Accessory parking spaces and loading berths
Modifications of parking and loading regulations

For a #large-scale general development# the City Planning Commission may permit:

- (a) Modification of location requirements

When a #large-scale general development# includes two or more #zoning lots#, the City Planning Commission may permit required or permitted #accessory# off-street parking spaces, bicycle parking spaces or loading berths to be located anywhere within a #large-scale general development# without regard for #zoning lot lines#, provided that the Commission shall find:

- (1) such off-street parking spaces, bicycle parking spaces and loading berths will be conveniently located in relation to the #use# to which such spaces or berths are #accessory#;
- (2) such location of off-street parking spaces, bicycle parking spaces and loading berths will result in a better site plan; and
- (3) such location of off-street parking spaces, bicycle parking spaces and loading berths will not unduly increase the number of spaces in any single #block#, draw excessive traffic through local #streets#, or otherwise adversely affect traffic conditions in the surrounding area.

Whenever required off-street parking spaces, bicycle parking spaces and loading berths are permitted to be located without regard for #zoning lot lines# in accordance with the provisions of this Section, the number of spaces required for each #building# shall be kept available for such #building# throughout its life.

- (b) Waiver or reduction of loading berth requirements

For #zoning lots# in a #large-scale general development#, located within a waterfront area pursuant to paragraph (b) of Section 62-132, in Community District 1 in the Borough of Brooklyn, that contains one or more #retail or service uses# listed in Use Group 6A, 6C, 7B, 8B, 9A, 10A, 12B, 14A or 16A, and where no single such establishment exceeds 8,500 square feet in #floor area#, the City Planning Commission may waive or reduce the number of required loading berths, provided that:

- (1) curbside deliveries will not create or contribute to serious traffic congestion or unduly inhibit vehicular or pedestrian movement and will not interfere with the efficient functioning of nearby #uses#;
 - (2) an efficient goods receiving system will be implemented within the #commercial# establishment to expedite the movement of goods from the curb to areas within the establishment;
 - (3) such modification allows for a better relationship between the #street walls# of the #building# containing such establishment and the adjacent sidewalk and surrounding area; and
 - (4) such modification will not impair or adversely affect the development of the surrounding area.
- (c) Reduction of parking requirements

For #buildings# on #zoning lots# in a #large-scale general development#, within R7-2 Districts in Community District 1 in the Borough of the Bronx, that contain a #non-profit residence for the elderly#, the City Planning Commission may waive or reduce the number of required #accessory# off-street parking spaces, including any spaces previously required for an existing #building# provided that the Commission finds:

- (1) that the anticipated automobile ownership patterns for residents of such #non-profit residence for the elderly# are minimal and that such waiver or reduction is warranted;
- (2) that such waiver or reduction of parking spaces will not have undue adverse impacts on the residents, businesses or community facilities in the surrounding area; and
- (3) that such waiver or reduction of parking spaces will result in a better site plan with better quality open areas.

In determining the amount of parking spaces to waive or reduce, the Commission may take into account current automobile ownership patterns for an existing #non-profit residence for the elderly# on the #zoning lot#, as applicable.

The City Planning Commission may prescribe additional conditions and safeguards to minimize adverse effects on the surrounding area.

ARTICLE VII
ADMINISTRATION

CHAPTER 4
Special Permits by the City Planning Commission

* * *

74-741
Requirements for application

An application to the City Planning Commission for the grant of a special permit pursuant to Section 74-74 for a #large-scale general development# shall include a site plan showing the boundaries of the #large-scale general development# and the proposed location and #use# of all #buildings or other structures# on each #zoning lot# comprising the #large-scale general development#.

However, for applications proceeding pursuant to the ownership provisions of paragraph (e) of Section 74-742, such site plan need only show the applicable portion of the #large-scale general development# as set forth in paragraph (e)(1) or (e) (2) of Section 74-742.

