Chapter 9 - Special Industry City District

129-00 GENERAL PURPOSES

The "Special Industry City District" established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

- (a) to facilitate and guide compatible businesses and organizations to foster a sustainable business environment by allowing a range of industrial, commercial and community facility uses;
(b) to create a local and regional employment, institutional and retail center within a well-considered site plan;
(c) to strengthen connections to the upland neighborhood of Sunset Park;
(d) to support a pedestrian-friendly environment through the creation of an active and inviting public realm, and the pedestrian orientation of ground floor use;
(e) to preserve, protect and enhance the built form and character of the existing industrial and manufacturing district;
(f) to promote the most desirable use of land within the district, thus conserving the value of land and buildings, and thereby protect the City's tax revenues.

129-01 General Provisions

In harmony with the general purpose and intent of this Resolution and the general purposes of the #Special Industry City District# and in accordance with the provisions of this Chapter, the regulations of the Special District shall apply.

Except as modified by the particular provisions of the Special District, the regulations of the underlying zoning districts shall remain in effect. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control. However, in #flood zones#, in the event of a conflict between the provisions of this Chapter and the provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas), the provisions of Article VI, Chapter 4, shall control.

129-02 Applicability of Article VI, Chapter 2

In the event that #zoning lots# within an application for a special permit, pursuant to Section 129-21 (Special Permit for Use and Bulk Modifications) are partially located within #waterfront blocks# and partially within non-#waterfront blocks#, all #zoning lots# within the application are to be considered non-#waterfront blocks#, and the provisions of Article VI, Chapter 2 (Special Regulations Applying in the Waterfront Area) shall not apply.

129-10 SPECIAL REGULATIONS 129-11 Special Use Regulations

The #use# regulations of the underlying districts are modified by the provisions of this Section.

For #developments#, #enlargements#, #conversions# or changes of #use# established after [date of adoption] that are subject to performance standards, the M1 District performance standards of Section 42-20, inclusive, shall apply.

If any existing #use# or #building or other structure# is #extended#, #enlarged# or reconstructed after [date of adoption], the performance standards for an M1 District shall apply to such #extended#, #enlarged# or reconstructed portion of such #use# or #building or other structure#.

129-12 Special Off-Street Parking Regulations

For #developments#, #enlargements#, #conversions#, or changes of #use# in M1-2 Districts that are the subject of a special permit granted by the City Planning Commission, pursuant to Section 129-21 (Special Permit for Use and Bulk Modifications), the underlying off-street parking regulations of an M2-4 District shall apply.

129-13 Other Regulations

Except where modified by special permit of the City Planning Commission, pursuant to Section 129-21, the remaining #use# and #parking# regulations of the underlying districts shall apply in addition to all #bulk# regulations of the underlying districts.

129-20 SPECIAL PERMITS

129-21 Special Permit for Use and Bulk Modifications

For #developments#, #enlargements#, #conversions#, or changes of #use# involving one or more #zoning lots#, but planned as a unit, that comprise in total an area of at least 1.5 acres, where all zoning lots are located wholly within the #Special Industry City District#, the City Planning Commission may allow, by special permit, the modifications listed in paragraph (a) of this Section provided that the Commission determines that the findings in paragraph (b) are met. Application requirements are set forth in paragraph (c) and additional requirements are set forth in paragraph (d) that apply subsequent to the approval of an application.

(a) Permitted modifications

The Commission may permit the following modifications to the underlying #use# and #bulk# regulations, subject to any applicable conditions.

(1) Use modifications

The Commission may permit:

- (i) the following #uses# from Use Group 3A: #schools#, with no living or sleeping accommodations; colleges or universities, including professional schools, libraries, museums and non-commercial art galleries, in total, limited to an aggregate #floor area# of 625,000 square feet;
- (ii) #transient hotels#, as listed in Use Groups 5 and 7A;
- (iii) all #uses# listed in Use Groups 6A, 6C, 7B, 8B, 9A, 10A, 12B and 14A, regardless of whether permitted as-of-right in the underlying district, provided that:
 - (a) all retail and service establishment #uses# shall be limited to an aggregate #floor area# of 900,000 square feet;
 - (b) if the amount of aggregate #floor area# for such #uses# exceeds 120,000 square feet, all additional retail and service establishment #uses# shall provide parking at the rate of one space per 500 square feet of #development#, #enlargement# or change of #use#; and
 - (c) art, music, dancing or theatrical studios in Use Group 9A and depositories for storage of office records, microfilm or computer tapes, or for data processing, photographic or motion picture production studios and radio or television studios in Use Group 10A shall be exempt when calculating aggregate retail and service #floor area#;
- (iv) #physical culture or health establishments#, including gymnasiums. For the purposes of applying the underlying regulations, a #physical culture or health establishment# shall be considered a Use Group 9A #use#; and
- (v) modifications to the performance standards for distilleries, as listed in Use Group 18A as an alcoholic beverage manufacturing establishment, as follows. In lieu of Sections 42-272 (Classifications) and 42-275 (Regulations applying to Class III materials or products), all distilleries established by this special permit, and the Class III materials they manufacture, store, handle and use, shall be subject to the design, installation, operation and maintenance requirements of the New York City Fire Code and rules, including occupancy group restrictions, floor restrictions, storage limitations, and facility and equipment requirements. An application demonstrating compliance with the New York City Fire Code and rules shall be made to the Fire Department for approval. No distilleries shall be permitted to open or receive a certificate of occupancy by the Department of Buildings and no existing

distilleries shall be allowed to expand except with Fire Department approval.

(2) Bulk Modifications

The Commission may permit modifications to all underlying #bulk# regulations other than the permitted #floor area ratio#.

(b) Findings

To grant a special permit, the Commission shall find that:

- (1) any modifications will aid in achieving the general purposes and intent of the Special District;
- (2) for #uses# modifications:
 - (i) such proposed #uses# are compatible with existing #uses# and are appropriate for the location;
 - (ii) such #uses# will be located so as to draw a minimum of vehicular traffic to and through local #streets#;
 - (iii) access to public #streets# from such #uses# is designed to maximize pedestrian safety and minimize vehicle and pedestrian conflicts;
 - (iv) such #uses# will not impair the essential character or future use or development of the surrounding area.
 - (v) For #uses# in Use Group 3A:
 - (a) an adequate separation from air, noise, traffic and other adverse effects is achieved to minimize the potential conflicts from surrounding industrial uses. For #schools#, such separation shall be achieved through the use of sound-attenuating exterior wall and window construction or by the provision of adequate open areas along #lot lines# of the #zoning lot#; and
 - (b) in selecting the site for such uses, due consideration has been given to the proximity and adequacy of mass transit facilities;
 - (c) for #schools#, the movement of traffic through the #street# on which the #school# is located will be controlled so as to protect children going to and from the #school#. The Commission shall refer the application to the Department of Transportation for its report with respect to vehicular hazards to the safety of children within the block and in the immediate vicinity of the proposed site; and
- (v) for #transient hotels# in Use Group 5 or 7A:
 - (a) an adequate separation from air, noise, traffic and other adverse effects is achieved to minimize the potential conflicts from surrounding industrial #uses#; and
 - (b) such #use# is appropriate to the needs of business in the #Special Industry City District# and will not impair the essential character or future #use# or #development# of the surrounding area; and

(3) for #bulk# modifications, the Commission shall find that:

- (i) the proposed modifications facilitate a good site plan that enhances the streetscape and promotes a harmonious relationship in scale and design with existing #buildings# and the essential character within the #Special Industry City District#;

- (ii) such proposed modifications will not unduly obstruct access to light and air of adjoining properties or public #streets#; and
- (iii) the distribution of #floor area# and location of #buildings# will not unduly increase the #bulk# of #buildings# in any one #block# or unduly obstruct access of light and air to the detriment of the occupants or users of #buildings# in the #block# or nearby #blocks# or of people using the public #streets#.

(c) **Application requirements**

An application to the Commission for the grant of this special permit shall include a site plan showing the boundaries and the proposed location of all #buildings# or other structures# on each #zoning lot#. Any #development#, #enlargement#, #conversion# or change of #use# shall be on a tract of land which is under the sole control of the applicant(s) as in single fee ownership or in alternate ownership arrangements according to the #zoning lot # definition in Section 12-10 (DEFINITIONS), or as holders of a written option to purchase at the time of application for this special permit. Such site plans shall provide zoning calculations and proposed #use#, bulk, parking, and loading for each #zoning lot# portion. Alternate site plans may be provided for approval by the Commission, which clearly identify all portions in common ownership (single fee ownership or alternate ownership arrangements according to the #zoning lot# definition in Section 12-10 (DEFINITIONS)) and all portions not in common ownership at the time of application for this special permit. Such plans may include #zoning lots# within the boundaries of the special district which are not under the sole control of the applicant(s) as fee owners or holders of a written option to purchase at the time of application for this special permit.

(d) **Additional restrictions and requirements**

Subsequent to the approval of an application for a special permit, pursuant to this Section, the following shall apply, where applicable:

- (1) Prior to issuing a building permit facilitated by this special permit for a #development#, #enlargement#, #conversion# or change of #use# on a #zoning lot# or portion of a #zoning lot# that was not under the sole control of the applicant(s) at the time of application for this special permit, as represented in an alternate site plan, the Department of Buildings shall be furnished with a certification by the Chairperson of the City Planning Commission that confirms such #zoning lot# or portion thereof is, at the time of application for such building permit, under the sole control of the applicant(s) as single fee owners or alternate ownership arrangements according to the #zoning lot # definition in Section 12-10 (DEFINITIONS), or as holders of a written option to purchase.
- (2) Where a #building# contains a #use# permitted in Use Groups 3A, 5 or 7A through this special permit, such #uses# may locate in a #building#, or share a common wall with a #building#, containing #commercial uses#, or #manufacturing uses#, other than those listed in Use Group 18, upon certification by a licensed architect or engineer to the Department of Buildings that any such #use# listed in Use Group 16 or 17:
 - (i) does not have a New York City or New York State environmental rating of "A", "B" or "C" under Section 24-153 of the New York City Administrative Code for any process equipment requiring a New York City Department of Environmental Protection operating certificate or New York State Department of Environmental Conservation state facility permit; and
 - (ii) is not required, under the City Right-to-Know Law, to file a Risk Management Plan for Extremely Hazardous Substances.
- (3) The maximum number of permitted parking spaces in an #accessory group parking facility#, pursuant to Section 44-12 (Maximum Size of Accessory Group Parking Facilities) may be increased to 500 spaces if the Commissioner of Buildings determines that each such facility:

- (i) has separate vehicular entrances and exits, located not less than 25 feet apart;
- (ii) is located on a street not less than 60 feet wide and has adequate reservoir space at the vehicular entrance to accommodate either 10 automobiles or five percent of the total parking spaces provided by the use, whichever amount is greater.
- (4) #Accessory# off-street parking may be located on #zoning lots# other than the same #zoning lot# as the #use# to which they are #accessory#, provided that they are located within the boundary of the special permit application.
- (5) For the purposes of applying the provisions of Sections 11-42 (Lapse of Authorization or Special Permit Granted by the City Planning Commission Pursuant to the 1961 Zoning Resolution) and 11-43 (Renewal of Authorization or Special Permit) to any special permit granted under this Section including a future certification, pursuant to paragraph (d)(1) of this Section, substantial construction shall, in addition to having the meaning set forth in Section 11-42, also mean the issuance by the Department of Buildings of a temporary or permanent certificate of occupancy, or an equivalent, for any use not permitted by the underlying district regulations.

The Commission may prescribe additional conditions and safeguards to minimize adverse effects on the character of the surrounding area.

