ARTICLE XIV: SPECIAL PURPOSE DISTRICTS

Chapter 1 - Special Jerome Corridor District

141-00 GENERAL PURPOSES

The "Special Jerome Corridor District" established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

- (a) to encourage well-designed buildings that complement the built character of the Highbridge, Concourse, Mount Eden, Mount Hope, Morris Heights, and University Heights neighborhoods;
- (b) to achieve a harmonious visual and functional relationship with the adjacent neighborhoods;
- (c) to enhance neighborhood economic diversity by broadening the range of housing choices for residents at varied incomes;
- (d) to create a livable community combining housing, retail and other uses throughout the district;
- (e) to create a walkable, urban streetscape environment through a mix of ground floor uses;

- (f) to create a lively and attractive built environment that will provide daily amenities and services for the use and enjoyment of area residents, workers and visitors;
- (g) to provide flexibility of architectural design within limits established to assure adequate access of light and air to the street, and thus to encourage more attractive and economic building forms on zoning lots with irregular shapes and on zoning lots fronting on the elevated rail structure along Jerome and River Avenues; and
- (h) to promote the most desirable use of land in accordance with a well-considered plan and thus conserve the value of land and buildings, and thereby protect the City's tax revenues.

141-01 General Provisions

The provisions of this Chapter shall apply within the #Special Jerome Corridor District#. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control.

141-02 District Plan and Maps

In order to carry out the purposes and provisions of this Chapter, district maps are located in the Appendix to this Chapter and are hereby incorporated and made an integral part of this Resolution. They are incorporated for the purpose of specifying locations where special regulations and requirements, as set forth in the text of this Chapter, apply.

- Map 1 Special Jerome Corridor District, Subdistrict and Subareas
- Map 2 Designated locations for street wall continuity and ground floor retail in Subarea A1
- Map 3 Designated locations for street wall continuity and ground floor retail in Subareas A2 and A3

141-03 Subdistricts and Subareas

In order to carry out the provisions of this Chapter, one Subdistrict and three Subareas are established, as follows:

- Subdistrict A:
 - Subarea A1
 - Subarea A2
 - Subarea A3

The location and boundaries of this Subdistrict and Subareas are shown on Map 1 (Special Jerome Corridor District, Subdistrict and Subareas) in the Appendix to this Chapter.

141-04 Applicability of the Inclusionary Housing Program

For the purposes of applying the Inclusionary Housing Program provisions set forth in Section 23-154 and in Section 23-90, inclusive, #Mandatory Inclusionary Housing areas# within the #Special Jerome Corridor District# are shown on the maps in APPENDIX F of this Resolution.

141-10 SPECIAL USE REGULATIONS

Within the #Special Jerome Corridor District#, the underlying #use# regulations are modified by the provisions of this Section.

141-11 Special Permit for #Transient Hotels#

The #development# or #enlargement# of a #building# containing a #transient hotel#, as listed in Section 32-14 (Use Group 5), or the #conversion# or change of #use# within an existing #building# to a #transient hotel#, shall only be allowed in C2 Districts, subject to the locational criteria set forth in the double-asterisked footnote of Use Group 5 in Section 32-14, and in C4 Districts;

- (a) upon certification by the Chairperson of the City Planning Commission to the Commissioner of Buildings that the #residential development# goal, as set forth in this Section, has been met; or
- (b) by special permit by the City Planning Commission where such #residential development# goal, has not been met. To permit such a #transient hotel#, the Commission shall find that:
 - (1) sufficient sites are available in the area to meet the #residential development# goal; or

- (2) a harmonious mix of residential and non-residential uses# has been established in the area, and such transient hotel# is consistent with the character of the surrounding area.

The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

For the purpose of applying the provisions of this Section, the residential development# goal shall be met when at least 3,006 dwelling units# within the Special Jerome Corridor District# have received temporary or final certificates of occupancy subsequent to [date of adoption].

141-20 SPECIAL BULK REGULATIONS

The underlying height and setback regulations are modified by the provisions of this Section.

141-21 Special Height and Setback Regulations Along the Elevated Rail Structure, Outside of Subdistrict A

For zoning lots#, or portions thereof, within 100 feet of street lines# along the elevated rail structure on Jerome or River Avenues, and located outside of Subdistrict A, the underlying height and setback provisions are modified by the provisions of this Section.

- (a) Street wall# location

At least 70 percent of the aggregate width of street walls# shall be located within eight feet of the street line# and shall extend to at least a minimum base height of 15 feet, or the height of the building#, whichever is lower. The remaining aggregate width of street walls# may be recessed beyond eight feet of the street line#, provided that any such recesses deeper than 10 feet along a wide street# or 15 feet along a narrow street# are located within an outer court#.

The underlying allowances for street wall# articulation, set forth in paragraph (e) of Section 35-651 (Street wall location) shall be permitted to project or recess, where applicable, beyond the street wall# locations established in this paragraph.

Any open space between a street wall# and a street line# along the elevated rail structure on Jerome or River Avenues shall comply with the special open space provisions of paragraph (a) of Section 141-33.

- (b) Base heights, maximum building# heights, and maximum number of stories#

Table 1 below sets forth, by zoning district, the minimum and maximum base height, the maximum height of a building# or other structure#, and the maximum number of stories# for buildings#, or portions thereof. For zoning lots# in a Commercial District# the applicable district shall be the Residence District# within which such Commercial District# is mapped, or the applicable residential equivalent set forth in the tables in Section 35-23 (Residential Bulk Regulations in Other C1 or C2 Districts or in C3, C4, C5 or C6 Districts).

Separate maximum base heights are established in Table 1 for street walls# of buildings# facing streets# intersecting Jerome or River Avenues, and for street walls# facing the elevated rail structure. The maximum base heights along intersecting streets# shall also apply to street walls# facing the elevated rail structure on Jerome or River Avenues within 75 feet of the corner.

A setback is required for all portions of buildings# or other structures# that exceed the maximum base height specified for the district, and shall be provided at a height not lower than the minimum base height or higher than the permitted maximum base height. Such setback shall have a depth of at least 10 feet from any street wall# fronting on a wide street#, and a depth of at least 15 feet from any street wall# fronting on a narrow street#. The underlying provisions of paragraphs (c)(2) through (c)(4) of Section 23-662 shall apply to such setbacks.

A minimum of 20 percent of the surface area of such street walls# above the level of the second story#, or a height of 30 feet, whichever is lower, shall either recess or project a minimum of three feet from the remaining surface of the street wall#. Any such projections shall be considered a permitted obstruction into a required setback, and the depth of such projections along the elevated rail structure shall not exceed three feet.

In addition, the underlying dormer provisions of paragraph (c) of Section 23-621 shall be modified for portions of buildings# facing the elevated rail structure, so that above the maximum base height set forth in paragraph (b) of this Section, dormers shall be permitted only within 75 feet of a corner.

141-22 Special Height and Setback Regulations in Subdistrict A

In Subdistrict A, as shown on Map 1 (Special Jerome Corridor District, Subdistrict and Subareas) in the Appendix to this Chapter, the underlying height and setback provisions are modified by the provisions of this Section.

