GENERAL PURPOSES

The "Special Midtown District" established in this Resolution is designed to promote and protect public health, safety and general

welfare. These general goals include, among others, the following specific purposes:

* * *

(m) to preserve the midblock area north of the Museum of Modern Art for its special contribution to the historic continuity, function and ambience of Midtown;

(n) to protect and strengthen the economic vitality and competitiveness of the Grand Central Subdistrict by facilitating the development of exceptional and sustainable buildings within the Vanderbilt Corridor and enabling improvements to the pedestrian and mass transit circulation network;

(o)(n) to protect and enhance the role of Grand Central Terminal as a major transportation hub within the City to expand and enhance the pedestrian and mass transit circulation network connecting Grand Central Terminal to surrounding development, to minimize pedestrian congestion and to protect the surrounding area's special character;

(p)(o) to expand the retail, entertainment and commercial character of the area around Pennsylvania Station and to enhance its role as a major transportation hub in the city;

(q)(p) to provide freedom of architectural design within limits established to assure adequate access of light and air to the street, and thus to encourage more attractive and economic building forms without the need for special development permissions or "negotiated zoning"; and

(r)(q) to promote the most desirable use of land and building development in accordance with the District Plan for Midtown and thus conserve the value of land and buildings and thereby protect the City's tax revenues.

81-60
SPECIAL REGULATIONS FOR THE GRAND CENTRAL SUBDISTRICT

81-61
General Provisions

In order to preserve and protect the character of the Grand Central Subdistrict, as well as to expand and enhance the Subdistrict's extensive pedestrian and mass transit circulation network, and to facilitate the development of exceptional and sustainable buildings within the Vanderbilt Corridor, special regulations are set forth in Section 81-60 (SPECIAL REGULATIONS FOR THE GRAND CENTRAL SUBDISTRICT), inclusive, governing urban design and streetscape relationships, the transfer of development rights from landmarks, and the improvement of the surface and subsurface-pedestrian-circulation and mass transit circulation network.

The regulations of Sections 81-60 (SPECIAL REGULATIONS FOR THE GRAND CENTRAL SUBDISTRICT) are applicable only in the Grand Central Subdistrict, the boundaries of which are shown on Map 1 (Special Midtown District and Subdistricts) in Appendix A. These regulations supplement or modify the provisions of this Chapter applying generally to the #Special Midtown District#, of which this Subdistrict is a part.

As stated set forth in Section 81-212 (Special provisions for transfer of development rights from landmark sites), transfer of development rights from landmark sites may be allowed pursuant to Section 81-63- (Transfer of Development Rights from Landmark Sites).

The provisions of Section 81-23 (Floor Area Bonus for Public Plazas) are inapplicable to any #zoning lot#, any portion of which is located within the Grand Central Subdistrict.

Where the #lot line# of a #zoning lot# coincides with the boundary of the public place located at the southerly prolongation of Vanderbilt Avenue between East 42nd Street and East 43rd Street, such #lot line# shall be considered to be a #street line# for the purposes of applying the #use#, #bulk# and urban design regulations of this Chapter.

* * *

81-611
Special use provisions

Within the Vanderbilt Corridor, as shown in Map 1 (Special Midtown District and Subdistricts) in Appendix A of this Chapter, the #development# of a #building# containing a #transient hotel#, as listed in Use Group 5, or the #conversion# or change of #use# within an existing #building# to a #transient hotel#, shall only be allowed by

special permit of the City Planning Commission, pursuant to Section 81-65.

* * *

**81-625
Pedestrian circulation space requirements**

Any #development# or #enlargement# within the Grand Central Subdistrict shall be subject to the provisions of Sections 81-45 (Pedestrian Circulation Space), 81-46 (Off-Street Relocation or Renovation of a Subway Stair) and 81-48 (Off-Street Improvement of Access to Rail Mass Transit Facility), except that:

- (a) no arcade shall be allowed within the Subdistrict; and
- (b) within the Subdistrict, a sidewalk widening may be provided only for a #building# occupying an Avenue frontage, provided that such sidewalk widening extends for the length of the full #block# front; and
- (c) for #developments# or #enlargements# on #zoning lots# located within the Vanderbilt Corridor, as shown on Map 1 (Special Midtown District and Subdistricts) of Appendix A of this Chapter, up to a maximum of 3,000 square feet of on-site improvements to the public realm provided in accordance with a special permit pursuant to Section 81-635 (Transfer of development rights by special permit) or Section 81-64 (Special Permit for Grand Central Public Realm Improvement Bonus) may be applied toward the pedestrian circulation space requirement.

**81-626
Retail continuity requirements**

For #developments# or #enlargements# on #zoning lots# located within the Vanderbilt Corridor, as shown on Map 1 (Special Midtown District and Subdistricts) of Appendix A of this Chapter, where a #building# fronts upon a designated retail #street#, as shown on Map 2 (Retail and Street Wall Continuity), any portion of such #building's# ground floor level frontage along such designated retail #street# allocated to above or below-grade public realm improvements provided in accordance with a special permit pursuant to Section 81-635 (Transfer of development rights by special permit) or Section 81-64 (Special Permit for Grand Central Public Realm Improvement Bonus) shall be excluded from the retail continuity requirements of Section 81-42 (Retail Continuity along Designated Streets).

**81-63
Transfer of Development Rights from Landmark Sites**

* * *

**81-631
Requirements for application**

In addition to the land use review application requirements, an application filed with the City Planning Commission for certification pursuant to Section 81-634 (Transfer of development rights by certification) or special permit pursuant to Section 81-635 (Transfer of development rights by special permit) shall be made jointly by the owners of the "granting lot" and "receiving lot" and shall include:

- (a) site plan and zoning calculations for the "granting lot" and "receiving lot";
- (b) a program for the continuing maintenance of the landmark;
- (c) a report from the Landmarks Preservation Commission concerning the continuing maintenance program of the landmark and, for those "receiving" sites in the immediate vicinity of the landmark, a report concerning the harmonious relationship of the #development# or #enlargement# to the landmark;
- (d) for #developments# or #enlargements# pursuant to Section 81-635, a plan of the any required pedestrian network improvement; and
- (e) any such other information as may be required by the Commission.

* * *

**81-635
Transfer of development rights by special permit**

Within the portion of the Subdistrict bounded by East 41st Street, East 48th Street, Lexington and Madison Avenues (the Grand Central Subdistrict Core Area as shown on Map 1 in Appendix A), the City Planning Commission may permit the transfer of development rights from a "granting lot" to a "receiving lot", and, in conjunction with such transfer, the Commission may permit modifications to #bulk# regulations, mandatory plan elements, and provisions regarding #zoning lots# divided by district boundaries, as set forth in paragraph (a) of this Section, provided that the Commission determines that the #development# or #enlargement# complies with the conditions of paragraph (b), the findings of paragraph (c) and the additional requirements of paragraph (d) of this Section.

