## PROCUREMENT

### "Compete To Win" More Contracts!

*Thanks to a new City initiative - "Compete To Win" - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and Women-Owned Businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.*

- Win More Contracts, at [nyc.gov/competetowin](http://nyc.gov/competetowin)

*"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and*

engineering that has contributed to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
● Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
● Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
● Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed, at http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

- Administration for Children's Services (ACS)
Department for the Aging (DFTA)
Department of Consumer Affairs (DCA)
Department of Corrections (DOC)
Department of Health and Mental Hygiene (DOHMH)
Department of Homeless Services (DHS)
Department of Probation (DOP)
Department of Small Business Services (SBS)
Department of Youth and Community Development (DYCD)
Housing and Preservation Department (HPD)
Human Resources Administration (HRA)
Office of the Criminal Justice Coordinator (CJC)

To sign up for training on the new system, and for additional information about HHS Accelerator, including background materials, user guides and video tutorials, please visit www.nyc.gov/hhsaccelerator

**PREQUALIFIED VENDOR LIST: GENERAL CONSTRUCTION, NON-COMPLEX GENERAL CONSTRUCTION SITE WORK ASSOCIATED WITH NEW YORK CITY DEPARTMENT OF PARKS AND RECREATION (“DPR” AND/OR “PARKS”) PARKS AND PLAYGROUNDS CONSTRUCTION AND RECONSTRUCTION PROJECTS.**

NYC DPR is seeking to evaluate and pre-qualify a list of general contractors (a “PQL”) exclusively to conduct non-complex general construction site work involving the construction and reconstruction of NYC DPR parks and playgrounds projects not exceeding \$3 million per contract (“General Construction”).

By establishing contractor’s qualification and experience in advance, NYC DPR will have a pool of competent contractors from which it can draw to promptly and effectively reconstruct and construct its parks, playgrounds, beaches, gardens and green-streets. NYC DPR will select contractors from the General Construction PQL for non-complex general construction site work of up to \$3,000,000.00 per contract, through the use of a Competitive Sealed Bid solicited from the PQL generated from this RFQ.

The vendors selected for inclusion in the General Construction PQL, will be invited to participate in the NYC Construction Mentorship. NYC Construction Mentorship focuses on increasing the use of small NYC contracts, and winning larger contracts with larger values. Firms participating in NYC Construction Mentorship will have the opportunity to take management classes and receive on-the-job training provided by a construction management firm.

NYC DPR will only consider applications for this General Construction PQL from contractors who meet any one of the following criteria:

- 1) The submitting entity must be a Certified Minority/Woman Business enterprise (M/WBE)\*;
- 2) The submitting entity must be a registered joint venture or have a valid legal agreement as a joint venture, with at least one of the entities in the joint venture being a certified M/WBE\*;
- 3) The submitting entity must indicate a commitment to sub-contract no less than 50 percent of any awarded job to a certified M/WBE for every work order awarded.

\* Firms that are in the process of becoming a New York City-Certified M/WBE, may submit a PQL application and submit a M/WBE Acknowledgement Letter, which states the Department of Small Business Services has begun the Certification process.

Application documents may also be obtained online at: <http://a856-internet.nyc.gov/nyevendoronline/home.asap.>; or <http://www.nycgovparks.org/opportunities/business>.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

■ **NOTICE**

**Mayor’s Office of Special Enforcement**

**NOTICE OF ADOPTION OF FINAL RULES GOVERNING REQUIRED DISCLOSURES OF SHORT-TERM RENTAL TRANSACTIONS BY BOOKING SERVICES**

**NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN** the Mayor’s Office of Special Enforcement (“OSE”) by section 1043(e) of the New York City Charter (“City Charter”), sections 26-2101 *et. seq.* of the Administrative Code of the City of New York, and Local Law 64 for the year 2020, and in accordance with the requirements of section 1043 of the City Charter, that OSE promulgates and adopts Chapter 17 of Title 43 of the Rules of the City of New York, regarding reporting requirements for booking services.