- (a) Street wall# location

- (1) Along the elevated rail structure

For street walls#, or portions thereof, within 100 feet of street lines# along the elevated rail structure on Jerome or River Avenues, the provisions of paragraph (a) of Section 141-22 shall apply.

- (2) Along designated streets#

For street walls#, or portions thereof, along streets# designated on Maps 2 and 3 in the Appendix to this Chapter, at least 70 percent of the aggregate width of street walls# shall be located within eight feet of the street line# and shall extend to at least a height of 30 feet, or the height of the building#, whichever is lower. In addition, above a height of 30 feet, at least 50 percent of the aggregate width of street walls# shall be located within eight feet of the street line# and shall extend to at least a minimum base height of 60 feet, or the height of the building#, whichever is lower.

The remaining aggregate width of street walls# may be recessed beyond eight feet of the street line#, provided that any such recesses deeper than 10 feet along a wide street# or 15 feet along a narrow street# are located within an outer court#.

The underlying allowances for street wall# articulation, set forth in paragraph (e) of Section 35-651 shall be permitted to project or recess, where applicable, beyond the street wall# locations established in this paragraph.

In the corner locations designated on Maps 2 and 3, an open space may be provided within 75 feet of the corner, pursuant to the provisions of paragraph (b) of Section 141-33.

- (3) Along other streets#

Along other streets#, no street wall# location provisions shall apply, and no minimum base heights shall apply.

- (b) Base heights, maximum building# heights, and maximum number of stories#

Table 2 below sets forth, by zoning district, the maximum base height, the maximum transition height, the maximum height of a building# or other structure# and the maximum number of stories# for buildings#.

However, for street walls# facing the elevated rail structure along Jerome or River Avenues beyond 75 feet of the corner, the maximum base height shall be 30 feet.

A setback is required for all portions of buildings# or other structures# that exceed the maximum base height specified for the district, and shall be provided at a height not lower than the minimum base height, where applicable, or higher than the permitted maximum base height. Such setback shall have a depth of at least 10 feet from any street wall# fronting on a wide street#, and a depth of at least 15 feet from any street wall# fronting on a narrow street#. However, for portions of buildings# or other structures# along Cromwell Avenue located beyond 200 feet from a corner, a minimum setback with a depth of at least 30

feet shall be provided. The underlying provisions of paragraphs (c) (2) through (c)(4) of Section 23-662 shall apply to all such setbacks.

In R9A Districts, or #Commercial Districts# mapped over an R9A District, above the required setback, the height of a #building# shall not exceed the maximum transition height set forth in Table 2, except that where the #lot coverage# of all #buildings# on the #zoning lot# above the maximum transition height has been reduced to 50 percent on #zoning lots# with a #lot area# less than or equal to 15,000 square feet, 40 percent on #zoning lots# with a #lot area# greater than 15,000 square feet but less than 30,000 square feet, and 30 percent for all other #zoning lots#, a #building# may rise up to the maximum #building or other structure# height set forth in Table 2. The maximum #street wall# width of any #story# above the maximum transition height shall not exceed 165 feet, and where two or more non-contiguous portions of a #building# exist at the same level above the maximum transition height, such portions shall provide a minimum distance of 60 feet between facing walls at any point.

Table 2

Base Heights, Maximum #Building# Heights and Maximum Number of #Stories#

District	Maximum Base Height (in feet)	Maximum Transition Height (in feet)	Maximum Height of #Buildings or Other Structures# in Certain Locations (in feet)	Maximum Number of #Stories#

R9A	125	175	225	22

(c) Required and permitted articulation

A minimum of 20 percent of the surface area of #street walls# above the level of the second #story#, or a height of 30 feet, whichever is lower, shall either recess or project a minimum of three feet from the remaining surface of the #street wall#. Any such projections shall be considered a permitted obstruction into a required setback, provided that any projections with a depth greater than five feet shall be considered a dormer.

In addition, the underlying dormer provisions of paragraph (c) of Section 23-621 shall apply, except that for #street walls# intersecting within 100 feet of the corners designated on Maps 2 and 3 in the Appendix to this Chapter, and irrespective of the width of the #street wall# below the maximum base height, dormers shall be permitted within 100 feet of such intersecting #street walls#. Such dormers need not decrease in width as the height above the maximum base height increases.

Any dormers or projections provided in accordance with this paragraph need not be included in the maximum #lot coverage# permitted above the maximum transition height, nor be included in the maximum #street wall# width of a #story#.

141-30 SPECIAL STREETScape REGULATIONS

141-31 Applicability of underlying ground floor use regulations

In C2 Districts mapped within R7D Districts, the underlying supplemental #use# regulations of Section 32-434 (Ground floor use in C4-5D and C6-3D Districts and in certain C2 Districts) shall not apply. In lieu thereof, the provisions of Section 141-32 (Ground Floor Use Regulations) shall apply.

141-32 Ground Floor Use Regulations

For the purposes of applying the special #ground floor level# streetscape provisions set forth in Section 37-30 to this Chapter, any portion of a #ground floor level street# frontage of a #zoning lot# in a #Commercial District# located within 50 feet of #street lines# along the elevated rail structure on Jerome or River Avenues, and, in Subdistrict A, a #ground floor level street# frontage along #streets#, or portions thereof, designated on Maps 2 and 3 in the Appendix to this Chapter, shall be considered #primary street frontages#. A #ground floor level street# frontage along any other #street# shall be considered a #secondary street frontage#. For the purposes of this Section, defined terms shall include those in Sections 12-10 and 37-311.

The provisions of this Section shall apply to #developments# or ground floor level #enlargements#.

(a) Along #primary street frontages#

For #buildings# with #primary street frontage#, or portions thereof, #uses# on the #ground floor level#, to the minimum depth set forth in Section 37-32 (Ground Floor Depth Requirements for Certain Uses), shall be limited to non-#residential uses#, except for Type 1 lobbies and entrances and exits to #accessory# parking spaces provided in accordance with the applicable provisions of Section 37-33 (Maximum Width of Certain Uses). #Group parking facilities# located on the #ground floor level# shall be wrapped by #floor area# in accordance with the provisions of paragraph (a) of Section 37-35 (Parking Wrap and Screening Requirements). #Ground floor level street walls# shall be glazed in accordance with the provisions set forth in Section 37-34 (Minimum Transparency Requirements).

(b) Along #secondary street frontages#

For #buildings# with #secondary street frontage#, or portions thereof, all #uses# permitted by the underlying district shall be permitted on the #ground floor level#, provided that any accessory# off-street parking spaces on the #ground floor level# shall be wrapped or screened in accordance with Section 37-35.

The level of the finished floor of such ground floor shall be located not higher than five feet above nor lower than five feet below the as-built level of the adjoining #street#.

141-33 Special Open Space Provisions

Along the elevated rail structure on Jerome or River Avenues, where open space is provided between the #street line# of the #zoning lot# and the #street wall# of a #building# facing the elevated rail structure, or in Subdistrict A, where open space is provided between the #street wall# and the corner at a located designated on Map 2 or 3 in the Appendix to this Chapter, the provisions of Section 28-23 (Planting Areas) shall apply to all #buildings#, whether the ground floor is occupied by #residential uses# or non- #residential uses#, subject to the modifications of this Section.

