CITY COUNCIL

■ PUBLIC HEARINGS

NOTICE IS HEREBY GIVEN, that the Subcommittee on Zoning and Franchises, will hold a public hearing, on the following resolution authorizing the New York City Department of Transportation to grant a non-exclusive franchise in the Committee Room, City Hall, New York, NY 10007, commencing at 9:30 A.M. on Thursday, **February 14, 2019**:

THE COUNCIL OF THE CITY OF NEW YORK
Res. No. ____

CITYWIDE

20195397 BFY

Resolution, pursuant to Section 363 of the New York City Charter, authorizing the New York City Department of Transportation to grant a non-exclusive franchise for the provision of bus service between Manhattan and Staten Island.

By Council Member _____ (by request of the Mayor);

WHEREAS, by Executive Order 25, dated August 23, 1995, the Mayor designated the New York City Department of Transportation (DOT) as the responsible agency for the granting of franchises for bus lines; and

WHEREAS, pursuant to Section 363 of the New York City Charter, (Charter) the Commissioner of DOT (Commissioner) has made the initial determination of the need for a non-exclusive franchise for bus lines providing common carrier service to passengers along designated routes, between the boroughs of Staten Island and Manhattan (Bus Service) in the City of New York; and

WHEREAS, the Council has determined that the granting of such non-exclusive franchise will promote the public interest, and enhance the health, welfare and safety of the public and the City's transportation network; and

WHEREAS, it is necessary to provide for the preparation of a solicitation for such Bus Service, to conduct appropriate environmental review, to review proposals to provide Bus Service, and to make such technical evaluations as may be necessary to determine appropriate service levels, and fare structures;

NOW THEREFORE, BE IT RESOLVED,

That the Council hereby authorizes DOT to grant a non-exclusive franchise for bus lines providing common carrier service to passengers along designated routes, between the boroughs of Staten Island and Manhattan, in the City of New York provided that such non-exclusive franchise, shall be subject to the approval of the Franchise and Concession Review Committee (FCRC) and the separate and additional approval of the Mayor. The authorization to grant a non-exclusive franchise, pursuant to this Resolution shall expire on the fifth anniversary of the date on which this Resolution is adopted by the City Council (Expiration Date). No franchise shall be granted, pursuant to this Resolution by DOT, nor approved by the FCRC or the Mayor, after the expiration date.

AND BE IT FURTHER RESOLVED,

FIRST, that there shall be one uniform maximum fare for the Bus Service. The appropriate maximum fare shall be included in the solicitation and the franchise agreement. With regard to the uniform maximum fare, DOT may request from the FCRC a modification to any franchise agreement authorized by this Resolution changing the uniform maximum fare. Any franchise agreement for Bus Service shall specify that upon the approval of the FCRC of any such proposed change, the franchise agreement shall be deemed to be modified to provide for the revised maximum fare;

SECOND, that prior to the granting of any such non-exclusive franchise, one or more Requests For Proposal ("RFP") shall be issued by DOT for each route or group of routes. DOT may group routes in such a way as to maximize potential efficiencies, increase competition, and/or increase revenue. Prior to issuing any such solicitation, environmental and land use review, if necessary, shall be conducted in accordance with City Environmental Quality Review and Section 197c of the Charter. Upon request of the City, a proposed franchisee shall, as a condition of receiving a franchise, assume the cost of, or reimburse the City for, the City's costs of any such environmental or land use review or shall provide for the conduct of such review itself, at its own cost;

THIRD, the franchisee operating service, pursuant to this Resolution may receive funding from the State of New York through the City or, if such funds are not available, may receive funding directly from the City;

FOURTH, the evaluation criteria to be used in assessing the responses to such RFPs shall be the following:

- (1) An assessment of the relative fitness of the respondents with regard to:
 - a. experience operating bus or other transportation services in New York City or other urban environments;
 - b. demonstrated ability in the management of bus or other transportation service, including, without limitation, satisfactory performance on:
 - i. service indicators (e.g., percentage of scheduled service actually operated, adherence to published schedules, interruptions to service resulting from mechanical failures, vehicle cleanliness, and handling of customer inquiries), and
 - ii. management indicators, (e.g., employee absentee rates, number of vehicular accidents, training programs, adherence to inspection, insurance, driver training, and safety requirements, and bus scheduling efficiency and effectiveness);
 - c. business integrity and financial soundness, including without limitation adequate access to sources of operating capital and the demonstrated ability to adequately maintain books and records;
- (2) the amount of franchise fee proposed and the amount of service proposed.

