Calendar Item 1 — Industry City (160146 MMK, 190296 ZMK, 190298 ZRK, 190297 ZSK)

An application submitted by 1-10 Bush Terminal Owner L.P. and 19-20 Bush Terminal Owner L.P. pursuant to Sections 197-c and 201 of the New York City Charter for the following land use actions:

1. A change to the City Map to demap 40th Street between First and Second avenues
2. A zoning map amendment to replace an M3-1 district and establish an M2-4 district:
 - a. Between Second and Third avenues, generally between 32nd and 37th streets
 - b. Generally between 500 feet west of First and Second avenues, between 39th and 41st streets
 - c. A Special Industry City District (IC) within the boundaries of each area
3. A zoning text amendment to establish the IC within the New York City Zoning Resolution (ZR) as Section 129-21 establishing a special permit to enable modification of specific sections stipulating uses permitted as-of-right, specifying performance standards, and regulations governing floor area, height and setback, and yards
4. The grant of a special permit pursuant to ZR Section 129-21 for a proposed commercial development planned as a unit and comprising an area of at least 1.5 acres, on the properties to be rezoned

The total affected area would include 12 lots comprising part of Industry City, together with seven lots intended to be acquired by the applicant, and three lots that are expected to remain in separate ownership. Such actions would facilitate the envisioned redevelopment of over 5,000,000 square feet (sq. ft.) of Industry City as a mixed-use project with commercial, community facility, and manufacturing uses and tenants. The project is envisioned to further facilitate ongoing expansion, renovation, and re-tenanting of existing properties, as well as the construction of new buildings. These applications might result in the realization of 3.75 million gross sq. ft. (gsf) of innovation economy

uses, including approximately 1,874,000 gsf of manufacturing use, 937,000 gsf of artisanal and art/design studios, and approximately 937,000 gsf of office space. In addition, the applications provide for approximately 628,000 gsf of academic uses, 287,000 gsf of hotel floor area, 900,000 gsf of retail and restaurant uses, including a supermarket, a 75,000 gsf training facility for the Brooklyn Nets, as well as 43,000 gsf of event space. Finally, the proposal stipulates approximately 478,000 gsf of structured and surface accessory parking, as well as 420,000 gsf of vertical circulation, mechanical space, and shared lobbies, with a total project floor area of approximately 6,556,000 gsf.

With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

- Win More Contracts, at nyc.gov/competetowin

“The City of New York is committed to achieving excellence in the design and construction of its capital program, and

building on the tradition of innovation in architecture and engineering that has contributed to the City’s prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence.”

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York (“PPB Rules”), vendors must first complete and submit an electronic prequalification application using the City’s Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed, at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

- Administration for Children’s Services (ACS)
- Department for the Aging (DFTA)
- Department of Consumer Affairs (DCA)
- Department of Corrections (DOC)
- Department of Health and Mental Hygiene (DOHMH)
- Department of Homeless Services (DHS)
- Department of Probation (DOP)
- Department of Small Business Services (SBS)
- Department of Youth and Community Development (DYCD)
- Housing and Preservation Department (HPD)
- Human Resources Administration (HRA)
- Office of the Criminal Justice Coordinator (CJC)
