Thanks to a new City initiative - "Compete To Win" - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and women-owned businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

- Win More Contracts at nyc.gov/competetowin

"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and

engineering that has contributed to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children's Services (ACS)
 Department for the Aging (DFTA)
 Department of Consumer Affairs (DCA)
 Department of Corrections (DOC)
 Department of Health and Mental Hygiene (DOHMH)
 Department of Homeless Services (DHS)
 Department of Probation (DOP)
 Department of Small Business Services (SBS)
 Department of Youth and Community Development (DYCD)
 Housing and Preservation Department (HPD)
 Human Resources Administration (HRA)
 Office of the Criminal Justice Coordinator (CJC)

To sign up for training on the new system, and for additional information about HHS Accelerator, including background materials, user guides and video tutorials, please visit www.nyc.gov/hhsaccelerator

Name, Description and Location of Proposal:

14-18 Carroll Street Rezoning

The Applicant, 14-18 Carroll LLC, is seeking a Zoning Map Amendment from an M1-1 to an R6B zoning district affecting Block 352, Lots 16, 17 and 18 (14-18 Carroll Street, the “project site”), and a Zoning Text Amendment to Appendix F of the New York City Zoning Resolution (ZR) to establish a Mandatory Inclusionary Housing Area (MIHA) coterminous with the rezoning area. The project site is bounded by Carroll Street to the north, Van Brunt Street to the west, Hamilton Avenue to the southwest, and Summit Street to the south, and is located in the neighborhood of Red Hook, Brooklyn, Community District 6. The proposed action would facilitate a proposal by the applicant to construct a total of 10 dwelling units within a single four-story, approximately 16,900 gross square foot (gsf) building at the project site.

The project site, which is currently vacant, is mapped with an M1-1 zoning district. M1-1 zoning districts allow light manufacturing uses and some commercial uses at a maximum permitted floor area ratio (FAR) of 1.00, as well as certain community facility uses at a maximum FAR of 2.40. Residential uses are not permitted. M1-1 districts do not specify a maximum building height, but the maximum street wall height under M1-1 is 30 feet or two stories, whichever is less. The proposed R6B zoning district is a medium density residential zone that permits residential and community facility uses at a maximum FAR of 2.20 when mapped as a MIHA. For the purpose of a conservative analysis, the Environmental Assessment Statement assumes that the proposed rezoning would facilitate the development of a four story, approximately 16,900 gsf mixed use building containing 11 dwelling units on the second through fourth floors, and approximately 3,000 gsf of community facility use on the ground floor at the project site. Six surface accessory parking spaces would be provided to the rear of the building, accessible via a ten-foot-wide covered driveway at the western edge of the site.

Absent the proposed actions, no reuse or redevelopment would occur at the proposed project site, which would remain vacant.

The analysis year for the proposed project is 2018.

To avoid any potential significant adverse impacts, an (E) designation (E-382) related to air quality would be assigned to the project site (Brooklyn Block 352, Lots 16, 17, and 18).
