by the Chairperson annually on July 1 of the following year and each year thereafter. Such adjustment shall occur on August 1 of each calendar year, based on the percentage change in the Consumer Price Index for all urban consumers as defined by the U.S. Bureau of Labor Statistics for the twelve months ended on June 30 of that year. The contribution amount shall be determined based upon the rate which is in effect at the time the contribution is received, and contributions may be made only on days when the Hudson Yards Infrastructure Corporation (the "Corporation") is open for business and during business hours as specified by the Corporation.

The Commission may promulgate rules regarding the administration of this Section, and the Commission may also, by rule, adjust the contribution amount specified in the preceding paragraph to reflect changes in market conditions within the Hudson Yards Redevelopment Area if, in its judgment, the adjusted amount will facilitate the district-wide improvements that are consistent with the purposes of this Chapter and the purposes of the Special Garment Center District. The Commission may make such an adjustment by rule, not more than once a year.

For any such adjustment by rule decreasing the contribution amount, or increasing the contribution amount by more than the percentage change in the Consumer Price Index for all urban consumers, the following shall apply:

- (a) Such rule shall be effective for not more than two years; and
(b) The Commission shall not publish the proposed rule pursuant to the City Administrative Procedure Act unless the City Council Land Use Committee and the Department of City Planning have jointly filed an application for a zoning text amendment under Section 201 of the New York City Charter, which would make such adjustment of the contribution amount permanently effective. The contribution amount established under such rule as finally adopted shall continue in effect with further adjustments based upon the Consumer Price Index for all urban consumers, until the next adjustment of the contribution amount pursuant to this Section.

Such contribution amount shall be payable or secured at the time foundation work has been completed and the Commissioner of Buildings shall not authorize any additional construction until the Chairperson has certified that payment has been made or adequate security therefore has been provided.

Chapter 8 Special St. George District

108-00 GENERAL PURPOSES

The “Special St. George District” established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include among others, the following specific purposes, to:

- build upon St. George’s existing strengths as a civic center, neighborhood and transit hub by providing rules that will bolster a thriving, pedestrian friendly business and residence district;
- establish zoning regulations that facilitate continuous ground floor retail and the critical mass needed to attract and sustain a broader mix of uses;
- require a tall, slender building form that capitalizes on St. George’s hillside topography and maintains waterfront vistas;
- encourage the reuse and reinvestment of vacant office buildings;
- accommodate an appropriate level of off-street parking while reducing its visual impact, and
- promote the most desirable use of land and building development in accordance with the District Plan for St George and thus conserve the value of land and buildings and thereby protect the City’s tax revenues.

108-01 Definitions

Definitions specifically applicable to this Chapter are set forth in this Section and may modify definitions set forth in Section 12-10 (DEFINITIONS). Where matter in italics is defined both in Section 12-10 and in this Chapter, the definitions in this Chapter shall govern.

Sidewalks with a depth of at least 12 feet, measured perpendicular to the curb of a #street#, shall be provided along the entire #street# frontage of a #zoning lot#. In locations where the width of the sidewalk within the #street# is less than 12 feet, a sidewalk widening shall be provided on the #zoning lot# so that the combined width of the sidewalk within the #street# and the sidewalk widening equals 12 feet. PARKING REGULATIONS**

In the #Special St George District#, the underlying regulations governing permitted and required #accessory# off-street parking spaces are modified as set forth in this Section.

**108-51
Required off-street parking and loading**

In C4-2 Districts, the following special regulations shall apply:

- a) Residential uses

One off-street parking space shall be provided for each #dwelling unit# created after (effective date of amendment), including any #dwelling units# within #buildings# converted pursuant to Article 1, Chapter 5 (Residential Conversion of Existing Non-Residential Buildings). However, where the total number of required spaces is five or less, or, for conversions, where the total number of required spaces is 20 or less, no parking shall be required, except that such waiver provision shall not apply to any #zoning lot# subdivided after (effective date of amendment). The provisions of Section 73-46 (Waiver of Requirements for Conversions) shall apply to conversions where more than 20 parking spaces are required.
- (b) Commercial uses

For #commercial uses#, the off-street parking and loading requirements of a C4-3 District shall apply, except that food stores with 2,000 or more square feet of #floor area# per establishment shall require one parking space per 400 square feet of #floor area#, and, for places of assembly and hotels, the off-street parking and loading requirements of a C4-2 District shall apply.

