- (2) if provided on a separate plaque from a required entry plaque; the words, in lettering one-half inch in height, "Open 24 hours" or; if a nighttime closing has been authorized, pursuant to Section 37-727, the words, in lettering one-half inch in height, "Open to the public:" followed by the approved hours of operation;

* * *

(c) Hours of access plaque

On each #street# frontage occupied by the #public plaza# and where the City Planning Commission has authorized a limitation on the hours of access for a #public plaza#, pursuant to the provisions of Section 37-727, a minimum of one hours of access plaque shall be provided for every 40 linear feet of approved barrier that limits public access. The hours of access plaque shall be located on the barrier that limits public access to the #public plaza# and shall consist of:

* * *

- (1) A public space symbol and supplemental text that matches the dimensions and graphic standards provided in the Privately Owned Public Space Signage file from the Required Signage Symbols on the Department of City Planning website. Such symbol and text shall be provided with a highly contrasting background, in a format that ensures legibility. Additional requirements and review procedures for privately owned public space signage systems are specified in Title 62, Chapter 11, of the Rules of the City of New York; and which is two inches square in dimension and dark green or black in color with a highly contrasting background, a grid and tree-shaped symbol, as shown in paragraph (a)(1) of this Section. The symbol shall match exactly the symbol provided in the Required Signage Symbols file, at the Department of City Planning website.

- (2) the statement: "Open to the Public:" followed by the approved hours of operation.

[CORRECTING TAB LOCATION OF THE NEXT TWO PARAGRAPHS]

All required public space signage shall be fully opaque, non-reflective and constructed of permanent, highly durable materials such as steel or stone.

All lettering provided on required public space signage shall be in a clear, bold, sans-serif, nonnarrow font such as Arial, Helvetica or Verdana, solid in color with a minimum height of threequarters of an inch, unless otherwise specified above, and shall highly contrast with the background color of the #sign#.

* * *

**37-80
ARCADES**

The provisions of this Section shall apply to all #developments# and #enlargements# containing an #arcade# that qualifies for a #floor area# bonus, pursuant to Sections 24-15, 33-14 or 43-14.

(a) General provisions

An #arcade# shall be #developed# as a continuous covered space extending along a #street line#, or #publicly accessible open area#. An #arcade# shall be open for its entire length to the #street line# or #publicly accessible open area#, except for #building# columns and tables and chairs provided, pursuant to Section 37-81 (Moveable Tables and Chairs). Such #arcade# shall be, and unobstructed to a height of not less than 12 feet, and either:

- (a)(1) have a depth not less than 10 feet nor more than 30 feet measured perpendicular to the #street line# or boundary of the #publicly accessible open area# on which it fronts, and extend for, at least 50 feet, or the full length of the #street line# or boundary of the #publicly accessible open area# on which it fronts, whichever is the lesser distance; or
- (b)(2) on a #corner lot#, is bounded on two sides by the two intersecting #street lines#, and has an area of not less than 500 square feet and a minimum dimension of 10 feet.

(b) Permitted elevation

Such an #arcade# shall not, at any point be above the level of the #street#, or #publicly accessible open area# that it adjoins, whichever is higher. Any portion of an #arcade# occupied by #building# columns shall be considered to be part of the area of the #arcade# for the purposes of computing a #floor area# bonus.

(c) Permitted parking, drop offs or loading berths

No off-street parking spaces, passenger drop offs, driveways or off-street loading berths are permitted anywhere within an #arcade#

or within 10 feet of any bonusable portion thereof. By certification, the Commission may permit such activity in the immediate vicinity of an #arcade# provided such activity will not adversely affect the functioning of the #arcade#. In no event shall such vehicular areas be eligible for an #arcade# bonus.

(d) Hours of operation

#Arcades# shall be accessible to the public, at all times.

(e) Signage

An information plaque shall be provided that contains a public space symbol and supplemental text that matches the dimensions and graphic standards provided in the Privately Owned Public Space Signage file from the Required Signage Symbols on the Department of City Planning website. Such symbol and text shall be provided with a highly contrasting background, in a format that ensures legibility. Additional requirements and review procedures for privately owned public space signage systems are specified in Title 62, Chapter 11, of the Rules of the City of New York.

37-81 Moveable Tables and Chairs

Publicly accessible tables and chairs shall be considered permitted obstructions within an #arcade#, provided that such obstructions comply with the provisions of this Section.

The following provisions shall apply to all tables and chairs permitted by this Section.

(a) General requirements

Tables and chairs provided, pursuant to this Section may be used by the public without restriction. All furnishings shall be moveable and made of high quality and durable materials. Tables and chairs shall not be chained, fixed, or otherwise secured between the hours of 7:00 A.M. and 9:00 P.M., and may be stored or secured between the hours of 9:00 P.M. and 7:00 A.M.

(b) Circulation requirements for tables and chairs

No furnishings, including storage of furnishings, shall be permitted within five feet of any #building# entrance, nor shall they be permitted within any required circulation paths. For #arcades# with a depth of 10 feet or less, an unobstructed path of not less than three feet wide shall be provided, and for those with a depth greater than 10 feet, the width of such unobstructed path shall be increased to, at least six feet. For the purpose of such calculation, the depth of an #arcade# shall be measured from the column face furthest from the #street line# or #publicly accessible open area# to the #building# wall fronting on such #street line# or #publicly accessible open area#.

CIVIC ENGAGEMENT COMMISSION

MEETING

The Civic Engagement Commission, will hold a public meeting, at 4:00 P.M., on Monday, November 18, 2019, at 255 Greenwich Street, 9th Floor, The Board Room.

In November 2018, New York City voters approved Charter revisions, that established the New York City Civic Engagement Commission, which can be found in Chapter 76 of the New York City Charter. The Commission's purpose, is to enhance civic participation, through a variety of initiatives, including participatory budgeting, expanded poll site interpretation and assistance to community boards.

For more information about the Commission, please visit the Commission's website.

The meeting is open to the public. CEC will provide a period, at the end of its meeting, for public comment related to the mission and activities of the Commission. Please note that public comment is limited to three minutes. This time is intended for comment, and is not designated for questions and answers. To allow for comment in an orderly fashion, please sign up, by emailing your name and affiliation, to info@civicengagement.nyc.gov, by 5:00 P.M., Friday, November 15, 2019.

What if I need assistance to participate in the meeting? The meeting location is accessible to individuals using wheelchairs or other mobility devices. Free induction loop systems and ASL interpreters will be available upon request. Free interpretation services will be available in Spanish. Other languages also will be available upon request. Please make any such requests or other accessibility requests, no later than 5:00 P.M., Tuesday, November 12, 2019, by emailing info@civicengagement.nyc.gov, or calling (212) 788-6574.

