With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

- Win More Contracts at nyc.gov/competetowin

"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children's Services (ACS)
 Department for the Aging (DFTA)
 Department of Consumer Affairs (DCA)
 Department of Corrections (DOC)
 Department of Health and Mental Hygiene (DOHMH)

 Department of Probation (DOP)
 Department of Small Business Services (SBS)
 Department of Youth and Community Development (DYCD)

MAYOR'S OFFICE OF ENVIRONMENTAL REMEDIATION

■ NOTICE

NOTICE OF ADOPTION OF AMENDMENT TO RULES OF THE NEW YORK CITY BROWNFIELD INCENTIVE GRANT PROGRAM

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE Director of Environmental Remediation by subdivision e of section 15 of the New York City Charter that the Office of Environmental Remediation promulgates and adopts an amendment to rules relating to the New York City Brownfield Incentive Grant Program.

The rule amendment was published for comment in the *City Record* on September 9, 2014 and a public hearing was held on October 20, 2014. The amendment was not included in the Office's most recent regulatory agenda because the need to promulgate it was not anticipated at that time.

STATEMENT OF BASIS AND PURPOSE

The Office of Environmental Remediation ("Office" or "OER") oversees the New York City Brownfield Incentive Grant ("BIG") Program. Through the BIG program, OER awards several grants, including the BrownfieldWorks! Job Training Bonus Cleanup Grant, which was created to encourage environmental businesses and contractors to hire graduates of local workforce development programs.

OER was established by Local Law No. 27 of 2009, and Charter § 15(e)(5) authorizes its Director to administer financial incentive programs to promote the identification, investigation, remediation, and redevelopment of brownfields. Section 15(e)(6) authorizes the Director to promote community participation in these activities. Section 15(e)(18) authorizes the Director to promulgate rules in connection with such programs.

OER designed the BrownfieldWorks! Program to provide workforce development graduates with work experience on brownfield projects by funding trainee salaries for a three-month period. In addition to providing valuable job experience and an opportunity to secure a full - time job, this program improves the quality of brownfield

cleanups by bringing additional staff to oversee projects and providing developers with substantial savings on the cost of cleanup by providing cost effective environmental oversight during periods when remedial work is not active.

OER is currently authorized to make these grant funds payable to the workforce development organizations, developers or their environmental consultants. The current rule does not expressly authorize OER to pay grant funds to contractors who often hire trainees at brownfield projects. This rule change permits the BrownfieldWorks! Job Training Bonus Cleanup Grants to be paid directly to contractors, making it easier for additional developers to provide work experience to trainees.

New text is underlined; deleted material is in [brackets].

Section 1. Paragraph 1 of subdivision b of section 43-1423 of Subchapter 2 of Chapter 14 of Title 43 of the Rules of the City of New York is amended to read as follows:

§ 43-1423 Grant Disbursements and Administration.

* * *

b. *Disbursement of grants.*

1. Grants are payable to the grantee or the qualified vendor, except that a green property certification bonus cleanup grant is payable to the vendor who produced the certification plaque, and a green job training bonus cleanup grant may be paid to a workforce development organization or to a contractor associated with a project at a remedial action site that employs a participant from a workforce development organization for full-time work.

Can I review the comments made on the proposed rule? A few days after the hearing, a transcript of the hearing and copies of the written comments will be available to the public at the office of the Board of Correction.

What authorizes the Board of Correction to propose this rule? Sections 626 and 1043 of the New York City Charter authorize the Board of Correction to propose this rule. This proposed rule was not included in the Board's regulatory agenda for this Fiscal Year because the need for it was not contemplated when the Board completed the agenda.

Where can I find the Board's rules? The Board's rules are in Title 40 of the Rules of the City of New York.

What requirements govern the rulemaking process? The Board of Correction must meet the requirements of Section 1043 of the New York City Charter when promulgating or amending rules. This notice is made according to the requirements of Section 1043(b) of the New York City Charter.

