Thanks to a new City initiative - “Compete To Win” - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and women-owned businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

- Win More Contracts at nyc.gov/competetowin

“The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and

engineering that has contributed to the City’s prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence.”

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York (“PPB Rules”), vendors must first complete and submit an electronic prequalification application using the City’s Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

- Administration for Children’s Services (ACS)
- Department for the Aging (DFTA)
- Department of Consumer Affairs (DCA)
- Department of Corrections (DOC)
- Department of Health and Mental Hygiene (DOHMH)
- Department of Homeless Services (DHS)
- Department of Probation (DOP)
- Department of Small Business Services (SBS)
- Department of Youth and Community Development (DYCD)
- Housing and Preservation Department (HPD)
- Human Resources Administration (HRA)
- Office of the Criminal Justice Coordinator (CJC)

To sign up for training on the new system, and for additional information about HHS Accelerator, including background materials, user guides and video tutorials, please visit www.nyc.gov/hhsaccelerator

AGENCY RULES

ENVIRONMENTAL PROTECTION

■ NOTICE

FY16 Regulatory Agenda

In compliance with section 1042 of the New York City Charter, the following is the regulatory agenda for rules that the Department of Environmental Protection (DEP) anticipates it may promulgate during the fiscal year beginning July 1, 2015 and ending June 30, 2016. An approximate schedule for adopting the proposed rules and the name and telephone number of a DEP official knowledgeable about each subject area involved are listed below each section.

1. Construction Noise Mitigation Rules

When the New York City Noise Control Code was revised in 2004, it regulated construction noise through enforcement of "construction noise mitigation plans" that contractors are required to complete prior to beginning work. The specific requirements of the plans are set forth by rules that DEP promulgated in 2005. DEP seeks to update the rules regarding noise mitigation practices and requirements for street plates, jackhammers, and noise barriers. The amendments could include additional insulating material between street plates and the ground to further reduce noise, additional noise barriers for structures over 20 feet, and include additional technologies for mitigation of jackhammer noise during nighttime construction activities. Builders and contractors are the persons most likely to be affected by these amendments.

Reference: 15 RCNY §28-100 et seq.; NYC Administrative Code §24-219, Noise Mitigation Rules of the Noise Control Code and 34 RCNY §2-11(10) (e), Street Openings and Excavations.
Anticipated Schedule: to be promulgated in FY 2016
Contact: Russ Pecunies, DEP Legal Affairs (718) 595-6531

2. Air Code-related Rules

The upcoming revision of the Air Pollution Control Code may require DEP to promulgate rules that would give DEP flexibility in accommodating new and evolving technologies for reducing the emission of air contaminants. The potential rules could affect property owners, business owners, contractors, and equipment manufacturers and suppliers.

Reference: NYC Administrative Code Title 24, Chapter 1.
Anticipated Schedule: to be promulgated in FY 2016
Contact: Russ Pecunies, DEP Legal Affairs (718) 595-6531

3. Drilling and Excavation

In order to guarantee and protect the integrity of New York City's water supply and facilities, the New York City Department of Environmental Protection must set forth uniform standards for the application for and permitting of all drilling and/or excavation in close proximity to a Facility or shaft. Existing provisions of the Administrative Code mandate that the Commissioner of the Department of Environmental Protection protect New York City's water supply in general terms; this Rule would provide explicit protections. It will likely prescribe the specific standards for the application for and permitting of drilling and/or excavation in close proximity to a Facility or shaft. The persons most likely to be affected are those who conduct drilling and/or excavation to a depth greater than 50' from ground surface within each of the lots located within blocks delineated by the Department of Environmental Protection.

Reference: 15 RCNY [New chapter]; authorized by Section 1043 and subsection (b) of section 1403 of the New York City Charter and pursuant to Section 24-302 of the Administrative Code of the City of New York.

Anticipated Schedule: to be promulgated in FY 2016
Contact: Melinda Sherer, DEP Legal Affairs (718) 595-6613

4. Water Shortage Rules

Because of the age of the New York City water supply infrastructure and the need to have an adequate water supply during periods of weather-related drought and/or large conveyance infrastructure repair and/or failure, the Department of Environmental Protection has recognized the need to amend the Drought Emergency Rules, including the title of the rules. The rules will be amended to apply in all situations of water shortage (rather than only in drought situations), to

further clarify the implementation of an emergency rate and to update the existing prohibitions to reflect our current conservation studies and understanding of water use by consumers. The persons most likely to be affected are all consumers of New York City water.

Reference: 15 RCNY, Chapter 21
Anticipated Schedule: to be promulgated in FY 2016
Contact: Erin Callahan, DEP Legal Affairs (718) 595-6549

5. Asbestos Rules

In light of its recent experience in enforcing these rules and in light of feedback from the regulated community regarding how certain provisions are affecting their operations, the Department of Environmental Protection proposes to amend these rules to refine current provisions and to clarify that the rules have as their primary purpose protection of air quality. Affected parties include asbestos abatement contractors, air monitoring companies, and property owners.

Reference: 15 RCNY, Chapter 1
Anticipated Schedule: to be promulgated in FY 2016
Contact: Russ Pecunies, DEP Legal Affairs (718) 595-6531

6. Design and Construction of Private Water Mains

The Department of Environmental Protection is proposing to adopt rules to correspond to rules for private sewers, and will require builders or developers who construct private water mains in mapped streets at their own expense (and connect such water mains to City water mains or other private water mains) to transfer ownership of such mains to the City within a prescribed period of time. Affected parties include builders and developers.

