**PLEASE TAKE NOTICE** that a public hearing, will be held on June 26, 2019, at 22 Reade Street, Spector Hall, Manhattan, at 10:00 A.M., or as soon thereafter, as the matter may be reached on the calendar, at which time and place those wishing to be heard will be given an opportunity to be heard concerning the proposed disposition of the real property identified below.

Pursuant to Section 695(2)(b) of the General Municipal Law and Section 1802(6)(j) of the Charter, the Department of Housing Preservation and Development ("HPD") of the City of New York ("City"), has proposed the sale of the following City-Owned property (collectively, "Disposition Area"), in the Borough of Manhattan:

Under HPD's Division of Property Disposition and Finance program, City-owned vacant and/or occupied multifamily residential buildings may be purchased and gut-rehabilitated by a designated sponsor in order to create affordable rental housing units with a range of affordability. Construction and permanent financing is provided through loans from private institutional lenders and from public sources, including HPD.

HPD has designated CLT East Harlem/El Barrio Community Land Trust Housing Development Fund Corporation ("Sponsor"), as qualified and eligible to purchase and redevelop the Disposition Area under the Division of Property Disposition and Finance's program. HPD proposes to sell the Disposition Area to the Sponsor for the nominal price of one dollar (\$1.00) per building. The Sponsor will then rehabilitate four multiple dwellings in the Disposition Area. LOWER MANHATTAN DEVELOPMENT CORPORATION NOTICE OF PUBLIC HEARING TO BE HELD ON JUNE 19, 2019 PURSUANT TO SECTIONS 6 AND 16 OF THE NEW YORK STATE URBAN DEVELOPMENT CORPORATION ACT AND SECTIONS 201-204 OF THE EMINENT DOMAIN PROCEDURE LAW IN CONNECTION WITH THE WORLD TRADE CENTER MEMORIAL AND CULTURAL PROGRAM

**PLEASE TAKE NOTICE** that a public hearing, open to all persons, will be held at the LMHQ (Lower Manhattan Headquarters), 150 Broadway, 20<sup>th</sup> Floor, New York, NY 10038, commencing at 5:30 P.M. through 7:30 P.M. on June 19, 2019, by the Lower Manhattan Development Corporation ("LMDC"), a subsidiary of New York State Urban Development Corporation d/b/a Empire State Development (a political subdivision and public benefit corporation of the State of New York), pursuant to Sections 6 and 16 of the New York State Urban Development Corporation Act (Chapter 174, Section 1, Laws of 1968, as amended; the "Act") and Sections 201-204 of the New York State Eminent Domain Procedure Law ("EDPL"), to consider (a) the proposed acquisition by LMDC by condemnation of certain property owned by The City of New York (the "City") in the Borough of Manhattan, City, County and State of New York, and (b) the proposed disposition by LMDC of certain property in the Borough of Manhattan, City, County and State of New York, including said property acquired by condemnation, to the Port Authority of New York and New Jersey (the "PA") or the City (said acquisition and disposition of property, collectively, the "Project"), without the payment of any consideration, in furtherance of LMDC's General Project Plan ("GPP") for the World Trade Center Memorial and Cultural Program ("Program").

The purposes of the public hearing are to review the public use to be served by the Project and the impact of the Project on the environment and residents of the locality where the Project is proposed to occur, pursuant to Article 2 of the EDPL, and to give all interested persons an opportunity to present oral or written statements and to submit other documents concerning the Project in accordance with Section 6 of the Act.

LMDC proposes to undertake the Project, all as further described below, for the purpose of conforming ownership of property at the World Trade Center Site (the "WTC Site") consistent with the street grid, transportation and security infrastructure, and the sites of the public open space and performing arts center ("PAC") described in the GPP. The Project is in furtherance of the public purposes of the Program, described in the GPP as including elimination of the substandard, insanitary conditions that existed on the World Trade Center Site and the Southern Site as a result of the tragic September 11, 2001 attacks on the World Trade Center, and assisting in the sound growth and redevelopment of the WTC Site and Lower Manhattan. The Project would further the redevelopment of the WTC Site as a mixed-use center of commerce, public spaces, and culture, with a Memorial at its heart, and would advance the goals of the Act, the objectives developed by LMDC and the goals articulated by the Governor of the State of New York and the Mayor of the City of New York—to remember and honor the victims of the terrorist attacks while revitalizing Lower Manhattan.

