“The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City’s prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence.”

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York (“PPB Rules”), vendors must first complete and submit an electronic prequalification application using the City’s Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

- Administration for Children’s Services (ACS)
- Department for the Aging (DFTA)
- Department of Consumer Affairs (DCA)
- Department of Corrections (DOC)
- Department of Health and Mental Hygiene (DOHMH)
- Department of Homeless Services (DHS)
- Department of Probation (DOP)
- Department of Small Business Services (SBS)
- Department of Youth and Community Development (DYCD)
- Housing and Preservation Department (HPD)

PREQUALIFIED VENDOR LIST: GENERAL CONSTRUCTION, NON-COMPLEX GENERAL CONSTRUCTION SITE WORK ASSOCIATED WITH NEW YORK CITY DEPARTMENT OF PARKS AND RECREATION ("DPR" AND/OR "PARKS") PARKS AND PLAYGROUNDS CONSTRUCTION AND RECONSTRUCTION PROJECTS.

DPR is seeking to evaluate and pre-qualify a list of general contractors (a "PQL") exclusively to conduct non-complex general construction site work involving the construction and reconstruction of DPR parks and playgrounds projects not exceeding \$3 million per contract ("General Construction").

By establishing contractor's qualification and experience in advance, DPR will have a pool of competent contractors from which it can draw to promptly and effectively reconstruct and construct its parks, playgrounds, beaches, gardens and green-streets. DPR will select contractors from the General Construction PQL for non-complex general construction site work of up to \$3,000,000.00 per contract, through the use of a Competitive Sealed Bid solicited from the PQL generated from this RFQ.

The vendors selected for inclusion in the General Construction PQL will be invited to participate in the NYC Construction Mentorship. NYC Construction Mentorship focuses on increasing the use of small NYC contracts, and winning larger contracts with larger values. Firms participating in NYC Construction Mentorship will have the opportunity to take management classes and receive on-the-job training provided by a construction management firm.

DPR will only consider applications for this General Construction PQL from contractors who meet any one of the following criteria:

- 1) The submitting entity must be a Certified Minority/Woman Business enterprise (M/WBE)*;
- 2) The submitting entity must be a registered joint venture or have a valid legal agreement as a joint venture, with at least one of the entities in the joint venture being a certified M/WBE*;
- 3) The submitting entity must indicate a commitment to sub-contract no less than 50 percent of any awarded job to a certified M/WBE for every work order awarded.

Office of Administrative Trials and Hearings Environmental Control Board

Notice of Promulgation of Rule

NOTICE IS HEREBY GIVEN, PURSUANT TO THE AUTHORITY VESTED in the Office of Administrative Trials and Hearings' Environmental Control Board (OATH ECB), in accordance with Sections 1049-a and 1043 of the New York City Charter. OATH ECB has repealed its Public Wholesale Markets, Fulton Fish Market, and Other Public Markets Penalty Schedule rule in Section 3-108 of Subchapter G of Chapter 3 of Title 48 of the Rules of the City of New York. The proposed rule repeal was published in The City Record on July 6, 2018, and a public hearing was held on August 6, 2018.

No one attended or testified at the public hearing concerning this rule repeal and OATH did not receive any written comments.

Statement of Basis and Purpose of Final Rule

The Office of Administrative Trials and Hearings' Environmental Control Board (OATH ECB) has repealed its Public Wholesale Markets, Fulton Fish Market, and Other Public Markets Penalty Schedule rule. This schedule had been found in § 3-108 of Subchapter G of Chapter 3 of Title 48 of the Rules of the City of New York (RCNY), and it contained penalties for violations of provisions in Title 22 of the Administrative Code of the City of New York, and Title 17 of the RCNY. At the same time, the Business Integrity Commission has adopted a rule, adding a similar penalty schedule to Section 11-22 of Title 17 of the RCNY.

The context for this repeal is that OATH ECB is in the process of repealing all penalty schedules in its rules codified at Subchapter G of Chapter 3 of Title 48 of the RCNY so that they can be incorporated into the rules of the agencies having rulemaking and policymaking jurisdiction over the laws underlying the violations.