Chapter 7 Special Flushing Waterfront District

[All text in this Chapter is new text]

127-00 GENERAL PURPOSES

The "Special Flushing Waterfront District" established in this Resolution is designed to promote and protect public health, safety and general welfare. These general goals include, among others, the following specific purposes:

- (a) to enhance neighborhood economic diversity by broadening the range of housing choices for residents of varied incomes;
(b) to create a lively and attractive built environment that will provide amenities and services for the use and enjoyment of area residents, workers and visitors;
(c) to encourage well-designed development that complements the pedestrian experience and enhances the built character of the neighborhood;
(d) to establish and maintain physical and visual public access to and along Flushing Creek;
(f) to make use of the waterfront by providing public access via private street network, direct connections to the water and to promote coordinated redevelopment of the area in a manner consistent with waterfront access and internal circulation within the Special District; and
(g) to promote the most desirable use of land and building development in accordance with the District Plan for Downtown Flushing and thus conserve the value of land and buildings and thereby improve the City's tax revenues.

127-01**General Provisions**

The provisions of this Chapter shall apply within the #Special Flushing Waterfront District#. The regulations of all other Chapters of this Resolution are applicable, except as superseded, supplemented or modified by the provisions of this Chapter. In the event of a conflict between the provisions of this Chapter and other regulations of this Resolution, the provisions of this Chapter shall control unless expressly stated otherwise.

127-02**District Plan and Maps**

In order to carry out the purposes and provisions of this Chapter, district maps are located in the Appendix to this Chapter and are hereby incorporated and made an integral part of this Resolution. They are incorporated for the purpose of specifying locations where special regulations and requirements, as set forth in the text of this Chapter, apply.

127-03**Subdistricts**

In order to carry out the provisions of this Chapter, three subdistricts, Subdistrict A, Subdistrict B and Subdistrict C, are established.

The location and boundaries of these subdistricts are shown on Map 1 (Special Flushing Waterfront District and Subdistricts) in the Appendix to this Chapter.

127-04**Definitions**

For purposes of this Chapter, matter in italics is defined in Section 12-10 and within this Section, except where explicitly stated otherwise in individual provisions in this Chapter.

Conceptual plan

A “conceptual plan” is a plan that sets forth the proposed final design, in compliance with the requirements of Section 127-421 (Requirements for publicly accessible private streets), for the remaining portions of the #publicly accessible private street# or #upland connection# certified pursuant to paragraph (b)(1) (i) of Section 127-422 (Certification for publicly accessible private streets), or paragraph (a)(1)(i) of Section 127-542 (Supplemental provisions), respectively. The plan shall include the proposed location, dimensions and grading for such remaining portions on adjoining #zoning lots# and shall be considered by the Chairperson of the City Planning Commission in reviewing the proposed #final site plan# for such remaining portions, if and when they become the subject of a certification pursuant to paragraph (b)(2) of Section 127-422 or paragraph (a)(2) of Section 127-542.

Final site plan

A “final site plan” is a plan that specifies the final design for the location, dimensions, and grading of all or portions of the #publicly accessible private streets# or #upland connection# that are the subject of a certification pursuant to paragraphs (a) or (b) of Section 127-422 or paragraphs (a)(1) or (a)(2) of Section 127-542. Where applicable, the design of such plan shall be consistent with any #conceptual plan# for the same portion of the #publicly accessible private street# or #upland connection# and, once certified and implemented in accordance with paragraph (b) of Section 127-422 or paragraph (a) of Section 127-542, such plan shall supersede any #interim plan# for the same portion of a #publicly accessible private street# or #upland connection#.

Interim site plan

An “interim site plan” is a plan that specifies, for an interim period, the design for the location, dimensions, and grading of portions of the #publicly accessible private street# or #upland connection# that are the subject of a certification pursuant to paragraph (b)(1) of Section 127-422 or paragraph (a)(1) of Section 127-542 and located on the applicant’s #zoning lot#. A design for an interim period is necessary where it is not feasible to implement the final design for such portions until build-out of the remaining portions of the #publicly accessible private street# or #upland connection# occurs. Such #interim site plan#, once certified, shall remain in effect until implementation of the

#final site plan# in accordance with paragraph (b) of Section 127-422 or paragraph (a) of Section 127-542, at which time the certified #final site plan# shall supersede the #interim site plan#.

Publicly accessible private street

A “publicly accessible private street” is a way specified on Map 2 in the Appendix to this Chapter that functions as a #street# for the purposes of general public use, including vehicular and pedestrian traffic, and is open and unobstructed from its ground level to the sky, except by streetscape elements required or permitted by the provisions of this Chapter.

127-05**Applicability of District Regulations****127-051****Applicability of the Quality Housing Program**

Within Subdistrict A and Subdistrict B, any #building# containing #residences#, or any #building# containing #long-term care facilities# or #philanthropic or non-profit institutions with sleeping accommodations#, shall be #developed# or #enlarged# in accordance with the Quality Housing Program and the regulations of Article II, Chapter 8 (Quality Housing) shall apply. The #bulk# regulations of this Chapter shall be considered the applicable #bulk# regulations for Quality Housing buildings#.

127-052**Applicability of the Inclusionary Housing Program**

For the purposes of applying the Inclusionary Housing Program provisions set forth in Sections 23-154 and 23-90, Mandatory Inclusionary Housing areas# within the Special Flushing Waterfront District# are shown in APPENDIX F (Inclusionary Housing Designated Areas and Mandatory Inclusionary Housing Areas) of this Resolution.

127-053**Applicability of Article VI, Chapter 1**

The provisions of Article VI, Chapter 1 (Special Regulations Applying Around Major Airports) shall apply, except as modified in accordance with the provisions of this Chapter.

127-054**Applicability of Article VI, Chapter 2**

The provisions of Article VI, Chapter 2 (Special Regulations Applying in the Waterfront Area) shall apply in all #waterfront areas#, except as modified in accordance with the provisions of this Chapter.

127-055**Applicability of Article VI, Chapter 4**

The provisions of Article VI, Chapter 4 (Special Regulations Applying in Flood Hazard Areas) shall apply. In the event of a conflict between the provisions of this Chapter and Article VI, Chapter 4, the provisions of Article VI, Chapter 4 shall control.

127-056**Applicability of Article XII, Chapter 3**

In M1 Districts paired with a #Residence District#, the special #use#, #bulk# and parking and loading provisions of Article XII, Chapter 3 (Special Mixed Use District) shall apply, except as modified by the provisions of this Chapter, and shall supplement or supersede the provisions of the designated #Residence District# or M1 District, as applicable.

127-10**SPECIAL USE REGULATIONS**

Within the Special Flushing Waterfront District#, the #use# regulations of the underlying zoning districts and of Article VI, Chapter 2 (Special Regulations Applying in the Waterfront Area), and Article XII, Chapter 3 (Special Mixed Use District), shall apply, except as modified by the provisions of this Section, inclusive.

127-11**Location of Residential Use Within Buildings**

The provisions of Section 32-422 (Location of floors occupied by commercial uses) shall be modified to permit #dwelling units# on the same #story# as a #commercial use# provided no access exists between such #uses# at any level containing #dwelling units# and provided no #commercial uses# are located directly over any #dwelling units#. However, such #commercial uses# may be located over #dwelling units# by authorization of the City Planning Commission upon a finding that sufficient separation of #residential uses# from #commercial uses# exists within the #building#.

127-12**Physical Culture or Health Establishments**

The provisions of Section 73-36 (Physical Culture or Health Establishments) shall not apply. In lieu thereof, #physical culture or health establishments# shall be permitted as-of-right. For the purposes of applying the underlying regulations to such #use#, a #physical culture or health establishment# shall be considered a Use Group 9 #use# and shall be within parking requirement category B.

127-13 Sign Regulations

For M1 Districts paired with a #Residence District#, the provisions regulating #signs# in C4 Districts, as set forth in Section 32-60 (SIGN REGULATIONS), inclusive, shall apply for any #signs#.

127-20 SPECIAL BULK REGULATIONS

For the purpose of applying the #bulk# regulations of this Section, inclusive, Subdistricts A, B and C, as shown on Map 1 in the Appendix to this Chapter, shall be considered #waterfront blocks#.

Within Subdistricts A and B, the applicable #bulk# regulations of the underlying districts and of Article VI, Chapter 2 (Special Regulations Applying in the Waterfront Area), and Article XII, Chapter 3 (Special Mixed Use District), shall apply, except as modified by the provisions of this Section, inclusive.

Within Subdistrict C, the applicable #bulk# regulations of the underlying districts and of Article VI, Chapter 2 shall apply.

All #upland connections#, #visual corridors#, #shore public walkways# and #publicly accessible private streets#, shall be considered #streets# and their boundaries shall be considered #street lines# for the purposes of applying all #bulk# regulations, except that such #streets# shall not subdivide a #zoning lot#. Furthermore, such #streets# shall be considered part of the #zoning lot# for the purpose of applying the #floor area# regulations of this Section, inclusive.

127-21 Special Floor Area Regulations

The #floor area# provisions of Section 62-32 (Maximum Floor Area Ratio and Lot Coverage on Waterfront Blocks) and applicable regulations shall apply except as modified in this Section, inclusive.

(a) Floor space for accessory off-street parking

The #floor area# of a #building# shall not include floor space used for #accessory# off-street parking spaces provided in any #story# located not more than 33 feet above the height of the #base plane#.

(b) Special floor area regulations for mixed use districts

For M1 Districts paired with a #Residence District#, located inside a #Mandatory Inclusionary Housing area#, the applicable maximum #floor area ratio# provisions of paragraph (d) of Section 23-154 (Inclusionary Housing) or Section 23-155 (Affordable independent residences for seniors) shall apply to all #residential uses#. In addition, the maximum #floor area ratio# shall be 4.8 for #community facility uses#, 3.0 for #commercial uses# and 3.0 for #manufacturing uses#.

127-22 Special Yard Regulations

On #waterfront zoning lots#, the #waterfront yard# provisions of Section 62-33 (Special Yard Regulations on Waterfront Blocks) and grading requirements of paragraph (a) of Section 64-82 (Modification of Waterfront Regulations Relating to Level of Yards, Visual Corridors and the Ground Floor) shall apply, except as modified as follows:

- (a) for all #waterfront zoning lots#, as defined in Section 62-11 (Definitions), whose #developments# are comprised #predominantly#, as defined in Section 62-11, of #uses# in Use Groups 16, 17 and 18, a #waterfront yard#, as also defined in Section 62-11, shall be provided in accordance with the provisions of Section 62-332 (Rear yards and waterfront yards); and
- (b) the grading requirements of paragraph (a) of Section 64-82 may be modified pursuant to a certification by the Chairperson of the City Planning Commission as set forth in Section 127-61 (Certification for Interim Grading Conditions).

On #zoning lots# that are not #waterfront zoning lots#, no #yard# regulations shall apply.

127-23 Special Height and Setback Regulations

The height and setback provisions of paragraphs (a)(4) of Section 62-341 (Developments on land and platforms) shall apply except as modified in Section 127-231 (Permitted obstructions). The remaining provisions of Section 62-341 shall be superseded by the provisions of this Section, inclusive.

The height of all #buildings or other structures# shall be measured from the #base plane#, except where modified by specific provisions of this Section, inclusive, or by the provisions of Article VI, Chapter 4.

Sidewalk widenings shall be provided along specified #street# frontages and at specified depths as set forth on Map 3 (Requirements Along Street Frontages) in the Appendix to this Chapter. Such sidewalk widening shall be improved to Department of Transportation standards for sidewalks, and be at the same level as the adjoining sidewalk.

127-231 Permitted obstructions

The permitted obstruction provisions of paragraph (a)(4) of Section 62-341 (Developments on land and platforms) shall be modified as follows:

- (a) the dormer provisions of paragraph (a)(4)(i) of Section 62-341 shall be modified pursuant to the provisions of paragraph (c)(1) of Section 127-233 (Base heights and setback regulations);
- (b) the penthouse regulations of paragraph (a)(4)(ii) of Section 62-341 shall not apply; and
- (c) the maximum height of any permitted obstructions shall be determined in accordance with the provisions of Article VI, Chapter 1 (Special Regulations Applying Around Major Airports), except where modified by certification of the Chairperson of the City Planning Commission pursuant to Section 127-236 (Certification to modify maximum height of building or other structure).