The public can view a video of this meeting, along with past Commission meetings and hearings, on the Commission's website, in the meetings section.

COMMUNITY BOARDS

PUBLIC HEARINGS

NOTICE IS HEREBY GIVEN that the following matter has been scheduled for a public hearing by Community Board 10:

BOROUGH OF BROOKLYN

COMMUNITY BOARD NO. 10 - Monday, November 18, 2019, at 7:00 P.M., Fort Hamilton Senior Center, 9941 Fort Hamilton Parkway, Brooklyn, NY.

Public Hearing in the matter of a application for the rezoning of 8124, 8120 and 8118 13th Avenue, from the existing R5B District, to an R5B District, with a C1-3 Overlay, Department of City Planning Application #C190205ZMK.

n12-18

NOTICE IS HEREBY GIVEN that the following matters have been scheduled for public hearing by Community Board:

BOROUGH OF MANHATTAN

COMMUNITY BOARD NO. 03 - Wednesday, November 20, 2019, at 6:30 P.M., at Sirovich Senior Center & Volunteers of America-Greater New York, 12 Street Residence, located at 331 East 12th Street (between 1st & 2nd Avenues).

ULURP #200102 ZMM, Union Square South Hotel Special Permit

IN THE MATTER OF an application submitted by the Department of City Planning, for a zoning map amendment and a zoning text amendment, to the Special Union Square District (ZR Section 118-00), to extend the special district, create Subdistrict A, which would consist of the existing boundaries of the Special Union Square District, and create a new Subdistrict B, which would comprise the Project Area. The text amendment would establish a new special permit, to allow new hotel uses (referred to as “transient hotels” in the ZR), in Subdistrict B of the Special Union Square District. Transient hotels are listed in Use Group 5 in the ZR and are currently permitted as-of-right in commercial zoning districts. Use and bulk of sites within Subdistrict B would continue to be governed by the underlying zoning districts, which would remain unchanged. The existing zoning regulations of the special district, would continue to apply to Subdistrict A, following adoption of the zoning map and zoning text amendment. There would be no changes to the existing zoning regulations in Subdistrict A.

**Please note that there was a numbering error on the October 21st, 2019 agenda, and the last three consent items were re-numbered to 27244, 27245, and 27246.*

All times are approximate and subject to change without notice. All attendees, including members of the public, are encouraged to arrive at least 45 minutes in advance of the estimated time.

Testimony should be limited to issues of design and aesthetic merit, as that is the Public Design Commission’s purview. Members of the public are welcome to testify at public hearings and

are encouraged to submit their testimony in writing in advance of the meeting date via email to: designcommission@cityhall.nyc.gov. At the meeting, members of the public will be called to testify in the order in which they signed in and given three minutes to speak. Please assign one representative from each group, organization, or institution to speak on behalf of the entire group. If there are a significant number of people who wish to testify, the Commission, at its discretion, may further limit the allotted time.

Items on the consent agenda are not presented. If you wish to testify regarding a design-related issue of a project on the consent agenda, please notify staff as soon as possible.

Do you need assistance to participate in the meeting? If you need a reasonable accommodation of a disability, such as a sign language interpreter, at the meeting, please inform the Public Design Commission three business days (72 hours) in advance of the meeting. City Hall is wheelchair accessible.

Per Local Law Int 0132-2010, meetings are recorded on digital video and posted online.

COURT NOTICES

SUPREME COURT

RICHMOND COUNTY

RICHMOND COUNTY
I.A.S. PART 89
NOTICE OF ACQUISITION
INDEX NUMBER CY4560/2019
CONDEMNATION PROCEEDING

IN THE MATTER OF the Application of the CITY OF NEW YORK, Relative to Acquiring Title in Fee Simple to Certain Real Property, where not heretofore acquired, for the

MID-ISLAND BLUEBELT - PHASE 3 - NEW CREEK

In the area generally bounded by Olympia Boulevard to the North, Hunter Avenue to the West, Liberty Avenue to the East and Farther Capodanno Boulevard to the South in the Borough of Staten Island, City and State of New York.

PLEASE TAKE NOTICE that the City of New York ("City") intends to make an application to the Supreme Court of the State of New York, Richmond County, IAS Part 89, for certain relief. The application will be made at the following time and place: At the Kings County Courthouse, located at 360 Adams Street, Room 724, in the Borough of Brooklyn, City and State of New York, on November 21, 2019, at 2:30 P.M. or as soon thereafter as counsel can be heard.

The application is for an order:

1. authorizing the City to file an acquisition map in the Office of the Richmond County Clerk;
2. directing that, upon the filing of the order granting the relief sought in this petition, together with the filing of the acquisition map in the Office of Richmond County Clerk, title to the property shown on said map and sought to be acquired and more particularly described in this petition shall vest in the City in fee simple absolute;
3. providing that the compensation that should be made to the owners of the interests in real property sought to be acquired and described in this petition be ascertained and determined by the Court without a jury;
4. directing that within thirty days of the entry of the order granting the relief sought in this petition, the City shall cause a Notice of Acquisition to be published in at least ten successive issues of The City Record, an official newspaper published in the City of New York, and shall serve a copy of such notice by first class mail on each condemnee or his, her, or its attorney of record; and
5. directing that each condemnee shall have a period of two calendar years from the vesting date for this proceeding in which to file a written claim, demand or notice of appearance with the Clerk of this Court and to serve a copy of the same upon the Corporation Counsel of the City of New York, 100 Church Street, New York, NY 10007.

The City, in this proceeding, intends to acquire title in fee simple absolute to real property where not heretofore acquired, namely for the **Mid-Island Bluebelt, Phase 3 — New Creek** in the Borough of Staten Island, City and State of New York. The City's DEP Bluebelt Program ("Program") is a multi-purpose program that provides comprehensive stormwater management and reduces chronic street and property flooding while preserving and enhancing wetlands. This comprehensive Program will be implemented with multi-phase capital projects over several decades. This Program will, amongst other things, implement amended drainage plans that provide a stormwater management network that includes storm sewers, best management practices, Bluebelt wetlands, and ocean outfalls; preserve and enhance wetlands to provide pollutant filtration and flood control; and provide

for construction and upgrades of the sanitary sewer system, where needed. All sewer installation would involve street reconstruction once the sewers are installed

In this phase, approximately 28.8 acres in the New Creek watershed area comprised of full tax lots and unlotted street beds will be acquired for this Program. The real property to be acquired in this proceeding in fee simple absolute is set forth in detail in the annexed Verified Petition. In addition, surveys, maps or plans of the property to be acquired are on file in the office of the Corporation Counsel of the City of New York, 100 Church Street, New York, NY 10007.