These rules were proposed and published on November 2, 2020, and a public hearing was held on December 2, 2020.

**Statement of Basis and Purpose**

Local Law 146 for the year 2018 (LL 146), enacted on August 6, 2018, established a new provision of law: Chapter 21 (sections 26-2101 through 26-2105) of Title 26 (“Housing and Buildings”) of the Administrative Code of the City of New York, regarding reporting requirements for short-term residential rentals. The law specified that it was to be administered by the Mayor’s Office of Special Enforcement (OSE) unless specified otherwise by executive order.

Shortly after LL 146 was enacted, Airbnb, Inc. and HomeAway, Inc. each challenged LL 146 by filing a complaint against the City of New York in federal court. On January 3, 2019, the court preliminarily enjoined LL 146 from taking effect pending the resolution of the litigation. On June 20, 2019, the court nevertheless granted permission for OSE to publish the final rule it had issued to implement LL 146, which specified that the rule would not take effect until “15 business days after the lifting of the preliminary injunction issued on January 3, 2019 in *Airbnb, Inc. v City of New York*, 18 Civ. 7712 (PAE) and *HomeAway.com, Inc. v City of New York* 18 Civ. 7742 (PAE), unless another date is ordered by the court.” In the following year, Airbnb, Inc. and the City settled their case, the City amended Chapter 21 of Title 26 of the Administrative Code of the City of New York, the court dismissed the action brought by HomeAway, Inc. as moot, and consequently the rule previously published to implement LL 146 never went into effect.

The amendments to Chapter 21 of Title 26 of the Administrative Code of the City of New York were signed into law by the Mayor on July 7, 2020 as Local Law 64 for the year 2020. Chapter 21 requires online, computer, or application-based platforms, or “booking services,” that charge, collect, or receive fees for the use of the platform in connection with short-term rentals to report information about those transactions to OSE. Such information includes: the physical address of the short-term rental; the location online of the advertisement that resulted in the short-rental; information relating to the identity of the host, including contact information; and information related to the scope of the short-term rental transaction. The law specifies that it is to be administered by OSE unless specified otherwise by executive order.

This rule implements Chapter 21 of Title 26 of the Administrative Code of the City of New York in accordance with Local Law 64 for the year 2020. Specifically, this rule:

- Specifies the time, manner, and form of reporting by the booking services;
- Establishes penalty provisions;
- Establishes a process for publishing and maintaining a list of buildings exempt from the reporting requirements; and
- Establishes a retention and disposal period for information obtained pursuant to the law.

No substantive comments were received during the public comment period.

New material is underlined.  
[Deleted material is in brackets.]

“Shall” and “must” denote mandatory requirements and may be used interchangeably, unless otherwise specified or unless the context clearly indicates otherwise.

Section 1. Title 43 of the Rules of the City of New York is amended by adding a new chapter 17, to read as follows:

##### S17-08 No Private Right of Action

##### §17-01 Definitions

Administering agency. The term “administering agency” means the Office of Special Enforcement, as established under executive order number 96 for the year 2006, or such other agency as subsequently designated by executive order.

Booking Service. The term “booking service” means a person who, directly or indirectly: (1) provides one or more online, computer or application-based platforms that individually or collectively can be used to (i) list or advertise offers for short-term rentals, and (ii) either accept such offers, or reserve or pay for such rentals; and (2) charges, collects or receives a fee for the use of such a platform or for provision of any service in connection with a short-term rental. A booking service shall not be construed to include a platform that solely lists or advertises offers for short-term rentals.

Building. The term “building” means a building as defined in the New York city building code that is located in the city.

Class B multiple dwelling. The term “class B multiple dwelling” shall have the meaning ascribed to such term in the housing maintenance code.

