ECONOMIC DEVELOPMENT CORPORATION

PUBLIC HEARINGS

NOTICE IS HEREBY GIVEN that a Real Property Acquisitions and Dispositions Public Hearing, will be held on Monday, October 7, 2019, at 1 Centre Street, 20th Floor, Conference Room D, Borough of Manhattan, commencing at 10:00 A.M., relative to the conveyance of property, located at 121 West 125th Street, New York, NY 10027, Tax Block 1910, p/o Lot 1. The project site is comprised of a parcel of land in Central Harlem, Borough of Manhattan, situated between Adam Clayton Powell Boulevard and Lenox Avenue on the north side of 125th Street, within a C4-7 zoning district. The proposed action is a conveyance of the project site, by quitclaim deed, from the City of New York (the "City") to the New York State Urban Development Corporation d/b/a Empire State Development ("ESD"), pursuant to Section 14 of the New York State Urban Development Corporation Act, Chapter 174, Section 1 of the Laws of 1968, as amended (the "UDC Act"). Total consideration for the proposed conveyance is Twelve Million Dollars (\$12,000,000.00). The proposed action will facilitate an initiative by ESD, to implement approximately 413,000 gross square feet of mixed-use residential, commercial and civic development in accordance with the Modified General Project Plan for the 121 West 125th Street (Urban League Empowerment Center) Land Use Improvement and Civic Project (the "Project"). The Project will consist of a residential development (comprising approximately 171 dwelling units, of which approximately 70% will be affordable to households earning between 40% and 80% of Area Median Income and approximately 30% of which will be supportive housing units); retail space; a conference center; office space for the National Headquarters of the National Urban League; cultural space dedicated to a civil rights museum; a community facility; and additional commercial office space.

The project site is currently improved with a 160,000 gross square foot structure consisting of a 304-space public parking garage and 6 retail stores at grade level.

Pursuant to Section 14 of the UDC Act, by letter dated July 30, 2019, the President of ESD requested that the City convey its ownership interest in the property to ESD, and certified that the conveyance is necessary and convenient for ESD's corporate purposes, specifically for the implementation of the Project.

The discretionary actions required for the proposed project include: Conveyance of City-Owned property to ESD for the purpose of subsequent development; An Environmental Assessment Statement was conducted in 2008, pursuant to the State Environmental Quality Review Act (SEQRA) and concluded that there were no negative environmental impacts that could result from the implementation of the Project. Subsequently, a Technical Memorandum was produced in July 2019 which concluded that the latest proposed development program would not result in any significant adverse impacts beyond those disclosed in the 2008 environmental review.

This Notice of Public Hearing has been prepared, pursuant to the New York State Urban Development Corporation Act, Chapter 174, Section 1 of the Laws of 1968, as amended.

PROCUREMENT

“Compete To Win” More Contracts!

Thanks to a new City initiative - “Compete To Win” - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and women-owned businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

● **Win More Contracts at nyc.gov/competetowin**

“The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City’s prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence.”

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York (“PPB Rules”), vendors must first complete and submit an electronic prequalification application using the City’s Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

- Administration for Children’s Services (ACS)
- Department for the Aging (DFTA)
- Department of Consumer Affairs (DCA)
- Department of Corrections (DOC)
- Department of Health and Mental Hygiene (DOHMH)
- Department of Homeless Services (DHS)
- Department of Probation (DOP)
- Department of Small Business Services (SBS)
- Department of Youth and Community Development (DYCD)
- Housing and Preservation Department (HPD)

IT-IMPLEMENTATION OF KRONOS WORFORCE DIMENSIONS SYSTEM ON CLOUD PLATFORM - Competitive Sealed Bids - PIN#74777 - Due 10-24-19 at 2:00 P.M.

NYCHA, by issuing this RFP, seeks proposals ("Proposals") from System Integrators and Information Technology Consulting firms (the "Proposers") to provide NYCHA with implementation services for Kronos Workforce Dimensions system on a cloud platform, as detailed more fully within Section II of this RFP and the detailed requirement document ("Requirement Document") attached hereto as Exhibit O (collectively, the "Services").

