Applications for such #floor area# increases and modifications are subject to the requirements, conditions and findings set forth in this Section.

(a) Application Requirements

All applications for a special permit pursuant to this Section shall include the following:

- (1) site plans and elevations which shall establish distribution of #floor area#, height and #setback#, sidewalk widths, primary business entrances, including parking and loading, #yards# and #public plazas#, signage and lighting;
- (2) floor plans of all floors which shall establish the location, access plan and dimensions of freight elevators and loading areas and the location of #floor area# dedicated to #business-enhancing uses# and #incentive uses#;
- (3) drawings that show, within a 600 foot radius, the location and type of #uses#; the location, dimensions and elements of off-site open areas including #streets#, waterfront and #upland# parcels; elements of a Waterfront Access Plan, as applicable; and the location of #street# trees and #street# furniture and any other urban design elements. The plans shall demonstrate that any #public plaza# provided meets the requirements of paragraph (b)(5) of this Section; and
- (4) for #zoning lots# in #flood zones#, flood protection plans, which shall establish #base flood elevations# and advisory #base flood elevations#, location of mechanical equipment, storage of any hazardous materials and proposed structural or design elements intended to mitigate the impacts of flood and storm events.

(b) Conditions

- (1) Minimum amount of #business-enhancing uses#
#Business-enhancing uses# shall occupy a minimum of 5,000 square feet of horizontally contiguous #floor area# and shall be served by loading areas and freight elevators with sufficient capacity.
- (2) Minimum sidewalk width

All #developments# and horizontal #enlargements# that front upon a #street line# shall provide a sidewalk with a minimum width of 15 feet along the entire frontage of the #zoning lot#. Such sidewalk, and any open area on the #zoning lot# required to meet such minimum width shall be improved as a sidewalk to Department of Transportation standards; shall be at the same level as the adjoining public sidewalk; and shall be accessible to the public at all times. For the purposes of

applying the #street wall# location requirements and the height and setback regulations of paragraph (b)(3) of this Section, any sidewalk widening line shall be considered to be the #street line#.

(3) Height and setback

The height and setback regulations of the applicable zoning district shall apply as modified by the provisions of this paragraph.

(i) The #street wall# of any #building# shall be located on the #street line# and shall extend to a height not lower than a minimum base height of 40 feet and not higher than a maximum base height of 75 feet or the height of the #building#, whichever is less. At least 70 percent of the aggregate width of such #street wall# below 12 feet shall be located at the #street line# and no less than 70 percent of the aggregate area of the #street wall# up to the base height shall be located at the #street line#. However, up to a width of 130 feet of such #street wall# located on the short end of the #block# may be set back from the #street line# to accommodate a #public plaza#.

(ii) The height of a #building# or other structure#, or portion thereof, located within ten feet of a #wide street# or within 15 feet of a #narrow street# shall not exceed a maximum base height of 75 feet. Permitted obstructions as set forth in Section 43-42 shall be modified to include dormers above the maximum base height within the front setback area, provided that on any #street# frontage, the aggregate width of all dormers at the maximum base height does not exceed 50 percent of the #street wall# and a maximum height of 110 feet. Beyond ten feet of a #wide street# and 15 feet of a #narrow street#, the height of a #building# or other structure# shall not exceed a maximum #building# height of 110 feet. All heights shall be measured from the #base plane#. Where a #public plaza# is provided pursuant to paragraph (b)(5) of this Section, such maximum #building# height may be increased to 135 feet.

(iii) Along the short dimension of a #block#, up to 130 feet of such #street wall# may be set back from the #street line# to accommodate a #public plaza#, and a #street wall# located at the #street line# that occupies not more than 40 percent of the short end of the #block# may rise without setback to the maximum #building# height.