Directly or indirectly. The term “directly or indirectly” means a person acting directly or indirectly through any subsidiary or affiliate thereof to perform the activity described in the definition of booking service.

Dwelling unit. The term “dwelling unit” means a dwelling unit, as such term is defined in the housing maintenance code, that is located in a building within the city.

Host. The term “host” means a person other than a booking service, including a co-host, who uses a booking service to offer, manage or administer a short-term rental.

Qualifying Listing. The term “qualifying listing” means a listing or advertisement that offers a short-term rental via a booking service, and: (1) such listing or advertisement offers or appears to offer the short-term rental of an entire dwelling unit or housing accommodation, or (2) such listing or advertisement offers or appears to offer a short-term rental for three or more individuals at the same time.

Short-term rental. The term “short-term rental” means a rental for occupancy of fewer than 30 consecutive days of (i) a dwelling unit or part thereof or (ii) housing accommodations within a building.

##### §17-02 Reporting requirements for booking services

1. A booking service shall submit to the administering agency a report of transactions associated with a qualifying listing for which it charged, collected or received a fee, directly or indirectly, for activity described in the definition of booking service, except for those transactions described in §17-05 of this chapter. Each short-term rental associated with such fee is considered to be a separate transaction. Such report shall include the following information:
  - a. The physical address of the short-term rental associated with such transaction, including the street name, street number, apartment or unit number, borough or county, and zip code;
  - b. The full legal name, physical address, phone number and email address of the host of such short-term rental and the uniform resource locator (URL) and the individualized name and number of such host on such booking service’s platform;

- c. The individualized name and number and the URL of the associated qualifying listing;
- d. A statement as to whether such short-term rental transaction involved the: (i) short-term rental of the entirety of a dwelling unit or housing accommodations in a building or (ii) short-term rental of part of such unit or housing accommodations;
- e. The total number of days that the dwelling unit, part thereof or housing accommodations in a building were rented as a short-term rental through such booking service’s platform; and
- f. If such booking service collects rent for short-term rentals on behalf of such host, (i) the total amount of such rent received by such booking service and transmitted to such host and (ii) the account name and consistently anonymized identifier for the account number for the account used by such host to receive payments from such booking service or, if such booking service provides an explanation why such anonymized identifiers are unavailable, the account name and account number for such account, provided that a booking service shall, considering its technical capacity, de-identify the account number to the greatest extent possible so as to protect the privacy and security of the account number. De-identification of a unique account number shall be consistent from report to report.

2. In instances where any of the above information is unavailable to the booking service, the booking service shall provide an explanation of why such information is unavailable.
3. A booking service need not report any information for transactions associated with a qualifying listing when all such transactions within a reporting period result in the rental of a dwelling unit or housing accommodation for an aggregate of four days or less.
4. The reports shall be submitted on a quarterly basis. With the exception of the initial reporting period, the reporting periods shall consist of the following quarters: January 1 to March 31; April 1 to June 30; July 1 to September 30; and October 1 to December 31. The initial reporting period shall begin when Local Law 64 for the year of 2020 takes effect on January 3, 2021, and end on March 31, 2021.
5. Each report shall cover transactions occurring during a period that begins with the first day of a reporting period and ends with the last day of that reporting period.
6. A transaction related to a short-term rental that begins in one reporting period but ends in a subsequent reporting period shall be included in the report covering the reporting period in which such rental concludes.
7. The initial report shall be submitted not more than 60 calendar days after the conclusion of the initial reporting period. Following the initial report, a booking service must submit the report to the administering agency not more than 45 calendar days after the conclusion of the reporting period.

