ARTICLE VII ADMINISTRATION

* * *

Chapter 4 Special Permits by the City Planning Commission

* * *

74-41 Arenas, Auditoriums, Stadiums or Trade Expositions

In C4, C6, C7 or C8 Districts or any #Manufacturing District#, the City Planning Commission may permit arenas, auditoriums or stadiums with a capacity in excess of 2,500 seats, or trade expositions with a rated capacity in excess of 2,500 persons, provided that the following findings are made:

* * *

The City Planning Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area, including limitations on #signs#, #requirements for soundproofing of arenas or auditoriums, shielding of floodlights, screening of open #uses# or surfacing all access roads or driveways. The Commission may also prescribe requirements for pedestrian-accessible open areas surrounding the arena, auditorium, or stadium, including #accessory# directional or building identification #signs# located therein. In addition, within Pennsylvania Station Subarea B4 of the Special Hudson Yards District, design changes to existing #plazas# located within such pedestrian-accessible open areas may be made without a certification by the Chairperson of the Commission pursuant to Section 37-625, and the design standards of Sections 37-70, inclusive, shall not apply to such #plazas#.

* * *

ARTICLE IX SPECIAL PURPOSE DISTRICTS

* * *

Chapter 3 Special Hudson Yards District

* * *

93-17 Modification of Sign Regulations

(a) Subdistricts A, B, C, D, and E

Within Subdistricts A, B, C, D, and E, the underlying #sign# regulations shall apply, except that #flashing signs# shall not be allowed within 100 feet of Hudson Boulevard, its northerly prolongation to West 39th Street and its southerly prolongation to West 33rd Street. Furthermore, #flashing signs# shall not be allowed on any portion of a #building# fronting upon the outdoor plaza required in the Eastern Rail Yard Subarea A1, pursuant to Section 93-71. Within the Pennsylvania Station Subarea B4, the provisions of Section 93-171 (Special permit for signs within the Pennsylvania Station Subarea) shall apply.

* * *

93-171 Special permit for signs within the Pennsylvania Station Subarea

For an arena permitted pursuant to Section 74-41 within Pennsylvania Station Subarea B4, the City Planning Commission may, by special permit, modify the applicable provisions of Sections 32-63 (Permitted Advertising Signs) to allow advertising #signs#: 32-64 (Surface Area and Illumination Provisions) to allow increased #surface area# along specified #streets#: and 32-65 (Permitted Projection or Height of Signs), provided such #signs# comply with the conditions of paragraph (a) and the findings of paragraph (b) of this Section, as follows:

(a) Conditions

- (1) No #sign# shall extend to a height greater than 85 feet above #curb level#;
(2) All #signs# located below a height of 12 feet above #curb level# shall be limited in location and aggregate #surface area# to 550 square feet on the West 31st Street frontage of Subarea B4, 250 square feet on the West 33rd Street frontage of Subarea B4, and 850 square feet on the Eighth Avenue frontage of Subarea B4;
(3) All #signs# located above a height of 12 feet above #curb level# shall be limited in location and aggregate #surface area# to 5,500 square feet within the #through lot# fronting on Eighth Avenue, 3,000 square feet within each #corner lot# fronting on Eighth Avenue, 3,000 square feet within the #through lot# portion of the West 31st Street frontage of Subarea B4 and 3,000 square feet within the #through lot# portion of the West 33rd Street frontage of Subarea B4.

(b) The Commission shall find that the location and placement of such #signs# is appropriate in the relationship to #buildings# and #uses# on the #zoning lot# and to adjacent open areas, and would be compatible with the character of the arena site, including its use as an entryway to Pennsylvania Station, and of the surrounding area.

For purposes of calculating the height of any #sign# permitted pursuant to this section, #curb level# shall be defined as 30.755 feet above Manhattan datum. The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area, including limitations on the number, size and location of arena #signs# permitted pursuant to the district regulations.

LIMITED SECURE PLACEMENT SERVICES – Negotiated Acquisition – Judgment required in evaluating proposals - PIN# 06813N0007 – DUE 06-24-13 AT 2:00 P.M. – The New York City Administration for Children's Services ("ACS") is seeking qualified Contractors to provide Limited Secure Placement ("LSP") services through the operation of LSP Program sites and LSP Aftercare for youth who have been placed into the custody of ACS by a Family Court judge pursuant to Family Court Act Article 3 and who have been deemed by the court or ACS to be appropriate for LSP. All Contractors are required to adhere to State Regulations and ACS policies and standards for the operation of LSP Program sites and LSP Aftercare. ACS is seeking Contractors that can be fully operational by fall 2013.

