Large-Scale General Development

* * *

74-745
Accessory parking spaces and loading berths
Modifications of parking and loading regulations

For a #large-scale general development# the City Planning Commission may permit:

- (a) Modification of location requirements

When a #large-scale general development# includes two or more #zoning lots#, the City Planning Commission may permit required or permitted #accessory# off-street parking spaces, bicycle parking spaces or loading berths to be located anywhere within a #large-scale general development# without regard for #zoning lot lines#, provided that the Commission shall find:

 - (1) such off-street parking spaces, bicycle parking spaces and loading berths will be conveniently located in relation to the #use# to which such spaces or berths are #accessory#;
 - (2) such location of off-street parking spaces, bicycle parking spaces and loading berths will result in a better site plan; and
 - (3) such location of off-street parking spaces, bicycle parking spaces and loading berths will not unduly increase the number of spaces in any single #block#, draw excessive traffic through local #streets#, or otherwise adversely affect traffic conditions in the surrounding area.

Whenever required off-street parking spaces, bicycle parking spaces and loading berths are permitted to be located without regard for #zoning lot lines# in accordance with the provisions of this Section, the number of spaces required for each #building# shall be kept available for such #building# throughout its life.

- (b) Waiver or reduction of loading berth requirements

For #zoning lots# in a #large-scale general development#, located within a waterfront area pursuant to paragraph (b) of Section 62-132, in Community District 1 in the Borough of Brooklyn, that contains one or more #retail or service uses# listed in Use Group 6A, 6C, 7B, 8B, 9A, 10A, 12B, 14A or 16A, and where no single such establishment exceeds 8,500 square feet in #floor area#, the City Planning Commission may waive or reduce the number of required loading berths, provided that:

 - (1) curbside deliveries will not create or contribute to serious traffic congestion or unduly inhibit vehicular or pedestrian movement and will not interfere with the efficient functioning of nearby #uses#;
 - (2) an efficient goods receiving system will be implemented within the #commercial# establishment to expedite the movement of goods from the curb to areas within the establishment;

- (3) such modification allows for a better relationship between the #street walls# of the #building# containing such establishment and the adjacent sidewalk and surrounding area; and
- (4) such modification will not impair or adversely affect the development of the surrounding area.

(c) Reduction of parking requirements

For #buildings# on #zoning lots# in a #large-scale general development#, within R7-2 districts in Community District 1 in the Borough of the Bronx, that contain a #non-profit residence for the elderly#, the City Planning Commission may reduce or waive the number of required #accessory# off-street parking spaces, including any spaces previously required for an existing #building# provided that the Commission finds:

- (1) that the anticipated automobile ownership patterns for residents of such #non-profit residence for the elderly# are minimal and that such reduction or waiver is warranted;
- (1) that such reduction of parking spaces will not have undue adverse impacts on the residents, businesses or community facilities in the surrounding area; and
- (2) that such reduction of parking spaces will result in a better site plan with better quality open areas.

In determining the amount of parking spaces to reduce or waive, the Commission may take into account current automobile ownership patterns for an existing #non-profit residence for the elderly# on the #zoning lot#, as applicable.

The City Planning Commission may prescribe additional conditions and safeguards to minimize adverse effects on the surrounding area.

- *Win More Contracts at nyc.gov/competetowin*

“The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City’s prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence.”

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York (“PPB Rules”), vendors must first complete and submit an electronic prequalification application using the City’s Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an

Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

- Administration for Children’s Services (ACS)
- Department for the Aging (DFTA)
- Department of Consumer Affairs (DCA)
- Department of Corrections (DOC)
- Department of Health and Mental Hygiene (DOHMH)
- Department of Homeless Services (DHS)
- Department of Probation (DOP)
- Department of Small Business Services (SBS)
- Department of Youth and Community Development (DYCD)
- Housing and Preservation Department (HPD)
- Human Resources Administration (HRA)
- Office of the Criminal Justice Coordinator (CJC)

DPR is seeking to evaluate and pre-qualify a list of general contractors (a "PQL") exclusively to conduct non-complex general construction site work involving the construction and reconstruction of DPR parks and playgrounds projects not exceeding \$3 million per contract ("General Construction").

By establishing contractor's qualification and experience in advance, DPR will have a pool of competent contractors from which it can draw to promptly and effectively reconstruct and construction its parks, playgrounds, beaches, gardens and green-streets. The vendors selected for inclusion in the General Construction PQL will be invited to participate in the NYC Construction Mentorship. BODY CAMERAS FOR THE NYPD AND RELATED HARDWARE AND DATA STORAGE SOLUTION - Negotiated Acquisition - Other - PIN# 05615N0001 - Due 8-7-15 at 3:00 P.M.

The New York City Police Department ("NYPD") is conducting a solicitation which seeks a comprehensive end to end solution for capturing, transmitting, and storing video and audio using body-worn cameras carried by patrol officers. The NYPD is soliciting applications from firms with demonstrated experience in designing and maintaining such a solution. The body-worn cameras must be lightweight and functional in all weather conditions. Firms must also provide a data storage solution (either cloud-based or employing on-site data storage) as well as all equipment necessary to operate the cameras (e.g. charging stations, data cables) and to upload captured video and audio data from the cameras for long-term storage (e.g. docking stations). If a vendor employs a cloud storage solution, it must meet the NYPD's security requirements, as outlined in the Solicitation. The contract established as a result of this solicitation will serve as a Requirements Contract for the purchase of hardware, storage, licenses, and maintenance services on an as-needed basis. The anticipated term of the contract would be for five years from January 1, 2016 through December 31, 2020. There would also be three 3-year renewal options.

A Pre-Application Conference for this solicitation is set for Wednesday, July 8th, 2015 at 11:00 A.M. at the Jack Maple Compstat Center, Room 802 - 8th Floor, 1 Police Plaza (NYPD Police Department Headquarters), New York, NY 10038.

Vendors who are interested may obtain a free copy of the application package in 3 ways: (1) Online at www.nyc.gov/cityrecord (on or after 06-16-15), click the "City Record On-Line (CROL) Searchable Database of All Procurement Notices" link, then "Log in" or "Sign up" to download solicitations and/or awards. Once logged in, Click "Search the City Record Bid Opportunities". For "Type of Notice" (#1), select "Solicitation." For "PIN Number" (#7), enter EPIN # 05615N0001. Click Submit. (2) In person, Monday - Friday, 9:00 A.M. - 5:00 P.M. at Contract Administration Unit, 90 Church Street, Suite 1206, New York, NY 10007. (3) Contact Jordan Glickstein at (646) 610-5222 or jordan.glickstein@nypd.org.

A contract award will be made by the Negotiated Acquisition source selection method, pursuant to City of New York Procurement Policy Board Rules (PPB Rules) § 3-04(b)(2) because the NYPD has determined that it is neither practical nor advantageous to award the proposed contract by competitive sealed bids or competitive sealed proposals, and that this source selection method is in the City's best interest. First, there exists a compelling need for the goods and services that cannot be timely met through competitive sealed bidding or competitive sealed proposals. Second, there are a limited number of vendors able to provide the required body cameras and the related equipment and services of the nature and specificity required by the NYPD. Thus, pursuant to Sections 3-04(b)(2)(i)(D) and 3 04(b)(2)(ii) of the PPB Rules, a special case determination has been made that this solicitation should be done using the Negotiated Acquisition method of Source Selection. Any Vendors that wish to express an interest to be considered for this solicitation may download or request the complete solicitation document and submit completed application(s) if they feel that they can supply the required body cameras and related goods and services.

This Procurement is subject to Local Law 1, the City of New York's M/WBE Program.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.