- (a) The Commission may permit:
 - (a)(1) a transfer of development rights from a "granting lot" to a "receiving lot" provided that:
 - (i) for #zoning lots# located within the Vanderbilt Corridor, as shown in Map 1 (Special Midtown District and Subdistricts) in Appendix A of this Chapter, the resultant #floor area ratio# on the "receiving lot" does not exceed 30.0; and
 - (ii) for #zoning lots# outside the Vanderbilt Corridor, the resultant #floor area ratio# on the "receiving lot" does not exceed 21.6;
 - (b)(2) modifications of the provisions of Sections 77-02 (Zoning Lots Not Existing Prior to Effective Date or Amendment of Resolution), 77-21 (General Provisions), 77-22 (Floor Area Ratio) and 77-25 (Density Requirements) for any #zoning lot#, whether or not it existed on December 15, 1961, or any applicable subsequent amendment thereto, #floor area#, #dwelling units# or #rooming units# permitted by the district regulations which allow a greater #floor area ratio# may be located within a district that allows a lesser #floor area ratio#;
 - (c)(3) the modification of #bulk# regulations except #floor area ratio# and height and setback regulations; however, in the case of an #enlargement# to an existing #building# utilizing the transfer of development rights from a designated landmark, the Commission may modify modifications of the provisions of Sections 81-621 (Special street wall requirements), 81-622 (Special height and setback requirements), 81-623 (Building lobby entrance requirements), 81-624 (Curb cut restrictions and loading berth requirements), 81-625 (Pedestrian circulation space requirements), and Sections 81-25 (General Provisions Relating to Height and Setback of Buildings), 81-26 (Height and Setback Regulations-Daylight Compensation) and 81-27 (Alternate Height and Setback Regulations-Daylight Evaluation) in order to accommodate existing structures and conditions; and
 - (d)(4) notwithstanding the provisions of paragraph (c) of this Section, for #zoning lots# of more than 40,000 square feet of #lot area# that occupy an entire #block#, modifications of #bulk# regulations, except #floor area ratio# regulations; and
 - (5) for #zoning lots# located within the Vanderbilt Corridor, as shown on Map 1, modifications, whether singly or in any combination, to:
 - (i) the #street wall# regulations of Sections 81-43 (Street Wall Continuity Along Designated Streets), or 81-621 (Special street wall requirements), inclusive;
 - (ii) the height and setback regulations of Sections 81-26 (Height and Setback Regulations-Daylight Compensation), inclusive, 81-27 (Alternative Height and Setback Regulations-Daylight Evaluation), inclusive, or 81-622 (Special height and setback requirements); or
 - (iii) the mandatory district plan elements of Sections 81-42 (Retail Continuity along Designated Streets), 81-44 (Curb Cut Restrictions), 81-45 (Pedestrian Circulation Space), 81-46 (Off-Street Relocation or Renovation of a Subway Stair), 81-47 (Major Building Entrances), 81-48 (Off-street Improvement of Access to Rail Mass Transit Facility), 81-623 (Building lobby entrance requirements), 81-624 (Curb cut restrictions and loading berth requirements), 81-625 (Pedestrian circulation space requirements) or 37-50 (REQUIREMENTS FOR PEDESTRIAN CIRCULATION SPACE), inclusive, except that no modifications to the required amount of pedestrian circulation space set forth in Section 37-51 shall be permitted.

- (b) Conditions
[INSERT CONDITIONS FROM BELOW]
- (c) Findings

In order to grant a A special permit for the transfer of development rights to a "receiving lot", the Commission shall find that shall be subject to the following findings:

- (1) that a program for the continuing maintenance of the landmark has been established;
- (2) for any proposed improvement required pursuant to this Section:
 - (i) that the improvement to the above- or below-grade surface and subsurface pedestrian or mass transit circulation network provided by the #development# or #enlargement# increases public accessibility to and from Grand Central Terminal, pursuant to the following requirements:;
 - (i)(ii) that the streetscape, the site design and the location of #building# entrances contribute to the overall improvement of pedestrian circulation within the Subdistrict and minimize congestion on surrounding #streets#; and
 - (iii) that a program is established to identify solutions to problems relating to vehicular and pedestrian circulation problems and the pedestrian environment within the Subdistrict;
- (3) where appropriate, for #developments# or #enlargements# on #zoning lots# located within the Vanderbilt Corridor, as shown on Map 1, the design of the #development# or #enlargement# includes provisions for public amenities including, but not limited to, publicly accessible open spaces, and subsurface pedestrian passageways leading to subway or rail mass transit facilities;
- (4) for #developments# or #enlargements# with a proposed #floor area ratio# in excess of 21.6 on #zoning lots# located within the Vanderbilt Corridor, as shown on Map 1, the #building# has met the ground floor level, building design and sustainable design measures set forth in the applicable conditions and findings of Section 81-641 (Additional floor area for the provision of public realm improvements);
- (5) where the modification of #bulk# regulations is proposed:
 - (i)-(ii) that the any proposed modification of #bulk# regulations, regulations governing #zoning lots# divided by district boundaries or the permitted transfer of #floor area# will not unduly increase the #bulk# of any #development# or #enlargement# on the "receiving lot," density of population or intensity of #use# on any #block# to the detriment of the occupants of #buildings# on the #block# or the surrounding area;
 - (ii)(iii) that, for #enlargements# to existing #buildings#, the any proposed modifications of height and setback requirements and the requirements of Section 81-62 are necessary because of the inherent constraints or conditions of the existing #building#, that the modifications are limited to the minimum needed, and that the proposal for modifications of height and setback requirements demonstrates to the satisfaction of the Commission that an integrated design is not feasible for the proposed #enlargement# which accommodates the transfer of development rights due to the conditions imposed by the existing #building# or configuration of the site; and
 - (iii) (iv) that, for #developments# or #enlargements# on #zoning lots# of more than 40,000 square feet of #lot area# that occupy an entire #block#, any proposed modifications of #bulk# regulations are necessary because of inherent site constraints and that the modifications are limited to the minimum needed-; or
- (6) for #developments# or #enlargements# on #zoning lots# located within the Vanderbilt Corridor, as shown on Map 1, any proposed modifications meet the applicable application requirements and findings set

forth in Section 81-642 (Permitted modifications in conjunction with additional floor area).

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

[MOVE UP THE FOLLOWING TWO PARAGRAPHS TO NEW PARAGRAPH (b) Conditions]

For #developments# or #enlargements# on #zoning lots# located outside of the Vanderbilt Corridor, the following shall apply. As a condition for granting a special permit pursuant to this Section, the design of the #development# or #enlargement# shall include a major improvement of the above or below-grade, surface and/or subsurface pedestrian or mass transit circulation network in the Subdistrict (as shown on Map 4 in Appendix A of this Chapter). The improvement shall increase the general accessibility and security of the network, reduce points of pedestrian congestion and improve the general network environment through connections into planned expansions of the network. The improvement may include, but is not limited to, widening, straightening or expansion of the existing pedestrian network, reconfiguration of circulation routes to provide more direct pedestrian connections between the #development# or #enlargement# and Grand Central Terminal, and provision for direct daylight access, retail in new and existing passages, and improvements to air quality, lighting, finishes and signage.

The special permit application to the Commission shall include information and justification sufficient to provide the Commission with a basis for evaluating the benefits to the general public from the proposed improvement. As part of the special permit application, the applicant shall submit schematic or concept plans of the proposed improvement to the Department of City Planning, as well as evidence of such submission to the Metropolitan Transportation Authority (MTA) and any other entities that retain control and responsibility for the area of the proposed improvement. Prior to ULURP certification of the special permit application, the MTA and any other entities that retain control and responsibility for the area of the proposed improvement shall each provide a letter to the Commission containing a conceptual approval of the improvement including a statement of any considerations regarding the construction and operation of the improvement.

(d) **Additional requirements**

Prior to the grant of a special permit, the applicant shall obtain approvals of plans from the MTA and any other entities that retain control and responsibility for the area of the proposed improvement, and, if appropriate, the applicant shall sign a legally enforceable instrument running with the land, setting forth the obligations of the owner and developer, their successors and assigns, to construct and maintain the improvement and shall establish a construction schedule, a program for maintenance and a schedule of hours of public operation and shall provide a performance bond for completion of the improvement.

The written declaration of restrictions and any instrument creating an easement on privately owned property shall be recorded against such private property in the Office of the Register of the City of New York (County of New York) and a certified copy of the instrument shall be submitted to the City Planning Commission.

No temporary certification of occupancy for any #floor area# of the #development# or #enlargement# on a "receiving lot" shall be granted by the Department of Buildings until all required improvements have been substantially completed as determined by the Chairperson of the City Planning Commission and the area is usable by the public. Prior to the issuance of a permanent certificate of occupancy for the #development# or #enlargement#, all improvements shall be 100 percent complete in accordance with the approved plans and such completion shall have been certified by letter from the Metropolitan Transportation Authority.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

81-64

Special Permit for Grand Central Public Realm Improvement Bonus

In order to facilitate the development of exceptional and sustainable #buildings# within the Vanderbilt Corridor as well as improvements to the pedestrian and mass transit circulation network in the vicinity of Grand Central Terminal, for #developments# and #enlargements# on #zoning lots# located within the Vanderbilt Corridor, as shown in Map 1 (Special Midtown District and Subdistricts) in Appendix A of this Chapter, the City Planning Commission may permit:

- (a) additional #floor area# for the provision of on-site or off-site, above- or below-grade improvements to the pedestrian or mass transit circulation network in the Grand Central Subdistrict,

in accordance with the provisions of Section 81-641 (Additional floor area for the provision of public realm improvements); and

- (b) in conjunction with additional #floor area# granted pursuant to Section 81-641, modifications to #street wall# regulations, height and setback regulations, and mandatory district plan elements, provided such modifications are in accordance with the provisions of Section 81-642 (Permitted modifications in conjunction with additional floor area).