Anticipated Schedule: to be promulgated in FY 2016
Contact: Russ Pecunies, DEP Legal Affairs (718) 595-6531

7. English-Language Testing and Hearings for Certified Asbestos Personnel

The Department of Environmental Protection is proposing a rule to codify longstanding practices of the Asbestos Control Program that examinations for asbestos handler supervisors and asbestos investigators are given only in English, and that hearings regarding the suspension or revocation of asbestos supervisor and asbestos investigator certificates are conducted in English.

8. Green Infrastructure Grant Program

The Department of Environmental Protection is proposing to establish the Green Infrastructure Grant Program to provide funding for the design and construction of green infrastructure to manage stormwater runoff in New York City. The program is available to private property owners within the five boroughs whose property is served by a combined sewer. DEP seeks to promulgate rules regarding the program, which will include, *inter alia*, applicant eligibility and requirements of the program.

9. Watershed - Revocable Land Use Permits

The Department of Environmental Protection is proposing to amend 15 RCNY Chapter 17, which governs the issuance of revocable land use permits for NYC-owned land in nine upstate counties. The amendment will revise the insurance provisions in order to give DEP greater discretion to allow acceptable activities on City-owned land without imposition of unduly burdensome insurance requirements.

10. Watershed - Rules for the Recreational Use of Water Supply Lands and Waters

The Department of Environmental Protection is proposing to amend 15 RCNY Chapter 16, which governs public use of certain water supply property owned by the City of New York and includes the issuance of permits and permissions for certain commercial activities and additional uses. These amended rules will emphasize new recreational uses and management strategies to manage natural resources, and will further align property designations with beneficial use principles.

Anticipated Schedule: to be promulgated in FY 2016

11. Watershed - Watershed Regulations

The Department of Environmental Protection is proposing to update

certain wastewater sections of the *Rules and Regulations for the Protection from Contamination, Degradation and Pollution of the New York City Water Supply and Its Sources* (Watershed Regulations). Many of the proposed Watershed Regulation changes are made pursuant to the revisions made by the New York State Department of Environmental Conservation (DEC) to the Design Standards for Intermediate-Sized Wastewater Treatment Systems (effective March 5, 2014), and the New York State Department of Health Appendix 75-A revisions effective February 2, 2010. DEP must update the Watershed Regulations to reference the updated version of the most recent state regulations. DEP will be adding enhancements for water supply protection based on some of the revisions to these state regulations and based on the past 17 years of implementation of the Watershed Regulations.

 Anticipated Schedule: to be promulgated in FY 2016
 Contacts: Brenda Drake, DEP BWS (845-340-7215) and Robin Levine, DEP Legal Affairs (718) 595-6586

12. Community Right-to-Know Rules

The Department of Environmental Protection is planning to update and revise the Community Right-To-Know Regulations, which are found at 15 RCNY Chapter 41. These rules have not been updated since they were promulgated almost 25 years ago and contain many outdated and obsolete references. The Hazardous Substances List, which is part of these Rules, must be revised to conform to the current federal and state lists. Affected parties include owners of facilities where hazardous substances are stored.

Such HUD-determined Fair Market Rents will be published in the Federal Register, to take effect on **October 1, 2015**.

READER'S GUIDE

The City Record (CR) is published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above \$100,000 for information technology and for construction and construction related services, above \$50,000 for other services, and above \$25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in The City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Monday through Friday from 9:00 A.M. to 5:00 P.M., except on legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptroller's Office at www.comptroller.nyc.gov, and click on Prevailing Wage Schedules to view rates.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION-RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately \$17 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. Registration for these lists is free of charge. To register for these lists, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application, which can be found online at www.nyc.gov/selltonyc. To request a paper copy of the application, or if you are uncertain whether you have already submitted an application, call the Vendor Enrollment Center at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services at 110 William Street, New York, NY 10038. Sessions are convened on the second Tuesday of each month from 10:00 A.M. to 12:00 P.M. For more information, and to register, call (212) 618-8845 or visit www.nyc.gov/html/sbs/nycbiz and click on Summary of Services, followed by Selling to Government.

PRE-QUALIFIED LISTS

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstances. When an agency decides to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the CR. Information and qualification questionnaires for inclusion on such lists may be obtained directly from the Agency Chief Contracting Officer at each agency (see Vendor Information Manual). A completed qualification questionnaire may be submitted to an Agency Chief Contracting Officer at any time, unless otherwise indicated, and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings (OATH). Section 3-10 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists. For information regarding specific pre-qualified lists, please visit www.nyc.gov/selltonyc.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board Rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, and the Housing Authority. Suppliers interested in applying for inclusion on bidders lists for Non-Mayoral entities should contact these

entities directly at the addresses given in the Vendor Information Manual.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 9:30 A.M. to 5:00 P.M., except on legal holidays. For more information, contact the Mayor's Office of Contract Services at (212) 341-0933 or visit www.nyc.gov/mocs.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN-OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women-Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about this program, contact the Department of Small Business Services at (212) 513-6311 or visit www.nyc.gov/sbs and click on M/WBE Certification and Access.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City pays interest on all late invoices. However, there are certain types of payments that are not eligible for interest; these are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year: in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section.

At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified unless a different one is given in the individual notice. In that event, the directions in the individual notice should be followed.

The following is a SAMPLE notice and an explanation of the notice format used by the CR.