Although OATH ECB is empowered to impose penalties under the New York City Charter and has until now promulgated penalty schedules, the regulatory and enforcement agencies have the necessary expertise to determine appropriate penalties for violation of the rules and of the laws within their jurisdiction based on the severity of each violation and its effect on City residents. Moving the penalty schedule will also make it easier for the public to find the penalties, which will be located within the same chapter as the rules supporting the violations alleged in the summonses. Finally, the rule repeal will speed up the rulemaking process by eliminating the need for OATH ECB approval of proposed or amended penalties for agency rules that have already been established by the legislature and/or that have already undergone the City Administrative Procedure Act (CAPA) process by the enforcement agency. The public will still have the opportunity to comment on proposed penalties during that process.

Working with the City's rulemaking agencies, the Law Department, the Mayor's Office of Management and Budget, and the Mayor's Office of Operations conducted a retrospective rules review of the City's existing rules, identifying those rules that could be repealed or modified to reduce regulatory burdens, increase equity, support small businesses, and simplify and update content to help support public understanding and compliance. This rule repeal was identified as meeting the criteria for this initiative.

Section 1. The Public Wholesale Markets, Fulton Fish Market, and Other Public Markets Penalty Schedule rule, found in Section 3-108 of Subchapter G of Chapter 3 of Title 48 of the Rules of the City of New York, is REPEALED.

BUSINESS INTEGRITY COMMISSION

■ NOTICE

NOTICE OF ADOPTION OF FINAL RULE ON PENALTY SCHEDULE FOR VIOLATION OF BIC RULES

NOTICE IS HEREBY GIVEN in accordance with the requirements of Section 1043 of the New York City Charter and exercising the authority vested in the Commission by Sections 1043(a) and 2101(b) of the New York City Charter that the New York City Business Integrity Commission ("BIC" or the "Commission") has adopted the Penalty Schedule for Violation of BIC Rules set forth below. BIC published a Notice of Opportunity to Comment on the proposed rule in the *City Record* on June 18, 2018. On July 24, 2018, BIC held a public hearing on the proposed rule. No comments were received prior to or during the public hearing, and no changes have been made to the originally published version.

Statement of Basis and Purpose of Rule

Penalties for violations of BIC's rules that relate to public wholesale markets, the seafood distribution areas, market businesses, labor unions, and labor organizations operating in seafood distribution areas in New York City were set forth in OATH's rules at 48 RCNY § 3-108. OATH, in conjunction with the Mayor's Office of Operations, determined that penalty schedules used in the adjudication of agency rule violations, which were previously promulgated by the Environmental Control Board, should instead be issued by the respective agencies. The enforcement agencies possess the expertise to adopt appropriate penalties based on the severity of each violation and its impact on public safety. BIC has incorporated the current Market Penalty Schedule into its own rules. Simultaneously, under a separate rulemaking, OATH is proposing a companion rule to repeal the BIC penalties currently set forth within the OATH rules.

Incorporating the penalty schedule into BIC's rules will make it more accessible to the public, as it will then be included within the

same title and chapter as the rules cited in BIC's summonses. BIC is also adding penalties to the existing penalty schedule that do not currently appear in the current Market Penalty Schedule. Finally, this rule will clarify the Commission's current rules by explaining the penalty schedule and the existence of mail-in penalties.

The amendments are intended to accomplish the following:

- Distribute several provisions of the penalty schedule, formerly found within 48 RCNY § 3-108, among various sections of Title 17;
- Add text to explain repeat penalties;
- Add text to explain the "mail-in penalties" process;
- Add text specifically enumerating the penalties for failure to register a wholesale seafood business that is operating outside the market area;
- Adjust penalty amounts for several violations; and
- Add penalties to the schedule for violations of 17 RCNY §§ 11-19(a)(3)-(9), (11)-(14), including penalties for:
 - Improper disposal of litter, rubbish, or refuse;
 - Public urination and/or defecation,
 - Improper damage, removal, or destruction of property,
 - Engagement/instigation of fight or other disturbance,
 - Commission of injurious act,
 - Possession of dangerous instruments and/or explosives,
 - Gambling
 - Sale of prohibited items,
 - Discharge into tidal water, sewage, or drainage,
 - Causing damage to or clogging of drains or sewers, and
 - Disobeyance of lawful order of employee of Commission or City

New material is underlined; deleted text is in [] brackets.

Section 1. Section 11-22 of Title 17 of the Rules of the City of New York is amended to read as follows:

§ 11-22. Fines and Penalties.

