BOROUGH PRESIDENT - BROOKLYN

■ PUBLIC HEARINGS

NOTICE IS HEREBY GIVEN that, pursuant to Sections 197-c and 201 of the New York City Charter, Brooklyn Borough President Eric L. Adams will hold a public hearing on the following matters in the Courtroom of Brooklyn Borough Hall, 209 Joralemon Street, Brooklyn, NY 11201, commencing at 6:00 P.M. on Thursday, March 2, 2017.

Calendar Item 1 — 1350 Bedford Avenue (170070 ZMK and 170071 ZRK)

Applications submitted by Bedford Arms, LLC, pursuant to Section 197-c and 201 of the New York City Charter, are seeking zoning map and zoning text amendments for the property, located at 1350 Bedford Avenue, in the Crown Heights section of Brooklyn Community District 8 (CD 8). The zoning map amendment would rezone the existing R6A district to an R7D district, and the zoning text amendment would designate the property, a Mandatory Inclusionary Housing (MIH) area. Following the approval of the proposed actions, as well as the New York City Board of Standards and Appeals (BSA) special permit to waive the number of accessory parking spaces required for the existing six-story Section 8 housing building, an application for a tax lot subdivision will be submitted to subdivide Tax Lot 28 into Tax Lots 28 and 127. Such amendments and subsequent actions would facilitate the development of the existing underutilized parking area with an 80,088 square-foot, nine-story residential building, consisting of 48 units for households earning up to 80 percent of area median income (AMI) and 46 units for households earning up to 130 percent of AMI.

The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children's Services (ACS)
 Department for the Aging (DFTA)
 Department of Consumer Affairs (DCA)
 Department of Corrections (DOC)
 Department of Health and Mental Hygiene (DOHMH)
 Department of Homeless Services (DHS)
 Department of Probation (DOP)
 Department of Small Business Services (SBS)
 Department of Youth and Community Development (DYCD)
 Housing and Preservation Department (HPD)

AGING**CONTRACT PROCUREMENT AND SUPPORT SERVICES****■ INTENT TO AWARD**

Human Services/Client Services

CITYWIDE MULTI-DISCIPLINARY TEAM INITIATIVE -
Negotiated Acquisition - Judgment required in evaluating proposals
- PIN# 12517N0001 - Due 3-3-17 at 5:00 P.M.

The NYC Department for the Aging (DFTA) intends to contract with one vendor, the Weill Cornell New York City Elder Abuse Center, to implement a Citywide Multi-Disciplinary Team (MDT) initiative to enhance services to victims of elder abuse. The term of the contract will be three years, expected to commence on July 1, 2017, with the possibility of a three-year renewal. There will be four MDTs, three of which will cover one borough, while the fourth team will cover two boroughs (including Staten Island). Each team will include a coordinator, a clinical assistant, an administrative assistant, and - working part-time - a consulting geriatrician, geriatric psychiatrist, and forensic accountant.

Elder abuse is the mistreatment of a senior in varied trusted relationships. Perpetrators may include friends or acquaintances, spouses, adult children, extended family members, or a formal or informal caregiver.

Each MDT will bring together all of the key entities in their borough(s) that work with agencies serving victims of elder abuse in an effort to coordinate services in cases of elder abuse that have a high degree of difficulty and that involve a multi-agency response. These teams comprise groups of professionals from diverse disciplines who come together to provide comprehensive assessment and consultation on abuse cases. The teams function as a problem solving group for individual cases and create a wider, community-based approach to handling elder abuse. The teams identify service gaps and breakdowns in communication and coordination among agencies or individuals and help rectify any such gaps, which leads to improved client outcomes.

The MDT coordinator overseeing each team will work with the other team members to coordinate regular meetings of key entities involved in elder abuse cases, which will include case conferences where participating organizations will jointly arrive at a plan of action for responding to the elder abuse situation. These participating organizations will include but are not limited to legal providers, District Attorney's offices, NYPD, community-based organizations including elder abuse programs and case management agencies, Adult Protective Services of the NYC Human Resources Administration, behavioral health entities, and DFTA.

