BOROUGH PRESIDENT - BROOKLYN

PUBLIC HEARINGS

NOTICE IS HEREBY GIVEN that, pursuant to Sections 197-c of the New York City Charter, Brooklyn Borough President, Eric L. Adams, will hold a public hearing on the following matters in the Community Room, of Brooklyn Borough Hall, 209 Joralemon Street, Brooklyn, NY 11201, commencing at 6:00 P.M. on Monday, November 14, 2016.

Calendar Item 1 — 170057 ZSK

An application submitted by Red Hook Initiative (RHI), a non-profit, community-based organization, pursuant to Sections 197-c and 201 of the New York City Charter for the grant of a special permit, pursuant to New York City Zoning Resolution (ZR) Section 74-921(a), in order to permit a Use Group 4A community facility, non-profit institution without sleeping accommodations, in an M1-1 district. Such actions would bring the existing overbuilt building, at 767 Hicks Street, in Brooklyn Community District 6 (CD 6), into compliance with zoning, facilitate use and modest expansion of the existing mezzanine-level floor area, and facilitate the addition of new mezzanine-level floor area in the adjoining building at 763 Hicks Street.

Calendar Item 2 — 170097 HAK, 170098 PPK, and 170099 PPK
Applications submitted by the New York City Department of Housing Preservation and Development (HPD):

1. Pursuant to Article 160 of the General Municipal Law of New York State for the designation of City-Owned property, located at 5108 Fourth Avenue as an Urban Development Action Area and Urban Development Action Area Project for such area, and
2. Pursuant to Section 197-c of the New York City Charter for the disposition of such property, pursuant to zoning, to a developer to be selected by HPD

An additional application submitted by the Brooklyn Public Library (BPL) and the New York City Department of Citywide Administrative

Services (DCAS), pursuant to Section 197-c of the New York City Charter, for the acquisition of such property for use as a library. All such actions would facilitate an eight-story, mixed-used building containing approximately 50 units of affordable housing and an expanded public library, from 12,200 square feet to 20,755 square feet, in Brooklyn Community District 7 (CD 7).

CITY PLANNING

MEETING

**PUBLIC NOTICE OF A SCOPING MEETING
DRAFT ENVIRONMENTAL IMPACT STATEMENT
FOR EAST HARLEM REZONING
(CEQR No. 17DCP048M)**

NOTICE IS HEREBY GIVEN that pursuant to Section 5-07 of the Rules of Procedure for Environmental Review (CEQR) and 6 NYCRR 617.8 (State Environmental Quality Review) that the New York City Department of City Planning (DCP), acting on behalf of the City Planning Commission (CPC) as CEQR lead agency, has determined that a Draft Environmental Impact Statement (DEIS) is to be prepared for the East Harlem Rezoning project (CEQR No. 17DCP048M).

The CEQR lead agency hereby requests that the applicant prepare or have prepared, at their option, a Draft Environmental Impact Statement (DEIS) in accordance with 6 NYCRR 617.9(b) and Sections 6-08 and 6-12 of Executive Order No. 91 of 1977 as amended (City Environmental Quality Review).

A public scoping meeting has been scheduled for Thursday, December 15, 2016, and will be held in the Silberman School of Social Work at Hunter College, 2180 3rd Avenue, New York, NY 10035. The public meeting will be held in two sessions with the first session starting at 2:00 P.M. and the second starting at 6:00 P.M. Written comments will be accepted by the lead agency until the close of business on Wednesday, January 4, 2017.

The New York City Department of City Planning (DCP), together with the Department of Housing Preservation and Development (HPD), is proposing a zoning map amendment, zoning text amendments, and amendments to the Millbank Frawley Circle East and Harlem-East Harlem Urban Renewal Plans (collectively the "Proposed Actions") affecting an approximately 95-block area within the East Harlem neighborhood of Manhattan Community District 11. The affected area is generally bounded by East 104th Street to the south, East 132nd Street to the north, Park Avenue to the west and Second Avenue to the east.

