Within Manhattan Community District 2, within the former Washington Square Southeast Urban Renewal Area, within Manhattan Community District 2, where the Commission has approved a #large-scale general development#, and a #lot line# of such #large-scale general development# coincides with the boundary of a mapped #public park#, such #lot line# shall be considered to be a #street line# of a #wide street# for the purposes of applying all #use# and #bulk# regulations of this Resolution.

In addition, within Manhattan Community District 2, where the Commission has approved a #large-scale general development# located partially within a C2-7 District, if any #open space# approved pursuant to Section 74-743(a)(4) is subsequently mapped as a park and transferred to City ownership, the #open space# requirement approved for such #large-scale general development# pursuant to Section 74-743(a)(4) shall be reduced by the area of such #public park#.

Within Community District 1 in the Borough of Queens, the Commission may prescribe additional conditions to ensure that the purpose of the Inclusionary Housing program as set forth in Section 23-92 (General Provisions) is achieved in a #large-scale general development#. The Commission may establish procedures resulting in limiting the amount of #affordable floor area# utilizing #public funding# that may count toward satisfying the #affordable floor area# required in paragraph (b)(1) of Section 23-953.

Any such procedures established by the Commission shall be set forth in the restrictive declaration required in connection with the grant of a special permit for such #large-scale general development#.

For a phased construction program of a multi-#building# complex, the Commission may, at the time of granting a special permit, require additional information, including but not limited to a proposed time schedule for carrying out the proposed #large-scale general development#, a phasing plan showing the distribution of #bulk# and

#open space# and, in the case of a site plan providing for common #open space#, common open areas or common parking areas, a maintenance plan for such space or areas and surety for continued availability of such space or areas to the people they are intended to serve.

The Commission may prescribe additional conditions and safeguards to improve the quality of the #large-scale general development# and to minimize adverse effects on the character of the surrounding area.

Chapter 4

Special Regulations Applying in Flood Hazard Areas

64-00 GENERAL PURPOSES

The provisions of this Chapter establish special regulations which are designed to encourage flood-resilient building practices for new and existing buildings and in so doing to promote and protect public health, safety and general welfare. These general goals include, among others, the following purposes:

- (a) to facilitate the development and alteration of buildings in flood zones consistent with the latest flood-resistant construction standards of the Federal government and the New York City Building Code;
(b) to enable buildings to be constructed pursuant to flood-resistant standards with a comparable amount of usable interior space to what is generally permitted within the applicable zoning district;
(c) to mitigate the effects of elevated and flood-proofed buildings on the streetscape and pedestrian activity; and
(d) to expedite the recovery of neighborhoods that experienced a high concentration of damage to single- and two-family residences from Hurricane Sandy within the Neighborhood Recovery Areas specified in Appendix A of this Chapter; and
(e) to promote the most desirable use of land and thus conserve and enhance the value of land and buildings, and thereby protect the City's tax revenues.

* * *

64-12 Applicability

The provisions of this Chapter shall apply only within the #flood zone#, as follows:

- (a) Except where otherwise stated, all #buildings#, or portions thereof, shall comply with #flood-resistant construction standards# as a condition of construction pursuant to the following optional provisions, as applicable, inclusive:

64-40 SPECIAL BULK REGULATIONS FOR BUILDINGS EXISTING ON OCTOBER 28, 2012

The following provisions shall apply to #buildings# existing on October 28, 2012, and to the reconstruction of such #buildings#.

* * *

64-431
For existing single- and two-family residences

#Single-# and #two-family residences# existing on October 28, 2012, may be vertically elevated, or reconstructed to a higher elevation, in order to raise the lowest floor level containing habitable space, located at or above the adjoining grade as of October 28, 2012, to #flood-resistant construction elevation#, and in so doing may create a #non-compliance# as to height and setback to the extent that such lowest floor level is elevated or reconstructed to #flood-resistant construction elevation#.

Where the elevation requirements of Appendix G of the New York City Building Code apply to the lowest horizontal structural member, #single-# and #two-family residences# existing on October 28, 2012, may be vertically elevated, or reconstructed to a higher elevation, in order to raise the lowest horizontal structural member supporting the lowest floor containing habitable space, located at or above the adjoining grade as of October 28, 2012, to #flood-resistant construction elevation#, and in so doing may create a #non-compliance# as to height and setback to the extent that such lowest horizontal structural member is elevated or reconstructed to #flood-resistant construction elevation#.

This Section shall not preclude the construction of complying #enlargements# or other complying structures on the #zoning lot#.

#Buildings# that were complying on October 28, 2012, and vertically elevated or reconstructed to a higher elevation, pursuant to this Section, shall be considered legal #non-complying buildings#.