Given the experience and history of the Weill Cornell New York City Elder Abuse Center in developing and operating an existing New York City MDT network, DFTA's current plan is to contract with them to implement this Citywide MDT initiative. Before proceeding with this plan, DFTA is interested in learning whether any other organization with the necessary capacity, expertise and experience would like to be considered. Major elements that DFTA will take into account in making a final selection include the following:

- Track record in delivering a full-scale elder abuse program where the organization was/has been staffed to coordinate and facilitate frequent meetings with the types of entities listed above in order to assess the full breadth of elder abuse case circumstances, ranging from physical abuse to financial scams, arrive at a plan of action, and monitor the implementation of that plan, all in conjunction with the numerous participating partners;
- Experience in enhancing professional team skills and knowledge through learning about strategies, resources and approaches from a variety of disciplines in elder abuse;
- Preference given to organizations operating such a program in New York City, especially in multiple boroughs; however, this is not a pre-requisite;
- Experience providing training to organizations such as professional entities and community groups on recognizing and responding to elder abuse;
- Demonstrated ability to conduct formal case reviews with fully developed and executed plans of action to address issues;
- Established networks with entities including but not limited to the types of organizations listed above in order to leverage potential additional resources/supports to ensure the fullest range of services to victims; and
- Ability to tap into resources available within the proposing organization to enhance the services that can be offered by the MDT teams.

Any organization interested in this project that can demonstrate that it meets the criteria above may express their interest by emailing Betty Lee, DFTA Agency Chief Contracting Officer, at blee@aging.nyc.gov, by no later than 5:00 P.M. on March 3, 2017. All qualified organizations will be required to complete a written application that will be due no later than 5:00 P.M. on March 17, 2016. Expressions of interest will be evaluated, but please be aware that submission of an application does not guarantee consideration.

LEAD ABATEMENT/REMEDICATION FOR THE NYPD - Sole Source - Available only from a single source - PIN# 05617S0003 - Due 3-13-17 at 2:00 P.M.

The NYPD intends to enter into a Sole Source Agreement with MT2 LLC (Metals Treatment Technologies), located at 14045 West 66th Avenue, Arvada, CO 80004, for the provision of lead remediation/abatement services at the six outdoor firing ranges of the NYPD's Firearms and Tactics Section at Rodman's Neck, Bronx. The contract is needed to provide a comprehensive plan to address the potential human health and environmental risks that are associated with the presence of residual lead and other environmental risks associated

with the presence of residual lead and other heavy metals at the six (6) outdoor firing ranges, and to develop a best management practices program that is consistent with the US Environmental Protection Agency standards. Implementation of the lead remediation/abatement plan will serve to maintain the integrity of the soil and the groundwater of the firing ranges and to ensure the health and safety of members of the NYPD that are assigned to the outdoor range.

Pursuant to Section 3-05(b) of the NYC Policy and Procurement Board Rules, the NYPD has made the determination that a Sole Source procurement is justified for this contract. The basis of this determination is that MT2 LLC is the exclusive provider of ECOBOND, which is a proprietary and patented product that is used to reduce hazards due to the leaching of toxic materials in the environment and to dramatically reduce disposal costs of metals contaminated soils and other materials. ECOBOND meets or exceeds all regulatory requirements, has long term durability, and has already met the requirements at the NYPD's Rodman's Neck facility for the outdoor firing ranges. Any entity which believes that it can provide such services is invited to indicate such interest (1) by certified mail to: Deputy Agency Chief Contracting Officer Jordan Glickstein, at NYPD Contract Administration Unit, 90 Church Street, Suite 1206, New York, NY 10007 or (2) by email to [Jordan Glickstein at jordan.glickstein@nypd.org](mailto:jordan.glickstein@nypd.org).