The Proposed Action include:

- A zoning map amendment to replace all or portions of existing R7-2, C8-3, M1-2, M1-4, C4-4, C4-4D, R8A, R7A, and C6-3 districts within the rezoning area with M1-6/R9, M1-6/R10, C4-6, C6-4, R10, R9, R7A, R7B, and R7D districts. The proposed rezoning would also replace or eliminate portions of existing C1-4, C2-4 and C1-5 overlays with C1-5 or C2-5 overlays and establish new C1-5 overlays. The proposed rezoning action would also amend the City's zoning map to include the boundaries of the Special East Harlem Corridors District along major thoroughfares within the rezoning area, as well as modified boundaries of the Special Transit Land Use District.
- Zoning text amendments to:
 - Establish the Special East Harlem Corridors District along major corridors within the rezoning area including Park Avenue, Lexington Avenue, Third Avenue, Second Avenue and East 116th Street corridors to establish special use, bulk, ground floor design and parking regulations;
 - Modify a portion of the Special 125th Special District located at the intersection of East 125th Street and Park Avenue to implement special use, bulk, ground floor design and parking regulations;
 - Modify the boundaries of the Special Transit Land Use District to reflect the Metropolitan Transit Authority's current plan for prospective 2nd Avenue subway station locations, and introduce bulk modifications to facilitate the inclusion of necessary transportation related facilities in new developments within the Special District; and,
 - Amend Appendix F of the Zoning Resolution to apply the Mandatory Inclusionary Housing program to portions of the proposed rezoning area, including areas where zoning changes are promoting new housing.
- Amendment to the Millbank Frawley Circle East Urban and Harlem-East Harlem Renewal Plans to be compatible as warranted with the above zoning actions.

The Proposed Actions are anticipated to facilitate new residential, commercial, community facility, and manufacturing development. The reasonable worst case development scenario (RWCDS) for the Proposed Actions identifies 69 projected development sites. On these sites, the Proposed Actions are expected to result in a net increase of approximately 3,500 dwelling units, a substantial proportion of which are expected to be affordable; 151,100 square feet of commercial space (retail, supermarket, restaurant, and office uses); 98,900 square feet of community facility space; and 132,400 square feet of manufacturing space; and net decreases of approximately 10,600 square feet of auto-related space, 33,000 square feet of hotel space, and 53,800 square feet of warehouse/storage space. The RWCDS also identifies 33 potential development sites which are considered less likely to be developed by the analysis year. The analysis year for the proposal is 2027.

The Proposed Actions reflect DCP's on-going engagement with Community Board 11, local elected officials, and community residents and stakeholders to achieve the following land use objectives: a) create opportunities for additional housing, including requirements for permanently affordable housing, to ensure that the neighborhood continues to serve diverse housing needs; b) modify the existing zoning, where needed, to preserve the built neighborhood character; c) create opportunities for economic development while preserving the vitality of the existing commercial and manufacturing uses; d) establish a Special District that improves the pedestrian experience and establishes urban design controls that balance new development in response to existing neighborhood context and scale; and e) ensure a successful neighborhood plan by establishing a planning framework that is inclusive of the relevant capital infrastructure needs and services to support current demand and future growth.

The DEIS will also include an alternative that encompasses a separate action in addition to the above Proposed Actions, which would facilitate a proposed HPD-sponsored affordable housing development, located on an entire City block bounded by East 111th Street, East 112th, Park and Madison Avenues (the "East 111th Street" site). The land use actions necessary to facilitate this development project are expected to enter public review concurrent with the Proposed Actions and include: a) zoning map amendment to rezone the existing R7-2 district to R9, b) zoning text amendment to apply the Mandatory Inclusionary Housing program to the site, c) disposition of city-owned land, d) amendment to the Millbank Frawley Circle East Urban Renewal Plan, and e) special permit for a large scale general development (LSGD) to allow for modifications to height and setback requirements and/or accessory off-street parking requirements. HPD is leading a coordination effort between various governmental agencies, community organizations, and the anticipated developer for the project. Because certain development specifications for this site are unknown at this time, the development of the East 111th Street site will be evaluated in an alternative in the DEIS.