81-641

Additional floor area for the provision of public realm improvements

For #developments# and #enlargements# on #zoning lots# located within the Vanderbilt Corridor, as shown in Map 1 (Midtown District and Subdistricts) in Appendix A of this Chapter, the City Planning Commission may allow by special permit #floor area# in excess of the basic maximum #floor area ratio# established in the table in Section 81-211 (Maximum floor area ratio for non-residential or mixed buildings), up to the maximum #floor area# set forth in such table, in accordance with the provisions of this Section.

All applications for a special permit for additional #floor area# pursuant to this Section shall include on-site or off-site, above- or below-grade improvements to the pedestrian or mass transit circulation network, or a combination thereof, in the Grand Central Subdistrict. In addition, requirements pertaining to the ground floor level, building design, and sustainable design measures are set forth in this Section in order to ensure that any #development# or #enlargement# receiving additional #floor area# constitutes an exceptional addition to the #Special Midtown District#.

In order for the City Planning Commission to approve a special permit application for additional #floor area#, the Commission shall determine that such #development# or #enlargement# complies with the conditions and application requirements of paragraph (a), the findings of paragraph (b), and the additional requirements of paragraph (c) of this Section.

- (a) Conditions and application requirements

All applications for a special permit for additional #floor area# pursuant to this Section shall include the following:

- (1) Above- or below-grade improvements to the pedestrian or mass transit circulation network.

In order to ensure that the proposed #development# or #enlargement# contributes to the improvement of pedestrian and mass transit circulation in the Grand Central Subdistrict, especially in the vicinity of Grand Central Terminal, any #development# or #enlargement# proposed under the provisions of this Section shall include above- or below-grade public realm improvements.

- (i) Where a #development# or #enlargement# proposes the inclusion of above-grade public realm improvements, such improvements may consist of on-site or off-site improvements to the pedestrian circulation network, or a combination thereof.

On-site, above-grade public realm improvements shall consist of open or enclosed publicly accessible spaces, of ample size, provided for public use and enjoyment. Such publicly accessible spaces shall include amenities characteristic of #public plazas# or public atriums, as applicable, and include amenities for the comfort and convenience of the public.

Off-site, above-grade public realm improvements shall consist of major improvements to the public right-of-way that support pedestrian circulation in the areas surrounding Grand Central Terminal. Where the area of such improvements is to be established as a pedestrian plaza, such improvements shall be characteristic of best practices in plaza design, as set forth by the Department of Transportation. Where the area of such improvements is along a #street# accommodating both vehicular and pedestrian access, such improvements shall be characteristic of current best practices in #street# design, as set forth by the Department of Transportation, and include improvements to the right-of-way such as: pedestrian amenities; or streetscape, sidewalk, crosswalk, and median enhancements.

- (ii) Where a #development# or #enlargement# proposes the inclusion of below-grade public realm improvements, such improvements shall consist of on-site or off-site enhancements to the below-grade pedestrian and mass transit circulation network. Such improvements shall be characteristic of current best practice in mass-transit network design, and shall include improvements such as: on-site or off-site widening, straightening, expanding or otherwise enhancing the existing below-grade pedestrian circulation network; additional vertical circulation; reconfiguring circulation routes to provide more direct pedestrian connections to subway or rail mass transit facilities; or providing daylight access, retail #uses#, or enhancements to noise abatement, air quality, lighting, finishes or rider orientation in new or existing passageways.

Applications shall include information and justification sufficient to provide the Commission with the basis for evaluating the benefits to the general public; determining the appropriate amount of bonus #floor area# to grant; and determining whether the applicable findings set forth in paragraph (b) of this Section have been met. Such application materials shall also include initial plans for the maintenance of the proposed improvements.

Where the Metropolitan Transportation Authority or any other City or State agency has control and responsibility for the area of a proposed improvement, the applicant shall submit concept plans for the proposed improvement to such agency and the Commission. At the time of certification of the application, any such agency with control and responsibility for the area of the proposed improvement shall each provide a letter to the Commission containing a conceptual approval of the improvement including a statement of any considerations regarding the construction and operation of the improvement.

- (2) Ground floor level

In order to ensure that the proposed #development# or #enlargement# contributes to the improvement of the pedestrian circulation network in the Grand Central Subdistrict, especially in the vicinity of Grand Central Terminal, any #development# or #enlargement# proposed under the provisions of this Section shall provide enhancements to the ground floor level of the #building#, including, but not limited to, sidewalk widenings, streetscape amenities or enhancements to required pedestrian circulation spaces.

Where a #development# or #enlargement# includes #street# frontage along Madison Avenue or a #narrow street# between East 43rd Street and East 47th Street, sidewalk widenings shall be provided as follows:

- (i) where a #development# or #enlargement# is on a #zoning lot# which occupies the entire #block# frontage along Madison Avenue, a sidewalk widening shall be provided along Madison Avenue, to the extent necessary, so that a minimum sidewalk width of 20 feet is achieved, including portions within and beyond the #zoning lot#. However, no sidewalk widening need exceed 10 feet, as measured perpendicular to the #street line#;
- (ii) where a #development# or #enlargement# is on a #zoning lot# that does not occupy the entire #block# frontage along Madison Avenue, a sidewalk widening shall be provided along Madison Avenue where all existing #buildings# on the #block# frontage have provided such a widening. Such required widening shall match the amount of widened sidewalk provided on adjacent #zoning lots#, provided that no sidewalk widening need exceed 10 feet, as measured perpendicular to the #street line#; or
- (iii) where a #development# or #enlargement# with frontage on a #narrow street# between East 43rd Street and East 47th Street is on a #zoning lot# with a #lot width# of 100 feet or

more, as measured along the #narrow street line#, a sidewalk widening shall be provided along such #narrow street#, to the extent necessary, so that a minimum sidewalk width of 15 feet is achieved, including portions within and beyond the #zoning lot#. However, no sidewalk widening need exceed 10 feet, as measured perpendicular to the #street line#.

Applications shall contain a ground floor level site plan, and other supporting documents of sufficient scope and detail to enable the Commission to determine: the type of proposed #uses# on the ground floor level; the location of proposed #building# entrances; the size and location of proposed circulation spaces; the manner in which such spaces will connect to the overall pedestrian circulation network and the above- or below-grade public realm improvements required pursuant to this Section; and any other details necessary for the Commission to determine whether the applicable findings set forth in paragraph (b) of this Section have been met.

(3) Building design

In order to ensure the proposed #development# or #enlargement# contributes to its immediate surroundings, with particular emphasis on Grand Central Terminal, any #development# or #enlargement# proposed under the provisions of this Section shall demonstrate particular attention to the building design, including, but not limited to, the proposed #uses#, massing, articulation and relationship to #buildings# in close proximity and within the Midtown Manhattan skyline.

Applications shall contain materials of sufficient scope and detail to enable the Commission to determine the proposed #uses# within the #building#, as well as the proposed #building bulk# and architectural design of the #building#, and to evaluate the proposed #building# in the context of adjacent #buildings# and the Midtown Manhattan skyline. Such materials shall include a description of the proposed #uses# within the #building#; measured elevation drawings, axonometric views, and perspective views showing such proposed #building# within the Midtown Manhattan skyline; and any other materials necessary for the Commission to determine whether the applicable findings set forth in paragraph (b) of this Section have been met.

For those "receiving lots" that are contiguous to a lot occupied by Grand Central Terminal or a lot that is across a #street# and opposite to the lot occupied by Grand Central Terminal, or, in the case of a #corner lot#, one that fronts on the same #street# intersection as the lot occupied by Grand Central Terminal, applications shall contain a report from the Landmarks Preservation Commission concerning the harmonious relationship of the #development# or #enlargement# to Grand Central Terminal.