**108-53
Use of Parking Facilities**

All #accessory# off-street parking spaces may be provided within parking facilities, including #public parking garages#, on #zoning lots# other than the same #zoning lot# as the #use# to which they are #accessory#, provided:

- (a) such parking facilities are located within the #Special St. George District#;
- (b) the off-street parking space within such facility is counted only once in meeting the parking requirements for a specific #zoning lot#; and
- (c) the number of #accessory# parking spaces within such facility shall not exceed the combined number of spaces permitted on each #zoning lot# using such facility, less the number of spaces provided on each #zoning lot# using such facility.

**108-54
Location of Accessory Off-street Parking Spaces**

No open parking areas shall be located between the #street wall# of a #building# and the #street line#, and no open parking area shall front upon a #commercial street#. All open parking areas, regardless of the number of parking spaces, shall comply with the perimeter screening requirements of Section 37-921.

All off-street parking spaces within structures shall be located within facilities that, except for entrances and exits, are:

- (a) entirely below the level of each #street# upon which such facility fronts; or
- (b) located, at every level above-grade, behind commercial, community facility or #residential floor area# so that no portion of such parking facility is visible from adjoining #streets#. The minimum depth of any such #floor area# shall be 30 feet, except that such depth may be reduced to 15 feet where the #street wall# containing such #floor area# fronts upon a #street# with a slope in excess of 11 percent; and
- (c) no parking shall be permitted on the roof of such facilities.

**108-55
Special Requirements for Roofs of Parking Facilities**

The roof of a facility containing off-street parking spaces, not otherwise covered by a #building#, which is larger than 400 square feet shall be landscaped. No parking spaces shall be provided on the roof of such facility. Up to five percent of such roof area may be used for mechanical equipment, provided that such mechanical equipment is screened from view by a fence which is at least 75 percent opaque or by at least three feet of dense planting. No less than 75 percent of such roof area shall be accessible for the recreational use of the occupants of the building in which it is located; and no more than 25 percent may be accessible solely from an adjacent #dwelling unit#. Hard surfaced areas shall not cover more than 60 percent of such roof area.

**108-56
Curb Cuts on Commercial Streets**

No curb cuts shall be permitted on #commercial streets# as shown on Map 2 in the Appendix to this Chapter. However, if

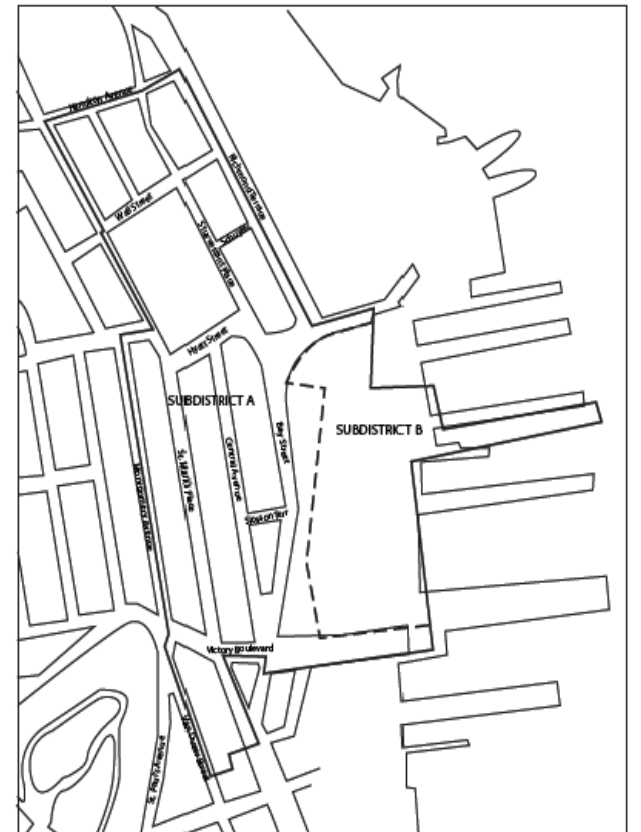

access to a required #accessory# parking facility or loading berth is not possible because of such restriction, a curb cut may be allowed if the Chairperson off the City Planning Commission certifies to the Commissioner of Buildings that such location is the only possible location for the facility or loading berth, is not hazardous to traffic safety, is at least 50 feet from the intersection of two #street lines#, and is constructed so as to have minimal effect on the streetscape.

