BOROUGH PRESIDENT - BROOKLYN

■ PUBLIC HEARINGS

NOTICE IS HEREBY GIVEN that, pursuant to Section 201 of the New York City Charter, the Brooklyn borough president will hold a public hearing on the following matters in the Borough President's Conference Room of Brooklyn Borough Hall, 209 Joralemon Street, Brooklyn, NY 11201, commencing, at 6:00 P.M., on Wednesday, November 13, 2019.

Calendar Item 1 — 2513-2523 Avenue O Rezoning (190438 ZMK)

An application submitted by Pulmonary and Sleep Medical, PC, pursuant to Sections 197-c and 201 of the New York City Charter, for a zoning map amendment to change properties, at the northwest corner of the intersection of Avenue O and East 26th Street, in Brooklyn Community District 14 (CD 14), from an R2 to an R3-2 district. Such action would achieve zoning compliance and conformance for a property consisting of two combined, semi-detached homes, with a ground-floor ambulatory medical facility and a single-family residence above.

Calendar Item 2 — 8118 13th Avenue Rezoning (190295 ZMK)

An application submitted by Stars and Stripes Holding Company, pursuant to Sections 197-c and 201 of the New York City Charter, for a zoning map amendment to establish a C1-3 commercial overlay within an existing R5B district on the western side of 13th Avenue, at the southwest corner of the intersection, at 82nd Street, extending halfway to 81st Street. Such action would legalize an existing, non-conforming Use Group (UG) 6 law office, at 8118 13th Avenue in Brooklyn Community District 10 (CD 10).

Calendar Item 3 — 271 Sea Breeze Avenue (190172 ZMK)

An application submitted by 271 Sea Breeze Development, LLC, pursuant to Sections 197-c and 201 of the New York City Charter, for a zoning map amendment establishing a C2-4 commercial overlay within an existing R6 district on the entirety of a block, bounded by Sea Breeze and West Brighton avenues and West Second and West Fifth streets, in Brooklyn Community District 13 (CD 13). Such action would facilitate two stories of commercial use, totaling approximately 25,020 square feet in an approximately 20-story, 114-unit as-of-right mixed-use development.

Calendar Item 4 — Grand Avenue and Pacific Street Rezoning (190256 ZMK, 190257 ZRK)

An application submitted by EMP Capital Group, pursuant to Sections 197-c and 201 of the New York City Charter, for the following actions: a zoning map amendment to change corner portions of two blocks fronting Grand Avenue and both sides of Pacific Street from M1-1 to R7D, and establish a C2-4 commercial overlay within the proposed rezoning area, and a zoning text amendment to establish a Mandatory Inclusionary Housing (MIH) area contiguous with the rezoning boundaries, in Brooklyn Community District 8 (CD 8). Such actions would facilitate the development of 979-985 Pacific Street, a nine-story, approximately 56,000 square-foot mixed commercial and residential building with 64 dwelling units, of which 16 would be permanently affordable to households, at an average of 60 percent Area Median Income (AMI), pursuant to MIH Option 1.

NOTICE OF ACQUISITION
INDEX NUMBER CY4560/2019
CONDEMNATION PROCEEDING**

IN THE MATTER OF the Application of the CITY OF NEW YORK, Relative to Acquiring Title in Fee Simple to Certain Real Property, where not heretofore acquired, for the

MID-ISLAND BLUEBELT - PHASE 3 - NEW CREEK

In the area generally bounded by Olympia Boulevard to the North, Hunter Avenue to the West, Liberty Avenue to the East and Farther Capodanno Boulevard to the South in the Borough of Staten Island, City and State of New York.

PLEASE TAKE NOTICE that the City of New York ("City") intends to make an application to the Supreme Court of the State of New York, Richmond County, IAS Part 89, for certain relief. The application will be made at the following time and place: At the Kings County Courthouse, located at 360 Adams Street, Room 724, in the Borough of Brooklyn, City and State of New York, on November 21, 2019, at 2:30 P.M. or as soon thereafter as counsel can be heard.

The application is for an order:

1. authorizing the City to file an acquisition map in the Office of the Richmond County Clerk;
2. directing that, upon the filing of the order granting the relief sought in this petition, together with the filing of the acquisition map in the Office of Richmond County Clerk, title to the property shown on said map and sought to be acquired and more particularly described in this petition shall vest in the City in fee simple absolute;
3. providing that the compensation that should be made to the owners of the interests in real property sought to be acquired and described in this petition be ascertained and determined by the Court without a jury;
4. directing that within thirty days of the entry of the order granting the relief sought in this petition, the City shall cause a Notice of Acquisition to be published in at least ten successive issues of The City Record, an official newspaper published in the City of New York, and shall serve a copy of such notice by first class mail on each condemnee or his, her, or its attorney of record; and
5. directing that each condemnee shall have a period of two calendar years from the vesting date for this proceeding in which to file a written claim, demand or notice of appearance with the Clerk of this Court and to serve a copy of the same upon the Corporation Counsel of the City of New York, 100 Church Street, New York, NY 10007.