Statement of Basis and Purpose

These proposed rule revisions would amend the Minimum Standards adopted by the Board of Correction ("the Board") relating to correctional facilities, set forth in Chapter 1 of Title 40 of the Rules of the City of New York. The purpose of the proposed revisions is to address the dramatic increase in serious inmate violence in New York City jails. Although such violence has many root causes, the Department of Correction ("the Department") has specifically identified as significant contributing factors gang-related activity and the ready availability of small, concealable blades. Further, the Department has determined that a relatively small number of inmates are disproportionately involved in these violent incidents. The proposed rule amendments described here seek to address these serious concerns and provide the Department with the tools it needs to reasonably control the activities of its most violent inmates. Concurrently, they seek to ensure that the rights of inmates are not unduly burdened and aim to promote humane conditions in New York City jails. To those ends, the proposed rule amendments provide for the creation of "enhanced supervision housing" (ESH) units, specify the Minimum Standards that would be applicable and inapplicable in such units, and provide for procedural safeguards to protect the rights of inmates assigned to ESH. They also place certain limitations on the use of punitive segregation in Department facilities.

The purpose of ESH would be to house inmates posing the most direct security threats, a category that the proposed rule amendments limit to: (1) inmates identified as leaders of, organizers of, or participants in gangs or substantially similar groups; (2) inmates who have committed slashings or stabbings or found in possession of scalpels or scalpel-like weapons; (3) inmates who have committed repeated assaults or have seriously injured another while in custody; (4) inmates who have engaged in serious or persistent violence or have instigated or participated in a riot while in custody; and (5) inmates who otherwise presents a significant threat to the safety and security of the facility if housed in general population housing. ESH would not be permitted for adolescents -- that is, with respect to the Department's facilities, those who are 16 and 17 years old -- who constitute a particularly vulnerable

part of the prison population. Assignment to ESH would activate procedures requiring notice in each case and, upon the inmate's request, a hearing.

Due to the unique characteristics of the inmate population assigned to ESH, which would consist of some of the Department's most dangerous inmates, the proposed rule revisions would further provide for an increased level of supervision and control in order to ensure the safety and security of inmates and staff. This would include various restrictions on time spent out of cells and in group settings, such as the law library and religious services, and would allow for increased monitoring of non-privileged correspondence. In order to prevent inmates assigned to ESH from obtaining concealed weapons, the proposed rules would place certain restrictions on the receipt of packages and on contact visits, which would be limited to an approved list of visitors. However, the proposed rules seek to balance such restrictions with the rights of inmates and are tailored to the purpose of protecting inmates and staff, rather than punishment for particular infractions.

At the same time, the Board believes that punitive segregation, which does address particular infractions committed by an inmate, should be limited in certain circumstances where it does not accomplish, or very imperfectly accomplishes, its deterrent purpose. In particular, punitive segregation presents a serious and unacceptable threat to the physical and mental health of inmates who are adolescents. Furthermore, punitive segregation fails to send a clear deterrent message when it is imposed on an inmate not for an infraction committed by an inmate in his or her present incarceration, but for an infraction committed by the same inmate in a previous incarceration, when the inmate was sentenced to punitive segregation but did not serve, or did not fully serve, that sentence. Punitive segregation for "time owed" from a previous incarceration is often perceived as fundamentally unfair, and therefore does not achieve its intended purpose. For these reasons, the proposed amendments would not allow the use of punitive segregation for inmates who are adolescents after January 1, 2015 or for inmates with "time owed" in punitive segregation from a previous sentence who are admitted to a Department facility after the creation of ESH. Inmates admitted before then to a department facility may have such "time owed" reduced or eliminated if the Department determines that this is warranted in view of the offense for which they were sentenced to punitive segregation during a previous sentence.

Set forth below is a section-by-section description of the proposed rule amendments.

