The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

EDUCATION**CONTRACTS AND PURCHASING****■ SOLICITATION***Goods and Services***STUDENT NEED METRICS - Request for Proposals - PIN#R1105040 - Due 11-2-15 at 1:00 P.M.**

The New York City Department of Education (NYCDOE), on behalf of the Division of Teaching and Learning, is seeking proposals from qualified organizations, to assist with developing robust measures of student need, including student mobility, and with exploring how these

factors relate to school improvement efforts based on the DOE's Framework of Great Schools.

The DOE seeks vendors experienced in analyzing data to assist the DOE with developing a set of metrics related to student need, including student mobility. The student-need metrics would relate to the level of need of the student population served by the school, including the degree to which the school enrolls high-need students, and how the school's student population compares with the student populations in related community areas (e.g., within the district, zone, or zip code) and at other schools. The student-mobility metrics would relate to the extent to which students leave the school before completing its last grade, including adjustments for factors beyond a school's control, as well as transfers of students into the school. Detailed requirements are provided in the RFP.

The RFP may result in the award of one (1) requirements contract for a base term of one (1) year. The NYCDOE reserves the unilateral option to extend the contract for one (1) additional 1-year period. Services are anticipated to commence in May 2016.

More information about the proposal submission requirements can be obtained from the detailed RFP specifications. To download the RFP, please go to the NYCDOE Vendor Portal at <https://vendorportal.nycenet.edu> and download the document labeled, RFP #R1105. If you cannot download this RFP, please send an e-mail to VendorHotline@schools.nyc.gov with the RFP number and title in the subject of your email. For all questions related to this RFP, please send an e-mail to COPContracts@schools.nyc.gov with the RFP number and title in the subject line of your e-mail. There will be a pre-proposal conference at the Office of the Brooklyn Borough President, 209 Joralemon Street, Brooklyn Borough Hall Court Room, Brooklyn, NY 11201, at 2:30 P.M. ET, on October 5, 2015.

The New York City Department of Education (DOE) strives to give all businesses, including Minority and Women-Owned Business Enterprises (MWBEs), an equal opportunity to compete for DOE procurements. The DOE's mission is to provide equal access to procurement opportunities for all qualified vendors, including MWBEs, from all segments of the community. The DOE works to enhance the ability of MWBEs to compete for contracts. DOE is committed to ensuring that MWBEs fully participate in the procurement process.

AGENCY RULES

TAXI AND LIMOUSINE COMMISSION

■ NOTICE

Notice of Promulgation of Rules

NOTICE IS HEREBY GIVEN in accordance with Section 1043(b) of the New York City Charter ("Charter") that the Taxi and Limousine Commission ("TLC") promulgates amendments to rules regarding Medallion Taxicab Service and Street Hail Livery Service. The rule amendments make certain types of Taxicab leases more affordable for lessees, protect Drivers from overcharges under these leases, allow Taxicab lessors to make non-cash payments to Drivers and provide for an evening rush hour surcharge for Flat Rate trips between Manhattan and Kennedy Airport.

These rules are promulgated pursuant to Sections 1043 and 2303 of the Charter and Section 19-503 of the Administrative Code of the City of New York.

These rules were published on June 8, 2015, for public comment in the City Record. On July 16, 2015 a public hearing was held by the TLC at its offices at 33 Beaver Street, 19th Floor, New York, NY, 10004 and the rules were adopted by the Commission at a public meeting held on September 17, 2015. Pursuant to Section 1043(e)(1)(c) of the Charter, these rules will take effect 30 days following publication in the City Record.

Statement of Basis and Purpose

The Commission held a biennial review of the current fare and lease cap structure on April 2, 2015, as required under §52-04(b)(3-4) of the TLC Rules. These rule amendments are based on testimony and written comments received at the hearing, the review and analysis of Taxicab and Street Hail Livery ("SHL") operations by TLC staff, and the solicitation of additional feedback from Drivers, taxi garage owners, and leasing Agents.

The amendments to the Medallion Taxicab Service rules:

- Allow Medallion Owners and Agents who offer an "all-in" lease, which includes both the lease of the Medallion and the conditional purchase of a vehicle, to extend lease terms beyond the current 156-week maximum and enable lessees to make smaller weekly payments;

- Cap the total amount that can be charged for the conditional purchase of the vehicle;
- Require lessors to produce and maintain more detailed receipts for payments towards the vehicle purchase;
- Permit non-cash payments from lessors to Drivers, provided that any alternative payment method is offered at no additional cost to the Driver;
- Provide for an evening rush hour surcharge for Flat Rate trips between John F. Kennedy Airport (“JFK”) and Manhattan; and
- Clarify which Sections of TLC Rules apply when leasing a hybrid taxicab.

The amendment to the SHL Service rules provides for an evening rush hour surcharge for Flat Rate trips from Manhattan to JFK.