##### §17-03 Method of submission

1. Each report shall be electronically submitted by a booking service through a secure portal accessible from the administering agency’s website. No later than 15 business days after Local Law 64 for the year of 2020 takes effect on January 3, 2021, the administering agency will publish on its website additional guidance on the electronic submission process.
2. The portal may require a booking service to submit contact information, including an email address, to be used by the administering agency for communications related to booking service submissions.
3. A booking service may apply for an exception to electronic submission, indicating specifically a proposed alternate secure method of submission and the reporting period(s) for which it seeks the exception. Such exception shall be granted only in the following circumstances, and at the sole discretion of the administering agency:

- a. the booking service has fewer than 20 hosts;
  - b. the booking service had fewer than 100 short-term rental transactions during the reporting period; or
  - c. the booking service is prevented from using the prescribed submission method based on a technical disruption that is beyond its control or another such unusual circumstance that exists.
4. The report shall be submitted in an electronic format prescribed and published on the administering agency's website no later than the close of the initial reporting period. Reports not in compliance with the required formatting will be rejected and deemed missing, except for those booking services that were granted an exception pursuant to this section. The administering agency will provide at least 90 days' notice before any changes to the formatting requirements take effect. The 90-day notice will be published on the administering agency's website and sent to all booking services who have submitted at least one report previously, via the contact information provided by the booking service.

#### **§17-04 Penalties**

1. A booking service that fails to submit a report in compliance with the requirements of this chapter shall be liable for a civil penalty, to be assessed once per reporting period for each qualifying listing for which any of the information required pursuant to section 17-02(1) of this chapter is missing, incomplete or inaccurate.
2. In the event that a booking service's report is missing, incomplete, or inaccurate, the administering agency will provide the booking service a written notice of its deficiencies in compliance. The notice shall include specific information regarding deficiencies in need of correction. The booking service shall have 15 business days from the date such a notice is provided to either correct the deficiency or provide a written statement explaining why the required information is unavailable or how it is complete or accurate. The booking service shall submit the corrections or explanation in a manner directed in the notice of deficiency. Upon the conclusion of the 15 business-day period in which a booking service may cure deficiencies, the administering agency may seek civil penalties for any continuing deficiency.
3. The civil penalty shall not be more than the greater of \$1,500 or the total fees collected during the preceding year by the booking service for transactions related to the qualifying listing for which there is missing, incomplete or inaccurate information being reported. Penalties based on total fees shall not include any fees that were used to assess a previous penalty.
4. Civil penalties established by this section may be imposed and recovered in a proceeding before the office of administrative trials and hearings or a court of competent jurisdiction.

#### **§17-05 Exempt transactions based on rentals occurring in certain buildings**

1. The administering agency will publish a list of addresses for buildings it has reason to believe at the time of such publication are class B multiple dwellings lawfully used for transient occupancy. Booking services are not required to include in reports transactions which are based on a short-term rental occurring in a building on this list, and no penalties shall be assessed based on the absence of or material deficiencies for transactions occurring at these addresses in such report.
2. Inclusion or lack of inclusion on such list does not alter and may not be deemed to alter the legal occupancy or zoning use group of a building or portion thereof as described in the certificate of occupancy or as otherwise determined by the Department of Buildings ("DOB").
3. The administering agency will publish the list of exempt buildings on its website no later than 15 business days after Local Law 64

for the year of 2020 takes effect on January 3, 2021. The list shall be updated every six months thereafter, and published in the same location.

4. The owner, as defined in the housing maintenance code, of a building not included on the list may apply to the administering agency for a review of the building's legal occupancy and inclusion on the list. Any individual, including, but not limited to, owners, tenants, neighbors, or civic groups may apply to the administering agency for a review of a building's legal occupancy and removal from the list.
5. An application for inclusion on or removal from the exempt buildings list shall indicate the basis for adding or removing the building to or from the list, and must include all documents and statements supporting the application. The application must include the currently applicable certificate of occupancy, if one is available from the DOB. If no currently applicable certificate of occupancy is available, the application must include other relevant and applicable documentation of the current lawful uses of the multiple dwelling which the applicant is seeking to be added to or removed from the list. Such documentation may include I-cards maintained by the Department of Housing Preservation and Development or other records maintained by the DOB regarding the subject multiple dwelling, including DOB job applications. The supporting documents and statements shall be submitted to the administering agency in the particular format specified on the administering agency's website.
6. The application must be accompanied by payment to the City of a \$200 processing fee. The administering agency may waive the processing fee upon request of the applicant if doing so would be in the public interest. If an application is withdrawn before the administering agency conducts its review, partial or full refund of processing fees shall be provided upon application to the Comptroller of the City of New York, and upon verification of claim by the administering agency.
7. The administering agency will review all documents and statements submitted in support of the application, and may consider any other information it deems relevant.
8. The administering agency will notify the applicant in writing of the final agency decision within 60 days of receipt of the application.
9. Subsequent applications for review of a previously reviewed building filed by the same applicant will only be considered if there has been a change in the legal occupancy occurring after the previous agency decision.