(a) The Commission may issue a summons to any person, including a wholesale business, market business, or wholesale trade association, or any of their principals, employees, agents or officers, for the violation of any provision of Chapter 1-B of Title 22 of the Code or this subchapter. Any person who violates any such provision shall be subject to the civil and criminal fines and penalties and injunctive relief as provided in Section 22-258 of the Code.

(b) A wholesale business, market business, or wholesale trade association shall be jointly and severally liable for any violation of Chapter 1-B of Title 22 of the Code or of this subchapter committed by any of its officers, employees and/or agents acting within the scope of their employment.

(c) All penalties are in dollar amounts. Repeat penalties apply to violations of the same subdivision penalty schedule description. Second, third, fourth, fifth and subsequent ("subs.") violations are defined as a violation by the same respondent on a date within five years of the date of occurrence of the previous violation.

(d) An asterisk (*) in the penalty schedule denotes availability of a mail-in penalty. Mail-in penalties are only available for a first offense. Where a mail-in penalty exists in this penalty schedule for the cited violation, a respondent may admit to the violation charged and pay the penalty by mail in the manner and time directed by the summons. Payment in full is deemed an admission of liability and no further hearing or appeal will be allowed. Where a respondent is permitted to admit and pay by mail but fails to do so prior to the original hearing date written on the violation, the respondent will have the option of paying the mail-in penalty, plus a late admit fee of \$30.00, within 30 days of the mailing date of the default order issued against respondent.

NOTICE OF ADOPTION OF FINAL RULE ON FINANCIAL HARDSHIP WAIVERS FROM VEHICLE EMISSIONS COMPLIANCE

NOTICE IS HEREBY GIVEN in accordance with the requirements of Section 1043 of the New York City Charter and exercising the authority vested in the Commission by Sections 1043(a) and 2101(b) of the New York City Charter that the New York City Business Integrity Commission (“BIC” or the “Commission”) adopts the following rule governing Financial Hardship Waivers from Vehicle Emission Compliance. BIC published a Notice of Opportunity to Comment on the proposed rule in the *City Record* on May 21, 2018. On June 20, 2018, BIC held a public hearing on the proposed rule.

Statement of Basis and Purpose of Rule

Under Section 2101 of the New York City Charter, the Business Integrity Commission is authorized to regulate the trade waste

industry and, among other things, ensure that businesses are able to operate in an honest and competitive environment, free from the influences of organized crime and criminality. Among other things, Local Law 145 of 2013 gave the Commission the authority to refuse to issue a license or registration to an applicant that has failed to demonstrate that it will meet requirements designed to reduce the emission of pollutants from trade waste vehicles.

Local Law 145 of 2013, which added § 24-163.11 of the Administrative Code, requires that every heavy duty trade waste hauling vehicle that is owned or operated by an entity required to be licensed or registered by the Commission and operating in New York City be equipped with either (1) an EPA certified 2007 (or later) engine or (2) utilize “Best Available Retrofit Technology,” as defined by the New York City Department of Environmental Protection before January 1, 2020. Under § 24-163.11(c) of the Administrative Code, the chairperson of the Commission may issue a waiver of this requirement if the chairperson of the Commission finds that the applicant for such waiver has demonstrated that compliance with such requirements would cause undue financial hardship on the applicant. Under § 24-163.11(d)(5) of the Administrative Code, the Commission may set by rule the criteria for the issuance of financial hardship waivers in connection with this engine requirement.

The rule provides the process for licensees and registrants to apply to the Commission’s chairperson for a temporary waiver of the above engine requirements based on an undue financial hardship.

BIC’s authority for these rules is found in Sections 1043(a) and 2101(b) of the New York City Charter.

New material is underlined.

Section 1. Title 17 of the Rules of the City of New York is amended by adding a new Section 2-09 to read as follows:

§ 2-09. Financial Hardship Waiver from Vehicle Emissions Compliance.

