On behalf of

THE CITY COUNCIL

NOTICE OF A PUBLIC HEARING

The City Council, by resolution adopted on October 17, 2017, set October 31, 2017 as the date, 10:00 A.M. as the time, and the City Council Committee Room, 2nd Floor, City Hall, New York, NY 10007, as the place for a public hearing (the "Public Hearing") to hear all persons interested in the proposed legislation which would establish the Morris Park Business Improvement District (the "District") in the Borough of the Bronx. The District shall be established in accordance with a district plan (the "District Plan") on file at the Office of the City Clerk. The City Council has authorized the Morris Park Business Improvement District Steering Committee to mail, on its behalf, this notice of the Public Hearing containing the information required by Section 25-406(c) of the Administrative Code of the City of New York and summarizing the resolution adopted.

The District Plan was submitted to, and reviewed by, the City Planning Commission and Bronx Community Board 11. The Community Board held a public hearing on the establishment of the District.

The District Plan provides that the proposed District shall include properties along both sides of Morris Park Avenue from Williamsbridge Road to Unionport Road. Additional properties are included north and south of Morris Park Avenue along White Plains Road, north along Matthews Avenue, south along Bronxdale Avenue, north along Hone Avenue and north east along Williamsbridge Road. Services to be provided in the District include sanitation, public safety, marketing and promotion, beautification, administration and advocacy, and additional services as may be required for the promotion and enhancement of the District (hereinafter "Services"). Pursuant to the District Plan, capital improvements (hereinafter "Improvements") may include, but shall not be limited to: street and sidewalk amenities to improve pedestrian and vehicular safety and to beautify the District, which may include but shall not be limited to, surveillance cameras, maintenance and repair of historic light posts, landscaping, and other permanent structures and equipment. The Improvements may be implemented on an as-needed basis. During the existence of the District, the maximum cost of the Improvements, if any, shall not exceed \$3,900,000. The District shall be managed by a newly formed District Management Association (the "DMA").

To defray the cost of Services and Improvements provided in the District, all real property in the District shall be assessed in proportion to the benefit such property receives from the Services and Improvements. Each property shall be assessed at a rate, determined annually by the DMA, to yield an amount sufficient to meet the District's annual budget. The annual budget for the District's first year of operation is \$390,000.

All properties as classified in the most recent New York City tax rolls and as described in the District Plan will be assessed based on their respective property classes and the particular method of assessment or

formula approved for each class. The following defines how each class' method or formula is determined.

Class A - All properties in whole or in part devoted to commercial use, including parking facilities, are defined as Class A property and shall be assessed at a rate reflective of the linear front footage (**FF**). Class A property shall be assessed in the following manner:

[Total **Class A FF** + Total **Class D FF**]

The "Class A **FF Rate**" from above will be inserted into the following formula to determine the unique assessment for an individual Class A property:

Individual Class A assessment =
[(Class A **FF Rate**) x (Individual Property **FF**)]*

*Properties on corners, or with multiple frontage sides in the District, will be charged according to the longest frontage receiving services, and \$300.00 for each additional frontage side receiving District Services. Properties with commercial uses above the ground floor, including commercial condos, shall be assessed an additional \$300.00 per floor of commercial use.

Class B - All properties devoted in whole to residential uses are defined as Class B and will be assessed at one dollar (\$1.00) per year.

- *Win More Contracts at nyc.gov/competetowin*

“The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City’s prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence.”

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York (“PPB Rules”), vendors must first complete and submit an electronic prequalification application using the City’s Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children’s Services (ACS)
 Department for the Aging (DFTA)
 Department of Consumer Affairs (DCA)
 Department of Corrections (DOC)
 Department of Health and Mental Hygiene (DOHMH)
 Department of Homeless Services (DHS)
 Department of Probation (DOP)
 Department of Small Business Services (SBS)
 Department of Youth and Community Development (DYCD)

Statement of Basis and Purpose of Rule

This proposed amendment to 1 RCNY 104-09 adds a new subdivision (h) to implement the requirement of Local Law 80 of 2017 for Class B hoisting machine operators (HMOs) to earn a rating. Under the current code, Class B HMOs are authorized to operate cranes of unlimited boom length. Local Law 80 of 2017 limits Class B HMOs to the operation of cranes of boom lengths up to 300 feet unless they have earned a rating to operate longer booms. The local law requires ratings to be issued for specific makes and models of cranes upon the completion of a practical exam, simulator training or other appropriate means as specified in the rule.

The Department of Buildings' authority for these rules is found in Sections 643 and 1043(a) of the New York City Charter and Article 405 of Chapter 4 of Title 28 of the New York City Administrative Code.

New material is underlined.
[Deleted material is in brackets.]