127-232 Street wall location regulations

Along #street# frontages where a sidewalk widening is required pursuant to Map 3 in the Appendix to this Chapter, the #street wall# location requirements of this Section shall apply from the interior boundary of such sidewalk widening.

(a) Along primary #street# frontages

Along primary #street# frontages, as shown on Map 3, at least 60 percent of the #aggregate width of street walls# shall be located within eight feet of the #street line# and rise to at least the minimum base height as specified in Section 127-233 (Base heights and setback regulations), or the height of the building, whichever is lower. The remaining #aggregate width of street walls# may be located either within eight feet of the #street line# or beyond eight feet of the #street line#. The requirements of this paragraph shall not apply to the portion of a #building# adjacent to the major portion of a publicly accessible area, as specified in Section 127-43 (Publicly Accessible Area).

(b) Along secondary #street# frontages

Along secondary #street# frontages, as shown on Map 3, #street walls# may be located at any distance from the #street line#.

(c) Along all #street# frontages

Along both primary and secondary #street# frontages, recesses shall be permitted at the ground floor level as follows:

- (1) recesses up to three feet in depth from the #street wall# shall be permitted at any distance from the #street line# to provide access to the #building#; and
- (2) recesses that exceed a depth of three feet from the #street wall# shall be permitted, provided that such recesses are not deeper than 10 feet and have a height of at least 15 feet, as measured from the adjacent sidewalk level to the ceiling of such ground floor recess.

127-233 Base heights and setback regulations

(a) Along primary #street# frontages

Along primary #street# frontages, as shown on Map 3 (Requirements Along Street Frontages) in the Appendix to this Chapter, the following shall apply:

- (1) The minimum base height shall be 25 feet, or two #stories#, whichever is lower, and the maximum base height shall be 105 feet along College Point Boulevard and 75 feet along all other primary #street# frontages.
- (2) Along Type 1 primary #street# frontages, at a height not lower than the minimum base height nor higher than the maximum base height, a setback with a minimum depth of 10 feet, as measured from the #street wall#, shall be provided, except that:
 - (i) the depth of such required setback may be reduced in accordance with the provisions of paragraph (c) (2) of Section 23-662 (Maximum height of buildings and setback regulations). However where a sidewalk widening is required pursuant to this Section, as indicated on Map 4 (Waterfront Access Plan: Parcel Designation), the minimum depth of the required setback above the maximum base height may be reduced to five feet, as measured from the #street wall#; and
 - (ii) the depth of such setbacks may include the depth of recesses or #outer courts# in the #street wall# of the #building# base, provided that the aggregate width of any such recessed portion of a #street wall# with a

setback of less than seven feet, as applicable, does not exceed 40 percent of the #aggregate width of street wall# at any level.

(3) Along Type 2 primary #street# frontages, a #building# may rise without any setback above the maximum base height.

(b) Along secondary #street# frontages

Along secondary #street# frontages, as shown on Map 3, the following shall apply:

(1) Along the #shore public walkway#, the maximum base height shall be 75 feet, and any portion of a #building# that exceeds the maximum base height shall be set back at least 10 feet from the #street line#. Wherever a #supplemental public access area# is provided as a widened #shore public walkway#, such widened area shall be included in such setback distance.

(2) Along other secondary #street# frontages, the minimum base height shall be 25 feet, or two #stories#, whichever is lower, and the maximum base height shall be 75 feet. However, along secondary #street# frontages facing an #upland connection# with a width of less than 30 feet pursuant to the applicable provisions of paragraph (a) of Section 127-532 (Upland connections), the minimum base height shall be 15 feet. At a height not lower than the minimum base height nor higher than the maximum base height, a setback with a minimum depth of 10 feet, as measured from the #street wall#, shall be provided, except that:

(i) the depth of such required setback may be reduced in accordance with the provisions of paragraph (c)(2) of Section 23-662. However, where a sidewalk widening is required pursuant to this Section, as specified on Map 3, the portion of a #building# located above the maximum base height need not set back more than 10 feet from the #street line#, provided such #building# portion meets the requirements of paragraph (d) of Section 127-234 (Tower regulations), as applicable; and

(ii) the depth of such required setback may include the depth of recesses or #outer courts# in the #street wall# of the #building# base, provided that the aggregate width of any such recessed portion of a #street wall# with a setback of less than 10 feet, or the reduced setback distance pursuant to the provisions of paragraph (b)(2)(i) of this Section, as applicable, does not exceed 40 percent of the #aggregate width of street wall# at any level; and

(c) Additional allowances along all #street# frontages

(1) Within a required setback area, dormers and projections shall be considered permitted obstructions, and shall be permitted as follows:

(i) The aggregate #street wall# width of all dormers and projections combined shall not exceed 50 percent of the #aggregate width of street wall# of the #story# below the required setback. Any projection deeper than five feet shall be considered a dormer.

(ii) The aggregate #street wall# width of dormers shall not exceed 30 percent of the #aggregate width of street wall# of the #story# below the required setback. The height of such dormers shall not exceed 135 feet in Subdistrict A and 175 feet in Subdistrict B, as measured above the #base plane#. No dormers shall be permitted along #street walls# fronting on the #shore public walkway#.

(2) Notwithstanding the applicable setback regulations in paragraphs (a) and (b) of this Section, portions of #buildings or other structures# located:

(i) within 150 feet of a publicly accessible area, and either

(ii) adjacent to such publicly accessible area, or

(iii) along a #street# across from such publicly accessible area located on the same #zoning lot#,

may rise without a setback, provided that such publicly accessible area is in compliance with the provisions of Section 127-43 (Publicly Accessible Area). In addition, all #street walls# facing such publicly accessible area shall be subject to the articulation requirements of Section 127-235 (Supplemental articulation regulations).

**127-234
Tower regulations**

For the purposes of applying the provisions of this Section, a "tower" shall be any portion of a #building or other structure# that is located

above the maximum base height. Such portion of a #building or other structure# shall be subject to the following requirements:

(a) Maximum tower widths

Along the #shore public walkway#, the maximum width of a tower, or portion thereof, that is located within 110 feet of the pierhead line and facing the #shore public walkway#, shall not exceed 100 feet. Such width shall be determined by drawing perpendicular lines in plan view from the pierhead line to the outermost extents of the #street wall# of such tower, or portion thereof, within 110 feet of the pierhead line, exclusive of any permitted projections and dormers. However, in Subdistrict A, where the depth of a #zoning lot#, or portion thereof, is less than 220 feet, the maximum width of a tower within such shallow lot portion, shall not exceed 130 feet, provided that such depth was in existence both on [date of adoption] and on the date of application for a building permit.

Along all other #streets#, the #aggregate width of street wall# in a tower shall not exceed 250 feet.

(b) Tower top regulations

For all #zoning lots# in Subdistrict A, and for each portion of a #zoning lot# in Subdistrict B, bounded entirely by #streets#, as such term is defined in Section 127-20, the following requirements shall apply:

(1) Where two or more towers are provided and any portion of such towers exceeds 175 feet, the following shall apply:

(i) the gross area of the highest two #stories# of at least one tower shall not exceed 80 percent of the gross area of the #story# immediately below such #stories#; or

(ii) a height difference of at least 20 feet, or two #stories#, whichever is less, shall be provided between such towers.

(2) Where only one tower is provided and the aggregate portions of such tower above 175 feet exceeds a gross area of 15,000 square feet, the gross area of the highest two #stories# shall not exceed 80 percent of the gross area of the #story# immediately below such #stories#.

(c) Maximum tower height

The maximum height of a #building or other structure# shall be determined in accordance with the provisions of Article VI, Chapter 1 (Special Regulations Applying Around Major Airports), except where modified by certification of the Chairperson of the City Planning Commission pursuant to Section 127-236 (Certification to modify maximum height of building or other structure).

(d) Additional requirements within Subdistrict B

Along Janet Place, where a sidewalk widening is required pursuant to Map 3, the width of each individual tower portion located within 50 feet of the #street line# of Janet Place shall not exceed 70 feet, exclusive of any permitted projections and dormers. Such width shall be determined by drawing perpendicular lines in plan view from the #street line# to the outermost extents of the #street wall# of such tower, or portion thereof, within 50 feet of the #street line#, exclusive of any permitted projections and dormers. Such tower portion and any other such tower portion within the same or an #abutting building# shall be separated by at least 40 feet.

**127-235
Supplemental articulation requirements**

In addition to all other provisions of Section 127-23 (Special Height and Setback Regulations), inclusive, for #street wall# widths exceeding 150 feet, as measured parallel to the #street line#, articulation shall be provided in accordance with the provisions of this Section.

The depth of required recesses or projections of a #building# shall be measured from the #street wall#. For the purpose of applying the provisions of this Section, the base height of such #building# shall be either the maximum base height or the height of such #building# where a required setback pursuant to the provisions of Section 127-233 (Base heights and setback regulations) is provided, whichever is lower. However, if such #building# provides multiple setbacks, the highest of such multiple setbacks shall be considered the base height of such #building#.

The portion of a tower #street wall# subject to the tower top regulations of paragraph (b) of Section 127-234 (Tower regulations) shall not be included for the purposes of determining or satisfying the articulation requirements of this Section. In addition, setbacks provided in accordance with the provisions of Section 127-233 shall not constitute recesses.

(a) Along all #streets# other than #shore public walkways#

For #street walls# fronting #streets# other than the #shore public walkway#, a minimum of 15 percent of the entire surface area of

each #street wall# shall either recess or project a minimum of two feet from the #street wall# with no individual recess or projection exceeding 50 percent of such surface area of the #street wall#.

Along each #street wall# frontage, at least one-third of such overall 15 percent requirement shall be provided in the form of articulation below the base height of such #building#, and at least one-third shall be provided above the base height, respectively. The remaining one-third of such 15 percent requirement may be located anywhere on the #street wall#. Where a #street wall# frontage does not exceed the maximum base height, the overall 15 percent requirement shall be provided in the #building# base.

Within the articulation provided in the #building# base, the aggregate width of articulation at each level where provided shall achieve a #street wall# width that is equivalent to at least 10 percent of the #aggregate width of street wall# at that level, and no individual recess or projection shall have a #street wall# width of less than 10 feet.

In no event shall the total amount of projections above the base height exceed the thresholds permitted pursuant paragraph (c)(1) of Section 127-233.

(b) Along the #shore public walkway#

For #street walls# fronting the #shore public walkway#, at least five percent of the entire surface area of the #street wall# below the base height shall either recess or project a minimum of two feet from the #street wall# with no individual recess or projection exceeding 50 percent of such surface area of the #street wall#.

Within the articulation provided in the #building# base, the aggregate width of articulation at each level where provided shall achieve a #street wall# width that is equivalent to at least 10 percent of the #aggregate width of street wall# at that level, and no individual recess or projection shall have a #street wall# width of less than 10 feet.

127-236

Certification to modify maximum height of building or other structure

The special permit provisions of Section 73-66 (Height Regulations Around Airports) shall not apply. In lieu thereof, the height restrictions of Sections 61-21 (Restriction on Highest Projection of Building or Structure) or 61-22 (Permitted Projection within any Flight Obstruction Area), may be modified where the Chairperson of the City Planning Commission has certified to the Department of Buildings that the provisions of this Section have been met. An application for such certification shall include:

- a site plan and elevations, showing the proposed #building or other structure# in relation to the underlying maximum height limits;
- separate verification letters from the Federal Aviation Administration and the Port Authority of New York and New Jersey that such #building or other structure#, including the location of temporary structures such as construction cranes, will not constitute a danger to the safety of air passengers or disrupt established airways or runway operations, respectively; and
- materials sufficient to demonstrate that the modified height of a #building or other structure# does not exceed 200 feet above mean sea level within Subdistrict A, and 245 feet above mean sea level within Subdistrict B.