FIFTH, initial schedules need to be specified in the RFP only to the extent that the level of service must be specified for purposes of completing an environmental review, as appropriate;

SIXTH, that any non-exclusive franchise granted, pursuant to this Authorizing Resolution shall be by written agreement that shall without limitation, provide that:

- (1) the term of the franchise shall be fixed and shall be in accordance with the terms of the solicitation, pursuant to which it was issued. A franchise may contain a renewal clause, however, in no case shall the term of a franchise, including all renewal periods, exceed twenty-five (25) years;
- (2) the compensation, if any, to be paid to the City shall be fixed as a percentage of the gross revenues, cash or non-cash, derived by the franchisee from any source, in any manner, either directly or indirectly arising from or related to the operation of the Bus Service described in the franchise. Such compensation shall not be considered in any manner to be in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description which are now or may at any time hereafter be required to be paid, pursuant to any Local Law of the City or any law of the State of New York; or any law of the Federal government;
- (3) the maximum fare shall be the uniform maximum fare for such service set by DOT, as such may be from time to time amended by DOT upon request to and approval by the FCRC;
- (4) the franchisee may be required to maintain integrated or reduced fare programs, the requirements for which shall be contained in the appropriate solicitation documents and franchise agreement;
- (5) the franchise may be terminated or canceled by the Commissioner in the event of the franchisee's failure to comply with the material terms and conditions of the agreement;
- (6) there shall be remedies, including liquidated damages, to protect the City's interests in the event of the franchisee's failure to comply with the terms and conditions of the agreement;
- (7) a security fund or other appropriate method shall be established to insure the performance of the franchisee's obligations under the agreement;
- (8) the franchise may permit or require advertising in the interior and/or exterior of buses; provided however, that advertising which is false or misleading, which promotes unlawful or illegal goods, services or activities, or which is otherwise unlawful, including but not limited to advertising that constitutes the public display of offensive sexual material in violation of Penal Law Section 245.11, shall be prohibited. In addition, advertising related to tobacco products and electronic cigarettes shall also be prohibited;

- (9) there shall be provisions regulating the technical specifications of bus equipment used to provide authorized Bus Service;
- (10) there shall be provisions to ensure adequate oversight and regulation of the franchisee by the City, including adherence to standards of performance and guidelines for service;
- (11) the City shall have the right at all times to inspect the facilities, service and equipment used by the franchisee and to order compliance with operational requirements and performance standards set forth in the agreement;
- (12) there shall be adequate insurance and indemnification requirements to protect the interests of the public and the City;
- (13) the franchisee shall be required to maintain complete and accurate books of account and records in compliance with any and all specific requirements for recordkeeping as shall be established by DOT. Such books and records shall be made available on demand to the City for inspection;
- (14) the franchisee shall be required to maintain an office in the City of New York;
- (15) there shall be provisions containing the agreements required, pursuant to Paragraph 6 of Subdivision (h) of Section 363 of the Charter relating to collective bargaining and other matters;
- (16) there shall be provisions requiring the franchisee to comply with applicable City laws, regulations and policies related to, but not limited to employment and investigation;
- (17) there shall be provisions requiring the franchisee to comply with all applicable Federal, State, and Local Laws whatsoever, including those relating to accessibility for persons with disabilities;
- (18) there shall be provisions to restrict the subcontracting, assignment or other transfer of the franchise or portions thereof, without the prior written consent of the City and provisions to restrict changes in control of the carrier without the prior written consent of the City;
- (19) the franchisee, with the exception of public transportation authorities, shall submit to the City's Procurement and Sourcing Solutions Portal (PASSPort) review;
- (20) the franchisee shall obtain all necessary authorizations, licenses, and/or permits from and comply with all applicable provisions of the New York State Vehicle and Traffic Law, and all applicable rules of the New York State Department of Motor Vehicles, the New York State Department of Transportation and any other governmental body having jurisdiction over bus operations;
- (21) the franchisee shall at all times maintain on file with DOT a complete, accurate, and current schedule of service, which will constitute an appendix to the agreement(s) and shall be fully part of the agreement(s);
- (22) for Bus Service, pursuant to this Authorizing Resolution, written notification shall be given to the Commissioner not less than thirty days prior to any modification of the weekly scheduled vehicle revenue miles or change to the span of service of any route, provided, however, that the Commissioner may waive such notice requirement in the case of special events or other short-term contingencies where he/she deems it in the public interest to do so. Any changes in the number of weekly scheduled vehicle revenue miles on any route that exceed twenty-five percent (25%) or changes in the span of service of greater than four hours of any given route, either cumulatively within a three year period or singly, must receive the prior written approval of the Commissioner, a copy of which shall be sent to the FCRC;
- (23) there may be provisions for free reciprocal transfer privileges between routes operated by the franchisee and intersecting surface routes of the Metropolitan Transportation Authority New York City Transit ("MTA NYCT"), the Manhattan and Bronx Surface Transit Operating Authority ("MABSTOA"), and the MTA Bus Company (together "the Operators"), and in addition with the franchisee's own intersecting routes. To the extent that such reciprocal transfer privileges require the agreement of the Operators, the franchisee shall take all reasonable steps to obtain such agreement and DOT shall assist the franchisee in obtaining such agreement.