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

Section 104-09 of Title 1 of the Rules of the City of New York is amended by adding a new subdivision (h) to read as follows:

(h) Ratings for class B licensed hoisting machine operators. In addition to satisfying the requirements as set forth in subdivisions (a) through (g) of this section, Class B Licensed Hoisting Machine Operators must possess one or more ratings when required by Section 28-405.2 of the Administrative Code.

(1) Prerequisites to obtain rating. To apply for a rating the Class B Licensed Hoisting Machine Operator must demonstrate to the satisfaction of the Commissioner that he or she has successfully completed, for the make and model of hoisting machine for which the rating is sought, the following:

(i) A course of at least 8 hours in length that meets the following requirements:

(A) The course must be conducted by the manufacturer of the hoisting machine, an entity authorized by the

manufacturer of the hoisting machine, a registered New York State Department of Labor apprenticeship training program, an educational institution or school chartered by the New York State Department of Education, or an entity acceptable to the Commissioner.

(B) The course must be presented by an instructor who has been trained by the manufacturer of the hoisting machine.

(C) The course must, at a minimum, include instruction on the following topics:

1. The controls of the hoisting machine, including differences in controls based on operation mode;
2. The computer systems of the hoisting machine, including setup of the computer to match the configuration of the hoisting machine;
3. Operational aids and safety devices of the hoisting machine;
4. Wind and weather restrictions for the hoisting machine, including differences based on configuration, with emphasis on requirements when set up in configurations with a boom or boom/jib combination greater than 300 feet (91.44 m) in length; and
5. The procedures to boom-up, jackknife, and laydown the boom or boom/jib combination of the hoisting machine, including differences based on configuration, with emphasis on requirements when set up in configurations with a boom or boom/jib combination greater than 300 feet (91.44 m) in length.

(D) Instruction on makes and models of hoisting machines deemed by the Commissioner to be substantially equivalent may be included in the course.

(ii) A practical exam that meets the following requirements:

(A) The practical exam must be witnessed by a Class B Licensed Hoisting Machine Operator who must attest to the department that the hoisting machine operator who took the exam successfully passed the exam.

(B) The practical exam must be visually recorded. The record must be made available to the department upon request and must be maintained for a period of three (3) years by the entity that conducted the course required by subparagraph (i) of this paragraph, or, where such entity does not conduct the exam, by the Class B Licensed Hoisting Machine Operator who witnessed the exam.

(C) The exam must be conducted on one of the following:

1. On the hoisting machine configured with a boom or boom/jib combination greater than 300 feet (91.44 m) in length, and with the hoisting machine set back from all areas accessible to the public; or
2. On a simulator acceptable to the Commissioner. At a minimum, the simulator must be capable of recreating the controls and operating characteristics of the hoisting machine. During the exam, the simulator must recreate the hoisting machine in a configuration with a boom or boom/jib combination greater than 300 feet (91.44 m) in length.

(D) The practical exam must assess the candidate on the following:

1. Knowledge of the hoisting machine's controls, including operational modes where the controls may be reversed; and
2. For a crane with a luffing jib, ability to raise, jackknife, and laydown the boom with the luffing jib attached; or
3. For a crane with a telescoping boom, ability to extend or retract the boom with an attached jib.

(2) Substantially equivalent hoisting machines. A hoisting machine operator who already possesses a rating may, in lieu of satisfying the requirements of paragraph (1) of this subdivision, receive additional ratings if the commissioner deems the additional makes and models of hoisting machines to be substantially equivalent to a hoisting machine for

which the hoisting machine operator already possesses a rating. For a hoisting machine to be deemed substantially equivalent, it must, at a minimum, be manufactured by the same manufacturer and possess the same carrier type.

- (3) Renewal of ratings. Beginning July 1, 2019, ratings must be renewed at the same time the underlying hoisting machine operator license is renewed. A rating will be considered to be renewed if the licensee demonstrates to the satisfaction of the Commissioner that he or she has successfully complied, during the preceding term of the license, with paragraph (1) of this subdivision, or as applicable, with paragraph (2) of this subdivision.

Statement of Basis and Purpose of Proposed Rule

The Office of Citywide Events Coordination and Management (OCECM), Street Activity Permit Office (SAPO) administers New York City's permit system for street activities, block parties and fairs.

Each year SAPO issues permits to over 200 street fairs and over 5,000 other events, most of which include the use of multiple blocks over several days, the erection of structures, the vending of food, apparel and other goods and the use of amplified sound and the performance of music. Events like these require additional police officers which increases overtime costs to the City. These events also divert police officers from core crime fighting, public safety and counter terrorism duties.