- (a) Pursuant to § 24-163.11(c) of the Administrative Code, the chairperson of the Commission may issue a waiver from the requirements of Administrative Code § 24-163.11(b)(1) to a licensee, registrant or applicant for a license or registration if compliance with the requirements of Administrative Code § 24-163.11(b)(1) would create an undue financial hardship on that licensee, registrant or applicant for a license or registration.
- (b) To qualify for a waiver from the requirements of Administrative Code § 24-163.11(b)(1), the applicant for the waiver must demonstrate to the Commission that complying with Administrative Code § 24-163.11(b)(1) would create an undue financial hardship. The waiver applicant must submit to the Commission an undue financial hardship waiver application as proscribed by the Commission, which will require the following information:
 - 1. All actions the waiver applicant has taken up to the date of the application to bring its fleet into compliance with § 24-163.11(b)(1) of the Administrative Code;
 - 2. Information demonstrating that bringing the waiver applicant’s truck fleet into compliance with § 24-163.11(b)(1) of the Administrative Code would cost more than 30 percent of the company’s average gross revenue from the previous three years;
 - 3. Information demonstrating that the waiver applicant has made a good faith effort to secure financing to cover the costs of bringing its truck fleet into compliance with § 24-163.11(b)(1) of the Administrative Code but has been unable to secure such financing, together with an explanation as to why the applicant could not secure financing; and
 - 4. A written plan demonstrating how the waiver applicant will bring its truck fleet into compliance with the requirements of § 24-163.11(b)(1) of the Administrative Code and when it will do so.
- (c) Any entity applying for a license or registration for the first time after January 1, 2019 and seeking a financial hardship waiver must provide all of the information set forth in § 2-09(b)1-4, and explain why any trucks that were purchased prior to applying for the financial hardship waiver were not compliant with Local Law 145/2013 when purchased.
- (d) The chairperson of the Commission may deny a waiver for undue financial hardship where the applicant for such waiver fails to provide the information required by the Commission on the waiver application, for failure to demonstrate a good faith effort to comply with the requirements of § 24-163.11(b)(1) of the Administrative Code without a need for a waiver, for failure to demonstrate the ability to come into compliance with the requirements

of § 24-163.11(b)(1) within a maximum of two years if granted a financial hardship waiver, or for failure to demonstrate the ability to come into compliance with the requirements of § 24-163.11(b)(1) by January 1, 2025.

- (e) Financial hardship waivers granted pursuant to § 24-163.11(c) of the Administrative Code will specify the length of the waiver and will be valid for a period of no more than 2 years. Any entity granted a financial hardship waiver may apply to the chairperson of the Commission to renew the waiver no later than 180 days before the expiration of the waiver. All financial hardship waivers will expire no later than January 1, 2025.

NOTICE OF ADOPTION OF FINAL RULE ON IMPROVING THE SAFETY OF THE GENERAL PUBLIC

NOTICE IS HEREBY GIVEN in accordance with the requirements of Section 1043 of the New York City Charter and exercising the authority vested in the New York City Business Integrity Commission ("BIC" or the "Commission") by Sections 1043(a) and 2101(b) of the New York City Charter and Section 16-504 of the Administrative Code that the Commission adopts the following rule regarding improving the safety of the general public. BIC published a Notice of Public Hearing and Opportunity to Comment on the proposed rule in the *City Record* on August 17, 2018. On September 17, 2018, BIC held a public hearing on the proposed rule.

Statement of Basis and Purpose of Rule

Under Section 2101 of the New York City Charter, the Business Integrity Commission (BIC) is authorized to regulate the trade waste industry. As provided in Administrative Code § 16-504(d), BIC has the authority to establish standards for service and the regulation of conduct of businesses licensed or registered pursuant to Title 16-A of the Administrative Code, including but not limited to requirements governing the level of service to be provided by licensees, contracts for trade waste removal, billing form and procedures, the maintenance and inspection of records, the maintenance of appropriate insurance, and compliance with safety and health measures. Under Section 16-504(i), BIC is authorized to promulgate rules the Commission deems necessary and appropriate to effectively regulate the trade waste removal industry.

These rule amendments are designed to improve the safety of the general public. Specifically, the new amendments require licensees to increase the limits on commercial general liability, business automobile liability, and employers' liability insurance, and require registrants to increase the limit on business automobile liability insurance.

The amendments also require licensees and registrants to notify BIC of their drivers' Vehicle and Traffic Law violations and driver's license suspensions or revocations, crashes that involve a vehicle used in the licensee's or registrant's business, and to notify BIC of certain adverse actions by any Federal, State, and Local government authorities, including actions that result in the suspension or revocation of a permit, license or other permission required in connection with the operation of the licensee's or applicant's business or a penalty or fine of \$1,000 or more.

The amendments also require licensees and registrants to maintain written policies and procedures regarding compliance with all of the laws, rules and regulations of Federal, State and Local government authorities.