Target Population

The youth placed in LSP Program sites are New York City youth who have been adjudicated by New York City Family Court for having committed, before the age of sixteen (16), an act that would constitute a crime had they been an adult. The Family Court Act provides that youth between the ages of seven (7) and twenty-one (21) may be in placement in LSP Program sites. Most youth residing in LSP Program sites will be between the ages of fourteen (14) to eighteen (18),

however, there may be occasions where LSP Program sites will serve older or younger youth.

Minimum Qualifications

1. All Applicants for LSP Programs must be incorporated in New York State
2. All Applicants must be not for profit 501 c 3
3. Applicants must either be approved by the New York State Office of Children and Family Services as an "authorized agency" as defined by Section 371(10) of the New York State Social Services Law;

OR

At the time of application, be an agency licensed by the New York State Office of Mental Health ("OMH") to provide residential treatment facility services to youth. After contract awards, OMH licensed agencies that are not currently "authorized agencies" must go through the OCFS approval process to become an "authorized agency" prior to the LSP program start date.

Service Options

ACS anticipates awarding Contracts for general and specialized LSP. Examples of types of specialized LSP include but are not limited to sites for youth who have demonstrated problematic sexual behaviors, youth with serious emotional disturbance diagnosis, youth who have demonstrated fire setting behaviors, youth with intellectual/developmental disabilities, and youth with mental health and/or substance abuse issues. Additionally, specialized LSP may include a short term intensive site. Contractors shall provide Aftercare in all LSP except the short term intensive LSP.

Contract Term

It is anticipated that the term of the contracts awarded from this NA will be from July 1, 2013 to June 30, 2016, with two (2) three (3) year options to renew. Prior to the contract award, ACS reserves the right to determine the length of the initial contract term and each option to renew, if any.

Available Funding

It is anticipated that the available annual funding for all the contracts awarded from this NA will be up to \$19,761,062.00 with up to an additional \$2,825,100 available in year one for start-up costs.

Expression of Interest

Applicants interested in negotiating with ACS to provide Limited Secure Placement and Aftercare services must send an email containing the following information: Applicant's Name, Address, EIN, Contact Name, Title, Phone Number, Email Address, and desired Service Option to: Michael.Walker@dfa.state.ny.us by July 1, 2013.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

Before the Department of Buildings can issue a permit for the alteration or demolition of a single room occupancy multiple dwelling, the owner must obtain a "Certification of No Harassment" from the Department of Housing Preservation and Development ("HPD") stating that there has not been harassment of the building's lawful occupants during a specified time period. Harassment is conduct by an owner that is intended to cause, or does cause, residents to leave or otherwise surrender any of their legal occupancy rights. It can include, but is not limited to, failure to provide essential services (such as heat, water, gas, or electricity), illegally locking out building residents, starting frivolous lawsuits, and using threats or physical force.

The owner of the building identified above has applied for a Certification of No Harassment. If you have any comments or evidence of harassment at this building, please notify HPD at **CONH Unit, 100 Gold Street, 6th Floor, New York, NY 10038** by letter postmarked not later than 30 days from the date of this notice or by an in-person statement made within the same period. OFFICE OF THE MAYOR

HOUSING RECOVERY OPERATIONS

■ NOTICE

**Office of Management and Budget (OMB)
Final Notice and Public Explanation of a Proposed
Activity in a 100-Year Floodplain**

To: All interested Agencies, Groups, and Individuals

This publication gives notice that New York City has conducted an evaluation of the proposed NYC Houses Rehabilitation and Reconstruction (NYC Houses) program, also known as NYC Build it Back, as required by Executive Order 11988 in accordance with HUD regulations 24 CFR 55.20 Subpart C Procedures for Making Determinations on Floodplain Management. This evaluation is made to determine the potential affect that proposed activities in the floodplain will have on the human environment. Through the "Disaster Relief Appropriations Act, 2013" (Public Law 113-2, January 29) NYC will receive federal Community Development Block Grant (CDBG)-Disaster Recovery (DR) funding from HUD in the amount of \$306,000,000 to execute NYC Houses. This funding was allocated by HUD to help it address unmet housing needs as a result of Hurricane Sandy that impacted the City in October 2012. The CDBG Funding (January 29, 2013) and The City's Partial Action Plan A for CDBG-DR (April 2013) establish an outline of eligibility requirements, recovery priorities, and the method of distribution for the rehabilitation and reconstruction activities to be executed under NYC Houses. The assistance provided under NYC Houses is restricted to eligible NYC residents.

