"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy

by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children's Services (ACS)
 Department for the Aging (DFTA)
 Department of Consumer Affairs (DCA)
 Department of Corrections (DOC)
 Department of Health and Mental Hygiene (DOHMH)
 Department of Homeless Services (DHS)
 Department of Probation (DOP)
 Department of Small Business Services (SBS)
 Department of Youth and Community Development (DYCD)
 Housing and Preservation Department (HPD)
 Human Resources Administration (HRA)
 Office of the Criminal Justice Coordinator (CJC)

WINTEL PHONES AND HANDSETS - Sole Source - Available only from a single source - PIN# 2-1602-0083-2018 - Due 12-19-17 at 11:00 A.M.

Wintel (An Independent Technologies Company) is a manufacturer of inmate telephones and communication equipment. Wintel is the sole and exclusive manufacturer of its products and is the only distributor of its products.

Wintel manufactures the highest quality inmate telephones, handsets, visitation kits, visitation phones, private speakerphones, cord free phones, and associated replacement parts for all. Studies done in actual inmate facilities have shown that Wintel phones and handsets have a significantly lower replacement rate (by a factor of at least 4-times) than any competing brand. This is important because it means fewer out of service conditions and fewer visits by technicians to repair or replace defective equipment.

Wintel is a division of Independent Technologies Inc. In addition to telephones and handsets, Independent Technologies is an engineering and design firm that makes a variety of test equipment for telecommunications phone lines and systems. This same engineering expertise is one of the reasons Wintel inmate phone equipment is specifically designed to work in the inmate communications arena.

Wintel equipment works with all of the platforms of the major inmate facility communications systems providers.

Due to the relatively unique jail environment that the New York City Department of Correction (NYCDOC) maintains, and having tried a number of different model phones within NYCDOC facilities over the years, the Department have found that the Wintel phones are the most durable, during repeated use of its products. Further, NYCDOC seeks to continue the Wintel branded, as hundreds of these phones were deployed over the years making it ideal to continue the use of the same style phone which enables DOC to swap parts between phones as they break, and also making it easier for DOC employees to install these phones properly.

Any firm which believes it can provide the required goods and/or services in the future is invited to express interest via email to wong@doc.nyc.gov. The vendor must have specific expertise to provide Pre-Employment Psychological Testing Materials, which includes a test booklet and answer sheet owned exclusively by Johnson, Roberts, and Associates Inc.

AGENCY RULES

CONSUMER AFFAIRS

■ NOTICE

Notice of Adoption of Rule

Notice of Adoption of an amended Rule regarding the requirements for signage at gasoline stations pertaining to the price and grade of gasoline for sale.

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN the Commissioner of the Department of Consumer Affairs by Section 2203(f), of the New York City Charter and Sections 20-672 and 20-675, of Subchapter 5, of Chapter 4, of Title 20, of the New York City Administrative Code, and in accordance with the requirements of Section 1043, of the New York City Charter, that the Department amends Subdivision (b), of Section 4-63, of Subchapter E, of Chapter 4, of Title 6, of the Rules of the City of New York.

The rule was proposed and published on March 1, 2017. The required public hearing was held on March 31, 2017.

Statement of Basis and Purpose of Rule

The City Council enacted Local Laws 79 and 80 of 2015 amending Section 20-672 of the New York City Administrative Code to require, among other things, that all gasoline stations that post road signs include on their signs the price of the lowest grade of gasoline offered for sale, and if the cash price is less than the price charged for other forms of payment, the price for each type of accepted payment. This rule amends 6 RCNY § 4-63(b) to implement the changes made to Section 20-672 of the Administrative Code.

The rule also removes certain requirements that were added to 6 RCNY 4-63(b) in 2013, but have not been enforced by the Department of Consumer Affairs because of difficulties faced by the industry in complying with them. For example, the rule eliminates the requirement that every sign have type size of at least 430 points and the requirement that gasoline stations must have a sign that can be seen from the road and is of a certain size. Removing these requirements will provide regulatory relief and make it easier to own and operate a gasoline station.

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

New material is underlined.

[Material inside brackets indicates deleted material.]

Rule

Subdivision (b) of Section 4-63 of Subchapter E of Chapter 4 of Title 6 of the Rules of the City of New York is amended to read as follows:

NOTE:

As of January 1, 2017, the Bio-Diesel Blender Tax Credit has been rescinded for \$1.00 per gallon on B100. Therefore, for deliveries after January 1, 2017, the contractor will no longer be deducting the tax credit as a separate line item on the invoice. Should the tax credit be extended, it will once again appear as deduction and line item on the invoice.

Federal excise taxes are imposed on taxable fuels, (i.e., gasoline, kerosene, and diesel), when removed from a taxable fuel terminal. This fuel excise tax does not include Leaking Underground Storage Tank (LUST) tax. LUST tax applies to motor fuels for both diesel and gasoline invoices. Going forward, LUST Tax will appear as an additional fee at the rate of \$0.001 per gallon, and will be shown as a separate line item on your invoice.

The National Oilheat Research Alliance (NORA) resumed operations in 2014. A related assessment of \$.002 per gallon has been added to the posted weekly fuel prices and will appear as a separate line item on invoices. This fee applies to heating oil only and since 2015 has included #4 heating oil. NORA has been authorized through February 2019. All other terms and conditions remain unchanged.

REMINDER FOR ALL AGENCIES:

Please send inspection copy of receiving report for all gasoline (E70, UL & PREM) delivered by tank wagon to OCP/Bureau of Quality Assurance (BQA), 1 Centre Street, 18th Floor, New York, NY 10007.