**Project Location and Description:** The Project involves the exercise by LMDC of its power of eminent domain, either with or without negotiated agreements, to acquire property, as well as the acquisition and disposition by negotiated agreement of property by LMDC, consisting of the parcels described below, all of which are located in Lower Manhattan, New York, New York.

### HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

### Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children's Services (ACS)  
 Department for the Aging (DFTA)  
 Department of Consumer Affairs (DCA)  
 Department of Corrections (DOC)  
 Department of Health and Mental Hygiene (DOHMH)  
 Department of Homeless Services (DHS)  
 Department of Probation (DOP)  
 Department of Small Business Services (SBS)  
 Department of Youth and Community Development (DYCD)  
 Housing and Preservation Department (HPD)  
 Human Resources Administration (HRA)  
 Office of the Criminal Justice Coordinator (CJC)

To sign up for training on the new system, and for additional information about HHS Accelerator, including background materials, user guides and video tutorials, please visit [www.nyc.gov/hhsaccelerator](http://www.nyc.gov/hhsaccelerator).

#### Name, Description and Location of Proposal:

##### Bushwick Neighborhood Plan

The above-referenced application involves discretionary action(s) subject to City Planning Commission approval, and subject to review under the City Environmental Quality Review (CEQR), Executive Order No. 91, and the State Environmental Quality Review Act (SEQRA), 6 NYCRR 617. Pursuant to Sections 5.03 and 5.05 of the Rules of Procedure for CEQR, the Department of City Planning, acting

on behalf of the City Planning Commission, is assuming lead agency status for this application and is initiating the CEQR review.

**Project Description:** The New York City Department of City Planning (DCP) is proposing a series of land use actions (the "Proposed Actions"), including zoning map amendments and zoning text amendments that would facilitate the implementation of the Bushwick Neighborhood Plan (BNP), an area-wide plan that aims to promote a long-term vision for the study area that protects neighborhood character and channels growth to appropriate locations, fosters preservation and creation of affordable housing, promotes job growth, and identifies critical neighborhood investments. The BNP builds on previous collaborative work conducted by the DCP, City agencies, community residents and stakeholders, and non-profit organizations.

The Proposed Actions would affect an approximately 300-block, 1,300-acre area (the "Project Area") of Bushwick, Brooklyn, Community District 4. The Project Area is generally bounded by Wyckoff Avenue and Irving Avenue to the north, Moffat Street and Vanderveer Street to the east, Broadway to the south, and Flushing Avenue to the west. The Proposed Actions are summarized below:

- **Zoning Map Amendments.** The Proposed Actions would replace all or portions of existing R6, C4-3, M1-1, M3-1, C8-1, C8-2, and R4 districts with R5B, R6B, R6B/C2-4, R6A, R6A/C2-4, R7A, R7A/C2-4, C4-3A, C4-5A, C4-5D, C4-4D, and M1-4 districts as well as paired M1-4/R6B, M1-4/R6A, M1-4/R7A, and M1-4/R7D districts. All C4, M, MX, and certain R7A districts would be subject to modifications under the proposed Special Bushwick District ("SBD").
- **Zoning Text Amendments.** The Proposed Actions include amendments to the text of New York City's Zoning Resolution (ZR) to establish the SBD within a portion of the area to be rezoned. The proposed text amendment to Appendix F of the Zoning Resolution would apply the Mandatory Inclusionary Housing (MIH) program to proposed R6A, R6A/C2-4, R7A, R7A/C2-4, C4-3A, C4-5A, C4-5D, C4-4D, M1-4/R6B, M1-4/R6A, M1-4/R7A, and M1-4/R7D zoning districts to require a share of new housing to be permanently affordable where significant new housing capacity would be created.