Copies of the Draft Scope of Work and the Environmental Assessment Statement may be obtained from the Environmental Assessment and Review Division, New York City Department of City Planning, 120 Broadway, 31st Floor, New York, NY 10271, Robert Dobruskin, AICP, Director (212) 720-3423; or from the Mayor's Office of Sustainability, 253 Broadway, 14th Floor, New York, NY 10007, Hilary Semel, Director (212) 676-3293. The Draft Scope of Work and scoping protocol will also be made available for download at www.nyc.gov/planning. Public comments are requested with respect to issues to be addressed in the draft environmental impact statement.

MAYOR'S OFFICE OF SUSTAINABILITY

NOTICE

NOTICE OF PUBLIC SCOPING

The Office of the Deputy Mayor for Housing and Economic Development

Draft Scope of Work for a Generic Environmental Impact Statement (GEIS) Lower Concourse North Project

Project Identification Lead Agency CEQR No. 16DME012X Office of the Deputy Mayor for Housing and Economic Development SEQRA Classification: Type I 253 Broadway - 14th Floor, New York, NY 10007

NOTICE IS HEREBY GIVEN that a public scoping meeting will be held on Wednesday, December 7, 2016, at 6:30 P.M., at Hostos Community College, Savoy Conference Room, 2nd Floor, 120 East 149th Street, Bronx, NY 10451.

Directing that an Environmental Impact Statement be prepared, the Environmental Assessment Statement, Positive Declaration, and Draft Scope of Work were issued by the Office of the Deputy Mayor for Housing and Economic Development on November 3, 2016, and are available for review from the contact person listed below and on the websites of the Mayor's Office of Environmental Coordination and the New York City Economic Development Corporation (EDC): www.nyc.gov/oecc and www.nycedc.com, respectively.

EDC, on behalf of the City of New York, is proposing a series of land use actions to activate a City-Owned site along the Harlem River waterfront, referred to as the Lower Concourse North site or the "project site," with new affordable and market-rate housing, commercial and community facility uses, and public open space (the "proposed project").

EDC issued a Request for Expression of Interest (RFEI) on July 13, 2016 for a developer (or developers) to redevelop the project site with a new mixed-use, mixed-income development with new housing, ground-floor retail space, office space, and community facility space, as well as publicly-accessible open space.

For the purposes of presenting a conservative analysis, the RWCDS anticipates that the project site would be redeveloped with up to 1,045 residential dwelling units, comprising a total residential floor area of 835,937 gross square feet (gsf); 50,000 gross square feet gsf of retail space; 25,000 gsf of food store space; 25,000 gsf of medical office space; and 50,000 gsf of office space.

The proposed project would require multiple City approvals. Some of these approvals are discretionary actions requiring review under the New York State Environmental Quality Review Act (SEQRA) and CEQR. It is anticipated that the following approvals are required:

- 1) Zoning map amendment to change existing M2-1 manufacturing and C4-4 commercial districts to an R7-2 residential district with a C2-5 commercial overlay;

- 2) Zoning text amendments to the New York City Zoning Resolution (ZR) would:
a. Extend the Special Harlem River Waterfront District to include the project site and to establish a new subdistrict that would be coterminous with the rezoning area;
b. Extend the Harlem River Waterfront Access Plan to include the project site; and
c. Establish the project site as a Mandatory Inclusionary Housing Area (MIHA);
3) Disposition of Real Property: the disposition of the project site through sale or long-term ground lease for future development, in accordance with ULURP under New York City Charter Section 197(c) and 384(b)(4); and
4) City Planning Commission Special Permit pursuant to ZR Section 73-533 (reduction of parking spaces to facilitate affordable housing) would waive the required off-street parking spaces for dwelling units.