PLEASE TAKE FURTHER NOTICE that pursuant to Eminent Domain Procedure Law 402(B)(4), any party seeking to oppose the acquisition must interpose a verified answer which must contain specific denial of each material allegation of the petition controverted by the opponent, or any statement of new matter deemed by the opponent to be a defense to the proceeding. Pursuant to CPLR 403, said answer must be served upon the office of the Corporation Counsel at least seven (7) days before the date that the petition is noticed to be heard.

NOTICE OF PETITION
INDEX NUMBER CY4565/2019
CONDEMNATION PROCEEDING**

IN THE MATTER OF the Application of the CITY OF NEW YORK Relative to Acquiring Title in Fee Simple to Property, located in Staten Island, including All or Parts of

FAIRLAWN AVENUE from HYLAN BOULEVARD to MANSION AVENUE

in the Borough of Staten Island, City and State of New York.

PLEASE TAKE NOTICE that the City of New York ("City"), intends to make an application to the Supreme Court of the State of New York, Richmond County, IAS Part 89, for certain relief.

The application will be made, at the following time and place: At the Kings County Courthouse, located at 360 Adams Street, Part 89, Room 724 in the Borough of Brooklyn, City and State of New York, on November 21, 2019, at 2:30 P.M., or as soon thereafter as counsel can be heard.

The application is for an order:

1. authorizing the City to file an acquisition map in the Office of the Richmond County Clerk;
2. directing that, upon the filing of the order granting the relief sought in this petition, together with the filing of the acquisition map, title to the property shown on said map and sought to be acquired, and more particularly described in this petition, shall vest in the City in fee simple absolute;
3. providing that the compensation which should be made to the owners of the real property sought to be acquired and described in this petition be ascertained and determined by the Court without a jury;
4. directing that within thirty days of the entry of the order granting the relief sought in this petition, the City shall cause a Notice of Acquisition to be published in, at least ten successive issues of The City Record, an official newspaper published in the City of New York, and shall serve a copy of such notice by first class mail on each condemnee or his, her, or its attorney of record; and
5. directing that each condemnee shall have a period of two calendar years from the vesting date for this proceeding, in which to file a written claim, demand or notice of appearance with the Clerk of this Court and to serve a copy of the same upon the Corporation Counsel of the City of New York, 100 Church Street, New York, NY 10007.

The City, in this proceeding, intends to acquire title in fee simple absolute to certain real property where not heretofore acquired for the installation of storm and sanitary sewers and water mains in Fairlawn Avenue in the Borough of Staten Island, City and State of New York. The description of the real property to be acquired is as follows:

FAIRLAWN AVENUE FROM HYLAN BOULEVARD TO MANSION AVENUE

ALL that certain plot, piece or parcel of land, with improvements thereof erected, situate, lying and being in the Borough of Staten Island, County of Richmond, City and State of New York, as bounded and described as follows:

RUNNING THENCE North 38 degrees 12 minutes 02 seconds West, through the bed of the said Fairlawn Avenue, for a distance of 98.91 feet to a point;

THENCE North 48 degrees 22 minutes 28 seconds East, through the bed of the said Fairlawn Avenue a distance of 8.00 feet to a point;

THENCE North 53 degrees 32 minutes 15 seconds East, through the bed of the said Fairlawn Avenue a distance of 16.80 feet to a point;

THENCE South 48 degrees 36 minutes 53 seconds East, through the bed of the said Fairlawn Avenue a distance of 45.39 feet to a point;

THENCE South 38 degrees 12 minutes 02 seconds East, through the bed of the said Fairlawn Avenue a distance of 52.51 feet to a point on the northeasterly prolongation of the northwesterly line of the said Mansion Avenue;

THENCE South 48 degrees 47 minutes 35 seconds West, through the bed of the said Fairlawn Avenue and along on the northeasterly prolongation of the northwesterly line of the said Mansion Avenue, for a distance of 33.03 feet to the point or place of **BEGINNING**.

The above-described parcel consists of bed of Fairlawn Avenue and comprises an area of 3,056 Sq. Ft. or 0.07016 acres.

Surveys, maps or plans of the property to be acquired are on file in the office of the Corporation Counsel of the City of New York, 100 Church Street, New York, NY 10007.

PLEASE TAKE FURTHER NOTICE THAT, pursuant to Eminent Domain Procedure Law § 402(B)(4), any party seeking to oppose the acquisition must interpose a verified answer, which must contain specific denial of each material allegation of the petition controverted by the opponent, or any statement of new matter deemed by the opponent to be a defense to the proceeding. Pursuant to CPLR § 403, said answer must be served upon the office of the Corporation Counsel, at least seven (7) days before the date that the petition is noticed to be heard.

“Compete To Win” More Contracts!

Thanks to a new City initiative - “Compete To Win” - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and Women-Owned Businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

- Win More Contracts, at nyc.gov/competetowin

“The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City’s prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence.”

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York (“PPB Rules”), vendors must first complete and submit an electronic prequalification application using the City’s Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy

by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed, at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

- Administration for Children’s Services (ACS)
- Department for the Aging (DFTA)
- Department of Consumer Affairs (DCA)
- Department of Corrections (DOC)
- Department of Health and Mental Hygiene (DOHMH)
- Department of Homeless Services (DHS)
- Department of Probation (DOP)
- Department of Small Business Services (SBS)
- Department of Youth and Community Development (DYCD)
- Housing and Preservation Department (HPD)
- Human Resources Administration (HRA)
- Office of the Criminal Justice Coordinator (CJC)

To sign up for training on the new system, and for additional information about HHS Accelerator, including background materials, user guides and video tutorials, please visit www.nyc.gov/hhsaccelerator

PARKS AND RECREATION

■ VENDOR LIST

Construction Related Services

PREQUALIFIED VENDOR LIST: GENERAL CONSTRUCTION, NON-COMPLEX GENERAL CONSTRUCTION SITE WORK ASSOCIATED WITH NEW YORK CITY DEPARTMENT OF PARKS AND RECREATION ("DPR" AND/OR "PARKS") PARKS AND PLAYGROUNDS CONSTRUCTION AND RECONSTRUCTION PROJECTS.

NYC DPR is seeking to evaluate and pre-qualify a list of general contractors (a "PQL") exclusively to conduct non-complex general construction site work involving the construction and reconstruction of NYC DPR parks and playgrounds projects not exceeding \$3 million per contract ("General Construction").

By establishing contractor's qualification and experience in advance, NYC DPR will have a pool of competent contractors from which it can draw to promptly and effectively reconstruct and construct its parks, playgrounds, beaches, gardens and green-streets. NYC DPR will select contractors from the General Construction PQL for non-complex general construction site work of up to \$3,000,000.00 per contract, through the use of a Competitive Sealed Bid solicited from the PQL generated from this RFQ.

