The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children's Services (ACS)
 Department for the Aging (DFTA)
 Department of Consumer Affairs (DCA)
 Department of Corrections (DOC)
 Department of Health and Mental Hygiene (DOHMH)

The demonstration is related to the development of efficient solutions to the use of waste heat generated by City Owned facilities to

reduce Green House Emissions and lower power consumption in selected facilities.

This demonstration project is in the best interest of DCAS as it supports the Mayor's Climate Action Executive Order and the mandate to meet the principles and goals of the Paris Climate Agreement of limiting warming to only 1.5 degrees Celsius, by providing DCAS with particular expertise as a means to continue developing its operations and maintenance, and planning programs. The Sherwood Logan Inc., is in the best interest for the City because through the IDEA Program the City assesses the value of emerging and underutilized technologies in City Facilities, using demonstrations in order to inform the City's energy strategy, and larger scale procurement. The City will examine the resiliency benefits, cost savings GHG reduction and demand reduction. A performance assessment of the technology will be compiled after the one year demonstration.

Qualified vendors may express their interest in providing such services in the future by contacting Jeff Choi at (212) 386-0407 or jchoi@dcas.nyc.gov