SEVENTH, the streets comprising the route over which franchised Bus Service will be provided shall be described in the RFP and included in the franchise agreement. All changes to the routes or those streets must receive the prior written approval of the Commissioner before such change may be implemented. Where such changes to that route or those streets, either cumulatively within a

three year period or singly, represent twenty-five percent (25%) or less of the total mileage of the route, a copy of the Commissioner's approval shall be sent to the FCRC for its information; where such changes to that route or those streets, either cumulatively within a three year period or singly, represent more than twenty-five percent (25%) of the total mileage of the route the written approval of the Commissioner shall be submitted to the FCRC for its additional approval prior to the implementation thereof.

And be it further RESOLVED, that DOT shall file with the Council the following documents:

- (1) within fifteen (15) days of issuance, a copy of each RFP issued, pursuant to this Resolution;
- (2) within fifteen (15) days of approval by the Mayor, a copy of the agreement for any franchise granted, pursuant to this Resolution;
- (3) within fifteen (15) days of approval by the Commissioner or the FCRC, a copy of any amendments to any franchise granted, pursuant to this Resolution; and

In Subareas A and B1, the underlying #street wall# location regulations shall apply, except that the provisions of paragraph (a)(1) of Section 35-651 (Street wall location) shall be modified to require at least 70 percent of the #aggregate width of street wall# be located with 15 feet of the #street line# and extend to the minimum base heights specified in Section 116-233 (Height and setback), or the height of the #building#, whichever is less.

(b) Subareas B2 through B5 and C

In Subareas B B2 through B5 and C, the underlying #street wall# location regulations of a C4-2A District or an R6B District, as applicable, shall be modified as set forth in this Section. Map 3 (Mandatory Front Building Wall Lines) in the Appendix to this Chapter, specifies locations in Subareas B B2 through B5 and C where #mandatory front building wall# requirements apply as follows:

(a)(1) Type 1: Front #building# walls shall be coincident with and extend along the entire length of the #mandatory front building wall line#, except, to allow articulation at

the intersection of two such lines, the front #building# wall may be located anywhere within 15 feet of their point of intersection.

(b)(2) Type 2: Front #building# walls shall be located within eight feet of and extend along at least 70 percent of the length of the #mandatory front building wall line#. For phased #development#, this requirement may be satisfied by more than one #building#, provided that upon completion 70 percent of the length of the #mandatory front building wall line# is occupied by such front #building# walls.

(c)(3) Wherever Map 3 does not indicate a #mandatory front building wall line#, the underlying #street wall# location rules shall apply.

If more than one #building# is #developed# in Subareas B1, B2, B3 or B4, the first #building# shall be located along a Type 1 #mandatory front building wall line#. [MOVED HEIGHT AND SETBACK PROVISIONS TO 116-233]

All #mandatory front building walls# shall rise without setback to a maximum height of 40 feet the minimum base height specified in Section 116-233, or the height of the #building#, whichever is less. A #building# may exceed a height of 40 feet, up to the maximum #building# height specified in Section 116-233, if a setback is provided at a minimum height of 35 feet. Such setback shall have a minimum depth of 10 feet and shall be measured from the front #building# wall. Recesses shall be permitted on the ground floor where required to provide access to the #building#. Above the ground floor, up to 30 percent of the aggregate width of the front #building# wall may be recessed.

However, in Subarea B2, the #mandatory front building wall# may rise without setback to the permitted maximum height of the #building#.