NYC has considered the following alternatives and mitigation measures to be taken to minimize adverse impacts and to restore and preserve natural and beneficial values of its floodplains:

Action Outside the Floodplain: It is anticipated that some percentage of applicants eligible for NYC Houses did not occupy homes on properties situated within the 100-year floodplain at the time of Hurricane Sandy, and will be eligible for assistance. For applicants with properties situated in vulnerable floodplain and/or in a sensitive coastal management zone who seek relocation outside these vulnerable areas, another NY State-funded program is planning to offer a limited property buyout opportunity.

Proposed Action in the Floodplain: The City expects many NYC Houses applicants will elect to return to their properties situated in or adjacent to the floodplain. Alternative approaches to protecting properties in these areas have been considered for the City's CDBG-DR housing programs. For NYC Houses, action will include elevation of structures to comply with the City's National Flood Insurance Program, and FEMA's Advisory Base Flood Elevation + 1 foot freeboard (ABFE+1), or the Preliminary Flood Insurance Rate Maps (P-FIRM) plus 2 foot freeboard when they are issued +2 feet. Additional measures to meet the City-adopted Enterprise Green Community Standards and to enhance resiliency of homes to future storms will be incorporated into

the design of projects. The owners of properties situated in the floodplain will be required to purchase and maintain flood insurance for a specified number of years.

No Action: This alternative does not achieve the City goals of restoring the health and safety of hurricane-damaged housing for its residents, nor does it promote planning and implementation of resilience measures to mitigate damage from future weather extremes. Residents would continue to be displaced from their homes located in the floodplain, live in damaged, unsafe, and unsanitary housing within the hurricane-damaged neighborhoods or seek shelter elsewhere. Poor structural integrity of hurricane-damaged homes within the floodplain and wetland would put residents at a greater risk should a flood event occur, especially if homes do not meet current elevation requirements. Abandoned structures may not be demolished, posing a lingering health and safety risk, with possible storm-debris field hazards affecting water quality if subject to flood conditions. Storm debris fields on residential properties would potentially remain unaddressed, also posing a threat to public health and water quality.

Tier I Environmental Review of the Proposed Action for NYC Houses indicates there would be no adverse effect to the environmental conditions that existed across the City prior to Hurricane Sandy. This is primarily because neither land use nor densities are changing, and replacement structures will be comparable to pre-disaster housing, and less vulnerable to flood and other certain hazards. Minor possible adverse effects were identified for ambient noise levels, air quality, socioeconomic conditions related to population displacement, solid waste, storm water runoff, and traffic volume. These possible temporary impacts were determined to be limited to the period of construction activity and appropriate minimization and mitigation measures will be employed. As low to moderate income households most heavily impacted by Hurricane Sandy represent the priority population targeted for receipt of NYC Houses assistance, environmental justice concerns are addressed by offering safe, affordable, energy efficient homes to at least 50% of eligible applicants from these income categories. These results indicate a finding of no significant impact on the human environment from the proposed NYC Houses. Site-specific review will help determine potential environmental impacts, beyond the possible temporary ones to the target property, for the following impact categories: historic and cultural resources, the floodplain, wetlands, threatened and endangered species, and other environmental hazards. The impacts for these categories are expected to be minor given the environmental mitigation measures to be implemented.

The City determined that implementation of NYC Houses does not substantially change the prior land uses and serves to meet unmet housing needs in the aftermath of Hurricane Sandy in October 2012 and no practicable alternative exists other than to conduct the proposed action. This NYC Houses will have no significant impact on the environment because the action area and target properties will already have been either State or locally determined suitable for residential development. Since NYC Houses will conduct construction activities on existing residential developed sites and or existing structures with appropriate site-specific mitigation; no impacts to the floodplain are anticipated as a result of the proposed action.