(a) Along the elevated rail structure on Jerome or River Avenues

Along the elevated rail structure on Jerome or River Avenues, a sidewalk widening, built to Department of Transportation standards, may be provided as an alternative to planting, provided that the area that would otherwise be allocated to planting, measured in square feet, is allocated to streetscape amenities, including, but not limited to, trees, bicycle racks, benches, or wall treatment, are provided along such sidewalk widening, as set forth below.

Where benches are provided as an alternative to such planting, the length of such benches shall not exceed, in the aggregate, 15 feet per every 50 feet of #street wall# frontage. Where bicycle racks are provided, such racks shall be oriented so that the bicycles are placed parallel to the #street wall#, and the width of such bicycle racks shall not exceed, in the aggregate, 10 feet per every 50 feet of #street wall# frontage. Such benches or bicycle racks shall be located entirely within the #zoning lot#, and each bench or bicycle rack so provided shall be equivalent to 15 square feet of planted area.

Where trees, and associated tree pits are provided as an alternative, the minimum depth of any open space between the #street wall# and #street line# shall be eight feet. Each tree provided shall be equivalent to 15 square feet of planted area.

Where a wall treatment is provided as an alternative, it shall be in the form of permitted #signs#, graphic or sculptural art, rustication, decorative screening or latticework, or living plant material along the #street wall#. Such wall treatment shall extend to a height of at least 10 feet, as measured from the level of the adjoining sidewalk or grade, and shall have a minimum width of 10 feet, as measured parallel to the #street wall#. Portions of a #street wall# providing such wall treatment may be exempted from the ground floor glazing requirements of paragraph (a) of Section 141-32, provided that the exempted area not exceed 50 percent of the #street wall#, or a #street wall# width of 20 feet, whichever is less. The portion of the #street wall# allocated to a wall treatment shall satisfy the planting requirement directly in front of such #street wall#.

Where planting is provided, the minimum depth of open space between the #street line# and the #street wall# shall not be less than three feet.

(b) In Subdistrict A

In Subdistrict A, where open space is provided between the #street wall# and the intersection of two #streets#, pursuant to paragraph (a)(2) of Section 141-22, streetscape amenities may be provided as an alternative to planting, provided that the area that would otherwise be allocated to planting, measured in square feet, is allocated to trees, benches, or tables and chairs, as set forth below. However, planting shall not be reduced to less than 20 percent of the area of the open space.

Each bench provided shall be equivalent to 10 square feet of planted area, and each set of tables and at least two chairs shall be equivalent to 15 square feet of planted area. ARTICLE XIV - SPECIAL PURPOSE DISTRICTS

Chapter 1 - Special Jerome Corridor District

**141-00
GENERAL PURPOSES**

The "Special Jerome Corridor District" established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

- (i) to encourage well-designed buildings that complement the built character of the Highbridge, Concourse, Mount Eden, Mount Hope, Morris Heights, and University Heights neighborhoods;
- (j) to achieve a harmonious visual and functional relationship with the adjacent neighborhoods;
- (k) to enhance neighborhood economic diversity by broadening the range of housing choices for residents at varied incomes;
- (l) to create a livable community combining housing, retail and other uses throughout the district;
- (m) to create a walkable, urban streetscape environment through a mix of ground floor uses;
- (n) to create a lively and attractive built environment that will provide daily amenities and services for the use and enjoyment of area residents, workers and visitors;
- (o) to provide flexibility of architectural design within limits established to assure adequate access of light and air to the street, and thus to encourage more attractive and economic building forms on zoning lots with irregular shapes and on zoning lots fronting on the elevated rail structure along Jerome and River Avenues; and
- (p) to promote the most desirable use of land in accordance with a well-considered plan and thus conserve the value of land and buildings, and thereby protect the City's tax revenues.

**141-01
General Provisions**

The provisions of this Chapter shall apply within the #Special Jerome Corridor District#. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control.

**141-02
District Plan and Maps**

In order to carry out the purposes and provisions of this Chapter, district maps are located in the Appendix to this Chapter and are hereby incorporated and made an integral part of this Resolution. They are incorporated for the purpose of specifying locations where special regulations and requirements, as set forth in the text of this Chapter, apply.

The #development# or #enlargement# of a #building# containing a #transient hotel#, as listed in Section 32-14 (Use Group 5), or the #conversion# or change of #use# within an existing #building# to a #transient hotel#, shall only be allowed in C2 Districts, subject to the locational criteria set forth in the double-asterisked footnote of Use Group 5 in Section 32-14, and in C4 Districts;

- (a) upon certification by the Chairperson of the City Planning Commission to the Commissioner of Buildings that the #residential development# goal, as set forth in this Section, has been met; or
- (b) by special permit by the City Planning Commission where such #residential development# goal, has not been met. To permit such a #transient hotel#, the Commission shall find that:
 - (1) sufficient sites are available in the area to meet the #residential development# goal; or
 - (2) a harmonious mix of #residential# and non-#residential uses# has been established in the area, and such #transient hotel# is consistent with the character of the surrounding area.

The City Planning Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

For the purpose of applying the provisions of this Section, the #residential development# goal shall be met when at least 3,006 #dwelling units# within the #Special Jerome Corridor District# have received temporary or final certificates of occupancy subsequent to [date of adoption].

**141-12

**141-13
Modification of Supplemental Use Provisions**

For #mixed buildings# constructed after [date of adoption] on #zoning lots# in C1 or C2 Districts mapped within R7 or R8 Districts with #street lines# along the elevated rail structure on Jerome or River Avenues, the underlying provisions of Section 32-421 (Limitation on floors occupied by commercial uses) shall be modified to allow #commercial uses# listed in Use Groups 6, 7, 8, 9 or 14 to occupy the lowest two #stories#.

**141-22
Special Height and Setback Regulations Along the Elevated Rail Structure Outside Subdistrict A**

For #zoning lots#, or portions thereof, within 100 feet of #street lines# along the elevated rail structure on Jerome or River Avenues, and located outside Subdistrict A, the underlying height and setback provisions are modified by the provisions of this Section.

(c) #Street wall# location

At least 70 percent of the #aggregate width of street walls# shall be located within eight feet of the #street line# and shall extend to at least a minimum base height of 15 feet, or the height of the #building#, whichever is lower. The remaining #aggregate width of street walls# may be recessed beyond eight feet of the #street line#, provided that any such recesses deeper than 10 feet along a #wide street# or 15 feet along a #narrow street# are located within an #outer court#.

The underlying allowances for #street wall# articulation, set forth in paragraph (e) of Section 35-651 (Street wall location) shall be permitted to project or recess, where applicable, beyond the #street wall# locations established in this paragraph.

Any open space between a #street wall# and a #street line# along the elevated rail structure on Jerome or River Avenues shall comply with the special open space provisions of paragraph (a) of Section 141-33.