64-70
SPECIAL REGULATIONS FOR NON-CONFORMING USES AND NON-COMPLYING BUILDINGS

* * *

64-723
Non-complying single- and two-family residences

- (a) The provisions of Article V, Chapter 4, shall be modified to permit #single-# and #two-family residences# that are #non-complying# and existing on October 28, 2012, to be vertically elevated, or reconstructed to a higher elevation in order to raise the lowest floor level containing habitable space that was located at or above the adjoining grade as of October 28, 2012 to #flood-resistant construction elevation#.

Where the elevation requirements of Appendix G of the New York City Building Code apply to the lowest horizontal structural member, the provisions of Article V, Chapter 4, shall be modified to permit #single-# and #two-family residences# that are #non-complying# and existing on October 28, 2012, to be vertically elevated, or reconstructed to a higher elevation, in order to raise the lowest horizontal structural member supporting the lowest floor containing habitable space that was located at or above the adjoining grade as of October 28, 2012, to #flood-resistant construction elevation#.

Such vertical elevation or reconstruction may create a new #non-compliance# as to height and setback, or increase any existing #non-compliance# as to height and setback, required #open space# and #yard# regulations to the extent that such lowest floor level is elevated or reconstructed to #flood-resistant construction elevation#. However, all other provisions of Article V, Chapter 4, shall apply without modification.

This Section shall not preclude the construction of complying #enlargements# or other complying #buildings or other structures# on the #zoning lot#.

Appendix A
Special Regulations for Neighborhood Recovery

64-A00
GENERAL PROVISIONS

The provisions of this Resolution shall apply as modified by this Chapter and by the special regulations set forth in this Appendix A. The provisions of this Appendix are optional, but when utilized, shall be applied in their entirety. This Appendix shall be in effect until [five years from effective date of text amendment], at which time it shall automatically expire.

64-A01
Applicability of Special Regulations for Neighborhood Recovery

The provisions of this Appendix A shall only be applicable to #buildings# containing #residential use# whose vertical elevation or reconstruction will result in a #single-# or #two-family residence# that complies with #flood-resistant construction standards#, where such #building# is located in:

- (a) the Borough of Brooklyn, within the portions of Community Districts 13, 15, and 18, as shown on Maps 1, 2 and 3 in Section 64-A80 (Neighborhood Recovery Areas);
- (b) the Borough of Queens, within the portions of Community Districts 10, 13 and 14, as shown on Maps 4, 5, and 6 in Section 64-A80 (Neighborhood Recovery Areas); or
- (c) the Borough of Staten Island, within the portions of Community Districts 2 and 3, as shown on Maps 7, 8, and 9 in Section 64-A80 (Neighborhood Recovery Areas).

64-A02
Special Requirements for Application

Prior to the approval of any application to the Department of Buildings pursuant to this Appendix A, an applicant shall submit the following documents in order to establish that there was a #building# on the subject lot that contained a #residential use# on October 28, 2012:

- (a) an aerial photograph taken up to one year prior to October 28, 2012 establishing that a #building# existed on the subject lot on October 28, 2012; and
- (b) a 2012 tax bill or assessment roll for the subject lot that states such #building# contained a #residential use#.

Where the documents specified in this Section are unavailable or inconclusive, the Department of Buildings may accept alternative documentation to satisfy the requirements of paragraphs (a) or (b).

64-A03
Zoning Lots in Neighborhood Recovery Areas

The definition of #zoning lot# set forth in Section 12-10 (Definitions) shall apply in this Appendix A. However, as an option, where a tax lot contained one or more #buildings# on October 28, 2012, or where a #building# or #buildings# occupied more than one tax lot on October 28, 2012, such tax lot may be provisionally considered a #zoning lot# for the sole purpose of demonstrating compliance with the bulk requirements of this Resolution, and shall be referred to as a #zoning lot# in this Appendix, provided that the proposed application will not affect compliance with any applicable provisions of the New York City Building Code or Fire Code with respect to #building# access to the same or other #zoning lots# on the same #block#, unless a waiver or modification is obtained from the Department of Buildings or the Fire Department, respectively.

64-A10
SPECIAL REGULATIONS FOR ESTABLISHING NON-COMFORMANCE AND NON-COMPLIANCE

64-A11
Establishing Non-conformance of Residences

In all #districts#, for a #zoning lot# that contained two or more #dwelling units# on October 28, 2012 which does not have lawful documentation indicating that more than one #dwelling unit# existed on the #zoning lot# on such date, the Board of Standards and Appeals may permit the vertical elevation or reconstruction of #buildings# containing such #dwelling units# and may establish #non-compliance# of such #buildings#, pursuant to Section 64-A71 (Special Permit for Establishing Non-conformance).