(4) Ground floor design

(i) The ground floor level #street walls# and ground floor level walls fronting on a #public plaza# of a #development# or horizontal #enlargement# shall be glazed with transparent materials which may include #show windows#, transom windows or glazed portions of doors. Such transparent materials shall occupy at least 50 percent of the surface area of such #street wall#, measured between a height of two feet above the level of the adjoining sidewalk or #public plaza# and a height of 12 feet above the level of the first finished floor above #curb level#. The floor level behind such transparent materials shall not exceed the level of the window sill for a depth of at least four feet, as measured perpendicular to the #street wall#. The ground floor transparency requirements of this paragraph (b)(4)(i) shall not apply to #uses# listed in Use Groups 11, 16, 17 and 18, or to #accessory# loading berths, or garage entrances#; or

(ii) For #zoning lots# within flood hazard areas, in lieu of the requirements of paragraph (b) (4)(i) of this Section, the provisions of Section 64-22 (Transparency Requirements) shall apply; and

(iii) For any #street wall# widths greater than 40 feet in length that do not require glazing as specified in paragraphs (b)(4)(i) or (b)(4)(ii), as applicable, the facade, measured between a height of two feet above the level of the adjoining sidewalk and a height of 12 feet above the level of the first finished floor above #curb level#, shall incorporate design elements, including lighting and wall art, or physical articulation.

(5) #Public plazas#

A #public plaza# shall contain an area of not less than 12 percent of the #lot area# of the #zoning lot# and minimum of at least 2,000 square feet in area. All #public plazas# shall comply with the provisions set forth in Section 37-70, inclusive, except certification requirements of Sections 37-73 (Kiosks and Open Air Cafes) and 37-78 (Compliance) shall not apply.

(6) Signs

In all Enhanced Business Areas #signs# are subject to the regulations applicable in C6-4 Districts as set forth in Section 32-60, inclusive.

(c) Findings

In order to grant an increase of the maximum permitted #floor area ratio# and modification of #public plaza# regulations, the Commission shall find that such increase or modification:

- (1) will promote a beneficial mix of #business-enhancing# and #incentive uses#;
(2) will result in superior site planning, harmonious urban design relationships and a safe and enjoyable streetscape;
(3) will result in a #building# that has a better design relationship with surrounding #streets# and adjacent open areas;
(4) will result in a #development# or #enlargement# that will not have an adverse effect on the surrounding neighborhood; and
(5) any modification of the #public plaza# requirements will result in a #public plaza# of equivalent or greater value as a public amenity.

The Commission may prescribe appropriate additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

(d) Recordation

A Notice of Restrictions, the form and content of which shall be satisfactory to the City Planning Commission, for a #building# containing #use# restrictions or #public plaza# requirements, as applicable, pursuant to this Section, shall be recorded against the subject tax lot in the Office of the City Register or, where applicable, in the County Clerk's office in the county where the lot is located.

The filing and recordation of such Notice of Restrictions shall be a precondition to the issuance of any building permit utilizing the provisions set forth in this Section. The recording information shall be referenced on the first certificate of occupancy to be issued after such notice is recorded, as well as all subsequent certificates of occupancy, for as long as the restrictions remain in effect.

74-963

Parking and loading modifications in Enhanced Business Areas

In association with an application for a special permit for #developments# or #enlargements# pursuant to Section 74-962 (Floor area increase and public plaza modifications in Enhanced Business Areas), the Commission may reduce or waive the off-street parking requirements set forth in Section 44-20 (REQUIRED ACCESSORY OFF-STREET PARKING SPACES FOR MANUFACTURING, COMMERCIAL OR COMMUNITY FACILITY USES), INCLUSIVE, NOT INCLUDING BICYCLE PARKING, AND MAY ALSO REDUCE OR WAIVE THE LOADING BERTH REQUIREMENTS AS SET FORTH IN SECTION 44-50 (GENERAL PURPOSES), inclusive, provided that the Commission finds that:

- (a) such reduction or waiver will not create or contribute to serious traffic congestion and will not unduly inhibit vehicular and pedestrian movement;
(b) the number of curb cuts provided are the minimum required for adequate access to off-street parking and loading berths, and such curb cuts are located so as to cause minimum disruption to traffic, including vehicular, bicycle and pedestrian circulation patterns;
(c) the #streets# providing access to the #development# or #enlargement# are adequate to handle the traffic generated thereby, or provision has been made to handle such traffic; and
(d) the reduction or waiver of loading berths will not create or contribute to serious traffic congestion or unduly inhibit vehicular and pedestrian movement.