(d) Base heights, maximum #building# heights and maximum number of #stories#

The table in this Section sets forth, by zoning district, the minimum and maximum base height, the maximum height of a #building or other structure#, and the maximum number of #stories# for #buildings#, or portions thereof. For #zoning lots# in a #Commercial District# the applicable district shall be the #Residence District# within which such #Commercial District# is mapped, or the applicable residential equivalent set forth in the tables in Section 35-23 (Residential Bulk Regulations in Other C1 or C2 Districts or in C3, C4, C5 or C6 Districts).

Separate maximum base heights are established in the table in this Section for #street walls# of #buildings# facing #streets# intersecting Jerome or River Avenues, and for #street walls# facing the elevated rail structure. The maximum base heights along intersecting #streets# shall also apply to #street walls# facing the elevated rail structure on Jerome or River Avenues within 75 feet of the corner.

A setback is required for all portions of #buildings or other structures# that exceed the maximum base height specified for the district, and shall be provided at a height not lower than the minimum base height or higher than the permitted maximum base height. Such setback shall have a depth of at least 10 feet from any #street wall# fronting on a #wide street#, and a depth of at least 15 feet from any #street wall# fronting on a #narrow street#. The underlying provisions of paragraphs (c)(2) through (c)(4) of Section 23-662 (Maximum height of buildings and setback regulations) shall apply to such setbacks.

Base Heights, Maximum #Building# Heights and Maximum Number of #Stories#

District	Maximum Base Height along Elevated Rail Structure, beyond 75 feet of the corner (in feet)	Maximum Base Height on Intersecting Streets, and within 75 feet of the corner (in feet)	Maximum Height of #Buildings or Other Structures# (in feet)	Maximum Number of #Stories#

Any such projections shall be considered a permitted obstruction into a required setback, and the depth of such projections along the elevated rail structure shall not exceed three feet.

In addition, the underlying dormer provisions of paragraph (c) of Section 23-621 shall be modified for portions of #buildings# facing the elevated rail structure, so that above the maximum base height set forth in paragraph (b) of this Section, dormers shall be permitted only within 75 feet of a corner.

(i) In #Commercial Districts#

For #street walls#, or portions thereof, located in #Commercial Districts#, at least 70 percent of the #aggregate width of street walls# shall be located within eight feet of the #street line# and shall extend to at least a height of 30 feet, or the height of the #building#, whichever is lower. In addition, above a height of 30 feet, at least 50 percent of the #aggregate width of street walls# shall be located within eight feet of the #street line# and shall extend to at least a minimum base height of 60 feet, or the height of the #building#, whichever is lower.

The remaining #aggregate width of street walls# may be recessed beyond eight feet of the #street line#, provided that any such recesses deeper than 10 feet along a #wide street# or 15 feet along a #narrow street# are located within an #outer court#.

The underlying allowances for #street wall# articulation, set forth in paragraph (e) of Section 35-651 shall be permitted to project or recess, where applicable, beyond the #street wall# locations established in this paragraph.

In the corner locations designated on Maps 2 and 3, an open space may be provided within 75 feet of the corner, pursuant to the provisions of paragraph (b) of Section 141-33.

(ii) In #Residence Districts#

For #street walls#, or portions thereof, located in #Residence Districts#, at least 70 percent of the #aggregate width of street walls# shall be located within 15 feet of the #street line# and shall extend to at least the minimum base height set forth in paragraph (b) of this Section, or the height of the #building#, whichever is lower.

(6) Along other #streets#

In Subareas A1 through A4, along #streets# that are not designated on Maps 2 through 5, no #street wall# location provisions shall apply, and no minimum base heights shall apply.

(e) Base heights, maximum #building# heights, and maximum number of #stories#

The table in this Section sets forth, by zoning district, the maximum base height, the maximum transition height, the maximum height of a #building or other structure# and the maximum number of #stories# for #buildings#.

However, for #street walls# facing the elevated rail structure along Jerome or River Avenues beyond 75 feet of the corner, the maximum base height shall be 30 feet.

A setback is required for all portions of #buildings or other structures# that exceed the maximum base height specified for the district, and shall be provided at a height not lower than the minimum base height, where applicable, or higher than the permitted maximum base height. Such setback shall have a depth of at least 10 feet from any #street wall# fronting on a #wide street#, and a depth of at least 15 feet from any #street wall# fronting on a #narrow street#. However, for portions of #buildings or other structures# along Cromwell Avenue located beyond 200 feet from a corner, a minimum setback with a depth of at least 30 feet shall be provided. The maximum #street wall# width of any #story# above the maximum transition height shall not exceed 165 feet, and where two or more non-contiguous portions of a #building# exist at the same level above the maximum transition height, such portions shall provide a minimum distance of 60 feet between facing walls at any point.

Base Heights, Maximum #Building# Heights and Maximum Number of #Stories#

District	Maximum Base Height (in feet)	Maximum Transition Height (in feet)	Maximum Height of #Buildings or Other Structures# in Certain Locations (in feet)	Maximum Number of #Stories#
R8A	105	N/A	145	14
R9A	125	175	225	22

(f) Required and permitted articulation

In Subareas A1 through A3, along #streets# designated in Maps 2 through 4 in the Appendix to this Chapter, for #street wall# widths exceeding 100 feet, a minimum of 20 percent of the surface area of #street walls# above the level of the second #story#, or a height of 30 feet, whichever is lower, shall either recess or project a minimum of three feet from the remaining surface of the #street wall#. Any such projections shall be considered a permitted obstruction into a required setback, provided that any projections with a depth greater than five feet shall be considered a dormer.

In addition, the underlying dormer provisions of paragraph (c) of Section 23-621 shall apply, except that in Subareas A1 through A3, for #street walls# intersecting within 100 feet of the corners designated on Maps 2, 3 and 4 in the Appendix to this Chapter, and irrespective of the width of the #street wall# below the maximum base height, dormers shall be permitted within 100 feet of such intersecting #street walls#. Such dormers need not decrease in width as the height above the maximum base height increases.

Any dormers or projections provided in accordance with this paragraph need not be included in the maximum #lot coverage# permitted above the maximum transition height, nor be included in the maximum #street wall# width of a #story#.

141-30 SPECIAL STREETScape REGULATIONS

141-31 Applicability of underlying ground floor use regulations

In C2 Districts mapped within R7D Districts, the underlying supplemental #use# regulations of Section 32-434 (Ground floor use in C4-5D and C6-3D Districts and in certain C2 Districts) shall not apply. In lieu thereof, the provisions of Section 141-32 (Ground Floor Use Regulations) shall apply.

141-32 Ground Floor Use Regulations

A #ground floor level street# frontage along any other #street# shall be considered a #secondary street frontage#. For the purposes of this Section, defined terms shall include those in Sections 12-10 and 37-31.

The provisions of this Section shall apply to #developments# or #ground floor level enlargements#.