The vendors selected for inclusion in the General Construction PQL, will be invited to participate in the NYC Construction Mentorship. NYC Construction Mentorship focuses on increasing the use of small NYC contracts, and winning larger contracts with larger values. Firms

participating in NYC Construction Mentorship will have the opportunity to take management classes and receive on-the-job training provided by a construction management firm.

NYC DPR will only consider applications for this General Construction PQL from contractors who meet any one of the following criteria:

Central Park, Scenic Landmark

To the Mayor, the Council, and the Commissioner of the NYC Parks and Recreation

This report is issued, pursuant to Section 25-318 of the Administrative Code of the City of New York, which requires a report from the Landmarks Preservation Commission for plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The proposed work as described in the, "Technical Proposal, Archaeological Investigation and Monitoring Spector Playground Improvements, Central Park, New York," prepared by Hunter Research dated April 11, 2019 is to archaeologically test areas that may be impacted by future work to alter Spector Playground.

With regard to this proposed amendment, the Commission notes that the purpose of the work is to ensure that proposed alterations will not impact significant archaeological resources associated with Seneca Village which was founded in 1825 and was removed in building Central Park. The archaeology will document the project area and an archaeological report documenting this work will be submitted to the Commission for review and approval and that all work will be completed in accordance with the 2018 LPC's Archaeological Guidelines for Work in New York City. The Commission further notes that the archaeological findings will be used in developing the design of the proposed alterations which will be submitted to the Commission for review and approval.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. Please direct inquiries to Amanda Sutphin.

| ADDRESS: Ocean Parkway | | BOROUGH: Brooklyn | BLOCK/LOT: 0 / 0 |

Parkway
Ocean Parkway, Scenic Landmark

To the Mayor, the Council, and the Commissioner of the New York City Department of Parks and Recreation,

This report is issued pursuant to Section 25-318 of the Administrative Code of the City of New York, which requires a report from the Landmarks Preservation Commission for plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for the restoration of a portion of the malls at the western sides of Ocean Parkway between Avenue R and Avenue X, including removal of concrete block from the tree wells, and the installation of granite pavers within the tree wells; replacing concrete at the bikeway path with asphalt paving; replacing concrete and Belgian block paving throughout the ends ("end caps") of the malls, including existing pedestrian ramps with new concrete paving and steel-faced curbs, including pedestrian ramps with plastic detectable warning mats; replacing missing and deteriorated sections of black painted metal pipe rails with pipe rail sections, matching the existing, between the bike path and the pedestrian walkway; the removal and in-kind replacement of select concrete and wood benches (Type B), featuring armrests, as well as restoration of select concrete and wood (Type B) benches, including reconstructing and painting bench supports, replacing wood slats, and power washing; slightly shifting the placement of a light pole/bike signal; removing approximately 18 trees and stumps; and planting 30 new trees, all within the existing malls, as described in existing condition color photographs, and on 18 undated drawings, prepared and submitted by NYC Parks, as components of this application. Additionally, the Commission conducted a site visit on September 23, 2019.

In reviewing this proposal, the Commission notes that the Ocean Parkway Designation Report describes Ocean Parkway as a parkway system designed by Frederick Law Olmsted and Calvert Vaux; built in 1874-76; and that the parkway was substantially reconstructed circa 1980, with new paving and furnishings. The Commission also notes that Staff Advisory Report 00-5348 (LPC 00-3540), was issued on March 16, 2000 for the restoration of a portion of Ocean Parkway, consisting of the malls between Church and Foster Avenues matching materials and details from the circa 1980 reconstruction of the Ocean Parkway; that Staff Advisory Report 13-5451 (LPC 13-5871) was issued on August 23, 2012, for the reconstruction of the malls between Shore Parkway and Coney Island Concourse; and that Staff Advisory Report 13-6728 (LPC 13-6774) was issued on October 3, 2012 for the reconstruction of the malls between Avenue O and Kings Highway.

With regard to the proposal, the Commission finds that certain aspects of the work are in accordance with the provisions set forth in Title 63 of the Rules of the City of New York, Section 2-19 for Sidewalks, including Section 2-19(g)(1) for pedestrian ramps at sidewalk intersections. Furthermore, with regard to these or other aspects of the work, the Commission finds that the work will not alter, eliminate or conceal any of the significant historic or scenic characteristics of the parkway; that the proposed work will help address safety hazards, which will not detract from the characters of the parkway; that the paving, curbing, and pedestrian ramps will be in keeping with the paving, curbing and ramps along this scenic landmark in terms of materials, finishes and basic design; that the warning mats will be consistent with standard safety installations of this type in terms of its placement, material, design and finish; that the light pole/bike signal will remain in a typical location, consistent with similar other furnishings along the parkway; that the tree pits will be typical in size and well scaled to the malls; that the cumulative effect of the removal of the existing trees and stumps, and the planting of new trees will maintain typical landscaping at the malls; and that this work will not diminish the significant scenic and historic character of this scenic landmark.

Please see Title 63 of the Rules of the City of New York for complete text of any Rule section(s) cited in this permit: <http://www1.nyc.gov/site/lpc/applications/rules-guides.page>.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. BOROUGH: BROOKLYN
BLOCK/LOT: 1117 / 1

To the Mayor, the Council, and the Commissioner of the NYC Department of Parks & Recreation,

This report is issued pursuant to Section 25-318 of the Administrative Code of the City of New York, which requires a report from the Landmarks Preservation Commission for plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for restorative work at Endale Arch, located near the northeastern Grand Army Plaza entrance of the park adjacent to Long Meadow, including the removal of two (2) modern light fixtures and conduit from the ceiling; repointing brickwork; restoring select wood trim and other decorative elements by scraping paint by hand and sanding at the north and south cross-vaults; replacing the remaining wood tongue-and-groove panels, which are deteriorated, as well as deteriorated ribs, and trim, except that in one section, the missing woodwork will not be replaced and the location of the replacement trim will be shifted, leaving a section of the brickwork, which was historically covered, exposed, in conjunction with installing concealed rainscreen drainage mats between the new woodwork and existing masonry; the installation of a reversible anti-graffiti coating on the woodwork; and cleaning the brownstone and sandstone elements, utilizing a masonry cleaner, as shown a twenty-one page booklet, including marked photographs, historic condition photographs, specifications, wood samples, and drawings, and text, titled "Restoration of Endale Arch, Located South of Grand Army Plaza, at Northeastern end of the Long Meadow in Prospect Park, Borough of Brooklyn" dated February 27, 2019, and prepared by NYC Parks, and drawings labeled L-101.0, A-100.00, A-101.00, A-201.00, and A-301.00 through A- 501.00, dated July 1, 2019, prepared Prospect Park Alliance.