This notice is required by Section 2(a)(4) of Executive Order 11988 for Floodplain Management and is implemented by HUD Regulations found at 24 CFR 55.20 Subpart C Procedures for Making Determinations on Floodplain Management. The 8-Step Decision Making Process includes public notices and the examination of practicable alternatives to building in the floodplain. The confirmation of address locations is in progress, but initial estimates indicate applications from households impacted by Hurricane Sandy will include those for properties situated in the 100-year floodplain and thus potentially considered for rehabilitation or reconstruction.

Additional project information including floodplain maps of the affected sites are contained in the Environmental Review Record currently on file with: Calvin Johnson, Assistant Director, 255 Greenwich Street, 8th Floor, New York, NY 10007 and may be examined from 10:00 A.M. to 5:00 P.M. To review the floodplain maps of the affected sites, visit www.region2coastal.com. This posting can be found by using the following link <http://www.nyc.gov/builditback> and then clicking on "Reports and Public Notices". The City is interested in alternatives and public perceptions of possible adverse impacts that could result from the project as well as potential mitigation measures.

All interested persons, groups and agencies are invited to submit written comments regarding the proposed use of federal funds to support a project located in a floodplain. Comments must be received in writing by mail to the above address or submitted via email to CDBGDR-enviro@omb.nyc.gov. The minimum 7 calendar day comment period will begin the day after the publication and end on the 8th day after the publication. All comments should be received by OMB on or before June 21, 2013.

**Office of Management and Budget (OMB)
New York City Housing Authority (NYCHA)
Final Notice and Public Explanation of a Proposed
Activity in a 100-Year Floodplain**

To: All interested Agencies, Groups, and Individuals

This publication gives notice that New York City has conducted an evaluation of the proposed NYCHA Public Housing Rehabilitation and Resilience (NYCHA Public Housing) program, also known as NYC Build it Back, as required by Executive Orders 11988 and 11990, in accordance with HUD regulations 24 CFR 55.20 Subpart C Procedures for Making Determinations on Floodplain Management and Protection of Wetlands, respectively. These evaluations are made to determine the potential affects that proposed activities in the floodplain and wetland associated

with will have on the human environment. NYC will receive federal Community Development Block Grant (CDBG)-Disaster Recovery (DR) funding from HUD in the amount of \$108,000,000 to execute the NYCHA Public Housing program. This funding was allocated by HUD to help it address unmet housing needs as a result of Hurricane Sandy that impacted the City in October 2012. The CDBG Funding (January 29, 2013) and *The City's Partial Action Plan A for CDBG-DR* (April 2013) establish an outline of eligibility requirements, recovery priorities, and the method of distribution for the rehabilitation resilience activities under the NYCHA Public Housing program.

NYC has considered the following alternatives and mitigation measures to be taken to minimize adverse impacts and to restore and preserve natural and beneficial values of its floodplains:

Action Outside the Floodplain: NYCHA has considered a limited action alternative that restricts CDBG-funded action only to Hurricane Sandy-damaged public housing facilities outside the 100-year floodplain and wetlands. Under this approach, NYCHA's housing facilities located in the 500-year floodplain would be targeted for rehabilitation and resilience measures. Therefore, emergency power generation systems would only be provided to its public housing facilities outside the 100-year floodplain and wetlands, which did not experience damage to their building systems, and where low-income tenant families did not experience extraordinary disruption of utility services during or following Hurricane Sandy. This approach, if applied toward NYCHA's housing facilities located in FEMA's revised 500-Year floodplain, would signify the application of resiliency measures for buildings potentially vulnerable to extreme flooding. Remaining funds could therefore be applied toward further building system resilience measures systems serving these same properties, improve community centers situated in the 500-year floodplain, and facilitate relocation of the Emergency Operations Center (EOC). However, this alternative would still leave thousands of low-income families at risk for extraordinary disruption in their utility services should flooding again damage the power systems in the housing facilities where they live in the 100-year floodplain. The City thus considers that the potential risk for cyclic and costly emergencies for NYCHA is unacceptable, particularly given the large residential population it serves and the current understanding of how climate change conditions may produce future extreme storm events.