(c) Along #primary street frontages#

For #buildings# with #primary street frontage#, or portions thereof, #uses# on the #ground floor level#, to the minimum depth set forth in Section 37-32 (Ground Floor Depth Requirements for Certain Uses), shall be limited to non-#residential uses#, except for Type 1 lobbies and entrances and exits to #accessory# parking spaces provided in accordance with the applicable provisions of Section 37-33 (Maximum Width of Certain Uses). #Group parking facilities# located on the #ground floor level# shall be wrapped by #floor area# in accordance with the provisions of paragraph (a) of Section 37-35 (Parking Wrap and Screening Requirements). #Ground floor level street walls# shall be glazed in accordance with the provisions set forth in Section 37-34 (Minimum Transparency Requirements).

(d) Along #secondary street frontages#

For #buildings# with #secondary street frontage#, or portions thereof, all #uses# permitted by the underlying district shall be permitted on the #ground floor level#, provided that any accessory# off-street parking spaces on the #ground floor level# shall be wrapped or screened in accordance with Section 37-35.

The level of the finished floor of such ground floor shall be located not higher than five feet above nor lower than five feet below the as-built level of the adjoining #street#.

**141-33
Special Open Space Provisions**

Along the elevated rail structure on Jerome or River Avenues, where open space is provided between the #street line# of the #zoning lot# and the #street wall# of a #building# facing the elevated rail structure, or in Subdistrict A, for Subareas A1 through A3, where open space is provided between the #street wall# and the corner at a location designated on Maps 2, 3 or 4 in the Appendix to this Chapter, the provisions of Section 28-23 (Planting Areas) shall apply to all #buildings#, whether the ground floor is occupied by #residential uses# or non- #residential uses#, subject to the modifications of this Section.

(c) Along the elevated rail structure

Along the elevated rail structure on Jerome or River Avenues, a sidewalk widening, built to Department of Transportation standards, may be provided as an alternative to planting, provided that the area that would otherwise be allocated to planting, measured in square feet, is allocated to streetscape amenities, including, but not limited to, trees, bicycle racks, benches or wall treatment, are provided along such sidewalk widening, as set forth below.

Where benches are provided as an alternative to such planting, the length of such benches shall not exceed, in the aggregate, 15 feet per every 50 feet of #street wall# frontage. Where bicycle racks are provided, such racks shall be oriented so that the bicycles are placed parallel to the #street wall#, and the width of such bicycle racks shall not exceed, in the aggregate, 10 feet per every 50 feet of #street wall# frontage. Such benches or bicycle racks shall be located entirely within the #zoning lot#, and each bench or bicycle rack so provided shall be equivalent to 15 square feet of planted area.

Where trees, and associated tree pits are provided as an alternative, the minimum depth of any open space between the #street wall# and #street line# shall be eight feet. Each tree provided shall be equivalent to 15 square feet of planted area.

Where a wall treatment is provided as an alternative, it shall be in the form of permitted #signs#, graphic or sculptural art, rustication, decorative screening or latticework, or living plant material along the #street wall#. Such wall treatment shall extend to a height of at least 10 feet, as measured from the level of the adjoining sidewalk or grade, and shall have a minimum width of 10 feet, as measured parallel to the #street wall#. Portions of a #street wall# providing such wall treatment may be exempt from the ground floor glazing requirements of paragraph (a) of Section 141-32, provided that the exempted area not exceed 50 percent of the #street wall#, or a #street wall# width of 20 feet, whichever is less. The portion of the #street wall# allocated to a wall treatment shall satisfy the planting requirement directly in front of such #street wall#.

Where planting is provided, the minimum depth of open space between the #street line# and the #street wall# shall not be less than three feet.

(d) In Subdistrict A

in Subdistrict A, where open space is provided between the #street wall# and the intersection of two #streets#, pursuant to paragraph (a)(2) of Section 141-22, streetscape amenities may be provided as an alternative to planting, provided that the area that would otherwise be allocated to planting, measured in square feet, is allocated to trees, benches, or tables and chairs, as set forth below. However, planting shall not be reduced to less than 20 percent of the area of the open space.

Each bench provided shall be equivalent to 10 square feet of planted area, and each set of tables and at least two chairs shall be equivalent to 15 square feet of planted area. Seating shall be publicly accessible, unless tables and chairs are associated with an open eating or drinking establishment on the #zoning lot#. The area under such seating shall be paved with permeable materials and shall either abut the adjoining sidewalk or be connected to such sidewalk by a circulation path at least five feet wide that is also paved with permeable materials.

Each tree and associated tree pits provided shall be equivalent to 15 square feet of planted area, and shall be located at least 10 feet from any #building wall# or the adjoining sidewalk.

Where planting is provided, the minimum depth of a planted bed shall not be less than three feet.

In no event shall chain link fencing or barbed or razor wire be permitted in any open space provided, pursuant to this Section.

NOTICE

On Wednesday, November 29, 2017, at 10:00 A.M., in Spector Hall, at 22 Reade Street, in Lower Manhattan, a public hearing is being held by the City Planning Commission to receive comments related to a Draft Environmental Impact Statement (DEIS) concerning an application by the New York City Department of City Planning (DCP) for approval of several discretionary actions including zoning map amendments, zoning text amendments, and City map changes (collectively, the "Proposed Actions") to rezone an approximately 92-block area primarily along Jerome Avenue and its east west commercial corridors in Bronx Community Districts 4 and 5 and 7 (the "Rezoning Area"). The Proposed Actions would also establish the Special Jerome Avenue District coterminous with the Rezoning Area. The Rezoning Area is generally bounded by East 165th Street to the south and 184th Street to the north; and also includes portions of Edward L. Grant Highway, East 170th Street, Mount Eden Avenue, Tremont Avenue, Burnside Avenue and East 183rd Street. The proposed City map changes are located a block outside of the Rezoning Area in the Highbridge neighborhood of the Bronx, Community District 4.

The Proposed Actions include: rezoning portions of existing C4-4, M1-2, R8, C8-3, and R7-1 with R7A, R8A, R9A, R7D, and C4-4D districts and C2-4 commercial overlays; amendments to the text of the City's Zoning Resolution (ZR) to establish the Special Jerome Avenue District, coterminous with the Rezoning Area, which would include regulations that would add controls to the ground floors of buildings within mapped commercial overlays and districts, modify height and bulk regulations on lots fronting the elevated rail line, modify bulk regulations on irregular lots, and establish controls, such as discretionary review provisions, for transient hotels; establish the proposed R7A, R7D, R8A, R9A, and C4-4D districts as Mandatory Inclusionary Housing areas, applying the Mandatory Inclusionary Housing program to require a share of new housing to be permanently affordable where significant new housing capacity would be created; amendments to the City map to: map Block 2520, Lot 19, a City-Owned parcel, as parkland, and de-map Corporal Fischer Place (street) between Nelson Avenue and Shakespeare Avenue, which is adjacent to the parcel to be mapped as park land as described above (Block 2520, Lot 19), and map it as parkland.

Since the issuance of the Notice of Completion for the DEIS, the Department of City Planning (DCP) has proposed to modify the application (ULURP Nos. C 180051 (A) ZMX and N 180050 (A) ZRX), to extend the boundaries of the proposed rezoning area and proposed Special Jerome Avenue District to include additional blocks and lots, located west and south of Jerome Avenue, from R7-1 and M1-2 to R8A with a C2-4 commercial overlay and R7D with a C2-4 commercial overlay. The modified application would also include zoning text amendment provisions to: allow second story retail along Jerome Avenue as-of-right; allow the second story as an obstruction in a rear yard within 100' of Jerome Avenue; allow Physical Culture Establishments as of right within the Special Jerome Avenue District; and clarify street wall and ground floor regulations.