The amendments also require licensees and registrants to maintain Report of Motor Vehicle Accident (MV-104) forms and other forms related to crashes, as well as adverse determinations by any Federal, State, and Local government authorities.

BIC's authority for these rules is found in Section 16-504 of the Administrative Code and Sections 1043(a) and 2101(b) of the New York City Charter.

§ 2. Subchapter A of Chapter 1 of Title 17 of the Rules of the City of New York is amended by adding a new Section 1-12 to read as follows:

§ 1-12 Disclosure of Certain Adverse Determinations by Governmental Agencies or Authorities.

Whenever a licensee or registrant or an applicant for a license or registration is required by the Administrative Code or this Chapter

to disclose, provide notification of or maintain any determination by any Federal, State, or Local governmental agency or authority against such licensee, registrant or applicant, or principal, employee or agent of such licensee, registrant or applicant, including but not limited to any judgment, decree, order, finding by or settlement agreement with such governmental agency or authority, such judgment, decree, order, finding or settlement must be disclosed if:

(a) it resulted or will result in the suspension or revocation of a permit, license or other permission required in connection with the operation of such licensee's, registrant's or applicant's business;

(b) it resulted or will result in a civil or administrative fine, penalty or settlement in excess of one thousand dollars (\$1,000) or any injunctive relief against such licensee, registrant or applicant, or principal, employee or agent of such licensee, registrant or applicant; or

(c) such determination relates to a violation of the Vehicle and Traffic Law or any other laws or regulations relating to the safe operation of a vehicle.

The policy or policies of insurance required by these rules must name the Commission as Certificate Holder and must be endorsed to state that coverage shall not be suspended, voided, canceled, or reduced in coverage or in limits except upon sixty (60) days prior written notice to the Commission. Failure to maintain continuous insurance coverage meeting the requirements of these rules will result in revocation of the license. Such policy or policies of insurance must be obtained from a company, or companies, duly authorized to do business in the State of New York with a Best's rating of no less than A:X unless specific approval has been granted by the Mayor's Office of Operations to accept a company with a lower rating. Two (2) certificates of insurance effecting the required coverage and signed by a person authorized by the insurer to bind coverage on its behalf, must be delivered to the Commission prior to the effective date of the license. A licensee must demonstrate that he or she has secured the insurance coverage required pursuant to this section and must maintain such required insurance coverage throughout the term of the license.

§ 4. Paragraph 10 of Subdivision (c) of Section 2-03 of Subchapter B of Chapter 1 of Title 17 of the Rules of the City of New York is amended to read as follows:

(8) Evidence of business automobile liability insurance covering every vehicle operated by the registrant that will transport waste, whether or not owned by the applicant, and every such vehicle hired by the registrant, with liability limits of no less than [one hundred thousand dollars (\$100,000) for personal injury to any one person and three hundred thousand dollars (\$300,000) for personal injury to two (2) or more persons and twenty-five thousand dollars (\$25,000) for damage to property] **two million dollars (\$2,000,000) combined single limit per accident for bodily injury and property damage.**

§ 6. Section 2-05 of Subchapter B of Chapter 1 of Title 17 of the Rules of the City of New York is amended to read as follows:

§ 2-05. Notification of Arrest, Conviction, Civil and Administrative Determinations, Vehicle Crashes, Suspension or Revocation of Driver's License, Traffic Violation, or Material Change in Information; Addition of New Principal or Employee.

(a) (1) An applicant for a license or a licensee and an applicant for exemption from the requirement for a license or an applicant granted such exemption must notify the Commission, within ten (10) business days, of the arrest or criminal conviction after the submission of the application of any principal or any employee or agent or any prospective employee or agent identified on the application, of which the applicant for a license or the licensee had knowledge or should have known, except where such disclosure is protected by Subdivision 16 of Section 296 of Article 15 of the New York State Executive Law[.].

(2) An applicant for a license or a licensee must notify the Commission within ten (10) business days of any determination by any Federal, State, or Local governmental agency or authority against such licensee, registrant or applicant, including but not limited to any judgment, decree, order, finding by or settlement agreement with such governmental agency or authority.

(3) An applicant for a license or a licensee must notify the Commission within ten (10) business days of any crash that involved a vehicle used in the course of the business of such applicant or licensee. Additionally, such applicant or licensee must provide the Commission with a copy of the Report of Motor Vehicle Accident (MV-104) and any other forms filed with the New York State Department of Motor Vehicles within ten (10) business days from the date by which such applicant or licensee is required to file the forms with such department.