In reviewing this proposal, the Commission notes that the Prospect Park Designation Report describes Prospect Park as a primarily naturalistic style park designed in 1865 by Frederick Law Olmsted and Calvert Vaux; and that the arch was the first one constructed in the park, designed in a Syrio-Egyptian style by Frederick Law Olmsted and Calvert Vaux, and completed in 1868.

With regard to this proposal, the Commission finds that certain aspects of the work are in accordance with the provisions set forth in Title 63 of the Rules of the City of New York, Section 2-11 for Repair, Restoration, Replacement, and Re-creation of Building Facades and Related Exterior Elements, including Section 2-11(c)(1) for cleaning or removal of paint and coatings; Section 2-11(f) for re-creation and restoration of missing façade features; Section 2-11(c)(3) for pointing mortar joints; Section 2-11(c)(4) for repair of natural or cast stone; and Section 2-11(c)(9) for repair of wood features. Furthermore, with regard to these or other aspects of the work, the Commission finds that the coating will be breathable, reversible, clear finished, and applied to woodwork within an area subject to graffiti on a recurring basis; that leaving a section of the historic brickwork, which historically was concealed by woodwork, exposed will enhance the visitor's experience and understanding of the construction of the arch; that the work will not eliminate any historic features, preclude a more complete restoration in the future, or detract from significant architectural or landscape features; and that the proposed work will support the special picturesque and the naturalistic romantic character of Prospect Park.

SAMPLES REQUESTED: The Commissions requests installed sample mockups of cleaning sandstone and brownstone, repointing, and anti-graffiti coating at locations requiring replacement and repair be presented to the Commission staff for review and comment, prior to the commencement of work. Clear, color digital photographs of all samples to mshabrami@pc.nyc.gov for review, or contact staff to schedule a site visit.

NYC STREETLIGHT POLES
Grand Concourse Historic District

To the Mayor, the Council, and the Director, Mobile Telecom Franchises & Special Projects,

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for installing telecommunications equipment, the design and attachment of which is in accordance with the guidelines established by the Public Design Commission. The work will occur at a light pole located within the Grand Concourse Historic District. The work consists of installing one (1) telecommunications poletop antenna and equipment shroud at an existing light pole, as well as installing conduit mounted to the metal shaft of the light pole, all finished to match the existing light pole (grey); and excavating concrete pavers, where the concrete will be replaced to match the pre-existing tint and scoring, as described and shown in existing conditions photographs; a locator map; a poletop manager print out; and drawings, dated (received) October 23, 2019, and prepared by Judith Garcia of NYC DOITT; and a letter, dated October 21, 2019, and prepared by Brett Sikoff of NYC DOITT, all submitted as components of the application.

In reviewing this proposal, the Commission notes that multiple telecommunications poletop antennas and transmitter boxes are proposed to be mounted on light poles throughout New York City's historic districts; that the Department of Information Technology and Telecommunications applications for such work have been divided into multiple phases, of which the current proposal consists of one (1) of such installation. The Commission further notes that the current application excludes any proposal for work within the African Burial Ground and The Commons Historic District, which must be reviewed and approved separately by the Landmarks Preservation Commission's Director of Archaeology. The Commission further notes that the Art Commission issued Certificate of Final Approval 22232 on September 14, 2005, approving the design of telecommunications poletop antennas and transmitter boxes, with associated conditions. The approved poletop identification number is 21471, within the Grand Concourse Historic District.

With regard to this proposal, the Commission finds that the small size, neutral finish, simple design, and mounting height of the proposed poletop antenna and transmitter box will help them to be a discreet installation at the upper portion of light pole; that the installation will not call attention to itself and will not detract from the streetscape; that the conduit run will be the thinnest possible diameter and will be finished to blend with the light pole shaft, so as not to call undue attention to itself; and that any concrete sidewalks to be excavated

will be replaced with new concrete to match the tint and scoring of the adjacent concrete paving. Based on these findings, the proposed work is determined to be appropriate to the historic district. The work, therefore, is approved.

Please provide one or more 8 by 10 inch black and white photographs of the completed work to the Public Design Commission of the City of New York, for its records.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. To the Mayor, the Council, and the Director, Mobile Telecom Franchises & Special Projects,

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for installing telecommunications poletop antennas and associated transmitter boxes mounted on existing light poles, the design and attachment of which are in accordance with the guidelines established by the Public Design Commission.

The work will occur at an light pole located within the Prospect Heights Historic District. The work consists of installing one (1) telecommunications poletop antenna and transmitter box at an existing light pole, as well as installing conduit mounted to the metal shaft of the light pole, all finished to match the existing light pole (gray); and excavating concrete pavers where the concrete will be replaced to match the pre-existing tint and scoring, as described and shown in existing conditions photographs, locator map, poletop manager print out, manhole cover diagram, and a letter, dated October 16, 2019, prepared by Brett Sikoff of NYC DoITT, and submitted as components of the application.

In reviewing this proposal, the Commission notes that multiple telecommunications poletop antenna and transmitter box are proposed to be mounted on light poles throughout New York City's historic districts; that the Department of Information Technology and Telecommunications applications for such work have been divided into multiple phases, of which the current proposal consists of one (1) of such installations. The Commission also notes that the current application excludes any proposal for work with the African Burial Ground and The Commons Historic District, which must be reviewed and approved separately by the Landmarks Preservation Commission's Director of Archaeology. The Commission further notes that the Art Commission issued Certificate of Final Approval 22232 on September 14, 2005, approving the design of telecommunications poletop antennas and transmitter boxes, with associated conditions. The Approved poletop identification number within the Prospect Heights Historic District is: 17828.

With regard to this proposal, the Commission finds that the small size, neutral finish, simple design, and mounting height of the proposed poletop antenna and transmitter box will help them to be discreet installations at the upper portions of the light pole; that the installations will not call attention to themselves and will not detract from the streetscape; that the conduit run will be the thinnest possible diameter and will be finished to blend with the light pole shaft, so as not to call undue attention to itself; and that any concrete sidewalks to be excavated will be replaced with new concrete to match the tint and scoring of the adjacent concrete paving. Based on these findings, the proposed work is determined to be appropriate to this historic district. Therefore, the work is approved.

Please provide one or more 8 by 10 inch black and white photographs of the completed work to the Public Design Commission of the City of New York, for its records.

To the Mayor, the Council, and the Dep. Commissioner for Capital Projects, NYC Dept. of Parks & Rec.:

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for interior work only at the non-designated basement as shown in drawings labeled G001 and S101, dated September 2019, prepared by Vesna Hadzibabic, PE.