In order to assess the possible impacts of the proposed action, a reasonable worst-case development scenario (RWCDS) was established for both the current (Future No-Action) and proposed zoning (Future With-Action) conditions by the build year of 2026. The incremental difference between the Future No-Action and Future With-Action conditions serves as the basis for the impact analyses in the DEIS. In total, the Proposed Actions are expected to result in a net increase of approximately 3,250 dwelling units, 72,273 square feet of community facility space, 35,575 square feet of commercial/retail space; and a net decrease of 47,795 square feet of industrial space and 98,002 square feet of auto-related uses.

Written comments on the DEIS are requested and will be received and considered by the Office of the Deputy Mayor for Housing and Economic Development, the Lead Agency, until Monday, December 10, 2017, at 5:00 P.M.

This hearing is being held, pursuant to the State Environmental Quality Review Act (SEQRA) and City Environmental Quality Review (CEQR), CEQR No. 17DCP019X.

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

AGENCY RULES

COMMISSION ON HUMAN RIGHTS

■ NOTICE

Notice of Adoption

NOTICE IS HEREBY GIVEN, pursuant to the authority vested in the Commission on Human Rights by Section 905(e)(9) of the New York City Charter and in accordance with the requirements of

Section 1043 of the Charter, that the New York City Commission on Human Rights ("the Commission") has amended its rules to establish certain definitions and procedures applying Local Law No. 37 of 2015, the Stop Credit Discrimination in Employment Act ("the SCDEA"), which amended the Human Rights Law's provisions regarding credit discrimination in employment and applications for licenses and permits.

The required public hearing was held on August 17, 2017.

Statement of Basis and Purpose of Rule

The New York City Commission on Human Rights ("the Commission") has amended its rules to establish certain definitions and procedures with respect to Local Law No. 37 of 2015, the Stop Credit Discrimination in Employment Act ("SCDEA"), which added provisions to Title 8 of the Administrative Code prohibiting credit discrimination in employment and applications for licenses and permits. The SCDEA was enacted to ensure that applicants for employment, licenses, or permits are not arbitrarily denied opportunities based on poor credit.

The amended rules will:

- Amend title 47 of the Rules of the City of New York to establish definitions for "consumer credit history," "consumer credit report," "consumer reporting agency," "high degree of public trust," "intelligence information," "national security information," and "trade secrets" as those terms are used in the SCDEA.
- Establish and define *per se* violations of the SCDEA.
- Clarify that employers are prohibited from requesting or requiring waivers authorizing credit checks or using consumer credit history for the purpose of evaluating applicants for employment or in making determinations regarding the terms and conditions of employment.
- Clarify the positions that are exempt from the anti-discrimination provisions of the SCDEA.
- Define a limited number of positions as involving a "high degree of public trust" as that term is used in the SCDEA.
- Provide notice that an Early Resolution option may be available for respondents who have been charged with certain *per se* violations of the SCDEA.
- Clarify that exemptions to coverage under the SCDEA are to be construed narrowly.

The Commission's authority for these rules is found in Sections 905 and 1043 of the New York City Charter.

New material is underlined.

[Deleted material is in brackets.]

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of the Commission, unless otherwise specified or unless the context clearly indicates otherwise.

Criminal background check. "Criminal background check" refers to when an employer, employment agency or agent thereof orally or in writing:

"Domestic partners" means persons who have a registered domestic partnership, which shall include any partnership registered pursuant to Chapter 2 of Title 3 of the Administrative Code, any partnership registered in accordance with executive order number 123, dated August 7, 1989, and any partnership registered in accordance with executive order number 48, dated January 7, 1993, and persons who are members of a marriage that is not recognized by the State of New York, a domestic partnership, or a civil union, lawfully entered into in another jurisdiction.

"Inquiry," when used in connection with criminal history, refers to any oral or written question asked for the purpose of obtaining a person's criminal history, including without limitation, questions in a job interview about an applicant's criminal history, and any search for a person's criminal history, including through the services of a third party, such as a consumer reporting agency.

Non-conviction. "Non-conviction" means any arrest or criminal accusation, not currently pending, that was concluded in one of the following ways:

1. Termination in favor of the individual, as defined by New York Criminal Procedure Law ("CPL") Section 160.50, even if not sealed;
2. Adjudication as a youthful offender, as defined by CPL Section 720.35, even if not sealed;
3. Conviction of a non-criminal offense that has been sealed under CPL Section 160.55; or
4. Convictions that have been sealed under CPL Section 160.58.

"Non-conviction" includes a disposition of a criminal matter under federal law or the law of another state that results in a status comparable to a "non-conviction" under New York law as defined in this section.

Payment directly from a nonmember. "Payment directly from a nonmember" means payment made to an institution, club or place of accommodation by a nonmember for expenses incurred by a member or nonmember for dues, fees, use of space, facilities, services, meals or beverages.

Payment indirectly from a nonmember. "Payment indirectly from a nonmember" means payment made to a member or nonmember by another nonmember as reimbursement for payment made to an institution, club or place of accommodation for expenses incurred for dues, fees, use of space, facilities, meals or beverages.

Payment on behalf of a nonmember. "Payment on behalf of a nonmember" means payment by a member or nonmember for expenses incurred for dues, fees, use of space, facilities, services, meals or beverages by or for a nonmember.

Per se violation. "Per se violation" refers to an action or inaction that, standing alone, without reference to additional facts, constitutes a violation of Title 8 of the Administrative Code, regardless of whether any adverse employment action was taken or any actual injury was incurred.

Regular meal service. "Regular meal service" means the provision, either directly or under a contract with another person, of breakfast, lunch, or dinner on three or more days per week during two or more weeks per month during six or more months per year.

Regularly receives payment. An institution, club or place of accommodation "regularly receives payment for dues, fees, use of space,

facilities, services, meals or beverages directly or indirectly from or on behalf of nonmembers for the furtherance of trade or business” if it receives as many such payments during the course of a year as the number of weeks any part of which the institution, club or place of accommodation is available for use by members or non-members per year.

Statement. “Statement,” when used in connection with criminal history, refers to any communications made, orally or in writing, to a person for the purpose of obtaining criminal history, including, without limitation, stating that a background check is required for a position.

Stop Credit Discrimination in Employment Act. “Stop Credit Discrimination in Employment Act” refers to Local Law No. 37 of 2015, codified in Sections 8-102(29) and 8-107(9)(d), (24) of the administrative code of the City of New York.

Temporary help firms. “Temporary help firms” are businesses that recruit, hire, and assign their own employees to perform work or services for other organizations, to support or supplement the other organization’s workforce, or to provide assistance in special work situations such as, without limitation, employee absences, skill shortages, seasonal workloads, or special assignments or projects.