64-A12
Special Regulations for Establishing Non-compliance of Existing Buildings

In all districts, a #building# containing #residences#, and any other structure that is attached to such #building#, including porches, stairs, terraces, or balconies, that existed both on October 28, 2012 and on the date of application for a building permit, may be considered #non-complying# for the purpose of utilizing the applicable provisions of Article V and Article VI, Chapter 4 related to #non-complying buildings or other structures# provided that:

- (a) a survey, prepared by a licensed land surveyor, specifying the location and height of such #building# and any other structures that are attached to such #building#, is submitted as documentation of such #non-compliance#; and
- (b) such #building# shall either be vertically elevated in compliance with the #bulk# provisions of Section 64-A20 (SPECIAL BULK REGULATIONS FOR THE VERTICAL ELEVATION OF EXISTING BUILDINGS), or be reconstructed in compliance with the #bulk# provisions of Section 64-A30 (SPECIAL BULK REGULATIONS FOR THE RECONSTRUCTION OF BUILDINGS EXISTING ON OCTOBER 28, 2012).

Upon completion and sign-off of work completed pursuant to the provisions of this Appendix, the #building# shall be considered #non-complying#.

64-A20 SPECIAL BULK REGULATIONS FOR THE VERTICAL ELEVATION OF EXISTING BUILDINGS

The provisions of this Section shall apply to the vertical elevation of #buildings# containing #residences# that existed on October 28, 2012. Except as specifically modified by the provisions of this Section, inclusive, the applicable #bulk# regulations of this Chapter, the regulations of Article V, and the applicable zoning district shall remain in effect.

64-A21 Special Regulations for Rebuilt Portions of Vertically Elevated Buildings

A portion of a #building# that is being vertically elevated pursuant to this Appendix may be rebuilt, provided that:

- (a) such rebuilt portion does not exceed 75 percent of the existing #floor area# of such #building#; and
- (b) except as specifically allowed by this Chapter, no new #non-compliance# shall be created, nor shall the degree of any existing #non-compliance# be increased, beyond that established pursuant to Section (Special Regulations for Establishing Non-compliance of Existing Buildings).

If the rebuilt portion of a #building# exceeds 75 percent of the existing #floor area# of the #building#, such #building# shall be subject to the regulations of 64-A30 (SPECIAL BULK REGULATIONS FOR THE RECONSTRUCTION OF BUILDINGS EXISTING ON OCTOBER 28, 2012)

64-A22 Special Regulations for Space Partially Below Grade

For a #building# where the lowest floor containing habitable space is partially below adjoining grade, and at least one-half of the floor-to-ceiling height of such floor is above adjoining grade, such #building# may be vertically elevated in order to raise the lowest floor containing habitable space to the #flood-resistant construction elevation#, provided that:

- (a) the elevated #building# does not exceed two #stories#, except that attic space providing structural headroom of less than eight feet shall not be considered a #story# for the purposes of this Section; and
- (b) the height of such elevated #building#, including the apex of a pitched roof, does not exceed 25 feet, as measured from the #flood-resistant construction elevation#.

Any floor space that becomes #floor area# in excess of the maximum permitted #floor area ratio# for such #zoning lot#, as a result of the vertical elevation, shall be considered #non-complying floor area#. Such vertical elevation may increase any existing #non-compliances# with respect to required #open space# and #yard# regulations to the extent that such #non-compliance# results from the elevation of the lowest floor to the #flood-resistant construction elevation#. All other provisions of Article V, Chapter 4 (Non-complying Buildings), shall apply without modification.

The level of the adjoining grade shall be the average elevation of the grade adjoining the building, before it is elevated, determined in the manner prescribed by the Building Code of the City of New York for adjoining grade elevation.

64-A23 Special Regulations for Existing Buildings Located Over Water

For a #building# that will be vertically elevated and is located either partially or entirely seaward of the #shoreline#, such #building# may be relocated landward of the #shoreline# on the same #zoning lot#. Such relocation may create a new #non-compliance# or increase the degree of any existing #non-compliance# as to #side yards#, #waterfront yards#, #rear yards# or #rear yard equivalents#, provided that:

- (a) an open area of at least three feet shall be maintained between the exterior wall of the #building# and any #lot line#; and
- (b) except as specifically allowed by this Chapter, no new #non-compliance# shall be created, nor shall the degree of any existing #non-compliance# be increased, beyond that established pursuant to Section 64-A12 (Special Regulations for Establishing Non-compliance of Existing Buildings).