The Proposed Actions reflect the feedback received from local stakeholders through a four-year collaborative planning process and seeks to accomplish the following land use objectives: a) preserve neighborhood character of Bushwick's side streets (i.e. mid-blocks) by establishing contextual zoning districts; b) allow for appropriate growth with permanently affordable housing, retail, and community facilities in appropriate locations on east-west avenues; c) promote higher-density mixed-use development with permanently affordable housing; d) allow building envelope flexibility to respond to elevated train conditions and improve the pedestrian experience along elevated train corridors; e) reinforce and increase job-generating uses and enhance the vitality of industrial districts; and f) encourage a mix of residential, commercial, and industrial uses to best response to the need for jobs and new housing, including affordable housing.

The Reasonable Worst-Case Development Scenario ("RWCDs") identifies 167 projected development sites. On these sites, the Proposed Actions are expected to result in a net increase of approximately 5,600 dwelling units, including approximately 1,900 permanently affordable units; 2,130,000 gross square feet (gsf) (1,915,000 zoning square feet (zsf) of commercial space (retail, supermarket, restaurant, and office uses); 250,000 gsf (215,800 zsf) of community facility space; and 295,000 gsf (255,500 zsf) of industrial space, and a net decrease of 22,000 gsf (18,400 zsf) of self-storage uses. The RWCDs also identifies 38 potential development sites which are considered less likely to be developed by the analysis year. The analysis year for the Proposed Action is 2030.

#### Statement of Significant Effect:

On behalf of the lead agency, the Environmental Assessment and Review Division has determined, pursuant to 6 NYCRR Part 617.7, that the proposed action may have a significant effect on the quality of the environment as detailed in the following environmental impacts, and that an environmental impact statement will be required:

1. The actions, as proposed, may result in significant adverse impacts related to land use, zoning and public policy in the vicinity of the affected area.
2. The actions, as proposed, may result in significant adverse impacts related to socioeconomic conditions in the vicinity of the affected area with respect to direct and indirect business displacement, indirect residential displacement and specific industries. The actions do not have any potential to result in significant adverse impacts with respect to direct residential displacement.
3. The actions, as proposed, may result in significant adverse impacts related to community facilities and services in the vicinity of the affected area.

4. The actions, as proposed, may result in significant adverse impacts on publicly accessible open space in the vicinity of the affected area.
5. The actions, as proposed, may result in significant adverse shadow impacts in the vicinity of the affected area.
6. The actions, as proposed, may result in significant adverse impacts related to historic and cultural resource in the vicinity of the affected area.
7. The actions, as proposed, may result in significant adverse impacts related to urban design and visual resources in the vicinity of the affected area.
8. The actions, as proposed, may result in significant adverse impacts related to hazardous materials in the vicinity of the affected area.

14. The actions, as proposed, may result in significant adverse impacts to greenhouse gas emissions in the vicinity of the affected area.
15. The actions, as proposed, may result in significant adverse noise impacts in the vicinity of the affected area.
16. The actions, as proposed, may result in significant adverse impacts related to public health.
17. The actions, as proposed, may result in significant adverse impacts related to neighborhood character in the vicinity of the affected area
18. The actions, as proposed, may result in significant adverse construction-related impacts.

#### Supporting Statement:

The above determination is based on an Environmental Assessment Statement prepared for the action which finds that:

1. Land Use, Zoning and Public Policy – The Proposed Actions could alter existing land uses and zoning by allowing greater densities than the current zoning permits. In addition, the effects of the Proposed Actions may not be compatible with one or more of the public policies that are applicable to portions of the study area.
2. Socioeconomic Conditions – The Proposed Actions are not expected to result in the direct displacement of 500 residents. However, the Proposed Actions could introduce approximately 5,613 new dwelling units and up to approximately 2.5 million square feet of new commercial and/or industrial uses that could result in a substantial population increase and has the potential to increase rents.
3. Community Facilities – The Proposed Actions could not result in the direct displacement of any community facilities or services. However, the Proposed Actions could result in a substantial increase of residential units and, therefore could have the potential to result in significant adverse impacts relate to public schools, libraries, and child care.
4. Open Space – The Proposed Actions may have an indirect effect on open space resources due to increased demand for use of publicly accessible spaces by the potential net increase of approximately 17,849 new residents and 6,197 new workers.
5. Shadows – The Proposed Actions could allow an increase in development density and greater building heights in the Affected Area. Shadows cast by new buildings that could be developed as a result could affect publicly accessible open spaces and sunlight-sensitive architectural resources in the area.
6. Historic and Cultural Resources – The Proposed Actions may affect designated historic landmarks and/or buildings that may be eligible for designation. In addition, the Proposed Actions may result in additional in-ground disturbance and therefore has the potential to affect archaeological resources that may be present.

7. Urban Design and Visual Resources – The Proposed Actions and subsequent projected development could result in physical changes in the Affected Area beyond the bulk and form currently permitted as-of-right; therefore, these changes could affect a pedestrian’s experience of public space and may alter the urban design character and visual resources of the surrounding area.
8. Hazardous Materials – The Proposed Actions could result in additional in-ground disturbance, which, given the historical on-and off-site uses and conditions, has the potential to result in hazardous materials impacts.
9. Water and Sewer Infrastructure – The Proposed Actions could result in a sizable net increase of building space within the Affected Area which could place additional demands on infrastructure, including water supply and storm water management.
10. Solid Waste and Sanitation Services- Due to the increase in density within the Affected Area, the Proposed Actions could increase the demands on solid waste and sanitation transport and disposal services.
11. Energy- Although significant adverse energy impacts are not anticipated for the Proposed Actions as it would not affect the transmission or generation of energy, the projected amount of energy consumption during long-term operation resulting from the Proposed Actions will be assessed.
12. Transportation – The Proposed Actions could result in an increase in the number of vehicular trips and increase ridership on mass transit facilities. The Proposed Actions could also affect pedestrian movements in the area due to the increased number of residents and workers expected to be introduced to the area.
13. Air Quality – Increased demand for heating, ventilating, and air conditioning (HVAC) and additional vehicular traffic introduced by the Proposed Actions may affect air quality. In addition, existing industrial uses in the surrounding area have the potential to affect air quality surrounding the new residential development resulting from the Proposed Actions.
14. Greenhouse Gas Emissions and Climate Change – The Proposed Actions could allow an increase in development

- density that may affect greenhouse gas emissions due to increased construction and operational activities with the projected development.
15. Noise – The Proposed Actions could increase the volume of traffic in the area, which could result in additional traffic noise and may have the potential to result stationary source noise impacts.
16. Public Health – The Proposed Actions could result in an increase in development density which could potentially result in public health concerns.
17. Neighborhood Character – The Proposed Actions have the potential to alter certain constituent elements of the Affected Area’s neighborhood character, including land use patterns, socioeconomic conditions, traffic, and noise levels.
18. Construction – The Proposed Actions could increase the allowable density of the area resulting in new development that involves activities which may result in construction-related impacts.
19. The Draft Environmental Impact Statement (DEIS) to be prepared for the proposed action will identify and describe any other potential effects on the environment.

**Public Scoping:**

The CEQR lead agency hereby requests that the applicant prepare or have prepared, at their option, a Draft Environmental Impact Statement (DEIS) in accordance with 6 NYCRR 617.9(b) and Sections 6-08 and 6-12 of Executive Order No. 91 of 1977 as amended (City Environmental Quality Review).

A public scoping meeting will be held on Thursday, June 27, 2019, at 4:00 P.M. at the Bushwick High School, 400 Irving Avenue, Brooklyn, NY 11237. Written comments will be accepted by the lead agency through the close of business on Friday, July 12, 2019.

This determination has been prepared in accordance with Article 8 of the Environmental Conservation Law.

Should you have any questions pertaining to this Positive Declaration, you may contact the Project Manager, Anthony Howard, at (212) 720-3422.