116-233

Maximum building height Height and setback

Within the #Special Stapleton Waterfront District#, the underlying height and setback regulations shall be modified as follows:

(a) Subareas A and B1

The maximum #building# height set forth in the table shall only be permitted in locations where the maximum #street wall# width of a #building# above the transition height, or, where applicable, the maximum base height, does not exceed 100 feet. At least 60 feet of separation shall exist between any portions of #buildings# located above such maximum transition height, or maximum base height, as applicable.

A setback is required for all portions of #buildings or other structures# that exceed the maximum base height specified for the Subarea, and shall be provided in accordance with paragraph (a)(2) of this Section.

Pursuant to Section 695(2)(b) of the General Municipal Law and Section 1802(6)(j) of the Charter, the Department of Housing Preservation and Development ("HPD") of the City of New York ("City"), has proposed the sale of the following City-Owned property (collectively, "Disposition Area"), in the Borough of Brooklyn:

Address	Block/Lot
63 Stockholm Street	3243/65

Under HPD's Neighborhood Construction Program, sponsors purchase City-Owned or privately-owned land or vacant buildings, and construct multifamily buildings, in order to create up to 45 units of affordable rental housing on infill sites. Construction and permanent financing is provided through loans from private institutional lenders and from

public sources including HPD, the New York City Housing Development Corporation, the State of New York, and the Federal government. Additional funding may also be provided from the syndication of low-income housing tax credits. The newly constructed buildings provide rental housing, to low income, moderate income, and middle income families.

Under the proposed project, the City will sell the Disposition Area, to Bushwick Alliance Housing Development Fund Corporation ("Sponsor"), for the nominal price of one dollar per tax lot. The Sponsor will also deliver an enforcement note and mortgage, for the remainder of the appraised value ("Land Debt"). The Sponsor will then construct one building containing a total of approximately 20 rental dwelling units on the Disposition Area.

The Land Debt, will be repayable out of resale or refinancing profits, for a period of at least thirty (30) years following completion of construction. The remaining balance, if any, may be forgiven, at the end of the term.

“The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City’s prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence.”

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York (“PPB Rules”), vendors must first complete and submit an electronic prequalification application using the City’s Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

- Administration for Children's Services (ACS)
- Department for the Aging (DFTA)
- Department of Consumer Affairs (DCA)
- Department of Corrections (DOC)
- Department of Health and Mental Hygiene (DOHMH)
- Department of Homeless Services (DHS)

- Department of Small Business Services (SBS)

CITY PLANNING

■ NOTICE

Project Name: Ennis Francis Houses LSRD
 CEQR #: 19DCP041M
 SEQRA Classification: Type I

NEGATIVE DECLARATION

Statement of No Significant Effect

Pursuant to Executive Order 91 of 1977, as amended, and the Rules of Procedure for City Environmental Quality Review, found at Title 62, Chapter 5 of the Rules of the City of New York and 6 NYCRR, Part 617, State Environmental Quality Review, the Department of City Planning, acting on behalf of the City Planning Commission, assumed the role of lead agency, for the environmental review of the proposed project. Based on a review of information about the project contained in this environmental assessment statement, and any attachments hereto, which are incorporated by reference herein, the lead agency has determined, that the proposed project would not have a significant adverse impact on the environment.

Reasons Supporting this Determination

The above determination is based on information contained in this EAS, which finds the proposed actions sought before the City Planning Commission would have no significant effect on the quality of the environment. Reasons supporting this determination are noted below

Hazardous Materials and Air Quality

1. An (E) designation (E-521) for hazardous materials and air quality has been incorporated into the proposed action. Refer to "Determination of Significance Appendix: (E) Designation" for a list of the sites affected by the proposed (E) designation and applicable (E) designation requirements. With these measures in place, the proposed action would not result in significant adverse impacts to hazardous materials or air quality.

Prior Actions

2. As part of a prior minor modification proposal affecting Block 1929, Lots 57, 17 and 29, within the Ennis Francis Large Scale Residential Development (LSRD), an Environmental Assessment Statement (EAS) and Conditional Negative Declaration (CND) were issued (CEQR number 10DCP028M) in September 2010. The 2010 CND accounted for a Restrictive Declaration related to hazardous materials and archaeological resources affecting development in the LSRD. The

hazardous materials and archaeological resources concerns have been resolved as they pertain to Lots 17 and 29, and development has occurred within the LSRD. As noted below under "Historic and Cultural Resources," the Applicant agrees to record and execute a new Restrictive Declaration to address the remaining archaeological concerns affecting Lot 57. As noted above, an (E) designation for hazardous materials has been incorporated into the proposal affecting Lot 57. The proposed action is not anticipated to affect the conclusions of the prior environmental review.