**108-57
Accessory Indoor Bicycle Parking**

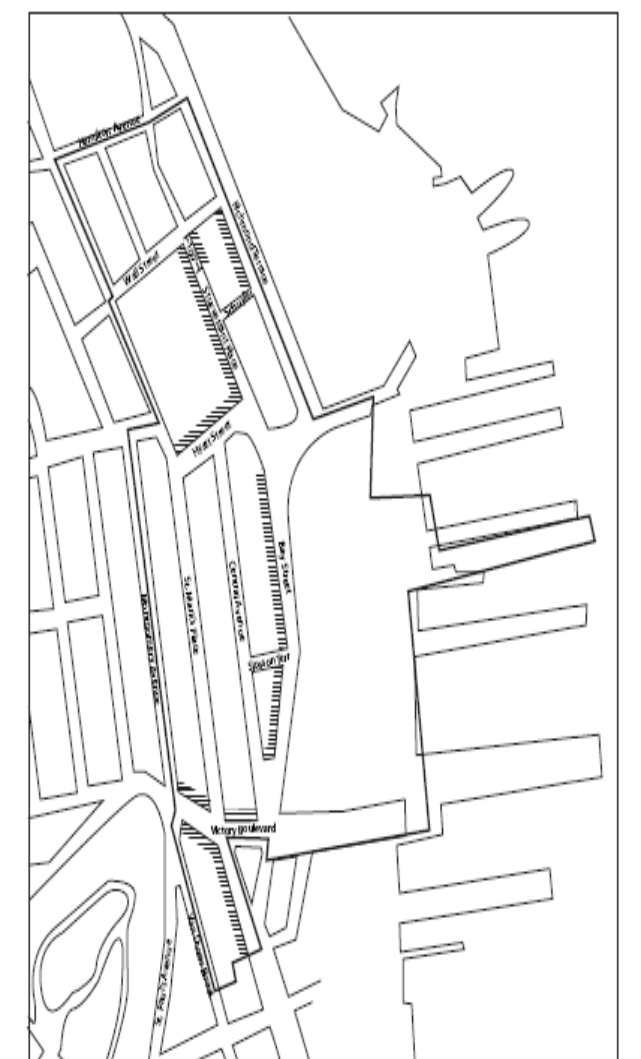

A designated area for #accessory# bicycle parking shall be provided for #developments# or #enlargements# with #residential# or #commercial uses#. Such facility shall be enclosed, accessible and secure. Floor space used for #accessory# bicycle parking located below a height of 33 feet, including #accessory# facilities, such as lockers, showers and circulation space, shall not be included in the definition of #floor area#.

- (a) For #residential developments# or #enlargements# with ten or more units per #building# or #building segment#, one bicycle parking space shall be provided for every two #dwelling units#, up to a maximum of 200 bicycle parking spaces.
- (b) For commercial office #developments# or #enlargements# with 10,000 square feet or more of office #floor area#, one bicycle parking space shall be provided for every 5,000 square feet of office space, up to a maximum of 200 bicycle parking spaces.
- (c) For commercial #developments# or enlargements# with 10,000 square feet or more of retail or service #floor area#, one bicycle parking space shall be provided for every 10,000 square feet of retail space, up to a maximum of 100 bicycle parking spaces.

NOTE: New Matter is underlined; matter to be deleted is in [brackets]

Section 1. A new subdivision (n) is added to section 39-05 of Title 19 of the Rules of the City of New York to read as follows:

§39-05 Amount of Fines. Scheduled fines. Except as otherwise provided for the specific violations within the Restricted Area, the following schedule of fines shall apply to violations listed below:

VIOLATION

(n) Obstructing traffic at an intersection in violation of §4 RCNY §4-08(e)(12) \$115.00

BASIS AND PURPOSE OF PROPOSED AMENDMENT

Chapter 241 of the Laws of 2008 added a new subdivision 2-a to section 236 of the Vehicle and Traffic Law to provide that in New York City, a violation of section 1175 of the Vehicle and Traffic Law is to be considered a parking violation. Section 1175 prohibits a driver from driving a vehicle into an intersection when traffic is stopped on the opposite side of the intersection and there is not adequate space on the opposite side of the intersection to accommodate the vehicle, unless the driver is making a turn.