74-742
Ownership

Except as otherwise provided in this Section, any #large-scale general development# for which application is made for a special permit in accordance with the provisions of Section 74-74 (Large-Scale General Development) shall be on a tract of land which at the time of application is all under the control of the applicant(s) as the owner(s) or holder(s) of a written option to purchase. No special permit shall be granted unless the applicant(s) acquired actual ownership (single fee ownership or alternate ownership arrangements according to the #zoning lot# definition in Section 12-10 (DEFINITIONS) for all #zoning lots# comprising the #large-scale general development#) of, or executed a binding sales contract for, all of the property comprising such tract.

* * *

A special permit may be applied for and granted under the provisions of Section 74-74, even though such #large-scale general development# does not meet the ownership requirements set forth elsewhere in this Section, when the site of such #large-scale general development# is:

* * *

(d) partially under State or City ownership, or may include a tract of land under private ownership that is located within the bed of 26th Avenue between 1st Street and the bulkhead line within the Halletts Point Peninsula, in the area bounded by 8th Street and Vernon Boulevard on the east, the East River on the west and south, and the north side of 26th Avenue on the north, in Community District 1 in the Borough of Queens, provided that the exception to the ownership requirements set forth herein shall apply only to:

- (1) tracts of land in State or City ownership; or
(2) a tract of land in private ownership located within the bed of 26th Avenue, between 1st Street and the #bulkhead# line; or

(e) within Manhattan Community District 2, where the Commission has approved a special permit under Section 74-74 (Large-Scale General Development) for a #large-scale general development# located partially within a C2-7 District, and a portion of such #large-scale general development# is subsequently mapped as a park and transferred to City ownership, then the consent or authorization of any owner or party in interest:

- (1) to such #public park# shall not be required for any application for a modification to the special permit or associated restrictive declaration relating only to property within the #large-scale general development# other than the #public park#; and

- (2) to property other than the #public park# shall not be required for any application for a modification to the special permit or associated restrictive declaration relating only to the #public park#.

However, the consent or authorization of the owners and any party in interest to the other property shall be required if the proposed modification would impose an additional obligation or increase the degree of an obligation existing as of the date of the application for the modification on any such owner or any such party in interest.

74-743
Special provisions for bulk modification

- (a) For a #large-scale general development#, the City Planning Commission may permit:
(b) In order to grant a special permit pursuant to this Section for any #large-scale general development#, the Commission shall find that:

* * *

* * *

Within Manhattan Community District 2, within the former Washington Square Southeast Urban Renewal Area, within Manhattan Community District 2, where the Commission has approved a #large-scale general development#, and a #lot line# of such #large-scale general development# coincides with the boundary of a mapped #public park#, such #lot line# shall be considered to be a #street line# of a #wide street# for the purposes of applying all #use# and #bulk# regulations of this Resolution.

In addition, within Manhattan Community District 2, where the Commission has approved a #large-scale general development# located partially within a C2-7 District, if any #open space# approved pursuant to paragraph (a) (4) of Section 74-743 is subsequently mapped as a park and transferred to City ownership, the #open space# requirement approved for such #large-scale general development# pursuant to paragraph (a) (4) of Section 74-743 shall be reduced by the area of such #public park#.

Within Community District 1 in the Borough of Queens, the Commission may prescribe additional conditions to ensure that the purpose of the Inclusionary Housing program as set forth in Section 23-92 (General Provisions) is achieved in a #large-scale general development#. The Commission may establish procedures resulting in limiting the amount of #affordable floor area# utilizing #public funding# that may count toward satisfying the #affordable floor area# required in paragraph (b)(1) of Section 23-953. Any such procedures established by the Commission shall be set forth in the restrictive declaration required in connection with the grant of a special permit for such #large-scale general development#.