NYCHA, intends to enter into an agreement (the "Agreement") with the selected Proposer (the "Selected Proposer" or the "Consultant") to provide the Services.

The term of the awarded Agreement shall be two years (the "Term").

Proposer shall electronically upload a single .pdf containing its Proposal, which may not exceed 4G, into iSupplier. Instructions for registering for iSupplier can be found, at <http://www1.nyc.gov/site/nycha/business/isupplier-vendor-registration.page>. After Proposer registers for iSupplier, it typically takes 24 to 72 hours for Proposer's iSupplier profile to be approved. It is Proposer's sole responsibility to leave ample time to complete iSupplier registration and submit its Proposal through iSupplier, before the Proposal Submission Deadline. NYCHA is not responsible for delays caused by technical difficulty or caused by any other occurrence. NYCHA will not accept Proposals via email or facsimile. The submission of attachments containing embedded documents or proprietary file extensions is prohibited. Proposers should refer to section IV; Proposal Submission Procedure and Proposal Content Requirements of this Solicitation for details on the submission procedures and requirements. Each proposer is required to submit one (1) signed original; five (5) additional copies and also another copy in PDF format in a Flash Drive or in a CD, which all includes all items required by Section IV to NYCHA, Supply Management Procurement Department, 90 Church Street, 6th Floor.

In the event that a Proposer has any questions concerning this Solicitation: they should be submitted to the Solicitation Coordinator, Jieqi Wu via email Jieqi.Wu@nycha.nyc.gov (c: Robert.Algozini@nycha.nyc.gov) no later than 2:00 P.M. EST, on October 8, 2019. The subject name of the email must clearly denote the title of the Solicitation for which questions are being asked. All questions and answers will be shared with all the Proposers receiving this Solicitation by October 16, 2019. In order to be considered, each proposer must demonstrate experience in performing the same or similar scope of Services as those outlined in the referenced Scope of Work, Section II and the selected proposer must satisfy the minimum required qualifications as outlined in Sections V. The proposal should contain sufficient details to enable NYCHA to evaluate it, in accordance with the criteria set forth in Section V; Evaluation Criteria of this Solicitation.

VENDOR LIST

Construction Related Services

PREQUALIFIED VENDOR LIST: GENERAL CONSTRUCTION, NON-COMPLEX GENERAL CONSTRUCTION SITE WORK ASSOCIATED WITH NEW YORK CITY DEPARTMENT OF PARKS AND RECREATION ("DPR" AND/OR "PARKS") PARKS AND PLAYGROUNDS CONSTRUCTION AND RECONSTRUCTION PROJECTS.

NYC DPR is seeking to evaluate and pre-qualify a list of general contractors (a "PQL") exclusively to conduct non-complex general construction site work involving the construction and reconstruction of NYC DPR parks and playgrounds projects not exceeding \$3 million per contract ("General Construction").

By establishing contractor's qualification and experience in advance, NYC DPR will have a pool of competent contractors from which it can draw to promptly and effectively reconstruct and construct its parks, playgrounds, beaches, gardens and green-streets. NYC DPR will select contractors from the General Construction PQL for non-complex general construction site work of up to \$3,000,000.00 per contract, through the use of a Competitive Sealed Bid solicited from the PQL generated from this RFQ.

The vendors selected for inclusion in the General Construction PQL, will be invited to participate in the NYC Construction Mentorship. NYC Construction Mentorship focuses on increasing the use of small NYC contracts, and winning larger contracts with larger values. Firms participating in NYC Construction Mentorship will have the opportunity to take management classes and receive on-the-job training provided by a construction management firm.