(4) Sustainable design measures

In order to foster the development of sustainable #buildings# in the Grand Central Subdistrict, any #development# or #enlargement# proposed under the provisions of this Section shall include sustainable design measures, including, but not limited to, enhancements to the building's energy performance; enhanced water efficiency; utilization of sustainable or locally sourced materials; and attention to indoor environmental air quality.

Applications shall contain materials of sufficient scope and detail to enable the Commission to determine whether the applicable findings in paragraph (b) of this Section have been met. In addition, any application shall include materials demonstrating the building's sustainable design measures, including its anticipated energy performance, and the degree to which such #building's# performance exceeds either the New York City Energy Conservation Code (NYCECC) or the Building Performance Rating method of the applicable version and edition of American Society of Heating, Refrigerating and Air Conditioning Engineers, Inc., Standard 90.1 (ASHRAE 90.1), as referenced within the NYCECC.

(b) Findings

The Commission shall find that:

- (1) for above-grade improvements to the pedestrian circulation network that are located:
 - (i) on-site, the proposed improvements will, to the extent practicable: consist of a prominent space of generous proportions and quality design that is inviting to the public; improve pedestrian circulation and provide suitable amenities for the occupants; front upon a #street# or a pedestrian circulation space in close proximity to and within view of and accessible from an adjoining sidewalk; provide or be surrounded by active #uses#; be surrounded by transparent materials; provide connections to pedestrian circulation spaces in the immediate vicinity; and be designed in a manner that combines the separate elements within such space into a cohesive and harmonious site plan, resulting in a high-quality public space; or
 - (ii) off-site, the proposed improvements to the public right-of-way, to the extent practicable, will consist of significant street and sidewalk designs that improve pedestrian circulation in the surrounding area; provide comfortable places for walking and resting, opportunities for planting and improvements to pedestrian safety; and create a better overall user experience of the above-grade pedestrian circulation network that supports the Grand Central Subdistrict as a high-density business district. Where the area of such improvement is to be established into a pedestrian plaza that will undergo a public design and review process through the Department of Transportation subsequent to the approval of this special permit, the Commission may waive this finding;
- (2) for below-grade improvements to the pedestrian or mass transit circulation network, the proposed improvements will provide:
 - (i) significant and generous connections from the above-grade pedestrian circulation network and surrounding #streets# to the below-grade pedestrian circulation network;
 - (ii) major improvements to public accessibility in the below-grade pedestrian circulation network between and within subway stations and other rail mass transit facilities in and around Grand Central Terminal through the provision of new connections, or the addition to or reconfigurations of existing connections; or
 - (iii) significant enhancements to the environment of subway stations and other rail mass transit facilities including daylight access, noise abatement, air quality improvement, lighting, finishes, way-finding or rider orientation, where practicable.
- (3) the public benefit derived from the proposed above- or below-grade improvements to the pedestrian or mass transit circulation network merits the amount of additional #floor area# being granted to the proposed #development# or #enlargement# pursuant to this special permit.
- (4) the design of the ground floor level of the #building#:
 - (i) contributes to a lively streetscape through a combination of retail #uses# that enliven the pedestrian experience, ample amounts of transparency and pedestrian connections that facilitate fluid movement between the #building# and adjoining public spaces; and demonstrates consideration for the location of pedestrian circulation space, #building# entrances, and the types of #uses# fronting upon the #street# or adjoining public spaces;
 - (ii) will substantially improve the accessibility of the overall pedestrian circulation network, reduce points of pedestrian congestion and, where applicable, establish more direct and generous pedestrian connections to Grand Central Terminal; and

- (iii) will be well-integrated with on-site, above or below-grade improvements required by this Section, where applicable and practicable;
- (5) the design of the proposed #building#:
- (i) ensures light and air to the surrounding #streets# and public spaces through the use of setbacks, recesses and other forms of articulation, and the tower top produces a distinctive addition to the Midtown Manhattan skyline which is well-integrated with the remainder of the #building#;
- (ii) demonstrates an integrated and well-designed facade, taking into account factors such as #street wall# articulation and amounts of fenestration, that creates a prominent and distinctive #building# which complements the character of the surrounding area, especially Grand Central Terminal; and
- (iii) involves a program that includes an intensity and mix of #uses# that are harmonious with the type of #uses# in the surrounding area;
- (6) the proposed #development# or #enlargement# comprehensively integrates sustainable measures into the #building# and site design that:
- (i) meet or exceed best practices in sustainable design; and
- (ii) will substantially reduce energy usage for the #building#, as compared to comparable #buildings#; and
- (7) in addition to the foregoing:
- (i) the increase in #floor area# being proposed in the #development# or #enlargement# will not unduly increase the #bulk#, density of population or intensity of #uses# to the detriment of the surrounding area; and
- (ii) all of the separate elements within the proposed #development# or #enlargement#, including above- or below-grade improvements, the ground floor level, building design, and sustainable design measures, are well-integrated and will advance the applicable goals of the #Special Midtown District# described in Section 81-00 (GENERAL PURPOSES).

(c) **Additional requirements**

Prior to the grant of a special permit pursuant to this Section, and to the extent required by the Metropolitan Transportation Authority (MTA) or any other City or State agencies with control and responsibility for the area where a proposed improvement is to be located, the applicant shall execute an agreement, setting forth the obligations of the owner, its successors and assigns, to: establish a process for design development and a preliminary construction schedule for the proposed improvement; construct the proposed improvement; where applicable, establish a program for maintenance; and, where applicable, establish a schedule of hours of public access for the proposed improvement. Where the MTA, or any other City or State agencies with control and responsibility for the area of a proposed improvement, deems necessary, such executed agreement shall set forth obligations of the applicant to provide a performance bond or other security for completion of the improvement in a form acceptable to the MTA or any other such agencies.

Where the proposed #development# or #enlargement# proposes an off-site improvement located in an area to be acquired by a City or State agency, the applicant may propose a phasing plan to sequence the construction of such off-site improvement. To determine if such phasing plan is reasonable, the Commission may consult with the City or State agency that intends to acquire the area of the proposed improvement.

Prior to obtaining a foundation or building permit from the Department of Buildings, a written declaration of restrictions, in a form acceptable to the Chairperson of the City Planning Commission, setting forth the obligations of the owner to construct, and, where applicable, maintain and provide public access to public improvements provided pursuant to this Section, shall be recorded against such property in the Office of the Register of the City of New York (County of New York). Proof of recordation of the declaration of restrictions shall be submitted in a form acceptable to the Department of City Planning.

Except where a phasing plan is approved by the City Planning Commission, no temporary certificate of occupancy shall be granted by the Department of Buildings for the portion of the #building# utilizing bonus #floor area# granted pursuant to the provisions of Section 81-64 (Special Permit for Grand Central Public Realm Improvement Bonus) until the required improvements have been substantially completed, as determined by the Chairperson of the City Planning Commission, acting in consultation with the MTA, or any other City or State agencies with control and responsibility for the area where a proposed improvement is to be located, where applicable, and such improvements are usable by the public. Such portion of the #building# utilizing bonus #floor area# shall be designated by the Commission in drawings included in the declaration of restrictions filed pursuant to this paragraph.

No permanent certificate of occupancy shall be granted by the Department of Buildings for the portion of the #building# utilizing bonus #floor area# until all improvements have been completed in accordance with the approved plans, as determined by the Chairperson, acting in consultation with the MTA, or any other City or State agencies with control and responsibility for the area where a proposed improvement is to be located, where applicable.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

81-642

Permitted modifications in conjunction with additional floor area

In conjunction with the grant of a special permit pursuant to Section 81-641 (Additional floor area for the provision of public realm improvements), the City Planning Commission may permit modifications to #street walls#, height and setback regulations, and mandatory plan elements, as set forth in paragraph (a) of this Section, provided that the Commission determines that the application requirements set forth in paragraph (b) and the findings set forth in paragraph (c) of this Section are met.

