Notice of a Public Scoping Meeting for the Preparation of a Draft
Environmental Impact Statement for the East Side Coastal Resiliency
Project, Borough of Manhattan

The City of New York is proposing to construct an integrated flood protection system called the East Side Coastal Resiliency (ESCR) Project, which is proposed to be located along the East River waterfront between Montgomery Street on the south and East 23rd Street on the north and including East River Park and Stuyvesant Cove Park. This proposed project involves an integrated flood protection system comprised of a combination of brims (or "bridging brims"), flood walls, and deploy able elements that would be integrated into existing City parkland and streets and, potentially in limited use, non-City-owned property. The proposed project responds to the urgent need for increased flood protection to safeguard commercial and residential properties, as well as critical energy, infrastructure, and transportation systems against coastal flooding, while making improvements to City infrastructure and enhancing the accessibility and quality of waterfront space.

Since this proposal has the potential to result in significant environmental and social impacts and requires approvals from multiple City, state and federal agencies, an Environmental Impact Statement (EIS) will be prepared to examine these potential impacts and to receive public comments on the proposed project, its alternatives, and the impact analyses contained in the EIS. Since funds from the U.S. Department of Housing and Urban Development Community Development Block Grant-Disaster Recovery program would be disbursed through the New York City Office of Management and Budget (OMB) for project implementation, OMB is the Lead Agency for the review pursuant to the National Environmental Policy Act (NEPA). Since a large segment of the proposed project corridor is also within City parkland and requires approvals from the New York City Department of Parks & Recreation (DPR), is the Lead Agency for review pursuant to the State Environmental Quality Review Act (SEQRA) and City Environmental Quality Review (CEQR).

Public Scoping is a process where the public is invited to comment on the Draft Scope of Work to prepare the Draft EIS. The Draft Scope of Work provides a summary description of the proposed project, the alternatives, required approvals, and the proposed content and methodologies to be used in preparing the Draft EIS impact analyses.

A Public Scoping Meeting will be held on: **December 3, 2015 at 7:00 P.M.** 

Bard High School Early College 525 East Houston Street, New York, NY 10002

The Draft Scope for the Preparation of a Draft Environmental Impact Statement is available at the following publicly accessible web site: http://www.nyc.gov/html/cdbg/html/home/home.

### **PROCUREMENT**

"Compete To Win" More Contracts!

Thanks to a new City initiative - "Compete To Win" - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and women-owned businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

#### Win More Contracts at nyc.gov/competetowin

"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

#### HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at http://www.nyc.gov/html/hhsaccelerator/html/ roadmap/roadmap.shtml. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

#### **Participating NYC Agencies**

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children's Services (ACS)

Department for the Aging (DFTA)

Department of Consumer Affairs (DCA)