To more effectively deploy police resources and control overtime costs, the New York City Police Department has requested that SAPO

exercise its discretion temporarily to deny permits for additional events scheduled for calendar year 2018. The proposed rules will authorize SAPO to deny permits to these events only if the event was not held in the calendar year 2017. Events that received permits in calendar year 2017 will be eligible to receive permits again in calendar year 2018.

SAPO authority for these rules is found in Section 1043 of the New York City Charter and Executive Order No. 105 of 2007.

FORMULATION OF THE PROPOSED 2018 CONSOLIDATED PLAN ONE-YEAR ACTION PLAN

TO ALL INTERESTED AGENCIES, COMMUNITY BOARDS, GROUPS, AND PERSONS:

In accordance with 24 CFR 91.105 of the U.S. Department of Housing and Urban Development (HUD) Consolidated Plan regulations regarding citizen participation, the Department of City Planning, along with the agencies responsible for implementing the City of New York's *Consolidated Plan* have scheduled a:

Public Hearing on the Formulation of the Proposed 2018 Consolidated Plan: One-Year Action Plan.
Thursday, October 26, 2017, 10:30 A.M. to 12:00 P.M.
Spector Hall, Department of City Planning, 22 Reade Street, Manhattan

The *Proposed Consolidated Plan Action Plan* is required by the United States Department of Housing and Urban Development (HUD). It consolidates the statutory requirements of the Cranston-Gonzalez Housing Act's Comprehensive Housing Affordability Strategy, and the City's annual application for the four HUD Office of Community Planning and Development's entitlement programs: Community Development Block Grant (CDBG), HOME Investment Partnership, Emergency Solutions Grant (ESG), and Housing Opportunities for Persons with AIDS (HOPWA).

The Proposed Action Plan serves not only as the City's application for the funds, but also as the HOPWA grant application for the New York HOPWA Eligible Metropolitan Statistical Area (HOPWA EMSA). The HOPWA EMSA is comprised of the five boroughs of the City of New York plus three upstate New York counties (Westchester, Rockland and Orange), as well as three counties in central New Jersey: Middlesex, Monmouth and Ocean, respectively. The County of Westchester administers the HOPWA funds for the cities of Mount Vernon, New Rochelle, and Yonkers which are incorporated within its boundaries.

The Public Hearing has been scheduled to obtain comments on the formulation of the document and on the City's use of Federal funds to address housing, services for the homeless, supportive housing service and community development needs, affirmatively further fair housing, and the development of proposed activities. Another purpose of this session is to answer and discuss questions concerning the *Proposed 2018 Consolidated Plan: One Year Action Plan*. In addition, at this forum, agency representatives will receive comments on the City's performance of Consolidated Plan activities in 2017.

New York City's Federal Fiscal Year (FFY) 2017 Federal allocation is expected to be approximately \$261.3 million from the four HUD entitlement grant programs (approximately \$150.3 million (CDBG); \$53.3 million (HOME Program); \$13.5 million (ESG); and, \$44.2 million (HOPWA), respectively). However, Congress has yet to pass the FFY 2018 HUD Appropriations Bill. As a result, the actual grant amounts the City will receive for 2018 remain to be determined.

Questions concerning New York City's Consolidated Plan should be sent to Charles V. Sorrentino, the New York City Consolidated Plan Coordinator, at the Department of City Planning, 22 Reade Street 4N, New York, NY 10007, or call (212) 720-3337.

Persons unable to attend the hearing may submit their comments regarding the *Proposed 2018 Consolidated Plan One-Year Action Plan* in a MS Word or Adobe PDF file to: Con-PlanNYC@planning.nyc.gov.

Federal excise taxes are imposed on taxable fuels, (i.e., gasoline, kerosene, and diesel), when removed from a taxable fuel terminal. This fuel excise tax does not include Leaking Underground Storage Tank (LUST) tax. LUST tax applies to motor fuels for both diesel and gasoline invoices. Going forward, LUST Tax will appear as an additional fee at the rate of \$0.001 per gallon and will be shown as a separate line item on your invoice.

REMINDER FOR ALL AGENCIES:

Please send inspection copy of receiving report for all gasoline (E85, UL & PREM) delivered by tank wagon to OCP/Bureau of Quality Assurance (BQA), 1 Centre Street, 18th Floor, New York, NY 10007.