127-30

SPECIAL ACCESSORY OFF-STREET PARKING AND LOADING REGULATIONS

Within the #Special Flushing Waterfront District#, the applicable parking and loading regulations set forth in Article III, Chapter 6, Article IV, Chapter 4 (Accessory Off-street Parking and Loading Regulations), Article VI, Chapter 4 (Special Regulations Applicable to Certain Areas), and Article XII, Chapter 3 (Special Mixed Use District) shall apply inclusive, except as modified in this Section. For the purpose of applying the provisions of this Section, all #upland connections#, #visual corridors#, #shore public walkways# and #publicly accessible private streets#, as specified in Section 127-42 (Publicly Accessible Private Streets), shall be considered #streets# and their boundaries shall be considered a #street line#.

127-31

Accessory Off-street Parking Regulations

The underlying parking regulations shall be modified as follows:

- In M1 Districts paired with a #Residence District# in Subdistrict A, the following shall apply:
 - #Commercial# and #manufacturing uses# shall provide either one parking space for every 1,000 square feet of #floor area#, or shall provide parking spaces at the rate required for M1-2 Districts pursuant to Section 44-21 (General Provisions), whichever requires a smaller number of spaces.

In addition, the provisions of Section 44-23 (Waiver of Requirements for Spaces Below Minimum Number) and paragraph (a) and (b) of Section 44-231 (Exceptions to application of waiver provisions) shall not apply to #manufacturing uses#. In lieu thereof, #accessory# off-street parking spaces may be waived for #manufacturing# and #commercial uses# if the number of spaces for all applicable uses is at or below 40 spaces.

- #Residential# and #community facility uses# shall be subject to the parking requirements of R7-1 Districts, as set forth in Article II, Chapter 5 (Accessory Off-Street Parking and Loading Regulations).
- (b) In C4-2 Districts within Subdistricts B and C, the parking requirements applicable to C4-4 Districts, as set forth in Article III, Chapter 6 (Accessory Off-Street Parking and Loading Regulations), shall apply.

127-32

Loading Regulations

The provisions of the underlying loading regulations shall be modified as follows:

- in C4-2 Districts, the loading requirements applicable to C4-4 Districts, as set forth in Article III, Chapter 6 (Accessory Off-Street Parking and Loading Regulations), shall apply.
- the requirement of Sections 36-60 (OFF-STREET LOADING REGULATIONS), inclusive, and 44-50 (GENERAL PURPOSES), inclusive, shall not apply to changes of uses;
- the provisions of Sections 36-63 (Special Provisions for a Single Zoning Lot With Uses Subject to Different Loading Requirements), 36-64 (Wholesale, Manufacturing, or Storage Uses Combined With Other Uses), 44-53 (Special Provisions for a Single Zoning Lot With Uses Subject to Different Loading Requirements) and 44-54 (Wholesale, Manufacturing or Storage Uses Combined With Other Uses) shall not apply; and
- the minimum length requirements for loading berths #accessory# to #commercial uses#, other than funeral establishments, and wholesale, manufacturing or storage #uses#, as set forth in Sections 36-681 (Size of required berths), and 44-581 (Size of required loading berths), shall be 37 feet.

127-40

DISTRICT PLAN ELEMENTS

Within Subdistrict A and Subdistrict B, the district plan element provisions of this Section shall apply. For the purpose of applying the provisions of this Section, inclusive, all #upland connections#, #visual corridors#, #shore public walkways# and #publicly accessible private streets# shall be considered #streets# and their boundaries shall be considered a #street line#.

127-41

Special Streetscape Regulations

For the purposes of applying the special streetscape provisions of Section 37-30 to this Chapter, any portion of a #ground floor level street# frontage along primary #street# frontages designated on Map 3 (Requirements Along Street Frontages) in the Appendix to this Chapter shall be considered #primary street frontages#, and a #ground floor level street# frontage along secondary #street# frontages on Map 3 shall be considered a #secondary street frontage#. In addition, defined terms shall include those in Sections 12-10 and 37-311.

127-411

Special provisions for frontages along streets and the shoreline

The provisions of this Section shall apply to #developments# or #ground floor level enlargements#.

- At the intersection of #primary street frontages#

For #ground floor level street walls# within 50 feet of the intersection of two #primary street frontages#, as shown on Map 3 in the Appendix to this Chapter:

 - #uses# on the #ground floor level#, to the minimum depth set forth in Section 37-32 (Ground Floor Depth Requirements for Certain Uses), shall be limited to non-#residential uses#, except for lobbies.
 - #Group parking facilities# located on the #ground floor level# of a #building# shall be wrapped by #floor area# in accordance with the provisions of paragraph (a) of Section 37-35 (Parking Wrap and Screening Requirements), and above the #ground floor level#, such parking facilities shall be wrapped by #floor area# or screened in accordance with the provisions of Section 37-35.
 - #Ground floor level street walls# shall be glazed in accordance with the provisions set forth in Section 37-34 (Minimum Transparency Requirements).

(b) Along other #street# frontages

For portions of #buildings# along the remainder of #primary street frontages#, and for #buildings# with #secondary street frontages#, as shown on Map 3, #group parking facilities# located on the #ground floor level# shall be wrapped by #floor area# or screened in accordance with the provisions of Section 37-35. However, for portions of #buildings# facing the #shoreline#, #group parking facilities# at all levels shall be wrapped by #floor area# or screened in accordance with the provisions of Section 37-35.

127-412**Special provisions for blank walls**

The blank wall provisions of paragraph (a)(7)(ii) of Section 62-655 (Planting and trees) shall not apply. In lieu thereof, the provisions of this Section, inclusive, shall apply.

Along all frontages, where no transparent materials or #building# entrances or exits are provided on the #ground floor level street wall# lower than a height of four feet above the level of the adjoining sidewalk for a continuous width of at least 25 feet, at least 75 percent of the linear footage of any such portions of a #ground floor level street wall# shall be treated by one or more of the following visual mitigation elements which shall be provided on the #zoning lot#, except where such elements are permitted within the #street# under other applicable laws or regulations.

(a) Planting

Any combination of perennials, annuals, decorative grasses or shrubs shall be provided in planting beds, raised planting beds or planter boxes in front of the #street wall#. Each foot in width of a planting bed, raised planting bed or planter box, as measured parallel to the #street wall#, shall satisfy one linear foot of frontage mitigation requirements. Such planted area shall extend to a depth of at least three feet, inclusive of any structure containing the planted material. Any individual planted area shall have a width of at least five feet, and the height of such planting, inclusive of any structure containing the planted materials, shall be at least three feet.

Where a blank wall exceeds a #street wall# width of 50 feet, at least 25 percent of such #street wall# width shall be planted in accordance with the provisions of this paragraph.

(b) Benches

Fixed benches with or without backs shall be provided in front of the #street wall#. Unobstructed access shall be provided between such benches and an adjoining sidewalk or required circulation paths. Each linear foot of bench, as measured parallel to the #street wall#, shall satisfy one linear foot of frontage mitigation requirement. Any individual bench shall have a width of at least five feet, and no more than 20 feet of benches may be used to fulfill such requirement per 50 feet of frontage.

(c) Bicycle racks

Bicycle racks, sufficient to accommodate at least two bicycles, shall be provided in front of the #street wall#, and oriented so that the bicycles are placed parallel to the #street wall#. Each bicycle rack so provided shall satisfy five linear feet of frontage mitigation requirement. No more than three bicycle racks may be used to fulfill such requirement per 50 feet of frontage.

(d) Tables and chairs

Fixed tables and chairs shall be provided in front of the #street wall#. Each table shall have a minimum diameter of two feet, and have a minimum of two chairs associated with it. Each table and chair set so provided shall satisfy five linear feet of frontage mitigation requirement.

(e) Wall treatment

Wall treatment, in the form of permitted #signs#, graphic or sculptural art, rustication, decorative screening or latticework, or living plant material, shall be provided along the #street wall#. Each linear foot of wall treatment shall constitute one linear foot of frontage mitigation requirement. Such wall treatment shall extend to a height of at least 10 feet, as measured from the level of the adjoining sidewalk or grade, and have a minimum width of 10 feet, as measured parallel to the #street wall#.

127-42**Publicly Accessible Private Streets**

The provisions of this Section, inclusive, shall apply to any #development#, as defined in Section 62-11 (Definitions), on a #zoning lot# that contains any portion of a required #publicly accessible private street#.

127-421**Requirements for publicly accessible private streets****#Publicly accessible private streets# shall be:**

- (a) accessible to the public at all times, except when required to be closed for repairs, and for no more than one day each year in order to preserve the private ownership of such area. Where an #upland connection# is designated on a #publicly accessible private street# as specified on Map 6 (Waterfront Access Plan: Public Access Areas) in the Appendix to this Chapter, the provisions of this paragraph shall supersede the hours of access provisions applicable to an #upland connection#;
- (b) constructed to the dimensions specified on Map 2 (Publicly Accessible Private Street Network) in the Appendix to this Chapter and be constructed to Department of Transportation standards for public #streets# including, but not limited to, sidewalks, curb design, lighting, traffic signage, pavement materials, drainage and crosswalks. In addition, where an #upland connection# is designated on a #publicly accessible private street# as specified on Maps 7 and 8 (Phase I and Phase II Waterfront Public Access Improvements, respectively) in the Appendix to this Chapter, the #upland connection# design requirements of Section 62-60 (DESIGN REQUIREMENTS FOR WATERFRONT PUBLIC ACCESS AREAS), inclusive, shall apply; and
- (c) constructed with sidewalks that have a minimum clear path of eight feet along their #street lines#, except where an #upland connection# is designated on a #publicly accessible private street#. Such sidewalks shall be provided with street trees in accordance with the provisions of Section 26-41 (Street Tree Planting), except that such street trees shall be planted within a street tree pit or a raised planting bed, with at least 180 cubic feet of soil for each tree, and with a minimum horizontal width of four feet and vertical depth of 3 feet 6 inches, and such planting pit or raised planting bed shall be located adjacent to, and extend along the curb.

127-422**Certification for publicly accessible private streets**

Where a #publicly accessible private street# is designated entirely within a #zoning lot#, the provisions of paragraph (a) of this Section shall apply. Where a #publicly accessible private street# is designated on two or more #zoning lots# and the design and construction of adjoining portions of the #publicly accessible private street# may not be finalized, the provisions of paragraph (b) of this Section shall apply. The provisions of paragraph (b) provide for certification of such portions of a #publicly accessible private street# in accordance with an #interim site plan# that satisfies the requirements of the New York City Fire Code; a #conceptual plan# for portions of the #publicly accessible private street# on other #zoning lots# that will be certified and constructed at a later time; and a #final site plan#, which will either supersede an #interim site plan# or be guided by a #conceptual plan#. The provisions of paragraph (c) shall apply to #development# on a #zoning lot# that contains any portion of a required #publicly accessible private street#.

No building permit shall be issued for a #development# on a #zoning lot#, containing any portion of a #publicly accessible private street#, until the Chairperson of the City Planning Commission certifies, in conjunction with a certification pursuant to Section 127-54 (Special Review Provisions) to the Department of Buildings that:

- (a) where the #publicly accessible private street# is designated on one #zoning lot#, or where the #publicly accessible private street# is designated on two or more #zoning lots# and such #publicly accessible private street# will be constructed in its entirety concurrently with the applicant's #development#, a #final site plan# has been submitted;
- (b) where the #publicly accessible private street# is designated on two or more #zoning lots# and the portion of such #publicly accessible private street# located outside of the applicant's property will not be or has not been constructed concurrently with the applicant's #development#:
 - (1) if no prior certification pursuant to this Section was issued for a portion of the #publicly accessible private street# on another #zoning lot#, the Chairperson shall certify that:
 - (i) a #conceptual plan# has been submitted for the #publicly accessible private street#. In addition, certified mailing of notification that the applicant is seeking to commence construction of such #publicly accessible private street# shall be given to all other owners whose property contains any remaining portion of such #publicly accessible private street#, along with a copy of such #conceptual plan#;
 - (ii) a #final site plan# for the applicant's #zoning lot# has been submitted showing compliance with the design standards of Section 127-421 (Requirements for publicly accessible private streets). In addition, where compliance with the fire apparatus access road requirements, set forth in the New York City Fire

Code, require modifications to the design standards of Section 127-421, an #interim site plan# has been submitted that deviates from such design standards to the minimum extent necessary; and

- (iii) the grading proposed in the #final site plan#, #conceptual plan# and #interim site plan# have been certified pursuant to Section 127-61.

Property owners of #zoning lots# containing any remaining portion of the #publicly accessible private street# shall have up to 30 days from the date of the applicant's certified mailing of the notification required in paragraph (b)(1)(i) of this Section to respond to the applicant and to confirm for the Chairperson that the construction of the entire #publicly accessible private street# is not feasible concurrently with the applicant's #development#. In the event that such notified property owners do not respond to the applicant and the Chairperson within the 30-day period, the applicant may proceed with completing this certification. Where a notified property owner responds that it is feasible to complete the portion of the #publicly accessible private street# on such owner's #zoning lot# concurrently with the applicant's portion, such property owner shall commence certification pursuant to the applicable provisions of this Section within 45 days from the date of submitting such response. In the event such notified property owners do not commence such certification within the 45-day period, the applicant may proceed with completing this certification.

In addition, where construction of #publicly accessible private streets# will not occur concurrently on the adjoining #zoning lot#, property owners of #zoning lots# containing any remaining portion of the #publicly accessible private street# shall have up to 45 days from the date of submitting their response to comment on any anticipated practical difficulties associated with the proposed location, dimensions and grading specified in the #conceptual plan# that would preclude the reasonable development of such owner's property. Any submission of comments to the applicant and Chairperson shall include documentation from a licensed architect, landscape architect, or engineer, as applicable, that demonstrates the reason for such anticipated practical difficulties.

Copies of the approved #conceptual plan#, as well as the certified #interim site plan# and #final site plan# shall be forwarded to all property owners of a #zoning lot# containing any remaining portion of the #publicly accessible private street#.

Any portion of the #publicly accessible private street# constructed in compliance with a certified #interim site plan# shall be converted to the final design in compliance with the certified #final site plan# for such portion upon receiving notice from an adjoining property owner as set forth in paragraph (b)(2) of this Section that the remaining portion of the #publicly accessible private street# has been substantially completed and opened to the public.

- (2) If a prior certification pursuant to paragraph (b)(1) of this Section was issued for a portion of a #publicly accessible private street# on another #zoning lot#, the Chairperson shall certify that:
- (i) a #final site plan# for the applicant's #zoning lot# has been submitted that is consistent with the #conceptual plan# from the prior certification; and
 - (ii) the proposed amenities and design elements within the #final site plan# in the applicant's portion of a #publicly accessible private street# shall match or complement those that were previously constructed.

Upon substantial completion by applicant of its portion of the #publicly accessible private street# that has been constructed pursuant to a certified #interim site plan# and the opening of such portion to the public, notice shall be provided to any property owner of a #zoning lot# containing a portion of such #publicly accessible private street#. Such notice shall be provided to enable such other owner sufficient time, as shall be specified in the restrictive declaration required pursuant to paragraph (c) of this Section, to convert any constructed interim condition and complete the #publicly accessible private street# in compliance with the previously approved #final site plan#; and

- (c) a restrictive declaration has been executed and recorded against the applicant's #zoning lot# in accordance with the provisions of Section 127-423 (Restrictive declaration). Required site plans, the #conceptual plan# and a maintenance and capital repair plan for the #publicly accessible private street# shall be included as exhibits to the restrictive declaration.

No temporary or final certificate of occupancy shall be issued until the Chairperson of the City Planning Commission notifies the Department of Buildings that the proposed #publicly accessible private street#, or portion thereof, has been substantially completed in compliance with the certified #interim site plan# or #final site plan#, and is open to the public. In addition, where a property owner seeks certification pursuant to paragraph (b)(2) of this Section, no temporary or final certificate of occupancy shall be issued until interim portions of the #publicly accessible private street# are completed in compliance with the previously approved #final site plan# for such portions.

127-423

Restrictive declaration

For any #publicly accessible private street# proposed for certification pursuant to Section 127-422 (Certification for a publicly accessible private street), a restrictive declaration shall be provided to ensure the proper construction, improvement, operation, maintenance and repair of the roadbed and any sidewalk adjacent to the roadbed. Adequate security shall be specified in such declaration to ensure that the #publicly accessible private street# is maintained in accordance with the declaration. The restrictive declaration shall further specify that the #publicly accessible private street# shall not be used for any other purposes than #street#-related purposes, including, but not limited to, pedestrian and vehicular circulation, and shall be publicly accessible at all times. To ensure proper #street# use and provide enforcement, in accordance with the parking provisions set forth in the restrictive declaration, executed contracts with a security monitoring and a towing company shall be required prior to the issuance of a temporary certificate of occupancy. In addition, a reserve account with sufficient funds for the maintenance and capital repair of the constructed #publicly accessible private street# shall be maintained at all times. Such reserves, contracts, and the required maintenance and repair shall be the responsibility of a Property Owner's Association that will oversee the management and maintenance of the #publicly accessible private streets#, upon the development on two or more #zoning lots#, and include as members all property owners of #zoning lots# bordering or containing the completed #publicly accessible private streets#. Filing and recording of the restrictive declaration shall be a precondition to the Chairperson's certification under Section 127-422.

Such restrictive declaration shall be prepared in a form acceptable to the Department of City Planning, filed and duly recorded in the Borough Office of the Register of the City of New York, and indexed against the property. The restrictive declaration and any maintenance and operation agreement shall run with the land and be binding on the owners, successors and assigns.

In addition, the portions of the #publicly accessible private streets# on a #developed zoning lot# shall be recorded on the certificate of occupancy for such #building# by the Department of Buildings. The recording information of the restrictive declaration shall be included on the certificate of occupancy for any #building#, or portion thereof, issued after the recording date.

127-424

Certification for zoning lot subdivision

In conjunction with a certification pursuant to Section 62-812 (Zoning lot subdivision), a #zoning lot# that existed before [date of adoption] containing any portion of #publicly accessible private street# may be subdivided into two or more #zoning lots# or reconfigured in a manner that would reduce its area or dimension, provided that the Chairperson of the City Planning Commission certifies that the provisions of paragraph (a), (b) or (c) of such Section are satisfied as to #waterfront public access area#, #visual corridors# and #publicly accessible private streets#, respectively. For the purposes of applying such provisions, the regulations pertaining to #waterfront public access area# and #visual corridors# shall also be applied to #publicly accessible private streets#.

127-43

Publicly Accessible Area

Where a tower rises sheer in accordance with the provisions of paragraph (c)(2) of Section 127-233 (Base heights and setback regulations), no #building# permit shall be issued by the Department of Buildings until the Chairperson of the City Planning Commission certifies a site plan demonstrating that a publicly accessible area, in compliance with the following requirements, will be provided.

- (a) **Minimum size and location**

A publicly accessible area shall contain a minimum area of at least 2,000 square feet. Such publicly accessible area shall be located at the intersection of two #streets#, and shall have a minimum width of 20 feet along each #street line#. A publicly accessible area shall in no event include area within a #publicly accessible private street#.

In addition, the major portion of a publicly accessible area shall occupy no less than 75 percent of the total publicly accessible area. The major portion is the largest area of the publicly accessible area and is the area of primary use. Major portions shall be generally regular in shape, easily and directly accessible from

adjoining #buildings# and public spaces, and continuously visible from all portions of the publicly accessible area and from adjoining public spaces.

(b) Design requirements

All publicly accessible areas shall comply with the following provisions:

- (1) a minimum of 20 percent of the open area shall be planted with any combination of perennials, annuals, decorative grasses, shrubs or trees in planting beds, raised planting beds or planter boxes. Such planting bed shall extend to a depth of at least two feet, inclusive of any structure containing the planted material, and any individual planted area shall have a width of at least five feet;
(2) one linear foot of seating shall be provided for each 60 square feet of publicly accessible area. For the purposes of such calculation, moveable seating or chairs may be credited as 24 inches of linear seating per chair;
(3) permitted obstructions within such area shall be subject to the provisions of Section 37-726 (Permitted obstructions), and any kiosk or open air cafe provided shall meet the operational and service requirements listed in paragraphs (a) and (b) of Section 37-73 (Kiosks and Open Air Cafes);
(4) the provisions of Section 37-722 (Level of plaza) and 37-728 (Standards of accessibility for persons with disabilities) shall apply to such area, and any steps provided shall be subject to the provisions of Section 37-725 (Steps);
(5) entry plaques and information plaques shall be provided in accordance with the provisions of paragraphs (a) and (b) of Section 37-751 (Public space signage systems); and
(6) all ground floor level #building# walls located within a distance of 150 feet from and facing a publicly accessible area provided on the same #zoning lot# shall either comply with the provisions of paragraph (a) of Section 127-411 (Special provisions for frontages along streets and the shoreline), or the provisions of paragraph (e) of Section 127-412 (Special provisions for blank walls).

(c) Design changes

Any modification to a publicly accessible area certified pursuant to the provisions that, in the aggregate, results in design changes impacting more than 20 percent of the area of such publicly accessible area as compared to the certified plans, shall require a new certification pursuant to the provisions of this Section. Where a design change does not exceed 20 percent, the modifications made to the publicly accessible area shall not reduce the amount of amenities provided or otherwise creates a non-compliance with the provisions of this Section.

(d) Hours of public access

Such publicly accessible area shall be accessible to the public between the hours of 6:00 A.M. and 10:00 P.M. seven days of the week.

No certificate of occupancy shall be issued until the Chairperson of the City Planning Commission determines that the publicly accessible area is substantially completed in compliance with the certified plan and that such space has been made available for use by the public in compliance with the requirements of this Section.

127-50 FLUSHING WATERFRONT ACCESS PLAN

[NOTE: existing provisions moved from Section 62-952 and modified]

The provisions of Article VI, Chapter 2 (Special Regulations Applying in the Waterfront Area), shall apply, except as superseded, supplemented or modified by the provisions of this Section, inclusive, Map 4 (Waterfront Access Plan: Parcel Designation), Map 5 (Waterfront Access Plan: Visual Corridors), and Map 6 (Waterfront Access Plan: Public Access Areas) in the Appendix to this Chapter show the boundaries of the area comprising the Flushing Waterfront Access Plan, boundaries of parcels within the Plan and the location of certain features mandated or permitted by the Plan.

The Plan has been divided into parcels consisting of tax blocks and lots and other lands as established on [date of adoption], as follows:

Subdistrict A

- Parcel 1: Block 4963, Lots 212 and 249
Parcel 2: Block 4963, Lot 210
Parcel 3: Block 4963, Lot 200

Subdistrict B

- Parcel 4: Block 4963, Lot 85
Parcel 5: Block 4963, Lot 65
Parcel 6: Block 4963, Lot 75

- Parcel 7: Block 4963, Lots 7, 8 and 9
Parcel 8: Block 4963, Lot 1

Subdistrict C

- Parcel 9: Block 5066, Lots 7503 and 7507

Any #development# on a #zoning lot# within the parcels listed above shall be subject to the requirements of Section 127-51 (Modified Applicability for Visual Corridors and Waterfront Public Access Areas), Section 127-52 (Special Requirements for Visual Corridors), Section 127-53 (Special Requirements for Waterfront Public Access Areas) and Section 127-54 (Special Review Provisions).

For the purposes of this Section, inclusive, defined terms shall include those listed in Sections 12-10 and 62-11, but #development# shall be as defined in Section 62-11.

127-51 Modified Applicability for Visual Corridors and Waterfront Public Access Areas

The applicability provisions for #visual corridors# pursuant to Section 62-51 (Applicability of Visual Corridor Requirements) and #waterfront public access areas# pursuant to Section 62-52 (Applicability of Waterfront Public Access Area Requirements) shall apply, except as modified as follows:

- (a) #developments# comprised predominantly of #uses# in Use Groups 16, 17 or 18, except for docking facilities serving passenger vessels or sightseeing, excursion or sport fishing vessels, are subject to the special requirements for #visual corridors# set forth in Section 127-52; and
(b) #developments# comprised predominantly of #uses# in Use Groups 16, 17 or 18 shall provide a minimum amount of #waterfront public access area# in accordance with the provisions of Section 62-58 (Requirements for Water-Dependent Uses and Other Developments). Within such #waterfront public access area#, a circulation path shall be provided with a minimum clear width of at least 10 feet and shall connect with either an adjoining #shore public walkway# or additional circulation paths on adjoining #zoning lots#.