#### **§17-06 Privacy and security of information**

1. Information submitted in the report shall be available for public review only to the extent required by federal, state and local law.
2. Unless otherwise required by federal, state or local law, reports submitted pursuant to this chapter and information contained therein shall be used by the administering agency and the personnel of agencies assigned to such administering agency solely for purposes related to the enforcement of laws relating to short-term rentals, and will be kept confidential by the administering agency and such personnel, and will not be revealed by the administering agency or such personnel in any other manner or under any other circumstances.
3. Identifying information, as defined in section 23-1201 of the administrative code, will be collected, retained, and disclosed by the administering agency only in compliance with this chapter, in accordance with the requirements and approvals required by chapter 12 of title 23 of the administrative code, and only with all approvals required by that chapter.

4. When receiving requests for information in the reports pursuant to the New York state freedom of information law ("FOIL"), the administering agency will consider whether disclosure of such information would constitute an unwarranted invasion of personal privacy under sections 87(2) and 89(2) of the new york state public officers law, and will deny access to those portions of the records that would constitute such an invasion if released. In accordance with section 89(2)(b) of the new york state public officers law, the administering agency may withhold identifying information, prior to making records available for public inspection. In the event that the administering agency is compelled by law to disclose such records without withholding the identifying information, the administering agency will, prior to such disclosure, notify the individuals whose identifying information must be disclosed. Submission of such notice to the email address provided by the booking service for each such individual shall constitute an adequate attempt to notify the individual. The administering agency will also consider whether such disclosure would interfere with law enforcement investigations or judicial proceedings or deprive a person of a right to a fair trial or impartial adjudication, and are thereby exempt from disclosure pursuant to section 87(2)(e) of the new york state public officers law. The administering agency will also consider whether the records are exempt from disclosure under any other exemption enumerated in section 87(2) of the new york state public officers law.
5. If a booking service requests, at the time of submission of a report required by this chapter, that the administering agency exempt such records from disclosure pursuant to the new york state public officers law § 87(2)(d), and the administering agency determines that it is compelled by law to disclose such records, then the administering agency will notify such booking service of the disclosure of such records at least 10 calendar days prior to such disclosure.

6. When receiving demands for records pursuant to subpoena, court order, or other legal process, the administering agency will consider whether it is appropriate or feasible to seek a court order quashing, modifying, or protecting against subsequent disclosure.
7. The administering agency will protect the privacy and security of identifying information by implementing appropriate physical, technical and administrative safeguards, in accordance with the city's information technology security standards and requirements relating to the use, transfer and storage of confidential data.

**§17-07 Retention and disposal of information obtained in the report**

1. The administering agency will retain the reports:
  - a. As long as investigations involving the information in the reports remain open; or
  - b. For a period of three years after all investigations are closed, except that records involved in civil court litigation will be kept for a period of 10 years after the close of the case.
2. Records will be kept in the administering agency offices for three years after all investigations are closed, and thereafter in the Records Center in the case of litigation records.
3. Booking services must retain all submitted reports for three years.