- a. The Commission may modify the following, whether singly or in any combination:
- (1) the #street wall# regulations of Sections 81-43 (Street Wall Continuity Along Designated Streets), or 81-621 (Special street wall requirements), inclusive;
- (2) the height and setback regulations of Sections 81-26 (Height and Setback Regulations-Daylight Compensation), inclusive, 81-27 (Alternative Height and Setback Regulations-Daylight Evaluation), inclusive, or 81-622 (Special height and setback requirements); or
- (3) the mandatory district plan elements of Sections 81-42 (Retail Continuity along Designated Streets), 81-44 (Curb Cut Restrictions), 81-45 (Pedestrian Circulation Space), 81-46 (Off-Street Relocation or Renovation of a Subway Stair), 81-47 (Major Building Entrances), 81-48 (Off-street Improvement of Access to Rail Mass Transit Facility), 81-623 (Building lobby entrance requirements), 81-624 (Curb cut restrictions and loading berth requirements), 81-625 (Pedestrian circulation space requirements) or 37-50 (REQUIREMENTS FOR PEDESTRIAN CIRCULATION SPACE), inclusive, except that no modifications to the required amount of pedestrian circulation space set forth in Section 37-51 shall be permitted.

(b) Application requirements

Applications for a special permit for modifications pursuant to this Section shall contain materials, of sufficient scope and detail, to enable the Commission to determine the extent of the proposed modifications. In addition, where modifications to #street wall# or height and setback regulations are proposed, any application shall contain the following materials, at a minimum:

- (1) drawings, including but not limited to plan views and axonometric views, that illustrate how the proposed #building# will not comply with the #street wall# regulations of Section 81-43 (Street Wall Continuity Along Designated Streets), or as such provisions are modified pursuant to Section 81-621 (Special street wall requirements), as applicable, and that illustrate how the proposed #building# will not comply with the height and setback regulations of Sections 81-26 (Height and Setback Regulations – Daylight Compensation) or 81-27 (Alternate Height and Setback Regulations – Daylight Evaluation), or as such provisions are modified pursuant to Section 81-622 (Special height and setback requirements), as applicable;
(2) where applicable, formulas showing the degree to which such proposed #building# will not comply with the length and height rules of Section 81-26, or as such provisions are modified pursuant to Section 81-622; and
(3) where applicable, #daylight evaluation charts# and the resulting daylight evaluation score showing the degree to which such proposed #building# will not comply with the provisions of Section 81-27 or as such provisions are modified pursuant to Section 81-622.

(c) Findings

The Commission shall find that such proposed modifications:

- (1) to the mandatory district plan elements will result in a better site plan for the proposed #development# or #enlargement# that is harmonious with the mandatory district plan element strategy of the #Special Midtown District#, as set forth in Section 81-41 (General Provisions); and
(2) to the #street wall# or height and setback regulations will result in an improved distribution of #bulk# on the #zoning lot# that is harmonious with the height and setback goals of the #Special Midtown District# set forth in Section 81-251 (Purpose of height and setback regulations).

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

81-65 Special Permit for Transient Hotels

Within the Vanderbilt Corridor, as shown in Map 1 (Special Midtown District and Subdistricts) in Appendix A of this Chapter, the City Planning Commission may permit the #development# of a #building# containing a #transient hotel#, as listed in Use Group 5, or may permit the #conversion# or change of #use# within an existing #building# to a #transient hotel#, provided the Commission finds that the proposed #transient hotel# will:

- (a) be appropriate to the needs of businesses in the vicinity of Grand Central Terminal; and
(b) provide on-site amenities and services that will support the area's role as an office district. Such business-oriented amenities and services shall be proportionate to the scale of the #transient hotel# being proposed, and shall include, but shall not be limited to, conference and meeting facilities, and telecommunication services.

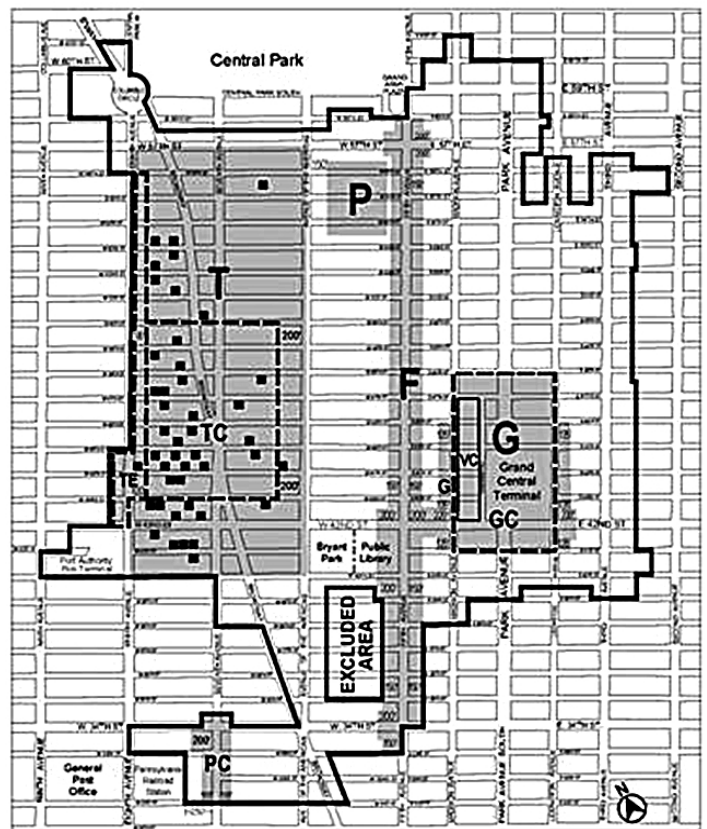

The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

VANDERBILT CORRIDOR MANHATTAN CB 5 C 140440 MMM

Application submitted by The New York City Department of City Planning pursuant to Sections 197-c and 199 of the New York City Charter, and Section 5-430 et seq. of the New York City Administrative Code for an amendment to the City Map involving:

- the elimination, discontinuance and closing of Vanderbilt Avenue between East 42nd Street and East 43rd Street;
the establishment of Public Place above a lower limiting plane; and
the adjustment of grades necessitated thereby;

PROCUREMENT

"Compete To Win" More Contracts!

Thanks to a new City initiative - "Compete To Win" - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and women-owned businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

- Win More Contracts at nyc.gov/competetowin

"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children's Services (ACS)
 Department for the Aging (DFTA)
 Department of Consumer Affairs (DCA)
 Department of Corrections (DOC)
 Department of Health and Mental Hygiene (DOHMH)
 Department of Homeless Services (DHS)
 Department of Probation (DOP)
 Department of Small Business Services (SBS)
 Department of Youth and Community Development (DYCD)
 Housing and Preservation Department (HPD)
 Human Resources Administration (HRA)
 Office of the Criminal Justice Coordinator (CJC)

To sign up for training on the new system, and for additional information about HHS Accelerator, including background materials, user guides and video tutorials, please visit www.nyc.gov/hhsaccelerator

HHC is seeking a single supplier to provide a comprehensive and

innovative enterprise managed print services program (MPS) including an initial fleet replacement where necessary, tracking of print volumes across departments and facilities, recommendations based on tracking to re-direct printing to MFDs while reducing color printing. The successful supplier will provide right-sizing services by strategically reducing the number of printers and recommending an appropriate MFD inventory based on print volume and staff requirements. HHC expects that the awarded Supplier will track, monitor and manage all hardcopy output equipment and their associated supplies for HHC's local and networked printers, multi-functional devices (including high speed print-shop devices), copiers, scanners and facsimile devices supporting all HHC facilities. The enterprise MPS program will include break/fix/parts/labor maintenance service support for current and future equipment along with delivering timely, comprehensive and highly detailed usage reports while providing leading technology, multi-functional devices ("MFDs"), continuous education and best practice protocol to achieve print avoidance. Print avoidance can be achieved through a variety of technical and cultural changes recommended by the Supplier. User tracking results in increased visibility to who prints what and why, creating a sense of ownership and accountability of print related costs. Working with HHC Senior Leadership, awarded Supplier will help develop policies and assist in educating staff on proper printing procedures (what should be printed versus what shouldn't). HHC and Supplier will mutually agree to annual print reduction targets that will be achieved through the adoption of various technologies and educational programs.