127-52 Special Requirements for Visual Corridors

For #developments# within Parcels 3, 5 and 7, #visual corridors# shall be provided in the locations designated on Map 5 in the Appendix to this Chapter and pursuant to the requirements of Sections 62-51 (Applicability of Visual Corridor Requirements) and 62-65 (Public Access Design Reference Standards).

127-53 Special Requirements for Waterfront Public Access Areas

#Waterfront public access areas# shall be provided pursuant to Sections 62-52 (Applicability of Waterfront Public Access Area Requirements), 62-60 (DESIGN REQUIREMENTS FOR WATERFRONT PUBLIC ACCESS AREAS), and 62-70 (MAINTENANCE AND OPERATION REQUIREMENTS FOR WATERFRONT PUBLIC ACCESS AREAS), inclusive, except as modified in this Section, inclusive.

For all such #waterfront public access areas#, as designated on Map 6 (Waterfront Access Plan: Public Access Areas) in the Appendix to this Chapter, the minimum seat depth requirement of paragraph (b) of Section 62-652 (Seating) shall be modified to 16 inches.

127-531 Shore public walkways

For #zoning lots developed# within Parcels 1, 3, 4, 5, 7 and 8, a #shore public walkway# shall be provided in the location designated on Map 6 in the Appendix to this Chapter. The applicable provisions of Section 62-53 (Requirements for Shore Public Walkways) and Section 62-60 (DESIGN REQUIREMENTS FOR WATERFRONT PUBLIC ACCESS AREAS), inclusive, shall apply except as modified in this Section:

- (a) the circulation and access provisions of paragraph (a) of Section 62-62 (Design Requirements for Shore Public Walkways and Supplemental Public Access Areas) shall be modified as follows:
(i) the required circulation path within a #shore public walkway# shall be provided at a minimum elevation of 5 feet, 6 inches above the #shoreline#, except that such requirement need not include portions of a circulation path that slope downward to meet the elevation of an existing publicly accessible sidewalk;
(ii) where secondary circulation paths are provided, such paths may count as a part of the required circulation path for satisfying the locational requirement of being within 10 feet of the #shoreline# for at least 20 percent of the length of such #shoreline#. However, such secondary circulation paths may comply with the paving requirements of paragraph (a)(2) of Section 62-656; and

- (iii) where a #shore public walkway# is on a #zoning lot# that is adjacent to a #waterfront zoning lot# without a #shore public walkway#, the portion of the circulation path that terminates at the common #zoning lot line# shall be located within 40 feet of the shoreline;
- (b) the minimum width of the screening buffer pursuant to paragraph (c)(2)(ii) of Section 62-62 (Design Requirements for Shore Public Walkways and Supplemental Public Access Areas) shall be four feet. No screening buffer shall be required where there is a pathway connecting a required circulation path towards a publicly accessible sidewalk or entry to a commercial or community facility use; and
- (c) the grade level of required planting areas pursuant to paragraph (d)(2) of Section 62-61 (General Provisions Applying to Waterfront Public Access Areas) shall be increased to no more than three feet higher or lower than the adjoining level of the pedestrian circulation path.

127-532**Upland connections**

For #developments# within Parcels 1, 2, 3, 4, 5 and 7, #upland connections# shall be provided as specified on Map 6 (Waterfront Access Plan: Public Access Areas) in the Appendix to this Chapter. The applicable provisions of Section 62-56 (Requirements for Upland Connections) and Section 62-60 (DESIGN REQUIREMENTS FOR WATERFRONT PUBLIC ACCESS AREAS), inclusive, shall apply except as modified in this Section.

(a) Flexible location zone

For #developments# on Parcels 1, 2 and 3, a single #upland connection# shall be provided pursuant to the following provisions:

- (1) If Parcel 1 #develops# before Parcels 2 or 3, a Type 1 #upland connection# shall be provided with a minimum width of 20 feet. The requirements of paragraph (a)(2) of Section 62-561 (Types of upland connections) shall not apply and the minimum planting area requirements shall be reduced to 25 percent. Where such #upland connection# is provided without a 20-foot-wide open area, an average maintained level of illumination of not less than one and a half horizontal foot candles (lumens per foot) shall be provided throughout all walkable areas;
- (2) If Parcels 1 and 2 are #developed# jointly before Parcel 3, an #upland connection# shall be provided on Parcels 1 and 2, along their southerly boundary, pursuant to the requirements of Sections 62-561 and 62-64 (Design Requirements for Upland Connections). The 20-foot-wide open area required pursuant to paragraph (a)(2) of Section 62-561 shall be provided on Parcel 3, along its northerly boundary, at the time Parcel 3 #develops#. In any event, the required open area shall abut such required upland connection;
- (3) If Parcel 3 #develops# before Parcels 1 or 2:
 - (i) where a #development# is comprised predominantly of Use Groups 1 through 15 inclusive, an #upland connection# shall be provided on Parcel 3 pursuant to the requirements of Section 62-561 and Section 62-64. If such #upland connection# is provided along the northerly boundary of such Parcel, the required 20-foot-wide open area pursuant to paragraph (a)(2) of Section 62-561 shall be satisfied on Parcels 1 and 2, along the southerly boundary, at the time these parcels #develop#. However, in any event, the required open area shall abut such required upland connection;
 - (ii) where a #development# is comprised predominantly of #uses# in either Use Groups 16, 17 or 18, a Type 1 #upland connection# shall be provided with a minimum width of 20 feet. The requirements of paragraph (a)(2) of Section 62-561 shall not apply and the minimum planting area requirements shall be reduced to 25 percent; or
- (4) If Parcels 2 and 3 are #developed# jointly before Parcel 1, an #upland connection# shall be provided pursuant to the requirements of Sections 62-561 and 62-64.

For any other sequencing or combination of #developments#, a single #upland connection# shall be provided pursuant to the provisions of Sections 62-561 and 62-64 within the flexible location zone on Map 6.

(b) Minimum standards for interim condition

Where an #upland connection# is designated on two or more parcels and only a portion of such #upland connection# can be constructed pursuant to a specific certification, such portion of the #upland connection# may be provided independently to satisfy the

requirements of Section 62-56. Where the New York City Fire Department determines that such requirements conflict with the provision of unobstructed width for fire apparatus access roads pursuant to the New York City Fire Code, the design requirements of Section 62-60 shall be modified to the minimum extent necessary to accommodate such fire apparatus access roads requirements. However, all interim conditions shall meet the following requirements:

- (1) provide public access from the first upland #street# to the #shore public walkway#; and
- (2) for every tree pit required pursuant to the provisions of paragraph (c)(1) of Section 62-64 (Planting) that is not provided, a moveable planter shall be provided.

Such interim condition shall be certified pursuant to paragraph (a)(1) of Section 127-542 (Supplemental provisions) and Section 127-61 (Certification for Interim Grading Conditions).

127-533**Phased development of waterfront public access areas**

When a parcel is undergoing partial #development# or the #zoning lot# corresponding to a parcel is subdivided or reconfigured pursuant to Section 62-812 (Zoning lot subdivision), the City Planning Commission may authorize a phasing plan to implement #waterfront public access area# improvements pursuant to paragraph (c) of Section 62-822 (Modification of waterfront public access area and visual corridor requirements).

However, in Subdistrict B, when partial #development# occurs on the upland portion of Parcels 4, 5 and 7 that is bounded by #publicly accessible private streets# or #streets#, a phasing plan to implement an interim and final design of the #waterfront public access areas# may be certified by the Chairperson of the City Planning Commission pursuant to Section 127-54 (Special Review Provisions), provided that the following requirements are met:

- (a) the #waterfront public access area# shall be provided according to the phasing specified in Map 7 (Waterfront Access Plan: Phase I Waterfront Public Access Area Improvements) and Map 8 (Waterfront Access Plan: Phase II Waterfront Public Access Area Improvements). The requirements of Phase I shall apply when #development# occurs on the upland portion of the parcel bounded by #publicly accessible private streets# and other #streets# as shown on Map 6 (Waterfront Access Plan: Public Access Areas). The requirements of Phase II shall apply when #development# occurs on the seaward portion of the parcel bounded by both the #shoreline# and #publicly accessible private streets#; and
- (b) any #upland connection# provided pursuant to Phase I shall meet the design requirements of paragraph (b) of Section 127-532 (Upland connections). For portions of the #shore public walkway# that are provided in Phase I, the requirements of Sections 62-53 (Requirements for Shore Public Walkways) and 62-60 (DESIGN REQUIREMENTS FOR WATERFRONT PUBLIC ACCESS AREAS) may be modified to the minimum extent necessary to accommodate a temporary waterfront viewing area.

Such phasing plan shall also be certified pursuant to Section 127-61 (Certification for Interim Grading Conditions).

127-54**Special Review Provisions**

The applicable provisions of Section 62-80 (SPECIAL REVIEW PROVISIONS), inclusive, shall apply, except as specifically modified or supplemented by the provisions of this Section, inclusive.

127-541**Applicability**

The provisions of Section 62-81, inclusive, shall apply to #zoning lots# containing predominantly #uses# in Use Groups 16, 17, or 18, subject to the modified #waterfront public access area# provisions of Section 127-50 (FLUSHING WATERFRONT ACCESS PLAN), inclusive.

127-542**Supplemental provisions**

In conjunction with a certification pursuant to Section 62-811 (Waterfront public access and visual corridors), the Chairperson of the City Planning Commission shall further certify that:

- (a) where an #upland connection# is designated on two or more parcels and the portion of such #upland connection# located outside of the applicant's parcel will not be constructed concurrently with the applicant's #development#:
 - (1) if no prior certification pursuant to this Section was issued for a portion of an #upland connection# on another parcel, the Chairperson shall certify that:
 - (i) a #conceptual plan# has been submitted for the #publicly accessible private street#. In addition, notification that the applicant is seeking to commence

construction of such #publicly accessible private street# shall be given to any other owner whose property contains any remaining portion of the #publicly accessible private street#, along with a copy of such #conceptual plan#;

- (ii) a site plan has been submitted, specifying the location, dimensions and grading of the portion of the #upland connection# to be constructed on the applicant's #zoning lot#. Such site plan shall demonstrate compliance with the requirements of paragraph (b) of Section 127-532 (Upland connections); and
- (iii) the grading proposed in the #conceptual plan# has been certified pursuant to Section 127-61.

Property owners of the parcel containing a remaining portion of the #upland connection# shall have up to 30 days from the applicant's certified mailing of the notification required in paragraph (a)(1)(i) of this Section to respond to the applicant and to confirm for the Chairperson that the construction of the entire #upland connection# is not feasible concurrently with the applicant's #development#. In the event such notified property owners do not respond to the applicant and the Chairperson within the 30-day period, the applicant may proceed with completing this certification. Where a notified property owner responds that it is feasible to complete the portion of the #upland connection# on their parcels concurrently with the applicant's #development#, such property owner shall commence certification pursuant to the applicable provisions of this Section within 45 days from the date of submitting such response. In the event such notified property owners do not commence such certification within the 45-day period, the applicant may proceed with completing this certification.

In addition, where construction of the #upland connection# will not occur concurrently, property owners of parcels containing a remaining portion of the #upland connection# shall have up to 45 days from the date of submitting their response to comment on any anticipated practical difficulties associated with the proposed location, dimensions and grading specified in the #conceptual plan# that would preclude the reasonable #development# of such owner's parcel. Any submission of comments to the applicant and Chairperson shall include documentation from a licensed architect, landscape architect, or engineer, as applicable, that demonstrates the reason for such anticipated practical difficulties.

Copies of the approved #conceptual plan#, as well as the certified #interim site plan# and #final site plan# shall be forwarded to any property owner of a parcel containing the remaining portion of the #upland connection#.