**§17-08 No private right of action**

1. Nothing contained in this chapter shall be construed as creating any private right of action against the city or any agency, office or employee thereof.

**Community Development Block Grant –  
National Disaster Resilience (CDBG-NDR)  
Brooklyn Bridge – Montgomery Coastal Resilience  
(BMCR) Project  
Early Notice and Public Review of a Proposed Activity  
in a 100-Year Floodplain**

To: All interested Agencies, Groups, and Individuals

This is to give notice that the City of New York (the City) is proposing to undertake activities within the 100-year floodplain relating to the U.S. Department of Housing and Urban Development's (HUD) Community Development Block Grant – National Disaster Resilience (CDBG-NDR) program. Pursuant to the Disaster Relief Appropriations Act, 2013 (Public Law 113-2) and competitively awarded under a Notice of Funding Availability (#1-R-5800-N-29A2) the New York City Office of Management and Budget (OMB) is acting as a recipient of funding allocated via the National Disaster Resilience Competition. This notice is required by Section 2(a)(4) of Executive Order (EO) 11988 for Floodplain Management and is implemented by HUD Regulations found at 24 CFR 55.20(b) for the HUD action that is within and/or affects a floodplain.

Since the proposed project is Federally funded and requires approvals from various City, State and Federal agencies, an Environmental Assessment (EA) will be prepared, pursuant to the National Environmental Policy Act (NEPA) to examine the potential environmental and social impacts of the project. HUD has allocated CDBG-NDR funds, which would be dispersed through OMB as the Responsible Entity (RE) for the proposed project; therefore, OMB is the Lead Agency for the NEPA review. The lead City agency under New York City Environmental Quality Review (CEQR) is the Office of the Mayor of the City of New York (OOM), and the applicant is the New York City Economic Development Corporation (EDC).

There are three primary purposes for this notice. First, people who may be affected by activities in floodplains and those who have an interest in the protection of the natural environment, should be given an opportunity to express their concerns and provide information about these areas. Second, an adequate public notice program can be an important public educational tool. Commenters are encouraged to offer alternate methods to serve the same project purpose and methods to minimize and mitigate impacts. The dissemination of information and request for public comment about floodplains can facilitate and enhance federal efforts to reduce the risks associated with the occupancy and modification of these special areas. Third, as a matter of fairness, when the federal government determines it will participate in actions taking place in floodplains, it must inform those who may be put at greater or continued risk.

In October 2012, Hurricane Sandy made landfall, greatly impacting the Lower East Side of Manhattan between the Brooklyn Bridge and Montgomery Street highlighting existing deficiencies in the City's ability to adequately protect vulnerable populations and critical infrastructure during major storm events. Hurricane Sandy, a presidentially declared disaster, caused extensive inland flooding, resulting in significant damage to residential and commercial property, transportation, power, parklands and water and sewer infrastructure, which in turn affected medical and other critical services. To address the vulnerability of this area, the City is proposing to install and operate a flood protection system between the Brooklyn Bridge and Montgomery Street as part of the Brooklyn Bridge-Montgomery Coastal Resilience (BMCR) Project. Proposed flood control system elements include fixed walls, flip-up barriers, roller gates, intermediate posts, and tie-ins to the existing floodplain boundary. In the undeployed position, the flip-up barriers would lay flat against the ground, and roller gates would be situated behind 18.5 feet high fixed walls. The alignment between Brooklyn Bridge and Pier 35 along the waterfront esplanade, would consist primarily of flip-up gates in order to preserve waterfront views and access and provide space for recreational and community amenities to the greatest extent possible. From Pier 35 to Montgomery Street, the flood control system alignment would be located between South Street and the Pier 36 parking lot. This section of the alignment consists primarily of fixed structures, with roller gates located to provide entry and egress to the parking lot. At both the Brooklyn Bridge and Montgomery Street ends of the project area, the alignment crosses South Street and runs inland to tie to high ground. The alignment crosses South Street with a flip-up gate embedded in the roadway to allow unimpeded traffic flow before and after deployment events. In the fully deployed position, all flood control system elements combine to form a linear wall across the entire project alignment between the Brooklyn Bridge and Montgomery Street.

