“Compete To Win” More Contracts!
Thanks to a new City initiative - “Compete to Win” - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and women-owned businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

- **Win More Contracts at nyc.gov/competetowin**

“The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence.”

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs) released Fall 2013 and later, vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. To establish this, the City of New York is using the innovative procurement method, as permitted and in accordance with Section 3-12 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"). The new process will remove redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding will be more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

RFPs to be managed by HHS Accelerator are listed on the NYC Procurement Roadmap located at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Deputy Mayor for Health and Human Services, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Client and Community-based Services Agencies: Administration for Children's Services (ACS) Department for the Aging (DFTA) Department of Corrections (DOC) Department of Health and Mental Hygiene (DOHMH) Department of Homeless Services (DHS) Department of Probation (DOP) Department of Small Business Services (SBS) Department of Youth and Community Development (DYCD) Housing and Preservation Department (HPD) Human Resources Administration (HRA) Office of the Criminal Justice Coordinator (CJC) To sign up for training on the new system, and for additional information about HHS Accelerator, including background materials, user guides and video tutorials, please visit www.nyc.gov/hhsaccelerator.

AGENCY RULES**SANITATION**

■ NOTICE

Notice of Public Hearing and Opportunity to Comment on Proposed Rules

(AMENDED NOTICE)

What are we proposing? Pursuant to Local Law 69 of 2013, DSNY is proposing a rule that sets forth a program for the recovery of refrigerants from refrigerant-containing appliances that are being disposed of by residential generators in the city of New York.

When and where is the hearing? Due to inclement weather on the date of the first hearing, DSNY is holding a second hearing to allow another opportunity for public comment. The public hearing will take place 2:00 P.M. - 4:00 P.M. on March 27, 2014. The hearing will be in the 3rd Floor hearing room at 125 Worth Street (Room 330).

How do I comment on the proposed rules? Anyone can comment on the proposed rules by:

- **Website.** You can submit comments to the DSNY through the NYC Rules Web site at <http://rules.cityofnewyork.us>.
- **Email.** You can email written comments to nycrules@dsny.nyc.gov
- **Mail.** You can mail written comments to DSNY, 125 Worth Street, Room 710, New York, NY 10013.
- **Fax.** You can fax written comments to DSNY at 212-788-3876.
- **By Speaking at the Hearing.** Anyone who wants to comment on the proposed rule at the public hearing can sign up in the hearing room before the hearing begins on March 27, 2014.

Is there a deadline to submit written comments? The deadline for submitting written comments shall be March 27, 2014.

Do you need assistance to participate in the hearing? You must contact the Department of Sanitation's Bureau of Legal Affairs if you need a reasonable accommodation because of a disability at the hearing. You must tell us if you need a sign language interpreter. You can tell us by mail at the address given above. You may also tell us by telephone at 646-885-5006. You must tell us by March 20, 2014.

Can I review the comments made on the proposed rules? You can review the comments made online on the

proposed rules by going to the website at <http://rules.cityofnewyork.us/>. A few days after the hearing, copies of all comments submitted online, copies of all written comments, and a summary of oral comments concerning the proposed rule will be available to the public at 125 Worth Street, Room 710, New York, NY 10013.

What authorizes DSNY to make this rule? Sections 753 and 1043(a) and of the New York City Charter and Section 16-485 of the New York City Administrative Code, as added by Local Law 69 of 2013, authorize DSNY to make this proposed rule. This proposed rule was not included in DSNY's regulatory agenda for this Fiscal Year because it was not contemplated when DSNY published the agenda.

Where can I find DSNY's rules? DSNY's rules are in Title 16 of the Rules of the City of New York.

What rules govern the rulemaking process? DSNY must meet the requirements of Section 1043 of the City Charter when creating or changing rules. This notice is made according to the requirements of Section 1043 of the City Charter.

Statement of Basis and Purpose of Proposed Rule

Local Law 69 of 2013 makes original equipment manufacturers ("OEMs") responsible for the lawful recovery of refrigerants from their refrigerant-containing appliances when their appliances are discarded by residents. Despite this requirement, the Department will continue to provide its own refrigerant removal program in which OEMs can participate for a fee. OEMs can also choose to establish their own recovery program or participate with other OEMs in a refrigerant recovery program. The fee imposed by this rule will allow the Department to recover a portion of the program costs incurred through servicing OEMs' appliances.

The purpose of the proposed rule is to carry out the requirements of Local Law 69 of 2013 by establishing the requirements for OEMs' refrigerant recovery programs for appliances that are being disposed of by "residential generators" in the city of New York. "Residential generators" are any person, entity, agency, or institution in the city of New York that receives solid waste or recycling collection service from the department.

Specifically the proposed rule:

- Establishes the registration requirements for OEMs of refrigerant-containing appliances,
- Requires that OEMs indicate whether they plan to establish their own refrigerant recovery program, participate with other OEMs in a refrigerant recovery program, or have their appliances serviced by the Department's refrigerant recovery program,
- Establishes the fee that an OEM must pay if refrigerant is removed from an OEM's appliance by the department,
- Establishes annual reporting requirements for any OEM who establishes its own refrigerant recovery program or participates with OEMs in a refrigerant recovery program, and,
- Establishes violations and fines for failure to comply with certain requirements of the proposed rule.

DSNY's authority for these rules is found in sections 753 and 1043(a) of the New York City Charter and section 16-485 of the New York City Administrative Code.

This proposed rule also repeals the current Chapter 17 of Title 16 of the Rules of the City of New York, which relates to the collection, recycling and reuse of electronic equipment, because the local laws that authorized Chapter 17, Local Laws 13 and 21 of 2008, were preempted by New York State law through Chapter 99 of 2010. DSNY's authority for this repeal is found in sections 753 and 1043(a) of the New York City Charter.

New material is underlined.
[Deleted material is in brackets.]

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

Section 1. Chapter 17 of Title 16 of the Rules of the City of New York, relating to the collection, recycling and reuse of electronic equipment, is REPEALED.

§ 2. Title 16 of the Rules of the City of New York is amended by adding a new Chapter 17 to read as follows:

Chapter 17**RECOVERY OF REFRIGERANTS**

§17-01 Definitions. When used in this chapter:

A class I or class II ozone-depleting substance shall be those substances as defined by the United States environmental protection agency in section 602 of the

United States clean air act. A "substitute substance" shall be any environmental protection agency approved replacement for a class I or II ozone-depleting substance in a refrigeration or air-conditioning end-use.

"Residential generator" means any person, entity, agency, or institution in the city of New York that receives solid waste or recycling collection service from the department.

"Room air conditioner" means any electrical appliance that has a compressor, a condenser, an evaporator and a fan to cool and dehumidify the surrounding air and that is capable in ordinary usage of being mounted in a window or through a wall.

(c) The department shall provide a list on its website of all OEMs that elect to (i) establish a refrigerant recovery program, or (ii) participate with other OEMs in a refrigerant recovery program.