Any portion of the #upland connection# constructed in compliance with a certified #interim site plan# shall be converted to the final design in compliance with the certified #final site plan# for such portion upon receiving notice from an adjoining property owner as set forth in paragraph (a) (2) of this Section that the remaining portion of the #upland connection# has been substantially completed and is accessible to the public.

- (2) If a prior certification pursuant to paragraph (a)(1) of this Section was issued for a portion of the #upland connection# on another parcel, the Chairperson shall certify that:
 - (i) a #final site plan# for the applicant's parcel has been submitted that is consistent with the #conceptual plan# from the prior certification; and
 - (ii) the proposed amenities and design elements within the #final site plan# for the applicant's portion of the #upland connection# shall match or complement those that were previously constructed.

Notice shall be provided to any property owner of a parcel containing a portion of the #upland connection# that has been constructed pursuant to a certified #interim site plan# upon the applicant substantially completing its portion of the #upland connection# and making such portion accessible to the public. Such notice shall be provided to enable such other owner sufficient time, as shall be specified in the restrictive declaration required pursuant to this paragraph (a), to convert any constructed interim condition and complete the #upland connection# in compliance with the previously approved #final site plan#.

A restrictive declaration shall be executed and recorded against the corresponding #zoning lot# of the applicant's parcel, in accordance with the provisions of Section 62-74 (Requirements for Recordation). Required site plans, the #conceptual plan# and a maintenance and capital repair plan for the #upland

connection# shall be included as exhibits to the restrictive declaration.

No temporary or final certificate of occupancy shall be issued until the Chairperson of the City Planning Commission notifies the Department of Buildings that the proposed #upland connection#, or portion thereof, has been substantially completed in compliance with the certified #interim site plan# or #final site plan#, and is open to the public. In addition, where a property owner sought certification pursuant to paragraph (a)(2) of this Section, no temporary or final certificate of occupancy shall be issued until interim portions of the #upland connection# are completed in compliance with the previously approved the #final site plan# for such portions.

- (b) For phased implementation of #waterfront public access areas# pursuant to Section 127-533 (Phased development of waterfront public access areas), a plan has been submitted that complies with the required amount of #waterfront public access area# at each development phase pursuant to Section 127-533.

To ensure the provision of #waterfront public access areas# for phased #developments# occurring in Phase I, as specified on Map 7 (Waterfront Access Plan: Phase I Waterfront Public Access Improvements) in the Appendix to this Chapter, no temporary certificate of occupancy shall be issued for any #development# on the upland portion of each parcel that is bounded by #publicly accessible private streets# or #streets# until all required sections of #waterfront public access areas# designated on Map 7 have been substantially completed pursuant to the design requirements of Section 127-533.

For Phase II subsequent #development# occurring on the seaward portion of Parcels 4, 5 or 7, bounded by both the #shoreline# and #publicly accessible private streets#, all #waterfront public access areas#, as specified on Map 8 (Waterfront Access Plan: Phase II Waterfront Public Access Improvements), shall be substantially completed pursuant to the final design requirements of Section 127-533, prior to the issuance of a temporary or final certificate of occupancy. However, 50 percent of the #floor area# of any subsequent #development# on Parcels 4 and 5 may receive a temporary certificate of occupancy upon the completion of the required #shore public walkway# as designated on such parcel. A temporary or final certificate of occupancy for the remaining 50 percent of the #floor area# on Parcels 4 and 5 shall not be issued until all required #waterfront public access areas# pursuant to Map 8 are substantially complete.

An alternate location for the required section of an #upland connection# on Parcel 4 may be provided in Phase I, as specified in Map 7, in the event that Parcel 5 has substantially completed all of the required #waterfront public access areas# prior to partial #development# on the upland portion of Parcel 4. Where such alternate location is provided in Phase I, any subsequent #development# on Parcel 4 may only receive a temporary or final certificate of occupancy upon substantial completion of all required #waterfront public access areas# designated on Map 8.

A certification will be granted on condition that an acceptable restrictive declaration is executed and filed pursuant to Section 62-74 (Requirements for Recordation).

**127-60
ADDITIONAL REVIEW REQUIREMENTS**

**127-61
Certification for Interim Grading Conditions**

For any #development# or #enlargement# seeking:

- (a) modification to the level of #waterfront yard# provisions of Section 127-22 (Special Yard Regulations);
- (b) a certification pursuant to paragraph (b)(1) of Section 127-422 (Certification for a publicly accessible private street); or
- (c) a certification pursuant to Section 127-542 (Supplemental provisions),

the Chairperson of the City Planning Commission shall certify that a site survey has been conducted and sufficient documentation has been submitted, demonstrating that the proposed grades of a #waterfront yard#, interim plan for a #publicly accessible private street# or #upland connection# would not preclude #developments# or #enlargements# on adjacent parcels from complying with the provisions of this Chapter as part of an integrated public realm.

No. 3

DEKALB COMMONS

CD 3 C 200155 HAK
 IN THE MATTER OF an application submitted by the Department of Housing Preservation and Development (HPD)

- 1) pursuant to Article 16 of the General Municipal Law of New York State for:
 - a. the designation of property located at 633-639 DeKalb Avenue (Block 1774, Lots 74, 75, 76 and 77), 648-654 DeKalb Avenue (Block 1779, Lots 22, 24 and 26), 1187 Fulton Street (Block 2000, Lot 43) as an Urban Development Action Area; and
 - b. Urban Development Action Area Project for such area; and
 - 2) pursuant to Section 197-c of the New York City Charter for the disposition of such property to a developer to be selected by HPD;
- to facilitate development of three buildings containing an approximate total of 84 affordable residential units and commercial space.

NOTICE

On Wednesday, September 16, 2020, at 10:00 A.M., via the NYC Engage Portal, a public hearing is being held by the City Planning Commission, in conjunction with the above ULURP hearing to receive comments related to a Draft Environmental

Impact Statement (DEIS) concerning an application by the City of New York – Department of Housing Preservation and Development on behalf of Dekalb Commons NY Housing Development Fund Corporation (HDFC)(the “Project Sponsor”).

The Proposed Actions consist of a series of land use actions including three discretionary actions affecting Block 1774, Lots 74, 75, 76 and 77; Block 1779, Lots 22, 24, and 26; Block 2000, Lot 43; all in the Borough of Brooklyn, Community District 3. The Proposed Actions consist of (i) the designation of an Urban Development Action Area (“UDAA”), (ii) the approval of an Urban Development Action Area Project (“UDAAP”), and (iii) the disposition of City-Owned property. The Proposed Actions would facilitate the construction of one four-story (45’) building and two seven-story (69’6”) buildings, containing approximately 84 dwelling units, plus one unit for the residential superintendent (for a total of approximately 85 dwelling units) and approximately 2,512 gsf of commercial space.

Written comments on the DEIS are requested and will be received and considered by the Lead Agency through Monday, September 28, 2020.

This hearing is being held, pursuant to the State Environmental Quality Review Act (SEQR) and City Environmental Quality Review (CEQR), CEQR No. 18HPD078K.

HOUSING PRESERVATION AND DEVELOPMENT

■ PUBLIC HEARINGS

PLEASE TAKE NOTICE that a Real Property Hearing will be held, on October 14, 2020, at 10:00 A.M. The Public Hearing will be held, via Conference Call. Call-in #: 1-646-992-2010, **Access Code** 717-876-299.

Pursuant to Section 695(2)(b) of the General Municipal Law and Section 1802(6)(j) of the Charter, the Department of Housing Preservation and Development ("HPD") of the City of New York ("City") has proposed the sale of the following City-Owned property (collectively, "Disposition Area") in the Borough of Manhattan:

Address	Block/Lot(s)
24 West 132 Street	B:1729/ L:45
37 West 138 Street	B:1736/ L:23
202 West 133 Street	B:1938/ L:38
2274 Adam Clayton Powell Jr Boulevard	B:1939/ L:34

Under HPD's Affordable Neighborhood Cooperative Program, occupied City-Owned residential buildings are purchased by Restoring Communities Housing Development Fund Corporation ("Sponsor") and then rehabilitated by a private developer selected through a request for qualifications. Upon conveyance, to the Sponsor, buildings will be managed by the private developers. Following completion of rehabilitation, Sponsor conveys the building to a cooperative housing development fund corporation ("Cooperative Corporation") formed by the building's tenants. The cooperative interests, attributable to occupied apartments will be sold, to the existing tenants for \$2,500 per apartment. The cooperative interests, attributable to vacant apartments will be sold for a price affordable to families earning no more than 165% of the area median income.

Under the proposed project, the City will sell the Disposition Area to Sponsor for the nominal price of one dollar (\$1.00) per building. When completed, the project will provide 60 affordable cooperative dwelling units and storefront commercial space.

At the time of sale, the Sponsor will be required to sign a rental regulatory agreement with HPD containing, among other things, restrictions on rents, incomes, and assets. When the Sponsor conveys the building, to the Cooperative Corporation upon the completion of rehabilitation, the Cooperative Corporation will be required to sign a cooperative regulatory agreement with HPD containing, among other things, restrictions on sale prices, incomes, and assets as well as requirements for a flip tax and building reserve fund.

The appraisal and the proposed Land Disposition Agreement and Project Summary are available for public examination by contacting HPD, at pearsona@hpd.nyc.gov, on business days during business hours.

In order to access the Public Hearing and testify, please call 1-646-992-2010, Access Code: 717-876-299, no later than 9:55 A.M. If you need further accommodations, please let us know, at least five business days in advance of the Public Hearing via email, at DisabilityAffairs@mocs.nyc.gov.

PLEASE TAKE NOTICE that a public hearing will be held, on October 14, 2020, at 10:00 A.M. The Public Hearing will be held via Conference Call. Call-in #: 1-646-992-2010, Access Code 717-876-299.

Pursuant to Section 695(2)(b) of the General Municipal Law and Section 1802(6)(j) of the Charter, the Department of Housing Preservation and Development (“HPD”) of the City of New York (“City”) has proposed the sale of the following City-Owned property (collectively, “Disposition Area”) in the Borough of Brooklyn:

Addresses	Block/Lots
1563 Prospect Place	1363 /90
1561 Prospect Place	1363 /91
1559 Prospect Place	1363 /92

Under HPD’s Neighborhood Construction Program, sponsors purchase City-Owned or privately owned land or vacant buildings and construct multifamily buildings in order to create up to 45 units of affordable rental housing on infill sites. Construction and permanent financing is provided through loans from private institutional lenders and from public sources including HPD, the New York City Housing Development Corporation, the State of New York, and the Federal government. Additional funding may also be provided from the syndication of low-income housing tax credits. The newly constructed buildings provide rental housing to low income, moderate income, and middle income families. Subject to project underwriting, up to 30% of the units may be rented to formerly homeless families and individuals.

Under the proposed project, the City will sell the Disposition Area to SHF Weeksville Housing Development Fund Corporation (“Sponsor”) for the nominal price of one dollar per tax lot. The Sponsor will also deliver an enforcement note and mortgage for the remainder of the appraised value (“Land Debt”). The Sponsor will then construct one building containing a total of 44 rental dwelling units, plus one unit for a superintendent on the Disposition Area.

The Land Debt or the City’s capital subsidy may be repayable out of resale or refinancing profits for a period of, at least thirty (30) years following completion of construction. The remaining balance, if any, may be forgiven, at the end of the term.

The appraisal and the proposed Land Disposition Agreement and Project Summary are available for public examination by contacting Margaret Carey, at careym@hpd.nyc.gov on business days during business hours.

In order to access the Public Hearing and testify, please call 1-646-992-2010, Access Code: 717-876-299, no later than 9:55 A.M. If you need further accommodations, please let us know, at least five business days in advance of the Public Hearing via email, at DisabilityAffairs@mocs.nyc.gov.

