#### (b) Required setbacks

Above such maximum base height, #street walls# shall be set back a minimum of 30 feet from the #street line# along the #shore public walkway# on Parcel 1, 15 feet from such #street line# on any other parcels, and a minimum of 10 feet from the #street line# along all other #streets#. Along all #streets#, such set back shall have a minimum depth of seven feet from any portion of the #street wall# below such maximum base height. However, the depth of such setback may include the depth of recesses or #outer courts# provided that the aggregate width of such portion of a #street wall# with a reduced setback shall not exceed 30 percent of the #street wall#.

In addition, on Parcels 1, 2, 3 and 4, in locations where the maximum base height is limited to 45 feet, #street walls# above such maximum base height shall be set back a minimum of 30 feet from the #street line#, and a minimum of seven feet from any portion of the #street wall# below such height.

Dormers provided in accordance with paragraph (c)(1) of Section 23-621 (Permitted obstructions in certain districts) shall be permitted obstructions in all setback areas, except along the #shore public walkway#. For the purposes of this paragraph, (d)(1), each tower shall have four tower faces, with each face being the side of a rectangle within which the outermost walls of the highest #story# not subject to the reduced #lot coverage# provisions have been inscribed. The required setbacks shall be measured from the outermost walls of the #building# facing each tower face. Required setback areas may overlap.

(2) Three setbacks facing Harlem River

The upper #stories# of a tower shall provide setbacks with a minimum depth of 15 feet measured from the west-facing wall of the #story# immediately below. Certification to Allow Fire Apparatus Access Road Turnaround in Shore Public Walkways Contiguity of Fire Apparatus Access Road with Adjacent Zoning Lots on Parcels 2, 3 and 4

[NOTE: Existing provisions, moved to paragraph (b) of this Section]

On Parcels 2, 3 and 4, in addition to the certification provisions of Section 87-62 (Fire Apparatus Access Roads), a fire apparatus access road shall be provided in accordance with the provisions of this Section.

#### Bi-Directional Road

[NOTE: Existing provisions, moved from Section 87-66 (Connection with Adjacent Zoning Lots) and modified]

On each of Parcels 2, 3 and 4, and only among such Parcels, a connection for bi-directional vehicular travel lanes to an adjacent #zoning lot line# shall be provided. When complete, such fire apparatus access road shall provide bi-directional contiguous vehicular access from the northerly #upland connection# of Parcel 2 along the mapped parkland, along the #shore public walkway# of Parcels 2, 3 and 4, and within the southerly #upland connection# of Parcel 4.

Any connection of fire apparatus access roads across a shared #zoning lot line# must meet the grade of, and maintain the street width of, the existing adjacent fire apparatus access road. Such fire apparatus access road shall extend along the entire #shore public walkway# of the #zoning lot#, from #lot line# to #lot line#. A connection need not be opened unless and until such declaration of restrictions, in accordance with Section 87-64, has been recorded against the adjacent #zoning lot# recorded against the adjacent #zoning lot#.

Interim fire apparatus turnaround

[NOTE: Existing provisions of Section 87-63, modified]

When bi-directional vehicular travel lanes are constructed that terminate at a #lot line# and do not continue on the adjacent #zoning lot# at the time of their construction, an interim dead-end fire apparatus access road turnaround may be constructed as an alternative to the provisions of paragraph (a) of this Section, in accordance with the following provisions.

An applicant utilizing the provisions of this paragraph shall construct a fire apparatus access road that extends along the entire #upland connection# and #shore public walkway# of the "zoning lot#, from #lot line# to #lot line#, and shall provide an "approved turnaround area," constructed as part of a "dead-end fire apparatus access road," as those terms are defined in the New York City Fire Code, Section 503.2.9 (Dead-end turnarounds), or

Such turnaround area shall be constructed to dimensions no greater than required under the New York City Fire Code, Section 503.2.9 (Dead-end turnarounds), or its successor, and shall be located at the end of the fire apparatus access road, abutting the adjacent #lot line#. Such turnaround area may extend into the designated #shore public walkway, but at no point may such turnaround area extend into the associated circulation path. Sidewalks shall not be required adjacent to the turnaround area. The portion of the turnaround area that lies within a #shore public walkway# shall remain clear of obstacles, shall be composed of permeable materials to the extent permissible by the Fire Commissioner and shall meet all applicable requirements set forth in the New York City Fire Code Section 503.2 (Fire apparatus access roads), or its successor. In addition, the roadbed material of a fire apparatus access road leading to a turnaround may be extended into the turnaround provided the area of the turnaround paved with such material is not wider than the roadbed leading to the turnaround. The remaining portions of the turnaround shall be paved with distinct materials to facilitate pedestrian usage.

At the time of certification pursuant to Section 87-62, the site plan shall demonstrate a suitable design for the dead-end fire apparatus access road that demonstrates both the approved turnaround area and the repurposed turnaround area outside of the roadbed upon the issuance of a notice of substantial compliance for the adjacent #zoning lot#. In addition, a conceptual site plan shall demonstrate that the proposed site plan and grading plan for required contiguous access pursuant to the provisions of paragraph (a) of this Section is compatible with

future #development# on the adjoining #zoning lot#. Such site plans shall be included as an exhibit to the declaration of restrictions recorded pursuant to Section 87-64.