**LATE NOTICE**

**CITY PLANNING**  
PUBLIC HEARINGS

**NOTICE IS HEREBY GIVEN** that, pursuant to Section 5-07 of the Rules of Procedure for Environmental Review (CEQR) and 6 NYCRR 617.8 (State Environmental Quality Review), that the New York City Department of City Planning, acting on behalf of the City Planning Commission as CEQR lead agency, has determined that a draft environmental impact statement is to be prepared for the proposed actions related to the **Bushwick Neighborhood Plan**, CEQR Number 19DCP200K.

**A public scoping meeting has been scheduled for Thursday, June 27, 2019, and will be held, at Bushwick High School, 400 Irving Avenue, Brooklyn, NY 11237.** The meeting will begin at **4:00 P.M.** Written comments will be accepted by the lead agency until the close of business on Friday, July 12, 2019.

The New York City Department of City Planning (DCP), the Applicant, is proposing zoning map amendments and zoning text amendments (the "Proposed Actions"), affecting an approximately 300-block area (the "Project Area") of Bushwick, Community District 4. The Project Area is generally bounded by Wyckoff Avenue and Irving Avenue to the north, Moffatt Street and Vanderveer Street to the east, Broadway to the south, and Flushing Avenue to the west. Specifically, the Proposed Actions include:

- Zoning Map Amendments.** The Proposed Actions would replace all or portions of existing R6, C4-3, M1-1, M3-1, C8-1, C8-2, and R4 districts with R5B, R6B, R6B/C2-4, R6A, R6A/C2-4, R7A, R7A/C2-4, C4-3A, C4-5A, C4-4D, and M1-4 districts as well as paired M1-4/R6B, M1-4/R6A, M1-4/R7A, and M1-4/R7D. All C4, M, MX, and certain R7A districts would be subject to modifications under the proposed Special Bushwick District ("SBD").
- Zoning Text Amendments.** The Proposed Actions include amendments to the text of New York City's Zoning Resolution (ZR) to establish the SBD within the Project Area and to amend Appendix F of the Zoning Resolution to apply the MIH program to proposed R6A, R6A/C2-4, R7A, R7A/C2-4, C4-3A, C4-5A, C4-5D, C4-4D, M1-4/R6B, M1-4/R6A, M1-4/R7A, and M1-4/R7D zoning districts to require a share of new housing to be permanently affordable.

The Reasonable Worst-Case Development Scenario ("RWCDS"), for the Proposed Actions identifies 167 projected development sites. On these sites, the Proposed Actions are expected to result in a net increase of approximately 5,600 dwelling units, including approximately 1,900 permanently affordable units; 1,610,000 gross square feet (gsf)

(1,400,000 zoning square feet (zsf)) of commercial space (retail, supermarket, restaurant, and office uses); 250,000 gsf (215,800 zsf) of community facility space; and 295,000 gsf (255,500 zsf) of industrial space, and net decreases of 22,000 gsf (18,400 zsf) of self-storage uses and 881,000 gsf (881,000 zsf) of parking uses. The RWCDS also identifies 38 potential development sites which are considered less likely to be developed by the analysis year. The analysis year for the Proposed Action is 2030.

The Proposed Actions reflect the feedback received from local stakeholders through a four-year collaborative planning process and seeks to accomplish the following land use objectives: a) preserve neighborhood character of Bushwick's side streets by establishing contextual zoning districts; b) allow for appropriate growth with permanently affordable housing, retail, and community facilities in appropriate locations on east-west avenues; c) promote higher-density mixed-use development with permanently affordable housing; d) allow building envelope flexibility to respond to elevated train conditions and improve the pedestrian experience along elevated train corridors; e) reinforce and increase job-generating uses and enhance the vitality of industrial districts; and f) encourage a mix of residential, commercial, and industrial uses to best response to the need for jobs and new housing, including affordable housing.

Copies of the Draft Scope of Work and the Environmental Assessment Statement may be obtained from the Environmental Assessment and Review Division, New York City Department of City Planning, 120 Broadway, 31st Floor, New York, NY 10271, Olga Abinader, Acting Director (212) 720-3493.