Lease Caps for All-In Leases

The amendments change the rules for long-term leases to allow Medallion Owners and Agents to extend lease terms for those agreements that include both the lease of a Medallion as well as the conditional purchase of a vehicle (commonly referred to as the “all-in lease”). Currently, Medallion Owners and Agents may charge a weekly amount, which is capped by TLC rule, for up to 156 weeks for an all-in lease. This weekly cap includes both the Medallion portion of the lease as well as payments towards the conditional purchase of the vehicle. Once all payments are made at the end of the current 156-week term, the vehicle title can pass to the Driver if the Driver so requests. Medallion Owners, Agents, and Medallion Drivers have expressed interest in extending payments over longer periods of time to reduce weekly payments under the all-in model.

Under existing rules, lessors cannot enter into conditional purchase agreements with Drivers that require more than 156 weekly payments. Accordingly, lessors are unable to offer lower weekly payments over a longer period of time. The amended rules will permit lease terms to be extended beyond the current 156-week maximum and enable lessees to make smaller weekly payments. The amended rules also establish a cap on the total amount that may be charged for the vehicle portion of the all-in lease. The current all-in lease cap, after the removal of the Medallion portion of the lease, permits up to \$42,900 in total payments over the course of 156 weeks for the purchase of the vehicle. Under the amended rules, no Owner or Agent lessor will be allowed to charge more than the total amount of \$42,900 for the vehicle portion of an all-in lease, irrespective of the term of the all-in agreement.

To protect drivers from lease overcharges, the amended rules include an additional itemized weekly cap of \$275 for the vehicle portion of the lease. These rules also amend the requirements relating to receipts lessors must give Drivers for weekly payments and maintain in their records for Commission inspection. Under this change, lessors must provide weekly to Drivers the following information:

- Receipt of that week’s payment, itemized by the Medallion portion of the lease and the conditional vehicle purchase portion of the lease;
- The cumulative amount of payments toward the conditional purchase of the vehicle;
- The remaining balance on the conditional purchase of the vehicle; and
- The estimated number of remaining payments required for the conditional purchase of the vehicle under the current contract terms.

If lessors fail to include this information, they will be fined \$200. To ensure that lessors retain these documents, which TLC must inspect to investigate allegations of overcharges, lessors will be fined \$100 penalty for each missing document.

Non-Cash Payment Methods for Owner and Agent Lessors

Medallion Owner and Agent lessors are required to remit to Drivers all passenger fares paid by credit card. TLC rules currently require that these payments be made in cash. Both Drivers and lessors have requested that these payments be permitted in forms other than cash. Given security concerns associated with requiring lessors to have large sums of cash on hand as well as similar concerns with Drivers leaving garages after having been paid out in cash, the amended rules permit other forms of payment, such as payment by debit card, bank transfer, or check. The lessor’s chosen form of payment must be offered at no cost to Drivers (for example, the lessor may not charge Drivers an administrative fee to process the payment and Drivers must have a reasonable method to access such reimbursements without incurring fees). Additionally, Medallion Owner and Agent lessors must continue to make the payments within the same time period required under current rules. For those lessors making electronic payments (for example, debit card or bank transfer), payment requests must be made to the bank or financial institution through which payments are made within the required time period.

Cashless payment can help streamline operations, allowing Fleets and Agents to reduce shift change times and enabling the exchange of

vehicles between Drivers at off-site locations, both of which can help to expand Taxicab service to passengers at rush hour and provide additional fare opportunities to Drivers. Additionally, Drivers have responded positively to cashless payment provided in other parts of the City’s for-hire industry. To ensure payment is made at no cost to Drivers, the amended rules add to the existing fine a penalty for an Owner or Agent who violates the rule requiring them to pay restitution to the Driver in the amount of any additional cost incurred by a Driver for payment. The amended rules also permit Drivers who lease Taxicabs on a weekly basis to choose to be paid out on a weekly basis, which conforms to current industry practice.

Rush Hour Surcharge for Flat Rate Taxi Trips between Manhattan and Kennedy Airport

In 2004, the Commission established an evening rush hour surcharge for weekday trips between 4:00 P.M. and 8:00 P.M. The intent of the surcharge was to encourage Drivers to provide taxi service when supply is insufficient to meet passenger demand. However, the current evening rush hour surcharge does not apply to Flat Rate trips between Manhattan and JFK. Because of the amount of time it takes to make the round trip to JFK, including time spent waiting in the central hold lot, Drivers lose out on money they could have made via the surcharge on metered fares. These losses are amplified by the additional travel time to JFK during rush hours as compared to non-rush hours (56 minutes vs. 41 minutes). Including waiting time at JFK between fares, the average amount of time spent traveling to JFK and returning back to Manhattan during the evening rush hours totals 3 hours.