Historic and Cultural Resources

3. The proposed action is classified as a Type I, pursuant to SEQRA as the development site is substantially contiguous to Hotel Theresa, a designated individual landmark building.

Architectural Resources

The proposed action would not result in any types of visual or contextual impacts to the known historic resources within the study area. As all of the new buildings that could be developed under the proposed action would be residential, commercial, or community facility structures of heights and bulk consistent with those urban design features of the area, the proposed action would not introduce any incompatible visual, audible, or atmospheric elements to the settings of historic resources.

Archaeological Resources

In a letter dated November 14, 2017, the NYC Landmarks Preservation Commission (LPC) determined that there is a reasonable likelihood, based on the sites' location and characteristics, that it contains significant archaeological resources. As part of the Proposed Project, the Applicant will enter into a Restrictive Declaration agreeing to conduct archaeological identification, investigation, and mitigation in accordance with the CEQR Technical Manual and NYC LPC guidelines for archaeological work in New York City.

The Restrictive Declaration is binding on the Applicant, and the property's successors and assigns and serves as a mechanism to assure the archaeological testing be conducted and that any necessary mitigation measures be undertaken prior to any site disturbance (i.e., site grading, excavation, demolition, or building construction). The Restrictive Declaration will be prepared in a form acceptable to LPC and recorded with the City's Department of Finance at a future date. Consequently, no significant adverse impact to archaeological resources are expected to result from the proposed action.

Land Use, Zoning and Public Policy

4. This EAS includes a detailed Land Use, Zoning and Public Policy section, which analyzes the potential significance of the proposed minor modification to the existing LSRD on land use, zoning and public policy in the study area. The proposed action would allow development in accordance with the adjusted zoning districts underlying the LSRD area to facilitate the development of two new contiguous buildings. The development site is located entirely within an R8 zoning district and will develop in accordance with R8 as of right regulations. In regard to public policy, the proposed action is found to be consistent with the intent of the Harlem East Harlem Urban Renewal Plan, as well as consistent with the City's policies to provide new affordable housing opportunities in areas where residents would have access to economic opportunity, social services, and local commercial services. The analysis concludes that the proposed actions would not result in significant adverse impacts on land use, zoning or public policy.

Shadows

5. This EAS includes a detailed Shadows analysis. This analysis concludes that incremental shadows would be cast on the Adam Clayton Powell Jr. Boulevard Malls and the Harriet Tubman Memorial; neither of which contain any active or passive resources, and therefore, any incremental shadows would not impact the Open Space Utilization of these resources. The analysis concludes that the proposed actions would not result in significant adverse impacts related to urban design or visual resources. The shadows cast on Harriet Tubman Memorial would not reach vegetation. The Adam Clayton Powell Jr. Boulevard Malls area that is covered in shadow by the proposed buildings is a median directly across from existing 11- and 12-story buildings. The intervening shadow cast by the proposed buildings affects a small portion of the southern tip of the median. Further, the shadows cast on Adam Clayton Powell Jr. Boulevard Malls on March 21st, May 6th and June 21st occur in the evening hours for 13 minutes on March 21st, 2 hours and 8 minutes on May 6th and 2 hours and 42 minutes on June 21st—lengths of time that would not reduce direct sunlight exposure to less than the minimum time necessary for the survival of the street trees that are affected during growing season. As such, the proposed action would not affect the vitality or usage of the sunlight sensitive resources identified in the study area, and significant adverse impacts from shadows would not result from the proposed action.

Community Facilities and Services

6. A detailed analysis of Community Facilities and Services was conducted for Public Schools and no significant adverse impacts are expected as a result of the proposed action.

Public Schools

Pursuant to CEQR Technical Manual methodology, a significant impact on schools may occur if the collective utilization rate of the elementary and/or intermediate schools in the sub-district area that is equal to or greater than 100 percent in the With-Action condition, and if the project results in an increase of five percent or more in the collective utilization rate between the No-Action and the With-Action conditions. The analysis concludes that with the proposed action, the collective utilization rate for both elementary and intermediate schools would be below 100 percent. Further, the proposed action would result in a one percent increase in utilization from the no-action condition for primary schools and zero percent increase in utilization from the no-action condition for intermediate schools. Therefore, pursuant to the CEQR Technical Manual methodology, the proposed action would not result in significant adverse impacts related to public schools.