This amendment to the Rules Relating to Parking Violations establishes a fine of \$115 for such a violation.

TRANSPORTATION

■ NOTICE

Notice of Opportunity to Comment on Proposed Amendments to the rules relating to General No Stopping Zones.

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE Commissioner of the Department of Transportation by subdivision (a) of Section 2903 of the New York City Charter, and in accordance with the requirements of Section 1043 of the New York City Charter, that the Department of Transportation proposes to amend subdivision (e) of Section 4-08 of Chapter 4 of Title 34 of the Official Compilation of the Rules of the City of New York, the Traffic Rules by adding new paragraph (12). Matter underlined is new; matter in [brackets] is deleted. The rule

was not included in the agency's regulatory agenda as it was not anticipated at the time the agenda was published.

Written comments regarding the proposed rule may be sent to Michael Primeggia, Deputy Commissioner, Division of Traffic Operations, Department of Transportation, 28-11 Queens Plaza North, 8th floor, Long Island City, NY 11101 on or before August 13, 2008. A public hearing shall be held on August 20, 2008 at 40 Worth Street, Room 1015, New York, NY at 10:00 A.M. Persons seeking to testify are requested to notify Deputy Commissioner Primeggia at the address stated above by August 13, 2008. Persons who need a sign language interpreter or other accommodation for a disability at the hearing are asked to notify Deputy Commissioner Primeggia at the foregoing address by August 13, 2008. Persons interested in receiving comments may request them by writing to: Department of Transportation, Record Access Office, 40 Worth Street, New York, N.Y. 10013. Janette Sadik-Khan, Commissioner.

Subdivision (e) of section 4-08 of Title 34 of the Rules of the City of New York is amended to add a new Paragraph (12) to read as follows:

(12) Obstructing traffic at intersection. When vehicular traffic is stopped on the opposite side of an intersection, no person shall drive a vehicle into such intersection, except for the purpose of making a turn, unless there is sufficient unobstructed space beyond the opposite side of the intersection to accommodate the vehicle in the lane in which the vehicle is being driven, notwithstanding the indication of a traffic control signal which would otherwise permit the vehicle to proceed.

STATEMENT OF BASIS AND PURPOSE OF PROPOSED RULE

The Commissioner of the Department of Transportation is authorized to promulgate rules regarding parking and traffic in the City pursuant to Section 2903 of the New York City Charter.

Subdivision (e) of section 4-08 is being amended to incorporate recent amendments to the New York State Vehicle & Traffic Law. The Governor of the State of New York recently signed legislation specifying that, in cities with a population of one million or more, blocking an intersection can be adjudicated as a parking violation. The Department is amending the Traffic Rules to implement this change, and to facilitate effective enforcement by the New York City Police Department.

BINDING REPORT

ISSUE DATE:	DOCKET #:	SRB #:
07/10/08	090804	SRB 09-1626
ADDRESS	BOROUGH:	BLOCK/LOT:
851 GRAND CONCOURSE Bronx County Courthouse INDIVIDUAL LANDMARK	BRONX	2468 / 1

To the Mayor, the Council, and the Assistant Commissioner, NYC Dept. of Design and Construction. This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for the removal and replacement of two oil storage tanks beneath the south terrace, including removal and reinstallation of granite paving and portions of a granite curb to accommodate excavation of an area 12' wide by 9' long and approximately 10' deep and shoring; demolition of a portion of the foundation wall; backfill of the excavated area after the storage tanks have been replaced; exterior work at the south facade, including the removal of exposed conduit and vent risers; patching damaged limestone with Jahn M70 Restoration Mortar as manufactured by Cathedral Stone Products; installation of two new 120" high vent risers and 160" of conduit for a new alarm system at the southeast corner; as shown in existing conditions photographs with changes drawn in; written specifications prepared by Thomas V. H. Larison; a letter dated June 24, 2008 from Thomas Agnew; and drawings labeled T-1, G-1, S-1 through S-3, C-1, C-2, M-1, M-2, E-1, and E-2; dated January 5, 2008; prepared by August Anthony Arrigo, P.E.; and submitted as components of the application.