The Commission has reviewed the drawings and finds that the work will have no effect on the significant protected features of the interior landmark.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

To the Mayor, the Council, and the Vice President, Office of Capital Planning and Construction,

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for interior alterations only, within non-designated areas of the cellar through third floors; as shown on drawings labeled G-001 through G-005, DM-100, DM-101, DM-151 through DM-157, A-100, A-101, A-600, A-602, A-605, A-608, A-610, A-613, A-616, A-619, A-700, A-710, A-720, dated September 27, 2019, prepared by Elizabeth Leber, R.A., and submitted as components of the application.

In reviewing this proposal, the Commission notes that the New York Public Library Individual and Interior Landmark designation reports describe 476 Fifth Avenue as a monumental Beaux-Arts style civic structure and interiors designed by Carrere & Hastings, and built in 1898-1911.

With regard to this proposal, the Commission finds that the proposed work will occur outside of the designated portions of the interior, and therefore will have no effect on significant architectural features of this Interior Landmark. Based on these findings, the Commission determines the proposed work to be appropriate to this Individual and Interior Landmark. The work, therefore, is approved.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. To the Mayor, the Council, and the Director, Mobile Telecom Franchises & Special Projects,

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for installing a telecommunications poletop antenna and equipment shroud, mounted on an existing light pole, the design and attachment of which are in accordance with the guidelines established by the Public Design Commission. The work will occur at a light pole located within the Chelsea Historic District. The work consists of installing one (1) telecommunications poletop antenna and equipment shroud at an existing light pole, as well as installing conduit mounted within the metal shaft of the light pole, all finished to match the existing light pole (grey), as described and shown in existing conditions photographs; a locator map; a poletop manager print out; and a written scope of work dated (received) September 30, 2019, and prepared by Judith Garcia of NYC DOITT; and a letter, dated September 25, 2019, and prepared by Brett Sikoff of NYC DOITT, all submitted as components of the application. No work will disturb the bluestone sidewalk or granite curb.

In reviewing this proposal, the Commission notes that multiple telecommunications poletop antennas and transmitter boxes are proposed to be mounted on light poles throughout New York City's historic districts; that the Department of Information Technology and Telecommunications applications for such work have been divided into multiple phases, of which the current proposal consists of one (1) of such installation. The Commission further notes that the current application excludes any proposal for work within the African Burial Ground and The Commons Historic District, which must be reviewed and approved separately by the Landmarks Preservation Commission's Director of Archaeology. The Commission further notes that the Art Commission issued Certificate of Final Approval 22232 on September 14, 2005, approving the design of telecommunications poletop antennas and transmitter boxes, with associated conditions. The approved poletop identification number is 21551, within the Chelsea Historic District.

With regard to this proposal, the Commission finds that the small size, neutral finish, simple design, and mounting height of the proposed poletop antenna and equipment shroud will help them to be a discreet installation at the upper portion of light pole; that the installation will not call attention to itself and will not detract from the streetscape; and that the conduit run will be run within the light pole shaft, and will therefore not be visible from public thoroughfares. Based on these findings, the proposed work is determined to be appropriate to the historic district. The work, therefore, is approved.

Please provide one or more 8 by 10 inch black and white photographs of the completed work to the Public Design Commission of the City of New York, for its records.

To the Mayor, the Council, and the NYC Economic Development Corporation:

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for exterior work at the South Street facade, including temporarily installing internally illuminated acrylic lettering ("CIPRIANI"), with a white finish, mounted at the top of the main entrance canopy return on aluminum framing with concealed conduit; and that the installation will be removed by April 2020; as described in an email dated October 1, 2019, prepared by Sarah Sher, Higgins Quasebarth & Partners, LLC; and as shown on existing condition photographs, color renderings, and on drawings labeled 03 and 04, dated February 19, 2019, prepared by signs design group of new york inc, and submitted as components of the application.

In reviewing this proposal, the Commission notes that the Battery Maritime Building Individual Landmark Designation Report describes 10 South Street as a Beaux-Arts style marine terminal building designed by Walker & Morris and built in 1906-09. The Commission also notes that the steel canopy was approved under Commission Binding Report 08-7448 (LPC-08-2410), issued on February 21, 2008.

With regard to this proposal, the Commission finds that the work is in accordance with the provisions set forth in Title 63 of the Rules of the City of New York, Section 2-05 for Temporary Installations. Based on these findings, the Commission determined that the work is appropriate to the building. The work, therefore, is approved.

Please see Title 63 of the Rules of the City of New York for complete text of any Rule section(s) cited in this permit: <http://www1.nyc.gov/site/lpc/applications/rules-guides.page>.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. To the Mayor, the Council, and the Commissioner of the Department of Parks and Recreation,

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located

on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for exterior alterations at and adjacent to the south (rear) façade and the roof of Building 207, 207A Totten Avenue, Fort Totten, including replacing two (2) modern rear yard cellar vault hatches with dark gray-painted metal vault hatches, matching the bluestone vault coping; and installing rooftop lightening protection rods, in conjunction with installing lightening protection cables near the east and west edges of the roof and corners of the rear façade, as described and shown in written specifications, existing conditions photographs, and drawings labeled LPC-01 through LPC-07, dated 15 July 2019; and drawing labeled MCL-01, dated September 11, 2019, and submitted by Gustavo Carrera as components of the application.

In reviewing this proposal, the Commission notes that the Fort Totten Historic District Designation Report describes Building 207 as a Colonial Revival Revival style barracks building, built in 1905; and that the building's style, scale, materials, and details are among the features that contribute to the special architectural and historic character of the historic district.

With regard to this proposal, the Commission finds that the work is in accordance with the provisions set forth in Title 63 of the Rules of the City of New York, Section 2-17 for Front, Side, and Rear Yards, including Section 2-17(a)(5) for access hatches; and Section 2-20(b) for Health, Safety, and Utility Equipment. Based on these findings, the Commission determined that the work is appropriate to the building and to the Fort Totten Historic District. The work, therefore, is approved.

Please see Title 63 of the Rules of the City of New York for complete text of any Rule section(s) cited in this permit: <http://www1.nyc.gov/site/lpc/applications/rules-guides.page>.