NYC DPR will only consider applications for this General Construction PQL from contractors who meet any one of the following criteria:

- 1) The submitting entity must be a Certified Minority/Woman Business enterprise (M/WBE)*;
2) The submitting entity must be a registered joint venture or have a valid legal agreement as a joint venture, with at least one of the entities in the joint venture being a certified M/WBE*;
3) The submitting entity must indicate a commitment to sub-contract no less than 50 percent of any awarded job to a certified M/WBE for every work order awarded.

* Firms that are in the process of becoming a New York City-Certified M/WBE, may submit a PQL application and submit a M/WBE Acknowledgement Letter, which states the Department of Small Business Services has begun the Certification process.

Application documents may also be obtained online at: http://a856-internet.nyc.gov/nycvendoronline/home.asap.; or http://www.nycgovparks.org/opportunities/business.

Pursuant to City Environmental Quality Review (CEQR), Mayoral Executive Order No. 91 of 1977, CEQR Rules of Procedure of 1991 and the regulations of Article 8 of the State Environmental Conservation Law, State Environmental Quality Review Act (SEQRA) as found in 6 NYCRR Part 617, a Final Environmental Impact Statement (FEIS) has been prepared for the actions described below. Copies of the FEIS are available for public inspection, at the office of the undersigned as well as online, at www.nyc.gov/planning. The proposal involves actions by the City Planning Commission and Council of the City of New York, pursuant to Uniform Land Use Review Procedure (ULURP) and the City Environmental Quality Review (CEQR) process. A public hearing on the DEIS was held on August 14, 2019 in conjunction with the City Planning Commission's public hearing, pursuant to ULURP. The public hearing also considered modifications to the proposed actions (the modified zoning text amendment, ULURP No. N190430(A) ZRY). The public hearing was extended until August 28, 2019. Written comments on the DEIS were requested and were received by the lead agency through September 9, 2019. The FEIS incorporates responses to the public comments received on the DEIS and updated analysis conducted subsequent to the completion of the DEIS.

The New York City Department of City Planning (DCP) is proposing zoning map and text amendments to the Zoning Resolution (ZR) to modify existing special district regulations and establish a Special Natural Resources District (SNRD) in Community District (CD) 8 in the Bronx. The proposed special district regulations would provide a clear and consistent framework for natural resource preservation that would balance development and ecological goals.

The Proposed Actions include zoning text and related zoning map amendments that would affect the Special Natural Area District (SNAD) (Article X, Chapter 5) of the ZR (the "Proposed Actions"). The Proposed Actions would affect the Bronx's SNAD (NA-2) in Riverdale and Fieldston, CD 8.

The Proposed Actions are not expected to cause a significant change in the overall amount, type, or location of development. This proposal is not expected to induce development where it would not have occurred absent the Proposed Actions. However, the land use actions (certifications, authorizations, and special permits) necessary to facilitate development on a site may be changed or eliminated by the Proposed Actions.

Following the issuance of the DEIS, DCP prepared and filed an amended zoning text application (the "A-Text Application") to address issues raised following certification, including community feedback. The A-Text Application (N 190430 (A) ZRY) removes the Staten Island applicability that was proposed as part of the original zoning text amendment (N190430 ZRY). Under the A-Text Application, the proposed SNRD regulations would only affect the Bronx's NA-2 District in Riverdale and Fieldston, and would no longer affect Staten Island. The A-Text application would establish the SNRD in the Riverdale-Fieldston area of Bronx CD 8. The proposed modifications would not change the substance of the regulations as they applied to Bronx CD 8 under the Proposed Actions as described in the DEIS, except as to the threshold for as-of-right subdivisions, further described in the Description of the Proposed Actions.

Based on input received during the public review process, DCP formally withdrew the zoning map amendment (C190429 ZMR) affecting Staten Island and the original zoning text amendment (N190430 ZRY). Therefore, the amended zoning text application (N190430(A) ZRY) is analyzed as the Proposed Actions in the FEIS.