It is assumed that the City of New York would design and construct the required waterfront open space at a future date per a design that would be completed in coordination with a specific development plan for the site. As such, the Chairperson of the CPC would certify at a later date that the proposed project complies with requirements for public access and visual corridors, in this case, as modified by Harlem River Waterfront Access Plan.

Copies of the Positive Declaration and Draft Scope of Work for the project may be obtained by any member of the public from:

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

- Administration for Children's Services (ACS)
- Department for the Aging (DFTA)
- Department of Consumer Affairs (DCA)
- Department of Corrections (DOC)
- Department of Health and Mental Hygiene (DOHMH)
- Department of Homeless Services (DHS)
- Department of Probation (DOP)
- Department of Small Business Services (SBS)
- Department of Youth and Community Development (DYCD)
- Housing and Preservation Department (HPD)
- Human Resources Administration (HRA)
- Office of the Criminal Justice Coordinator (CJC)

To sign up for training on the new system, and for additional information about HHS Accelerator, including background materials, user guides and video tutorials, please visit www.nyc.gov/hhsaccelerator

Human Services/Client Services

FAMILY ENRICHMENT CENTERS - Demonstration Project - Testing or experimentation is required - PIN#06817D0001 - Due 12-12-16 at 2:00 P.M.

The Administration for Children's Services (ACS) intends to do a demonstration project, pursuant to Section 3-01(c) of the Procurement Policy Board Rules, to contract with three (3) service providers to expand its continuum of community-based supports to include primary prevention. In the context of child welfare, primary prevention services are "directed at the general population and attempt to stop maltreatment before it occurs" by ensuring that "all members of the community have access to and may benefit from these services." Through the Family Enrichment Centers (FEC) initiative, ACS seeks to expand this service continuum to include primary prevention, allowing the agency and selected service providers to engage families and communities in programming to build protective factors before maltreatment ever occurs.

Any vendor which believes that it can provide the required services is invited to express their interest by submitting a proposal by no later than 2:00 P.M., December 12, 2016. Pre-Solicitation Conference has been scheduled for November 21, 2016, at 3:00 P.M. Expression of Interest solicitation can be downloaded from the ACS website, <http://www1.nyc.gov/site/acs/about/doing-business-acs.page>. Applications are to be submitted via email to fedemo@acs.nyc.gov.

PARKS AND RECREATION

VENDOR LIST

Construction/Construction Services

PREQUALIFIED VENDOR LIST: GENERAL CONSTRUCTION - NON-COMPLEX GENERAL CONSTRUCTION SITE WORK ASSOCIATED WITH NEW YORK CITY DEPARTMENT OF PARKS AND RECREATION ("DPR" AND/OR "PARKS") PARKS AND PLAYGROUNDS CONSTRUCTION AND RECONSTRUCTION PROJECTS

DPR is seeking to evaluate and pre-qualify a list of general contractors (a "PQL") exclusively to conduct non-complex general construction site work involving the construction and reconstruction of DPR parks and playgrounds projects not exceeding \$3 million per contract ("General Construction").

By establishing contractor's qualification and experience in advance, DPR will have a pool of competent contractors from which it can draw to promptly and effectively reconstruct and construction its parks, playgrounds, beaches, gardens and green-streets. DPR will select contractors from the General Construction PQL for non-complex general construction site work of up to \$3,000,000.00 per contract, through the use of a Competitive Sealed Bid solicited from the PQL generated from this RFQ.

The vendors selected for inclusion in the General Construction PQL will be invited to participate in the NYC Construction Mentorship. NYC Construction Mentorship focuses on increasing the use of small NYC contracts, and winning larger contracts with larger values. Firms participating in NYC Construction Mentorship will have the opportunity to take management classes and receive on-the-job training provided by a construction management firm.

DPR will only consider applications for this General Construction PQL from contractors who meet any one of the following criteria:

- 1) The submitting entity must be a Certified Minority/Woman Business enterprise (M/WBE)*;
2) The submitting entity must be a registered joint venture or have a valid legal agreement as a joint venture, with at least one of the entities in the joint venture being a certified M/WBE*;
3) The submitting entity must indicate a commitment to sub-contract no less than 50 percent of any awarded job to a certified M/WBE for every work order awarded.

