“The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City’s prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence.”

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York (“PPB Rules”), vendors must first complete and submit an electronic prequalification application using the City’s Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

- Administration for Children’s Services (ACS)
- Department for the Aging (DFTA)
- Department of Consumer Affairs (DCA)
- Department of Corrections (DOC)
- Department of Health and Mental Hygiene (DOHMH)

GUNSHOT DETECTION AND LOCATION SYSTEM - Negotiated Acquisition - Other - PIN#05615N0007 - Due 9-25-15 at 3:00 P.M.

The New York City Police Department ("NYPD") is seeking to enter into a contract for a Gunshot Detection and Location System ("System"). The proposed System would use specially placed microphones to pinpoint, in seconds, the precise location of gunfire within coverage areas. The overall goal of the System is to reduce indiscriminate gunfire, reduce gunshot-related injuries and deaths, and to increase recovery of ballistic evidence, perpetrator arrests and successful prosecutions associated with illegal gun-related activities. The NYPD has previously entered into a Demonstration Project contract to evaluate the reliability and feasibility of utilizing gunshot detection technology in New York City. This Demonstration Project has been a success, and the NYPD is now proceeding with a new contract to provide for such a System in broader areas of the City for a longer term.

Specifically, the NYPD is looking for a robust gunshot detection system model that uses a network of sensors affixed to rooftops and other high points to detect subsonic and supersonic impulses generated by gun fire within a large outdoor area. The system should use multiple, collaborating sensors that will allow the system to geo-locate the exact location from which a shot was fired (both latitude/longitude and street address). The system should also have audio analysis software that identifies the gunshots. The selected vendor also needs to be able to provide a team of acoustic experts, stationed at a round-the-clock adjudication center, to listen to the sounds that prompted each alert and to communicate directly with the NYPD in real-time. The NYPD believes that adding human judgment to the process drastically reduces the number of false positives. The Gunshot Detection and Location System must also be able to detect the number of shots fired and the position, speed, and direction of travel if the shooter is moving, and provide a digital record of the shooting for investigative or evidentiary use.

At this point, the NYPD knows of only one vendor that offers a Gunshot Detection and Location System that has all of the features which it is seeking. This vendor is Shotspotter, Inc., located at 7979 Gateway Boulevard, Suite 210, Newark, CA 94560. Thus, the NYPD intends to negotiate with Shotspotter, Inc. and any other vendors that express an interest in this solicitation for the provision of the required Gunshot Detection and Location System for the NYPD.

A contract award will be made by the Negotiated Acquisition source selection method, pursuant to City of New York Procurement Policy Board Rules (PPB Rules) § 3-04(b)(2) because the NYPD has determined that there are a limited number of vendors able to provide the required System. See Section 3-04(b)(2)(ii) of the PPB Rules. Any Vendors that wish to express an interest in this solicitation should contact Deputy Agency Chief Contracting Officer Jordan Glickstein at jordan.glickstein@nypd.org or submit a written request to: Deputy Agency Chief Contracting Officer Jordan Glickstein, NYPD Contract Administration Unit, 90 Church Street, Suite 1206, New York, NY 10007. This procurement will be subject to the City's M/WBE requirements pursuant to Local Law 1 - 2013.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

MAYOR'S FUND TO ADVANCE NEW YORK CITY

■ NOTICE

The Mayor's Fund is seeking appropriately qualified Community Based Organizations (CBOs) to establish and operate the Connections to Care (C2C) program. The C2C program is funded primarily through a Healthy Futures grant from the Social Innovation Fund of the Corporation for National and Community Service. In C2C, CBOs partner with clinical mental health providers (MHPs) to integrate evidence-based mental health services (treatment, promotion, and/or prevention) into existing programs that serve at-risk populations. The program's goal is to improve mental health and program-related outcomes for low-income (1) expectant mothers and parents of children 0-4; (2) out of school, out of work young adults ages 16-24; and/or (3) unemployed or underemployed low-income working-age adults ages 18 and over receiving workforce development services. In addition, C2C aims to increase access to and utilization of quality mental health care services in order to improve mental health outcomes and CBO programmatic outcomes. Expecting C2C to be a five-year program, the Mayor's Fund anticipates awarding grants to approximately twelve CBOs in New York City. Grant sizes are expected to range between \$100,000 and \$250,000 per year, which are required to be matched 1:1 by non-federal funds (for total annual subgrantee budgets of \$200,000 to \$500,000). The purpose of this major initiative is to promote diversity among the leadership, staffs, and audiences of cultural organizations in New York City. This includes a demographic survey of DCLA's nearly 1,000 grantee organizations that will examine race, ethnicity, gender, disability, age, and other factors.

The Mayor's Fund seeks a consultant to develop strategy and execution programming related to DCLA's Diversity Initiative, as further described in the RFP at on.nyc.gov/DiversityInitiativeRFP. The

anticipated term of engagement is October 24, 2015 - December 31, 2016.
The budget for this initiative is \$93,000.