The proposal is a coordinated effort developed over the course of several years with input from residents, elected officials, the community board, and other community stakeholders, and with New York City and other public agencies. Implementation of the proposed zoning text and map amendment would require review and approval of the discretionary action, pursuant to the City's Uniform Land Use Review Procedure (ULURP). DCP is acting as lead agency on behalf of the City Planning Commission (CPC) and is conducting a coordinated environmental review under the City Environmental Quality Review (CEQR) process. The proposal would also require rule changes subject to Citywide Administrative Procedure Act (CAPA). Proposed rule changes would include changes to: references to online maps, proposed site assessment protocols and associated fees. These proposed changes are required to implement the proposed zoning map and text amendments, and are analyzed as part of the Proposed Actions.

The proposed special district would create an SNRD coterminous with the current NA-2.

The proposal would establish two new ecological area designations that would be applicable in the SNRD: Resource Adjacent Area and Base Protection Area. Modified bulk, parking, and planting rules would apply and vary within the two ecological area designations. Resource Adjacent Areas would be the first 100 feet from the lot line that abuts the public lands containing habitat, such as parklands designated by the City as "Forever Wild." The proposed regulations for this area would balance development on private property and protect

and provide a buffer from public lands containing habitat on protected lands. Areas not designated as Resource Adjacent would be designated as Base Protection Areas; the proposed regulations for this area would provide consistent regulations for development and preservation to contribute to the overall ecological importance of the special district.

The proposed SNRD would require CPC review only for properties that are:

- an acre or larger in size where a new building, enlargement, subdivision or site alteration is proposed, or,
- if smaller than 1 acre:
 - where a private road is proposed to be extended or created;
 - if located in a Historic District and a new building or subdivision is proposed;
 - if located in a Resource Adjacent Area, where four or more buildings, or eight or more dwelling units are proposed; or
 - subdivisions resulting in four or more zoning lots.

Properties that would be required to undergo CPC review are referred to as Plan Review Sites. If development results in disturbance of a rock outcrop greater than 400 square feet, a CPC authorization would also be required. For Plan Review Sites, within 15 feet of an existing building, minor enlargements and site alterations, and removal of limited tree credits would not require CPC review and would be able to proceed directly to DOB. Minor enlargements would be limited to 5,000 sf of floor area; minor site alterations would be limited to 10,000 sf; and tree credits would be limited to 12 tree credits outside of habitat preservation area.

All other properties, including new buildings, enlargements, subdivisions, and site alterations within the SNRD would not require CPC review and would be able to proceed directly with DOB approvals.

Additionally, the proposal would remove the need for CPC review for NYC Parks properties that are required in the existing SNAD; it should be noted that these properties and projects already go through a separate public review process with the Public Design Commission.

Because of the broad applicability of the Proposed Actions, it is difficult to predict the sites where development would occur. In addition, the proposal is not expected to induce development where it would not have occurred absent the Proposed Actions. While the proposal may change the proportion of sites proceeding as-of-right, the overall amount, type, and location of development in the affected area is not anticipated to change. The sites anticipated to develop in either the No Action scenario or the With Action scenario would be expected to be similar. Because of the generic nature of this action, there are no known or projected development sites identified as part of the RWCDs. As described in the *CEQR Technical Manual*, generic analyses are conducted using the following methodology:

- **Identify Typical Cases:** Provide several descriptions similar to those in a localized action for cases that can reasonably typify the conditions and impacts of the entire proposal.
- **Identify a Range of Conditions:** Discuss the range of conditions or situations under which the action(s) may take place, so that the full range of impacts can be identified.

To produce the RWCDs framework, 4 representative, prototypical sites were identified. These prototypical analysis sites serve as an analysis tool to demonstrate the wide range of how the proposed regulations could apply to sites that would be able to develop as-of-right in future with approvals of Proposed Actions (the future With Action scenario). These sites are used to assess the effect of changes to proposed regulations (including the elimination of existing discretionary actions), in which development would proceed on an "as-of-right" basis (not requiring discretionary approvals) under the With Action scenario.

