"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Statement of Basis and Purpose

Local Law 141 of 2013, which went into effect on December 31, 2014, amends the Administrative Code of the City of New York, the New York City Plumbing Code, the New York City Building Code, the New York City Mechanical Code and the New York City Fuel Gas Code.

Local Law 141 amended some requirements, added new requirements and renumbered existing sections of the affected codes. The proposed amendments to 1 RCNY § 102-01 add certain new violations contained in the NYC Construction Codes and Zoning Resolution, some of which

were created by the enactment of Local Law 141. In addition, unrelated to Local Law 141, the Department of Buildings seeks to clarify existing violations in its rules by amending their sections of law and violation descriptions. These violations relate to:

- the requirement to obtain a service equipment Certificate of Compliance prior to operation;
- the operation, maintenance, testing, and inspection of elevators and conveying systems, and the provision of notice when an elevator will be out of service due to repair work;
- the tampering, removing or defacing of a Stop Work Order or Vacate Order prior to its rescission by the Commissioner;
- failing to obey a Vacate Order;
- failing to conduct or file a final inspection of permitted work with the Department of Buildings; and
- damaging or removing trees in a Special Natural Area District without certification, authorization or special permit.

The Department of Buildings’ authority for these rules is found in sections 643 and 1043 of the New York City Charter and sections 28-201.2, 28-201.2.1, 28-201.2.2, and 28-202.1 of the New York City Administrative Code.

New material is underlined.

[Deleted material is in brackets.]

“Shall” and “must” denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

Section 1. Subdivision (j) of section 102-01 of Title 1 of the Rules of the City of New York is amended by adding eight new violations relating to sections 28-116.2.4.2, 28-207.2.5, 28-207.4, 28-207.4.4, 28-304.6, and 28-304.10 of the New York City Administrative Code and section 105-20 of the New York City Zoning Resolution, and amending four existing violations relating to sections 27-185 and 28-301.1 of the New York City Administrative Code, to read as follows:

■ NOTICE

**Determination and Findings by
the City of New York Pursuant to Section 204 of
the New York State Eminent Domain Procedure Law**

Whereas, the New York City Department of Design and Construction (“DDC”), on behalf of the New York City Department of Transportation (“DOT”) and the City of New York (“City”), has proposed the acquisition of certain street properties along Victory Boulevard from Seneca Avenue to Grand Avenue (Capital Project: HWR005-04) in the borough of Staten Island; and

Whereas, the New York State Eminent Domain Procedure Law (“EDPL”) sets forth uniform procedures for condemnations by municipalities throughout the State of New York, which also governs over this acquisition; and

Whereas, pursuant to the EDPL, the City is required to hold a public hearing to determine whether the public would be better served by the proposed acquisition of the above-mentioned properties and the impact of such an acquisition on the neighborhood where the project is to be constructed; and

Whereas, the City held a public hearing pursuant to EDPL Section 204 in relation to this acquisition on December 17, 2014 in the borough of Staten Island. **Having given due consideration to the complete hearing record, which includes, among other things, all documents submitted and all public comments, the City makes the following determination and findings concerning the above and below described acquisitions and project:**

1. The public use and benefit of this project is for the reconstruction of roadways, including the sidewalks and curbs in the borough of Staten Island (the “Project”).
2. The properties to be acquired are shown on the City’s Tax Map for the borough of Staten Island and include the following properties:
 - Block 247, part of Lots 30, 38;
 - Block 328, part of Lot 60;
 - Block 604, part of Lots 26, 29, 30, 32, 34;
 - Block 651, part of Lots 1, 9, 10, 12; and
 - Beds of Victory Boulevard from Seneca Avenue to Grand Avenue

The proposed acquisition shall consist of the following locations in the Borough of Staten Island:

Victory Boulevard from Seneca Avenue to Grand Avenue.

The City selected these locations based on a need for the reconstruction of roadways, including the sidewalks and curbs:

1. The general effect on the neighborhood will be to improve current living conditions. The proposed Project involves the reconstruction of roadways, including the sidewalk and curbs. This Project will have no significant adverse effect on the environment. The proposed property acquisition locations were included in an Environmental Assessment Statement, also known as an “EAS,” completed on May 30, 2013 by the NYCDOT. Based on the recommendations contained in the EAS, necessary mitigation measures will be included in the design for this and other projects in the area covered by the aforementioned document.
2. Comments and concerns raised by the property owners at the public hearing and through subsequent written submissions are currently being reviewed by the City. Issues and concerns raised by the property owners include: the overall efficacy of the proposed project with regards to improvements to the community, specifically effects to existing traffic patterns and congestion. The City will work with all public and private parties involved in the project to minimize the impact of construction activities on the street, residents and environment. The City has also reviewed all potential alternate locations and has determined that no other sites are feasible for the Project. The City continues to review its plans and will make modifications addressing any issues whenever possible. DDC will also work with DOT, other agencies and the community in order to review and address Project-related concerns.

DETERMINATION :

Based upon due consideration of the record and the foregoing findings, it is determined that the City of New York should exercise its power of eminent domain to acquire the above-described properties in order to promote and permit the purposes of the Project to be achieved.

NOTICE :

Pursuant to EDPL Section 207, property owners have thirty (30) days from completion of the publication of this “Determination and Findings” to seek judicial review of this determination. Expected dates of publication are January 21 to January 23, 2015.

The exclusive venue for the judicial review of this determination pursuant to EDPL Sections 207 and 208 is the Appellate Division of the Supreme Court in the Judicial Department where any part of the property to be acquired is located.

A copy of this Determination and Findings by the City is available without cost upon written request to:
