PROCUREMENT

“Compete To Win” More Contracts!

Thanks to a new City initiative - “Compete To Win” - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and Women-Owned Businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

- Win More Contracts, at nyc.gov/competetowin

"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed, at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

- Administration for Children's Services (ACS)
- Department for the Aging (DFTA)
- Department of Consumer Affairs (DCA)
- Department of Corrections (DOC)
- Department of Health and Mental Hygiene (DOHMH)
- Department of Homeless Services (DHS)
- Department of Probation (DOP)
- Department of Small Business Services (SBS)
- Department of Youth and Community Development (DYCD)
- Housing and Preservation Department (HPD)
- Human Resources Administration (HRA)
- Office of the Criminal Justice Coordinator (CJC)

To sign up for training on the new system, and for additional information about HHS Accelerator, including background materials, user guides and video tutorials, please visit www.nyc.gov/hhsaccelerator

What authorizes DCA to make this rule? Sections 1043, 2203(c), 2203(f), and 2203(h)(1) of the City Charter and Section 20-104(e) of the Administrative Code of the City of New York authorize the Department of Consumer Affairs to make this proposed rule. What laws govern the rulemaking process? DCA must meet the requirements of Section 1043 of the New York City Charter when creating or changing rules. This notice is made according to the requirements of Section 1043 of the New York City Charter.

Statement of Basis and Purpose of Proposed Rule

The Department seeks to amend section 6-12, the tobacco retail dealer penalty schedule, to increase certain penalty amounts set by New York State Public Health Law (“PHL”) section 1399-ee, which was recently amended by state law. New York State law amendments to section 1399-ee(2) of the PHL changed the maximum penalty for first violations of the PHL to \$1,500 from \$1,000. The state law amendments also changed the maximum penalty for subsequent violations to \$2,500 from \$1,500. The state law amendments became effective on July 1, 2020. This proposed amendment would also correct a mistake in the penalty entry for section 1399-CC(5) by lowering the maximum penalty for subsequent violations to \$1,000, as required by that subdivision of law.

The Department is also proposing to amend section 6-12.1, the electronic cigarette penalty schedule, to add violations relating to New York State PHL section 1399-mm-1(2), which prohibits selling or offering for sale flavored vapor products expected to be used with nicotine. This new provision of state law was recently passed and became effective on July 1, 2020.

Pursuant to section 1043(d)(1) of the New York City Charter, certification of this proposed rule by the Law Department is not required.

The Department’s authority for these rules is found in sections 1043, 2203(c), 2203(f), and 2203(h)(1) of the City Charter and section 20-104(e) of the Administrative Code of the City of New York.

New material is underlined.

“Shall” and “must” denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

Proposed Rule Amendments

Section 1. Section 6-12 of subchapter B of chapter 6 of title 6 of the Rules of the City of New York is hereby amended as follows:

§ 6-12 Tobacco Retail Dealer Penalty Schedule.

All citations are to Title 20 of the Administrative Code of the City of New York, Title 17 of the Administrative Code of the City of New York, Title 24 of the Rules of the City of New York, or the New York Public Health Law.

Unless otherwise specified, the penalties set forth for each section of law or rule shall also apply to all subdivisions, paragraphs, subparagraphs, clauses, items, or any other provision contained therein. Each subdivision, paragraph, subparagraph, clause, item, or other provision charged in the Notice of Violation shall constitute a separate violation of the law or rule.

Unless otherwise specified by law, for violations of Title 20 of the Administrative Code, a second or third or subsequent violation means a violation by the same respondent, whether by pleading guilty, being found guilty in a decision, or entering into a settlement agreement for violating the same provision of law or rule, within three years of the prior violation(s).

Unless otherwise specified by law, for violations of § 17-176.1 of Title 17 of the Administrative Code or of 24 RCNY § 13-03, a second or third or subsequent violation means a violation by the same respondent, whether by pleading guilty, being found guilty in a decision, or entering into a settlement agreement for violating the same provision of law or rule, within five years of the prior violation(s).

For sections of law marked by a single asterisk (*), a second, third or subsequent violation means a violation of § 17-703, § 17-703.2, § 17-704, Subdivision (a) of § 17-704.1, § 17-705, or subdivisions (a) or (b) of § 17-706 of Title 17 of the Administrative Code, or any combination of such provisions, whether by pleading guilty, being found guilty in a decision, or entering into a settlement agreement, at the same place of business within a three-year period.

Unless otherwise specified by law, for violations of § 17-715 of Title 17 of the Administrative Code, a second or third or subsequent violation means a violation by the same respondent, whether by pleading guilty, being found guilty in a decision, or entering into a settlement agreement for violating the same provision of law or rule, within three years of the prior violation(s).

At a hearing, points assigned to a respondent’s New York State tobacco registration record may be reduced, pursuant to New York Public Health Law § 1399-ee(3)(a).

In certain cases, the Department may ask for license suspension, revocation, or sealing as permitted by statute. If a respondent is found in violation of multiple provisions that require a suspension period, the suspension periods shall run concurrently.

The parties shall be authorized to present evidence to mitigate the license revocation or suspension period within the date range marked by two asterisks (**).

What authorizes DOT to make this rule? Sections 1043 and 2903 of the New York City Charter authorize DOT to make this proposed rule. This proposed rule was not included in DOT’s regulatory agenda for this fiscal year because it was not contemplated when DOT published the agenda.

Where can I find DOT’s rules? DOT’s rules are in Title 34 of the Rules of the City of New York.

What rules govern the rulemaking process? DOT must meet the requirements of Section 1043 of the New York City Charter when creating or changing rules. This notice is made according to the requirements of Section 1043 of the New York City Charter.

Statement of Basis and Purpose of Proposed Rule

The Commissioner of the New York City Department of Transportation is authorized to issue rules regarding parking and traffic operations and highway operations in the City pursuant to Sections 1043 and 2903 of the New York City Charter.

Pursuant to Local Law 5 of 2018, the maximum civil penalty amounts relating to street construction, maintenance, repairs, obstructions and closures were increased significantly, particularly where public safety is involved. Accordingly, DOT is seeking to increase certain penalty amounts for violations adjudicated at the Office of Administrative Trials and Hearings. The increased penalties are expected to increase compliance with the Department’s rules and thereby promote public safety in the street construction and maintenance process.

Specifically, the proposed rule will:

- increase the penalty amounts of 8 current violations;
- update the schedule as needed to reflect recently adopted rules and changes to the law; and
- provide clearer, more concise language in describing the penalties.

The DOT penalty schedule is being updated to increase penalty amounts, update descriptions, and add new penalties for the following: New York City Administrative Code sections 19-109, 19-121, 19-122, 19-123, 19-124, 19-147, 19-159.4, 19-170, as well as sections 2-02, 2-05, 2-07, 2-09, 2-11 and 2-20 of Title 34 of the Rules of the City of New York.

See the chart below for the specific justifications by penalty:

Section	Description	Justification for Increased Penalty Amount
34 RCNY 2-07(b)(2)	Failure to repair defective street condition found within an area extending 12 inches outward from the perimeter of the cover/grating	This penalty should be increased to \$750 from the current \$250 penalty amount. This violation is almost exclusively issued to utility companies since it relates to hardware covers/grating, however, prior to issuance of such a violation DOT issues the utilities a Corrective Action Report which provides the utility notification of the condition and an opportunity to repair the condition within a minimum of 30 days. The purpose of the rule and subsequent issuance of a violation is to ensure the integrity of the roadway and a smooth driving surface. Additionally, the proposed penalty is consistent with other roadway paving defects violations.
34 RCNY 2-09(f)(4)(xiv)	Except as in NYC Administrative Code § 19-152, failure to install pedestrian ramp as per DOT drawings	This penalty should be increased to \$1,500 from the current \$400 penalty amount. The lower fine of \$400 is not incentive enough to motivate permittees to construct a corner quadrant with one to two pedestrian ramps. The average cost of such construction is approximately \$6,000 per ramp. This purpose of the rule and subsequent issuance of a violation is to ensure a greater level of overall completion and compliance with the pedestrian ramp construction specification (#H-1011) and the Americans with Disabilities Act. The violation is generally issued after failure to comply within a 30 day period from a Corrective Action Report.