Under SEQRA, a conceptual analysis is warranted if a proposal creates new discretionary actions that are broadly applicable, even when projects seeking those discretionary actions will trigger a future, separate environmental review. SEQRA's goal is to incorporate environmental considerations into the decision-making process, at the earliest possible opportunity. Thus, it is the Lead Agency's obligation to consider all possible environmental impacts of the new discretionary actions, at the time it creates them, at least on a conceptual basis. The Proposed Actions introduce new discretionary authorizations and special permits applicable to certain Plan Review Sites. On these sites, future development may require separate, future, discretionary authorizations or special permits that are newly introduced by the Proposed Actions. While these discretionary approvals would trigger environmental review, at the time they are sought, the environmental effects of these approvals were analyzed conceptually, as a means of disclosing future potential significant adverse impacts.

An analysis year of 2029 has been identified for this environmental review.

The FEIS assesses whether development resulting from the Proposed Actions could result in significant adverse environmental impacts. The FEIS identifies potential significant adverse impacts related to historic and cultural resources (archaeology) and hazardous materials.

Historic and Cultural Resources Impacts: The Proposed Actions may result in significant adverse impacts related to archaeological resources. The Proposed Actions could result in increased ground disturbance, at some locations. The extent of effects on archaeological resources is unknown because of the generic nature of the Proposed Actions, and it is not possible to conclude exactly where and to what extent additional ground disturbance may occur. Without an assessment of a specific development site, the absence of archaeological resources cannot be definitively demonstrated. As such, the possibility of impacts on archaeological resources cannot be eliminated. The Proposed Actions are not expected to induce development on sites where development would not have otherwise been possible, thereby limiting the potential for additional ground disturbance, and the potential for significant adverse impacts related to archaeological resources. Given there are no known development sites, at this time, no practical mitigation measures can be identified. Therefore, the Proposed Actions would result in unavoidable, adverse impacts on archaeological resources.

Hazardous Materials Impacts: The Proposed Actions could potentially result in significant, adverse impacts related to hazardous materials. The Proposed Actions could increase ground disturbance in areas where hazardous materials may be present. The extent of effects of hazardous materials are unknown because of the generic nature of the Proposed Actions, and because it is not possible to determine exactly where and to what extent additional ground disturbance may occur. Without an assessment of a specific development site, the absence of hazardous materials cannot be definitively demonstrated. As such, the possibility of impacts related to hazardous materials cannot be eliminated. However, the extent of the potential impact is expected to be limited. The Proposed Actions are not expected to induce development on sites where development would not have otherwise been possible, thereby limiting the potential for additional ground disturbance. Because no development sites have been identified, at this time, the impacts related to hazardous materials cannot be quantified, and no practical mitigation measures can be identified. Therefore, the Proposed Actions would result in unavoidable adverse impacts related to hazardous materials.

The FEIS considers three alternatives – a No-Action Alternative, a No Unmitigated Significant Adverse Impact Alternative, and a Potential CPC Modification Alternative. The No-Action Alternative examines

future conditions within the Project Area, but assumes the absence of the Proposed Actions (i.e., none of the discretionary approvals proposed as part of the Proposed Actions would be adopted). The significant, adverse impacts on archaeological resources and hazardous materials because of the Proposed Actions would be less likely to occur, or would be otherwise mitigated through existing discretionary review processes under the No Action Alternative. However, because current zoning regulations would remain in place and existing development trends are expected to continue, the No Action Alternative would fail to meet the purpose and need of the Proposed Actions. The No Unmitigated Significant Adverse Impact Alternative eliminates the unmitigated, significant adverse impacts to archaeological resources and hazardous materials. Although the alternative would result in no unmitigated impacts, the analysis finds that the alternative would require substantial modifications to the Proposed Actions to the extent that the purpose and need would not be realized. Therefore, because the No Unmitigated Significant Adverse Impact Alternative would not meet the objectives of the Proposed Actions, it is not considered a feasible alternative. The Potential CPC Modification Alternative identifies further changes to the proposed zoning text under consideration by the CPC to address concerns raised during the public review process while maintaining the core goals of the proposal. Like the Proposed Actions, the Potential CPC Modification Alternative is not expected to cause a significant change in the overall amount, type, or location of development in the proposed SNRD in Riverdale-Fieldston compared to the future No- Action condition. The Potential CPC Modification Alternative is expected to result in the same significant, adverse impacts related to archaeology and hazardous materials, as the Proposed Actions. Given there are no known development sites, at this time, no practical mitigation measures can be identified. Therefore, like the Proposed Actions, the Potential CPC Modification Alternative has the potential to result in unavoidable, significant, adverse impacts related to archaeological resources and hazardous materials and would continue to meet the purpose and need of the proposed actions.

4. As of February 9, 2018, the Bio-Diesel Blender Tax Credit was retroactively reinstated for calendar year 2017. Should the tax credit be further extended, contractors will resume deducting the tax credit as a separate line item on invoices.
5. Federal excise taxes are imposed on taxable fuels, (i.e., gasoline, kerosene, and diesel), when removed from a taxable fuel terminal. This fuel excise tax does not include Leaking Underground Storage Tank (LUST) tax. LUST tax applies to motor fuels for both diesel and gasoline invoices. Going forward, LUST Tax will appear as an additional fee at the rate of \$0.001 per gallon and will be shown as a separate line item on your invoice.
6. The National Oilheat Research Alliance (NORA) resumed operations in 2014. A related assessment of \$.002 per gallon has been added to the posted weekly fuel prices and will appear as a separate line item on invoices. This fee applies to heating oil only and since 2015 has included #4 heating oil. NORA has been authorized through February 2019. All other terms and conditions remain unchanged.
7. DCAS has registered contract #20181202926/3887214 for Renewable Hydrocarbon Diesel Demonstration Project. The following NYC agencies are authorized to participate: DCAS, DOT, DPR, DSNY, DEP. However, other agencies may participate with prior DCAS' approval.
8. Contract #3987206, effective June 1, 2019, replaces former items (1-17) on Contract #3687331 and is inclusive of Item #17.3 for the price structure for the Winterized Fuel Barge Delivery for ULTRA LOW SULFUR D-2 – BARGE DELIVERY.

REMINDER FOR ALL AGENCIES:

All entities utilizing DCAS fuel contracts are reminded to pay their invoices **on time** to avoid interruption of service.

Please send inspection copy of receiving report for all gasoline (E70, UL & PREM) delivered by tank wagon to OCP/Bureau of Quality Assurance (BQA), 1 Centre Street, 18th Floor, New York, NY 10007.

In accordance with Section 3-04(b)(2)(iii) of the New York City Procurement Policy Board Rules, the New York City Comptroller's Office (the "Comptroller's Office"), acting on behalf of the New York City Police Pension Fund, Subchapter 2, the New York City Fire Department Pension Fund, Subchapter 2, and such other additional Systems and funds as may be designated in writing from time to time by the Comptroller with the concurrence of the Consultant (collectively, the "Systems") is seeking to extend the existing **Hedge Fund Investment Consultant Agreement** with Aksia LLC ("Aksia") for one and a half years, from January 1, 2020 to June 30, 2021. The purpose of this extension is, to ensure continuity of services and avoid any disruption in the hedge fund advisory services being provided while the Comptroller's Office issues a new RFP, selections are made, and a new agreement is put in place. Aksia, as a fiduciary, provides hedge fund investment advisory services inclusive of strategic advice, new investment identification and evaluation, activity reports, and portfolio monitoring.

This extension is intended, to ensure continuity of Hedge Fund investment advisory services, pending the issuance of a new procurement and completion of the selection process and subsequent contract award.

Vendors that are interested in expressing interest in this procurement or in similar procurements in the future may contact Aya Guriel, at aguriel@comptroller.nyc.gov. Expressions of Interest are due October 8, 2019 by 2:00 P.M. (ET).