Section 1-05 ("Involuntary lock-in")

This proposed revision would amend paragraph (2) of subdivision (b) to provide that inmates confined to ESH may be locked in during the day for up to nine hours in any 24-hour period, in contrast with the two-hour limit applicable to other inmates. The proposed revision would allow for the creation of schedules such that no more than half of the inmates assigned to a given housing area would be permitted to enter the day room at any given time. The purpose of this revision is to enhance control of the inmate population assigned to ESH without unduly burdening the opportunity to engage in recreation or allowing for disproportionately extended periods of lock-in.

Section 1-06 ("Recreation")

This proposed revision would amend subdivision (g) to allow for increased restriction on the recreation of inmates assigned to ESH. These changes would be the same as restrictions already in place for inmates housed in punitive segregation.

Section 1-07 ("Religion")

This proposed revision would amend subdivision (h) to allow for inmates assigned to ESH to participate in religious services offered "with appropriate security either with each other or with other prisoners." The proposed amendment is intended to aid the Department's efforts to control and prevent gang communication in group settings and to minimize opportunities for negative inmate encounters.

Section 1-08 ("Access to Courts and Legal Services")

This proposed revision would amend paragraph (6) of subdivision (f) to allow for limits on library hours for inmates housed in ESH, provided that an alternative method of access to legal materials is instituted to permit effective legal research. The proposed revision is intended to aid the Department's efforts to control and prevent gang communications that may occur in the library setting and to minimize opportunities for negative inmate encounters.

Section 1-09 ("Visiting")

This proposed revision would amend paragraph (1) of subdivision (e) and subdivision (f) in order to allow for greater control of visits with inmates assigned to ESH. The Department would be permitted to limit visits to those on an approved list of visitors in order to prevent the transfer of gang communications or contraband. Further, the proposed revision to subdivision (f) would allow for greater limitations on contact visits in particular.

Section 1-11 ("Correspondence")

This proposed revision would amend subparagraphs (ii) and (iii) of paragraph (6) of subdivision (c), as well as clauses (ii) and (iii) of subparagraph (a) of paragraph (1) of subdivision (2) to allow for increased monitoring of non-privileged correspondence sent to inmates assigned to ESH.

Section 1-12 ("ESH Packages")

This proposed revision would amend subdivision (a) to implement restrictions on the contents of incoming ESH packages in order to prevent the introduction into the facility of contraband from outside sources.

Section 1-13 ("Publications")

This proposed revision would amend subdivision (a) to allow limitations to be placed on the sources from which inmates assigned to ESH may order publications. The proposed change is also aimed at decreasing the opportunity for contraband to be introduced into the facilities.

Section 1-16 ("Enhanced Supervision Housing")

This proposed revision would add a new section outlining the limits on the assignment of inmates to ESH and requiring that the inmates be afforded an opportunity to respond when the Department makes such assignments. ESH assignments would be limited to: (1) inmates identified as leaders of, organizers of, or participants in gangs or substantially similar groups; (2) inmates who have committed slashings or stabbings or found in possession of scalpels or scalpel-like weapons; and (3) inmates who have committed repeated assaults or have seriously injured another while in custody; (4) inmates who have engaged in serious or persistent violence or have instigated or participated in a riot while in custody; and (5) inmates who otherwise presents a significant threat to the safety and security of the facility if housed in general population housing. ESH would not be permitted for adolescents. The proposed new section would additionally require that determinations of ESH placement include meaningful notice (consisting of the grounds relied on to assign each inmate to ESH) and informing the inmate of rights to submit a written response or request an in-person hearing to review the determination. Further, the proposed new section would provide that an in-person hearing be held if requested and that it consist of a review of the facts on which the Department relied in making the ESH assignment and a determination of whether such facts support that assignment.

Section 1-17 ("Limitations on the Use of Punitive Segregation")

This proposed revision would add a new section which would prevent adolescents, defined as inmates who are 16 or 17 years old, from serving time in punitive segregation after January 1, 2015. Further, it would prevent an inmate who is admitted to a Department facility after the creation of ESH from serving time in punitive segregation for "time owed" in punitive segregation from a separate and previous incarceration. The Department would submit to the Board certain reports and timelines relating to changes in punitive segregation.