Repurposing a turnaround area and providing contiguous access in accordance with an approved conceptual site plan shall not necessitate a certification pursuant to Section 62-811, provided that there are no further modifications to an approved #waterfront public access area#.

## [BELOW: Original provisions of Section 87-66 (Connection with Adjacent Zoning Lots)]

The following provisions apply to #developments#, #enlargements#, alterations or changes of #use#, pursuing certification, pursuant to either Section 87-62 (Certification to Waive Supplemental Public Access Area Requirement) or 87-63 (Certification to Allow Fire Apparatus Access Road Turnaround in Shore Public Walkways).

On each of Parcels 2, 3 and 4, and only among Parcels 2, 3 and 4, a #development#, #enlargement#, alteration or change of #use#, shall provide a connection for bi-directional vehicular travel at an adjacent #zoning lot line# if such adjacent #zoning lot# has previously constructed a connection that terminates at the shared #lot line#. Any connection of fire apparatus access roads across a shared #zoning lot line# must meet the grade of, and maintain the street width of, the existing adjacent private street. In addition to such physical shared #lot line# connection, a #private road# declaration shall be provided pursuant to the provisions of Section 87-64. A connection need not beopened unless and until such declaration of restrictions, in accordance with Section 87-64, has been recorded against the adjacent #zoning lot#.

When no connection for vehicular travel terminating at the opposite side of a shared #lot line# exists, a dead-end fire apparatus access road turnaround may be constructed, pursuant to Section 87-63, which may extend into the designated #shore public walkway#. Such certification is also contingent upon providing a declaration of restrictions, in accordance with Section 87-64.

#### [BELOW: Original provisions of Section 87-63 (Certification to Allow Fire Apparatus Access Road Turnaround in Shore Public Walkways)]

On Parcels 2, 3 and 4, a dead-end fire apparatus access road turnaround, as defined in the New York City Fire Code, Section 503.2.5 (Dead-ends) may, by certification, extend into the designated #shore-public walkway#, provided that:

- (a) a declaration of restrictions has been provided, pursuant to Section 87-64;
- (b) a fire apparatus access road abutting the shared #zoning lot line# between the #development#, #enlargement#, alteration or change of #use# seeking certification under this Section and Parcels 2, 3or 4 does not exist; and
- (c) the fire apparatus access road serves as a segment of a bi-directional loop road along the #shore public walkway#, providing a connection to Exterior Street at the northeast corner of Parcel 2 and a connection to Exterior Street at the southeast corner of Parcel 4.

Such turnaround shall have a diameter of 70 feet and be located at the end of the fire apparatus access road, abutting the adjacent #lot line#. At no point may the turnaround extend into the #shore public walkway# for a distance greater than 23 feet. Sidewalks shall not be required adjacent to the turnaround. The portion of the turnaround that lies within a #shore public walkway# shall remain clear of obstacles, shall be composed of permeable materials, and shall meet all applicable requirements set forth in the New York City Fire Code Section 503.1.1 (Fire apparatus access roads), or its successor. In addition, the roadbed material of a fire apparatus access road leading to a vehicular turnaround may be extended into the turnaround provided the area of the turnaround paved with such material is not wider than the roadbed leading to the turnaround. The remaining portions of the turnaround shall be paved with distinct materials to facilitate pedestrian usage. In addition, the level of the area within the turnaround shall be raised to be flush with the level of adjoining sidewalks.

#### 87-64 Declaration of Restrictions

[NOTE: Existing provisions, modified]

For any fire apparatus access road proposed for certification pursuant to Sections 87-62 (Fire Apparatus Access Roads), a declaration of restrictions shall be provided to guarantee the construction, improvement, operation, maintenance and repair of such road, and any sidewalk adjacent to such road, to guarantee that such road, and any sidewalk adjacent to such road, remains open, unobstructed and accessible to all members of the public, except as necessary to avoid public dedication, and to ensure compliance with all applicable provisions. Such declaration of restrictions shall be prepared in a form acceptable to the Department of City Planning, shall be filed and duly recorded in the Borough Office of the Register of the City of New York and indexed against the property. Filing and recording of the

declaration of restrictions shall be a precondition for the Chairperson's certification under Sections 87-62 and 87-63, where applicable.

For certifications proposed pursuant to Section 87-6362 on Parcels 2, 3 or 4, where #developments# or #enlargements# on such parcels utilize the allowance for interim fire access turnaround, in accordance with paragraph (b) of Section 87-63 (Cross Access Connection with Adjacent Zoning Lots on Parcels 2, 3 and 4), any declaration of restrictions shall include that, at the time of the issuance of the notice of substantial compliance for the adjacent #development#, or #enlargement# pursuant to this Section, thereby permitting vehicular connection between #zoning lots#, the #zoning lot# containing a previously-constructed fire apparatus access road turnaround area shall be responsible for the following actions on the portion of the connection on such #zoning lot#:

- (a) repurposing the fire apparatus access road turnaround area pursuant to the requirements set forth in paragraph (b) of Section 87-63:
- (b) extending all required sidewalks that had remained short of the #lot line# to the shared #lot line# to connect to the required adjacent sidewalks and enable unobstructed pedestrian movement across parcels;
- (c) complying with all applicable waterfront rules, #street# regulations and the New York City Fire Code; and
- (d) providing a connection with the adjacent #zoning lot# pursuant to Section 87-63.