To the Mayor, the Council, and the Commissioner, NYC Department of Design & Construction:

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City and is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for the installation of twenty-one (21) Right of Way Bioswales (ROWB) at sidewalks at multiple locations within the Clinton Hill Historic District

at 230 and 309-311 Washington Avenue; within the Stuyvesant Heights Historic District at 244 Decatur Street and 336 and 338 MacDonough Street; within the Fort Greene Historic District at 206 Carlton Avenue and 367 Clermont Avenue; within the Crown Heights North Historic District at 1289, 1294, 1296, 1437, and 1439 Dean Street and 117 New York Avenue; within the Crown Heights North Historic District II at 895 and 897 Lincoln Place and 110 New York Avenue; and within the Crown Heights North III Historic District at 255, 255A, 259, and 266 Brooklyn Avenue, 1 Revere Place, and 1049, 1069, 1148, 1150, 1160, and 1162 Sterling Place, including the removal of portions of tinted concrete, untinted concrete, bluestone and granite curbs, and at one location, deteriorated bluestone paving; the installation of the bioswales, which will be rectangular in plan and measure between 10' and 20' in length by between 4' and 5' in width, and will feature bluestone- or granite-tinted concrete swale curbs, and tree pit ironwork on three sides of the installation measuring 18" in height; and filling in select existing tree pits with tinted concrete to match the adjacent sidewalks; as described in written specifications "Standard Designs and Guidelines for Green Infrastructure Practices," prepared by City of New York Department of Environmental Protection, dated July 19, 2017; in a letter dated June 12 and an email dated September 13, 2019, prepared by Jeremy Woodoff, Department of Design and Construction Historic Preservation Office; and as shown on existing condition photographs, and on drawings labeled I-3 through I-5, GI-1, GI-2, GI-4, and GI-5, GI-29, GI-31 through GI-33, GI-55 through GI-59, GI-68, GI-79, GI-82, and GI-83, dated November 30, 2017; drawings labeled I-2, GI-3, and GI-81, dated (revised) January 31, 2018; and drawing labeled GI-28, dated (revised) August 20, 2019, all prepared by Chi Hsun Kong, P.E., and submitted as components of the application. Staff notes that the site drawings show three (3) additional bioswale installations at addresses that are not located within Historic Districts. Staff also notes that one (1) bioswale (206 Carlton Avenue) will be located within an area of mixed deteriorated bluestone and concrete paving, and that the remainder of the bioswales will be located within areas of concrete paving, and all shall otherwise conform to Department of Environmental Protection siting guidelines.

With regard to the proposal, the Commission finds that certain aspects of the work are in accordance with the provisions set forth in Title 63 of the Rules of the City of New York, Section 2-19 for Sidewalks, including Section 2-19(b)(3) for consolidation of existing bluestone sidewalks and Section 2-19(c) for replacement of existing non-bluestone sidewalk. Furthermore, with regard to these or other aspects of the work, the Commission finds that concrete sidewalk to be removed is not a significant feature of the historic districts; that the bluestone- or granite-tinted swale curbs will match the adjacent curbing in terms of color, dimension, and profile; that the bioswales primarily consist of plantings and trees, which are historic characteristics of these predominantly residential districts; and that the presence of green infrastructure will not detract from the special architectural and historic character of the Clinton Hill, Fort Greene, Stuyvesant Heights, Crown Heights, Crown Heights II, and Crown Heights III Historic Districts. Based on these findings, the work is approved.

Please see Title 63 of the Rules of the City of New York for complete text of any Rule section(s) cited in this permit: <http://www1.nyc.gov/site/lpc/applications/rules-guides.page>.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress. BROOKLYN BRIDGE
Brooklyn Bridge, Individual Landmark

To the Mayor, the Council, and the Chief Bridge Officer/Deputy Commissioner Bridges

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission has reviewed a proposal for work at the Brooklyn Bridge, including restorative work and upgrading portions of the bridge at the walls, abutments and ramps. At the Manhattan and Brooklyn approaches, repointing, replacing, reanchoring and cleaning granite at the facade walls and abutments; resetting granite coping stones; reconstructing masonry walls featuring granite cladding; installing new granite cladding at the walls in conjunction with limited excavation; regrading concrete and Belgian block sidewalks with steel curbing; replacing and installing aluminum one-over-one double-hung and round windows, iron bar window grilles, metal doors and louvers within existing openings; as shown in existing condition photographs; specifications; site visits; and drawings labeled Sheets 1 through 66 dated December 2016 and January 2017, prepared by the New York City Department of Transportation and the URS Corporation, and submitted as components of the application.

In reviewing this proposal, the Commission notes that the designation report describes the Brooklyn Bridge as a Gothic-inspired suspension/cable-stay bridge designed by John A. Roebling and Washington A. Roebling and built in 1867-83. The Commission also notes that the ramps on the Manhattan and Brooklyn approaches are not designated.

With regard to the proposal, the Commission finds that certain aspects of the work are in accordance with the provisions set forth in Title 63 of the Rules of the City of New York, Section 2-11 for Repair, Restoration, Replacement, and Re-creation of Building Facades and Related Exterior Elements, including Section 2-11(c)(3) for pointing mortar joints; Section 2-11(d)(1)(iv)(D) for replacement of cast and natural stone; and Section 2-11(f) for re-creation and restoration of missing façade features. Furthermore, with regard to these or other aspects of the work, the Commission finds that the proposed windows, doors and louvers will be installed within existing openings and therefore, will not result in the removal of historic fabric; and that other restorative work will enhance the special architectural and historic character of this Individual Landmark. Based on these findings, the Commission determined that the work is appropriate to this Individual Landmark. The work, therefore, is approved.

New York Public Library, Interior Landmark

New York Public Library, Individual Landmark

To the Mayor, the Council, and the Vice President, Capital Planning & Construction, NYPL,

This report is issued pursuant to Sections 3020 and 854 (h) of the New York City Charter and Section 25-318 of the Administrative Code of the City of New York, which require a report from the Landmarks Preservation Commission for certain plans for the construction, reconstruction, alteration, or demolition of any improvement or proposed improvement which is owned by the City or is to be constructed upon property owned by the City and is or is to be located on a landmark site or in a historic district or which contains an interior landmark.

The Landmarks Preservation Commission, at the Public Meeting of August 13, 2019, following the Public Hearing and Public Meeting of July 9, 2019, voted to issue a positive report for the proposed work at the subject premises, as put forward in your application completed on July 18, 2019, and as you were notified in Status Update Letter 19-40687 (LPC-19-40687), issued on August 13, 2019.

The proposal, as approved, consists of alterations within the enclosed south courtyard, including at the second-easternmost bay of the 1st floor of the north elevation, removing one (1) window and surrounding masonry to enlarge the opening, and installing one (1) bronze and glass door, decorative bronze transom panel, and marble-clad door returns within the modified opening, to accommodate access from the adjacent non-designate interior space (Gottesman Hall); at the 1st floor of the east elevation, removing one (1) window and surrounding masonry to enlarge the opening, and installing one (1) paired bronze and glass door and transom within the modified opening; at the ground floor, removing one (1) window and masonry to enlarge the opening, and installing one (1) bronze and glass door and sidelight, featuring a marble fascia at the transom, and marble-clad door returns, all within the modified opening; removing the switchback staircase from the cellar to the 1st floor, and installing a new straight-run, glass and steel staircase with marble treads; extending a portion of the floor slab at the 1st floor towards the north courtyard elevation, with voids to remain on the north and south sides of the existing catwalk to Astor Hall; installing five (5) bronze grilles at the existing blind window openings at the basement; at the cellar level, removing a portion of the rubble foundation wall and installing a new opening, featuring a marble portal surround and returns; installing window films at select windows on the north and east elevations; and demolition and construction of interior non-bearing partitions within the modern addition. The proposal was shown on digital presentation slides labeled 1-32, titled "The New York Public Library: Steven A. Schwarzman Building; August 13, 2019", featuring existing condition and historic photographs, renderings, and existing and proposed plans, sections, and details, prepared by Beyer Blinder Belle Architects & Planners LLP, and presented at the Public Meeting. The proposal, as initially presented, included the extension of the floor slab at the northeast corner of the 1st floor to be flush with the north courtyard facade, as well as the installation of a metal and glass catwalk at the 1st floor mezzanine, and was shown on presentation slides labeled 1-34, dated July 9, 2019, and presented at the Public Meeting and Public Hearing.

In reviewing this proposal, the Commission noted that the New York Public Library Individual and Interior Landmark Designation Reports describe 476 Fifth Avenue as a Beaux-Arts style library building and interiors designed by Carrère & Hastings and built in 1898-1911. The Commission further noted that Commission Binding Report 98-6836 was issued on June 24, 1998, approving the construction of a multi-level addition within the south court, and that Commission Binding Report 19-39364 was issued on September 13, 2019, approving a proposal to modify entrances and window openings, modify the loading dock perimeter wall, demolish a mechanical penthouse, relocate architectural features, construct a new plaza, and install light fixtures and engravings.

With regard to this proposal, the Commission found that the work will be located within an enclosed courtyard, and therefore will not be visible from any public thoroughfare; that the work will help improve circulation and barrier-free access throughout the cellar and 1st floors, in conjunction with the recently approved 40th Street entrance; that the demolition of the interior partition walls at the 1st floor of the modern addition will not remove any significant historic fabric, and will improve the public visibility of the historic courtyard facades at this level by creating additional open space; that relocating the temporary café and the bookstore will help return Astor Hall and its immediate environs to their original condition; that the proposed new door opening from Gottesman Hall will only require the removal of limited amounts of plain masonry and a minor window, and, combined with limited oblique views, will not detract from the overall window pattern or the reading of symmetry at this façade; that the proposed bronze and glass door will recall the details and finish of historic bronze doors found within the adjacent Gottesman Hall; that reconfiguring

the existing staircase and floor will retain views to the cellar level of the building's layered architectural fabric, and that the new configuration of the stairs will improve the visual experience by exposing previously concealed historic features at the north façade; that the design and materials of the proposed reconfigured stair, with marble stair treads in lieu of glass, will be compatible with the addition and the historic courtyard walls; that the design of the bronze window grilles at the ground floor of the eastern façade will match the adjacent historic window grilles, and that the marble fascia will not detract from the overall fenestration pattern of this courtyard façade; that the proposed new door opening and glass partitions at the 1st floor connecting the new service elevator vestibule to the new south core elevator lobby, which will only require the removal of limited amounts of plain masonry and the remainder of a previously modified window, will fit seamlessly below the existing catwalk at the 2nd floor, and will maintain transparency along the perimeter of the historic courtyard facades; that the proposed new door opening at the cellar, featuring a stone portal surround, will be simply designed and match the existing marble wainscoting in terms of materials, and delineate the opening from the surrounding rubble foundation wall; that the new glass doors will read as part of the work associated with the insertion of the modern addition, and will match the materials and details of the existing glass doors; that the applied window films are reversible, and will not change the character of the overall fenestration of the courtyard facades; and that the work will not detract from the significant architectural and historic character of this Individual and Interior Landmark. Based on these findings, the Commission determined the work to be appropriate to the building and the historic district, and voted to approve the application.

The Commission authorized the issuance of a Certificate of Appropriateness upon receipt, review and approval of two or more sets of signed and sealed Department of Building filing drawings showing the approved design. Subsequently, on October 17, 2019, the Landmarks Preservation Commission received two sets of the required final filing drawings, labeled G-001 through G-005, LS-100, LS-101, A-100, A-200, A-500, A-501, A-502, A-700, A-710, A-720, dated May 6, 2019, prepared by Elizabeth Leber, R.A.; M-001, M-002, M-100 through M-102, M-200 through M-203, M-500, M-600, M-601, dated September 13, 2019; E-001, E-001, E-100 through E-103, E-200, E-201, E-202, E-300, E-301, E-4000, E-600, FA-001, FA-200 through FA-203, FA-400, dated 10, 2019; P-001, P-202, P-300, SP-001, SP-200, SP-201, SP-300, dated June 8, 2019, all prepared Steven Lembo, R.A.; G-002, G-003, LS-100, DM-100, A-100, A-200, A-700, A-710, A-711, dated February 1, 2019, prepared by Elizabeth Leber, R.A.; and S-001, S-002, S-100C, S-101C, S-102C, S-501, dated January 18, 2019, prepared by Patrick Arnett, P.E. Accordingly, staff reviewed these materials and found that the design approved by the Commission has been maintained; and that the drawings additionally show interior alterations within non-designated areas of the first floor, including removal of plain masonry (within Gottesman Hall) to accommodate the new door opening. Based on these and the above findings, the drawings have been marked approved with a perforated seal, and Commission Binding Report 20-02803 is being issued.

SAMPLES REQUIRED: Pursuant to Title 63 of the Rules of the City of New York, Section 2-11(b)(5) and 2-11(b)(7) for Repair, Restoration, Replacement and Re-creation of Building Façades and Related Exterior Elements, this permit is being issued contingent upon the Commission's review and approval of installed sample mockups of the proposed marble and bronze elements, prior to the commencement of work. Review instructions in the subsection cited above before preparing samples. Submit clear, color digital photographs of all samples to kbishop@lpc.nyc.gov for review, or contact staff to schedule a site visit.

This report is issued on the basis of the building and site conditions described in the application and disclosed during the review process. By accepting this permit, the applicant agrees to notify the Commission if the actual building or site conditions vary or if original or historic building fabric is discovered. The Commission reserves the right to amend or revoke this permit, upon written notice to the applicant, in the event that the actual building or site conditions are materially different from those described in the application or disclosed during the review process.

All approved drawings are marked approved by the Commission with a perforated seal indicating the date of approval. The work is limited to what is contained in the perforated documents. Other work or amendments to this filing must be reviewed and approved separately. This report constitutes the permit; a copy must be prominently displayed at the site while work is in progress.