Prisoners confined in enhanced supervision housing may be permitted to receive only incoming packages whose contents are purchased from and mailed to the prisoner by a company whose ordinary business includes the sale and shipping of such items, except that such prisoners shall be permitted to receive from any person packages whose contents consist of clothing appropriate to be worn at court appearances.

§9. Subdivision (a) of section 1-13 of Title 40 of the Rules of the City of New York is amended to read as follows:

§10. Chapter 1 of Title 40 of the Rules of the City of New York is amended by adding new sections 1-16 and 1-17, to read as follows:

§1-16 Enhanced Supervision Housing.

(a) Policy. A prisoner may be confined in enhanced supervision housing if: (1) he or she has been identified as a leader of, organizer of or participant in a gang or substantially similar entity;

(2) he or she has, while in custody, committed a slashing or stabbing or has been found in possession of a scalpel or scalpel-like weapon;

(3) he or she has, while in custody, committed repeated assaults or has seriously injured another prisoner, visitor or facility employee;

(4) he or she has, while in custody, engaged in serious or persistent violence or has instigated or participated in a riot; or

(5) he or she otherwise presents a significant threat to the safety and security of the facility if housed in general population housing.

Provided, however, that an adolescent, as defined in section 1-17 of this chapter, may not be confined in enhanced supervision housing.

(b) Procedure. (1) When it is determined that a prisoner should be confined in enhanced supervision housing, that prisoner shall be given written notice of such determination. Such notice shall:

(i) state the grounds relied on and the facts that support such determination;

(ii) inform the prisoner that he or she may submit a written response or may request an in-person hearing to review such determination.

(2) An in-person hearing shall be held if requested by the prisoner. At such hearing, the hearing officer shall review the facts relied on in making such determination to determine whether such facts exist and, further, shall determine whether such facts support such determination.

§1-17 Limitations on the Use of Punitive Segregation

(a) Policy. Punitive segregation is a severe penalty that should not be used under certain circumstances in the Department's facilities. In particular, punitive segregation represents a serious threat to the physical and psychological health of adolescents, with respect to whom it should not be imposed. Moreover, punitive segregation is intended to address a particular offense committed in the course of an inmate's incarceration, and should not be imposed in connection with an offense committed by the same inmate during a separate and previous incarceration.

(b) Definitions. For the purposes of this chapter, (1) "punitive segregation" shall mean the involuntary confinement of an inmate to a cell for twenty or more hours per day, and

(2) "adolescent" shall mean a person who is 16 or 17 years old.

(c) Adolescents. Adolescents shall not be placed in punitive segregation. This prohibition will take effect no later than January first, 2015.

(d) Time in punitive segregation owed from a previous incarceration. No inmate admitted to a Department facility after creation of the enhanced supervision housing provided for in section 1-16 of this chapter shall be assigned to punitive segregation for any time from a separate and previous incarceration for which such inmate was sentenced to but did not serve in punitive segregation. An inmate admitted earlier to a Department facility may be assigned to punitive segregation for such time owed from a separate and previous incarceration, provided, however, that such time may be reduced or eliminated in consideration of the nature and severity of the offense for which such inmate was sentenced to punitive segregation during such separate and previous incarceration.

(e) Reports. No later than one hundred eighty days after creation of the enhanced supervision housing provided for in section 1-16 of this chapter, the Department will report to the Board on the status of its efforts to reduce the maximum punitive segregation sentence from ninety days to thirty days. At that time, the Department will also report on the status of its efforts to revise policy so that an inmate must be out of punitive segregation for a minimum of seven days before he or she could be returned to punitive segregation. Following creation of the enhanced supervision housing provided for in section 1-16 of this chapter, the Department will submit to the Board a plan and timeline detailing the steps it will take to reduce punitive segregation sentences from ninety days to thirty days. The Department will report every forty-five days thereafter on its progress toward the goals set forth in its plan.