Transportation

7. The EAS includes a detailed transportation analysis for vehicle, transit, and pedestrian trips generated by the proposed action. The proposed action would not result in an increase of 50 or more vehicular-trip ends either cumulatively, or individually, to any one intersection within the study area. Therefore, the proposed action would not result in significant adverse impacts related to traffic, parking or circulation. The proposed action would not lead to an increase of 200 or more subway or bus trips to any one transit line, stop, station, or platform. Therefore, the proposed action would not lead to any significant adverse subway or bus impacts related to circulation or capacity. The results of the pedestrian LOS analyses indicate that no significant adverse pedestrian impacts are projected to occur at any of the crosswalks, street corners, or sidewalks as a result of the proposed action.

No other significant effects upon the environment that would require the preparation of a Draft Environmental Impact Statement are foreseeable. This Negative Declaration has been prepared in accordance with Article 8 of the New York State Environmental Conservation Law (SEQRA).

DESIGN AND CONSTRUCTION

■ NOTICE

DETERMINATION AND FINDINGS BY THE CITY OF NEW YORK, PURSUANT TO SECTION 204 OF THE NEW YORK STATE EMINENT DOMAIN PROCEDURE LAW

Whereas, the New York City Department of Design and Construction ("DDC"), on behalf of the New York City Department of Environmental Protection ("DEP") and the City of New York ("City"), has proposed the acquisition of certain portions of Fairlawn Avenue from Hylan Boulevard to Mansion Avenue; as shown on Damage and Acquisition Map No. 4246 (Capital Project: SER200202), in the Borough of Staten Island; and

Whereas, the New York State Eminent Domain Procedure Law ("EDPL") sets forth uniform procedures for condemnations by municipalities throughout the State of New York, which also governs over this acquisition; and

Whereas, pursuant to the EDPL, the City is required to hold a public hearing to determine whether the public would be better served by the proposed acquisition of the above-mentioned properties, and the impact of such an acquisition on the neighborhood where the project is to be constructed; and

Whereas, the City held a public hearing, pursuant to EDPL Section 204 in relation to this acquisition on December 4, 2018, in the Borough of Staten Island. Having given due consideration to the complete hearing record, which includes, among other things, all documents submitted and all public comments, the City makes the following determination and findings concerning the above and below described acquisitions and project:

1. The public use and benefit of this project is for the installation of storm sewer, sanitary sewer and water main on Fairlawn Avenue, in the Borough of Staten Island (the "Project").
2. The properties to be acquired are within the acquisition limits shown on Damage and Acquisition Map No. 4246 as follows:

The bed of Fairlawn Avenue from Hylan Boulevard to Mansion Avenue.

The adjacent Block and Lots affected include the following locations, as shown on the Tax Map on the City of New York for the Borough of Staten Island:

Adjacent Block No.	Adjacent Lot No.
5190	60, 61, 62, 66

The City selected these locations based on a need for the installation of storm sewer, sanitary sewer and water main in Fairlawn from Hylan Boulevard to Mansion Avenue.

The general effect on the neighborhood will be to improve current living conditions.

An environmental assessment of the proposed property acquisition location, was conducted in accordance with the requirements of the State Environmental Quality Review Act (SEQRA) and the New York City Environmental Quality Review process (CEQR No. 17DEP005R). The New York City Department of Environmental Protection, as lead agency, determined that the proposed project would have no potential significant adverse impact on the environment, and published a Negative Declaration on October 25, 2018.

Comments and concerns presented at the public hearing and through subsequent written submissions have been reviewed by the City. Questions were raised by property owners regarding the acquisition boundaries of the project, and the manner in which adjacent properties would be affected.

The City will work with all public and private parties involved in the project to minimize the impact of construction activities on the street, residents and environment, and will work with other involved agencies and the community in order to review and address project-related concerns. The City continues to review its design plans and will make modifications addressing any issues whenever possible.

DETERMINATION:

Based upon due consideration of the record and the foregoing findings, it is determined that the City of New York should exercise its power of eminent domain to acquire the above-described properties in order to promote and permit the purposes of the Project to be achieved.

NOTICE:

Pursuant to EDPL Section 207, property owners have thirty (30) days from completion of the publication of this "Determination and Findings" to seek judicial review of this determination. This publication will be advertised in the City Record and Staten Island Advance newspapers.

The exclusive venue for the judicial review of this determination, pursuant to EDPL Sections 207 and 208 is the Appellate Division of the Supreme Court in the Judicial Department where any part of the property to be acquired is located.

A copy of this Determination and Findings by the City is available without cost upon written request to:
