ENVIRONMENTAL PROTECTION

■ PUBLIC HEARINGS

DRAFT ENVIRONMENTAL IMPACT STATEMENT RELEASED FOR WATER FOR THE FUTURE: UPSTATE WATER SUPPLY RESILIENCY

To repair significant leaks in the Rondout-West Branch Tunnel (RWBT) of the Delaware Aqueduct, the New York City Department of Environmental Protection (DEP) developed the Water for the Future Program (WFF). As part of the program, DEP elected to construct a bypass tunnel and two associated shafts to permanently circumvent the leaking section of the tunnel at the Roseton crossing in the town of Newburgh, NY, and to conduct internal repairs to the leaking section in Wawarsing, NY. This project was previously evaluated in a FEIS issued on May 18, 2012, and work has commenced.

Once the tunnel and shafts are completed in 2022, the RWBT would be temporarily shut down and drained to connect the bypass tunnel to the existing RWBT and to carry out internal repairs. DEP estimates that

the maximum shutdown duration would be approximately eight months. During this temporary shutdown of the RWBT, water from the Delaware system west of the Hudson River would be unavailable. To ensure the continued supply of clean drinking water during this time, DEP has developed projects and plans comprised of three main components: (1) supply augmentation consisting of rehabilitation of the Catskill Aqueduct; (2) WFF Shutdown System Operations, which would allow DEP to rely more heavily on the Catskill and Croton water supply systems during the temporary shutdown; and (3) Inspection and Repair of the RWBT during connection of the bypass tunnel, including decommissioning the bypassed section of the RWBT once the connection is completed.

The subject of this Draft Environmental Impact Statement (DEIS) is comprised of the rehabilitation of the Catskill Aqueduct, WFF Shutdown System Operations, and Inspection and Repair of the RWBT. These components collectively will be referred to as Upstate Water Supply Resiliency in the Draft Environmental Impact Statement. The Queens Groundwater Rehabilitation project will be referred to as In-City Water Supply Resiliency, which will be subject of a subsequent environmental review.

The DEIS was issued on September 19, 2016, and is available for review on the DEP website: http://www.nyc.gov/html/dep/html/environmental_reviews/upstate_water_supply_resiliency.shtml

DEP will hold public meetings for public comment on the Upstate Water Supply Resiliency Draft Environmental Impact Statement with informal information and listening sessions taking place one hour prior to the meeting times on:

Thursday, October 20, 2016, at 7:00 P.M.
Ellenville Government Center, 2 Elting Court, Ellenville, NY 12428

Friday, October 28, 2016, at 7:00 P.M.

These hearings location are accessible to persons with a mobility impairment. Interpreter services may also be made available to deaf persons, at no charge, upon written request to the DEP Contact Person named below, no less than 10 days prior to the hearing.

The public comment period will remain open until **November 14, 2016**, and a Final Environmental Impact Statement, incorporating changes based on relevant comments received, will be issued.

The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

- Administration for Children's Services (ACS)
- Department for the Aging (DFTA)
- Department of Consumer Affairs (DCA)
- Department of Corrections (DOC)
- Department of Health and Mental Hygiene (DOHMH)

AGENCY RULES

ADMINISTRATIVE TRIALS AND HEARINGS

■ **NOTICE**

**Office of Administrative Trials and Hearings
Environmental Control Board**

Notice of Promulgation of Rule

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED in the Office of Administrative Trials and Hearings’ Environmental Control Board (OATH ECB) in accordance with Sections 1049-a and 1043 of the New York City Charter and Section 28-202.1 of the New York City Administrative Code. OATH ECB modifies its Sanitation Penalty Schedule by repealing penalties for violations of Section 16-118(1) of the Administrative Code. This schedule is found in Section 3-122 of Subchapter G of Chapter 3 of Title 48 of the Rules of the City of New York. The proposed rule was published in the City Record on August 4, 2016, and a public hearing was held on September 6, 2016. No one attended the public hearing and OATH ECB did not receive any written comments concerning this rule.

Statement of Basis and Purpose

Local Law 75 of 2016, which takes effect on August 12, 2016, modifies the penalty amounts for violations of Section 16-118(1) of the Administrative Code. This provision prohibits littering and spitting in public places. Section 16-118(9) (c) of the law provides for a first offense penalty of \$75, a second offense penalty of not less than \$250 and not more than \$350 dollars and a third offense penalty of not less than \$350 and not more than \$450. In addition, Section 16-118(11) provides that, in the event of a default, an additional penalty will be imposed not exceeding 150 percent of the penalties stated in Section 16-118(9)(c).

Because the penalties for violation of Section 16-118(1) currently contained in OATH ECB’s rules do not comply with the new law, OATH ECB amends its Sanitation Penalty Schedule to repeal penalties for violation of Section 16-118(1).

OATH ECB’s authority for these rules is found in Chapter 4-E of Title

16 of the Administrative Code of the City of New York and Sections 1043(a) and 1049-a of the New York City Charter.

New material is underlined.
[Deleted material is in brackets.]

Section 1. The Environmental Control Board amends its Department of Sanitation Penalty Schedule found in Section 3-122 of Subchapter G of Chapter 3 of Title 48 of the Rules of the City of New York by repealing the following entries:
