ARTICLE VII

ADMINISTRATION

Chapter 8

Special Regulations Applying to Large-Scale Residential Developments

78-00

GENERAL PURPOSES, DEFINITIONS AND GENERAL PROVISIONS

78-01

General Purposes

The regulations set forth in this Chapter are designed to deal with certain types of problems which arise only in connection with large-scale residential developments and to promote and facilitate better site planning and community planning through modified application of the district regulations in such developments.

For large-scale residential developments involving several zoning lots but planned as a unit, the district regulations may impose unnecessary rigidities and thereby prevent achievement of the best possible site plan within the overall density and bulk controls. For such developments, the regulations of this Chapter are designed to allow greater flexibility for the purpose of securing better site planning for development of vacant land and to provide incentives toward that end while safeguarding the present or future use and development of surrounding areas and, specifically, to achieve more efficient use of increasingly scarce land within the framework of the overall bulk controls, to enable open space in large-scale residential developments to be arranged in such a way as best to serve active and passive recreation needs of the residents, to protect and preserve scenic assets and natural features such as trees, streams and topographic features, to foster a more stable community by providing for a population of balanced family sizes, to encourage harmonious designs incorporating a variety of building types and variations in the siting of buildings, and thus to promote and protect public health, safety and general welfare.

* * *

78-03

Applicability of This Chapter

#Large-scale residential developments# are governed by all the #use#, #bulk#, off-street parking and loading, and other applicable regulations of this Resolution, except for such special provisions as are specifically set forth in this Chapter and apply only to such #large-scale residential developments#. However, the Quality Housing Program is inapplicable in #large-scale residential development#.

Any #large-scale residential development# having a total of, at least 500 #dwelling units# shall be subject to the provisions of Section 78-11 (General Provisions), relating to Provision of Public Facilities in Connection with Large-Scale Residential Developments.

#Large-scale residential developments# within the #waterfront area# shall be subject to the provisions of Section 62-132 (Applicability of Article VII, Chapters 4, 8 and 9).

With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

- *Win More Contracts, at nyc.gov/competetowin*

"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed, at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

- Administration for Children's Services (ACS)
- Department for the Aging (DFTA)
- Department of Consumer Affairs (DCA)
- Department of Corrections (DOC)
- Department of Health and Mental Hygiene (DOHMH)
- Department of Homeless Services (DHS)
- Department of Probation (DOP)
- Department of Small Business Services (SBS)
- Department of Youth and Community Development (DYCD)
- Housing and Preservation Department (HPD)

AGENCY RULES

COMPTROLLER

■ NOTICE

Notice of Adoption of Final Rule

Notice is hereby given, pursuant to the authority vested in the Comptroller of the City of New York ("Comptroller") by section 1043 of the New York City Charter, New York labor law articles 8 and 9, New York real property tax law section 421-a (8), (16) and (17), and New York City administrative code sections 6-109 and 19-142, that the

Comptroller promulgates and adopts a final rule to establish a procedure for investigating and assessing civil penalties for failure to provide prevailing wage notices under the above-mentioned laws.

Statement of Basis and Purpose of Final Rule

Various state and local laws vest the Comptroller with authority to enforce prevailing wage laws by conducting investigations and hearings and issuing reports with recommendations or orders. New York labor law section 220(3-a)(a)(ii) further requires covered employers to post jobsite notices and provide pay stubs and notices to covered employees with applicable prevailing wage and supplement rates, and vests the Comptroller with the authority to assess civil penalties for violations of these notice requirements. The laws that vest authority in the Comptroller are detailed below.

- Article 8 of the New York labor law requires payment of prevailing wages and supplements to construction workers on New York City public work projects.
- Article 9 of the New York labor law requires payment of prevailing wages and supplements to building service employees on building service contracts with city agencies.
- Subdivision 8, paragraph h of subdivision 16 and paragraph g of subdivision 17 of section 421-a of the New York real property tax law require payment of prevailing wages and supplements to building service employees in certain buildings that receive real estate tax exemptions under that law.
- New York City administrative code section 6-109 requires payment of prevailing wages and supplements to workers on certain service contracts with city agencies.
- New York City administrative code section 19-142 requires payment of prevailing wages and supplements to workers on New York City street excavations.

The Comptroller is adopting a clear and uniform procedure for investigating and assessing civil penalties for failure to post notices, at job sites or provide notices with pay stubs to workers under the above-mentioned laws. The comprehensiveness of the rules provides enhanced guidance to employers, employees, and building owners covered by these laws.

Section 1 amends section 2-02 of chapter 2 of title 44 to add a definition for "Construction Poster" that is required by labor law section 220(3-a)(a)(ii) and amends the definition of "Worker Notice Poster" in section 2-02 of such chapter to conform to the requirements of labor law section 220(3-a)(a)(ii).

Section 2 amends paragraph 1 of subdivision c of section 2-04 of chapter 2 of title 44 to add an additional recordkeeping requirement for pay stubs or wage statements required by labor law sections 195(3) and 220(3-a)(a)(ii). Section 2 also amends paragraphs 4, 5 and 6 of subdivision c of section 2-04 of such chapter to add additional notice requirements for public work projects to be posted, at job sites and provided to workers with their pay stubs under labor law section 220(3-a)(a)(ii).

Section 3 amends chapter 2 of title 44 to add a new section 2-07 creating a procedure for the assessment of civil penalties to covered employers for failure to post required jobsite notices or to provide notices and pay stubs with applicable prevailing wage and supplement rates under labor law section 220(3-a)(a)(ii).

New text is underlined.

[Deleted material is in brackets.]

"Shall and "must" denote mandatory requirements and may be used interchangeably in the rules of this agency, unless otherwise specified or unless the context clearly indicates otherwise.

Section 1. Section 2-02 of chapter 2 of title 44 of the rules of the city of New York is amended by adding a new definition of "Construction Poster", and amending the definition of "Worker Notice Poster", in alphabetical order to read as follows:

§ 2-07 Civil Penalties for Violations of Employer Notice Requirements.

(a) Penalties for Construction Poster violations with opportunity to cure. (1) The failure of a Covered Employer performing Covered Work subject to the requirements of labor law article eight to comply with the Construction Poster requirements set forth in section 2-04(c)(4) constitutes a separate violation, at each work site, for each work day. Covered Employers are deemed to have willfully posted an incorrect Construction Poster if they knew or should have known that the trade classifications or Prevailing Wages and Supplements detailed in such poster are incorrect or incomplete for the Covered Work performed, at such public work site.

The penalty amounts set forth in Appendix A apply to the following Construction Poster violations.

- (2) A Class 1 Construction Poster violation consists of:
 - i) failing to post a Construction Poster, at the public work site where the Covered Employer has 10 or more employees and has worked on a prior public work project; or

If such proof of compliance is acceptable to the Comptroller, an order for such violation will be issued with no civil penalty. Each violation by a Covered Employer that occurs after the Comptroller has issued one order under section 2-07 to that Covered Employer within the last six years is a second violation. Each violation by a Covered Employer that occurs after the Comptroller has issued two or more orders under section 2-07 to that Covered Employer within the last six years is a third and subsequent violation.

(b) Penalties for Worker Notice violations with opportunity to cure. (1) The failure of a Covered Employer to comply with the Worker Notice requirements set forth in section 2-04(c)(5) for employees performing Covered Work subject to the requirements of labor law article eight constitutes a separate violation for each such employee. Covered Employers are deemed to have willfully provided an incorrect Worker Notice if they knew or should have known that the trade classifications or Prevailing Wages and Supplements detailed in such notice are incorrect or incomplete for such Covered Work performed by such employee.

The penalty amounts set forth in Appendix A apply to the following Worker Notice violations.

- (2) A Class 1 Worker Notice violation consists of:
 - i) failing to provide a Worker Notice where the Covered Employer has 10 or more employees and has worked on a prior public work project; or

(4) A Covered Employer that has committed a first Worker Notice violation has thirty days from receipt of the summons under section 2-07(e) to provide a proper Worker Notice to each employee, sign the admission of liability and certification of cure on the summons, and return the summons with a copy of such notice to the Comptroller. If such proof of compliance is acceptable to the Comptroller, an order for such violation will be issued with no civil penalty. Each violation by a Covered Employer that occurs after the Comptroller has issued one order under section 2-07 to that Covered Employer within the last six years is a second violation. Each violation by a Covered Employer that occurs after the Comptroller has issued two or more orders under section 2-07 to that Covered Employer within the last six years is a third and subsequent violation.

(c) Penalties for pay stub violations with opportunity to cure. (1) The failure of a Covered Employer to comply with the pay stub requirements set forth in section 2-04(c)(6) for employees performing Covered Work subject to the requirements of labor law article eight constitutes a separate violation for each such employee, for each work week. Covered Employers are deemed to have willfully provided an incorrect pay stub to an employee performing Covered Work subject to the requirements of labor law article eight if they knew or should have known that the Prevailing Wage rates detailed in such pay stub are incorrect or incomplete for such Covered Work performed by such employee in the work week covered by such pay stub. Penalties for pay stub violations may be assessed for up to one year from the date of the violation for each such employee. The penalty amounts set forth in

Appendix A apply to the following pay stub violations.

If such proof of compliance is acceptable to the Comptroller, an order for such violation will be issued with no civil penalty. Each violation by a Covered Employer that occurs after the Comptroller has issued one order under section 2-07 to that Covered Employer within the last six years is a second violation. Each violation by a Covered Employer that occurs after the Comptroller has issued two or more orders under section 2-07 to that Covered Employer within the last six years is a third and subsequent violation.

(d) Designation. Before the Comptroller issues an order assessing a civil penalty against a Covered Employer under labor law section 220(3-a)(a)(ii) for failing to post a Construction Poster or willfully posting an incorrect Construction Poster, failing to provide a Worker Notice or willfully providing an incorrect Worker Notice, or for failing to provide a pay stub or willfully providing an incorrect pay stub, a hearing is held by the hearings division of the office of administrative trials and hearings.

(e) Summons. For every alleged violation under labor law section 220(3-a)(a)(ii), the Bureau issues a summons to the Covered Employer performing work, at the public work site or employing the workers, at issue. The summons is either served in person upon any managing or general agent of the Covered Employer or mailed to the Covered Employer, at its business address. The summons contains the name and address of the Covered Employer, the address of the work site and date for alleged violations concerning the Construction Poster, the name of the employee and date for alleged violations concerning Worker Notices and pay stubs, a brief description of the nature of the alleged violation and the maximum and "mail-in" penalty amounts.

(f) Waiver of hearing. Any person who receives a summons under this section may waive a hearing by admitting the violation charged on the summons and paying the "mail-in" penalty amount. Payment must be made by certified or bank check payable to the "New York City Comptroller" and must be mailed to the Comptroller's office with the summons before the hearing date. Admission of the violation charged on the summons constitutes an order of the Comptroller for purposes of paragraph 4 of subdivision a, paragraph 4 of subdivision b and paragraph 4 of subdivision c of this section.

(g) Order. The presiding hearing officer promptly issues a recommended decision after the hearing, which may adjudicate violations alleged in one or more summonses. The recommended decision must describe particularly the nature of each alleged violation and assess a civil penalty or dismiss the charge. The office of administrative trials and hearings serves the recommended decision on every party. The recommended decision is not subject to an appeal under section 6-19 of title 48 of the rules of the city of New York. The Comptroller may adopt, reject or modify, in whole or in part, the recommended decision when issuing an order under labor law section 220(3-a)(a)(ii). The Bureau files the order of the Comptroller and serves a copy of the order on every party.