Under a coastal surge scenario, the capacity of the existing Combined Sewer System (CSS) is reduced, because it cannot discharge combined

sewer overflow (CSO) to the receiving waters. The BMCR Project would update the existing stormwater management system. The drainage improvement structures would sit below ground and provide a connection between the existing combined sewer and interceptor sewer that would be necessary during the design storm scenario. Their purpose is to mitigate the reduction of overflow capacity at the five project area outfalls during the design event by diverting storm water flow to the interceptor upstream of the five outfalls.

Based on review of the Federal Emergency Management Agency (FEMA) 2015 Preliminary Flood Insurance Rate Map (PFIRM) the Proposed Activity is within the 100-year floodplain (FEMA flood map 3604970203F). Specifically, 12.8 acres of the 14.0 acre project area for the Proposed Activity would occur in an area classified as Zone AE and Zone VE. Zone AE is defined as an area subject to the one-percent-annual-chance flood event, for which Base Flood Elevations (BFEs) have been determined. Zone VE is defined as an area subject to the one-percent-annual-chance flood event with velocity hazard.

All interested persons, groups, and agencies are invited to submit comments regarding the proposed use of federal funds to support the construction of the proposed project in a floodplain. The City is interested in alternatives and public perceptions of possible adverse impacts that could result from the project as well as potential mitigation measures. Maps of the proposed project area, and maps of the proposed location of activities within a 100-year floodplain are available at: <https://www1.nyc.gov/site/cdbgdr/documents/environmental-records.page>.

Written comments should be sent to OMB, via email, at CDBGDR-Enviro@omb.nyc.gov. The minimum 15 calendar day comment period will begin the day after publication and end on the 16th day after publication. Such comments should be received by OMB on or before December 21, 2020.

NYC PUBLIC HEALTH INITIATIVES RFI - Request for Information - PIN# 9574 - Due 1-7-21 at 11:59 P.M.

On September 24, 2020, New York City's Mayor, Bill de Blasio, announced New York City's long-term economic recovery agenda, focusing on public health and social justice. As part of this effort, New York City Economic Development Corporation and New York City Department of Health, are pleased to release this request for information ("RFI"), from New York City's public health experts, community-based organizations and other relevant stakeholders.

In order to make the policy-to-implementation process effective, NYCEDC and NYCDOH, are seeking to solicit information, from the City's public health community, on the following:

- Integrating public health efforts with local economic recovery efforts and the creation of new, stable and good-paying jobs
- Increasing public health capacity and preparedness, to identify and respond to infectious disease outbreaks and epidemics
- Improving resident health outcomes and driving health equity, by addressing social determinants of health
- Building the capacity of academia, health system, City government, and communities, to work together effectively, to support mental, physical, and economic health, both during emergencies and beyond

Companies who have been certified with the New York City Department of Small Business Services as Minority and Women-Owned Business Enterprises ("M/WBE"), are strongly encouraged to reply. To learn more about M/WBE certification and NYCEDC's M/WBE program, please visit <http://edc.nyc/opportunity-mwdbe>.

Questions regarding the subject matter of this RFI, will not be accepted, however, technical questions pertaining to downloading and submitting responses to this RFI, may be directed, to [PHRFI@edc.nyc](mailto:PHRFI@edc.nyc), on or before January 7, 2021.

Detailed submission guidelines and requirements are outlined in the RFI, available as of Thursday, December 3, 2020. To download a copy of this RFI, please visit <https://edc.nyc/nyc-public-health-initiatives-request-for-information>. Responses to this RFI are due on Thursday, January 7, 2021 ("Submission Date"). Please click the link in the "Submissions" section of this RFI's web page to electronically upload a response.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.