Proposed Action in the Floodplain: The City proposes to use CDBG-DR funds to fully restore building systems and service functions to NYCHA's residential facilities, and rehabilitating the City's Community Centers in the 100-year floodplain, while preserving these critical investments by making them more resilient to future storm forces. Funds will be applied toward the purchase of energy efficient standby generators, electrical and mechanical systems or alternate heating generating systems, as appropriate, to reduce vulnerability to the loss of critical services during emergency conditions. These measures will help avoid disruption to thousands of NYCHA's tenant families during future storm events. Other critical vulnerable building systems would also be targeted for resilience measures. These systems will be sustainably designed, and installed above the base flood elevation as required by FEMA for NYCHA participation in the NFIP, thus making these and the buildings they serve more resilient, as well as promoting the preservation of the City's vital public housing assets. A portion of the funds would help establish a new EOC with a standard Incident Command Structure.

Flood hazard prevention and mitigation measures for NYCHA facilities situated in the floodplain include the installation of new mechanical systems. The relocation of vulnerable building systems will comply with floodplain management requirements. The City's intention is to use the Preliminary Flood Insurance Rate Maps (P-FIRM) for NYC when they are issued, and require these CDBG-funded projects meet P-FIRM elevation plus freeboard to protect investments in these facilities. Freeboard is one or two feet, and depends on applicable building occupancy and flood zone. Additional measures to protect wetlands will be incorporated into construction plans and include standard construction Best Management Practices to minimize effects on water quality and wetland habitat from construction activities that could otherwise be impacted by uncontrolled stormwater runoff from project sites.

No Action: This alternative does not achieve the City goals of restoring Hurricane Sandy-damaged housing for its residents, nor does it promote planning and implementation of resilience measures to mitigate damage from future weather extremes. Under the no-action alternative, neither permanent repairs nor resiliency measures would be funded by CDBG-DR or implemented for NYCHA residential facilities as described in the proposed action alternative, unless or until alternative funding could be arranged. Without the permanent repairs NYCHA residential facilities would remain in varying degrees of disrepair, potentially posing health and safety hazards as well as continued disruption to tenant families. These important residential buildings and NYCHA community centers would remain vulnerable to future storm forces, continue to deteriorate, thus becoming less functional for the City's low-income population served.

This **FINAL NOTICE FOR PUBLIC REVIEW OF A PROPOSAL TO SUPPORT ACTIVITY IN A 100-YEAR FLOODPLAIN** is required by Section 2(a)(4) of Executive Orders 11988 and 11990, respectively for Floodplain Management and Protection of Wetlands and is implemented by HUD Regulations found at 24 CFR 55.20 Subpart C Procedures for Making Determinations on Floodplain Management. The 8-Step Decision Making Process includes public notices and the examination of practicable alternatives to building in the floodplain or wetland. NYCHA proposes to use CDBG-DR funds for rehabilitation and resilience activities at residential facilities housing units located within the 100-year floodplain.

Additional project information including floodplain maps of the affected sites are contained in the Environmental Review Record currently on file with: Calvin Johnson, Assistant

Director, 255 Greenwich Street, 8th Floor, New York, NY 10007 and may be examined from 10:00 A.M. to 5:00 P.M. This posting can be found by using the following link http://www.nyc.gov/builditback and then clicking on "Reports and Public Notices". To review the floodplain maps of the affected sites, visit www.region2coastal.com. The City is interested in alternatives and public perceptions of possible adverse impacts that could result from the project as well as potential mitigation measures.

OFFICE OF MANAGEMENT AND BUDGET

NOTICE

COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM FLOOD NOTICE OF EARLY PUBLIC REVIEW

Regulations promulgated under Executive Order 11988

require that the public be provided the opportunity for early review as soon as it is determined that a federally-funded project is proposed to be located in a federally-designated floodplain as defined by the respective Executive Order. This announcement constitutes such notice. This notice is not related to the Community Development Block Grant Disaster-Recovery Program.