Further, the awarded Supplier will be responsible to manage the acquisition (and removal) of the physical devices as well as providing the necessary service and support for all hardcopy output equipment. HHC's owned MFDs will be serviced by the awarded Supplier until the device reaches end of life. At that point, the device will be replaced by the awarded Supplier's proposed technology (after approval by HHC). HHC's rented and leased devices will either be serviced by the awarded Supplier or replaced with awarded Supplier's proposed technology (which Supplier will then service). All existing contracts and current service providers will be replaced by the awarded Supplier through a mutually agreed upon transition plan between HHC and awarded Supplier. The networked and local printers are owned by HHC and will be serviced by the awarded Supplier throughout the contract. HHC is also open to Supplier proposed solutions based on Supplier's experience in implementing a managed print services program at similar organization to HHC.

Construction/Construction Services

PREQUALIFIED VENDOR LIST: GENERAL CONSTRUCTION - NON-COMPLEX GENERAL CONSTRUCTION SITE WORK ASSOCIATED WITH NEW YORK CITY DEPARTMENT OF PARKS AND RECREATION ("DPR" AND/OR "PARKS") PARKS AND PLAYGROUNDS CONSTRUCTION AND RECONSTRUCTION PROJECTS

DPR is seeking to evaluate and pre-qualify a list of general contractors (a "PQL" exclusively to conduct non-complex general construction site work involving the construction and reconstruction of DPR parks and playgrounds projects not exceeding \$3 million per contract ("General Construction").

By establishing contractor's qualification and experience in advance, DPR will have a pool of competent contractors from which it can draw to promptly and effectively reconstruct and construction its parks, playgrounds, beaches, gardens and green-streets. DPR will select contractors from the General Construction PQL for non-complex general construction site work of up to \$3,000,000.00 per contract, through the use of a Competitive Sealed Bid solicited from the PQL generated from this RFQ.

The vendors selected for inclusion in the General Construction PQL will be invited to participate in the NYC Construction Mentorship. NYC Construction Mentorship focuses on increasing the use of small NYC contracts, and winning larger contracts with larger values. Firms participating in NYC Construction Mentorship will have the opportunity to take management classes and receive on-the-job training provided by a construction management firm.

DPR will only consider applications for this General Construction PQL from contractors who meet any one of the following criteria:

- 1) The submitting entity must be a Certified Minority/Woman Business enterprise (M/WBE)*;
- 2) The submitting entity must be a registered joint venture or have a valid legal agreement as a joint venture, with at least one of the entities in the joint venture being a certified M/WBE*;
- 3) The submitting entity must indicate a commitment to sub-contract no less than 50 percent of any awarded job to a certified M/WBE for every work order awarded.

*Firms that are in the process of becoming a New York City-certified M/WBE may submit a PQL application and submit a M/WBE Acknowledgement Letter, which states the Department of Small Business Services has began the Certification process.

CALL BOXES - MAINTENANCE AND REPAIR - Negotiated Acquisition - Other - PIN#05609B0012CNVN001 - Due 4-24-15 at 2:00 P.M.

The NYPD needs ongoing maintenance and support of its emergency call boxes.

The New York City Police Department ("NYPD") currently has an agreement with Case Systems, Inc., located at 17 Morgan Suite 200-A, Irvine, CA 92618, to provide Maintenance and Repair of Emergency Call Boxes for NYPD's Office of Information Technology. The current contract has expired on February 21, 2015. There are no further options to extend the terms of this contract.

It is critical for the NYPD to maintain and repair the emergency call boxes while a new solicitation can be conducted to replace the current Call Box Maintenance and Repair contract. The NYPD intends to negotiate a contract with Case Systems, Inc. for a Negotiated Acquisition Extension of the existing contract in order to provide maintenance and repair of the existing call boxes. The anticipated term of the Negotiated Acquisition Extension contract for maintenance and repair of the existing Emergency Call Box's is anticipated to be one year from February 22, 2015, through February 21, 2016.

Therefore, under Section 3-04(b)(2)(iii) and 3-04(b)(2)(i)(D) of the PPB Rules, a special case determination has been made to use the Negotiated Acquisition method of Source Selection to extend the current Call Box contract with the existing vendor, Case Systems, Inc.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

CONSTRUCTION MENTORSHIP PROGRAM SERVICES - BRADFORD CONSTRUCTION CORPORATION - Negotiated Acquisition - PIN#80112P0004001N001 - AMT: \$349,423.00 - TO: Bradford Construction Corporation, 545 8th Avenue, Suite 1900N, New York, NY 10018.

The NYC Department of Small Business Services (SBS) intends to award a contract to Bradford Construction Corporation to provide Construction Mentorship services under which the CM will "mentor" New York City-certified M/WBE construction companies ("firms") so the firms learn and improve on the skills necessary to take on larger and more complex City construction projects. In accordance with Section 3-04 (b)(2)(i)(D) of the Procurement Policy Board Rules, SBS will use the Negotiated Acquisition Method procedure to procure these services. (PIN: 80112P0004001N001) The proposed agreement term of this agreement is from May 21, 2015 to May 20, 2016. This notice is for informational purposes only. Vendors or organizations that are interested in future solicitations for these services are invited to do so by calling the Vendor Enrollment Center at (212) 857-1680 to request a Vendor Enrollment Application or complete the application online by visiting www.nyc.gov/selltonyc.

Negotiated Acquisition was selected to extend the existing contract with the current vendor to administer an additional year of construction mentorship services to small, and minority women owned businesses (M/WBE) that are construction firms in need of professional technical assistance services. These services are a key component to the agency's assistance to certified construction M/WBE's and will enable the agency to continue its program operations without disruption of services and avoid a potential gap while a new solicitation is released and a new award to procure these programmatic services is made.

**LOCAL LAWS
OF
THE CITY OF NEW YORK**

FOR THE YEAR 2014

NO. 57

Introduced by Council Members Ferreras, Matteo, Gentile and Ignizio (by request of the Mayor).

A LOCAL LAW

To amend the administrative code of the city of New York, in relation to the establishment of the West Shore business improvement district.

Be it enacted by the Council as follows:

Section 1. Chapter 5 of title 25 of the administrative code of the city of New York is amended by adding a new section 25-486 to read as follows:

§ 25-486 *West Shore business improvement district.*

a. The city council having determined, pursuant to section 25-407 of chapter four of this title: that notice of hearing for all hearings required to be held was published and mailed as required by law and was otherwise sufficient; that, except as otherwise provided in section 25-403 of chapter four of this title, all the real property within the boundaries of the district will benefit from the establishment of the district; that all the real property benefited is included within the limits of the district; and that the establishment of the district is in the public interest; and the council having determined further that the requisite number of owners have not objected as provided in section 25-406 of chapter four of this title, there is hereby established in the borough of Staten Island, the West Shore business improvement district. Such district is established in accordance with the district plan required to be filed with the city clerk pursuant to subdivision b of this section.

b. Immediately upon adoption of this local law by the council, the council shall file with the city clerk the district plan upon which the West Shore business improvement district is based.

c. The district plan shall not be amended except in accordance with chapter four of this title.

§ 2. This local law shall take effect upon compliance with section 25-408 of chapter 4 of title 25 of the administrative code of the city of New York.

THE CITY OF NEW YORK, OFFICE OF THE CITY CLERK, s.s.:

I hereby certify that the foregoing is a true copy of a local law of The City of New York, passed by the Council on October 22, 2014 and approved by the Mayor on November 5, 2014.

MICHAEL M. McSWEENEY, City Clerk, Clerk of the Council.

USED CAR BUYER'S GUIDE RULE

Notice of Public Hearing and Opportunity to Comment on Proposed Rule

What are we proposing? Pursuant to subchapter 11 of Chapter 2 of Title 20 of the New York City Administrative Code, the Department regulates the sale of used automobiles and licenses used automobile dealers. The Federal Trade Commission has promulgated 16 C.F.R. 455.2, which requires used car dealers to prominently display a Buyer's Guide before offering any used automobile for sale. The proposed rule would make a seller's failure to display the Buyer's Guide a deceptive trade practice for purposes of Section 20-701 of the Administrative Code.