Pursuant to Section 695(2)(b) of the General Municipal Law and Section 1802(6)(j) of the Charter, the Department of Housing Preservation and Development (“HPD”) of the City of New York (“City”) has proposed the sale of the following City-Owned property (collectively, “Disposition Area”) in the Borough of Brooklyn:

Addresses	Blocks/Lots
676 Central Avenue	3440/35
1277 DeKalb Avenue	3232/63

Under the Open Door Program, eligible sponsors purchase City-Owned or privately owned land and construct cooperative or condominium buildings affordable to moderate- and middle-income households. Where dictated by lot size, the program may also fund the construction of new one- to three-family homes. Construction financing may be provided through loans from the City (“City Subsidy”), the New York State Affordable Housing Corporation, private lenders and developer equity. The City provides a tax exemption for the homes.

Upon construction completion, the sponsor will sell the homeownership units to households who agree to owner-occupy their units for the length of the regulatory period. If the homeowner sells or refinances during the regulatory period, the homeowner may realize up to 2% appreciation on the original purchase price per year of owner occupancy. Upon resale, the homeowner will also be required to sell to a household earning no more than the project’s income limit.

The proposed project consists of the new construction of approximately two two-family homes containing a total of approximately four dwelling units on the Disposition Area.

Under the proposed project, the City will sell the Disposition Area to South Bushwick Neighborhood Homes Housing Development Fund

Company, Inc. (“Sponsor”) for the nominal price of one dollar per tax lot, and the Sponsor will develop the Disposition Area. The Sponsor will also deliver a note and mortgage for the difference between the appraised value of the land and the purchase price (“Land Debt”).

Upon the sale of each homeownership unit to an initial purchaser, the Land Debt and City Subsidy, if any, will be apportioned pro rata to each unit., at such time, HPD may unsecure or forgive all or a portion of the Land Debt, and unsecure, but not forgive, all or a portion of the City Subsidy, based on the appraised value of a homeownership unit and/or, in the case of forgiveness of Land Debt, if HPD determines that the forgiveness is necessary to reduce the taxable consideration for a unit. The sum evidenced by the note and secured by the mortgage will be reduced to zero upon maturity of the Land Debt and City Subsidy, respectively, if the owner has complied with the program’s restrictions.

The appraisal and the proposed Land Disposition Agreement and Project Summary are available for public examination, at the office of HPD, 100 Gold Street, Room 5-I, New York, NY on business days during business hours.

In order to access the Public Hearing and testify, please call 1-646-992-2010, Access Code: 717-876-299, no later than 9:55 A.M. If you need further accommodations, please let us know, at least five business days in advance of the Public Hearing via email, at DisabilityAffairs@mocs.nyc.gov.

PROCUREMENT

“Compete To Win” More Contracts!

Thanks to a new City initiative - “Compete To Win” - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and Women-Owned Businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

- Win More Contracts, at nyc.gov/competetowin

“The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed, to the City’s prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence.”

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York (“PPB Rules”), vendors must first complete and submit an electronic prequalification application using the City’s Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed, at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

- Administration for Children’s Services (ACS)
- Department for the Aging (DFTA)
- Department of Consumer Affairs (DCA)
- Department of Corrections (DOC)
- Department of Health and Mental Hygiene (DOHMH)
- Department of Homeless Services (DHS)
- Department of Probation (DOP)
- Department of Small Business Services (SBS)
- Department of Youth and Community Development (DYCD)
- Housing and Preservation Department (HPD)
- Human Resources Administration (HRA)
- Office of the Criminal Justice Coordinator (CJC)

To sign up for training on the new system, and for additional information about HHS Accelerator, including background materials, user guides and video tutorials, please visit www.nyc.gov/hhsaccelerator

PREQUALIFIED VENDOR LIST: GENERAL CONSTRUCTION, NON-COMPLEX GENERAL CONSTRUCTION SITE WORK ASSOCIATED WITH NEW YORK CITY DEPARTMENT OF PARKS AND RECREATION ("DPR") AND/OR "PARKS") PARKS

AND PLAYGROUNDS CONSTRUCTION AND RECONSTRUCTION PROJECTS.

NYC DPR is seeking to evaluate and pre-qualify a list of general contractors (a "PQL") exclusively to conduct non-complex general construction site work involving the construction and reconstruction of NYC DPR parks and playgrounds projects not exceeding \$3 million per contract ("General Construction").

By establishing contractor's qualification and experience in advance, NYC DPR will have a pool of competent contractors from which it can draw to promptly and effectively reconstruct and construct its parks, playgrounds, beaches, gardens and green-streets. NYC DPR will select contractors from the General Construction PQL for non-complex general construction site work of up to \$3,000,000.00 per contract, through the use of a Competitive Sealed Bid solicited from the PQL generated from this RFQ.

The vendors selected for inclusion in the General Construction PQL, will be invited to participate in the NYC Construction Mentorship. NYC Construction Mentorship focuses on increasing the use of small NYC contracts, and winning larger contracts with larger values. Firms participating in NYC Construction Mentorship will have the opportunity to take management classes and receive on-the-job training provided by a construction management firm.

NYC DPR will only consider applications for this General Construction PQL from contractors who meet any one of the following criteria:

- 1) The submitting entity must be a Certified Minority/Woman Business enterprise (M/WBE)*;
- 2) The submitting entity must be a registered joint venture or have a valid legal agreement as a joint venture, with, at least one of the entities in the joint venture being a certified M/WBE*;
- 3) The submitting entity must indicate a commitment to sub-contract no less than 50 percent of any awarded job to a certified M/WBE for every work order awarded.

* Firms that are in the process of becoming a New York City-Certified M/WBE, may submit a PQL application and submit a M/WBE Acknowledgement Letter, which states the Department of Small Business Services has begun the Certification process.

AGENCY RULES

HOUSING PRESERVATION AND DEVELOPMENT

NOTICE

Notice of Adoption of Rules Regarding Fees for Administration of Loan Programs and Certain other Municipality-Aided Projects

NOTICE IS HEREBY GIVEN that pursuant to the authority vested in the Commissioner of the Department of Housing Preservation and Development (HPD) by sections 1043 and 1802 of the New York City Charter, HPD is adopting amendments to rules regarding fees for administration of loan programs and certain other municipality-aided projects. A notice of rulemaking was published in the City Record on July 21, 2020. A virtual public hearing was held on August 25, 2020.

Statement of Basis and Purpose

The rules amend the Department of Housing Preservation and Development's rules regarding fees for loan programs and other projects that receive municipal aid. In particular, these rules provide for waiver of the mortgage servicing fee which applies to requests for subordination, satisfaction or other modifications of debt from loans made by HPD to a grantee, borrower, or recipient.

HPD has determined that under the circumstances where the structure financed by the loan under one of HPD's homeownership programs, or under a condominium project, or under a cooperative project that is not owned by a housing development fund corporation has been confirmed by HPD to contain a serious construction defect, the mortgage refinance fee authorized to be charged pursuant to these rules may be waived by HPD. In addition, the rule provides that if the owner of any such project has experienced loss of income as a result of the COVID-19 Pandemic and has submitted adequate documentation of such loss to HPD, the fee may be waived.

Section 1. Subdivision (i) of section 37-02 of chapter 37 of title 28 of the rules of the city of New York is amended to read as follows:

(i) Mortgage [Refinance] Servicing Fee. Mortgage [Refinance] Servicing Fee shall mean the amount charged to a grantee, borrower, or recipient for HPD's administrative costs in connection with processing requests to subordinate, satisfy or otherwise modify HPD debt.

§2. Subdivision (f) of section 37-03 of chapter 37 of title 28 of the rules of the city of New York is amended to read as follows:

(f) Mortgage [Refinance] Servicing Fee. HPD may charge a Mortgage [Refinance] Servicing Fee in the amount of four hundred dollars (\$400).

§3. Section 37-04 of chapter 37 of title 28 of the rules of the city of New York is amended by adding a new subdivision (c) to read as follows:

(c) The Mortgage Servicing Fee may be waived if HPD has determined that the structure financed by a loan or grant under one of HPD's One- to Four-Family Programs, or under a condominium project, or under a cooperative project that is not owned by a housing development fund corporation, has been confirmed by HPD to contain a serious construction defect, or that the owner of such structure or board of managers of such condominium project, or board of such cooperative project has experienced loss of income as a result of the COVID-19 Pandemic, and has submitted adequate documentation to HPD regarding such loss. Such determination will be solely within HPD's discretion. Such waiver may be granted for loss of income as a

result of the COVID-19 Pandemic where such fee may have been due on or after March 2020.

Notice of Pedicab Registration Plate Lottery, published September 14, 2020 in The City Record

Pursuant to Section 20-251 of the New York City Administrative Code and Section 2-426a of the Rules of the City of New York, the Department of Consumer Affairs (DCA) has conducted an annual review of pedicab registrations and found that the number of registration plates issued has fallen below 840. As set forth below, DCA will begin accepting applications for pedicab registration plates to fill any vacancies up, to the legal limit of 850.

Application Period: DCA will accept applications for pedicab registration plates for 20 business days from the date of publication of this Notice, which is from September 14, 2020 to October 9, 2020. Applications submitted after the Application Period will not be considered.

Application Form Submission Guidelines:

- DCA will only accept DCA-approved Application Forms, which are available online, at nyc.gov/dca.
- All Application Forms must be completed and submitted by 11:59 P.M. on the 20th business day following the publication of this Notice, which is October 9, 2020.
- Only one Application Form will be accepted from each applicant.
- Application Forms will not be accepted from licensees already assigned the legal limit of 30 registration plates.

Selection Process:

- At the close of the Application Period, DCA will assign each accepted application a "Priority Number" using a computer-generated random number selection program. If the number of accepted Application Forms exceeds the number of available registration plates, registration plates will be issued in the order of the assigned Priority Numbers.
- DCA will notify all eligible applicants, in writing, of the opportunity to apply for a registration plate. Within 45 days of receiving that notice, an applicant must prove that its pedicab complies with all New York City laws and rules governing pedicab registration, including passing a pedicab inspection.
- If an applicant fails to comply with all registration requirements within the allotted time, DCA's offer to that applicant becomes void, the applicant is removed from the application pool, and an offer is made, to the applicant with the next Priority Number.

Note: A Pedicab Business license is not required to submit an Application Form, but **a valid Pedicab Business license is required before DCA will issue a registration plate.**

Application Forms may be obtained and submitted:

- Obtain online at: nyc.gov/BusinessToolbox.
- Submit online at: pedicabs@dca.nyc.gov

LATE NOTICE

HOUSING AUTHORITY

■ NOTICE

Because of the ongoing COVID-19 health crisis and in relation to Governor Andrew Cuomo's Executive Orders, the Audit Committee Meeting of the New York City Housing Authority, scheduled for **Thursday, September 17, 2020 at 10:00 A.M.**, will be limited to viewing the livestream or listening via phone instead of attendance in person.

For public access, the meeting will be streamed live on NYCHA's Website at <https://www1.nycha.gov/site/nycha/about/audit-committee->

meetings.page or can be accessed by calling 1(408) 418-9388 using Event number (access code): 173 023 7016 and Event password: nycha

For those wishing to provide public comment, pre-registration is required via email to audit@nycha.nyc.gov or by contacting (929) 237-8087, no later than 4:00 P.M., on the day prior to the Audit Committee Meeting. When pre-registering, please provide your name, development or organization name, contact information and item you wish to comment on. You will then be contacted with instructions for providing comment. Comments are limited to the items on the Agenda.

Speaking time will be limited to three minutes. Speakers will provide comment in the order in which the requests to comment are received. The public comment period will conclude upon all speakers being heard or at the expiration of 30 minutes allotted for public comment, whichever occurs first.

Copies of the Agenda will be available on NYCHA's website, no earlier than 24 hours before the upcoming Board Meeting. Copies of the Minutes will also be available on NYCHA's website, no earlier than 3:00 P.M. three business days after the Audit Committee approval in the subsequent Audit Committee Meeting.

Any changes to the schedule will be posted here and on NYCHA's website at <https://www1.nyc.gov/site/nycha/about/audit-committee-meetings.page> to the extent practicable at a reasonable time before the meeting.

For additional information regarding the Audit Committee Meeting, please contact by phone at (929) 237-8087 or by email at audit@nycha.nyc.gov.