## [BELOW: Original provisions of Section 87-64 (Declaration of Restrictions)]

For any fire apparatus access road proposed for certification pursuant to Sections 87-62 or 87-63, a declaration of restrictions shall be provided to guarantee the construction, improvement, operation, maintenance and repair of such road, to guarantee that such road-remains open, unobstructed and accessible to all members of the public, except as necessary to avoid public dedication, and to ensure compliance with all applicable provisions. Such declaration of restrictions shall be prepared in a form acceptable to the Department of City Planning, shall be filed and duly recorded in the Borough-Office of the Register of the City of New York and indexed against the property. Filing and recording of the declaration of restrictions shall be a precondition for the Chairperson's certification under Sections 87-62 and 87-63, where applicable.

For certifications proposed pursuant to Section 87-63, at the time a declaration of restrictions has been provided by the adjacent #development#, #enlargement#, alteration or change of #use#, pursuant to this Section, permitting vehicular connection between #zoning lots#, the #zoning lot# containing a previously-constructed fire apparatus access turnaround shall be responsible for the following actions on the portion of the connection on such #zoning lot#:

- (a) deconstructing the fire apparatus access road turnaround;
- (b) re-landscaping the area that had extended into the #shore public walkway#, so as to create the conditions of the immediately surrounding #shore public walkway#, which may include any combination of tree planting, laying sod, removing pavers, or any other required landscaping action;
- (c) extending all required sidewalks that had remained short of the #lot line# to the shared #lot line# to connect to the required adjacent sidewalks and enable pedestrian movement across parcels; and
- (d) complying with all applicable waterfront rules, #street#regulations and the New York City Fire Code.

#### HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- · Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

#### Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children's Services (ACS)

Department for the Aging (DFTA) Department of Consumer Affairs (DCA)

Department of Corrections (DOC)

Department of Health and Mental Hygiene (DOHMH)

# PUBLIC COMMENT PERIOD AND PUBLIC HEARING DATE FOR THE PROPOSED 2017 CONSOLIDATED PLAN ONE-YEAR ACTION PLAN

TO ALL INTERESTED AGENCIES, COMMUNITY BOARDS, GROUPS, AND PERSONS:

The Department of City Planning (DCP) is announcing the public **comment period**, and the date for a **public hearing** on the 2017 Proposed Consolidated Plan One-Year Action Plan. This document is the City of New York's annual application to the United States Department of Housing and Urban Development (HUD) for the four Office of Community Planning and Development formula entitlement grant program funds: Community Development Block Grant (CDBG), HOME Investment Partnerships (HOME), Emergency Solutions Grant (ESG), and Housing Opportunities for Persons with AIDS (HOPWA).

For 2017 HUD has announced that the City is expected to receive approximately \$261,293,000 from the four HUD formula grant programs; \$150,294,862 for CDBG, \$53,258,298 for HOME \$44,197,111 for HOPWA, and \$13,542,650 for ESG, respectively.

The 2017 Proposed Consolidated Plan One-Year Action Plan consists of three volumes: Executive Summary; One-Year Action Plan; and, Appendices.

To obtain your comments on the City's use of these Federal funds, two events have been scheduled which are:

A public comment period which will begin July 25, 2017 and extend for 14 days ending August 7, 2017; and

A public hearing on Friday, August 4, 2017, which will begin approximately at 2:00 P.M., in Spector Hall, 22 Reade Street, Manhattan. The public hearing will be followed by a question and answer session with City agency representatives in attendance.

The 2017 Proposed Consolidated Plan is tentatively scheduled to be released on July 25, 2017. It should be noted that the Proposed Action Plan's public comment period has been shortened to 14 days from its Federally-required 30 days. The late announcement of the formula grants award by the Federal government has necessitated HUD waiving this requirement in order to provide them sufficient time to completely review (and approve) a locality's submitted Proposed Action Plan before the end of the 2017 Federal Fiscal Year (September 30, 2017).

To obtain a copy of the Proposed Plan, please visit the Department of City Planning Bookstore, 120 Broadway, 31st Floor, New York, NY 10271 (Monday, Tuesday: 9:30 A.M. - 11:30 A.M.; Wednesday: 1:00 P.M. - 3:00 P.M.).

In addition, copies of the document can be obtained at the following Department of City Planning offices:

Bronx Office	1 Fordham Plaza, 5th Floor, Bronx, NY 10458	(718) 220-8500
Brooklyn Office	16 Court Street, 7th Floor, Brooklyn, NY 11241	(718) 643-7550

Also, the Proposed Action Plan will be made available for downloading through the internet via the Department's website at,