*Firms that are in the process of becoming a New York City-Certified M/WBE may submit a PQL application and submit a M/WBE Acknowledgement Letter, which states the Department of Small Business Services has begun the Certification process.

Name, Description and Location of Proposal:

East Harlem Rezoning

The New York City Department of City Planning (DCP), together with the Department of Housing Preservation and Development (HPD), is proposing a zoning map amendment, zoning text amendments, and amendments to the Millbank Frawley Circle East and Harlem-East Harlem Urban Renewal Plans (collectively the "Proposed Actions") affecting an approximately 95-block area within the East Harlem neighborhood of Manhattan Community District 11. The affected area is generally bounded by East 104th Street to the south, East 132nd Street to the north, Park Avenue to the west and Second Avenue to the east.

The Proposed Actions include:

- A zoning map amendment to replace all or portions of existing R7-2, C8-3, M1-2, M1-4, C4-4, C4-4D, R8A, R7A, and C6-3 districts within the rezoning area with M1-6/R9, M1-6/R10, C4-6, C6-4, R10, R9, R7A, R7B, and R7D districts. The proposed rezoning would also replace or eliminate portions of existing C1-4, C2-4 and C1-5 overlays with C1-5 or C2-5 overlays and establish new C1-5 overlays. The proposed rezoning action would also amend the City's zoning map to include the boundaries of the Special East Harlem Corridors District along major thoroughfares within the rezoning area, as well as modified boundaries of the Special Transit Land Use District.
- Zoning text amendments to:
 - o Establish the Special East Harlem Corridors District along major corridors within the rezoning area including Park Avenue, Lexington Avenue, Third Avenue, Second Avenue and East 116th Street corridors to establish special use, bulk, ground floor design and parking regulations;
 - o Modify a portion of the Special 125th Special District located at the intersection of East 125th Street and Park Avenue to implement special use, bulk, ground floor design and parking regulations;
 - o Modify the boundaries of the Special Transit Land Use District to reflect the Metropolitan Transit Authority's current plan for prospective 2nd Avenue subway station locations, and introduce bulk modifications to facilitate the inclusion of necessary transportation related facilities in new developments within the Special District; and,
 - o Amend Appendix F of the Zoning Resolution to apply the Mandatory Inclusionary Housing program to portions of the proposed rezoning area, including areas where zoning changes are promoting new housing.
- Amendment to the Millbank Frawley Circle East and

Harlem-East Harlem Renewal Plans to be compatible as warranted with the above zoning actions.

The Proposed Actions reflect DCP's on-going engagement with Community Board 11, local elected officials, and community residents and stakeholders to achieve the following land use objectives: a) create opportunities for additional housing, including requirements for permanently affordable housing, to ensure that the neighborhood continues to serve diverse housing needs; b) modify the existing zoning, where needed, to preserve the built neighborhood character; c) create opportunities for economic development while preserving the vitality of the existing commercial and manufacturing uses; d) establish a Special District that improves the pedestrian experience and establishes urban design controls that balance new development in response to existing neighborhood context and scale; and e) ensure a successful neighborhood plan by establishing a planning framework that is inclusive of the relevant capital infrastructure needs and services to support current demand and future growth.

The Proposed Actions are anticipated to facilitate new residential, commercial, community facility, and manufacturing development. The reasonable worst case development scenario (RWCDs) for the Proposed Actions identifies 69 projected development sites. On these sites, the Proposed Actions are expected to result in a net increase of approximately 3,500 dwelling units, a substantial proportion of which are expected to be affordable; 151,100 square feet of commercial space (retail, supermarket, restaurant, and office uses); 98,900 square feet of community facility space; and 132,400 square feet of manufacturing space; and net decreases of approximately 10,600 square feet of auto-related space, 33,000 square feet of hotel space, and 53,800 square feet of warehouse/storage space. The RWCDs also identifies 33 potential development sites which are considered less likely to be developed by the analysis year. The analysis year for the proposal is 2027.