(4) An applicant for a license or a licensee must notify the Commission within ten (10) business days of the suspension or revocation of the driver's license of any person whose job duties include operating a vehicle on behalf of such applicant or licensee.

(5) An applicant for a license or a licensee must notify the Commission within ten (10) business days of all vehicle traffic summonses issued to such applicant or licensee as the lessee or owner of the vehicle or to any person while operating a vehicle on behalf of such applicant or licensee.

(2) (6) An applicant for a license or a licensee must notify the Commission within ten (10) business days of any material change as defined in 17 RCNY § 1-01 in the information submitted in an application or disclosure form submitted, pursuant to this chapter.

(3) (7) A licensee must notify the Commission within ten (10) business days of contract closing of any change in the capital stock or ownership in the business of the licensee, including but not limited to a stock transfer or sale of the outstanding shares of the business or sale or merger of such business; provided, however that a business whose equity securities are publicly traded on a national or regional stock or securities exchange must disclose only such stock transfer or sale required to be disclosed by the Securities Exchange Commission or other Federal or State regulatory body. Such notification must include a list of any persons formerly possessing ownership interest in the licensee business who will have any beneficial interest in the current business and a copy of the contract or agreement.

(4) (8) In addition to notification of material change required by any other provision of this chapter, a licensee must provide the Commission with notice of at least ten (10) business days of the proposed addition of a new principal (other than a person or entity that becomes a principal through the acquisition of outstanding shares of a business whose equity securities are registered under Federal and State securities laws and publicly traded on a national or regional stock or security exchange) to the business of such licensee. The Commission may waive or shorten such period upon a showing that there exists a bona fide business requirement therefor. Except where the Commission determines within such period, based upon information available to it, that the addition of such new principal may have a result inimical to the purposes of this chapter, the licensee may add such new principal pending the completion of review by the Commission. The licensee shall be afforded an opportunity to demonstrate to the Commission that the addition of such new principal pending completion of such review would not have a result inimical to the purposes of this chapter. If upon the completion of such review, the Commission determines that such principal lacks good character, honesty, and integrity, the license shall cease to be valid unless such principal divests his or her interest, or discontinues his or her involvement in the business of such licensee, as the case may be, within the time period prescribed by the Commission.

(b) (1) An applicant for registration and a registrant, including a registrant issued a registration after the granting of an exemption from the licensing requirement of Subdivision a of Section 16-505 of the Code, must notify the Commission within ten (10) business days of: (i) the addition of a principal to the business of a registrant after the submission of the application for registration or exemption from the licensing requirement, pursuant to this Chapter; (ii) the arrest or criminal conviction of any principal of a Class 2 registrant of which

such applicant or registrant had knowledge or should have known, except where such disclosure is protected by Subdivision 16 of Section 296 of Article 15 of the New York State Executive Law; [and] (iii) any determination by any Federal, State, or Local governmental agency or authority against such licensee, registrant or applicant, including but not limited to any judgment, decree, order, finding by or settlement agreement with such governmental agency or authority; (iv) any crash that involved a vehicle used in the course of the business of the applicant for registration or registrant; (v) the suspension or revocation of the driver's license of any person whose job duties include operating a vehicle on behalf of the applicant for registration or registrant; (vi) all vehicle traffic summonses issued to the applicant for registration or registrant as the lessee or owner of the vehicle or to any person while operating a vehicle on behalf of such applicant or registrant; and (vii) any other material change in the information submitted pursuant to this subchapter.

(2) For any crash required to be reported pursuant to Subparagraph (iv) of Paragraph (1) of this Subdivision, an applicant for registration or registrant must provide the Commission with a copy of the Report of Motor Vehicle Accident (MV-104) and any other forms filed with the New York State Department of Motor Vehicles within ten (10) business days from the date by which such applicant or registrant is required to file the forms with such department.