34 RCNY 2-11(e)(10)(v)	Failure to post "Steel Plates Ahead" or "Raise Plow" sign; failure to countersink plates flush with roadway	This violation is being split into 2 separate and distinct penalties--one for failure to post the appropriate signage and the other for failure to countersink plates. The fine for failure to post "Steel Plates Ahead" or "Raise Plow" signs should be increased from the current amount of \$250 to \$1,000. The fine for failure to countersink plates should be increased to \$750 from the current \$250 penalty amount. The lower fine of \$250 is not incentive enough to motivate contractors to post the required signage or to countersink the steel plates. Failure to post the required signage and failure to countersink plates creates a safety issue during the winter plow months. Additionally, the proposed penalty amount for failure to countersink plates is consistent with other violations relating to steel plates.
34 RCNY 2-11(e)(12)(ix)	Failure to obtain DOT permit for any changes to, or installation of, temporary roadway pavement markings and temporary construction, parking or regulatory signs and supports	This violation is being split into 2 separate and distinct penalties--one for failure to obtain DOT permit for changes or installation of temporary roadway pavement markings, and the other for failure to obtain DOT permit for changes or installation of temporary construction, parking or regulatory signs or supports. The new separate fine for not obtaining a permit for any changes or installation of temporary construction, parking or regulatory signs or supports should be \$1,500. Failure to obtain DOT permits for such changes or installation creates a safety and enforcement issue if these important elements are not installed properly or are changed without DOT's knowledge. Construction, parking and regulatory signage and supports are important to regulate the speed and flow of traffic and to manage parking along curbs.
34 RCNY 2-11(e)(12)(ix)	Failure to restore in kind all roadway pavement markings; failure to restore in kind any parking or regulatory signs or supports	This violation is being split into 2 separate and distinct penalties--one for failure to restore in kind all roadway pavement markings, and the other for failure to restore in kind parking or regulatory signs or supports. The fine for roadway pavement markings should be increased from the current amount of \$750 to \$1,500. The fine for parking or regulatory signs or supports should be increased to \$1,500 from the current \$750 penalty amount. The lower fine of \$750 is not incentive enough to motivate permittees to appropriately restore in kind. Failure to restore in kind the various elements of a street opening job creates a safety issue if these important elements are not restored in kind. Roadway pavement markings, especially the double yellow lines, are essential to guide and control traffic. Parking and regulatory signage and supports are equally important to regulate the speed and flow of traffic and parking.
34 RCNY 2-11(g)(1)(ii)	Doing non-emergency work with an emergency authorization number	This penalty should be increased to \$2,000 from the current \$1,000. The purpose of the rule is so that valid emergency permits are secured when appropriate. Permittees cannot conduct non-emergency work under the auspices of emergency work, especially since emergency work allows for street closures with no stipulated working hours.
34 RCNY 2-11(g)(2)(i)	Failure to begin emergency work within 2 hours after authorization	This penalty should be increased to \$1,000 from the current \$500. The purpose of the rule is so that valid emergency work starts within two 2 hours of obtaining the authorization so that the emergency can be resolved quickly.
34 RCNY 2-11(g)(2)(viii)	Failure to apply for DOT permit within two business days of emergency work	This penalty should be increased to \$750 from the current \$250. The lower fine is not incentive enough to motivate permittees from not applying for DOT permits to document their work. The purpose of the rule and subsequent issuance of a violation is to ensure that contractors follow up and obtain a regular non-emergency permit. If a permit is not "turned over" DOT cannot review proposed restorations (mark outs) of concrete roadways, cobblestone roadway, roadway with bike lanes, and/or roadway with pedestrian plazas.
34 RCNY 2-20 (b) (2)	Installation of an overhead shunt or wrap-around shunt without a DOT permit; installation of street shunt without a DOT permit	This violation is being split into 2 separate and distinct penalties--one for installation of an overhead or wrap-around shunt without a DOT permit, and the other for installation of a street shunt without a DOT permit. The fine for overhead or wrap-around shunts should be increased from the current amount of \$250 to \$750. The fine for street shunts should be increased to \$1,200 from the current \$250 penalty amount. The lower fine of \$250 is not incentive enough to motivate utility providers to obtain a DOT permit. Failure to obtain a DOT permit creates a safety issue because shunts are used to provide electrical connectivity and DOT must be made aware of their locations on or over the street.