To adequately compensate Drivers for the additional time it takes to complete trips between Manhattan and JFK during the evening rush hour, the rules are amended to provide an evening surcharge for these trips. TLC staff calculated that Drivers can complete 9 regular metered fares, netting an additional \$9 in rush hour surcharges, during the time it takes to complete flat rate trips to and from JFK during the evening rush hours. The amended rules provide a surcharge of \$4.50 per trip on all Flat Rate trips between Manhattan and JFK on weekdays between 4:00 P.M. and 8:00 P.M.

In 2014, Taxis completed on average almost 2,000 trips between Manhattan and JFK each weekday between the evening rush hours of 4:00 P.M. and 8:00 P.M. A rush hour surcharge on the JFK Flat Rate will adequately compensate drivers as they meet this high demand for transportation to JFK.

Rush Hour Surcharge for Flat Rate SHL Trips from Manhattan to Kennedy Airport

The SHL Service Rules provide rates of fare for Hail Trips that mirror those in the Medallion Service Rules. Accordingly, the SHL rules provide for an evening surcharge for all metered trips on weekdays between 4:00 P.M. and 8:00 P.M. Additionally, the SHL rules provide a Flat Rate for trips from the Manhattan Hail Zone to JFK. A review of LPEP records reveal a similar increase in the amount of time it takes a SHL Driver to complete a Flat Rate trip to JFK during rush hours as compared to non-rush hours. To adequately compensate SHL drivers as they complete Flat Rate trips from Manhattan to JFK during the evening rush hours, the amended rules provide a surcharge of \$4.50 per trip on weekdays between 4:00 P.M. and 8:00 P.M.

The Commission’s authority for these rules is found in Section 2303 of the New York City Charter and Sections 19-503 and 19-511 of the New York City Administrative Code.

The National Oilheat Research Alliance (NORA) will resume full operations in 2015 with the fee expanding to #4 heating oil. This fee will apply to heating oil invoices only. The fee collections began January 1, 2015. All other terms and conditions of these awards remain the same. Please contact this office if you have any questions.

The Bio-Diesel Blender Tax Credit was reinstated for 2014. As of January 1, 2015, the Bio-Diesel Blender Tax Credit has been rescinded for \$1.00 per gallon on B100. Therefore, for deliveries after January 1, 2015, the contractor will be collecting additional fees which will be shown as a separate line item on the invoice. The additional fee for items will range from \$0.05 for B5 to \$0.20 for B20 per gallon, varying on the percentage of biodiesel to be used. Should the tax credit be extended, this additional fee will be discontinued and removed from the invoice.

Federal excise taxes are imposed on taxable fuels, (i.e., gasoline, kerosene, and diesel), when removed from a taxable fuel terminal. This fuel excise tax does not include Leaking Underground Storage Tank (LUST) tax. LUST tax applies to motor fuels for both diesel and gasoline invoices. Going forward, LUST Tax will appear as an additional fee at the rate of \$0.001 per gallon and will be shown as a separate line item on your invoice.

MAYOR'S FUND TO ADVANCE NEW YORK CITY

■ NOTICE

The Mayor's Fund to Advance New York City (Mayor's Fund) received funding to support a diversity initiative targeting the not for profit cultural community in New York City. The New York City Department of Cultural Affairs (DCLA) launched the Diversity Initiative in January 2015. The purpose of this major initiative is to promote diversity among the leadership, staffs, and audiences of cultural organizations in New York City. This includes a demographic survey of DCLA's nearly 1,000 grantee organizations that will examine race, ethnicity, gender, disability, age, and other factors.

The Mayor's Fund seeks a consultant to develop strategy and execution programming related to DCLA's Diversity Initiative, as further described in the RFP at nyc.gov/DiversityInitiativeRFP. The anticipated term of engagement is October 24, 2015 - December 31, 2016.

The budget for this initiative is \$93,000.

a25-s25

The Mayor's Fund is seeking appropriately qualified Community Based Organizations (CBOs) to establish and operate the Connections to Care (C2C) program. The C2C program is funded primarily through a Healthy Futures grant from the Social Innovation Fund of the Corporation for National and Community Service. In C2C, CBOs partner with clinical mental health providers (MHPs) to integrate evidence-based mental health services (treatment, promotion, and/or prevention) into existing programs that serve at-risk populations. The program's goal is to improve mental health and program-related outcomes for low-income (1) expectant mothers and parents of children 0-4; (2) out of school, out of work young adults ages 16-24; and/or (3) unemployed or underemployed low-income working-age adults ages 18 and over receiving workforce development services. In addition, C2C aims to increase access to and utilization of quality mental health care services in order to improve mental health outcomes and CBO programmatic outcomes. Expecting C2C to be a five-year program, the Mayor's Fund anticipates awarding grants to approximately twelve CBOs in New

York City. Grant sizes are expected to range between \$100,000 and \$250,000 per year, which are required to be matched 1:1 by non-federal funds (for total annual subgrantee budgets of \$200,000 to \$500,000). For more information, please check this link: nyc.gov/cborfp.