64-A24 Permitted Obstructions in Required Open Space, Yards and Courts

The provisions of Sections 23-12 (Permitted Obstructions in Open Space), 23-44 (Permitted Obstructions in Required Yards or Rear Yard

- (a) mechanical equipment, including but not limited to #accessory# heating and cooling equipment, fuel oil tanks and emergency generators, shall be permitted obstructions in #open space# required on the #zoning lot#, in any #side yard#, #rear yard# or #rear yard equivalent#, and in #courts#, provided such equipment:
 - (1) is located at least three feet from any #lot line#;
 - (2) is screened on all sides by walls consisting of at least 50 percent opaque materials; and
 - (3) is in compliance with the standards of either of the following provisions:
 - i. all structure and screening are located no more than ten feet from the wall of a #building# and limited to a height of no more than 12 feet above #flood-resistant construction elevation#; or
 - ii. is located on the roof of a #building or other structure#, provided that the height of such equipment and screening does not exceed six feet, as measured from the finished level of a flat roof, or for a sloping roof, as measured from the midpoint of such roof. Such equipment shall be located not less than 15 feet from any #street wall# of a #building or other structure#.
- (b) visual mitigation elements, provided pursuant to Section 64-A50 (Special Design Requirements) shall be permitted obstructions in any #open space# required on the #zoning lot#, in any #yard# and in #courts#.

64-A30 SPECIAL BULK REGULATIONS FOR THE RECONSTRUCTION OF BUILDINGS EXISTING ON OCTOBER 28, 2012

The #bulk# regulations of this Section shall apply only to the permitted reconstruction of a #building#, that existed on October 28, 2012, that results in a #single-# or #two-family detached residence#. Except as specifically modified by the provisions of this Section, inclusive, the #bulk# regulations of this Chapter and the applicable zoning district shall remain in effect. #Buildings# reconstructed pursuant to this Section, 64-A30, shall not be considered #developments# or #enlargements#.

No #building# that is reconstructed pursuant to this section shall subsequently be #enlarged# pursuant to paragraph (b) of Section 54-313 (Single- or two-family residences with non-complying front yards or side yards) or Section 73-622 (Enlargements of single- and two-family detached and semi-detached residences).

"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS

Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

- Administration for Children's Services (ACS)
- Department for the Aging (DFTA)
- Department of Consumer Affairs (DCA)
- Department of Corrections (DOC)
- Department of Health and Mental Hygiene (DOHMH)
- Department of Homeless Services (DHS)
- Department of Probation (DOP)
- Department of Small Business Services (SBS)
- Department of Youth and Community Development (DYCD)
- Housing and Preservation Department (HPD)
- Human Resources Administration (HRA)
- Office of the Criminal Justice Coordinator (CJC)

To sign up for training on the new system, and for additional information about HHS Accelerator, including background materials, user guides and video tutorials, please visit www.nyc.gov/hhsaccelerator

READER'S GUIDE

The City Record (CR) is published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above \$100,000 for information technology and for construction and construction related services, above \$50,000 for other services, and above \$25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in The City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Monday through Friday from 9:00 A.M. to 5:00 P.M., except on legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptroller's Office at www.comptroller.nyc.gov, and click on Prevailing Wage Schedules to view rates.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION-RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately \$17 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. Registration for these lists is free of charge. To register for these lists, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application, which can be found online at www.nyc.gov/selltonyc. To request a paper copy of the application, or if you are uncertain whether you have already submitted an application, call the Vendor Enrollment Center at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services at 110 William Street, New York, NY 10038. Sessions are convened on the second Tuesday of each month from 10:00 A.M. to 12:00 P.M. For more information, and to register, call (212) 618-8845 or visit www.nyc.gov/html/sbs/nycbiz and click on Summary of Services, followed by Selling to Government.

PRE-QUALIFIED LISTS

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstances. When an agency decides to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the CR. Information and qualification questionnaires for inclusion on such lists may be obtained directly from the Agency Chief Contracting Officer at each agency (see Vendor Information Manual). A completed qualification questionnaire may be submitted to an Agency Chief Contracting Officer at any time, unless otherwise indicated, and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings (OATH). Section 3-10 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists. For information regarding specific pre-qualified lists, please visit www.nyc.gov/selltonyc.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board Rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, and the Housing Authority. Suppliers interested in applying for inclusion on bidders lists for Non-Mayoral entities should contact these

entities directly at the addresses given in the Vendor Information Manual.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 9:30 A.M. to 5:00 P.M., except on legal holidays. For more information, contact the Mayor's Office of Contract Services at (212) 341-0933 or visit www.nyc.gov/mocs.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN-OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women-Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about this program, contact the Department of Small Business Services at (212) 513-6311 or visit www.nyc.gov/sbs and click on M/WBE Certification and Access.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City pays interest on all late invoices. However, there are certain types of payments that are not eligible for interest; these are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year: in January and in July.

HOW TO READ CR PROCUREMENT NOTICES

Procurement notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section.

At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified unless a different one is given in the individual notice. In that event, the directions in the individual notice should be followed.

The following is a SAMPLE notice and an explanation of the notice format used by the CR.