(c) Notification pursuant to Paragraphs [(2), (3), and (4)] (1), (6), (7) and (8) of Subdivision (a) and Subparagraphs (i), (ii) and (vii) of Paragraph (1) of Subdivision (b) of this section must be sworn and notarized and must be signed by all persons participating directly or indirectly in the control of the applicant business and by: the proprietor of an applicant if the applicant is a sole proprietorship; every officer and director and stockholder holding ten (10) percent or more of the outstanding shares of a corporation, if the applicant is a corporation; all the partners, if the applicant is a partnership; the chief operating officer or chief executive officer, irrespective of organizational title and all persons or entities having an ownership interest of ten (10) percent or more if the applicant is any other type of business entity. Pursuant to City Environmental Quality Review (CEQR), Mayoral Executive Order No. 91 of 1977, CEQR Rules of Procedure of 1991, and the regulations of Article 8 of the State Environmental Conservation Law, State Environmental Quality Review Act (SEQRA) as found in 6 NYCRR Part 617, a Final Environmental Impact Statement (FEIS) has been prepared for the action described below. The proposal involve an action by the City Planning Commission and Council of the City of New York that is subject to review under Section 200 of the City Charter and the City Environmental Quality Review (CEQR) process. A public hearing on the FEIS was held on July 25, 2018, in conjunction with the City Planning Commission's citywide public hearing, pursuant to Section 200 of the City Charter. The public hearing also considered modifications to the proposed actions (the modified zoning text amendment, pursuant to land use application number N 180349(A) ZRY). Written comments on the DEIS were requested and were received by the Lead Agency until August 6, 2018. The FEIS incorporates responses to the public comments received on the DEIS and updated analysis conducted subsequent to the completion of the DEIS.

The Department of City Planning (DCP), is proposing a zoning text amendment to establish a City Planning Commission special permit (the CPC special permit), for new hotel development in M1 districts citywide. The CPC special permit would be required for transient accommodations including hotels, motels and boats. By introducing a CPC special permit, DCP proposes a case-by-case, site-specific review process to ensure that hotel development occurs only on appropriate sites, based on reasonable considerations regarding opportunities for the future siting of a permitted use on the site and the achievement of a balanced mix of uses and jobs in the area. This would allow for more balanced neighborhood growth and prevent conflicts with viable industrial businesses in core industrial areas, while supporting the growth of other kinds of commercial uses and, in limited instances, residential uses in other light manufacturing districts (the proposed action).

Since the issuance of the DEIS, DCP filed an amended zoning text amendment (land use application number N 180349(A) ZRY); the amended text amendment addresses issues raised during the public review process. The amended text amendment modifies the geographic applicability of the proposed action such that it would include the M1 districts immediately surrounding John F. Kennedy (JFK) and LaGuardia Airports. The amended zoning text amendment is analyzed as the Airport Areas Inclusion Alternative in the EIS.

The proposed zoning text amendment encompasses a discretionary action that is subject to review under Section 200 of the City Charter and the City Environmental Quality review (CEQR) process.

The zoning text amendment, as proposed by DCP, would require a CPC special permit for new hotels, motels, tourist cabins and boats in M1 districts citywide. The proposed CPC special permit would apply to all M1 districts, excluding MX or paired M1/R districts, except for:

- M1 districts that include airport property and areas adjacent to airports that are predominantly non-residential. These M1 districts have a unique economic function in the City and provide essential airport services, and options for accommodations are among those necessary services.

- M1 districts with existing hotel special permit provisions, since appropriate controls for hotel development have already been implemented for these areas.

By introducing a CPC special permit, DCP proposes a case-by-case, site-specific review process to ensure that hotel development occurs only on appropriate sites, based on reasonable considerations regarding opportunities for the future siting of a permitted use on the site and the achievement of a balanced mix of uses and jobs in the area.

The principal effect of the proposed action is to affect the location, but not the amount or type, of future hotel development. Because the proposed zoning text amendment introduces a discretionary approval process via a CPC special permit for new hotels within M1 districts, DCP expects fewer hotels in M1 districts in the foreseeable future. Generally, it is projected that the proposed action would restrain the development of some of the hotel rooms slated for M1 districts that are currently in the pre-construction process, and would result in a shift of hotel development to areas where hotel development could still occur as-of-right, in commercial and mixed-use districts within the same geographic submarket.

DCP cannot predict with certainty where hotels will locate in the future. Hotels and the zoning districts that permit them are relatively dispersed throughout the City, and the siting of hotels is demand-driven. As such, this is a generic, citywide action and the potential impacts of hotel development in the future No-Action and With-Action conditions will be analyzed by means of a prototypical analysis based on existing trends and reasonable projections for the future. This prototypical analysis utilizes an analysis year of 2028.