BRONX RIVER PROJECT

The Bronx River Project continues its efforts to restore the river and create a continuous greenway along its length. The program has several funding sources including City Tax Levy, private grants, and other federal grants. Community Development (CD) funds are used to purchase education and outreach materials, office supplies, field equipment, and restoration supplies; for maintenance of a website (www.bronxriver.org); and for the support of program consultants and ecological restoration personnel. The CD funding also fully covers the Bronx River Conservation Manager position and two assistant crew leader positions. The Calendar Year 2013/CD 39 program allocation is \$190,000. The Department of Parks and Recreation coordinates closely with the Bronx River Alliance to implement the following programs along the river.

- Education: The Education Program provides hands-on outdoor learning opportunities for thousands of students and educators in communities along the river. The program has three components: Bronx River Classroom, the Bronx River Stewards Volunteer Monitoring Program, and the Wade into the Bronx River series, which includes free lectures, walks, and workshops on educational topics related to the River.
Community Outreach Program: The Outreach Program draws thousands of people to the river through public events, including the Amazing Bronx River Flotilla, the Bronx River Festival, and dozens of other activities including volunteer-led

- walks, clean-ups, restoration projects, movies nights and performing arts programs along the river. Ecology Program: The Ecological Restoration and Management Program works to protect, restore, and manage the Bronx River corridor through field work and policy leadership. Guided by an Ecology Team (comprised of scientists and community and agency representatives), the Ecology Program addresses the most pressing ecological issues. The Conservation Crew plants river-appropriate trees, shrubs, and plants. It also removes garbage and river blockages. Greenway Program: The Greenway Program develops open spaces, restores existing parks, and integrates them into a series of continuous parks and trails along the river - the Bronx River Greenway. When complete, the greenway will form a 23-mile ribbon of parkland along the river from the Kensico Reservoir to the East River.

Additional information, including a copy of the flood map of the affected site, is available and can be obtained at the Office of Management and Budget, Community Development Unit, 255 Greenwich Street, 8th Floor, New York, New York 10007, between 10:00 A.M. and 5:00 P.M., Monday through Friday. Please call (212) 788-6177 for a copy of the project information or to arrange to view the file. All interested persons, groups and agencies are invited to submit written comments regarding the proposed use of federal funds to support a project located in a floodplain. Such comments should be received at the Office of Community Development on or before July 1, 2013.

READER'S GUIDE

The City Record (CR) is published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above \$100,000 for information technology and for construction and construction related services, above \$50,000 for other services, and above \$25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in The City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Monday through Friday from 9:00 A.M. to 5:00 P.M., except on legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptroller's Office at www.comptroller.nyc.gov, and click on Prevailing Wage Schedules to view rates.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION-RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately \$17 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. Registration for these lists is free of charge. To register for these lists, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application, which can be found online at www.nyc.gov/selltonyc. To request a paper copy of the application, or if you are uncertain whether you have already submitted an application, call the Vendor Enrollment Center at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services at 110 William Street, New York, NY 10038. Sessions are convened on the second Tuesday of each month from 10:00 A.M. to 12:00 P.M. For more information, and to register, call (212) 618-8845 or visit www.nyc.gov/html/sbs/nycbiz and click on Summary of Services, followed by Selling to Government.

PRE-QUALIFIED LISTS

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstances. When an agency decides to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the CR. Information and qualification questionnaires for inclusion on such lists may be obtained directly from the Agency Chief Contracting Officer at each agency (see Vendor Information Manual). A completed qualification questionnaire may be submitted to an Agency Chief Contracting Officer at any time, unless otherwise indicated, and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings (OATH). Section 3-10 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists. For information regarding specific pre-qualified lists, please visit www.nyc.gov/selltonyc.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board Rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, and the Housing Authority. Suppliers interested in applying for inclusion on bidders lists for Non-Mayoral entities should contact these entities directly at the addresses given in the Vendor Information Manual.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 9:30 A.M. to 5:00 P.M., except on legal holidays. For more information, contact the Mayor's Office of Contract Services at (212) 341-0933 or visit www.nyc.gov/mocs.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN-OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women-Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about this program, contact the Department of Small Business Services at (212) 513-6311 or visit www.nyc.gov/sbs and click on M/WBE Certification and Access.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City pays interest on all late invoices. However, there are certain types of payments that are not eligible for interest; these are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year: in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City's website at www.nyc.gov/selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section.

At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified unless a different one is given in the individual notice. In that event, the directions in the individual notice should be followed.

The following is a SAMPLE notice and an explanation of the notice format used by the CR.