For a phased construction program of a multi-#building# complex, the Commission may, at the time of granting a special permit, require additional information, including but not limited to a proposed time schedule for carrying out the proposed #large-scale general development#, a phasing plan showing the distribution of #bulk# and #open space# and, in the case of a site plan providing for common #open space#, common open areas or common parking areas, a maintenance plan for such space or areas and surety for continued availability of such space or areas to the people they are intended to serve.

The Commission may prescribe additional conditions and safeguards to improve the quality of the #large-scale general development# and to minimize adverse effects on the character of the surrounding area.

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York (“PPB Rules”), vendors must first complete and submit an electronic prequalification application using the City’s Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

- Administration for Children’s Services (ACS)
- Department for the Aging (DFTA)
- Department of Consumer Affairs (DCA)
- Department of Corrections (DOC)

ANTI VIOLENCE REFORM AGENDA - Negotiated Acquisition - Judgment required in evaluating proposals - PIN#072201539SPL - Due 8-17-15 at 3:00 P.M.

The New York City Department of Correction (DOC) intends to engage McKinsey and Company, Inc. Washington D.C. for a consulting contract to “Accelerate and Sustain the Department of Correction’s Anti Violence Reform Agenda.” DOC seeks to retain consulting services in order to finalize the last phase of the work initiated under an expiring New York City Economic Development Corporation (NYCEDC) contract. DOC is also considering expressions of interest from other vendors for evaluation.

The agency anticipates a contract for a period of one (1) year, commencing September 2015.

DOC’s Anti-Violence Reform Agenda:

Phase I - III of the NYCEDC Contract

DOC’s Anti-Violence Reform Agenda represents the administration’s continued commitment to reform Rikers Island after decades of neglect. The agency’s goal is to reduce violence and improve safety in the jails. 14 initiatives were developed based on their potential to systematically reduce violence in DOC facilities.

- Keep weapons, drugs and contraband out of Rikers, including visitor reforms
- Create an integrated classification and housing strategy
- Provide comprehensive security camera coverage
- Design effective inmate education opportunities and services to reduce idle time
- Redefine first line incident response
- Improve leadership development and culture
- Redefine the Investigations Division
- Design a recruitment, hiring and staff selection plan

- Design a staff performance management plan
- Implement operational performance metrics and analysis
- Create a well-defined supply distribution process
- Improve custody management processes
- Expand targeted training for officers and non-uniformed staff
- Raise facilities to a state of good repair

The current contractor provided consulting services with a focus on building the capabilities of key DOC stakeholders and the implementation and pilot of the reform agenda.

Compelling Need and Scope of Work for Phase IV DOC is in the process of building its capacity to run a newly created Program Management Office (PMO), executing the plans associated with the 14 reform initiatives and is in the early stages of piloting some of the initiatives at two (2) facilities. There is a continued need for consulting services to support the PMO and reform initiatives, with a focus on building the capabilities of key DOC stakeholders. The vendor will

- Enhance the capabilities of the Program Management Office through skill based training and coaching
- Begin to transition responsibilities to DOC staff
- Scale up the development and deployment of analytic tools, including those needed to operationalize a new Housing and Classification Strategy
- Roll out the Model Facility across the system incorporating lessons learned from each model facility
- Build a customized training curriculum for top departmental leaders to develop managerial capabilities and leadership skills
- Strengthen overall institutional capacity

The full impact of the anti-violence reform agenda will be achieved over multiple years and will require additional assistance. Critical start-up support is required from a qualified consulting firm for DOC to be successful in implementing the anti-violence reform agenda.

A solicitation document may be obtained from DOC's website at <http://www.nyc.gov/html/doc/html/contracting/contracting.shtml>

Vendors that believe they can provide comprehensive organizational analysis and operational assistance to DOC as detailed in Phase IV, are invited to submit an expression of interest along with a written experience statement by letter.

DOC will not be responsible for any expenses in the preparation and/or presentation of responsive submittals, or for other disclosure of any information or material received in connection with the solicitation.

DOC reserves the right to request additional information or clarification, if necessary.