The DEIS will also include an alternative that encompasses a separate action in addition to the above Proposed Actions, which would facilitate a proposed HPD-sponsored affordable housing development, located on an entire city block bounded by East 111th Street, East 112th, Park and Madison Avenues (the "East 111th Street" site). The land use actions necessary to facilitate this development project are expected to enter public review concurrent with the Proposed Actions and include: a) zoning map amendment to rezone the existing R7-2 district to R9, b) zoning text amendment to apply the Mandatory Inclusionary Housing program to the site, c) disposition of city-owned land, d) amendment to the Millbank Frawley Circle East Urban Renewal Plan, and e) special permit for a large scale general development (LSGD) to allow for modifications to height and setback requirements and/or accessory off-street parking requirements. HPD is leading a coordination effort between various governmental agencies, community organizations, and the anticipated developer for the project. Because certain development specifications for this site are unknown at this time, the development of the East 111th Street site will be evaluated in an alternative in the DEIS.

Statement of Significant Effect:

On behalf of the lead agency, CPC, the Environmental Assessment and Review Division has determined, pursuant to 6 NYCRR Part 617.7, that the Proposed Actions may have a significant effect on the quality of the environment as detailed in the following environmental impacts, and that an environmental impact statement will be required:

1. The actions, as proposed, may result in significant adverse impacts related to land use, zoning, and public policy in the vicinity of the affected area.
2. The actions, as proposed, may result in significant adverse impacts related to socioeconomic conditions in the vicinity of the affected area with respect to direct and indirect business displacement, indirect residential displacement and specific industries. The actions does not have any potential to result in significant adverse impacts with respect to direct residential displacement.
3. The actions, as proposed, may result in significant adverse impacts on community facilities and services in the vicinity of the affected area.
4. The actions, as proposed, may result in significant adverse impacts on publicly accessible open space in the vicinity of the affected area.
5. The actions, as proposed, may result in significant adverse shadow impacts in the vicinity of the affected area.
6. The actions, as proposed, may result in significant adverse impacts on historic and cultural resources in the affected area.
7. The actions, as proposed, may result in significant adverse impacts on urban design and visual resources in the vicinity of the affected area.
8. The actions, as proposed, may result in significant adverse impacts on natural resources in the vicinity of the affected area.

9. The actions, as proposed, may result in significant adverse impacts related to hazardous materials in the vicinity of the affected area.
10. The actions, as proposed, may result in significant adverse impacts on water and sewer infrastructure in the vicinity of the affected area.
11. The actions, as proposed, may result in significant adverse impacts on solid waste and sanitation services.
12. The actions, as proposed, may result in significant adverse impacts on energy.
13. The actions, as proposed, may result in significant adverse impacts to transportation in the vicinity of the affected area.
14. The actions, as proposed, may result in significant adverse impacts to air quality in the vicinity of the affected area.
15. The actions, as proposed, may result in significant adverse impacts to greenhouse gases in the vicinity of the affected area.
16. The actions, as proposed, may result in significant adverse noise impacts in the vicinity of the affected area.
17. The actions, as proposed, may result in significant adverse impacts related public health.
18. The actions, as proposed, may result in significant adverse impacts on neighborhood character in the vicinity of the affected area.
19. The actions, as proposed, may result in significant adverse construction-related impacts.