The Commission may prescribe appropriate additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application

using the City's Health and Human Services (HHS) Accelerator System, The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

- Administration for Children's Services (ACS)
- Department for the Aging (DFTA)
- Department of Consumer Affairs (DCA)
- Department of Corrections (DOC)
- Department of Health and Mental Hygiene (DOHMH)

AGENCY RULES

ENVIRONMENTAL PROTECTION

NOTICE OF ADOPTION OF FINAL RULE

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE COMMISSIONER OF THE DEPARTMENT OF ENVIRONMENTAL PROTECTION by Section 1403 (c) of the New York Charter and Sections 24-105, and 24-178 of the New York City Administrative Code, that the Department of Environmental Protection has amended its rules concerning the establishment of penalties. These amendments were proposed and published in the *City Record* on March 8, 2016 and no written comments were received thereafter. A public hearing was held on April 7, 2016. No testimony was given at the hearing.

Statement of Basis and Purpose of Proposed Rule

DEP is proposing new rules, to be found at Title 15 of the Rules of the City of New York ("RCNY") Chapter 43, to establish penalties for violations of Title 24, Chapter 1 of the New York City Administrative Code, also known as the Air Pollution Control Code ("Air Code"), as amended by Local Law 38 of 2015 ("LL 38"). The proposed rules are authorized by Section 1043 of the Charter of the City of New York and sections 24-105 and 24-178 of the Administrative Code.

LL 38, which takes effect on May 6, 2016, amends Title 24 of the Administrative Code by adding a new Table of Civil Penalties, replacing the existing table, which is found in Section 24-178(b)(5) (i), and simplifies the existing table by establishing four categories of violations, with minimum penalties of \$200, \$400, \$800 and \$1600, respectively. The existing table has a wider range of penalties and requires frequent references to accompanying schedules that have been eliminated from the new table.

The existing Air Code Penalty Schedule is incorporated into the rules of the Office of Administrative Trials and Hearings/Environmental Control Board ("OATH/ECB") published at 48 RCNY§ 3-102. Because the penalties in the existing Air Code Penalty Schedule do not, in many cases, fall within the range of penalties established by LL 38, a new Air Code Penalty Schedule is being proposed. The new penalty schedule would take effect on May 6, 2016, the same date as LL 38 becomes effective. It would apply as provided by proposed rules of OATH/ECB, which would also repeal the existing penalty schedule, effective the same day.

New text is underlined.

The text of the proposed rule follows:

Section 1. Title 15 of the Rules of the City of New York is amended by adding a new Chapter 43 to read as follows:

Chapter 43. Air Code Penalty Schedule

§43-01 General

1. Unless otherwise indicated, all citations are to the New York City Administrative Code.
2. Sections marked with an asterisk (*) indicate that the conduct or activity is subject to an aggravated penalty for excess profit, equal to twice the amount of money saved by respondent as a result of its failure to comply. When an aggravated penalty is sought, it will be indicated on the face of the summons and no stipulation will be offered. The respondent will be required to appear.
3. "Stipulation" is abbreviated as "Stip."
4. "N/A" means not applicable.
5. Except in connection with violations of Section 24-163, a second offense means a violation of any section of the Air Code by the same respondent within two years of the prior violation, at the same premises (if premises-related), and involving the same equipment. In connection with violations of Section 24-163, a second or third or subsequent offense is a violation by the same respondent within two years of the prior violation(s) and involving the same equipment, where the prior violation(s) was for a violation of Section 24-163.
6. "(Mitigation: 01)" A zero penalty may be imposed for a first offense following a respondent's timely submission to DEP (within

45 days of the return date indicated on the Notice of Violation) of acceptable certification of compliance and admission of liability.