OFFICE OF MANAGEMENT AND BUDGET

■ NOTICE

**COMMUNITY DEVELOPMENT BLOCK GRANT –
DISASTER RECOVERY (CDBG-DR)
EARLY NOTICE AND PUBLIC REVIEW OF A PROPOSED
ACTIVITY IN A 100-YEAR FLOODPLAIN AND WETLAND**

October 20, 2017:

To: All Interested Agencies, Groups & Individuals

This is to give notice that the City of New York (the City) is proposing to undertake activities within the 100-year floodplain relating to the U.S. Department of Housing and Urban Development's (HUD) Community Development Block Grant-Disaster Recovery (CDBG-DR) program. President Obama signed the "Disaster Relief Appropriations Act, 2013" (Public Law 113-2) into law on January 29, 2013. Among other appropriations, the Act included \$16 billion in CDBG-DR funds for "necessary expenses related to disaster relief, long-term recovery, restoration of infrastructure and housing, and economic revitalization in the most impacted and distressed areas resulting from Hurricane Sandy." Pursuant to 24 CFR Part 58, the City, as the sub-recipient of the grant funds, has identified its Office of Management and Budget (OMB) as the Responsible Entity for maintaining the CDBG-DR Environmental Review Record. This notice is required by Section 2(a) (4) of Executive Order (EO) 11988 for Floodplain Management, and by Section 2(b) of EO 11990 for the Protection of Wetlands, and is implemented by HUD Regulations found at 24 CFR 55.20(b) for the HUD action that is within and/or affects a floodplain or wetland.

There are three primary purposes for this notice. First, people who may be affected by activities in floodplains and wetlands and those who have an interest in the protection of the natural environment should be given an opportunity to express their concerns and provide information about these areas. Second, an adequate public notice program can be an important public education tool. Commenters are encouraged to offer alternative methods to serve the same project purpose, and methods to minimize and mitigate impacts. The dissemination of information and request for public comment about floodplains and wetlands can facilitate and enhance Federal efforts to reduce the risks associated with the occupancy and modification of these special areas. Third, as a matter of fairness, when the Federal government determines it will participate in actions taking place in floodplains and wetlands, it must inform those who may be put at greater or continued risk.

The proposed project, known as the Edgemere Rebuild Relocation Program is funded through the City's Build It Back (BIB) Single Family Houses (1-4 unit) program which was designed to rehabilitate, elevate, and/or reconstruct properties damaged by Hurricane Sandy and managed by the NYC Mayor's Office of Housing Recovery (HRO). The proposed project is located at the following addresses: Beach 43rd Street, Beach 46th Street, and Beach 47th Street in Queens County, NY.

In order to reduce long term physical and financial risk, BIB established a rebuild-relocation program within a defined hazard mitigation zone (HMZ). Within the HMZ, the City will reduce future risk to eligible BIB applicants by relocating them to City-Owned property further inland. Additionally, the damaged private property acquired by the City will be used to further neighborhood wide resiliency efforts through deed restrictions limiting future development.

The project consists of demolition of four storm-damaged single-family homes in Edgemere, located at 569, 466A, 462, and 459 Beach 43rd Street and construction of four new single-family homes, located at 410 and 423 Beach 43rd Street, 431 Beach 46th Street, and the east corner of Beach 47th Street and Norton Avenue (this subject lot contains no street address, the tax identifier for this parcel is BBL 4159690035). The entire project area is within the 100-year floodplain, as shown on the FEMA Flood Insurance Rate Map (FIRM) 3604970382F panel 382 of 457. In addition, the overall perimeter of the project area is located within mapped wetlands or wetland adjacent areas, as mapped by the New York State Department of Environmental Conservation (NYSDEC).

The four existing homes located within the HMZ will be demolished. The lots will be acquired by New York City and will be deed-restricted to remain undeveloped open space in perpetuity. This will help preserve wetland and floodplain values in the community. The activities at the proposed new home sites include clearing, grading and construction of new single-family homes.

Temporary floodplain impacts would be limited to the extent of the properties (approximately 0.8 acres), with permanent impacts limited to the footprint of the four new homes. The new homes would be elevated above the Base Flood Elevation (BFE) to reduce the potential impact from future flooding. Due to the proximity to wetlands, wetland permits may be required for the demolition activities at the four existing home sites. However, while demolition activities are proposed within wetland adjacent areas, no direct wetland impacts are anticipated as no new construction is proposed within the wetlands.

This public notice and the associated maps for the affected properties listed above are available for viewing using the following link, <http://www.nyc.gov/html/recovery/html/home/home.shtml>.

OMB is interested in alternatives and public perceptions of possible adverse impacts that could result from these projects as well as potential mitigation measures. The activities will occur in areas served by existing infrastructure. All interested persons, groups and agencies are invited to submit comments regarding the proposed use of Federal funds to support a project located in a floodplain. Written comments should be sent to OMB, at 255 Greenwich Street, 8th Floor, New York, NY 10007, Attn: Calvin Johnson, Assistant Director, CDBG Disaster Recovery. Comments may also be submitted via email at CDBGDR-Enviro@omb.nyc.gov. Written comments must be received by OMB on or before 11/6/2017, or fifteen (15) days from the actual date of publication, whichever is later.