Supporting Statement:

The above determination is based on an Environmental Assessment Statement prepared for the action which finds that:

1. Land Use, Zoning and Public Policy - The Proposed Actions would alter existing land uses and zoning by allowing greater densities than the current zoning permits. In addition, the effects of the Proposed Actions may not be compatible with one or more of the public policies that are applicable to portions of the affected area.
2. Socioeconomic Conditions – The Proposed Actions has the potential to result in direct residential displacement as it could displace more than 500 residents. Furthermore, the Proposed Actions would introduce approximately 3,500 new dwelling units and 283,500 square feet of new commercial and/or industrial uses that would result in a substantial population increase and has the potential to increase rents.
3. Community Facilities – The Proposed Actions would not result in the direct displacement of any existing community facilities or services. However, the Proposed Actions would result in a substantial increase of residential units and, therefore would have the potential to result in significant adverse impacts related to public schools, libraries, and child care.
4. Open Space – The Proposed Actions would not have a direct effect on any open space resource; however, it may have an indirect effect due to increased demand for use of publicly accessible spaces by the new residents and workers introduced to the area by the Proposed Actions.
5. Shadows – The Proposed Actions would allow an increase in development density and greater building heights in the affected area. Shadows cast by new buildings that could be developed as the result could affect publicly accessible open spaces and sunlight-sensitive architectural resources in the area.
6. Historic and Cultural Resources – The Proposed Actions may affect designated historic landmarks and/or buildings that may be eligible for designation. In addition, the Proposed Actions may result in additional in-ground disturbance and therefore has the potential to affect archaeological resources that may be present.
7. Urban Design and Visual Resources – The Proposed Actions and subsequent projected development would result in

physical changes in the affected area beyond the bulk and form currently permitted as-of-right; therefore, these changes could affect a pedestrian's experience of public space and may alter the urban design character and visual resources of the surrounding area.

8. Natural Resources – The area of the Proposed Actions is adjacent, in part, to the Harlem River, which is considered under *CEQR* guidelines to be a natural resource; therefore, the Proposed Actions have the potential to create significant adverse impact on natural resources.
9. Hazardous Materials – The Proposed Actions would result in additional in-ground disturbance which, given the historical on-and off-site uses and conditions, has the potential to result in hazardous materials impacts.
10. Water and Sewer Infrastructure – The Proposed Actions would result a sizable net increase of building space within the affected area which could place additional demands on infrastructure, including water supply and storm water management.
11. Solid Waste and Sanitation – Due to the increase in density within the affected area, the Proposed Actions would increase the demands on solid waste and sanitation transport and disposal services.
12. Energy – Although significant adverse energy impacts are not anticipated for the Proposed Actions as it would not affect the transmission or generation of energy, the projected amount of energy consumption during long-term operation resulting from the Proposed Actions should be assessed.
13. Transportation – The Proposed Actions would result in an increase in the number of vehicular trips and increase ridership on mass transit facilities. It also would affect pedestrian movements in the area due to the increased number of residents and workers introduced to the area.
14. Air Quality – Increased demand for heating, ventilation and air conditioning (HVAC) and additional vehicular traffic introduced by the Proposed Actions may affect air quality. In addition, existing industrial uses in the surrounding area have the potential to affect air quality surrounding the new residential development resulting from the Proposed Actions.
15. Greenhouse Gas Emissions and Climate Change – The Proposed Actions would allow an increase in development density that may affect greenhouse gas emissions due to increased construction and operational activities with the projected development. In addition, portions of the area that would be affected by the Proposed Actions, are located within the current 500-year flood hazard zone, and some areas could be within the 100-year flood zone potentially as soon as the 2020s; therefore, the Proposed Actions' affected area may be susceptible to storm surge and coastal flooding.
16. Noise – The Proposed Actions would increase the volume of traffic in the area, which could result in additional traffic noise and may have the potential to result in stationary source noise impacts. In addition, the Metropolitan Transit Authority (MTA)'s elevated Metro North Railroad operates adjacent and within the Proposed Actions' affected area.
17. Public Health - The Proposed Actions would result in an increase in development density which could potentially result in public health concerns.
18. Neighborhood Character – The Proposed Actions has the potential to alter certain constituent elements of the affected area's neighborhood character, including land use patterns, socioeconomic conditions, traffic, and noise levels.
19. Construction – The Proposed Actions would increase the allowable density of the area resulting in new development that involves activities which may result in construction-related impacts.
20. The Draft Environmental Impact Statement (DEIS) to be prepared for the Proposed Actions will identify and describe any other potential effects on the environment.