In reviewing this proposal, the Commission noted that the designation report describes 851 Grand Concourse as an austere classical style courthouse designed by Max Hausle and Joseph H. Freedlander and built in 1931-35. The Commission further notes that the work at the fill containment box and bollard installation at the sidewalk will be located outside of the designated boundaries of the individual landmark and the Landmarks Preservation Commission has no jurisdiction over this portion of the property.

With regard to this proposal, the Commission finds that the terrace will only be excavated during the course of work and will be restored to its original condition after the tanks have been installed; that the work will not result in damage to or loss of any significant historic fabric; and that the terrace will retain its relationship to the rest of the plaza. With regard to the vent risers and conduit, the Commission finds that the patching mortar will match the existing stone in terms of profile, color, and texture; that the existing vent risers and conduit are not significant historic fabric; and that the new vent risers and conduit will be discretely located at the corner of the building and will not draw undue attention to themselves. Based on these findings, the proposed work is determined to be appropriate to this Individual Landmark. The work, therefore, is approved.

Also, as the approved work consists of subsurface work, the applicant is required to strictly adhere to the Department of Buildings TPN 10/88 governing in-ground construction adjacent to historic buildings. It is the applicant's obligation at the time of applying for their permit to inform the Department of Buildings that the TPN applies.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. Please direct inquiries to Blaire Waish.

READER'S GUIDE

The City Record (CR) is, published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above \$100,000 for information technology and for construction and construction related services, above \$50,000 for other services, and above \$25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in the City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Mondays thru Fridays from 9:00 A.M. to 5:00 P.M. except legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptrollers Office at www.comptroller.nyc.gov, click on Labor Law Schedules to view rates.

New York City's "Burma Law" (Local Law No. 33 of 1997) No Longer to be Enforced. In light of the United States Supreme Court's decision in **Crosby v. National Foreign Trade Council**, 530 U.S. 363 (2000), the City has determined that New York City's Local Law No. 33 of 1997 (codified in Administrative Code Section 6-115 and Charter Section 1524), which restricts City business with banks and companies doing business in Burma, is unconstitutional. This is to advise, therefore, that the language relating to Burma contained in existing New York City contracts may not be enforced.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately \$7 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. To register for these lists-free of charge-, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application.

- Online at NYC.gov/selltonyc
- To request a hardcopy application, call the Vendor Enrollment Center at (212) 857-1680.

Attention Existing Suppliers:

Even if you already do business with NYC agencies, be sure to fill out an application. We are switching over to citywide, centralized Bidders Lists instead of the agency-specific lists previously used to issue notices about upcoming contract opportunities. To continue receiving notices of New York City contract opportunities, you must fill out and submit a NYC-FMS Vendor Enrollment application. If you are uncertain whether you have already submitted an application, call us at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services, 110 William Street, New York, NY 10038. Morning and afternoon sessions are convened on the first Tuesday of each month. For more information, and to register, call (212) 618-8845.

PRE-QUALIFIED LIST

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstance. When it is decided by an agency to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the CR.

Information and qualification questionnaires for inclusion on such list may be obtained directly from the Agency Chief Contracting Officer at each agency, (see Vendor Information Manual). A completed qualification Questionnaire may be submitted to the Chief Contracting Officer at any time, unless otherwise indicated and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings, (OATH), Section 3-11 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, Housing Authority. Suppliers interested in applying for inclusion on bidders list should contact these entities directly (see Vendor Information Manual) at the addresses given.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 10:00 A.M to 3:00 P.M. For information, contact the Mayor's Office of Contract Services at (212) 788-0010.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about the program, contact the New York City Department of Small Business Services, 110 William Street, 2nd Floor, New York, New York 10038 (212) 513-6311.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City now pays interest on all late invoices. The grace period that formerly existed was eliminated on July 1, 2000. However, there are certain types of payments that are not eligible for interest. These are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year, in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City Website, <http://NYC.GOV.Selltonyc>

HOW TO READ CR PROCUREMENT NOTICES

Procurement Notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section. At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified UNLESS a different one is given in the individual notice. In that event, the directions in the individual notice should be followed. The following is a SAMPLE notice and an explanation of the notice format used by the CR.