To establish a Reasonable Worst-Case Development Scenario (RWCDs) for the proposed action's prototypical analysis, DCP completed an analysis to determine the locations where a shift in hotel development from M1 to commercial or mixed-use districts is most likely. The siting analysis took into account the actual reduction in land where hotels could potentially locate as-of-right. Overall, such a shift would amount to approximately 2,000 hotel rooms: these are the number of rooms in the pre-construction pipeline slated for M1 districts that would not be developed in M1 districts due to the proposed action, and is subsequently the number that could be expected to be developed in as-of-right areas instead. Since geographic location plays an important role in driving hotel development, it is expected that any shift in development that would occur from M1 to other zoning districts would occur within the same geographic submarket.

The prototypical sites are assessed to describe the possible effects of this shift in hotel development and disclose the differences between non-hotel uses (i.e., a residential or different commercial use) in the No-Action condition to commercial hotel use in the With-Action condition. Since the proposed action would not change any rules regulating as-of-right development outside of M1 districts, such effects or differences would not be evaluated as or considered to be significant adverse impacts under CEQR guidelines.

In addition, as the proposed action would create a new special permit to allow new hotels within M1 districts, a conceptual analysis was conducted to understand how the new special permit could be utilized and to generically assess the potential environmental impacts that could result from a hotel development in a M1 district, pursuant to the special permit.

A socioeconomic conditions assessment was conducted of the proposed action to determine if it would adversely affect the hotel industry within the City. The hotel market is believed to be approaching a saturation point with growth expected to slow as the current hotel development pipeline of projects exceeds projected future demand through 2028. That demand, however, is not spread evenly throughout the City. Certain submarkets are expected to drive more demand for hotels than others.

Absent the proposed action, it is expected that much of the residual hotel demand will be met in M1 districts with strong demand drivers. Since future projects may be discouraged by the time and costs associated with the public approval process, it is therefore expected that there will be less hotel construction in M1 districts as a result of the proposed action, particularly in sub-markets with strong demand drivers and some of this development may shift to nearby commercial or mixed use districts to meet residual demand for hotel rooms. Consequently, this shift in the production of certain hotel products could potentially affect the availability and cost of accommodations in certain submarkets. Because substantial areas of the City will continue to be available for hotel development on an as-of-right basis, it is expected that new hotels will continue to be developed and that the City will be able to accommodate the demand of visitors. Given the robust pipeline for development, the continued opportunities for redevelopment throughout the city, and the substantial increase and diversification of the hotel market in NYC in recent years, the proposed action is not expected to significantly and adversely affect business conditions, impair the economic viability, or substantially reduce employment in the hotel industry in NYC.

The conceptual analysis identified the potential for significant adverse impact could occur at the conceptual development site for historic resources, hazardous materials, and air quality. Mitigation measures to address the potential historic resources impacts cannot be identified at this time as the measures are dependent on site-specific conditions. Hazardous materials and air quality impacts could be avoided by the adoption of an E-designation at the time the hotel special permit was approved. No significant adverse impacts related to land use, zoning and public policy or urban design and visual resources could be realized as a new hotel development seeking a special permit to operate in an M1 district under the proposed action would need to be to meet the findings of this special permit. Although the conceptual analysis did not identify a potential for a significant adverse impact in the other impact categories, the potential for impacts in those categories cannot be ruled out for a new hotel development at another location within M1 districts. As such, any application for a special permit hotel development would need to assess and, if warranted, disclose significant adverse impacts and possible mitigation measures would be considered, pursuant to a separate environmental review.

The FEIS considered three alternatives — a No Action Alternative, a M1-6 Exemption Alternative, and an Airport Areas Inclusion Alternative. The No Action Alternative examines future conditions, but assumes the proposed action is not adopted. The M1-6 Exemption Alternative considers modifications to the geographic applicability of the proposed action that would continue to allow new hotel developments to be built as-of-right in M1-6 districts. The Airport Areas Inclusion Alternative considers modifications to the geographic applicability of the proposed action that would include the M1 districts immediately surrounding John F. Kennedy (JFK) and LaGuardia Airports consistent with the amended zoning text amendment (under application number N180349 (A/ZRY) filed by DCP in response to issues raised during the public review process. The implementation of the Airport Areas Inclusion Alternative would not reduce the possible effects identified under the proposed action’s prototypical analysis.