Terms and conditions. “Terms and conditions” means conditions of employment, including but not limited to hiring, termination, transfers, promotions, privileges, compensation, benefits, professional development and training opportunities, and job duties.

Trade secret. “Trade secret” means information that: (i) derives significant independent economic value, actual or potential, from not being generally known to, and not being readily ascertainable by proper means by other persons who can obtain economic value from its disclosure or use; (ii) is the subject of efforts that are reasonable under the circumstances to maintain its secrecy, both within the workplace and in the public; and (iii) can reasonably be said to be the end product of significant innovation. The term “trade secret” does not include general proprietary company information such as the information contained in handbooks and policies. The term “regular access to trade secrets” does not include access to or the use of client, customer, or mailing lists or other information regularly collected in the course of business. In considering whether information constitutes a trade secret for the purposes of an exemption under Section 8-107(24)(b)(2) (E) of the administrative code, the Commission will consider various factors, including: (1) efforts made by the employer to protect and develop such information for the purpose of increasing competitive advantage; (2) whether the information was regularly shared with entry level and non-salaried employees and supervisors or managers of such employees; (3) what efforts would be required to replicate such information by someone knowledgeable within the field; (4) the value of the information to competitors; and (5) the amount of money and effort expended by the employer to develop the information.

§ 2. Chapter 2 of Title 47 of the Official Compilation of the Rules of the City of New York is amended by adding a new Section 2-05 to read as follows:

§ 2-05. Prohibitions on Discrimination Based on Credit by Employers, Labor Organizations, Employment Agencies, and Agencies Authorized To Issue Licenses, Registrations, or Permits.

(a) *Per Se Violations.* The following are *per se* violations of Sections 8-107(9)(d) and 8-107(24) of the Administrative Code (regardless of whether any adverse employment or licensing action is taken against an individual applicant, licensee, or permittee), except where an exemption applies pursuant to subdivision (c) of this section:

- (1) Requesting consumer credit history from an applicant, licensee, or permittee.
- (2) Requesting consumer credit history regarding applicants, licensees, or permittees from a consumer reporting agency.
- (3) Using consumer credit history for employment, licensing, or permitting purposes.
- (4) Requesting or requiring applicants for employment, licenses, or permits to consent to the disclosure of their consumer credit history to the employer.

(b) *Presumptive Violations.* It shall be a rebuttable presumption that posting or circulating any solicitation indicating that the employer, labor organization, employment agency, or licensing agency will use consumer credit history for employment, licensing, or permitting purposes constitutes a violation of Sections 8-107(9)(d) and 8-107(24) of the administrative code of the City of New York, except where an exemption applies pursuant to subdivision (c) of this section.

(c) *Exemptions Under the Stop Credit Discrimination in Employment Act.*

- (1) Employers may require or use for employment purposes an applicant’s or employee’s consumer credit history when required to do so for specific positions or titles under state or

Federal law or regulations, or rules or regulations promulgated by self-regulatory organizations as defined in Section 3(a)(26) of the Securities Exchange Act of 1934. This exemption includes positions in which applicants or employees are not required to be registered with a self-regulatory organization but where the applicant or employee nevertheless either chooses to become registered while in the position or elects to maintain their prior registration.

- (2) Agencies may request and use an applicant’s, licensee’s, or permittee’s consumer credit history for licensing or permitting purposes when required to do so under State or Federal law or regulations.
- (3) The following positions are exempt from the Stop Credit Discrimination in Employment Act:
 - (i) Police officers or peace officers, as those terms are defined in subdivisions thirty-three and thirty-four of Section 1.20 of the criminal procedure law, respectively.
 - (ii) Positions with a law enforcement or investigative function at the Department of Investigation.
 - (iii) Positions subject to background investigation by the Department of Investigation, provided however that the appointing agency may not use consumer credit history obtained by the Department of Investigation for employment purposes unless the position is an appointed position and a high degree of public trust, as defined in Section 2-01 of this Title, has been reposed in the position.
 - (iv) Positions requiring bonding under City, State, or Federal law or regulation. An exemption will not apply where bonding is simply permitted, but not required, by City, State, or Federal law or regulation. Only positions where bonding is required by law are exempt.
 - (v) Positions requiring security clearance under Federal or State law. This exemption is applicable only when such security clearance is legally required for the person to fulfill the duties of the position in question.
 - (vi) Non-Clerical positions having regular access to trade secrets, intelligence information, or national security information as defined in Section 2-01 of this title.
 - (vii) Positions in which the individual regularly has: (A) signatory authority over third-party funds or third-party assets that are valued at \$10,000 or more; or (B) fiduciary responsibility to an employer who has granted the employee signatory authority to enter into financial agreements valued at \$10,000 or more on behalf of the employer. Signatory authority shall mean final authority, not subject to approval, delegated by an employer or third party to commit the employer or third party to a binding agreement. This exemption does not apply to positions for which the \$10,000 threshold can be met only by aggregating the value for multiple assets or agreements over which the position holds signatory authority or fiduciary responsibility.
 - (viii) Positions with regular duties that allow the employee to modify digital security systems established to prevent the unauthorized use of the employer’s or client’s networks. For purposes of this provision, a digital security system refers to an organization’s security program that is designed to ensure information, assets, and technologies are not accessible by unauthorized parties outside of the employer or its clients.
- (4) Evaluation of exemptions and burdens of proof.
 - (i) All exemptions to the prohibitions on credit discrimination must be construed narrowly.
 - (ii) It shall be an affirmative defense that any action taken by an employer or agent thereof is permissible pursuant to this subdivision, and the burden shall be on the employer, labor organization, employment agency, or licensing agency to prove the exemption’s applicability by a preponderance of the evidence.
 - (iii) Exemptions apply only to individual positions.
- (d) Early Resolution for Commission-initiated complaints regarding certain per se violations.
 - (1) Early Resolution is an expedited settlement option that is available to respondents in certain circumstances that allows them to immediately admit liability and accept a penalty in lieu of litigating the matter.
 - (2) Except as provided in paragraph (3) below, the Law Enforcement Bureau will offer Early Resolution for

Commission-initiated complaints of per se violations under the following circumstances:

- (i) The respondent has committed a per se violation pursuant to subdivision (a) of this section;
 - (ii) There are no other pending or current allegations against the respondent concerning violations of title 8 of the Administrative Code;
 - (iii) The respondent has 50 or fewer employees at the time of the alleged violation; and
 - (iv) The respondent has been held liable for no more than one violation of Title 8 of the Administrative Code in the 3 years preceding the filing of the complaint. For purposes of this provision, a violation of any provision of title 8 of the Administrative Code that resulted in an admission pursuant to Early Resolution, conciliation, or other settlement agreement, or a finding of liability issued after a hearing or trial pursuant to a complaint filed with or by the Commission, shall be considered a past violation.
- (3) Notwithstanding any other provision of this section, the Commission retains discretion to proceed with a full investigation and a referral to the Office of Administrative Trials and Hearings when the Law Enforcement Bureau determines that an offer of Early Resolution will not serve the public interest. Factors that indicate that an Early Resolution is not in the public interest include, without limitation:
- (i) The respondent has had prior contact with the Commission, including without limitation, formal and informal complaints, investigations, and trainings, and workshops conducted by the Commission, from which an inference may be made that the alleged violation was willful.
 - (ii) The respondent works with vulnerable communities.
 - (iii) The Commission has reason to believe discrimination is significant in respondent's industry.
- (4) Early Resolution Notice.
- (i) A respondent will be served with a copy of the Early Resolution Notice simultaneously with service of the complaint.
 - (ii) The Early Resolution Notice will state that the respondent has 90 days to answer a complaint in which the respondent has been offered the option of Early Resolution, and that there will be no extensions of time granted.
 - (iii) The Early Resolution Notice will inform the respondent of its right to either: (A) admit liability and agree to the proposed affirmative relief and penalty, or (B) file an answer to the complaint in compliance with Section 1-14 of this title, except that the time to respond will be 90 days instead of 30 days.
- (5) Early Resolution Penalties.
- (i) An Early Resolution penalty includes: (A) a mandatory and free training provided by the Commission; (B) a requirement that the respondent post a notice of rights under Title 8 of the Administrative Code; and (C) a monetary fine as determined by the penalty schedule outlined in Subparagraph (ii) of this paragraph. The Early Resolution Notice will inform the respondent that a private individual aggrieved by the same violation may also file an independent complaint with the Commission or may bring a court action.
 - (ii) Early Resolution fines will be assessed according to the following penalty schedule:

<u>Employer Size (at the time of the violation)</u>	<u>1st Violation</u>	<u>2nd Violation (within 3 years of the resolution date of the first violation)</u>
<u>4-9</u>	<u>\$500.00</u>	<u>\$1,000.00</u>
<u>10-20</u>	<u>\$1,000.00</u>	<u>\$5,000.00</u>
<u>21-50</u>	<u>\$3,500.00</u>	<u>\$10,000.00</u>

**** Distinct and contemporaneous violations will be counted separately for the purpose of calculating a monetary penalty. For example, an employer who has 4-9 employees who requests consumer credit history from an applicant orally in violation of Section 2-05(a)(1) and requires that same applicant to sign a waiver authorizing a credit check in violation of Section 2-05(a)(4) will be charged with two separate violations of \$500.00 each. However, multiple violations of one section, for example, posting a discriminatory advertisement on three different websites, will be counted as one violation for the purpose of assessing a penalty under this section.**

- (iii) If the employer believes that the employer size used to assess the imposed penalty is incorrect, the employer may call the number listed on the Early Resolution Notice.
- (6) Admission of Liability in an Early Resolution Case. An admission of liability must be returned to the Commission in the manner prescribed in the Early Resolution Notice. Once the admission is received, the Law Enforcement Bureau will promptly forward it to the Chair. The signature of the Chair with the notation "SO ORDERED" constitutes the final order of the Commission. A copy of such order will be served upon the respondent.
- (7) Contesting Liability and Filing an Answer in an Early Resolution Case. Notwithstanding any provision of Sections 1-61 or 1-62 of this title, if a respondent elects to deny liability and contest the allegations in the complaint, the respondent shall file an answer and, upon receipt of the answer, the Law Enforcement Bureau will refer the case to the Office of Administrative Trials and Hearings for a hearing pursuant to Section 1-71 of this title. The hearing will be conducted in accordance with Subchapter C of Chapter 2 of Title 48 of the Rules of the City of New York.
- (8) Failure to Respond in an Early Resolution Case.
- (i) If a respondent fails to respond to a complaint accompanied by an Early Resolution Notice within 90 days, all allegations in the complaint will be deemed admitted unless good cause to the contrary is shown, pursuant to Section 8-111(c) of the Administrative Code.
 - (ii) If a respondent fails to respond to a complaint accompanied by an Early Resolution Notice within 90 days, the Law Enforcement Bureau may refer the case to the Office of Administrative Trials and Hearings pursuant to Section 1-71 of this title and, in a written motion pursuant to Section 1-50 of Title 48 of the Rules of the City of New York, seek an expedited trial and issuance of a report and recommendation that finds respondent in default and recommends the affirmative relief and penalties requested by the Law Enforcement Bureau. The motion papers will include all supporting evidence, a copy of the complaint, the Early Resolution Notice, and proof of service.
- (9) Relief From Default in an Early Resolution Case. At any time prior to the issuance of a decision and order, the respondent may move for relief from default.

Notice of Adoption

NOTICE IS HEREBY GIVEN, pursuant to the authority vested in the Commission on Human Rights by Section 905(e)(9) of the New York City Charter and in accordance with the requirements of Section 1043 of the Charter, that the New York City Commission on Human Rights ("the Commission") has amended its rules implementing the Fair Chance Act to fix a clerical error.

No public hearing was held on the ground that the Commission determined, pursuant to Charter Sec. 1043(e), that a hearing would serve no public purpose.

Statement of Basis and Purpose of Rule

The New York City Commission on Human Rights ("the Commission") is amending its rules implementing the Fair Chance Act to fix a clerical error.

The rule will:

- Fix a clerical error in the recently finalized rules implementing the Fair Chance Act. The text that is deleted here is text that should have been deleted in the earlier version.

The Commission's authority for these rules is found in §§ 905 and 1043 of the New York City Charter.

New material is underlined.
 [Deleted material is in brackets.]

“Shall” and “must” denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

Section 1. Subparagraph i of paragraph 1 of subdivision g of Section 2-04 of Title 47 of the rules of the City of New York is amended to read as follows:

- i) In a position where Federal, State, or Local law requires criminal background checks. [or bars employment based on criminal history.]
 - A. This exemption does not apply to an employer authorized, but not required, to check for criminal backgrounds.
 - B. This exemption does not exempt an employer from the requirements of § 8107(10) of the Human Rights Law.

NOTE:

As of January 1, 2017, the Bio-Diesel Blender Tax Credit has been rescinded for \$1.00 per gallon on B100. Therefore, for deliveries after January 1, 2017, the contractor will no longer be deducting the tax credit as a separate line item on the invoice. Should the tax credit be extended, it will once again appear as deduction and line item on the invoice.

Federal excise taxes are imposed on taxable fuels, (i.e., gasoline, kerosene, and diesel), when removed from a taxable fuel terminal. This fuel excise tax does not include Leaking Underground Storage Tank (LUST) tax. LUST tax applies to motor fuels for both diesel and gasoline invoices. Going forward, LUST Tax will appear as an additional fee at the rate of \$0.001 per gallon and will be shown as a separate line item on your invoice.

The National Oilheat Research Alliance (NORA) resumed operations in 2014. A related assessment of \$.002 per gallon has been added to the posted weekly fuel prices and will appear as a separate line item on invoices. This fee applies to heating oil only and since 2015 has included #4 heating oil. NORA has been authorized through February 2019. All other terms and conditions remain unchanged.

REMINDER FOR ALL AGENCIES:

Please send inspection copy of receiving report for all gasoline (E70, UL & PREM) delivered by tank wagon to OCP/Bureau of Quality Assurance (BQA), 1 Centre Street, 18th Floor, New York, NY 10007.