The City, in this proceeding, intends to acquire title in fee simple absolute to real property where not heretofore acquired, namely for the **Mid-Island Bluebelt, Phase 3 - New Creek** in the Borough of Staten Island, City and State of New York. The City's DEP Bluebelt Program ("Program") is a multi-purpose program that provides comprehensive stormwater management and reduces chronic street and property flooding while preserving and enhancing wetlands. This

comprehensive Program will be implemented with multi-phase capital projects over several decades. This Program will, amongst other things, implement amended drainage plans that provide a stormwater management network that includes storm sewers, best management practices, Bluebelt wetlands, and ocean outfalls; preserve and enhance wetlands to provide pollutant filtration and flood control; and provide for construction and upgrades of the sanitary sewer system, where needed. All sewer installation would involve street reconstruction once the sewers are installed

In this phase, approximately 28.8 acres in the New Creek watershed area comprised of full tax lots and unlotted street beds will be acquired for this Program. The real property to be acquired in this proceeding in fee simple absolute is set forth in detail in the annexed Verified Petition. In addition, surveys, maps or plans of the property to be acquired are on file in the office of the Corporation Counsel of the City of New York, 100 Church Street, New York, NY 10007.

PLEASE TAKE FURTHER NOTICE that pursuant to Eminent Domain Procedure Law 402(B)(4), any party seeking to oppose the acquisition must interpose a verified answer which must contain specific denial of each material allegation of the petition controverted by the opponent, or any statement of new matter deemed by the opponent to be a defense to the proceeding. Pursuant to CPLR 403, said answer must be served upon the office of the Corporation Counsel at least seven (7) days before the date that the petition is noticed to be heard.

Thanks to a new City initiative - "Compete To Win" - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and Women-Owned Businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

- Win More Contracts, at nyc.gov/competetowin

"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy

by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed, at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

- Administration for Children’s Services (ACS)
- Department for the Aging (DFTA)
- Department of Consumer Affairs (DCA)
- Department of Corrections (DOC)
- Department of Health and Mental Hygiene (DOHMH)
- Department of Homeless Services (DHS)

- Department of Small Business Services (SBS)
- Department of Youth and Community Development (DYCD)
- Housing and Preservation Department (HPD)

CITY PLANNING

■ NOTICE

Project Name: Union Square South
CEQR #: 20DCP058M
SEQRA Classification: Type I

NEGATIVE DECLARATION

Statement of No Significant Effect

Pursuant to Executive Order 91 of 1977, as amended, and the Rules of Procedure for City Environmental Quality Review, found at Title 62, Chapter 5 of the Rules of the City of New York and 6 NYCRR, Part 617, State Environmental Quality Review, the Department of City Planning, acting on behalf of the City Planning Commission assumed the role of lead agency for the environmental review of the proposed project. Based on a review of information about the project contained in this environmental assessment statement (EAS) and any attachments hereto, which are incorporated by reference herein, the lead agency has determined that the proposed project would not have a significant adverse impact on the environment.

Reasons Supporting this Determination

The above determination is based on information contained in this EAS, which finds the proposed actions sought before the City Planning Commission would have no significant effect on the quality of the environment. Reasons supporting this determination are noted below:

Land Use, Zoning, and Public Policy

The EAS includes an analysis of the proposed actions on Land Use, Zoning, and Public Policy and determined that no significant adverse impacts would occur. The proposed actions would facilitate the extension of the Special Union Square District and create a new subdistrict (Subdistrict B). Within Subdistrict B, hotel use would be prohibited, except by CPC special permit, where it is currently allowed as-of-right. As such, the proposed actions would not introduce a new land use, nor affect the existing mixed-use character of the area, which represent the thresholds of impact significance in the *CEQR Technical Manual*. Furthermore, the proposed actions would have no adverse effect on zoning or public policy.

Socioeconomic Conditions

The EAS includes a preliminary assessment of socioeconomic conditions in relation to effects on specific industries. Although the proposed actions would allow hotel development only by special permit in the project area, the proposed actions would not significantly affect business conditions in the hotel industry or any category of business, nor would it indirectly reduce employment or impair the economic viability of the hotel industry or category of business, which represent the thresholds of impact significance in the *CEQR Technical Manual*. Therefore, no significant adverse impacts related to specific industries would occur. As such, the proposed actions would not result in significant adverse impacts to socioeconomic conditions.

Historic and Cultural Resources

The EAS includes an analysis of historic and cultural resources. The proposed actions are classified as Type I, pursuant to SEQRA as the project area contains multiple historic districts as well as individual landmarks.

Architectural Resources The proposed actions would not result in any type of visual or contextual impacts to the known historic resources within the study area, which represent the thresholds of impact significance in the *CEQR Technical Manual*. As both projected development sites, under the proposed actions, would be commercial structures of heights and bulk consistent with those urban design features of the area, the proposed actions would not introduce any incompatible visual, audible, or atmospheric elements to the settings of historic resources. As such, no significant adverse impacts to architectural resources would occur.

Archaeological Resources NYC Landmarks Preservation Commission (LPC) determined that there is a reasonable likelihood, based on the projected development sites' location and characteristics, that significant archaeological resources could exist within those sites. However, projected development on sites 1 and 2 would not result in increased in-ground disturbance between the analyzed No-Action and With-Action scenarios, and therefore, as defined in the *CEQR Technical*

Manual, no further analysis is warranted. As such, no significant adverse impacts related to archaeological resources would occur.

Conceptual Analysis

The EAS includes a conceptual analysis that assesses potential environmental impacts that could result if a special permit is applied for and obtained to build a hotel within Subdistrict B. Approval of such a special permit would be subject to discretionary approval, and any environmental impacts associated with such action would be assessed and disclosed, pursuant to a separate, project-specific environmental review.

No other significant effects upon the environment that would require the preparation of a Draft Environmental Impact Statement are foreseeable. This Negative Declaration has been prepared in accordance with Article 8 of the New York State Environmental Conservation Law (SEQRA).