Public Scoping:

The CEQR lead agency hereby requests that the applicant prepare or have prepared, at their option, a Draft Environmental Impact Statement (DEIS) in accordance with 6 NYCRR 617.9(b) and Sections 6-08 and 6-12 of Executive Order No. 91 of 1977 as amended (City Environmental Quality Review).

A public scoping meeting has been scheduled for Thursday, December 15, 2016, and will be held in the Silberman School of Social Work, at Hunter College, 2180 3rd Avenue, New York, NY 10035. The public meeting will be held in two sessions with the first session starting at 2:00 P.M. and the second starting at 6:00 P.M. Written comments will be accepted by the lead agency until the close of business on Wednesday, January 4, 2017.

This determination has been prepared in accordance with Article 8 of the Environmental Conservation Law.

Should you have any questions pertaining to this Positive Declaration, you may contact the Project Manager, Diane McCarthy, at (212) 720-3417.

PUBLIC COMMENT PERIOD AND PUBLIC HEARING DATE FOR THE

PROPOSED 2017 CONSOLIDATED PLAN ACTION PLAN

TO ALL INTERESTED AGENCIES, COMMUNITY BOARDS, GROUPS, AND PERSONS:

The Department of City Planning (DCP) is announcing the **public comment period**, and the date for a **public hearing** on the *2017 Proposed Consolidated Plan One-Year Action Plan*. This document is the City of New York's annual application to the United States Department of Housing and Urban Development (HUD) for the four Office of Community Planning and Development formula entitlement grant program funds: Community Development Block Grant (CDBG), HOME Investment Partnership (HOME), Emergency Solutions Grant (ESG), and Housing Opportunities for Persons with AIDS (HOPWA).

HUD has yet to announce the City's formula entitlement grant award amounts for the 2017 Consolidated Plan Program Year. Therefore, the City is using its 2016 Grant award amounts to formulate its proposed 2017 projects (Flat Level Funding). New York City will amend its Action Plan after HUD announces the City's 2017 grant allocations. In 2016 the City received approximately \$262,746,200 from the four HUD formula grant programs; \$151,460,389 for CDBG, \$53,880,935 for HOME, \$43,778,924 for HOPWA, and \$13,625,907 for ESG, respectively.

The *2017 Proposed Consolidated Plan* consists of three volumes: Executive Summary; One-Year Action Plan; and, Appendices.

To obtain your comments on the City's use of these Federal funds, two events have been scheduled which are:

NOTE:

The National Oilheat Research Alliance (NORA) will resume full operations in 2015 with the fee expanding to #4 heating oil. This fee will apply to heating oil invoices only. The fee collections began January 1, 2015. All other terms and conditions of these awards remain the same. Please contact this office if you have any questions.

The Bio-Diesel Blender Tax Credit was reinstated for 2014. As of January 1, 2015, the Bio- Diesel Blender Tax Credit has been rescinded for \$1.00 per gallon on B100. Therefore, for deliveries after January 1, 2015, the contractor will be collecting additional fees which will be shown as a separate line item on the invoice. The additional fee for items will range from \$0.05 for B5 to \$0.20 for B20 per gallon, varying on the percentage of biodiesel to be used. Should the tax credit be extended, this additional fee will be discontinued and removed from the invoice.

Federal excise taxes are imposed on taxable fuels, (i.e., gasoline, kerosene, and diesel), when removed from a taxable fuel terminal. This fuel excise tax does not include Leaking Underground Storage Tank (LUST) tax. LUST tax applies to motor fuels for both diesel and gasoline invoices. Going forward, LUST Tax will appear as an additional fee at the rate of \$0.001 per gallon and will be shown as a separate line item on your invoice.

REMINDER FOR ALL AGENCIES:

Please send inspection copy of receiving report for all gasoline (E85, UL & PREM) delivered by tank wagon to OCP/Bureau of Quality Assurance (BQA), 1 Centre Street, 18th Floor, New York, NY 10007.