When and where is the Hearing? The Department of Consumer Affairs will hold a public hearing on the proposed rule. The public hearing will take place at 10:00 A.M. on May 12th, 2015. The hearing will be in the Department of Consumer Affairs hearing room at 66 John Street, 11th Floor, New York, NY 10038.

How do I comment on the proposed rules? Anyone can comment on the proposed rule by:

- **Website.** You can submit comments to the Department of Consumer Affairs through the New York City rules Web site at <http://rules.cityofnewyork.us>.
- **Email.** You can email written comments to Rulecomments@dca.nyc.gov.
- **Mail.** You can mail written comments to Mary Cooley, Director of City Legislative Affairs, New York City Department of Consumer Affairs, 42 Broadway, New York, NY 10004.
- **Fax.** You can fax written comments to the Department of Consumer Affairs, (646) 500-5962.
- **By Speaking at the Hearing.** Anyone who wants to comment on the proposed rule at the public hearing must sign up to speak. You can sign up before the hearing by calling (212) 436-0392. You can also sign up in the hearing room before the hearing begins on May 12th, 2015. You can speak for up to three minutes.

Is there a deadline to submit written comments? Yes. You must submit any written comments to the proposed rule on or before May 12th, 2015.

Do you need assistance to participate in the Hearing? You must tell the Office of Legislative Affairs if you need a reasonable accommodation of a disability at the Hearing. You must tell us if you need a sign language interpreter. You can tell us by mail at the address given above. You may also tell us by telephone at (212) 436-0392. You must tell us by May 11th, 2015.

Can I review the comments made on the proposed rules? You can review the comments made online on the proposed rules by going to the Web site at <http://rules.cityofnewyork.us/>. A few days after the hearing, a transcript of the hearing and copies of the written comments will be available to the public at the Office of Legislative Affairs.

What authorizes the Department of Consumer Affairs to make this rule? Sections 1043(a) and 2203(f) of the New York City Charter and Section 20-702 of the New York City Administrative Code authorize the Commissioner of the Department of Consumer Affairs to make this proposed rule. This proposed rule was not included in the regulatory agenda of the Department of Consumer Affairs for this Fiscal Year because it was not contemplated when the Department published the agenda.

Where can I find the rules of the Department of Consumer Affairs? The Department of Consumer Affairs' rules are in Title 6 of the Rules of the City of New York.

What rules govern the rulemaking process? The Department of Consumer Affairs must meet the requirements of Section 1043 of the Charter when creating or changing rules. This notice is made according to the requirements of Section 1043(b) of the Charter.

Statement of Basis and Purpose of Proposed Rule

Section 2203 of the New York City Charter authorizes the Commissioner to enforce laws prohibiting deceptive trade practices and, upon notice and hearing, to impose civil penalties for the violation of such laws. Section 2203(h)(3) of the Charter provides that no act or practice shall be deemed a deceptive trade practice unless it has been declared as such, and described with reasonable particularity in a law or rule promulgated by the Commissioner.

Pursuant to subchapter 11 of Chapter 2 of Title 20 of the New York City Administrative Code, the Department regulates the sale of used automobiles and licenses used automobile dealers. The Federal Trade Commission has promulgated 16 C.F.R. 455.2, which requires used car dealers to prominently display a Buyer's Guide before offering any used automobile for sale. The proposed rule would make a seller's failure to display the Buyer's Guide a deceptive trade practice for purposes of section 20-701 of the Administrative Code.

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of the Department, unless otherwise specified or unless the context clearly indicates otherwise.

Proposed Rule

Chapter 5 of Title 6 of the Rules of the City of New York is amended to add a new section 5-75 to read as follows:

§5-75 Used Car Buyer's Guide.

- (a) It shall be a deceptive trade practice for purposes of section 20-701 of the administrative code for any seller to sell or offer to sell any used automobile without posting a Buyer's Guide as required under section 455.2 of title 16 of the code of federal regulations.

Concept Paper on Case Management Program

The Department for the Aging (DFTA) invites comments on its concept for Case Management Programs (CMP). This concept paper is a precursor to the Department's forthcoming Case Management Program Request for Proposals (RFP). This concept paper highlights some of the defined and developing parameters, expectations and standards of the

CMP funded by DFTA, as well as a description of the approach and vision for the program. DFTA plans to take into consideration the feedback, suggestions and comments offered by the community when crafting the planned CMP RFP. This is an opportunity for the public to comment on program elements and structures that will best enable DFTA and its partner organizations to assist older adults in their efforts to remain connected and live fully in the community as they age. Comments are invited by no later than 5:00 P.M. on May 6, 2015. Details of the concept paper are posted on the DFTA's website at www.nyc.gov/aging.

Name, Description and Location of Proposal:

39-41 West 23rd Street

The Applicant, 39 West 23rd Street, LLC, is seeking a special permit pursuant to Zoning Resolution (ZR) Section 74-711 to modify the rear yard equivalent regulations of Section 43-28, the rear yard regulations of Section 43-313, the streetwall height and sky exposure plane regulations of Section 43-43, and the use regulations of Section 42-10 to allow Use Group 2 residential uses. The Applicant is also seeking a special permit pursuant to Section 13-451 to allow for an accessory parking garage (collectively, the "proposed actions"). The proposed actions would facilitate a proposal by the Applicant to construct a 128,713 gross square foot (gsf) mixed use building on a single zoning lot (Block 825, Lots 20, 60, and 1001-1005, the "project site"). The project site is located at 39-41 West 23rd Street and 20-22 West 24th Street in the Flatiron neighborhood of Manhattan, Community District 5. The project site is located in an M1-6 zoning district and is within the New York City Landmark Preservation Commission (LPC) designated Ladies' Mile Historic District.

The proposed actions would facilitate a proposal by the Applicant to transfer approximately 24,000 gsf of unused development rights from Lot 1001-1005 to Lots 20 and 60 in order to construct a new, mixed use residential and commercial 128,713 gsf building. The Applicant's development proposal would consist of 119,173 gsf of residential space (38 market-rate units and 4 affordable units), 2,500 gsf of retail space, and a 50-space public parking garage accessed by an existing curb cut along West 24th Street. The proposed new development would consist of two towers, a 24-story (278-foot tall) residential tower facing West 23rd Street and a 10-story (130-foot-tall) residential tower facing West 24th Street, atop a building base containing retail, parking garage, and residential lobby uses. The east side of the proposed new building would cantilever over a five-story existing building located on Lot 1001-1005.

At present, Lot 20 is occupied by a public parking lot containing 42 spaces. Lot 60, located to the west of Lot 20 on West 24th Street, is currently vacant. Lot 1001-1005, located to the east of Lot 20, is currently occupied by an 80-foot-tall, residential and retail building that is a contributing building in the Ladies' Mile Historic District.

For the purposes of a conservative analysis, a Reasonable Worst Case Development Scenario (RWCDS) assumes the project site would be developed with an average dwelling unit size of 1,000 gsf, smaller than the average dwelling unit size anticipated by the Applicant. The RWCDS assumes the same amount of residential floor area (119,173 gsf) as the proposed project, but with 75 more dwelling units for a total of 111 market rate units and 4 affordable units. It is expected that the

1 This Revised Negative Declaration reflects a proposal by the Applicant to include affordable housing in the proposed project, as discussed further in the supporting statement of this document.

proposed project would be constructed and occupied by 2017.

Absent the proposed actions, the Applicant has stated that Lots 20 and 60 would be developed with a seven story (77-foot-tall roof and 80-foot-tall parapet) 45,862 sf commercial building that complies with the underlying zoning regulations. The development would contain approximately 8,152 sf of retail space on the first floor and approximately 37,710 sf of office space on the upper floors. The development would require a Certificate of Appropriateness from LPC.

The proposed actions include an (E) designation (E-356) applicable to a portion of the project site (Block 825, Lots 20 and 60). The (E) designation would preclude significant adverse impacts related to air quality, noise, and hazardous materials.

Statement of No Significant Effect:

The Environmental Assessment and Review Division of the Department of City Planning, on behalf of the City Planning Commission, has completed its technical review of the Revised Environmental Assessment Statement, dated March 27, 2015, prepared in connection with the ULURP Application (ULURP Nos. C140404ZSM and C140405ZSM). The City Planning Commission has determined that the proposed actions will have no significant effect on the quality of the environment.