§43-02 Air Code Penalty Schedule

When a respondent is found in violation of any of the following provisions of the New York City Administrative Code, Rules of the

City of New York, or New York Codes, Rules and Regulations, any civil penalties recommended by a Hearing Officer under 48 RCNY §3-57(a) and/or any default penalties imposed under 48 RCNY §3-81(a) in accordance with §1049-a(d)(1)(d) of the Charter, and/or any civil penalties imposed for admissions of violation(s) under 48 RCNY §3-32 or late admissions under 48 RCNY §3-81(b), will be imposed in accordance with the following penalty schedule:

FORMULATION of the PROPOSED 2017 CONSOLIDATED PLAN ONE-YEAR ACTION PLAN

TO ALL INTERESTED AGENCIES, COMMUNITY BOARDS, GROUPS, AND PERSONS:

In accordance with 24 CFR 91.105 of the U.S. Department of Housing and Urban Development (HUD) Consolidated Plan regulations regarding citizen participation, the Department of City Planning, along with the agencies responsible for implementing the City of New York's Consolidated Plan have scheduled a:

Public Hearing on the Formulation of the Proposed 2017 Consolidated Plan: One-Year Action Plan.
Wednesday, April 20, 2016, 2:30 P.M. to 4:00 P.M.
Spector Hall, Department of City Planning, 22 Reade Street, Manhattan

The Proposed Consolidated Plan is required by the United States Department of Housing and Urban Development (HUD). It consolidates the statutory requirements of the Cranston-Gonzalez Housing Act's Comprehensive Housing Affordability Strategy, and the

City's annual application for the four HUD Office of Community Planning and Development's entitlement programs: Community Development Block Grant (CDBG), HOME Investment Partnership, Emergency Solutions Grant (ESG), and Housing Opportunities for Persons with AIDS (HOPWA).

The Proposed Action Plan serves not only as the City's application for the funds, but also as the HOPWA grant application for the New York HOPWA Eligible Metropolitan Statistical Area (HOPWA EMSA). The HOPWA EMSA is comprised of the five boroughs of the City of New York plus three upstate New York counties (Westchester, Rockland and Orange), as well as three counties in central New Jersey: Middlesex, Monmouth and Ocean, respectively. The County of Westchester administers the HOPWA funds for the cities of Mount Vernon, New Rochelle, and Yonkers which are incorporated within its boundaries.

The Public Hearing has been scheduled to obtain comments on the formulation of the document and on the City's use of Federal funds to address housing, services for the homeless, supportive housing service and community development needs, and the development of proposed activities. Another purpose of this session is to answer and discuss questions concerning the Proposed 2017 Consolidated Plan: One Year Action Plan. In addition, at this forum, agency representatives will receive comments on the City's performance of Consolidated Plan activities in 2015.

Questions concerning New York City's Consolidated Plan should be sent to Charles V. Sorrentino, the New York City Consolidated Plan Coordinator, the Department of City Planning, 22 Reade Street, 4N, New York, NY 10007, or call (212) 720-3337.

Public comments regarding the Proposed 2017 Consolidated Plan One-Year Action Plan may be submitted in a MS Word or Adobe PDF file to: Con-PlanNYC@planning.nyc.gov.

TRANSPORTATION

■ NOTICE

The Department of Transportation intends to enter into negotiations with a firm to provide title sponsorship (the "Title Sponsor") for the Summer Streets Program (the "Program"). NYCDOT has conducted sponsorship outreach but was directly approached by the Title Sponsor to provide such funding and activations for the Program. NYCDOT has concluded that it is most advantageous to negotiate with the Title Sponsor due to the fact that there are a limited number of firms willing to commit such resources to the Program. Furthermore, NYCDOT arrived at this conclusion through market outreach, research and a lack of past responses. The annual fee of the proposed contract is \$775,000 for a term of up to three (3) years. If your firm is interested in the title sponsorship of the Program, please contact Andrew Burdess at aburdess@dot.nyc.gov by the Due Date of April 18, 2016 at 3:00 P.M.