The Draft Scope of Work and scoping protocol will also be made available for download, at <https://www1.nyc.gov/site/planning/applicants/scoping-documents.page>.

Public comments are requested with respect to issues to be addressed in the Draft Environmental Impact Statement. Written comments may also be submitted on the Department of City Planning's website and to 19DCP200K\_DL@planning.nyc.gov.

WHEREAS, New York City is one of the most diverse cities in America, and community and ethnic media provides an important way for the City to connect and ensure that its message reaches all New Yorkers; and

WHEREAS, according to the U.S. Census population estimates for 2017, approximately 37 percent of City residents are foreign-born, and approximately 23 percent of City residents do not speak English as their primary language and have a limited ability to read, speak, write, or understand English; and

WHEREAS, the City wants to ensure that critical information about City services, policies, and opportunities reach these communities, and community and ethnic media is a pathway to allow members of these communities, many of whom critically need information about City programs, to access it; and

WHEREAS, it is essential that all residents have meaningful access to City programs, services, and activities, and the public safety, health, economic prosperity, and general welfare of all City residents is furthered by increasing access to City programs and services, regardless of native language, race, color, gender, national origin, ethnicity, religion, sexual orientation, disability or immigrant status.

NOW, THEREFORE, by the power vested in me as Mayor of the City of New York, it is hereby ordered:

Section 1. Definition. For the purposes of this Order, the term "community and ethnic media" shall mean any print or digital publication that is created for communities of people based on native language, race, color, gender, national origin, ethnicity, religion, sexual orientation, disability or immigrant status; targets a discrete neighborhood, or a geographic region, or a population that may or may not typically receive information from mainstream publications because of their exclusive use of foreign language; or falls within specifically tailored subject matter as determined by the New York City's Mayor's Office.

§ 2. Community and Ethnic Media Advertising. All agencies of the City of New York shall ensure that, by the end of fiscal year 2020, and for every fiscal year thereafter, at least 50 percent of their annual print and digital publication advertising spending is going toward community and ethnic media outlets. The Mayor's Office of Operations shall take all steps necessary, consistent with applicable law, to implement the provisions of this Order with respect to the New York City Department of Education, New York City Health + Hospitals, and the New York City Housing Authority.

§ 3. Approved Media Outlet List. The Mayor's Director of Community and Ethnic Media, or the Mayor's Designee, shall develop and maintain a list of community and ethnic media outlets that promote and exemplify the City's many interconnected communities, as described in Section 1, for City agencies, the New York City Department of Education, New York City Health + Hospitals, and the New York City Housing Authority to use at their discretion. Agencies may petition the Mayor's Director of Community and Ethnic Media, or the Mayor's Designee, to count their advertisements in an outlet that is not on the approved list toward their community and ethnic media outlet spending.

§ 4. Development and Transparency. Agency representatives that work on purchasing print or digital publication advertising will be required to participate in regular Mayor's Office trainings. Beginning in fiscal year 2020, and for every fiscal year thereafter, agencies shall submit a year-end data report to the Mayor's Office of Operations regarding the agency's annual print and digital publication advertising spending. The report shall include, but is not limited to, the total amount each agency spent on such advertising and the total amount each agency spent on community and ethnic media. Data regarding each agency's annual print and digital publication advertising will be made available to the public through the Open Data portal at the beginning of 2021 and at the beginning of each fiscal year thereafter.

§ 5. Waiver for Agencies. Agencies may obtain a waiver from any or all of the requirements set forth in this Order from the Mayor's Office of Operations.

§ 6. Exemption for Legally Required Notices. To the extent that these requirements conflict with an agency's requirements to comply with legal and statutory notices that require posting or distribution in publications or media pursuant to local, state, or other applicable law, such notices are exempt from the requirements in this Order. For purposes of this exemption, agencies may subtract the publication costs of such legally required notices from their total advertising budgets before calculating their required ethnic and media outlet spending pursuant to section 2 of this Order.

§ 7. This Order shall take effect immediately.