Supporting Statement:

The above determination is based on an environmental assessment which finds that:

1. A portion of the project site (consisting of Lots 20 and 1001-1005) was previously the subject of a special permit approved by the City Planning Commission on December 6, 2006. An environmental assessment statement (CEQR No. 06DCP004M) was completed and a Negative Declaration was issued on August 7, 2006. On March 26th 2012 a special permit renewal application (CEQR No. 11DCP076M) was approved by the City Planning Commission and expires on March 26, 2015. Subsequent changes to the building design and the incorporation of an additional tax lot into the project site have led to the current new special permit application.
2. As the project site is located within a NYC-designated historic district, the proposed project requires a Certificate of Appropriateness from LPC. A Certificate of Appropriateness was granted on October 29, 2013. On April 9, 2014, LPC issued a Memorandum of Understanding (MOU) for the proposed project, which confirms that a continuing maintenance program for the building at 35-37 West 23rd Street (Lot 1001-1005) will be established and that a Restrictive Declaration will be filed against the property that will bind the Applicants and all heirs, successors and assigns to maintain the continuing maintenance program in perpetuity. In addition, LPC granted a Certificate of No Effect on April 1, 2014 for restoration of the building at 35-37 West 23rd Street. Therefore, the proposed action will not result in significant adverse impact related to Historic Resources.
3. The (E) designation for air quality, noise, and hazardous materials would ensure that the proposed actions would not result in significant adverse impacts.
4. The Revised Environmental Assessment Statement issued on March 27, 2015, reflects a proposal by the Applicant to include affordable housing in the proposed project. Since the project was certified on October 20, 2014, the Applicant has agreed to provide four affordable units within the proposed project. The number of market rate units would decrease from 40 to 38 to accommodate this change. As detailed in the March 27, 2015 Revised EAS, it was determined that the proposed modifications to the original project would not have the potential for significant adverse impacts and would not alter the conclusions of the previous environmental review.
5. No other significant effects upon the environment that would require the preparation of a Draft Environmental Impact Statement are foreseeable.

This Revised Negative Declaration has been prepared in accordance with Article 8 of the New York State Environmental Conservation Law 6NYCRR part 617 (SEQRA).

NOTE:

The National Oilheat Research Alliance (NORA) will resume full operations in 2015 with the fee expanding to #4 heating oil. This fee will apply to heating oil invoices only. The fee collections began January 1, 2015. All other terms and conditions of these awards remain the same. Please contact this office if you have any questions.

The Bio-Diesel Blender Tax Credit was reinstated for 2014. As of January 1, 2015, the Bio-Diesel Blender Tax Credit has been rescinded for \$1.00 per gallon on B100. Therefore, for deliveries after January 1, 2015, the contractor will be collecting additional fees which will be shown as a separate line item on the invoice. The additional fee for items will range from \$0.05 for B5 to \$0.20 for B20 per gallon, varying on the percentage of biodiesel to be used. Should the tax credit be extended, this additional fee will be discontinued and removed from the invoice.

NOTICE OF FUNDING AVAILABILITY FOR THE PRESERVATION OF AFFORDABLE HOUSING SOUTH OF HOUSTON STREET

The City of New York Department of Housing Preservation and Development announces the availability of \$11,800,000 in funding for the acquisition and preservation of affordable housing south of, and including properties on, East/West Houston Streets, bounded by the Hudson and East Rivers in Lower Manhattan to applicants who are funded pursuant to a Request for Qualifications issued by HPD ("RFQ").

Purpose:

The purpose of the Lower Manhattan Acquisition Program is to preserve residential housing with apartments affordable to low-income households.

Program Description:

- Not-for-profit organizations qualified under the RFQ may identify privately-owned residential properties for purchase and long-term ownership in the Lower Manhattan area.
- Eligible buildings are multi-family buildings in the program's target area, where at least one unit is or will be rented to and affordable to a household earning no more than 80% of the Area Median Income (AMI).
- Up to \$125,000 per dwelling unit in acquisition funding may be available to fill the gap between private debt supportable by the acquired property or properties and the acquisition cost. The program funding will be based only on those units that are rented to and affordable to households earning no more than 80% of AMI.
- The program's target area is Manhattan south of, and including properties on, East/West Houston Streets. (Boundary map is available at the website listed below).
- The program will run until the earlier of the time at which all funding has been exhausted or December 31, 2019.

Request for Qualifications (RFQ):

In order to become qualified for participation in the program, not-for-profit organizations must respond to the RFQ and be found qualified by HPD. Applicants may respond to the RFQ available at the website below. To be considered for qualification, applicants must demonstrate ownership, management and rehabilitation experience, as well as financial strength and stability. Please refer to the RFQ for more information on qualification.

Proposals:

Qualified not-for-profit organizations may submit proposals to request acquisition funding for eligible residential buildings. Proposals will be assessed on both the viability of the project and strength of the applicant's experience. Proposals will be evaluated and funded on a "first-come, first-served basis" for the duration of the program. The City reserves the right to accept or reject any or all applications received as a result of this advertisement.

Notice Requirements:

All not-for-profit organizations entering into negotiations with building owners must comply with tenant and owner notification procedures in accordance with the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970. Information about these notification requirements will be provided to pre-qualified non-profits.

The Request for Qualifications (RFQ), map of the program area, and additional information about the program are available on HPD's website:

<http://www1.nyc.gov/site/hpd/developers/rfp-rfq-rfo.page>

Interested parties should forward all requested documentation to the Department of Housing Preservation and Development; Attention of Lower Manhattan Acquisition Program RFQ Coordinator, 100 Gold Street - Room 9-03, New York, NY 10038; or electronically to HPDPres@hpd.nyc.gov.

This program is made possible by a grant from the Lower Manhattan Development Corporation, which is funded through Community Development Block Grants from the U.S. Department of Housing and Urban Development.

Andrew Cuomo, Governor

READER'S GUIDE

The City Record (CR) is published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above \$100,000 for information technology and for construction and construction related services, above \$50,000 for other services, and above \$25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in The City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Monday through Friday from 9:00 A.M. to 5:00 P.M., except on legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptroller's Office at www.comptroller.nyc.gov, and click on Prevailing Wage Schedules to view rates.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION-RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately \$17 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. Registration for these lists is free of charge. To register for these lists, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application, which can be found online at www.nyc.gov/selltonyc. To request a paper copy of the application, or if you are uncertain whether you have already submitted an application, call the Vendor Enrollment Center at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services at 110 William Street, New York, NY 10038. Sessions are convened on the second Tuesday of each month from 10:00 A.M. to 12:00 P.M. For more information, and to register, call (212) 618-8845 or visit www.nyc.gov/html/sbs/nycbiz and click on Summary of Services, followed by Selling to Government.

PRE-QUALIFIED LISTS

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstances. When an agency decides to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the CR. Information and qualification questionnaires for inclusion on such lists may be obtained directly from the Agency Chief Contracting Officer at each agency (see Vendor Information Manual). A completed qualification questionnaire may be submitted to an Agency Chief Contracting Officer at any time, unless otherwise indicated, and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings (OATH). Section 3-10 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists. For information regarding specific pre-qualified lists, please visit www.nyc.gov/selltonyc.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board Rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, and the Housing Authority. Suppliers interested in applying for inclusion on bidders lists for Non-Mayoral entities should contact these

entities directly at the addresses given in the Vendor Information Manual.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 9:30 A.M. to 5:00 P.M., except on legal holidays. For more information, contact the Mayor's Office of Contract Services at (212) 341-0933 or visit www.nyc.gov/mocs.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN-OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women-Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about this program, contact the Department of Small Business Services at (212) 513-6311 or visit www.nyc.gov/sbs and click on M/WBE Certification and Access.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City pays interest on all late invoices. However, there are certain types of payments that are not eligible for interest; these are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year: in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City's website at www.nyc.gov/selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section.

At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified unless a different one is given in the individual notice. In that event, the directions in the individual notice should be followed.

The following is a SAMPLE notice and an explanation of the notice format used by the CR.
